Basic Agreement for Merger reached by

Shinko Securities Co., Ltd. and Mizuho Securities Co., Ltd.

We hereby announce that, after negotiations among Mizuho Corporate Bank, Ltd. (MHC B), Mizuho Securities Co., Ltd. (MHSC) and Shinko Securities Co., Ltd. (Shinko, and collectively with MHSC, the Two Securities Companies) regarding the business consolidation of MHSC and Shinko, the Two Securities Companies have reached basic agreement that they will merge as of a target date of January 1, 2008, based on the understanding that the merger will be conducted under the spirit of a merger of equals, subject to approval from shareholders and relevant governmental authorities, and today signed a memorandum of understanding for merger.

Details will be agreed upon based on further discussions between the Two Securities Companies.

Background and Purpose of Merger

Ten years after the so-called Financial Big Bang, the financial and capital markets in Japan are now experiencing acceleration of the shift from saving to investment, the resolution of the post Bubble Economy insecurity in the financial system and a further shift towards market-oriented indirect financing.

Especially with respect to wholesale businesses, globalization of the operations of large corporations and diversification of capital markets financing methods are continuing, and business reorganizations through mergers and acquisitions are increasingly taking place on a cross-border basis. In addition, the boundaries between domestic financial and capital markets and those overseas are diminishing, and financial flows are becoming larger and faster on a global basis spurred by increased geographical diversification needs of institutional investors and the expansion in activity of fund businesses. Amidst this changing environment, the wholesale financial industry is evolving into an area of intense competition among major players, both domestic and overseas.

To respond to such trends in the financial and capital markets and to offer customers ideal products, services and solutions, Mizuho Financial Group has been promoting its banking and securities businesses in an integrated manner. Specifically, in order to respond to the needs of customers such as large and global corporations, MHC B and MHSC cooperate with each other as members of the Global Corporate Group, and Shinko offers a full range of securities services as a full-service securities company covering all of Japan in cooperation with MHC B and MHSC.

However, in order to respond accurately and promptly to the rapid expansion and changes occurring in financial and capital markets on a cross-border basis and to survive competition in global financial markets, we determined that, in addition to maintaining a stable customer base, it is necessary to restructure our business to enable us to offer competitive cutting-edge financial services on a global basis to serve the increasingly sophisticated and diversified needs of customers.

Thus, MHCBC and the Two Securities Companies came to share a common view that, by further strengthening the integrated operation of the group's banking and securities businesses through the combining of MHSC's global investment banking business platform and Shinko's business network as a full-service securities company covering all of Japan, Mizuho Financial Group will be able to further strengthen its competitiveness and enhance shareholder value.

The merged entity (the New Company), together with MHCBC, will constitute the Global Corporate Group and will aim to become Japan's leading full-service securities company that conducts investment banking business on a global basis, including by strategically leveraging the Financial Holding Company status recently obtained in the U.S. by MHCBC.

Business Objectives of New Company

It is intended that the New Company, in its aim to become Japan's leading full-service securities company that conducts investment banking business on a global basis, will realize the following business objectives:

- (1) The New Company will realize significant synergistic effects through the combination of MHSC's strength in the underwriting and investment banking businesses and Shinko's solid sales base as a full-service securities company with a business network covering all of Japan.
- (2) The New Company will further enhance the advanced expertise and product development/financial engineering capabilities of the Two Securities Companies as the core strengths of the globally competitive New Company so that it may respond accurately and promptly to customer needs which are becoming increasingly sophisticated, diversified and globalized.
- (3) The New Company will promote its investment banking business on a global basis in cooperation with MHCBC which already has an established global network. In particular, MHCBC obtained in December 2006 the status of Financial Holding Company in the United States, and MHCBC and the New Company will cooperate in promoting investment banking business on a global basis, covering Japan, Asia, Europe and the Americas, in compliance with applicable laws and regulations.

This immediate release contains statements that constitute forward-looking statements within the meaning of the United States Private Securities Litigation Reform Act of 1995. Such forward-looking statements do not represent any guarantee by management of future events or future performance. These statements reflect our current views with respect to future events and are subject to risks, uncertainties and assumptions. The following factors, among others, could cause actual results to differ from those described in the forward-looking statements in this immediate release: adverse developments in negotiations among the relevant parties; the inability to obtain shareholder and governmental approvals for the merger on a timely basis or at all; the risk that the businesses of MHSC and Shinko will not be integrated successfully or as quickly as expected; the risk that the synergies from the merger may not be fully realized or may take longer to realize than expected; increased competition in the domestic and international securities and investment banking industries. Additional factors that could affect future results are contained in Item 3.D. Key Information Risk Factors, and Item 5. Operating and Financial Review and Prospects in our registration statement on Form 20-F on file with the U.S. Securities and Exchange Commission (SEC), which is available in the Financial Information section of our web page at www.mizuho-fg.co.jp/english/ and also at the SEC's web site at www.sec.gov. We do not intend to update our forward-looking statements. We are under no obligation, and disclaim any obligation, to update or alter our forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by the rules of the Tokyo Stock Exchange.
