**Section 7 Regulation FD**

**Item 7.01 Regulation FD Disclosure**

WellPoint, Inc. (WellPoint) hereby reaffirms its guidance for full year 2008 net income to be in the range of \$5.42 - \$5.57 per share, which was given in a press release and conference call on July 23, 2008. A copy of the press release was attached as Exhibit 99.1 to the Form 8-K furnished by WellPoint to the Securities and Exchange Commission on July 23, 2008. Officers of WellPoint expect to speak with securities analysts and investors during the period commencing on September 11, 2008 and ending on September 24, 2008. During these discussions, the officers expect to reaffirm WellPoint's net income guidance as set forth above.

None of the information furnished in this Item 7.01 shall be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended. **Section 8 Other Events**

**Item 8.01 Other Events**

WellPoint holds Fannie Mae and Freddie Mac perpetual preferred stock with a cost basis of approximately \$243 million. Such preferred stocks are classified as available-for-sale in WellPoint's investment portfolio and have declined in aggregate value by approximately \$214 million based on market values as of September 8, 2008. These securities are subject to WellPoint's quarterly investment impairment review procedures as of September 30, 2008 and are anticipated to result in an other-than-temporary impairment charge. The precise amount of other-than-temporary impairments that may be incurred on these securities in the third quarter is difficult to determine, given the significant volatility being experienced in the market values of these securities.

Despite the anticipated third quarter other-than-temporary impairments related to the Fannie Mae and Freddie Mac perpetual preferred stock, WellPoint is reaffirming its guidance for full year 2008 net income as set forth in Item 7.01 above. As previously disclosed, WellPoint has been in discussions with federal and state taxing authorities. WellPoint has entered into settlement agreements in the third quarter. It is anticipated that the settlement agreements will result in reserve releases in the third quarter offsetting the Fannie Mae and Freddie Mac perpetual preferred stock other-than-temporary impairments.
