**Item 8.01 Other Events**

Effective June 1, 2006, Neogen Corporation adopted the provisions of FASB Statement No. 123 (R) (the Statement). The Statement supersedes Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees, and its related implementation guidance. Under Opinion No. 25, no compensation expense was recognized for the cost of stock options granted pursuant to the Company's employee and director stock option plan because the exercise price of the Company's stock options was equal to the market price of the underlying stock on the date of grant. The Statement requires companies to recognize the cost of stock options based on the grant-date fair value determined under their employee stock option plan over the vesting period. The Company adopted the provisions of the Statement using the modified-retrospective transition method. Under this method, the Company restated all prior periods presented on a consistent basis. The net income (in thousands) and per share restatements for the five fiscal years prior to the current fiscal year are as follows:

	Quarter				Year
