PROXY STATEMENT

INTRODUCTION

General

The preceding Notice of Annual Meeting of Shareholders, this Proxy Statement and the enclosed proxy card are being furnished by Key Tronic Corporation, a Washington corporation (the "Company"), to the holders of outstanding shares of Common Stock, no par value, of the Company ("Common Stock") in connection with the solicitation of proxies by the Board of Directors of the Company from holders of such shares. The proxies are to be used at the Annual Meeting of Shareholders of the Company to be held on Thursday, October 26, 2006 at 10:00 a.m. Pacific Time at the principal executive offices of the Company, 4424 N. Sullivan Road - Lower Level, Spokane Valley, Washington 99216, and any adjournments or postponements thereof (the "Annual Meeting"). The proxies appoint Jack W. Oehlke, Dale F. Pilz and Wendell J. Satre, any of them and their substitutes, as proxy to vote all shares represented at the Annual Meeting pursuant to this proxy solicitation.

Record Date, Proxies, Revocation

Record holders of the Common Stock at the close of business on September 6, 2006 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. As of the Record Date 9,885,878 shares of Common Stock were issued and outstanding. A proxy card for use at the Annual Meeting is enclosed with this Proxy Statement. All completed, signed and dated proxies returned to the Company will be voted at the Annual Meeting in accordance with the instructions thereon. *If no instructions are given on an otherwise signed and dated proxy card, the proxy will be voted FOR the election of nominees for director named below, and FOR the ratification of the appointment of BDO Seidman, LLP as the Company's independent auditors for fiscal year 2007.* Any proxy may be revoked at any time before it has been voted by giving written notice of revocation to the Secretary of the Company at the address set forth above; by delivering a completed, signed proxy bearing a date later than any earlier proxy; or by voting shares in person at the Annual Meeting. The mere presence at the Annual Meeting of the shareholder who has given a proxy will not revoke such proxy.

Voting

Each share of Common Stock outstanding is entitled to one vote on each matter presented for a vote of the shareholders at the Annual Meeting. Under applicable law and the Company's Restated Articles of Incorporation and Amended and Restated By-Laws, if a quorum exists at a meeting: (i) the five nominees for election as directors who receive the greatest number of votes cast for the election of directors by the shares present in person or represented by proxy and entitled to vote shall be elected directors and (ii) matter 2 listed in the accompanying Notice of Annual Meeting of Shareholders will be approved if the number of votes cast in favor of the proposal exceeds the number of votes cast against it. In the election of directors, any action other than a vote for a nominee will have the practical effect of voting against the nominee. An abstention from voting or a broker nonvote will have no effect on the approval of matter 2 since neither represents a vote cast.

PROPOSAL 1

ELECTION OF DIRECTORS

Five directors are to be elected at the Annual Meeting to serve until the next Annual Meeting of Shareholders and until their respective successors have been elected and have qualified. The Board of Directors, pursuant to the Bylaws, has determined that the number of directors of the Company will be reduced from six to five as of the Annual meeting. The five nominees receiving the highest number of affirmative votes will be elected as directors. In the event any nominee is unable or unwilling to serve as a nominee or director, the proxies may be voted for the balance of those nominees named and for any substitute nominee designated by the present Board of Directors or the proxy holders to fill such vacancy, or for the balance of those nominees named without nomination of a substitute, or the size of the Board of Directors may be reduced in accordance with the By-Laws of the Company. The Board of Directors has no reason to believe that any of the persons named will be unable or unwilling to serve as a nominee or as a director if elected. It is the Company's policy that nominees for election at the Annual Meeting attend the Annual Meeting. With the exception of James R. Committees

The Board of Directors has four standing committees: the Audit Committee, the Compensation and Administration Committee, the Executive Committee and the Governance and Nominating Committee. The committees each have written charters approved by the Board. The Audit Committee, which currently consists of Messrs. Sweeney (Chairman), Pilz and Terry met eleven times during fiscal 2006. The Compensation and Administration Committee which currently consists of Messrs. Shamash (Chairman), and Satre, met three times during fiscal 2006. The Committee establishes and reviews annually the Company's general compensation policies applicable to the Company's executive officers and other key employees, reviews and approves the level of compensation awarded to the Company's Chief Executive Officer and other officers and key management employees, prepares and delivers annually to the Board a report disclosing compensation policies applicable to the Company's executive officers and the basis for the Chief Executive Officer's compensation during the last fiscal year and makes recommendations to the Board regarding changes to existing compensation plans. The Committee evaluates potential director nominees based upon a number of criteria, including the potential nominee's skills, relevant experience and independence. The Committee has no specific minimum qualifications which must be met by a potential director nominee. Each potential nominee is considered on a case by case basis. Potential nominees may be identified to the Committee by members of the Board, officers of the Company, shareholders or other persons. The Committee evaluates each potential nominee in the same manner regardless of the source of the potential nominee's recommendation. The Company has not paid any third party a fee to assist in identifying and evaluating potential director nominees. The Committee has not rejected any potential nominee recommended within the preceding year by a beneficial owner of more than 5% of the Company's Common Stock.

Director Compensation

Each director, other than the Chairman of the Board, who is not an employee of the Company receives a quarterly retainer of \$3,750, a fee of \$1,000 for each Board meeting attended in person and a fee of \$325 for each Board meeting attended by telephone. Committee chairmen receive an additional fee of \$200 for each committee meeting attended. Directors also receive payment of out-of-pocket expenses related to their service as directors.

Each director who was not, upon election to the Board of Directors, an employee of the Company participated in the Company's Amended and Restated 1990 Stock Option Plan for Non-Employee Directors which Plan terminated on July 27, 2005. A final option to purchase 4,930 shares was granted to each non-employee director upon re-election to the Board in October, 2004. The employment contracts entered into with Messrs. Compensation Committee Interlocks and Insider Participation in Compensation Decisions

The Board of Directors has a Compensation Committee presently consisting of Messrs. Shamash and Satre. No member of the Compensation Committee was an officer or employee of the Company or any of its subsidiaries during fiscal year 2006. None of the executive officers of the Company has served on the Board of Directors or on the Compensation Committee of any other entity, any of whose officers served either on the Board of Directors or on the Compensation Committee of the Company.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Overview. Key Tronic's compensation philosophy established by the Compensation Committee (Committee) is that annual total cash compensation should vary with the performance of the Company and long-term incentives should be aligned with the interests of the Company's shareholders. The Company's compensation plan is designed to allow the Company to attract, motivate and retain highly qualified individuals and to be consistent with the short-term and long-term goals of the Company. Compensation of the Company's executive officers including the Chief Executive Officer (CEO), except as otherwise noted in this report, has three primary elements: base salary, annual incentive compensation and long-term incentive compensation. *Base salaries* are established following a review of competitive information related to comparable companies, in similar industries, nationally and in the Northwest. *Annual incentive bonuses* are tied to the profitability of the Company and the key employee's contribution to the Company's performance. Long-term incentive compensation is based upon base salary and the employee's contribution to the Company's performance. Long-term compensation has historically been in the form of annual stock option grants to executive officers pursuant to the Company's employee stock option plans. During fiscal year 2006, the Board of Directors, upon the recommendation of the Committee, adopted a long-term cash incentive compensation plan to replace stock options as the primary element of long-term incentive compensation.

Compensation Consultant. The Compensation Committee's charter provides that the Committee shall have the authority to engage independent compensation consultants with sole authority to retain and terminate such consultants. During fiscal year 2006, the Committee retained the Milliman group as its independent compensation consultant with respect to comparative market data regarding executive compensation.

Base Salaries. The Company's compensation philosophy emphasizes performance-based pay. The goal is to have base salary represent a target percentage of an executive officer's total annual compensation. Prior to setting compensation levels for executive officers, including the CEO, in fiscal year 2006 the Committee reviewed and consulted with the Milliman group with respect to competitive compensation surveys related to comparable companies, in similar industries, nationally and in the Northwest. These companies include some but not all of the companies appearing in the Nasdaq Electronic Components Index in the performance graph on page 14. The Committee indexes base salary ranges to be at average competitive levels. Management recommendations (other than those of the subject executive officer) are considered by the Committee in establishing an individual executive officer's recommended salary. The Committee also considers factors related to individual performance, individual responsibility, Company performance based on net earnings and external competitive factors. The Board of Directors, upon the recommendation of the Committee, establishes each executive officer's annual salary, including the CEO's salary.

Annual Incentive Compensation. Upon the recommendation of the Committee the Board of Directors established the performance goals and target percentage payments for each executive officer, including the CEO, for fiscal year 2006 pursuant to the Incentive Compensation Plan. The plan was based upon Company profit goals. A minimum Company profit goal had to be achieved before any payment was to be made under the plan to key employees, including all executive officers. Bonus payments under the plan were based on three performance levels: threshold achievement, expected achievement, and over-achievement of Company profit goals. Over-achievement payments under the plan were intended to be comparable to industry averages for annual incentive bonus plans. Payments were based upon a percentage

of the key employee's base salary paid during fiscal year 2006. The payment percentage ranges were established in descending order for the CEO, all other officers and all other key employees. The payment percentage range for the CEO ranged from 5% at threshold achievement up to 75% at over-achievement level. Expected level performance was achieved during fiscal year 2006 and, therefore, expected achievement level bonuses for fiscal 2006 were earned under the Incentive Compensation Plan by the CEO, the other officers and other key employees.

Cash Based Long-Term Incentive Compensation. The Committee's policies make long-term incentive compensation an important part of motivating and retaining key employees. During fiscal year 2006, the Board of Directors, upon the recommendation of the Committee, adopted a long-term incentive plan (Plan) to provide a long-term cash bonus opportunity to the officers of the Company and the non-employee members of the Board of Directors if certain Company performance measures established by the Board of Directors are met for three fiscal year performance periods. No amounts can be earned for any three fiscal year performance period until the end of the third fiscal year since achievement of performance measures can only be determined at the end of the third fiscal year.

Equity Based Long-Term Incentive Compensation. Long-term incentive compensation has historically been in the form of annual stock option grants and is consistent with the interests of the Company's shareholders in that it ties executive compensation to the performance of the Company's stock. The Committee granted options to key employees based upon each key employee's position in the Company, base salary and individual performance. The exercise price of options is equal to the closing price of the Common Stock on the date of grant as quoted by the Nasdaq Global Market, as reported in The Wall Street Journal. The vesting periods for options range from one to three years. The Committee did not grant options to executive officers during fiscal year 2006.

Compensation of the Chief Executive Officer. The Committee annually reviews and recommends to the Board of Directors for determination the compensation of the Chief Executive Officer (CEO) of the Company. In determining the amount, form and terms of such compensation the Committee considers the annual performance evaluation of the CEO conducted by the Board of Directors in light of Company goals and objectives relevant to CEO compensation and competitive market data supplied by the Committee's independent compensation consultant pertaining to CEO compensation at comparable companies. Mr. Oehlke, the Company's CEO, received an increase in his bi-weekly base salary in fiscal year 2006 from \$14,615 to \$15,192.31. As a participant in the Incentive Compensation Plan for 2006, Mr. Oehlke earned an incentive bonus of \$203,388 based upon expected level profit goal performance for fiscal year 2006. During fiscal year 2006, Mr. Oehlke was awarded 250,000 target units under the Long-Term Incentive Plan for the three fiscal years performance period 2006 - 2008. No stock options were granted to Mr. Oehlke during fiscal year 2006.

Internal Revenue Code Section 162(m). Compensation payments in excess of \$1 million in any taxable year to any covered employee (defined as the CEO and the Company's other four most highly compensated officers) is subject to a limitation on deductibility for the Company under Section 162(m) of the Internal Revenue Code of 1986, as amended. Certain performance-based compensation is not subject to the limitation on deductibility. To the extent that there is no adverse effect on the Company's performance-related compensation philosophy or on the Company's ability to provide competitive compensation, it is the policy of the Committee and the Board of Directors to minimize executive compensation that is not deductible by the Company for tax purposes.
