**Merger of Mitsubishi Asset Management  
and UFJ Partners Asset Management**

**Tokyo, December 24, 2004** Mitsubishi Tokyo Financial Group, Inc. (MTFG; President & CEO: Nobuo Kuroyanagi) and UFJ Holdings, Inc. (UFJ; President & CEO: Ryosuke Tamakoshi), in anticipation of the management integration of the two groups, which is subject to approval by shareholders and relevant authorities, have been discussing the establishment of a system which will be capable of providing customers with higher quality asset management services following the merger. As part of these efforts, the asset management companies of the two groups, Mitsubishi Asset Management Co., Ltd. (Mitsubishi Asset Management; President: Ryujiro Yagasaki), UFJ Partners Asset Management Co., Ltd. (UFJ Partners Asset Management; President: Koichi Miyazaki), and other relevant parties entered into a Memorandum of Understanding Concerning Merger and preparations and mutual consultations have commenced to prepare for the merger.

**1. Purpose of Merger**

While the market size of the asset management industry is expected to expand, competition is also anticipated to intensify, and we are seeking to strengthen the operational capabilities and management efficiencies of our asset management companies. In order to enhance the flexibility to respond to these changing market conditions, MTFG and UFJ Group will merge Mitsubishi Asset Management and UFJ Partners Asset Management in conjunction with the management integration of the two groups.

As such, the new asset management company will utilize the strength of the two asset management companies in an effort to strengthen operational capabilities and increase the efficiency of management, to build a system capable of providing high-quality, high-value added asset management services that customers demand.

**2. Post-Merger Asset Management Services**

As of November 30, 2004, Mitsubishi Asset Management and UFJ Partners Asset Management were ranked 6<sup>th</sup> and 5<sup>th</sup> respectively in terms of publicly offered investment trusts in the Japanese market, and are highly valued by customers in the asset management industry. Through this merger, we will provide a broad lineup of products and otherwise tailor products to match a wide variety of customer needs, and will strive to improve customer convenience and enhance services by combining and complementing the sales forces, product development capabilities and management capabilities of the two companies.

In addition, through the management integration of the two groups, the new asset management company, together with other group companies, will jointly utilize the management infrastructure and resources of the new group's trust bank (tentatively named Mitsubishi UFJ Trust and Banking), which will have one of the largest amounts of management assets in Japan (approximately 24 trillion yen as of September 30, 2004), in an effort to strengthen operational capabilities and increase the efficiency of management throughout the entire group.

As of November 30, 2004, the publicly offered investment trusts of Mitsubishi Asset Management and UFJ Partners Asset Management were ranked 5th in the industry on a simple combined basis, but we are aspiring to become one of the top three after the merger.

**3. Timing of Merger**

The merger of Mitsubishi Asset Management and UFJ Partners Asset Management is scheduled to be completed as soon as possible between October 1, 2005 and April 1, 2006. The relevant parties will engage in discussions concerning the name, capital contribution structure and personnel of the new asset management company.

MTFG and UFJ Group will further maximize the synergy effect of the high-quality products and services of the new asset management company and the superior business bases of the banks, trust banks and securities companies while also advancing the efficiency of management, to firmly establish its position as top-class asset management operations.
