Item 2.05 Costs Associated with Exit or Disposal Activities.

Reference is made to the second paragraph of Item 2.05 of CallWave's Current Report on Form 8-K, filed January 23, 2008 (the Current Report), which read: CallWave and its auditors are in the process of finalizing a good-faith estimate of the costs of the restructuring, and CallWave expects to release that figure at or prior to its quarterly earnings call for the quarter ended December 31, 2007. That statement incorrectly described the process by which CallWave was estimating the restructuring costs and should have read, and is hereby amended and restated in its entirety, as follows:

CallWave is in the process of finalizing a good-faith estimate of the costs of the restructuring, which it intends to discuss with its auditors to ensure that the costs are calculated in compliance with United States Generally Accepted Accounting Principles. CallWave expects to release that figure at or prior to its quarterly earnings call for the quarter ended December 31, 2007.

As previously disclosed in the Current Report, CallWave implemented a reduction in force as part of its operations realignment. CallWave has now completed its estimate of the costs of the restructuring. As a result of the reorganization the Company will incur a one time charge of approximately \$800,000 to \$1,000,000, associated primarily with severance, health insurance, and accelerated stock option compensation expense.

In addition, CallWave anticipates closing and consolidating certain facilities. CallWave will accrue costs associated with facility closures at the time of exit from the facility.
