The Company will also supply brokers or persons holding stock in their names or in the names of their nominees with the number of proxies, proxy material and annual reports as they may require for mailing to beneficial owners, and will reimburse them for their reasonable expenses in connection therewith.

The date of this Proxy Statement is April 29, 2005.

VOTING AND REVOCABILITY OF PROXIES

The close of business on April 14, 2005 has been fixed as the record date for the determination of stockholders entitled to notice of, and to vote at, the meeting or any adjournment thereof. On the record date, there were outstanding and entitled to vote 7,843,305 shares of the Company's common stock, par value \$1.00 per share (the Common Stock). Each share of Common Stock is entitled to one vote. There is no cumulative voting with respect to the election of directors.

Under the provisions of the Oklahoma General Corporation Act and the Company's Bylaws, a majority of the shares of outstanding Common Stock, present in person or represented by proxy, shall constitute a quorum for purposes of the Annual Meeting. Except as may be specifically required by the Oklahoma General Corporation Act, the Company's Certificate of Incorporation or its Bylaws, and other than the election of directors, the affirmative vote of the majority of the shares of Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the subject matter (a Majority Vote) shall be the act of the stockholders. For purposes of determining whether a proposal has received a Majority Vote, abstentions will be included in the vote total, with the result that an abstention will have the same effect as a negative vote. For purposes of determining whether a proposal has received a Majority Vote, in instances where brokers are prohibited from

exercising discretionary authority for beneficial holders of Common Stock who have not returned a proxy (so-called broker non-votes), those shares will not be included in the vote totals and, therefore, will have no effect on the outcome of the vote.

Common shares represented by properly executed proxies, unless previously revoked, will be voted at the Annual Meeting of Stockholders in accordance with the instructions thereon. If no direction is indicated, such shares will be voted for approval of the matters submitted, and, in connection with any other business that properly may come before such meeting, such shares shall be voted according to the discretion of the persons named as proxies.

Any holder of the Common Stock of the Company who executes a proxy has the continuing right to revoke the proxy at any time before it has been voted. Such right may be exercised (i) by delivering written notice of revocation, bearing a later date than the proxy card, to the corporate secretary of the Company; (ii) by delivering to such corporate secretary a duly executed proxy bearing a later date; or (iii) by attending the Annual Meeting and voting in person. Any holder of the Common Stock of the Company may appear and vote at the Annual Meeting, irrespective of whether he has previously given a proxy.

ELECTION OF DIRECTORS

(PROPOSAL NO. 1)

Edgar Filing: BANCFIRST CORP /OK/ - Form DEF 14A

Pursuant to provisions of the Company's Certificate of Incorporation and Bylaws, the number of directors shall not be less than three nor more than 25; currently, the Board of Directors consists of 19 directors. The Company's Certificate of Incorporation and Bylaws provide for three classes of directors serving staggered three-year terms, with each class to be as nearly equal in number as possible. The Independent Directors Committee of the Board of Directors serves as the nominating committee. In considering director candidates for nomination, the Independent Directors Committee considers various qualifications of the individuals including their occupation, business and other board experience, financial acumen and community involvement. The committee identifies director candidates recommended by existing board members and management, and will consider director candidates recommended by stockholders pursuant to the process described under Communications and Proposals of Stockholders, below.

The Independent Directors Committee has nominated Dennis L. Brand, C. L. Craig, Jr., John C. Hugon, J. Ralph McCalmont, Ronald J. Norick, and David E. Ragland for election as Class I directors, with terms expiring at the Annual Meeting of Stockholders to be held in 2008, or until their successors are elected and qualified. All six nominees are incumbents. The current terms of the nominees commenced upon their election by the stockholders of

the Company on May 23, 2002. Proxies cannot be voted for a greater number of persons than the number of nominees named. Other directors who are remaining on the Board will continue in office in accordance with their previous elections until the expiration of their terms at the 2006 or 2007 annual meeting, as the case may be, and until such directors' successors have been elected and qualified or until the earlier of their death, resignation or removal.

The Board of Directors recommends a vote FOR the nominees for election to the Board of Directors for the term so specified.

Subject to a quorum, the affirmative vote of a plurality of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote is required for the election of directors. Abstentions and broker non-votes have no effect on determination of plurality except to the extent that they affect the total votes received by any particular candidate.

It is the intention of the persons named in the enclosed form of proxy to vote such proxy for the election of the nominees. The Board of Directors expects that the nominees will be available for election but, in the event that any nominees are not so available, proxies received will be voted for substitute nominees to be designated by the Board of Directors or, in the event no such designation is made by the Board, proxies will be voted for a lesser number of nominees.

The information below and the section entitled "Security Ownership of Certain Beneficial Owners and Management" provide certain information about each nominee based on data submitted by such persons, including the principal occupation of such person for at least the last five years and any public company directorships held by such person:

Compensation Committee Interlocks and Insider Participation

During 2004, the Compensation Committee was comprised of C. L. Craig, Jr. (Chairman), Melvin Moran and David E. Ragland, none of whom are employees or current or former officers of the Company, nor had any relationship with the Company required to be disclosed under Transactions with Management.

Report of the Compensation Committee on Executive Compensation

The report of the Compensation Committee appearing below and the information herein under Company Performance shall not be deemed soliciting material or to be filed with the Commission or subject to the Commission's proxy rules, except for the required disclosure herein, or to the liabilities of Section 18 of the Exchange Act, and such information shall not be deemed to be incorporated by reference into any filing made by the Company under the Act or the Exchange Act.

To our Stockholders:

The Compensation Committee of the Board of Directors has responsibility for determining the compensation of the Chairman of the Board and the Chief Executive Officer, and for reviewing and approving the compensation of the other members of the Executive Committee as determined by the Chief Executive Officer. The compensation of all other executive officers is determined by the Chief Executive Officer pursuant to authority delegated to him by the Board of Directors, in consultation with the budget review committee and appropriate supervisory personnel, subject to review and approval by the Compensation Committee.

General Executive Compensation Policies

The executive compensation policy of the Company is to provide a compensation program that will attract, motivate and retain the high-caliber executives necessary to achieve the Company's business strategies, while at the same time ensuring that an appropriate relationship exists between executive compensation and the creation of stockholder values. The Compensation Committee applies this philosophy in determining the compensation of the respective executive officers over whom such committee has responsibility with respect to salary, bonuses and stock options.

Each compensation element supports the Company's mission, values and culture. The compensation principles that link the individual elements into an integrated compensation strategy are as follows: (i) competitive compensation within industry and peer companies; (ii) individual

compensation correlated with personal performance and stockholder value creation; and (iii) a compensation structure that directly aligns the executives with the interests and concerns of stockholders. Additionally, each executive officer's level of responsibility is considered in setting executive compensation, meaning that the Company generally pays greater compensation to persons having higher levels of responsibility.

The Company's executive officers are paid base salaries that the Compensation Committee has determined to be fair for their assigned responsibilities in comparison with similar positions in other public companies in the banking industry. The Compensation Committee periodically uses surveys to assist them in establishing the base salaries of the executives over which such committee has responsibility for setting compensation. The Compensation Committee makes these comparisons in an effort to determine whether the Company's executive compensation is reasonable and remains competitive enough to allow the Company to retain skilled executives. The Compensation Committee believes that the compensation paid to the Company's executive officers is in the median range of compensation of executive officers of companies to which these comparisons are made. In addition to making such comparisons and considering levels of responsibility, the Compensation Committee considers individual performance and the Company's performance in terms of stock price, earnings and cash flow. However,

the determination of base salaries is not strictly tied to performance criteria, and, in determining base salary levels, the Compensation Committee believes that it affords approximately equal weight to each of the factors described herein.

The Company's executive officers, including the Chief Executive Officer, participate in an Incentive Bonus Program. Bonus amounts earned are based on the attainment of budgeted earnings and asset quality goals, and can be in amounts of up to 20% of the executive officer's base salary, depending upon an objective review of the degree of attainment of such goals, as well as both an objective and subjective review of the respective executive officer's contribution thereto. Individual goals in each case are established by the Compensation Committee with respect to the Chief Executive Officer or, with respect to the other executive officers, by the Chief Executive Officer subject to the review and approval of the Compensation Committee.

The Company's executive officers also are eligible to participate in the BancFirst Corporation Stock Option Plan. Stock options provide executives the opportunity to acquire an equity interest in the Company and to share in the appreciation of the stock's value, thereby aligning their interests with those of the stockholders. The Plan is administered by the Board of Directors. Option grants made to executive officers are also approved by the Compensation Committee. In determining option grants, neither the Board nor the Compensation Committee takes into account the amount and value of options currently held, and the Company does not have a target ownership level of equity holdings by its executives. During 2004, stock options for a total of 57,550 shares were granted to employees of the Company, at varying exercise prices equal to the fair market value of the Common Stock on the date of grant. No options were granted to any of the Named Executive Officers in 2004.

Compensation of the Chief Executive Officer

The Chief Executive Officer's compensation is determined by the Compensation Committee. The Compensation Committee believes that the compensation paid to David E. Rainbolt, the Company's President and Chief Executive Officer, is in the median range of compensation of the chief executive officers of companies to which the comparisons are made. For 2004, the base salary of the Chief Executive Officer was set at \$250,000. Mr. Rainbolt also received a bonus of \$50,000 for 2004, compared to a bonus of \$33,000 for 2003. In making decisions regarding Chief Executive Officer compensation, the Compensation Committee took into account results of operations of the Company, conditions in the banking industry as a whole and Mr. Rainbolt's contributions to the Company.

The Internal Revenue Code limits the deductibility of certain compensation expenses in excess of \$1 million. This was not applicable to the Company for the fiscal year ended December 31, 2004. However, the Compensation Committee and the Board of Directors intend to monitor executive compensation levels and adopt policies, as necessary, to obtain maximum deductibility of executive compensation while providing motivational and competitive performance-based compensation. The Compensation Committee and the Board of Directors will continue to monitor the tax regulations to determine if any executive compensation program changes are necessary.

Company Performance

Presented below is a line graph which compares the percentage change in the cumulative total return on the Company's Common Stock to the cumulative total return of the Nasdaq Stock Market (U.S. Companies) Index and the Nasdaq Bank Stock Index, both as compiled by the University of Chicago Center for Research in Security Price (CRSP). The period presented is from January 1, 2000 through December 31, 2004. The graph assumes an investment on January 1, 2000 of \$100 in the Company's Common Stock and in each index, and that any dividends were reinvested. The values presented for each quarter during the period represent the cumulative market values of the respective investments.

TRANSACTIONS WITH MANAGEMENT

BancFirst has made loans in the ordinary course of business to certain directors and executive officers of the Company and to certain affiliates of these directors and executive officers. None of these loans outstanding are classified as nonaccrual, past due, restructured or potential problem loans. All such loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and did not involve more than the normal risk of collectability or present other unfavorable features.

In January 2004, the Company purchased land for one of its branches from Paul B. Odom, Jr., one of its directors, for \$540,000, pursuant to a purchase option in an existing lease agreement for the property.

The Company owns 75% of Century Life Assurance Company (Century Life), a life insurance company. The other 25% of Century Life is owned by Pickard Limited Partnership, a family partnership owned by H. E. Rainbolt, Chairman of the Board, David E. Rainbolt, President and Chief Executive Officer, and other members of the Rainbolt family. The 25% ownership by Pickard Limited Partnership permits Century Life to maintain its preferential federal income tax rate as a small insurance company. These shares are subject to an option agreement whereby the Company may purchase the shares at net book value. The Company sells credit life, credit accident and health, and ordinary life insurance policies issued by Century Life, and retains 40% of the commissions for such

sales, which is the maximum amount permitted by law. The net income of Century Life for the year ended December 31, 2004 was \$386,000.

INDEPENDENT PUBLIC ACCOUNTANTS

Ernst & Young LLP (Ernst & Young) was the Company s independent auditor for fiscal year 2004 and has been approved by the Audit Committee to review the Company s financial statements for the first quarter of 2005. The selection of independent public accountants for the remainder of 2005 is still under review. Representatives of Ernst & Young are expected to attend the Annual Meeting and will have an opportunity to make a statement or to respond to appropriate questions from stockholders.

The Audit Committee reviews audit services and, if applicable, non-audit services performed by Ernst & Young, as well as the fees charged by Ernst & Young for such services. In its review of any non-audit service fees, the Audit Committee considers, among other things, the possible effect of the performance of such services on the auditor s independence. No non-audit services were performed by Ernst & Young during 2004, and Ernst & Young has advised the Company that they are independent with respect to the Company.

Additional information concerning the Audit Committee and its activities with Ernst & Young can be found in the following sections of this proxy statement: Board of Directors and Committees and Report of the Audit Committee.

The following table shows the fees incurred by the Company for the audit and other services provided by Ernst & Young for fiscal years 2004 and 2003.

Audit fees	\$ 455,000	\$ 141,000

REPORT OF THE AUDIT COMMITTEE

The following report is for the Audit Committee s activities regarding oversight of the Company s financial reporting and auditing process for fiscal year 2004.

The Audit Committee is comprised solely of independent directors, as defined in the Marketplace Rules of The Nasdaq Stock Market. The Board of Directors has adopted an audit committee charter, a copy of which is attached as Appendix A to this Proxy Statement. The composition of the Audit Committee, the attributes of its members and the responsibilities of the Committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees.

As described more fully in its charter, the purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting, internal control and audit functions. Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The Company's independent auditor is responsible for expressing an opinion on the conformity of the Company's audited financial statements to generally accepted accounting principles.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent auditor, nor can the Audit Committee certify that the independent auditor is independent under applicable rules. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management and the

independent auditor on the basis of the information it receives, discussions with management and the auditor, and the experience of the Committee's members in business, financial and accounting matters.

Among other matters, the Audit Committee monitors the activities and performance of the Company's internal and external auditors, including the audit scope, external audit fees, auditor independence matters and the extent to which the independent auditor may be retained to perform non-audit services. The Audit Committee and the Board have ultimate authority and responsibility to select, evaluate and, when appropriate, replace the Company's independent auditor. The Audit Committee also reviews the results of the internal and external audit work with regard to the adequacy and appropriateness of the Company's financial, accounting and internal controls. Management's and the independent auditor's presentations to, and discussions with, the Audit Committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent auditor. In addition, the Audit Committee generally oversees the Company's internal compliance programs.

The Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditor. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the independent auditor represented that its presentations to the Audit Committee included the matters required to be discussed with the independent auditor by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended by Statement on Auditing Standards No. 90, Audit Committee Communications.

The Company's independent auditor also provided the Audit Committee with the written disclosures required by Rule 3600T of the Public Company Accounting Oversight Board, which adopts on an interim basis Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Audit Committee discussed with the independent auditor that firm's independence.

Following the Audit Committee's discussions with management and the independent auditor, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's annual report on Form 10-K for the year ended December 31, 2004.
