Item 3.02 Unregistered Sale of Equity Securities.

On February 26, 2008, the Compensation Committee of the Board of Directors of Tri-S Security Corporation (the Company) granted to Ronald G. Farrell, the Company's Chief Executive Officer, a ten-year, non-qualified stock option to purchase 400,000 shares of the Company's common stock, par value \$0.001 per share (the Common Stock), at an exercise price of \$2.50 per share (the Farrell Option). The Farrell Option vests with respect to 50% of the underlying shares of Common Stock on the date of grant and 50% of the underlying shares of Common Stock on February 26, 2009; provided, however, that the Company will not be required to issue any shares of Common Stock upon exercise of the Farrell Option unless such issuance is covered by an effective registration statement under the Securities Act of 1933, as amended (the Securities Act), or an exemption from the registration requirements of the Securities Act is available with respect to such issuance (the Farrell Vesting Schedule). The Farrell Option was granted pursuant to the Company's Stock Incentive Plan, as amended and restated, which was approved by the Company's shareholders at the Company's 2006 annual meeting of shareholders. The Farrell Option was issued without registration under the Securities Act upon the exemption from registration set forth in Section 4(2) of the Securities Act (Section 4(2)) and Regulation D promulgated thereunder (Regulation D). The Company based such reliance upon representations made by Mr. Farrell regarding this investment interest, sophistication and status as an accredited investor, as defined in Rule 501 of Regulation D, among other things.

On February 26, 2008, the Company also granted to the former shareholders (the Former Shareholders) of Paragon Systems, Inc., the Company's wholly-owned subsidiary which the Company acquired from the Former Shareholders in February 2004 (Paragon Systems), ten-year, non-qualified stock options to purchase an aggregate of 40,000 shares of Common Stock, at an exercise price of \$2.50 per share and with a vesting schedule identical to the Farrell Vesting Schedule (the Settlement Options). The Settlement Options were granted pursuant to the terms of that certain Settlement Agreement and General Release, dated September 13, 2007, among the Company, Paragon Systems and Mr. Farrell, on the one hand, and the Former Shareholders, on the other hand, which provides that the Former Shareholders are entitled to receive 10% of any equity securities of the Company which are issued to Mr. Farrell prior to May 18, 2008. The Settlement Options were issued without registration under the Securities Act in reliance upon the exemption from registration set forth in Section 4(2) and Regulation D. The Company based such reliance upon representations made by the Former Shareholders regarding their investment intent, sophistication and status as accredited investors, as defined in Rule 501 of Regulation D, among other things.
