PROSPECTUS SUPPLEMENT NO. 2

(To Prospectus dated November 18, 2004)

INTELLISYNC CORPORATION

\$60,000,000 3% Convertible Senior Notes due March 1, 2009 and the Common Stock Issuable Upon Conversion of the Notes

This prospectus supplement no. 2 relates to the resale by selling securityholders of Intellisync Corporation's 3% Convertible Senior Notes due March 1, 2009 and the shares of our common stock issuable upon conversion of the notes. You should read this prospectus supplement no. 2 in conjunction with the prospectus contained in the Registration Statement on Form S-3, as amended, of Intellisync Corporation filed with the Securities and Exchange Commission. This prospectus supplement is not complete without, and may not be delivered or used except in conjunction with, the prospectus, including any amendments or supplements to it. This prospectus supplement is qualified by reference to the prospectus, except to the extent that the information provided by this prospectus supplement supercedes information contained in the prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus. Any representation to the contrary is a criminal offense.

Investing in the notes or the common stock offered in the prospectus involves risk. Beginning on page 4 of the prospectus, we have listed several Risk Factors which you should consider. You should read the entire prospectus carefully before you make your investment decision.

The table under the caption Selling Securityholders on page 27 of the prospectus is hereby amended and restated in its entirety as set forth below and reflects updated information as to certain selling securityholders named below.

SELLING SECURITYHOLDERS

The notes were originally issued to and resold by Morgan Stanley & Co. Incorporated, CIBC World Markets and Needham & Company, Inc. in transactions exempt from the registration requirements of the Securities Act to persons reasonably believed by them to be qualified institutional buyers, as defined by Rule 144A under the Securities Act. The selling securityholders may from time to time offer and sell pursuant to this prospectus any or all of the notes and the common stock into which the notes are convertible. When we refer to the selling securityholders in this prospectus, we mean those persons listed in the table below, as well as their transferees, pledgees, donees or successors.

The table below sets forth the name of each selling securityholder, the principal amount of notes at maturity that each selling securityholder may offer pursuant to this prospectus and the number of shares of common stock into which the notes are convertible. Unless set forth below, none of the selling securityholders has had within the past three years any material relationship with us or any of our predecessors or affiliates.

We have prepared the table based on information given to us by the selling securityholders on or before January 4, 2005. Because the selling securityholders may offer, pursuant to this prospectus, all or some portion of the notes or common stock listed below, no estimate can be given as to the amount of notes or common stock that will be held by the selling securityholders upon consummation of any sales. In addition, the selling securityholders listed in the table may have sold or transferred, in transactions exempt from the registration requirements of the Securities Act, some or all of their notes since the date as of which the information in the table is presented.

Information about the selling stockholders may change over time. Any changed information given to us by the selling securityholders will be set forth in prospectus supplements if and when necessary.

- (1) Assumes conversion of all of the securityholder's notes at a conversion rate of 250.0000 shares of common stock per \$1,000 principal amount of the notes. This conversion rate is subject to adjustment as described under "Description of the Notes - Conversion Rights." As a result, the number of shares of common stock issuable upon conversion of the notes may increase in the future. Excludes shares of common stock that may be issued by us upon the repurchase of the notes.
- (2) Calculated based on Rule 13d-3(d)(i) of the Exchange Act, using 66,197,675 shares of our common stock outstanding as of the close of business on October 31, 2004. In calculating this amount for each holder, we treated as outstanding the number of shares of common stock issuable upon conversion of all of that holder's notes, but we did not assume conversion of any other holder's notes.
- (3) For the purposes of computing the number of notes and shares to be held by the selling securityholders after the conclusion of the offering, we have assumed for purposes of the table above that the selling securityholders named above will sell all of the notes and all of the common stock issuable upon conversion of the notes offered by this prospectus, and that any other shares of our common stock beneficially owned by these selling securityholders will continue to be beneficially owned.

Johnson 3d is Chairman. The selling securityholder has informed us that Edward C. Johnson 3d, FMR Corp., through its control of FMR Co., and the selling securityholder each has sole dispositive power over the registrable securities. The selling securityholder has informed us that the sole power to vote or direct the voting of the registrable securities resides with the board of trustees of the selling securityholder.

- (10) Assumes that any other holders of notes, or any future transferees, pledgees, donees or successors of or from any other holders of notes, do not beneficially own any common stock other than the common stock issuable upon conversion of the notes at the initial conversion rate.
