PROXY STATEMENT

March 29, 2006

The enclosed proxy is being solicited by the Board of Directors of CONSOL Energy Inc. (CONSOL Energy or the Corporation) to be voted at the Annual Meeting of Shareholders to be held on May 2, 2006, at 10:00 a.m., Eastern Time, at the Hyatt Regency Pittsburgh International Airport, Earhart Room, 1111 Airport Boulevard, Pittsburgh, Pennsylvania.

The specific proposals to be considered, and voted upon, at the Annual Meeting are summarized in the Notice of Annual Meeting of Shareholders. Each proposal is described in more detail in this Proxy Statement.

Voting and Revocation of Proxies

The persons named as proxies on the accompanying proxy card have informed CONSOL Energy of their intention, if no contrary instructions are given, to vote the shares represented by such proxies in favor of the election as directors of CONSOL Energy of those persons nominated in this Proxy Statement to hold office in accordance with the Amended and Restated Bylaws of CONSOL Energy; in favor of the ratification of the selection of PricewaterhouseCoopers LLP, an independent registered public accounting firm, as the independent auditor of CONSOL Energy for the fiscal year ending December 31, 2006; and, in accordance with their judgment, on any other matters which may properly come before the Annual Meeting. The Board of Directors does not know of any business to be brought before the Annual Meeting other than as indicated in the Notice.

Annual Report. CONSOL Energy's Annual Report to Shareholders and Annual Report on Form 10-K are being mailed to shareholders together with this Proxy Statement. This Proxy Statement will be mailed on or about March 29, 2006 to holders of record, as of March 7, 2006, of CONSOL Energy common stock.

Record Date and Vote Required for Approval. The record date with respect to this solicitation is March 7, 2006. All holders of record of CONSOL Energy common stock as of the close of business on March 7, 2006 are entitled to vote at the Annual Meeting and any adjournment or postponement thereof. As of March 7, 2006, the Corporation had 91,650,352 shares of common stock outstanding. Each share of stock is entitled to one vote. Shareholders do not have cumulative voting rights.

Edgar Filing: CONSOL ENERGY INC - Form DEF 14A

The holders of a majority of the outstanding shares of the Corporation entitled to vote generally in the election of directors, represented in person or by proxy, will constitute a quorum at a meeting of shareholders, except in certain limited circumstances. Election of directors at all meetings of the shareholders at which directors are to be elected shall be by ballot, and, subject to the rights of the holders of any series of preferred stock to elect directors under specified circumstances, the affirmative votes of a plurality of the votes cast thereat is required for the election of directors. Except as otherwise provided by law, the Certificate of Incorporation, or the Amended and Restated Bylaws, on all other matters, the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote on the matter is required for approval. Proxies received but marked as abstentions and broker non-votes will be counted for quorum purposes. With respect to the election of directors, abstentions and broker non-votes will not be counted in the calculation of the vote. With respect to the ratification of the selection of the independent auditor, abstentions and broker non-votes have the effect of negative votes.

The voting instruction form also serves as the voting instruction for the trustees who hold shares of record for participants in the CONSOL Energy Inc. Investment Plan for Salaried Employees. If voting instructions representing shares in this plan are not received, those shares will remain unvoted.

Table of Contents

Revocation of Proxy. A proxy may be revoked by a shareholder at any time prior to the time that the proxy is exercised by delivery to the Corporate Secretary of a notice of revocation or a properly executed proxy bearing a later date. If a proxy is properly executed and is not revoked by the shareholder, the shares it represents will be voted at the meeting in accordance with the instructions from the shareholder. If the proxy card is signed and returned without specifying choices, the shares will be voted in accordance with the recommendations of the Board of Directors. Attendance at the meeting without a request to revoke a proxy will not effectively revoke a previously executed and delivered proxy.

Proxy Solicitation. All costs relating to the solicitation of proxies will be borne by CONSOL Energy. Georgeson Shareholder Communications Inc. has been retained by CONSOL Energy to aid in the solicitation of proxies, at an estimated cost of \$7,000 plus reimbursement of out-of-pocket expenses. Proxies may also be solicited by officers, directors and employees personally, by mail, or by telephone, facsimile transmission or other electronic means. On request, CONSOL Energy will pay brokers and other persons holding shares of stock in their names or in those of their nominees for their reasonable expenses in sending soliciting material to, and seeking instructions from, their principals.

Secrecy in Voting. As a matter of policy, proxies, ballots and voting tabulations that identify individual shareholders are held confidential by CONSOL Energy. Such documents are available for examination only by the inspectors of election and certain employees who assist in the tabulation of the vote. The identity of the vote of any shareholder is not disclosed except as may be necessary to meet legal requirements.

Attendance at the Meeting. Subject to space availability, all shareholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Registration will begin at 9:00 a.m. Those who attend may be asked to present valid picture identification, such as a driver's license or passport, and may be issued a ticket for admission to the meeting. Cameras, recording devices and other electronic devices will not be permitted at the meeting. Please also note that if shares are held in street name (that is, through a broker or other nominee), a copy of a brokerage statement reflecting stock ownership as of the record date must be provided during check-in at the registration desk at the Annual Meeting.

CONSOL Energy will provide to any shareholder, without charge and upon the written request of the shareholder, a copy (without exhibits, unless otherwise requested) of CONSOL Energy's Annual Report on Form 10-K as filed with the United States Securities and Exchange Commission (the SEC) for CONSOL Energy's fiscal year ended December 31, 2005. Any such request should be directed to CONSOL Energy Inc., Investor Relations Department, 1800 Washington Road, Pittsburgh, PA 15241-1405. Neither the Annual Report on Form 10-K nor the Annual Report to Shareholders is part of the proxy solicitation materials.

GENERAL INFORMATION

The Board of Directors and Its Committees

The Board of Directors. The business and affairs of CONSOL Energy are under the direction of the Board of Directors. The Board of Directors is currently comprised of ten members. Those members are John Whitmire, James E. Altmeyer, Sr., William E. Davis, Raj K. Gupta, Patricia A. Hammick, David C. Hardesty, Jr., J. Brett Harvey, John T. Mills, William P. Powell, and Joseph T. Williams. Mr. Hardesty joined the Board of Directors on October 19, 2005 to fill the vacancy left after the resignation of Philip W. Baxter from the Board of Directors in August 2005. On March 9, 2006, the Board of Directors increased the number of members to serve on the Board of Directors from nine to ten. John T. Mills joined the Board of Directors on March 9, 2006 to fill the tenth seat of the Board of Directors. CONSOL Energy does not have a policy regarding directors' attendance at the Annual Meeting of Shareholders; however, directors are encouraged to attend. All of the members of the Board of Directors as of the 2005 Annual Meeting of Shareholders attended the 2005 meeting.

The Board of Directors has four standing Committees: Audit, Compensation, Nominating and Corporate Governance, and Finance. Current charters for each committee are available on the Corporate Governance section of CONSOL Energy's website at www.consolenergy.com. Actions taken by such Committees are reported to the full Board of Directors. On March 9, 2006, the Board of Directors determined that all members of each of the Audit, Compensation and Nominating and Corporate Governance Committees are independent under the rules of the New York Stock Exchange.

Audit Committee. The Audit Committee, which currently consists of four directors, is responsible for providing assistance to the Board of Directors in fulfilling its legal and fiduciary obligations with respect to matters involving the accounting, financial reporting, internal control and compliance functions of the Corporation and its subsidiaries. The Audit Committee employs an independent registered public accounting firm to audit the financial statements of CONSOL Energy and its subsidiaries and perform other assigned duties. Further, the Audit Committee provides general oversight with respect to the accounting principles employed in financial reporting and the adequacy of CONSOL Energy's internal controls. In discharging its responsibilities, the Audit Committee is entitled to rely on the reports, findings and representations of the Corporation's auditors, legal counsel, and responsible officers. The Board of Directors has determined that all members are financially literate within the meaning of SEC rules and under the current listing standards of the New York Stock Exchange.

Compensation Committee. The Compensation Committee, which currently consists of four directors, is responsible for establishing executive compensation policies consistent with corporate objectives and shareholder interests. The Committee recommends to the Board of Directors levels of compensation for the Chief Executive Officer and determines and approves with the Chief Executive Officer the compensation of other executive officers, including salary, variable compensation and long-term incentives, and may recommend, where it deems appropriate, approval by the Board of Directors of such amounts and any adjustments thereto. The Compensation Committee also takes action regarding incentive and equity-based plans and programs, any appropriate employment contracts, special retirement benefits, severance, change in control arrangements, or similar plans and is responsible for their oversight or administration. Prior to Mr. Mills replacing Mr. Hardesty on the Compensation Committee, the Compensation Committee also maintained an ad-hoc subcommittee of its members, comprised of Messrs. Powell and Altmeyer and Ms. Hammick, to act on certain matters related to the issuance of equity incentive awards of the Corporation.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee, which currently consists of four directors, is responsible for recommending to the Board of Directors nominees for election as directors at the Annual Meeting of Shareholders or appointment as directors in the event of any vacancy, generally monitoring CONSOL Energy's corporate governance system and performing any other functions or duties deemed appropriate by the Board of Directors. In making director recommendations, the

Table of Contents

Nominating and Corporate Governance Committee will consider nominations submitted by shareholders. Please see the information under the caption Shareholder Proposals in this Proxy Statement for more information on submitting director nominations.

The Nominating and Corporate Governance Committee is responsible for reviewing with the Board of Directors the size, function, and needs of the Board of Directors and, in doing so, takes into account that the Board of Directors as a whole will have competency in the following areas:

Industry Knowledge

Accounting and Finance

Business Judgment

Management

Leadership

International Markets

Business Strategy

Crisis Management

Corporate Governance

Risk Management

The Board of Directors also seeks members from diverse backgrounds so that the Board of Directors consists of members with a broad spectrum of experience and expertise and with a reputation for integrity. Directors should have experience in positions with a high degree of responsibility, have leadership experience in the companies or institutions with which they are or have been affiliated, and shall be selected based upon contributions that they can make to CONSOL Energy. The Nominating and Corporate Governance Committee also (1) determines what types of backgrounds, skills, and attributes of Board members are needed to help strengthen and balance the Board of Directors, taking into account the competencies described above, (2) actively seeks individuals qualified to become members of the Board of Directors, (3) maintains an active file of suitable candidates for consideration as nominees to the Board of Directors, and (4) evaluates and recommends to the Board of Directors the slate of nominees for directors to be elected by the shareholders at CONSOL Energy's next Annual Meeting of shareholders and, where applicable, fills vacancies. Recommendations by the committee include a review by the committee of the contribution of fellow directors, as well as the qualifications of new nominees. Mr. Hardesty, who joined the Board of Directors in October 2005, was initially selected as a director nominee upon the recommendation of an existing non-management director. Mr. Mills, who joined the Board of Directors in March 2006, was initially recommended as a candidate by Russel Reynolds Associates, Inc. In 2005, Russell Reynolds Associates, Inc. was retained to assist the Board of Directors in identifying and selecting candidates for service on the Corporation's Board of Directors.

Edgar Filing: CONSOL ENERGY INC - Form DEF 14A

The Nominating and Corporate Governance Committee also oversees the annual evaluation of the Board of Directors and the board committees and delivers reports to the Board of Directors setting forth the results of such evaluations. The Nominating and Corporate Governance Committee also monitors director performance throughout the year (noting particularly any directors who have had a change in their primary job responsibilities or who have assumed additional directorships since their last assessment). The Nominating and Corporate Governance Committee also annually reviews and assesses the performance of the Committee and delivers a report to the Board of Directors setting forth the results of its evaluation. In conducting this review, the Nominating and Corporate Governance Committee addresses matters that it considers relevant to its performance, including, at a minimum, the adequacy, appropriateness and quality of the information and recommendations presented to the Board of Directors, the manner in which they were discussed or debated, and whether the number and length of meetings of the Nominating and Corporate Governance Committee were adequate for the committee to complete its work in a thorough and thoughtful manner.

Table of Contents

Finance Committee. The Finance Committee, which currently consists of four directors, is responsible for monitoring and providing advice and counsel to the Board of Directors and the management of the Corporation regarding the Corporation's asset mix, potential mergers and acquisitions, capital structure and policies, financial position and policies, financing activities, compliance with debt covenants, dividend policies and material investments and contracts. No member of this committee may be an officer or employee of CONSOL Energy or any of its subsidiaries.

Membership and Meetings of the Board of Directors and Its Committees. All of the incumbent directors attended no fewer than 86% of the aggregate of (1) the total number of meetings held by the Board of Directors (held during the period for which he or she was a director during 2005) and (2) the total number of meetings held by all committees of the Board of Directors on which he or she served (during the period that he or she served).

Current committee membership and the number of meetings of the full Board of Directors and its committees are shown in the following table:

- (2) The Board of Directors has determined that Mr. Gupta is independent and qualifies as the audit committee financial expert within the meaning of SEC regulations.
- (3) Of the 21 Board of Directors meetings, 6 were Regularly Scheduled and 15 were Special Meetings.

During 2005, the non-management directors held 4 executive sessions of the Board of Directors. The presiding director for these sessions was the Chairman of the Board of Directors.

Compensation of Directors. Members of the Board of Directors who are employees of CONSOL Energy or any of its subsidiaries are not compensated for service on the Board of Directors or on any of its committees. Members of the Board of Directors, other than Mr. Whitmire,

Edgar Filing: CONSOL ENERGY INC - Form DEF 14A

who are not employees of CONSOL Energy or any of its subsidiaries received the following compensation in 2005. Mr. Hardesty, upon joining the Board of Directors in October 2005, and Mr. Mills, upon joining the Board of Directors in March 2006, received the director compensation arrangement effective since August 17, 2005. Assuming that they are members of the Board of Directors at the upcoming Annual Meeting of Shareholders, Messrs. Hardesty and Mills, in addition to each of the other non-employee directors, will receive the annual equity award described under the table caption Annual Equity Award in connection with the meeting.

Table of Contents

On October 19, 2005, the Board of Directors approved changes to the Director compensation package effective August 17, 2005, as set forth below. Prior to the Board of Directors approving these changes, two outside, independent consulting firms reviewed the compensation proposals and determined that they were consistent with the median of the market.

	Director Compensation (January 1, 2005 through August 16, 2005)	(August 17, 2005 through present)

Initial Election Equity Award:	4,000 stock options	\$60,000 (stock options)
Stock Ownership Guidelines:	None	Directors must hold 5x annual retainer (after 5 years)

* Approved by the Board of Directors on October 19, 2005.

Also on October 19, 2005, upon recommendation of the Compensation Committee, the Board of Directors approved an amendment to all currently outstanding unvested stock options held by non-employee directors to provide that such awards, to the extent unvested, will automatically vest upon a Change in Control (as such term is defined in the Corporation's Equity Incentive Plan, as amended (the Equity Plan)). In addition, the Board of Directors authorized that, effective October 19, 2005, future equity awards, whether stock options or restricted stock units, granted to non-employee directors will also provide that all such awards will automatically vest, to the extent unvested, upon a Change in Control of the Corporation. The automatic vesting of stock options or restricted stock units granted to non-employee directors is consistent with the automatic vesting of stock options and restricted stock units granted to employees who have Change in Control Agreements.

Plans for Directors.

Directors Deferred Compensation Plan. Effective June 30, 2005, the Board of Directors of CONSOL Energy amended the 1999 CONSOL Energy Inc. Directors Deferred Compensation Plan (the Directors Compensation Plan) to allow each participant's earnings under the Plan to be based on the performance of certain authorized hypothetical investments that participants may periodically designate. These hypothetical investment options may include hypothetical investments in CONSOL Energy's common stock. Previously, earnings under the Directors Compensation Plan were credited based upon an established interest rate calculation at the Moody's Investor Services ten-year bond rate. In addition to the foregoing revisions, the Corporation is authorized to further amend the Directors Compensation Plan to comply with Section 409A of the Internal Revenue Code of 1986, as amended (the Code). The Directors Compensation Plan, which was effective on October 25, 1999, was adopted for the purpose of providing supplemental retirement benefits to members of the Board of Directors and as an inducement for continued service. The Directors Compensation Plan permits members of the Board of Directors to defer all or a portion of any Board of Director's fees, such as the annual retainer, meeting fees or other amounts earned for services performed as a member of the Board of Directors. The Directors Compensation Plan is an unfunded and unsecured liability of CONSOL Energy, and benefits will be paid from CONSOL Energy's general assets. Accordingly, participants are general unsecured creditors of the

Table of Contents

Corporation with respect to the benefits. Currently, Mr. Whitmire is the only participant in the Directors Compensation Plan. Prior to the June 30, 2005 amendments, as a matter of conduct in the administration of the Directors Compensation Plan, the administrator permitted participants to designate the investment of their accounts among certain hypothetical investments. To reconcile this practice, the Board of Directors confirmed that value of Mr. Whitmire's vested benefits under the Directors Compensation Plan as of June 30, 2005 was \$826,799.32, subject to increases or decreases in accordance with the terms of the Directors Compensation Plan, as amended. The amount of such vested benefits equaled the value of the deferrals made by Mr. Whitmire under the Directors Compensation Plan after giving effect to the actual administration of the Directors Compensation Plan.

Directors' Deferred Fee Plan. Effective July 20, 2004, the Board of Directors of CONSOL Energy adopted the Directors' Deferred Fee Plan (as amended, the Directors Fee Plan). The Directors Fee Plan was established to allow non-employee directors of the Corporation to defer payment of all or a portion of their cash annual board retainer and director meeting fees. Participation in the Directors Fee Plan is at the election of the particular director and, upon the Corporation receiving a deferral agreement from a director, the Corporation will establish an account on behalf of such person which will be credited with such deferred fees. Previously, the account of each participant was credited, on a quarterly basis, with interest based on the interest rate in effect on the last day of the applicable quarter. On February 21, 2006, the Board of Directors approved an amendment to the Directors Fee Plan which provides that a participant's account will be adjusted by an amount equal to the amount that would have been earned (or lost) if amounts deferred under the plan had been invested in hypothetical investments designated by the participant based on a list of hypothetical investments provided by the plan administrator from time to time or, in the event that a participant fails to designate such hypothetical investments, the participant's account shall earn interest pursuant to the Directors Fee Plan. These hypothetical investment options may include hypothetical investments in CONSOL Energy's common stock. Earnings will be credited to the participant's account quarterly. The amount payable to a director participant will be paid in cash as soon as administratively practicable after the earlier of: (1) the director's termination of service as a Corporation director or (2) the date elected by such director which must be at least 2 years after the end of the plan year for which fees are deferred. The Directors Fee Plan is an unfunded and unsecured liability of the Corporation, and benefits will be paid from CONSOL Energy's general assets. Accordingly, participants are general unsecured creditors of the Corporation with respect to the benefits. Currently, Mr. Gupta is the only participant in the Directors Fee Plan.

Deferred Stock Units under the Equity Plan. The Board of Directors may grant deferred stock units to directors who are not employees of CONSOL Energy or any of its affiliates (Eligible Directors) in lieu of all or any portion of the annual retainer or meeting fees otherwise payable to the Eligible Directors. Under the terms of the Equity Plan, the Board of Directors may permit a director to elect to receive deferred stock units in lieu of all or any portion of the annual retainer or meeting fees otherwise payable to an Eligible Director in cash, or to defer receipt of shares or cash to be paid pursuant to deferred stock units. The deferred stock units have dividend equivalent rights. In 2004 and 2005, the Board of Directors permitted Mr. Gupta to elect to receive a portion of his annual retainer and meeting fees in deferred stock units. To date, the Board of Directors has granted 900 deferred stock units to Mr. Gupta.

Shareholders who wish to communicate with CONSOL Energy's Board of Directors may do so by writing to the Board of Directors and should address their communications to the attention of the Corporate Secretary at CONSOL Energy Inc., 1800 Washington Road, Pittsburgh, PA 15241-1405. Determination of Director Independence. The Board of Directors is required under the New York Stock Exchange rules to affirmatively determine the independence of each director and to disclose such determination in the proxy statement for each annual meeting of shareholders of CONSOL Energy. Pursuant to the Corporation's Corporate Governance Guidelines, which are available on the Corporate Governance section of the Corporation's website at www.consolenergy.com, the Board of Directors considered transactions and relationships between each director with CONSOL Energy (either directly or indirectly, including as a partner, shareholder or officer of an organization that has a relationship with the Corporation). The Board of Directors, at its meeting held on March 9, 2006, determined that all non-employee directors (*i.e.*, all directors except J. Brett Harvey) are independent in accordance with New York Stock Exchange listing standards. Specifically with respect to the independence of Mr. Hardesty, the Board of Directors examined the relationship between CONSOL Energy, as a donor of West Virginia University, of which Mr. Hardesty is President, and its affiliates, and determined that all amounts were less than the \$1 million/2% revenue materiality threshold under New York Stock Exchange listing standards. The Board of Directors reviewed all matters described under the captions Compensation Committee Interlocks and Insider Participation and Certain Transactions in this Proxy Statement with respect to Mr. Hardesty and determined that such transactions do not constitute a material relationship under NYSE Rule 303A.02 between CONSOL Energy and Mr. Hardesty.

Section 16(a) Beneficial Ownership Reporting Compliance. CONSOL Energy's directors and certain executive officers are required under Section 16(a) of the Securities Exchange Act of 1934 to file reports of ownership and changes in ownership of CONSOL Energy common stock with the SEC and the New York Stock Exchange. The Corporation has undertaken a review of the Section 16(a) reports filed by the Corporation on behalf of its directors and executive officers during the last fiscal year. The review revealed that certain transactions were either not timely reported or not properly reported, and therefore, untimely. Since conducting the review, CONSOL Energy has developed new procedures to improve compliance on an ongoing basis. Based upon a review of filings with the SEC, written representations that no other reports were required, and on CONSOL Energy's records, CONSOL Energy believes that during 2005, all Section 16(a) filing requirements applicable to its executive officers and directors were complied with, except for the following:

(A) Messrs. Harvey, Lilly, Lyons, Smith, DeJuliis and Richey, and Mr. Jack Holt, Senior Vice President Mine Safety, each filed an untimely Form 4 on August 26, 2005 reporting accrued dividend equivalent rights on restricted stock units; (B) Messrs. Harvey, Lyons and Smith each filed an amended Form 4 on February 22, 2005 to correct the exercise prices of stock options; (C) Messrs. Compensation Committee Report on Executive Compensation.

The Compensation Committee (the Committee) of the Board of Directors is responsible for administering the Equity Plan and determining the compensation of executive officers and other key executives of CONSOL Energy; provided, however, that, (i) the Board of Directors approves the compensation of the Chief Executive Officer, and (ii) as of November 1, 2005, the Board of Directors of CNX Gas, a publicly-traded subsidiary of the Corporation, formed a compensation committee to determine such matters with respect to CNX Gas. The following is the Committee's report to shareholders on the Corporation's executive compensation policies with respect to compensation reported for the fiscal year ended December 31, 2005.

Key Compensation-Related Responsibilities of the Committee

To establish and periodically review CONSOL Energy's compensation philosophy and the adequacy of compensation plans and programs for directors, executive officers and other employees;

To establish compensation arrangements and incentive goals for executive officers and to administer compensation plans;

To review the performance of the executive officers and award incentive compensation and adjust compensation arrangements as appropriate based upon performance;

To review and monitor management development and succession plans and activities; and

To prepare the report on executive compensation for inclusion in CONSOL Energy's annual proxy statement in accordance with SEC rules and regulations.

Edgar Filing: CONSOL ENERGY INC - Form DEF 14A

For a more detailed overview of the Committee's role and responsibilities, please see the Committee charter at www.consolenergy.com

How the Committee Functions

The Committee uses compensation data from external sources for a peer group of selected mining and energy companies which compete in markets served by the Corporation (Peer Group), as well as national surveys in which the Corporation matches similar industries and similar revenue (Survey Data). The Peer Group and Survey Data are used by the Committee as a primary basis for performance and compensation comparison purposes when making key compensation-related decisions.

The Committee has been assisted by:

Ø The Corporation's internal support staffs; and

Ø Independent consulting firms retained by the Corporation and the Committee.

Table of Contents

Purposes of The Corporation's Executive Compensation Program

To promote the achievement by the Corporation of annual and long-term performance objectives which tie an executive officer's compensation to the Corporation's performance (financial, non-financial, and market performance);

To attract, motivate and retain executive officers who can make significant contributions to the Corporation's long-term success; and

To align the interests of executive officers with those of shareholders.

The Primary Components of the Corporation's Executive Compensation Programs are Base Salary, Short-Term Incentive Awards, and Long-Term Incentive Awards

For the fiscal year ended December 31, 2005, the Committee's activity focused on the key elements of the total direct compensation program for executive officers, which included primarily base pay, short-term incentive compensation under the Short-Term Incentive Compensation Plan (the Short-Term Plan), and long-term incentives granted under the Equity Plan. It is the philosophy of the Board of Directors generally to set base salary and annual incentive awards at approximately the median range of salaries and bonuses paid by the Peer Group, in the case of Messrs. Harvey, Lilly and Lyons, and on Survey Data, in the case of the Corporation's other executives. Through the use of long-term compensation, such as equity, executive officers have the opportunity to receive total compensation, including base salary, annual incentive awards and long-term incentives, above the median range of the Peer Group and the Survey Data.

Base Salary of Executives

As stated above, base salaries are generally targeted at the middle of the competitive marketplace (the median) based on a review of the Peer Group, in the case of Messrs. Harvey, Lilly and Lyons, and the Survey Data, in the case of the Corporation's other executives.

The market rate for an executive position is determined through an assessment by the Corporation's human resources personnel and independent consulting firms and then is submitted to the Chief Executive Officer for further review (except in the case of the Chief Executive Officer's compensation). This assessment considers relevant industry salary practices, the position's complexity and level of responsibility, its importance to the Corporation in relation to other executive positions, and the competitiveness of an executive's total compensation.

The Committee reviews the above-described assessment and then approves the base salaries of the Corporation's executive officers. In the case of the Chief Executive Officer, the Committee also submits its decision to the independent directors of the Board for review and ratification.

Short-Term Plan Awards for Executives and Other Eligible Employees

The Short-Term Plan provides annual awards to eligible executives and other eligible employees who receive cash payments when: (i) individual performance targets are met and (ii) the Corporation and applicable business unit targets are achieved. The Short-Term Plan is designed to deliver greater cash awards when business is successful and pays less when business falls short of the established targets.

The Short-Term Plan is designed to give the Committee the flexibility to make annual incentive awards that are comparable to those found in the marketplace in which the Corporation competes for executive and other employee talent.

The Incentive Awards under the Short-Term Plan are calculated as follows:

Each year, the Committee sets a minimum net income threshold for the Corporation. The minimum net income threshold for the Corporation is based upon an annual budget developed by management that the

Table of Contents

Board of Directors then reviews and approves. In years when the Corporation's minimum net income threshold is not achieved, the Short-Term Plan does not pay an annual award to eligible participants;

The identity of the positions eligible to participate in the Short-Term Plan is established;

The size of the compensation pool for the year, based upon financial information supplied by the Corporation's officers, is computed and certified; and

The amount of the authorized incentive award to be paid to each participant in the Short-Term Plan is based on:

Ø the market-based target established for each participant's position; and

Ø an assessment of an individual participant's performance and that of the Corporation or specified business units against certain criteria, and a subjective evaluation of performance based on certain criteria in accordance with the below formula.

$$\begin{array}{rcccl} \text{Base salary/wage} & & & & \\ \text{as of December 31} & \times & \text{Incentive compensation opportunity \%} & \times & \text{Annual incentive compensation award factor} & = & \text{Annual award payment} \end{array}$$

For the fiscal year ended December 31, 2005, the minimum net income threshold set under the Short-Term Plan was achieved and annual incentive awards were made to the Chief Executive Officer and other executive officers. The total amount of the annual cash awards made to the Corporation's executive officers was \$4,953,868 and to all eligible participants was \$26,502,209 for fiscal year 2005. In October 2005, the Short-Term Plan, as approved by the Compensation Committee, stated that the Annual Incentive Compensation Award Factor was based on attainment of three performance targets which are weighted equally and measured independently: CONSOL companies, business unit, and individual goals. At its February 20, 2006 meeting, for 2006, the Compensation Committee refined the definition of Annual Incentive Compensation Award Factor to be limited to two factors, weighted equally: the Corporation's performance and individual goals.

Long-Term Incentive Awards for Directors, Executives and Other Employees

The Equity Plan is designed to promote the interests of CONSOL Energy and its shareholders by: (i) attracting and retaining eligible directors, executives and other key employees; (ii) motivating such individuals by means of performance related incentives to achieve any long-range performance goals; and (iii) enabling such individuals to participate in the long-term growth and financial success of the Corporation. The Committee has the authority to determine the participants to whom awards shall be granted. The awards can be made in the form of stock options, restricted stock units, performance awards and other stock-based awards.

The following awards were granted for 2005:

Chairman of the Board of Directors: 550 shares of common stock underlying options.

Edgar Filing: CONSOL ENERGY INC - Form DEF 14A

Directors: 20,054 shares of common stock underlying options with a 3-year vesting. Effective August 17, 2005, the Board of Directors approved certain changes to Directors' compensation as described in the section above entitled "Compensation of Directors."

Executives: 483,904 shares of common stock underlying options and 94,700 restricted stock units granted with a 4-year vesting.

All employees: 375,000 options granted with 6-month vesting.

Special Discretionary Increases to Compensation

The Committee makes special discretionary increases to the base salary, short-term incentive awards, and long-term incentive awards of employees in light of extraordinary developments or occurrences in the Corporation's business.

Table of Contents

Such extraordinary developments or occurrences include various transactions relative to CNX Gas. In 2005, CONSOL Energy contributed or leased substantially all of the assets of its gas business, including all of the Corporation's rights to coalbed methane associated with 4.5 billion tons of coal reserves owned or controlled by CONSOL Energy, as well as all of its rights to conventional gas to CNX Gas, its wholly owned subsidiary at the time. In exchange for the contribution of assets, CONSOL Energy received approximately 122.9 million shares of CNX Gas common stock. CONSOL Energy entered into various agreements with CNX Gas that define various operating and service relationships between the two companies. In August 2005, CNX Gas entered into an agreement to sell approximately 24.3 million shares in a private transaction and granted a 30-day option to purchase an additional 3.6 million shares. In August 2005, CNX Gas closed on the sale of all 27.9 million shares, and in August 2005, a Registration Statement on Form S-1 was filed with the SEC with respect to those shares. The Registration Statement was declared effective on January 18, 2006. The proceeds (approximately \$420,167,000 including proceeds from the sale of the additional 3.6 million shares) were used to pay a special dividend to CONSOL Energy. The gain recognized on this transaction was \$327,326,000.

In light of the above-described transaction, and the additional duties and responsibilities assumed by CONSOL Energy's executives and the organizational changes therefrom, the Committee approved increases to the compensation of certain executives, including base salary and annual incentive awards. The Committee agreed that executives of CNX Gas would receive CNX Gas securities and executives of CONSOL Energy would receive CONSOL Energy securities. As a result of the successful completion of the CNX Gas transaction, (i) the Committee granted to certain employees of CONSOL Energy one-time discretionary bonuses that were separate and apart from the Short-Term Incentive Plan and (ii) the Board of Directors of CNX Gas granted employees of CNX Gas, including CNX Gas executive officers, equity incentive awards under CNX Gas equity plan.

Chief Executive Officer Compensation, including (1) Base Salary, (2) Short-Term Incentive Awards, and (3) Long-Term Incentive Awards

In determining Mr. Harvey's compensation, the Committee and the Board of Directors based their decisions with respect to Mr. Harvey's base salary, short-term and long-term incentive awards in accordance with the principles outlined above. The Committee also considered Mr. Harvey's leadership, decision-making skills, experience, knowledge, communication with the Board of Directors and strategic recommendations, as well as the Corporation's positioning for future performance and the additional responsibilities and duties assumed by Mr. Harvey in connection with the CNX Gas transaction and his position as a director on its board of directors. Although the Committee and the Board of Directors considered all of the factors described herein, the Committee and the Board of Directors, in determining Mr. Harvey's 2005 compensation, placed equal weight upon the Corporation's 2005 financial performance, the performance of the business units, and individual performance.

(1) Chief Executive Officer Base Salary

On June 3, 2005, the Corporation entered into an employment agreement with Mr. Harvey as more fully described under Employment Agreements. Under this agreement, Mr. Harvey's base salary was increased from \$700,000 to \$850,000 effective April 22, 2005 and, effective August 16, 2005, his base salary was further increased to \$915,000. Primarily, in light of his additional duties and responsibilities in connection with CNX Gas, the Committee and the Board of Directors approved increases to Mr. Harvey's base salary to more closely align his base salary with similarly situated executives in the Peer Group and based on Survey Data. Please see Employment Agreements herein for additional information regarding this agreement.

(2) Chief Executive Officer Annual Incentive Awards

Before arriving at its final decision regarding the amount of Mr. Harvey's annual incentive award, the Committee independently confirmed that the Corporation's compensation program is consistent with marketplace practices linking pay for performance; and

Table of Contents

For the fiscal year ended December 31, 2005, Mr. Harvey received \$1,722,671 under the Short-Term Plan.

In addition, the Committee and the Board of Directors approved a cash bonus to Mr. Harvey in the aggregate amount of \$75,000 for his service and performance with respect to the above-described transaction with CNX Gas.

(3) Chief Executive Officer Long-Term Incentive Awards

The Committee recognized the Corporation's common stock performance; and

Under the Equity Plan, on May 3, 2005, Mr. Harvey was granted 60,368 stock options with a 4-year vesting, 100 stock options with a 6-month vesting and 22,396 restricted stock units with a 4-year vesting.

In addition, Mr. Harvey was granted an opportunity to receive a performance award in an amount not to exceed \$1,019,000 (payable in options and restricted stock units) provided that certain pre-determined CONSOL Energy performance goals were met for the year ended December 31, 2005. The receipt of the award was conditioned upon the Corporation's net income exceeding a certain target amount for the year ended December 31, 2005. The Corporation's net income for the year ended December 31, 2005 did exceed the targeted amount and, on February 20, 2006, the Committee approved, and on February 21, 2006, the Board approved, the grant of 21,177 options to purchase the Corporation's common stock and 7,771 restricted stock units to Mr. Harvey, effective February 24, 2006 with an aggregate dollar value of \$1,019,000.

Deductibility of Compensation

Under Section 162(m) of the Code, CONSOL Energy and its subsidiaries may not deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to CONSOL Energy's Chief Executive Officer or to each of the named executive officers unless the compensation meets specific criteria for performance-based compensation. As discussed in this report, the Committee intends to provide compensation that is both market and performance-based. Awards under the Short-Term Plan do not meet the criteria of being performance-based awards under Section 162(m) of the Code, and, therefore, would not qualify for deduction. Certain awards under the Equity Plan, such as stock options, qualify for deduction under Section 162(m) of the Code, however, other types of awards such as time-based restricted stock units, do not qualify as deductible under Section 162(m) of the Code. While the tax impact of any compensation arrangement is one factor to be considered, such impact is evaluated in light of the Corporation's overall compensation philosophy. The Committee reserves the right to approve non-deductible compensation if the Committee believes it is in the best interests of the shareholders.

Conclusion

Based upon its review of the Corporation's executive compensation program, the Committee has concluded that the program's basic structure is appropriate, competitive and effective to serve the purposes for which it was established.

if the employee is terminated for cause or has breached any of the restrictive covenants set forth in the applicable stock option award agreement, such as its non-compete provisions, the options (whether vested or unvested) will be deemed cancelled and forfeited in their entirety;

Table of Contents**Retirement Benefits.**

Pension benefits for salaried employees under the CONSOL Energy Inc. Employee Retirement Plan and, for certain employees, its pension restoration plan (together, the Retirement Plans) are based on an employee's years of service and average monthly pay during the employee's three highest-paid years (Covered Compensation). Average monthly pay for this purpose includes regular compensation and annual amounts payable under the Short-Term Plan, but excludes other bonuses and compensation in excess of limits imposed by the Code. Such Covered Compensation is reflected in the Base Salary and Bonus columns of the Summary Compensation Table, though the Bonus column reflects additional amounts excluded from Covered Compensation, as described in footnote 1 to the Summary Compensation Table. The Code limits the amount of annual benefits which may be payable from the pension trust. Retirement benefits provided under the pension plan in excess of these limitations are paid from the Corporation's general revenues under the separate, non-funded pension restoration plan.

Compensation Committee Interlocks and Insider Participation.

During 2005, the members of the Compensation Committee were Messrs. Powell, Altmeyer and Hardesty (who joined in October 2005) and Ms. Hammick. In 2004, CONSOL Energy made a five-year pledge of a total of \$200,000 to the West Virginia University Foundation Incorporated (the Foundation), a legally separate not-for-profit corporation which receives and administers gifts for the benefit of West Virginia

Edgar Filing: CONSOL ENERGY INC - Form DEF 14A

University (WVU) of which Mr. Hardesty is the President. The pledge was made as part of a capital campaign to benefit WVU 's College of Engineering and Mineral Resources. CONSOL Energy also occasionally makes cash gifts to the Foundation. The aggregate cash gifts made by CONSOL Energy to the Foundation and WVU for the calendar year 2005 was approximately \$54,000. In 2005, CONSOL Energy also donated its Dawles Run

facility, located in Monongalia County, West Virginia, which is valued at \$423,000, to WVU for use as a coal mine training and placement center. Apart from gifts, CONSOL Energy has, in arms-length transactions, paid WVU and its related entities for conferences, technical training and classes for employees, as well as acquired football and basketball tickets and made payments with respect to other minor items. The aggregate of these other payments for 2005 was approximately \$83,000. CONSOL Energy anticipates that it will contribute approximately \$70,000 to WVU, the Foundation and related entities in 2006.

Employment Agreements.

Employment Agreement With Mr. Harvey. On June 3, 2005, J. Brett Harvey entered into an employment agreement with CONSOL Energy which supersedes Mr. Harvey's employment agreement with CONSOL Energy dated December 11, 1997, as amended. The employment agreement has a term of three years, unless sooner terminated, and is automatically extended for additional one year terms thereafter.

Under the employment agreement, Mr. Harvey received an initial annual base salary of \$850,000. Under the employment agreement, Mr. Harvey is eligible to participate in an annual bonus plan on terms established from time to time by the Board of Directors, provided that Mr. Harvey's annual target bonus under that plan will not be less than 100% of his then current base salary. During the term of the employment agreement, he is also eligible to participate in any Corporation long term incentive plan, and in all employee benefit and fringe benefit plans and arrangements made available by the Corporation to its executives and key management employees upon the terms and subject to the conditions set forth in the applicable plan or arrangement. Mr. Harvey will receive a credit for eleven additional years of service under the Corporation's retirement plan and the retiree medical plan, which benefits represent his years of service at PacifiCorp Energy Inc. and its affiliates (PacifiCorp). If the Corporation cannot provide to Mr. Harvey such credit under the retirement plan, the Corporation is obligated to provide equivalent benefits to Mr. Harvey under a supplemental retirement plan. The amount of any pension benefits payable to Mr. Harvey pursuant to PacifiCorp pension plans will be deducted from benefits paid by the Corporation to Mr. Harvey under the Retirement Plan or supplemental retirement plan, as applicable. Mr. Harvey's employment will terminate:

by his death or if he becomes permanently disabled (as defined in the employment agreement);

if either party terminates the agreement; or

for cause (as defined in the employment agreement) as determined by the Board of Directors at any time.

If Mr. Harvey resigns for good reason (as defined in the employment agreement) or is terminated without cause and in each case he enters into a general release of claims reasonably satisfactory to the Corporation, he is entitled to receive severance payments in the form of (i) his then current base salary through the date of termination and any annual bonus awarded in accordance with the Corporation's bonus program but not yet paid, (ii) an amount equal to two (2) times his then current base salary and two (2) times the target annual bonus amount (provided that Mr. Harvey has not breached the confidentiality, non-competition and non-solicitation restrictions set forth in the employment agreement), (iii) payment of the pro-rata portion of his target bonus in the year of termination, (iv) payment of all accrued but unused vacation time, (v) payment for reasonable outplacement assistance services for seeking other employment, and (vi) reimbursement for business expenses incurred prior to such termination. If Mr. Harvey's employment is terminated as a result of a termination of employment as specified in the immediately preceding sentence, he and his dependents will continue to receive his medical insurance benefits from the Corporation, on terms substantially comparable to terms of the Corporation's medical plan, for up to 24 months following the termination date.

If Mr. Harvey's employment is terminated due to death or permanent disability, he (or his estate, if applicable) will be entitled to receive: (i) his then current base salary through the date of termination, (ii) a pro-rata portion of his target bonus for the year of termination, (iii) payment for all

accrued, but unused vacation time, and (iv) reimbursement for business expenses incurred prior to such termination.

Table of Contents

The employment agreement also contains certain confidentiality, non-solicitation, non-competition and indemnification provisions. The confidentiality provisions survive the termination of Mr. Harvey's employment with the Corporation. Mr. Harvey has agreed not to compete with the business, or solicit the employees, of CONSOL Energy for two (2) years following his termination of employment under the circumstances described above.

In connection with Mr. Harvey's employment agreement, the Compensation Committee retained an independent consulting firm and also retained counsel to advise the Committee.

Employment Agreement with Mr. Lilly. On October 2, 2002, the Corporation entered into an agreement with Mr. Lilly which provides for: (i) an initial annual base salary of \$380,000, (ii) an annual compensation opportunity which was initially set at 65% of his base salary, (iii) a stock option grant of 80,000 options to purchase the Corporation's common stock (vesting ratably over a four-year period), (iv) participation in the Corporation's severance pay plan based on the years of his total industry service with one week of pay under the plan equal to each full year of industry service with a maximum of 25 weeks, (v) and certain other benefits including, without limitation, a vehicle allowance, country club membership and standard employee benefits offered by the Corporation to its employees.

In addition, the Corporation agreed, as consideration for Mr. Lilly's lost compensation resulting from his resignation from the board of directors of Penn Virginia Resources, LLC and of Penn Virginia Corporation (as a condition to his employment with the Corporation), to pay him \$400,000 in four (4) equal installments, with each installment to be made annually on the anniversary date of his employment with the Corporation commencing on October 28, 2003 and ending on October 28, 2006.

Chairman Agreement with Mr. Whitmire.

The Corporation entered into an agreement with Mr. Whitmire on February 22, 1999 pursuant to which he was engaged as the non-executive Chairman of the Board of Directors of the Corporation, subject to election by the Corporation's shareholders. In order to more formally and completely document his duties and responsibilities as Chairman, as well as his compensation arrangements, a new agreement was entered into with him as of April 27, 2004. Under the terms of this agreement, Mr. Whitmire receives annual compensation as follows: (i) \$100,000, in quarterly installments, (ii) shares of common stock having a fair market value of \$225,000 on the grant date (with which Mr. Whitmire may elect, in lieu of the grant, to be credited with equivalent vested stock units payable in the form of shares at the end of the agreed deferral period and, if Mr. Whitmire elects to defer, he will also be credited with dividend equivalent amounts on such stock units equal to the dividends declared on an equivalent number of shares of stock, with such dividend equivalent amounts being deemed to have been reinvested in additional stock units to be credited to Mr. Whitmire and paid at the end of the deferral period), and (iii) stock options having a fair market value of \$25,000 on the grant date (such options will (a) have an exercise price equal to the fair market value of the Corporation's stock on the grant date, (b) be fully vested and exercisable upon the grant date, and (c) be subject to the terms of the Equity Plan and the applicable grant agreement). The above-described compensation will be in lieu of any and all cash, equity or other compensation to which other board members are entitled to in connection with their service on the Board of Directors. In addition, Mr. Whitmire is provided clerical support by the Corporation at an annual cost not to exceed \$30,000 and reimbursed for business expenses for performing his duties for the Corporation.

Mr. Whitmire's term of service as Chairman will continue until the earlier of: (i) the date on which he ceases to serve as a member of the Board of Directors for any reason or (ii) the date on which he ceases to serve as Chairman, while remaining a member of the Board of Directors.

Mr. Whitmire's service as Chairman may be terminated by either Mr. Whitmire or the Corporation, with or without cause (as defined in the agreement), on at least 90 days prior written notice to the other party or by mutual consent of the parties and provided, further, that the service

period will terminate immediately and automatically upon Mr. Whitmire's death or permanent disability or incapacity.

Table of Contents

In the event that Mr. Whitmire's service as Chairman terminates other than for cause (as defined in the agreement) during a service year, then he will thereafter receive no additional cash compensation thereunder but he will retain his entire grant of stock and options for the service year in which the termination occurs. If, following such termination, he remains on the Board of Directors, he will thereafter be entitled to such compensation as is provided by the Corporation to its other non-employee directors; provided that for the remainder of such service year, he will not be entitled to any additional stock or option grants by virtue of such non-Chairman Board of Directors service. In the event Mr. Whitmire's service as Chairman (and tenure on the Board of Directors) is terminated for cause during a service year, he will receive no additional cash compensation and, in addition, he will be required to return to CONSOL Energy a pro-rated amount of the stock he was granted as compensation for the applicable service year and a pro-rated amount of options granted for such service year will be cancelled and no longer be exercisable thereafter (provided, however, that if such options have been exercised, the stock received by him upon exercise will be returned to the Corporation and the exercise price refunded and, in addition, if he has sold any of the stock (beyond the amount required to pay the exercise price) he will be required to return to the Corporation the proceeds from such sale (net of the exercise price)).

Change in Control Agreements.

CONSOL Energy Change in Control Agreements.

On July 21, 2003, CONSOL Energy entered into Change In Control Severance Agreements (CONSOL Energy Change in Control Agreements) with each of Messrs. Harvey, Lilly, Lyons, DeIuliis and Smith, which agreements, in the case of Messrs. DeIuliis and Smith, were superseded by change in control agreements that Mr. DeIuliis entered into on September 28, 2005 and Mr. Smith entered into on September 26, 2005, with CNX Gas and CONSOL Energy as more fully described below.

The CONSOL Energy Change in Control Agreement between CONSOL Energy and each of Messrs. Harvey, Lilly and Lyons (each a CONSOL Executive and collectively, the CONSOL Executives) provides the CONSOL Executive severance benefits if the CONSOL Executive is terminated after, or in connection with, a CONSOL Energy Change in Control, as defined therein, (i) for any reason other than cause (as defined therein), death or disability that occurs not more than three months prior to or within two (2) years after, a CONSOL Energy Change in Control, or (ii) is required by a third party initiating the CONSOL Energy Change in Control or (iii) within the two-year period after a CONSOL Energy Change in Control, if he is constructively terminated. A constructive termination is defined as:

- (a) an adverse change in his position;
- (b) a reduction in annual base salary or target bonus or a material reduction in employee benefits;
- (c) a material change in circumstances as determined by the CONSOL Executive, including a material change in the scope of CONSOL Energy's business, as determined by him;
- (d) the liquidation, dissolution, merger, consolidation or reorganization of the Corporation or transfer of substantially all of the Corporation's business or assets unless the successor assumes all duties and obligations of the Corporation under the CONSOL Energy Change in Control Agreement; or
- (e) the relocation of the CONSOL Executive's principal work location to a location that increases his normal commute by 50 miles or that requires travel increases by an unreasonable amount.

Edgar Filing: CONSOL ENERGY INC - Form DEF 14A

Under the circumstances described in (i), (ii) or (iii), the CONSOL Executive would be entitled to receive:

- (a) a lump sum cash payment equal to (1) a multiple of Executive's base pay, plus (2) a multiple of Executive's incentive pay (the multiple, in each case, for Mr. Harvey, 3.0, for Mr. Lilly, 2.5; and for Mr. Lyons, 2.0); a pro-rated payment of his incentive pay for the year in which his termination of employment occurs;
- (b) for a specified period (for Mr. Harvey, 36 months; for Mr. Lilly, 30 months; and for Mr. Lyons, 24 months), the continuation of medical and dental coverage (or a lump sum payment in lieu of continuation);

Table of Contents

- (c) if he would have been eligible for post-retirement medical and dental coverage had he retired from employment during the applicable period specified in (b) above, but is not so eligible due to termination, then at the conclusion of the benefit period described in (b) above, the Corporation will provide him with additional continued group medical and dental coverage comparable to that which would have been available under the Corporation's post-retirement and dental benefit program for so long as such coverage would have been available under such program, or the Corporation may elect to pay cash to him in lieu of such coverage;
- (d) a lump sum cash payment equal to the total amount that the CONSOL Executive would have received under the Corporation's 401(k) plan as a Corporation match if he was eligible to participate in the Corporation's 401(k) plan for a specified period after his termination date (for Mr. Harvey, 36 months; for Mr. Lilly, 30 months; and for Mr. Lyons, 24 months) and he contributed the maximum amount to the plan for the match;
- (e) a lump sum cash payment equal to the difference between the present value of his accrued pension benefits at his termination date under the Corporation's qualified defined benefit plan and (if eligible) its pension restoration plan (together, the pension plans) and the present value of the accrued pension benefits to which the CONSOL Executive would have been entitled under the pension plans if he had continued participation in those plans for a specified period after his termination date (for Mr. Harvey, 36 months; for Mr. Lilly, 30 months; and for Mr. Lyons, 24 months);
- (f) a lump sum cash payment of \$25,000 in order to cover the cost of outplacement assistance services and other expenses associated with seeking other employment; and
- (g) any amounts earned, accrued or owing but not yet paid as of his termination date, payable in a lump sum, and any benefits accrued or earned in accordance with the terms of any applicable benefit plans and programs of the Corporation.

In addition upon a CONSOL Energy Change in Control, all equity granted to each CONSOL Executive by CONSOL Energy will become fully vested and/or exercisable on the date the Change in Control occurs and all stock options or stock appreciation rights will remain exercisable for the period set forth in the applicable award agreement.

With respect to each CONSOL Executive, if it is determined that any payment or distribution (a Payment) by CONSOL Energy to or for his benefit would constitute an excess parachute payment within the meaning of Section 280G of the Code, CONSOL Energy will pay to him an additional amount (the Gross-Up Payment), subject to certain limitations, such that the net amount retained by him after deduction of any excise tax imposed under Section 4999 of the Code, and any tax imposed upon the Gross-Up Payment, will be equal to the Payment.

In the event of a constructive termination of a CONSOL Executive in connection with a CONSOL Energy Change in Control, CONSOL Energy may elect to delay his termination date for a certain period (Mr. Harvey, 36 months; Mr. Lilly, 30 months; and Mr. Lyons, 24 months), and instead place such executive in a non-executive salaried position employment position with the Corporation. During such consultancy period, he must be available to provide advice and assistance to CONSOL Energy. In no event may the CONSOL Executive be required to provide more than five (5) hours of consulting services per week without his consent and he shall be permitted to engage in other business activities, subject to certain restrictions. If the Corporation elects to provide for a consultancy period, the CONSOL Executive will continue to receive his annual base salary and employee benefits during such period and the change in control benefits described above will be offset by such amounts and benefits provided to him during the consultancy period.

The CONSOL Energy Change in Control Agreements contain confidentiality, non-competition and non-solicitation obligations. Messrs. Harvey, Lilly and Lyons have agreed not to compete with the business for one (1) year, or to solicit employees of CONSOL Energy for two (2) years, following termination of employment in which such CONSOL Executive is receiving severance benefits under the CONSOL Energy Change in Control Agreement.

Table of Contents

The term of the CONSOL Energy Change in Control Agreements is three years, subject to a one-year extension annually, commencing on January 1, 2006, unless CONSOL Energy gives notice not later than October 31 of the preceding year that it does not wish to extend the agreement. Regardless of any such notice by CONSOL Energy, the agreement will continue in effect for a period of 24 months beyond the term provided in the agreement if a CONSOL Energy Change in Control occurs during the period that the agreement is in effect.

CNX Gas Corporation Change in Control Agreements.

Messrs. DeIuliis and Smith (each a CNX Gas Executive and, collectively, the CNX Gas Executives) entered into change in control severance agreements with CNX Gas (the CNX Gas Change in Control Agreements), which provide that, subject to CONSOL Energy's reemployment rights described below with respect to Mr. DeIuliis, the CNX Gas Executive will be entitled to severance benefits if the CNX Gas Executive is terminated after, or in connection with, a CNX Gas Change in Control, as defined therein, (i) for any reason other than cause (as defined therein), death or disability that occurs not more than three months prior to, or within two (2) years after, a CNX Gas Change in Control, or (ii) is required to terminate employment by a third party initiating the CNX Gas Change in Control or (iii) within the two-year period after a CNX Gas Change in Control, if he is constructively terminated. A constructive termination is defined as:

- (a) an adverse change in his position;
- (b) a reduction in annual base salary or target bonus or a material reduction in employee benefits;
- (c) a material change in circumstances, including a material change in the scope of CNX Gas's business, as determined by him, which has rendered him unable to carry out his duties;
- (d) the liquidation, dissolution, merger, consolidation or reorganization of CNX Gas or transfer of all or substantially all of CNX Gas's business or assets; or
- (e) the relocation of the CNX Gas Executive's principal work location to a location that increases his normal commute by 50 miles or more or that requires travel increases by an unreasonable amount.

Under the circumstances described in (i), (ii) or (iii) above, the CNX Gas Executive would be entitled to receive:

- (a) a lump sum cash payment equal to (1) a multiple of the Executive's base pay, plus (2) a multiple of the Executive's incentive pay (the multiple, in each case, for Mr. DeIuliis, 2.5, and for Mr. Smith, 2.0); and a pro-rated payment of his incentive pay for the year in which his termination of employment occurs;
- (b) for 30 months, in the case of Mr. DeIuliis, and 24 months, in the case of Mr. Smith, the continuation of medical and dental coverage (or a lump sum payment in lieu of continuation at the election of CNX Gas);
- (c) if the CNX Gas Executive would have been eligible for post-retirement medical and dental coverage had he retired from employment during the period of 30 months, in the case of Mr. DeIuliis, and 24 months, in the case of Mr. Smith, following termination of employment but is not so eligible because of the termination, then at the end of such period described in (b), CNX Gas will provide continued medical and dental coverage comparable to that which would have been available to him under the CNX Gas

Edgar Filing: CONSOL ENERGY INC - Form DEF 14A

post-retirement medical and dental benefits program for as long as such coverage would have been available under that program (or a lump sum cash payment in lieu of continuation at the election of CNX Gas);

- (d) a lump cash payment equal to the amount that the CNX Gas Executive would have received under CNX Gas's 401(k) plan as a match, if he was eligible to participate in CNX Gas's 401(k) plan for 30 months, in the case of Mr. DeFulius, and 24 months, in the case of Mr. Smith, after his termination date, and he contributed the maximum amount to the plan for the match;
- (e) a lump cash payment equal to the difference between the present value of his accrued pension benefits at his termination date under CNX Gas's qualified defined benefit plan and (if eligible) its pension

Table of Contents

restoration plan (together, the pension plans) and the present value of the accrued pension benefits to which the CNX Gas Executive would have been entitled under the pension plans if he had continued participation in those plans for 30 months, in the case of Mr. DeJuliis, and 24 months, in the case of Mr. Smith, after his termination date;

- (f) a lump sum cash payment of \$25,000 in order to cover the cost of outplacement assistance services and other expenses associated with seeking other employment; and
- (g) any amounts earned, accrued or owing but not yet paid as of his termination date, payable in a lump sum, and any benefits accrued or earned in accordance with the terms of any applicable benefit plans and programs of CNX Gas.

In addition upon a CNX Gas Change in Control, all equity awards held by the CNX Gas Executive in CNX Gas and CONSOL Energy will become fully vested and/or exercisable on the date the CNX Gas Change in Control occurs and all stock options or stock appreciation rights will remain exercisable for the period set forth in the applicable award agreement.

The CNX Gas Change in Control Agreements also provide that in the event that Mr. DeJuliis' employment is terminated in connection with a CNX Gas Change in Control for any reason other than death, disability or cause or if such Executive is constructively terminated as described above (other than in the event of a CONSOL Energy Change in Control), CONSOL Energy may, in its sole discretion, elect on or before the 30th day following his termination date to reemploy him on a full time basis in a salaried position. In the event CONSOL Energy elects to reemploy Mr. DeJuliis, he shall be entitled to receive generally comparable annual base salary, incentive pay and employee benefits from CONSOL Energy for a period not extending beyond the two year anniversary of the CNX Gas Change in Control (the reemployment period). If he refuses or fails to accept CONSOL Energy's offer of reemployment, he will not be considered to have terminated employment under the agreement and will not receive any benefits thereunder.

Upon any reemployment, Mr. DeJuliis must agree and acknowledge that no compensation and benefits will be payable to him under the agreement, except by CONSOL Energy during the reemployment period and he will terminate his agreement with CNX Gas and execute a new change in control severance agreement with CONSOL Energy. If, however, CONSOL Energy terminates his employment with it during the reemployment period, CONSOL Energy will have to pay him the change in control payments and benefits described above offset by any salary, incentive pay and months of benefits, as applicable, received by him from CONSOL Energy during the reemployment period.

In the event Messrs. DeJuliis and Smith are terminated under circumstances described above and in the case of Mr. DeJuliis, CONSOL Energy does not exercise its right to reemploy him, CNX Gas may, in its sole discretion, elect to delay each of their termination dates for up to 24 months (the consultancy period). During the consultancy period, each CNX Gas Executive must be available to provide advice and assistance to CNX Gas. In no event may such executive be required to provide more than five (5) hours of consulting services per work week without his consent and such executive shall be permitted to engage in other business activities, subject to certain restrictions. If CNX Gas elects to provide for a consultancy period, each CNX Gas Executive will continue to receive his annual base salary and employee benefits during such period and the change in control payments and benefits described above will be offset by such amounts and benefits provided to him during the consultancy period.

With respect to each of Messrs. DeJuliis and Smith, if it is determined that any Payment by CNX Gas to or for his benefit would constitute an excess parachute payment within the meaning of Section 280G of the Code, CNX Gas will pay to him a Gross-Up Payment, subject to certain limitations, such that the net amount retained by him after deduction of any excise tax imposed under Section 4999 of the Code, and any tax imposed upon the Gross-Up Payment, will be equal to the Payment.

The CNX Gas Change in Control Agreements will be in effect until July 21, 2006, subject to an annual one-year extension commencing on January 1, 2006, unless CNX Gas gives notice not later than October 31 of the preceding year that it does not wish to extend the agreement. Regardless of any such notice by CNX Gas, the agreement will continue in effect for a period of 24 months beyond the term provided in the agreement if a CNX Gas Change in Control occurs during the period the agreement is in effect.

The Audit Committee has adopted a policy for the pre-approval of services provided by the independent registered public accounting firm. The services performed by PricewaterhouseCoopers LLP in 2005 and 2004 were pre-approved in accordance with the pre-approval policy and procedures adopted by the Audit Committee. Proposed services may require specific pre-approval by the Audit Committee (e.g. annual financial statement audit services) or alternatively, may be pre-approved without consideration of specific case-by-case services (e.g. audit related and tax services). In either case, the Audit Committee must consider whether such services are consistent with SEC rules on auditor independence.

Audit Committee Report. The Audit Committee has reviewed and discussed with management of CONSOL Energy and PricewaterhouseCoopers LLP, the independent registered public accounting firm of the Corporation, the audited financial statements of CONSOL Energy as of and for the fiscal year ended December 31, 2005, including the fiscal year ended December 31, 2004, and the fiscal year ended December 31, 2003 (the Audited Financial Statements). In addition, we have discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Codification of Statements on Auditing Standards No. 61 (Communication with Audit Committees).

The Audit Committee also has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*), and the Committee has discussed with that firm its independence from the Corporation and its subsidiaries. The Committee also discussed with management of the Corporation and the auditing firm such other matters and received such assurances from them as we deemed appropriate.

The Audit Committee has considered whether the provision of the non-audit services by PricewaterhouseCoopers LLP described in this Proxy Statement is compatible with maintaining the independence of PricewaterhouseCoopers LLP.

Table of Contents

Management is responsible for the internal controls and the financial reporting process of the Corporation and its subsidiaries. PricewaterhouseCoopers LLP is responsible for performing an independent audit of CONSOL Energy's financial statements and of its internal control over financial reporting in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

Based on the foregoing review and discussions with management and a review of the report of PricewaterhouseCoopers LLP with respect to the Audited Financial Statements, and relying thereon, the Audit Committee has recommended to the Board of Directors the inclusion of the Audited Financial Statements in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the SEC.

MEMBERS OF THE COMMITTEE:

Raj K. Gupta, Chairman

James E. Altmeyer, Sr.

(The foregoing Audit Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing of CONSOL Energy under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Corporation specifically incorporates the Report by reference therein.)

PROPOSAL #2 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

It is anticipated that prior to the Annual Meeting of Shareholders, the Audit Committee will appoint PricewaterhouseCoopers LLP to serve as the independent registered public accounting firm for CONSOL Energy for the fiscal year ending December 31, 2006. The Audit Committee recommends that the shareholders ratify this anticipated appointment.

During 2005, PricewaterhouseCoopers LLP reviewed the financial statements included in CONSOL Energy's Quarterly Reports on Form 10-Q for the periods ended March 31, 2005, June 30, 2005, September 30, 2005 and audited CONSOL Energy's annual consolidated financial statements and those of its subsidiaries and its internal control over financial reporting for the fiscal year ended December 31, 2005, reviewed financial information in filings with the SEC and other regulatory agencies and provided various other services.

The affirmative vote of the majority of the votes cast by the holders of CONSOL Energy common stock present, in person or by proxy, at the Annual Meeting on this proposal shall constitute ratification of the appointment of PricewaterhouseCoopers LLP. If the shareholders do not ratify the appointment of PricewaterhouseCoopers LLP, the selection of independent registered public accounting firm will be reconsidered by the Audit Committee.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the meeting and will have an opportunity to address the meeting and respond to appropriate questions.

THAT YOU VOTE FOR THE RATIFICATION OF THE SELECTION OF
PRICEWATERHOUSECOOPERS LLP AS INDEPENDENT ACCOUNTANTS
FOR THE FISCAL YEAR ENDING DECEMBER 31, 2006.**

SHAREHOLDER PROPOSALS

Shareholder Proposals for Inclusion in Next Year's Proxy Statement or Presentation at Next Year's Annual Meeting. Any proposal submitted by a shareholder for inclusion in the next Annual Meeting Proxy Statement must be received by the Corporate Secretary of CONSOL Energy no later than November 29, 2006. Any such proposal should be addressed to the Corporate Secretary, CONSOL Energy Inc., 1800 Washington Road, Pittsburgh, PA 15241-1405.

CONSOL Energy's Amended and Restated Bylaws require that all shareholder proposals to be submitted at the Annual Meeting, but not included in the Corporation's Proxy Statement, be received by the Secretary of CONSOL Energy as written notice no later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's Annual Meeting, together with certain information specified in the Amended and Restated Bylaws. As a result, any notice given by a shareholder pursuant to these provisions of our Bylaws must be received no earlier than January 2, 2007 and no later than February 1, 2007, unless our Annual Meeting date is more than 30 days before or more than 60 days after May 2, 2007. If the date of the Annual Meeting is more than 30 days before or more than 60 days after the anniversary date, notice by the shareholder must be delivered not earlier than the close of business on the 120th day prior to the Annual Meeting and not later than the close of business on the later of the 90th day prior to the Annual Meeting or the 10th day following the day on which public announcement of the date of the meeting is first made by CONSOL Energy.

Director nominations must be accompanied by a statement of the nominee indicating willingness to serve if elected, disclose the principal occupations or employment of the nominee during the past five years and evidence of the nominating shareholder's ownership of CONSOL Energy stock (which includes, (1) the name and address of the shareholder as it appears on CONSOL Energy's books, and of such beneficial owner, (2) the class and number of shares of CONSOL Energy which are owned beneficially and of record by the shareholder, (3) a representation that such owner intends to appear in person or by proxy at the meeting to propose such nomination, and (4) a representation whether the shareholder or beneficial owner, if any, intends or is part of a group which intends (a) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of CONSOL Energy's outstanding capital stock required to elect the nominee and/or (b) otherwise solicit proxies from shareholders in support of such nomination).

Householding of Proxy Materials. The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two (2) or more shareholders sharing the same address and the same last name by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for shareholders and cost savings for companies. The Corporation and some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once shareholders have received notice from their broker or the Corporation that materials will be sent in the householding manner to the shareholder's address, householding will continue until otherwise notified or until the shareholder revokes such consent. If, at any time, shareholders no longer wish to participate in householding and would prefer to receive a separate proxy statement, they should notify their broker if shares are held in a brokerage account or the Corporation if holding registered shares. The Corporation will deliver promptly upon written or oral request a separate copy of the annual report or proxy statement, as applicable, to a shareholder at a shared address to which a single copy of the documents was delivered. Any such notice should be addressed to the Investor Relations department of CONSOL Energy Inc., 1800 Washington Road, Pittsburgh, PA 15241-1405, or notice may be given by calling CONSOL Energy at (412) 831-8800 (i) to receive a separate copy of an annual report or proxy statement for this meeting; (ii) to receive separate copies of those materials for future meetings; or (iii) if the shareholder shares an address and wishes to request delivery of a single copy of annual reports or proxy statements if now receiving multiple copies of annual reports or proxy statements.

**CHARTER OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS
OF CONSOL ENERGY INC.**

I. Purpose

The Audit Committee (the *Committee*) of the Board of Directors (the *Board*) of CONSOL Energy Inc. (the *Company*) is appointed by, and generally acts on behalf of, the Board. The Committee's purposes shall be:

A. *Oversight Function.* To assist the Board in its oversight of (1) the integrity of the Company's financial statements; (2) the Company's compliance with legal and regulatory requirements; (3) the performance of the Company's internal audit function; and (4) the Company's risk management policies and related practices.

B. *Independent Auditors.* To interact directly with and evaluate the performance of the independent auditors, including to determine whether to engage or dismiss the independent auditors and to monitor the independent auditors' qualifications and independence; and

C. *Compliance with SEC Requirements.* To prepare the report required by the rules of the Securities and Exchange Commission (the *SEC*) to be included in the Company's proxy statement.

Although the Committee has the powers and responsibilities set forth in this Charter, the role of the Committee is oversight. The members of the Committee are not full-time employees of the Company and may or may not be accountants or auditors by profession or experts in the fields of accounting or auditing and, in any event, do not serve in such capacity. Consequently, it is not the duty of the Committee to conduct audits, to independently verify management's representations, or to determine that the Company's financial statements are complete and accurate, prepared in accordance with generally accepted accounting principles (*GAAP*), or fairly present the financial condition, results of operations, and cash flows of the Company in accordance with GAAP. These are the responsibilities of management and the independent auditors. The Committee's considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with GAAP, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, or that the Company's independent auditors are in fact independent.

II. Membership

A. *Number of Directors and Independence.* The Committee shall be composed of at least three directors, each of whom must be independent. A director shall qualify as independent if the Board has affirmatively determined that the member has met the independence criteria set forth in

the Company's Corporate Governance Guidelines. In addition, members of the Committee must also satisfy the following additional requirements in order to be independent:

 2. *No Compensatory Fees (other than Board-Related Fees).* No Committee member shall accept, directly or indirectly, any consulting, advisory, or other compensatory fees from the Company or any of its subsidiaries, except for fees for services as a director and member of the Audit Committee and any other Board committee.
-
- B. *Financial Literacy, Accounting/Financial Expertise and Financial Expert.* All members of the Committee must be financially literate or become financially literate within a reasonable time after appointment to the Committee. At least one member shall have accounting or related financial management expertise. To the extent possible, at least one member of the Committee shall be an audit committee financial expert as that term is defined by the SEC.

The members of the Committee shall serve until their resignation, retirement, or removal by the Board or until their successors shall be appointed. No member of the Committee shall be removed except by majority vote of the independent directors of the full Board then in office.

D. *Limits on Public Company Service.* Generally, no member of the Committee may serve simultaneously on the audit committees of more than three public companies without a specific Board determination that such simultaneous service will not impair the ability of such Committee member to serve on the Committee.

G. *Minutes.* The Committee shall keep written minutes of its meetings, which minutes shall be maintained with the books and records of the Company.

H. *Delegation of Authority.* The Committee may delegate authority to one or more members of the Committee where appropriate, but no such delegation shall be permitted if the authority is required by a law, regulation, or listing standard to be exercised by the Committee as a whole.

I. *Advisors.* The Committee shall have the authority to obtain advice and assistance from internal and external legal, accounting and other advisors, and the Company shall provide appropriate funding for the Committee to retain any such advisors without requiring the Committee to seek Board approval.
