**Maturity date:**

Perpetual

**Mandatory conversion:**

On or after March 15, 2013 and on or before March 15, 2018, the Issuer may, at its option, cause the preferred stock to be automatically converted into that number of shares of common stock that are issuable at the then prevailing conversion rate. The Issuer may exercise its conversion right only if, for 20 trading days within any period of 30 consecutive trading days (including the last trading day of such period), the closing price of its common stock exceeds 135% of the then prevailing conversion price of the preferred stock.

Edgar Filing: UNIVERSAL CORP /VA/ - Form FWP

**Optional redemption:** On or after March 15, 2018, the Issuer will have the option from time to time to redeem all or a portion of the outstanding shares of preferred stock. The redemption price will be equal to the liquidation preference and will be paid in cash.

**Put dates:** None

**Fundamental change:** If a fundamental change occurs, each holder of shares of preferred stock will, subject to legally available funds, have the right to require the Issuer to redeem any or all of its shares at a redemption price equal to 100% of the liquidation preference. The Issuer may, subject to legally available funds, choose to pay the redemption price in cash, shares of common stock, or a combination thereof.

**Adjustment to conversion rate upon a fundamental change:** The following table sets forth the stock price, effective date and number of additional shares issuable per \$1,000 liquidation preference of preferred stock. The following table applies if a holder elects to convert its preferred stock following certain make-whole fundamental changes which occur on or before March 15, 2018. In no event, however, will the total number of shares of common stock issuable upon conversion exceed 5.8850 per \$1,000 liquidation preference per share of preferred stock, subject to adjustments. In addition, if the stock price per share of Issuer's common stock is less than \$36.65 or more than \$300.00 (subject to adjustment), Issuer is not required to increase the conversion rate.
