**ITEM 11. EXECUTIVE COMPENSATION**

***Compensation Discussion and Analysis***

***Introduction***

The Company's executive compensation program was initially adopted as part of the formation of the Company through determinations made by the Transition Planning Committee in conjunction with our Chief Executive Officer. The Transition Planning Committee was formed by AmerisourceBergen and Kindred as part of the formation of the Company and consisted of three AmerisourceBergen representatives and three Kindred representatives. The Transition Planning Committee was responsible for assembling a management team for a to be formed public company and developing an initial executive compensation program. The executive compensation program, as described below, was reviewed and subsequently approved by the Company's Compensation Committee.

The Transition Planning Committee retained Mercer Human Resource Consulting ( Mercer ) in 2006 to serve as an outside compensation consultant to the Transition Planning Committee. Using the peer group described below as a benchmark, Mercer prepared data on named executive officer compensation levels and dilution from equity plans. Additionally, Mercer advised the Transition Planning Committee on executive compensation plan design issues, regulatory changes and best practices related to compensation.

The Compensation Committee used Mercer to serve as the outside Compensation Consultant with respect to setting fiscal year 2008 compensation. In April 2008, the Compensation Committee retained Frederic W. Cook & Co. ( Cook ) to serve as our outside Compensation Consultant for subsequent periods. In its role as outside consultant, Cook will provide the Compensation Committee with objective analyses, advice and information with respect to CEO and other executive compensation. Cook maintains no other direct or indirect business relationships with the Company.

***Executive Compensation Program Objectives***

Our executive compensation program is designed to balance our overall compensation philosophy of promoting programs that are simple and flexible, and sufficiently robust to permit us to attract and retain a high quality and stable executive management team. Our executive compensation program is structured to provide transparency to both our employees and stockholders, be competitive within the institutional pharmacy industry and focus our executives on profitability, achieving cost savings and providing quality services to our customers. Each of these performance objectives are critical to our success.

## Table of Contents

The goals of our executive compensation program are to:

Provide competitive and fiscally responsible compensation that enables us to successfully attract and retain highly-qualified executives with the leadership skills and experience necessary to promote our long-term success;

Provide incentive compensation that places a strong emphasis on financial performance, thereby ensuring a strong calibration between the achievement of critical financial and strategic objectives and realized compensation; and

Provide an appropriate link between compensation and the creation of stockholder value through awards tied to our long-term performance and share price appreciation.

The three primary elements of compensation used to support the above goals are base salary, annual cash incentive awards and long-term incentive awards:

*Base Salaries.* The objective of base salary is to provide a baseline compensation level that delivers current cash income to the Named Executive Officers (as defined in the 2007 Summary Compensation Table) and reflects their job responsibilities, experience and value to the Company.

*Annual Cash Incentive Awards.* This component of the compensation program rewards corporate, group and individual performance against pre-established annual goals.

*Long-Term Incentive Awards.* Our long-term incentive program is designed to align the interests of our Named Executive Officers with those of our stockholders by motivating these officers to manage the Company in a manner that fosters long-term performance, as reflected in stock price appreciation, and achievement of profitability objectives. Long-term incentives also serve as essential tools to promote executive retention through time-based vesting requirements.

We also provide benefits and perquisites to our Named Executive Officers. The purpose of these benefits, which are modest in value and not a significant component of the overall compensation program, is to aid in attracting and retaining high quality talent.

### *Benchmarking Process*

In general, we have targeted Named Executive Officers' total compensation to fall within the median range for equivalent positions at peer group companies after adjusting for company size, differences in job content, and experience and responsibilities of the roles compared to similar positions in the market. Based upon consultation with Mercer, the Compensation Committee approved the use of a peer group composed of companies that are relatively comparable in size as measured by annual revenue, operate within the same general industry space, and are competitors for customers and/or executive talent. The peer group used for 2007 benchmarking purposes consisted of:

Omnicare Inc.

Owens & Minor Inc.

St. Jude Medical Inc.

Henry Schein Inc.

Invacare Corp.

PSS World Medical Inc.

Lincare Holdings Inc.

Bioscrip Inc.

Rotech Healthcare Inc.

---

## Table of Contents

For purposes of reviewing the competitiveness of our executive compensation program, Mercer used a combination of data from the annual proxy statements of the above-referenced peer companies as well as general industry data for comparably sized companies as provided in three published compensation surveys, including the Mercer Americas Executive Remuneration Database, Watson Wyatt Report on Top Management Compensation, and Clark Consulting Executive and Senior Management Compensation Survey. Data from these surveys was generally regressed using the Company's annual revenues of approximately \$2.0 billion to determine size-adjusted market rates. The number of companies included in the survey data ranged from approximately 50 to 800, depending on the survey and the position as a reference point for our Named Executive Officers.

The survey data consisted of general industry references for companies of comparable size to the Company and were blended with the available proxy data to provide an overall market composite. We will continue to monitor whether this peer group and the individual compensation surveys remain appropriate for our Company and will make changes when appropriate.

### *Components of the Executive Compensation Program*

Upon formation of the Company, the Transition Planning Committee adopted an initial compensation strategy for the Named Executive Officers consisting of conservative cash compensation (i.e., 25<sup>th</sup> percentile to median base salary and bonus opportunities) combined with more aggressive up-front equity incentive awards. The up-front equity awards, which were generally in the range of 200% to 300% of the market median for the Named Executive Officers (other than the CEO whose initial award size also considered amounts forfeited at his prior employer), were intended to:

Motivate and reward the executives' efforts to integrate the Company's businesses;

Build commitment to our Company and promote retention during the post-closing transition;

Make a substantial portion of the Named Executive Officers' compensation directly contingent on future stock price appreciation and changes in stockholder value;

Complement the other components of our compensation program and provide competitive total compensation opportunities; and

Replace amounts forfeited at prior employers (applies only to our CEO).

For Fiscal 2008, our Named Executive Officer compensation program consists of base salary, annual cash incentives and long-term incentives. For our Named Executive Officers, our program is structured so that variable, or at risk, compensation ranges from 50-75% of total compensation. To ensure that the executives with the highest degree of responsibility to stockholders are held most accountable for results, the portion of total compensation delivered through annual and equity-based long-term incentives varies directly with the executive's level of responsibility.

### *Base Salary*

Base salaries for our Named Executive Officers are targeted in the median range for equivalent positions at the peer group companies after adjusting for company size, differences in job content, experience, and responsibilities. Competitive base salaries are essential to attracting and retaining executive management talent.

Mr. Weishar's employment agreement, entered into on January 14, 2007 with Kindred sets his base salary at \$700,000, a rate individually negotiated with Mr. Weishar and which was at a level necessary and appropriate in light of the other terms of his employment agreement, namely, Mr. Weishar's initial equity award, which is described under the Long Term Incentive section. His base salary falls between the 25<sup>th</sup> percentile and the median of our selected peer group. Mr. Weishar's employment agreement was subsequently assigned to the Company as part of the Pharmacy Transaction.

---

**Table of Contents**

Base salaries for our other Named Executives were individually negotiated with the executives and are set forth in their employment agreements. The Compensation Committee will review base salaries at least annually and more frequently when promotions or changes in responsibility occur within our executive management. Salary increases will be based on factors such as competitive market data, assessment of individual performance, promotions, level of responsibility, and input from our CEO for Named Executives other than himself.

*Annual Cash Incentives.*

Pursuant to the Company's annual incentive program, our Named Executive Officers have the opportunity to earn annual cash incentives for meeting annual performance goals. The Company utilizes cash incentives as a method of tying a portion of annual compensation to our annual financial performance. The specific objective performance criterion that must be obtained in order for bonuses to be paid are established each year by the Compensation Committee, and are subject to change from year to year. In 2007, the incentives were based upon the Company achieving adjusted EBITDA goals. EBITDA was selected as the objective performance criterion, because, as a new company, it was critical to focus our Named Executive Officers on earnings and the achievement of cost savings. EBITDA was adjusted to add back integration costs, which relate to our integration and consolidation activities. For 2007, achievement of \$70 million in adjusted EBITDA resulted in payment of target bonuses. Adjusted EBITDA goals for threshold and maximum bonuses were \$63 and \$84 million, respectively.

Target bonus opportunities are expressed as a percentage of base salary and vary among our Named Executive Officers. The targets were individually negotiated with our Named Executive Officers prior to their accepting employment with our Company. Pursuant to the terms of his employment agreement, Mr. Weishar's target annual bonus is equal to 100% of his base salary. In fiscal year 2007, Mr. Culotta, Mr. McCullough, Ms. Rutkowski, Mr. McKay and Mr. Caneris were eligible for annual target bonus opportunities (represented as a percentage of base salary) of 75%, 60%, 80%, 50% and 50% respectively. For fiscal year 2007, all bonuses were prorated from the executives' starting date. The amount of the bonuses are reported in the 2007 Summary Compensation Table.

As part of the formation of the Company, Messrs. Weishar's and Culotta's annual incentives were based entirely on achieving the adjusted EBITDA target. For the other named executive officers, annual incentives were based 75% on achieving the adjusted EBITDA target and 25% on individual performance. An individual performance measure was utilized for Ms. Rutkowski, Mr. McKay and Mr. Caneris, because of the nature of their duties as Chief Clinical Officer, Senior Vice President of Sales and Marketing, and Senior Vice President and General Counsel respectively. It was desirable for the Company to focus them on the achievement of certain important non-financial departmental initiatives. In 2007, actual bonus awards for our named executive officers were set to range from 0% to 125% of the target award, depending upon performance relative to the predetermined adjusted EBITDA goals. The range was the same for all the Company's executives. The Company achieved adjusted EBITDA of \$71.1 million and the individual performance component for each Ms. Rutkowski and Messrs. McKay and Caneris was funded at 100% of target. All bonuses related to the adjusted EBITDA target to our named executive officers (other than McCullough who did not receive a bonus due to his termination) were paid at 102% of target. No discretion was used in funding or in allocating the bonus pool.

*Long-Term Incentives*

*The Company's Long-Term Incentive Founders' Grants and Initial Grant for Mr. Weishar*

In fiscal year 2007, the long-term component of our executive compensation program for each of our named executive officers (excluding our Chief Executive Officer) consisted of a founders' grant of stock options and restricted shares.

The value of the founders' grant was generally within 200% to 300% of the market median levels for long-term incentive compensation for our peer group. These levels are intended to provide a significant equity stake in the enterprise to key executives. The award value was granted 75% in stock options and 25% in restricted shares

---

**Table of Contents**

or restricted share units. This blend of restricted stock to options was selected, to focus the new management team on stockholder value creation and build retention power into the compensation program. The heavier emphasis on stock options reinforces a critical objective of appropriately linking compensation and the creation of stockholder value by tying compensation to share price appreciation, while having the restricted shares that vest in full on the 3<sup>rd</sup> anniversary of grant support both share price appreciation and executive retention. Messrs. Culotta, McCullough, Rutkowski, McKay and Caneris received a founders' grant with respect to fiscal year 2007 with a grant date value expressed as a percent of base salary of 525%, 525%, 250%, 260%, and 280% respectively.

Mr. Weishar was not awarded a founder's grant because he had been provided an equity grant pursuant to his employment agreement. Under the agreement, the Company granted to Mr. Weishar, on the fifth trading day following consummation of the Pharmacy Transaction, non-qualified stock options to purchase shares of the Company's common stock representing 1.0% of the total number of shares of common stock outstanding and a number of restricted shares of common stock representing 0.75% of the total fair market value, based on the closing price of our common stock on such date, of the common stock then outstanding. The size of the grant was intended to provide Mr. Weishar with significant ownership in the Company and to link his compensation to changes in stockholder value, and to restore certain compensation opportunities that Mr. Weishar forfeited in connection with his resignation from his prior employer.

For fiscal year 2008 and thereafter, we expect that our long-term incentive program will consist of annual grants, targeted at market median levels, consisting of a combination of stock options, performance share/performance share units and long-term cash incentives. Performance share/performance share units and long-term cash incentives were introduced into the long-term incentive program in 2008 for our Named Executive Officers to focus executives on achievement of long-term operating objectives. Similar to the annual bonus plan, adjusted EBITDA was selected as the performance measure for the 2008 performance share and long-term cash plans to reinforce the importance of achievement of cost savings and earnings in the creation of long-term stockholder value.

*Treatment of Equity Incentives in the Event of Change in Control*

As provided in the Company's Omnibus Incentive Plan or the award agreements related thereto, unvested equity awards granted to our named executive officers (with the exception of equity awards held by the CEO) may automatically vest upon certain terminations of a named executive officer's employment following a change in control. We believe that such a double trigger provision is reflective of a growing trend in market practice, which maintains the retention power of the compensation program following a change in control, and will encourage our executive officers to assess takeover bids objectively without regard to the potential impact on their job security. Unvested equity awards held by our CEO automatically vest upon a change in control as provided under terms of his employment agreement, which was entered into prior to the development of our overall executive compensation program and the decision to provide for double trigger vesting with respect to our executive officers generally. Such features are intended to apply to all future grants.

*Stock Ownership Guidelines*

We encourage our executive officers and other key employees to own stock in the Company. The Committee adopted stock ownership guidelines to align long-term interests of management with those of our stockholders and provide a continuing incentive to foster the Company's success. The stock ownership guidelines become effective July 1, 2008 for certain key executive officers, including our named executive officers. Under the stock ownership guidelines, the CEO, Executive Vice Presidents, and Senior Vice Presidents are expected to own Company stock in the amount of 200%, 150%, and 100% of their annual base salary, respectively. The Named Executive Officers have four (4) years to accumulate the targeted ownership level. The following count towards meeting the stock ownership guidelines: all shares and options owned and all restricted shares, performance share units and stock options which vest within sixty (60) days of any date of determination. Shares

are valued at fair market value and options are valued at the spread between the exercise price and the fair market value of the underlying shares. As of April 22, 2008, the value of the named executive officers' (other than Mr. McCullough) ownership in the Company is as follows: Gregory Weishar- \$899,394 (128% of 2007 base salary); Michael Culotta- \$0; Janice Rutkowski-\$88,940 (35% of 2007 base salary); Robert McKay- \$0; and Thomas Caneris- \$0.

### *CEO Signing Bonus and Special Integration Bonuses*

Mr. Weishar was provided with a cash signing bonus and was also provided with a special integration bonus opportunity pursuant to his employment agreement. This opportunity was provided because the successful integration of the two legacy portions of the Company is critical to our future success and the Company desired to specifically tie portions of Mr. Weishar's compensation to the successful integration. Earnout of the integration bonus is linked to the achievement of synergy targets that were developed by the Transition Planning Committee based on expected cost savings opportunities that are expected to come from site consolidations, overhead reductions and other aggregate efficiencies resulting from the combined businesses. The integration bonus is discussed in more detail under the discussion of Mr. Weishar's employment agreement under Narrative Disclosure to Summary Compensation Table and Grants of Plan Based Awards Table .

### *Benefits and Perquisites*

Our named executive officers are eligible to participate in our 401(k) plan and, except as described below, receive the same health, life and disability benefits available to our employees generally. We do not offer a defined benefit pension plan or a supplemental executive retirement plan.

### *Voluntary Deferred Compensation Plan*

Commencing in 2008, the Company offers each of our eligible executive officers, including our Named Executive Officers, the ability to elect to defer up to 100% of their annual bonus and 50% of their base salary into a non-qualified deferred compensation plan. We believe the deferred compensation plan will serve to motivate and retain our executive officers by providing a tax-effective opportunity to save for their retirement and enable them to take a more active role in structuring the timing of certain compensation payments.

### *Relocation Expenses*

We agreed to pay all reasonable and customary relocation expenses for Messrs. Weishar, Culotta, McKay and Caneris (up to a certain dollar amount as specified in Mr. Culotta's and Mr. Caneris' employment agreement) and related taxes for them in order to entice them to relocate their families in connection with their employment with the Company.

### *Club Membership*

Pursuant to the terms of Mr. Weishar's employment agreement, we reimbursed Mr. Weishar \$16,000 for an initiation fee incurred by him in connection with his membership at one country club.

### *Defined Benefit Pension Plan*

The Company does not offer to its employees or named executive officers a defined benefit pension plan, nor does the Company expect to offer such plan in the future to its employees.

*Employment Agreements*

Our Board, based upon the recommendation of our Compensation Committee, approved the Company entering into employment agreements with our Named Executive Officers in order to attract and retain each of these individuals given their experience and qualifications to serve the Company in the foregoing capacities. In addition to providing for compensation opportunities described above and in the following tables and narratives, the employment agreements provide our named executive officers with benefits upon certain terminations of employment. The employment agreements also contain change in control benefits for our Named Executive Officers to help keep them focused on their work responsibilities during the uncertainty that accompanies a change in control and to provide benefits for a period of time after termination of employment following a change in control. The employment agreements contain post-employment non-competition and non-solicitation agreements for a period of twenty-four months, for Mr. Weishar, Ms. Rutkowski and Mr. McKay and eighteen months for Mr. Culotta and Mr. Caneris following the date of termination. The Company believes these agreements are an appropriate method of protecting the Company's business and investment in human capital. The severance levels and benefits were determined through negotiations with the executives. Messrs. McKay and Caneris received a signing bonus upon the execution of their employment agreements. The employment agreements of each of our named executive officers contain provisions for tax gross-ups under section 280G of the Internal Revenue Service Code ( Code ). The Company believes these provisions are appropriate and necessary to make the executives whole in the case the payment of these taxes is required. For a description of the material terms of the employment agreements with each of our named executive officers, see Narrative Disclosure to Summary Compensation Table and Grants of Plan Based Awards Table below. Compensation that could potentially be paid to our named executive officers pursuant to the employment agreements upon a change in control is described below in Potential Payments upon Termination or Change in Control .

*Tax Deductibility of Compensation*

Section 162(m) of the Code restricts deductibility for federal income tax purposes of annual individual compensation in excess of \$1.0 million to the CEO and the other Named Executive Officers if certain conditions are not fully satisfied. To the extent practicable, we have preserved deductibility of compensation paid to our executive officers. However, the Compensation Committee believes that maintaining flexible compensation programs that attract highly-qualified executives is important, and may, if appropriate, award compensation that is not fully deductible under Section 162(m).

**Compensation Committee Report**

The Compensation Committee of the Board of Directors hereby reports as follows:

1. The Compensation Committee has reviewed and discussed the Company's Compensation Discussion and Analysis ( CD&A ) required by Item 402(b) of Regulation S-K with management.
2. Based on the review and discussions referred to in paragraph 1 above, the Compensation Committee recommended to the Board that the CD&A be included in the Company's Proxy Statement and Annual Report on Form 10-K/A (Amendment No. 1) for the fiscal year ended December 31, 2007 filed with the Securities and Exchange Commission.

*Employment Agreements*

During 2007, all of our Named Executive Officers were employed pursuant to employment agreements with the Company. Additional provisions of the employment agreements are set forth in the Compensation Discussion and Analysis.

*Employment Agreement with Mr. Weishar*

Mr. Gregory Weishar, our Chief Executive Officer, entered into his employment agreement on January 14, 2007. On November 13, 2007, we entered into an amendment to the employment agreement. The term of the agreement ends on December 31, 2009, at which time, the agreement automatically renews for additional one-year periods, unless either Mr. Weishar or the Company give notice of non-renewal to the other at least four months prior to the expiration of the relevant period. The employment agreement provides that Mr. Weishar receives a minimum base salary of \$700,000 and is eligible to receive a performance-based annual cash bonus with a target payment equal to 100% of his annual base salary and a maximum bonus of 125% of his base salary for 2007 to the extent that the quantitative performance objectives established annually by the Board or the Compensation Committee are met. Mr. Weishar received a special one-time cash signing bonus of \$1.2 million.

In addition to the above, Mr. Weishar is entitled to receive two special integration bonuses with respect to the performance of the Company (1) if the Company achieves a \$30 million synergy target during Mr. Weishar's employment on or before January 31, 2009, as determined by the Board or the Compensation Committee in its reasonable discretion, Mr. Weishar will receive a one-time cash bonus of \$500,000 and (2) if the Company achieves a synergy target of \$45 million or more during Mr. Weishar's employment term and at or before July 31, 2010, as determined by the Board or the Compensation Committee in its reasonable discretion, Mr. Weishar will receive an additional bonus of \$500,000.

**Table of Contents**

We also granted to Mr. Weishar, on the fifth trading day following consummation of the Pharmacy Transaction, a non-qualified stock option to purchase shares of the Company's common stock representing 1.0% of the total number of shares of common stock outstanding immediately after the closing of the Pharmacy Transaction at a price equal to the closing price per share on the grant date. As a result, Mr. Weishar was granted options to purchase 300,553 shares of common stock with an exercise price of \$16.31 per share. The options have or will vest in four equal installments on each of January 1, 2008, December 31, 2008, December 31, 2009 and December 31, 2010. We also granted to Mr. Weishar, on the closing date of the Pharmacy Transaction, a number of restricted shares of common stock representing 0.75% of the total fair market value, based on the closing price of our common stock on such date, of the common stock then outstanding. As a result, Mr. Weishar was granted 225,415 shares. The restricted stock vests in four equal installments, on each of January 1, 2008, December 31, 2008, December 31, 2009 and December 31, 2010.

The type of compensation due Mr. Weishar in the event of the termination of his employment agreement with the Company varies depending on the nature of the termination.

**Termination without Cause or Resignation for Good Reason** If we terminate Mr. Weishar's employment without Cause or he terminates his employment with Good Reason (as such terms are defined below), he will be entitled to receive:

an amount equal to three times the sum of his then annual base salary and target bonus payment for the calendar year in which termination occurs.

In addition to the foregoing cash payments:

Mr. Weishar will be entitled to receive continued coverage under the Company's welfare benefit plans during the two-year period following termination (or the cash value of such coverage, determined on a net after-tax basis) and COBRA health care continuation coverage commencing at the end of such two-year period;

each compensatory stock option, including the initial awards referred to above, he has received shall (to the extent that they would have become vested or exercisable on or before the third anniversary of the termination date) be fully vested and shall remain fully exercisable until the earliest of a change in control, the second anniversary of the termination date and the expiration of its maximum stated term;

each compensatory restricted stock award, including the initial award described above, he has received shall become fully vested as of the termination date, to the extent that it would have become vested on or before the third anniversary of the termination date and all contractual restrictions on such award shall lapse as of the termination date; and

any other equity-based award he shall have received shall also become fully vested, and shall become non-forfeitable, as of the termination date, to the extent that it would have become vested on or before the third anniversary of the termination date.

**Cause** is defined as the conviction of, or plea of guilty or nolo contendere to, a felony; the commission of intentional acts of gross misconduct (including, without limitation, theft, fraud, embezzlement or dishonesty) that significantly impair the business of the Company or cause significant damage to its property, reputation or business; willful refusal to perform, or willful failure to use good faith efforts to perform, material duties that remains uncured for 14 days following written request from the Board for cure; willful and material breach of

Good Reason is defined as any material diminution in Mr. Weishar's authorities, titles or offices, or the assignment to him of duties that materially impair his ability to perform the duties normally assigned to the chief executive officer of a corporation of the size and nature of the Company (other than a failure to be re-elected to the Board following nomination for election); any change in the reporting structure such that he reports to someone other than the Board; any relocation of the Company's principal office, or of his principal place of employment to a location more than 35 miles from Louisville, Kentucky; any material breach by the Company, or any of its affiliates, of any material obligation to Mr. Weishar; or any failure of the Company to obtain the assumption in writing of its obligations to perform the employment agreement by any successor to all or substantially all of the business and assets of the Company within 15 days after any merger, consolidation, sale or similar transaction; in each case that either has not been consented to by Mr. Weishar or is not fully cured within 30 days after written notice to the Company requesting cure.

Termination for Death or Disability If Mr. Weishar's employment is terminated due to his death or disability (defined as his inability, due to physical or mental incapacity, to substantially perform his duties and responsibilities under this agreement for 180 days out of any 270 consecutive days), he (or his successors-in-interest) shall receive a lump-sum cash payment equal to the sum of (i) any earned but unpaid base salary through the date of termination, (ii) a pro rata bonus for the calendar year of termination equal to his then current annualized base salary pro rated through the date of termination, (iii) any expense reimbursement/payments then due, and (iv) an amount in respect of any earned but unused vacation days through the date of termination (with the value of unused vacation days being equal to his then annual base salary divided by 250).

In addition to the foregoing cash payment:

Mr. Weishar will be entitled to receive continued coverage under the Company's welfare benefit plans during the one-year period following termination (or the cash value of such coverage, determined on a net after-tax basis) and COBRA health care continuation coverage commencing at the end of such one-year period;

each compensatory stock option, including the initial awards referred to above, he has received shall (to the extent that they would have become vested or exercisable on or before the first anniversary of the termination date) be fully vested and shall remain fully exercisable until the earliest of a change in control, the first anniversary of the termination date and the expiration of its maximum stated term;

each compensatory restricted stock award, including the initial award described above, he has received shall become fully vested as of the termination date, to the extent that it would have become vested on or before the first anniversary of the termination date and all contractual restrictions on such award shall lapse as of the termination date; and

any other equity-based award he shall have received shall also become fully vested, and shall become non-forfeitable, as of the termination date, to the extent that it would have become vested on or before the first anniversary of the termination date.

Termination Due to Non-Renewal of Employment Agreement or Other Terminations If Mr. Weishar's employment is terminated because of the expiration of its term due to notice of non-renewal or for any other reason (including voluntary resignation), he will be entitled to receive a lump-sum cash payment equal to the sum of (i) any earned but unpaid base salary through the date of termination, (ii) any expense reimbursement payments then due, and (iii) an amount in respect of any earned but unused vacation days through the date of termination (with the value of unused vacation days being equal to his then annual base salary divided by 250).

In addition to the foregoing cash payment, in the case Mr. Weishar's employment is terminated because of the expiration of its term due to notice of non-renewal:

each compensatory stock option, including the initial awards referred to above, he has received shall (to the extent that they would have become vested or exercisable on or before (i) the second anniversary of the termination date, in the case of notice of non-renewal by the Company, or (ii) the first anniversary of the termination date, in the case of non-renewal by Mr. Weishar), be fully vested and shall remain fully exercisable until the earliest of a change in control, the second anniversary of the termination date, in the case of notice of non-renewal by the Company, or first anniversary of the termination date, in the case of notice of non-renewal by Mr. Weishar, and the expiration of its maximum stated term;

any other equity-based award he shall have received shall also become fully vested, and shall become non-forfeitable, as of the termination date, to the extent that it would have become vested on or before (i) the second anniversary of the termination date, in the case of notice of non-renewal by the Company, or (ii) the first anniversary of the termination date, in the case of non-renewal by Mr. Weishar.

**Change in Control** In the event of a change in control of the Company, Mr. Weishar is not entitled to any cash compensation, except to the extent that the employment agreement is terminated under any of the circumstances described above. In addition,

each compensatory stock option, including the initial awards referred to above, he has received shall become fully vested, and exercisable, on or before such change in control;

each compensatory restricted stock award, including the initial award described above, he has received shall become fully vested as of the date of the change in control and all contractual restrictions on such award shall lapse as of such date; and

*Employment Agreements with other Named Executive Officers*

On July 11, 2007, we entered into employment agreements with Mr. Culotta and Mr. McCullough, each of which became effective on August 1, 2007, the first day of business operations of the Company. On July 31, 2007 we entered into an employment agreement with Mr. McKay and on August 7, 2007 we entered into an employment agreement with Mr. Caneris (Mr. Culotta, Mr. McKay and Mr. Caneris are collectively referred to in this section as the Executive Officers ). Each of the agreements provides for an indefinite term of employment, subject to certain terminations of employment described in more detail below (the Employment Period ). Mr. McCullough's employment with the company was terminated on September 21, 2007. The disclosure therefore relates to provisions contained in Mr. McCullough's employment agreement, which is now terminated.

Pursuant to the terms of the employment agreements Mr. Culotta, Mr. McCullough, Mr. McKay and Mr. Caneris receive a minimum base salary of \$405,000, \$360,000, \$250,000 and \$250,000 respectively, which is reviewed annually by our Compensation Committee and/or our Chief Executive Officer. During the Employment Period, each of the Executive Officers are eligible to (i) participate in any short-term and long-term incentive programs established or maintained by the Company for senior level executives generally, (ii) participate in all incentive, savings and retirement plans and programs of the Company to at least the same extent as other senior executives of the Company, (iii) participate, along with their dependents, in all welfare benefit plans and programs provided by the Company to at least the same extent as other senior executives of the Company, and (iv) four weeks of paid vacation per calendar year.

The type of compensation due to each of the Executive Officers in the event of the termination of his Employment Period varies depending on the nature of the termination.

Termination without Cause or Resignation for Good Reason If, during the Employment Period, we terminate an Executive Officer's employment without Cause or he terminates his employment with Good Reason (as such terms are defined below), such Executive Officer will be entitled to receive:

A lump-sum cash payment equal to (i) the Executive Officer's base salary through the date of termination that has not yet been paid, (ii) a pro rata bonus for the calendar year of termination, to be determined using the Executive Officer's 100% target bonus, (iii) any accrued but unpaid vacation pay, and (iv) any other unpaid items that have accrued and to which the Executive Officer has become entitled as of the date of termination (collectively referred to herein as the Accrued Obligations ); and

**Table of Contents**

(i) Continued payment for 18 months of the Executive Officer's then current base salary and (ii) a bonus equal to the average of the annual bonuses earned by the Executive Officer over the three complete years prior to the date of termination (or, if less than three years, the average bonus earned during such shorter period).

In addition to the foregoing cash payments:

For the 18 month period following the date of termination, each Executive Officer will be entitled to receive a waiver of the applicable premium otherwise payable for COBRA continuation coverage for the Executive Officer, his spouse and eligible dependents, for health, prescription, dental and vision benefits; provided that to the extent COBRA continuation coverage eligibility expires before the end of such period, the Executive Officer will receive payment, on an after-tax basis, of an amount equal to such premium. The Company's obligations to provide such benefits will cease upon the date of commencement of eligibility of the Executive Officer under the group health plan of any other employer or the date of commencement of eligibility of the Executive Officer for Medicare benefits;

Each Executive Officer will be entitled to receive executive level outplacement assistance under any outplacement assistance program of the Company then in effect; and

Each outstanding option, restricted stock or other equity award held by the Executive Officer shall become vested to the extent provided for under the terms governing such equity incentive award.

The Company's obligation to provide any of the payments described above, to the extent not accrued as of the date of termination, will be conditioned upon the receipt from the Executive Officer of a valid release of claims against the Company. In addition, to the extent any of the foregoing payments, compensation or other benefits is determined to constitute nonqualified deferred compensation within the meaning of Section 409A of the Code and the Executive Officer is a specified employee for purposes of Section 409A, such payment, compensation or other benefit will not be paid or provided to the Executive Officer prior to the day that is six (6) months plus one (1) day after the date of termination.

Cause is generally defined in each of the employment agreements as the Executive Officer's (i) continued failure to substantially perform his duties over a period of not less than 30 days after a demand for substantial performance is delivered by our Board or Chief Executive Officer, (ii) willful misconduct materially and demonstrably injurious to the Company, (iii) commission of or indictment for a misdemeanor which, as determined in good faith by our Board, constitutes a crime of moral turpitude and gives rise to material harm to the Company, (iv) commission of or indictment for a felony, or (v) material breach of his obligations under the employment agreement.

Good Reason is generally defined in each of the employment agreements as (i) any reduction in the Executive Officer's base salary, incentive bonus opportunity or long-term incentive opportunity, other than reductions applicable to all members of senior management or (ii) material failure by the Company to comply with certain provisions of the employment agreement relating to the Executive Officer's position and duties and compensation, other than an isolated, insubstantial or inadvertent failure that is not taken in bad faith and is cured by the Company within 30 days of receipt of written notice thereof from the Executive Officer. In general, the Company will have 20 days to cure any conduct that gives rise to Good Reason.

Termination for Death or Disability If an Executive Officer's employment is terminated due to his or her death or disability (defined as a condition entitling the Executive Officer to benefits under the Company's long-term disability plan), the Company shall pay to the Executive Officer (his or her estate), the Accrued Obligations. In addition, each outstanding option, restricted stock or other equity award held by the Executive Officer shall become vested.

**Table of Contents**

**Termination for Cause or Resignation other than for Good Reason** If an Executive Officer's employment is terminated by us for Cause or by the Executive Officer for other than Good Reason, the Company shall pay to the Executive Officer the Executive Officer's base salary through the date of termination that has not been paid and the amount of any declared but unpaid bonuses, accrued but unpaid vacation pay and unreimbursed employee business expenses.

**Change in Control** The employment agreements of Mr. Culotta, Ms. Rutkowski, Mr. McKay and Mr. Caneris have change in control provisions that formalize their severance benefits if they are terminated under the circumstances discussed below after a change in control of the Company. The employment agreements do not entitle these officers to any additional payments or benefits solely upon the occurrence of a change in control. However, if, within one year following a change in control, their employment is terminated (i) by the Company or the officer following the occurrence of (A) a reduction in the officer's base salary other than a reduction that is based on the Company's financial performance or a reduction similar to the reduction made to the salaries provided to all or most other senior executives of the Company, (B) a significant change in the officer's responsibilities and/or duties which constitute a demotion, (C) a material loss of title or office, or (D) a relocation of the officer's principal place of employment of more than 50 miles, or (ii) by the Company without Cause, the officer will be entitled to the same payments and benefits he or she would have received upon a termination without Cause or resignation for Good Reason, as described above. In addition, subject to the officer's execution of a written release of claims against the Company, the officer will become vested in any outstanding options, restricted stock, or other equity incentive awards outstanding as of the date of such termination.

Change in Control means:

any "person", as defined in the Securities Exchange Act of 1934, as amended, acquiring 40% or more of our common stock;

a majority of our directors being replaced under certain circumstances;

a merger or consolidation of the Company with any other corporation (other than a merger or consolidation where the outstanding voting securities of the Company immediately prior to such an event continue to represent more than 40% of the combined voting power after such event or a merger or consolidation); and

approval by our stockholders to liquidate or dissolve the Company or to sell all or substantially all of the Company's assets in certain circumstances.

In the event that any payments made and/or benefits provided to the officer in connection with a change in control pursuant to the employment agreement or any other agreement, plan or arrangement (the "Change in Control Payments") are determined to constitute a parachute payment (as such term is defined in Section 280G(b)(2) of the Code) and exceed the amount which can be deducted by us under Section 280G of the Code by (i) less than 10% of the aggregate value of the Change in Control Payment, then the Change in Control Payment shall be reduced to the maximum amount which can be deducted by us or (ii) more than 10% of the aggregate value of the Change in Control Payment, then we shall pay to the Executive Officer an additional amount which, after the imposition of all income and excise taxes thereon, is equal to the excise tax imposed under Section 4999 of the Code on the Change in Control Payment. The determination of whether any payment or benefit constitutes a parachute payment and, if so, the amount to be paid to the officer and the time of payment shall be made by a nationally-recognized independent accounting firm selected and paid for by us.

Each of Mr. Culotta, Ms. Rutkowski, Mr. McKay and Mr. Caneris has also agreed to certain confidentiality, non-competition and non-solicitation provisions in their respective employment agreements.

*2007 Short Term Incentive Plan*

Pursuant to the Company's 2007 short-term incentive program, our Named Executive Officers have the opportunity to earn annual cash incentives for meeting annual performance goals. In 2007, the incentives were based upon the Company achieving adjusted EBITDA goals. For 2007, achievement of \$70 million in adjusted EBITDA resulted in payment of target bonuses. Adjusted EBITDA goals for threshold and maximum bonuses were \$63 and \$84 million, respectively.

Target bonus opportunities are expressed as a percentage of base salary and vary among our Named Executive Officers. Pursuant to the terms of his employment agreement, Mr. Weishar's target annual bonus is equal to 100% of his base salary. In fiscal year 2007, Mr. Culotta, Mr. McCullough, Ms. Rutkowski, Mr. McKay and Mr. Caneris were eligible for annual target bonus opportunities (represented as a percentage of base salary) of 75%, 60%, 80%, 50% and 50% respectively. For fiscal year 2007, all bonuses were prorated to the date the Named Executive Officer performed services on behalf of the Company.

As part of the formation of the Company, Messrs. Weishar's and Culotta's annual incentives were based entirely on achieving the adjusted EBITDA target. For the other Named Executive Officers, annual incentives were based 75% on achieving the adjusted EBITDA target and 25% on individual performance. In 2007, actual bonus awards for our named executive officers were set to range from 0% to 125% of the target award, depending upon performance relative to the predetermined adjusted EBITDA goals. The Company achieved adjusted EBITDA of \$71.1 and the individual performance component for each Ms. Rutkowski and Messrs. McKay and Caneris was funded at 100% of target. All bonuses to our Named Executive Officers (other than McCullough who did not receive a bonus due to his termination) were paid at 102% of target in March 2008. No discretion was used in funding the bonus pool or in allocating the bonus pool.

*The Company's Long-Term Incentive Founders' Grants and Initial Grant for Mr. Weishar*

In fiscal year 2007, we granted founders' grant of stock options and restricted shares to our named executive officers, except for Mr. Weishar. The award value was granted 75% in stock options and 25% in restricted shares. Messrs. Culotta, McCullough, Rutkowski, McKay and Caneris received a founders' grant with respect to fiscal year 2007 with a grant date value expressed as a percent of base salary of 525%, 525%, 250%, 260%, and 280% respectively. Mr. McCullough's stock options and restricted shares were subsequently forfeited as a result of his termination.

Mr. Weishar was not awarded a founder's grant because he had been provided an equity grant pursuant to his employment agreement. Under the agreement, we granted to Mr. Weishar, on the fifth trading day following consummation of the Pharmacy Transaction, a non-qualified stock option to purchase shares of the Company's common stock representing 1.0% of the total number of shares of common stock outstanding and a number of restricted shares of common stock representing 0.75% of the total fair market value, based on the closing price of our common stock on such date, of the common stock then outstanding.

**Potential Payments upon Termination or Change-in-Control**

The Employment Agreements of the Named Executive Officers require the Company to provide compensation to our Named Executive Officers in the event of a termination of employment or a change in control of the Company. The employment agreements we entered into with our Named Executive Officers define "cause", "good reason" and "change in control" for purposes of determining payments upon termination of employment or a change in control of the Company. Please refer to "Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements" for the definitions of these terms and additional details on the severance and change-in-control provisions that affect our Named Executive Officers.

The estimated payments and benefits that would be provided to each Named Executive Officer as a result of a termination (i) without cause or good reason, (ii) with cause or without good reason, (iii) upon a change in control, or (iv) upon death or disability are set forth in the table below. Calculations for this table are based on the assumption that the termination took place on December 31, 2007 and the individual was employed for the full year of fiscal 2007.

We did not offer a non-qualified deferred compensation plan for directors in 2007; however in 2008, we adopted the PharMerica Corporation Deferred Fee Plan for Directors, which provides an opportunity for directors to defer both their cash and stock fees in any one year. Each director may defer up to 100% of their cash and stock fees. The minimum deferral period for an in-service distribution of any deferred fees is five years from the end of the year in which each such deferred fee agreement relates. Cash fees can be distributed in a lump-sum or in up to ten annual installments. The stock fees will only be distributed in shares in a lump-sum. Notwithstanding the foregoing, in each deferred fee agreement, a director can elect to commence distributions of all cash and stock deferrals earlier, in the event of a separation from service, the death or disability of the director, or upon a change in control of the Company. All cash fees (which a director is 100% vested in at all times) deferred by a director will be directed into the same investments offered under the PharMerica Corporation 401(k) Retirement Savings Plan. Generally, all stock fees will vest ratably in three equal installments commencing on the first anniversary of the date of grant.

Additionally, at the consummation of the Pharmacy Transaction, the Company entered into an Information Technology Services Agreement with Kindred Healthcare Operating, Inc. ( KHOI ), a wholly owned subsidiary of Kindred (the IT Services Agreement ). Pursuant to the IT Services Agreement, KHOI is the Company's exclusive provider of certain information services and support related to information technology infrastructure and financial systems for a period of five years. *Independence of Directors*

Our Corporate Governance Principles provide for director independence standards consistent with those of the NYSE and the federal securities laws. The Board has determined that the following directors are independent as required by the NYSE listing standards and the Company's Corporate Governance Principles: Messrs. Collins, Gerrity, Mac Mahon, Mendelson and Oakley.

All members of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are independent directors as defined in the NYSE listing standards and in the standards in the Company's Corporate Governance Principles.
