Tata Motors Net Revenue grows to Rs.6928.44 crores in 1st Qtr 2008-09,

PAT declines to Rs.326.11 crores

New products in entry mid-size cars, LCV passenger carriers and M&HCV segments strengthen market share

MUMBAI, July 30, 2008: Tata Motors today reported a 14.4% increase in revenues (net of excise) to Rs.6928.44 cores on a stand-alone basis for the quarter ended June 30, 2008, of the financial year 2008-09, compared to Rs.6056.82 crores in the corresponding quarter last year.

The profits for the quarter include a notional valuation loss of Rs.199.88 crores (compared to a gain of Rs.205.89 crores in the corresponding quarter last year) reflecting the volatility in foreign exchange rates impacting the company's long-term funds raised through issue of Foreign Currency Convertible instruments. Margins were further impacted in a challenging environment due to abnormal input material cost increases and general inflationary trends. After accounting for these adverse extraneous factors, Profit after Tax (after the notional loss on foreign currency valuation) for the quarter was Rs.326.11 crores, a decline of 30.13% compared to Rs.466.76 crores in the corresponding quarter last year.

The sales volume for the quarter (including exports) at 1,33,079 vehicles grew by 3.9% over 1,28,095 vehicles in the corresponding period last year. Domestic sales of commercial vehicles increased by 15.9% to 71,049 units, while domestic sales of passenger vehicles (including Fiat) at 52,450 units were flat.

While higher interest rates and reduction in overall vehicle financing continue to affect retails, the company is posting good growth and also improving market shares in segments where it has already introduced new products. For example, the launch of Indigo CS has made a significant contribution to increase in market share in the entry mid-size segment to 38.6% during the quarter. Similarly, introduction of Magic and Winger, along with buses, has resulted in a substantial increase in the company's market share in public transportation. Market share has also increased in the M&HCV segment. The company will continue to launch new products and variants both in passenger vehicles and commercial vehicles over the coming months. The company will also continue to accord a special thrust on vehicle finance to facilitate better retail sales. New initiatives of cost reduction, now under development, will continue to be implemented vigorously.

Tata Motors acquired the business of Jaguar Land Rover on June 2, 2008. The financial statements of the business are under compilation. In view of this, consolidated results are not yet available and hence are not being published.

The audited stand-alone financial results for the quarter ended June 30, 2008, are enclosed.

- 2) Effective from April 1, 2008, the Company has applied hedge accounting principles in respect of forward exchange contracts as set out in Accounting Standard (AS) 30 Financial Instruments: Recognition and Measurement, issued by the Institute of Chartered Accountants of India. Accordingly, all such contracts outstanding as on June 30, 2008 are marked to market and a notional loss aggregating to Rs 13116 lakhs (net of tax) arising on contracts that were designated and effective as hedges of future cash flows, has been directly recognised in the Hedging Reserve Account to be ultimately recognised in the Profit and Loss Account depending on the exchange rate fluctuation till and when the underlying forecasted transaction occurs. This treatment is different from the earlier practice of recognizing such notional loss / gain in the Profit and Loss Account on the basis of exchange rate on the reporting date.
- 3) During the quarter, the Company, has reviewed the estimation for provisioning for doubtful receivables in respect of its vehicle financing business based on past performance trends. The Company continues to provide for such doubtful receivables based on an assessment and the probable inherent loss in the business, and more conservatively than required under the RBI guidelines applicable to NBFC's. The revised estimation has resulted in lower provisioning of Rs 5076 lakhs in the current quarter.
- 4) During the quarter ended June 30, 2008, the Company has partially divested its stake in Tata AutoComp Systems Ltd, an associate company, from 50% to 26%. The resultant profit of the divestment of Rs. 11366 lakhs is included in the other income.

 - (a) On June 2, 2008, the Company acquired from Ford Motor Company, Jaguar Land Rover businesses, for a consideration of US \$ 2.3 billion (approx Rs. 975373 lakhs), in an all-cash transaction, through JaguarLandRover Ltd, a wholly owned subsidiary of TML Holdings Pte Ltd, Singapore, which is a 100% subsidiary of the Company. Out of the consideration, Ford has contributed approx US \$ 600 million to the Jaguar Land Rover pension plans.
 - (b) The acquisition includes the ownership of three major manufacturing plants, two advanced design centres in UK, a worldwide sales network, Intellectual Property Rights (including perpetual royalty free licenses) and Brands and Trade marks.
 - (c) The businesses have been acquired on a debt free basis.
 - (d) The initial acquisition cost has been financed through bridge finance facility provided by a syndicate of banks to JaguarLandRover Ltd, which has been guaranteed by the Company.
 - (e) The Company has made an investment of US \$ 100 million (Rs. 41312 lakhs) in equity shares and US \$ 400 million (Rs. 163239 lakhs) in redeemable preference shares in TML Holdings Pte Ltd, Singapore.
- 6) The Company is engaged mainly in the business of automobile products consisting of all types of commercial and passenger vehicles including financing of the vehicles sold by the Company. These, in the context of Accounting Standard 17 on Segment Reporting, as specified in the Companies (Accounting Standards) Rules, 2006, are considered to constitute one single primary segment.
