Dear Stockholders:

We are pleased to invite you to attend Maxim Integrated Products, Inc.'s (Maxim, we or our) 2008 annual meeting of stockholders to be held on Monday, December 15, 2008 at 10:00 a.m. Pacific Time, at our Event Center at 433 N. Mathilda Avenue, Sunnyvale, California 94086.

Details regarding admission to the meeting and the business to be conducted are described in this proxy statement, as well as in the Notice of Internet Availability of Proxy Materials (the Notice) mailed to you on or about October 31, 2008. We have also made available a copy of our 2008 Annual Report on Form 10-K with this proxy statement. We encourage you to read our 2008 Annual Report. It includes our audited financial statements and provides information about our business and products.

You may have noticed changes in the way we are providing proxy materials to our stockholders in connection with our 2008 annual meeting. This is because we have elected to provide access to our proxy materials over the Internet under the new notice and access rules of the Securities and Exchange Commission (SEC). We believe that this new process should expedite stockholders' receipt of proxy materials, lower the costs of our annual meeting, and help to conserve natural resources. The Notice you received in the mail contains instructions on how to access this proxy statement and 2008 Annual Report and vote online. The Notice also includes instructions on how to receive a paper copy of the annual meeting materials.

Your vote is important. Please review the instructions on each of your voting options described in this proxy statement as well as in the Notice you received in the mail.

Also, please let us know if you plan to attend our annual meeting when you vote by telephone or over the Internet, by indicating your plans when prompted or, if you requested to receive printed proxy materials, by marking the appropriate box on the enclosed proxy card.

Thank you for your ongoing support of Maxim. We look forward to seeing you at our annual meeting.

Sincerely,

Tunc Doluca
President and Chief Executive Officer

Proxy Statement for Annual Meeting of Stockholders

DECEMBER 15, 2008

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Q: Why am I receiving these materials?

A: Our board of directors is making these materials available to you on the Internet, or, upon your request, is delivering printed proxy materials to you, in connection with the solicitation of proxies for use at Maxim's 2008 annual meeting of stockholders, which will take place on December 15, 2008 at 10 a.m. Pacific Time, at our Event Center located at 433 N. Mathilda Avenue, Sunnyvale, California 94086. As a stockholder holding shares of our common stock on October 24, 2008 (the record date), you are invited to attend the annual meeting and requested to vote on the proposals described in this proxy statement.

As of the record date, 318,651,273 shares of Maxim's common stock were issued and outstanding.

Q: What information is contained in this proxy statement?

A: The information in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of our directors and most highly paid executive officers, and certain other information required to be provided by the rules and regulations of the Securities and Exchange Commission (the SEC).

Q: Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of printed proxy materials?

A: In accordance with rules recently adopted by the SEC, we may now furnish proxy materials, including this proxy statement and our 2008 Annual Report to Stockholders, to our stockholders by providing access to such documents on the Internet instead of mailing printed copies. On or about October 31, 2008, we are mailing the notice of the Internet availability of proxy materials (the Notice) to our stockholders (except those stockholders who previously requested electronic or paper delivery of proxy materials), which includes instructions as to how stockholders may access and review all of the proxy materials on the Internet. The Notice also instructs you as to how you may submit your proxy on the Internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials provided in the Notice.

Q: How do I get electronic access to the proxy materials?

A: The Notice will provide you with instructions regarding how to:

View our proxy materials for the annual meeting on the Internet and vote online; and

If desired, instruct us to send our future proxy materials to you electronically by email or by mail.

Q: I share an address with another stockholder and we only received one copy of the Notice and/or other proxy materials. How may I obtain a separate copy?

A: Under the procedure approved by the SEC called householding, if you have the same address and last name as another stockholder and do not participate in electronic delivery of proxy materials, you may

receive only one copy of the Notice, or, if applicable, one copy of any other proxy materials, until you instruct us otherwise. Please note that you will still be able to access the proxy materials on the Internet and vote your shares separately.

If you received a single copy of the Notice or other proxy materials as a result of householding, and you would like to have separate copies of such materials mailed to you, please submit your request either by calling the number provided below or mailing a written request to the address provided below:

Corporate Secretary

Maxim Integrated Products, Inc.

120 San Gabriel Drive

Sunnyvale, CA 94086

(408) 470-5606

We will promptly mail a separate copy of this proxy statement upon our receipt of such request. Please note that if you want to receive a paper copy of this proxy statement or other proxy materials, you should follow the instructions included in the Notice.

Q: What items of business will be voted on at the annual meeting?

A: The items of business scheduled to be voted on at the annual meeting are:

the election of seven directors;

the ratification of the appointment of Deloitte & Touche LLP as Maxim's independent registered public accounting firm for the fiscal year ending June 27, 2009; and

approval of our 2008 Employee Stock Purchase Plan with 4,000,000 shares of common stock reserved for issuance thereunder. In addition, we will consider any other items of business that properly come before the annual meeting.

Q: What are the requirements for admission to the meeting?

A: Only stockholders holding shares of Maxim's common stock as of the record date or their proxy holders and Maxim's guests may attend the meeting. Admission to the meeting will be on a first-come, first-served basis. Registration and seating will begin at 9:30 a.m. (Pacific Time). Cameras and other video or audio recording devices will not be permitted at the meeting.

If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport. If you hold your shares as a beneficial owner through a brokerage firm, bank, broker-dealer, trustee or nominee, you will need to ask your brokerage firm, bank, broker-dealer, trustee or nominee for an admission card in the form of a legal proxy. You will need to bring the legal proxy with you to the meeting. If you do not receive the legal proxy in time, bring your most recent brokerage statement (reflecting your share ownership as of October 24, 2008, the record date) with you to the meeting. We can use that to verify your ownership of shares of our common stock and admit you to the meeting. However, as discussed more fully under the heading "What is the difference between holding shares as a stockholder of record and as a beneficial owner?", beneficial owners will not be able to vote their shares at the annual meeting without a legal proxy.

Q: *How does the board of directors recommend that I vote?*

A: Our board of directors recommends that you vote your shares (1) **FOR** each of the nominees to the board of directors, (2) **FOR** the ratification of our independent registered public accounting firm for the 2009 fiscal year, and (3) **FOR** the adoption of our 2008 Employee Stock Purchase Plan.

Q: *How many votes do I have?*

A: For each proposal to be voted on, you have one vote for each share of Maxim's common stock you own as of the record date, October 24, 2008.

Q: *What is the difference between holding shares as a stockholder of record and as a beneficial owner?*

A: Many Maxim stockholders hold their shares through a broker or other nominees rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record: If your shares are registered directly in your name with our transfer agent, Computershare, as of the record date, you are considered, with respect to those shares, the *stockholder of record*, and the Notice was sent directly to you by Maxim. As the *stockholder of record*, you have the right to grant your voting proxy directly to Maxim or to vote in person at the annual meeting. If you requested to receive printed proxy materials, Maxim has enclosed or sent a proxy card for you to use. You may also vote on the Internet or by telephone, as described in the Notice and below under the heading *How can I vote my shares without attending the annual meeting?*, or by completing and mailing the proxy card if you requested a printed copy of the proxy materials.

Beneficial Owner: If your shares are held in an account at a brokerage firm, bank, broker-dealer, trust or other similar organization, like the vast majority of our stockholders, you are considered the *beneficial owner* of shares held *in street name*, and the Notice was forwarded to you by that organization. As the beneficial owner, you have the right to direct your brokerage firm, bank, broker-dealer or trustee how to vote your shares, and you are also invited to attend the annual meeting. Since a *beneficial owner* is not the *stockholder of record*, you may not vote your shares in person at the annual meeting unless you obtain a legal proxy from the brokerage firm, bank, broker-dealer, trust or other similar organization that holds your shares giving you the right to vote the shares at the meeting. If you do not wish to vote in person or you will not be attending the annual meeting, you may vote by proxy. You may vote by proxy over the Internet or by telephone, as described in the Notice and below under the heading *How can I vote my shares without attending the annual meeting?*

Q: *How can I vote my shares in person at the annual meeting?*

A: Shares held in your name as the stockholder of record may be voted by you in person at the annual meeting. Shares held beneficially in street name may be voted by you in person at the annual meeting only if you obtain a legal proxy from the brokerage firm, bank, broker-dealer, trustee or nominee that holds your shares giving you the right to vote the shares.

Even if you plan to attend the annual meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.

Q: *How can I vote my shares without attending the annual meeting?*

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the annual meeting. If you are a stockholder of record, you may vote by proxy. You can vote by proxy over the Internet or by telephone by following the instructions provided in the Notice, or, if you requested to receive printed proxy materials, you can also vote by mail pursuant to instructions provided on the proxy card. If you hold shares beneficially in street name, you may also vote by proxy over the Internet or by telephone by following the instructions provided in the Notice, or, if you requested to receive printed proxy materials, you can also vote by mail by following the voting instruction card provided to you by your brokerage firm, bank, broker-dealer, trustee or nominee.

Q: *Can I change my vote?*

A: You may change your vote at any time prior to the taking of the vote at the annual meeting. If you are the stockholder of record, you may change your vote by (1) delivering to Maxim's Corporate Secretary at 120 San Gabriel Drive, Sunnyvale, California 94086 a written notice of revocation or a duly executed proxy bearing a date subsequent to your original proxy prior to the date of the annual meeting, or (2) attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your brokerage firm, bank, broker-dealer, trustee or nominee following the instructions they provided, or, if you have obtained a legal proxy from your brokerage firm, bank, broker-dealer, trustee or nominee giving you the right to vote your shares, by attending the annual meeting and voting in person.

Q: *What happens if I deliver a signed proxy without specifying how my shares should be voted?*

A: If you deliver your proxy without instructions and do not later revoke the proxy, the proxy will be voted **FOR** the slate of nominees to the board of directors described in this proxy statement and **FOR** Proposals No. 2 and No. 3. As to any other matter that may properly come before the annual meeting, the proxy will be voted according to the judgment of the proxy holders.

Q: *Is my vote confidential?*

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. An independent tabulator, not Maxim, will count the votes, and your vote will not be disclosed either within Maxim or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the results and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide on their proxy card written comments, which are then forwarded to Maxim management.

Q: *How many shares must be present or represented to conduct business at the annual meeting?*

A: The quorum requirement for holding the annual meeting and transacting business is that holders of a majority of the voting power of the issued and outstanding common stock of Maxim as of the record date must be present in person or represented by proxy. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum.

Q: *What is the voting requirement to approve each of the proposals?*

A: In the election of directors, the seven nominees receiving the highest number of affirmative **FOR** votes at the annual meeting will be elected.

The affirmative **FOR** vote of a majority of the votes cast on the proposal is required to approve (1) the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending June 27, 2009, and (2) the adoption of our 2008 Employee Stock Purchase Plan.

Q: *What are my voting choices?*

A: In the election of directors, you may vote **FOR** or **WITHHELD** with regards to all or some of the nominees. Votes **WITHHELD** with respect to the election of directors will be counted for purposes of determining the presence or absence of a quorum at the annual meeting but will have no other legal effect upon election of directors, as the election of a director only requires a plurality of

Edgar Filing: MAXIM INTEGRATED PRODUCTS INC - Form DEF 14A

affirmative FOR votes.

For the other items of business, you may vote FOR, AGAINST or ABSTAIN. If you elect to ABSTAIN, the abstention has the same effect as vote AGAINST.

Q: *What is the effect of broker non-votes and abstentions?*

A: If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered votes cast on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained.

Abstentions are considered votes cast and thus have the same effect as votes against the matter. However, in the election of directors, the vote WITHHOLD AUTHORITY will have no effect on the outcome as such election only requires a plurality of affirmative FOR votes.

Q: *Is cumulative voting permitted for the election of directors?*

A: Yes. You may cumulate your votes for the election of directors. You are entitled to as many votes as equals the number of directors to be elected multiplied by the number of shares held by you, and you may cast all such votes for a single director or distribute such votes among as many candidates who have been properly nominated as you see fit. Please note that the proxy holders may exercise discretionary authority to cumulate votes and to allocate such votes among the seven nominees recommended by the board of directors.

Q: *What happens if additional matters are presented at the annual meeting?*

A: Other than the three items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders, Mark Casper and Bruce Kiddoo, or any of them, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any reason any of the nominees described in this proxy statement is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the board of directors.

Q: *Who will serve as inspector of elections?*

A: The inspector of elections will be a representative from Broadridge Financial Services. Broadridge Financial Services will tabulate the votes in connection with the annual meeting.

Q: *Who will bear the cost of soliciting votes for the annual meeting?*

A: Maxim will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. If you choose to access the proxy materials and/or vote over the Internet, you are responsible for Internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We will, on request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of our common stock.

Q: *Where can I find the voting results of the annual meeting?*

A: We intend to announce preliminary voting results at the annual meeting and publish final results in our quarterly report on Form 10-Q for the quarter ending December 27, 2008.

Q: *What is the deadline for submission of stockholder proposals for consideration at the 2009 annual meeting?*

A: **For proposals other than nomination of director candidates:** Pursuant to the SEC Rule 14a-8 promulgated under the Exchange Act of 1934, as amended (the Exchange Act), a stockholder proposal will be considered for inclusion in our proxy materials for the 2009 annual meeting only if the Corporate Secretary of Maxim receives the proposal no later July 3, 2009.

Pursuant to the SEC Rule 14a-4 and 14a-5 promulgated under the Exchange Act, a stockholder proposal for consideration before the 2009 annual meeting that is not intended to be included in our proxy materials for the 2009 annual meeting will be considered timely only if the Corporate Secretary of Maxim receives notice of such stockholder proposal no later September 16, 2009. If the Corporate Secretary is not notified of such proposal on or before September 16, 2009, then Maxim's proxy holders will be permitted to use their discretionary voting authority to vote on such proposal if such proposal is raised at the 2009 annual meeting.

Proposals should be addressed to:

Corporate Secretary

Maxim Integrated Products, Inc.

120 San Gabriel Drive

Sunnyvale, CA 94086

Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy statement.

Our bylaws provide that the only business that may be conducted at an annual meeting is business that is (1) pursuant to Maxim's proxy materials with respect to such meeting, (2) brought by or at the direction of our board of directors, or (3) brought by a stockholder of Maxim who is a stockholder of record as of the record date who has timely delivered written notice to our Corporate Secretary, which notice must contain the information specified in our bylaws. To be timely for our 2009 annual meeting of stockholders, our Corporate Secretary must receive the written notice, prepared in accordance with our bylaws, at our principal executive offices:

not later than the close of business on September 16, 2009, and

not earlier than the close of business on August 17, 2009.

In the event that we hold our 2009 annual meeting of stockholders more than 30 days before or 60 days after the one-year anniversary date of the 2008 annual meeting, then notice of a stockholder proposal that is not intended to be included in our proxy statement must be received not later than the close of business on the earlier of the following two dates:

the 90th day prior to the 2009 annual meeting, or

the 10th day following the day on which public announcement of the meeting date is made (either in a press release reported by the Dow Jones News Service, Associated Press or a comparable national news service or in a document publicly filed by Maxim with the SEC).

If a stockholder who has notified us of his or her intention to present a proposal at an annual meeting takes any action contrary to the representations made in his or her notice to Maxim's Corporate Secretary, or if such representations contain an untrue statement of a material statement or omit a material fact, we are not required to present the proposal for a vote at such meeting.

For nomination of director candidates: Stockholders may propose nominees to be eligible for election as directors at the 2009 annual meeting in accordance with the provisions of our bylaws. To properly nominate such a candidate, a stockholder must deliver written notice, prepared in accordance with our bylaws, to Maxim's Corporate Secretary prior to the deadlines set forth above for stockholder proposals.

Nominations should be addressed to:

Corporate Secretary
Maxim Integrated Products, Inc.
120 San Gabriel Drive
Sunnyvale, CA 94086

If a stockholder who has notified us of his or her intention to nominate a director candidate at an annual meeting takes any action contrary to the representations made in his or her notice to Maxim Corporate Secretary, or if such representations contain an untrue statement of a material statement or omit a material fact, we are not required to present the nomination at such meeting.

Copy of Bylaw Provisions: A copy of our bylaws can be found in the Corporate Governance section of Maxim's corporate website at <http://www.maxim-ic.com/company/investor/governance>. You may also contact our Corporate Secretary at the address given above for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

Board of Directors Structure and Committee Composition

Currently, there are seven members of the board of directors, consisting of B. Kipling Hagopian, Tunc Doluca, James R. Bergman, Joseph R. Bronson, Robert E. Grady, William D. Watkins and A. R. Frank Wazzan. Mr. Hagopian is the Chairman of the board of directors. From the beginning of fiscal year 2008 through November 15, 2007, the board of directors consisted of five members, Messrs. Hagopian, Doluca, Bergman and Wazzan, and Mr. Peter de Roeth. On November 15, 2007, we increased the size of the board of directors to six and appointed Mr. Bronson to the board. On February 6, 2008, Mr. de Roeth resigned as a director and the remaining five members constituted our board of directors until the size of the board of directors was increased to seven and Messrs. Grady and Watkins joined the board of directors in August 2008.

Our board of directors has the following three standing committees: (1) an Audit Committee, (2) a Compensation Committee, and (3) a Nominating and Governance Committee. Each of the committees operates under a written charter adopted by the board of directors. All of the committee charters are available in our Corporate Governance section of our website at <http://www.maxim-ic.com/company/investor/governance>. During fiscal year 2008, the board of directors held 13 meetings and acted by written consent 11 times. During fiscal year 2008, with the exception of Mr. de Roeth, each director attended at least 75% of all meetings of the board of directors and applicable committee meetings. Mr. de Roeth's absence from the meetings of the board of directors was largely attributable to family medical reasons. We encourage our directors to attend our annual meeting of stockholders. In 2005, the last year in which our annual meeting of stockholders was held, all of the then-directors of Maxim attended the annual meeting.

Independence of the Board of Directors

Our board of directors has determined that, with the exception of Mr. Doluca, Maxim's Chief Executive Officer, all of its members during fiscal year 2008 were, and currently are, independent directors as that term is defined in the Marketplace Rules of The NASDAQ Stock Market (NASDAQ), including for the purposes of the Audit Committee composition requirements. Such independence definition includes a series of objective tests, including that the director not be an employee of Maxim and not be engaged in certain types of business transactions or dealings with Maxim. In addition, as further required by the NASDAQ rules, the board of directors has made a subjective determination that no relationships exist between Maxim and each director which, in the opinion of the board of directors, would interfere with the exercise of independent judgment in carrying out his responsibilities as director. The independent directors will meet regularly in executive session, without members of management present.

Audit Committee and Audit Committee Financial Expert

The Audit Committee, which has been established in accordance with Section 3(a)(58)(A) of the Exchange Act, is currently comprised of Messrs. Bergman, Bronson and Watkins, each of whom is independent within the meaning of the NASDAQ director independence standards as currently in effect. Since October 2008, Mr. Bronson has been the Chairman of the Audit Committee. Prior to Mr. Bronson's appointment as Chairman of the Audit Committee, Mr. Bergman served as Chairman of the Audit Committee since March 1, 2007. The board of directors has determined that Mr. Bronson is an audit committee financial expert as defined under the rules of the SEC. The Audit Committee has a written charter adopted on June 8, 2000 and most recently amended on April 6, 2007. During most of fiscal year 2008, Mr. Hagopian was a member of the Audit Committee, but he resigned from the Audit Committee in May of 2008 due to time limitations and Mr. Bronson was appointed to fill the vacancy.

The Audit Committee oversees the accounting, financial reporting and audit processes of Maxim's financial statements. In accordance with the Audit Committee Charter, the Audit Committee appoints Maxim's independent registered public accounting firm and is primarily responsible for approving the services performed by Maxim's independent auditors and for reviewing and evaluating Maxim's accounting principles and its system of internal controls.

Compensation Committee

The Compensation Committee is currently comprised of Messrs. Bergman, Grady and Wazzan, each of whom is independent within the meaning of the NASDAQ director independence standards as currently in effect. Since March 2007, Mr. Wazzan has been the Chairman of the Compensation Committee. Among other tasks, the Compensation Committee (i) annually reviews and approves corporate goals and objectives relevant to the compensation of the Chief Executive Officer and annually reviews and evaluates Maxim's Chief Executive Officer against such approved goals and objectives, (ii) in consultation with the Chief Executive Officer, reviews and approves the compensation of our officers, (iii) administers our 1996 Stock Incentive Plan, (iv) makes recommendations to the board of directors with respect to compensation of our directors and committee members, (v) prepares the Compensation Discussion and Analysis and issues the Compensation Committee Report in accordance with the regulations of the SEC to be included in Maxim's proxy statement or annual report on Form 10-K, and (vi) performs such functions regarding compensation as the board of directors may delegate.

Pursuant to its charter, on June 30, 2007, the Compensation Committee established a two-person sub-committee that is comprised of two directors on the Compensation Committee, which sub-committee is referred to as the Equity Grant Sub-Committee. The Equity Grant Sub-Committee's purpose is to make equity awards under Maxim's Equity Award Grant Policy.

Nominating and Governance Committee

The Nominating and Governance Committee (the Governance Committee) is currently comprised of Messrs. Grady and Hagopian. During fiscal year 2008, the Governance Committee included two additional members, Mr. Bergman and Mr. de Roeth. Each of the members of the Governance Committee is independent within the meaning of the NASDAQ director independence standards, as currently in effect. Among other tasks, the Governance Committee assists the board of directors by identifying and recommending prospective director candidates, developing and recommending to the board of directors the governance principles applicable to Maxim and overseeing the evaluation of the board of directors and the board of directors' evaluation of management.

The Governance Committee is responsible for regularly assessing the appropriate size of the board of directors and whether any vacancies on the board of directors are expected, due to retirement or otherwise. In the event of any anticipated vacancy, the Governance Committee has the policy of considering all bona fide candidates from all relevant sources, including the contacts of current directors, professional search firms, stockholders and other persons.

In reviewing potential candidates for the board of directors, the Governance Committee considers the individual's experience in the semiconductor industry, the general business or other experience of the candidate, the needs of Maxim for an additional or replacement director, the personality of the candidate, and the candidate's interest in the business of Maxim, as well as numerous other subjective criteria. While the board has not established specific minimum qualifications for director candidates, the board of directors believes that such candidates must contribute to the goal of maintaining a board that is (1) independent, (b) of high integrity, (c) composed of directors with qualifications that increase the effectiveness of the board of directors and (d) compliant with the requirements of applicable rules of NASDAQ and the SEC.

Nominations of Director Candidates by Stockholders

Maxim stockholders may nominate a director candidate (1) at any annual meeting of stockholders in accordance with our bylaws, the procedure for which is more fully set forth in the Questions and Answers section of this proxy statement under the heading "What is the deadline for submission of stockholder proposals for consideration at the 2009 annual meeting?", (2) at any special meeting of stockholders in accordance with our bylaws, and (3) by submitting their recommendations to the Governance Committee in accordance with our Corporate Governance Guidelines.

Maxim's Corporate Governance Guidelines, together with Maxim's Certificate of Incorporation, Bylaws and charters of committees of the board of directors, form the framework for the corporate governance of Maxim. Maxim's Corporate Governance Guidelines is available in the Corporate Governance section of Maxim's website at <http://www.maxim-ic.com/company/investor/governance>. Pursuant to our Corporate Governance Guidelines, our board of directors will consider all bona fide director candidates nominated by stockholders of Maxim.

More specifically, the board of directors has established the following procedures by which stockholders may submit nominations of director candidates for consideration by the Governance Committee and the board of directors:

To nominate a director candidate for consideration by the Governance Committee, a stockholder must have held at least 100,000 shares of Maxim for at least twelve (12) consecutive months leading up to the date of the recommendation and must notify the Governance Committee by writing to the General Counsel of Maxim.

The stockholder's notice shall set forth the following information:

- (i) To the extent reasonably available, information relating to such director nominee as would be required to be disclosed in a proxy statement pursuant to Regulation 14A under the Exchange Act, in which such individual is a candidate for election to the board of directors;
- (ii) The director nominee's written consent to (1) if selected by the Governance Committee as a director candidate, be named in Maxim's proxy statement and proxy, and (2) if elected, serve on the board of directors; and
- (iii) Any other information that such stockholder believes is relevant in considering the director nominee.

Stockholder recommendations to the Governance Committee or the board of directors should be sent to:

General Counsel
Maxim Integrated Products, Inc.
120 San Gabriel Drive
Sunnyvale, CA 94086

For purposes of nominating a director candidate to be considered at an annual meeting, it is unnecessary to send recommendations to the board of directors or the Governance Committee. Instead, a stockholder wishing to nominate a director candidate at an annual meeting must follow the procedures set forth in our bylaws, including providing written notice prepared in accordance with our bylaws to Maxim's Corporate Secretary. For more detailed information on nomination requirements at an annual meeting, please see the Questions and Answers section of this proxy statement under the heading "What is the deadline for submission of stockholder proposals for consideration at the 2009 annual meeting?"

Compensation Committee Interlocks and Insider Participation

No member of Maxim's Compensation Committee is, or ever has been, an executive officer or employee of Maxim or any of its subsidiaries. No interlocking relationship exists, or during fiscal year 2008 existed, between Maxim's board of directors or Compensation Committee and the board of directors or compensation committee of any other company.

Outside Advisors

Our board of directors and each of its committees may retain outside advisors and consultants of their choosing at our expense. The board of directors need not obtain management's consent to retain outside advisors.

Board Effectiveness

Our board of directors performs an annual self-assessment to evaluate its effectiveness in fulfilling its obligations. For fiscal year 2008, this assessment was held in August 2008.

Communication between Stockholders and Directors

Maxim's board of directors currently does not have a formal process for stockholders to send communications to the board of directors. Nevertheless, steps are taken to ensure that the views of stockholders are heard by the board of directors or individual directors, as applicable, and that appropriate responses are provided to stockholders on a timely basis. The board of directors does not recommend that formal communication procedures be adopted at this time because it believes that informal communications are sufficient to communicate questions, comments and observations that could be useful to the board of directors. However, stockholders wishing to formally communicate with the board of directors may send communications directly to B. Kipling Hagopian, Chairman of the board of directors, c/o Maxim Integrated Products, Inc., 120 San Gabriel Drive, Sunnyvale, California 94086.

Common Stock

Maxim common stock is currently traded on the NASDAQ Global Market under the symbol MXIM.

Mr. Bronson was awarded 2,000 restricted stock units (RSUs) on December 4, 2007 in connection with his appointment to the board of directors effective November 15, 2007; the grant date fair value of the award was \$46,340 disregarding an estimate of forfeitures. The type and aggregate number of outstanding equity awards held by each of the directors serving at June 28, 2008 are as follows:

Mr. Bronson, in his capacity as a member of the Special Committee that investigated certain issues with respect to the exercise of stock options using cash as well as the payment of an officer's performance bonus to a charitable organization at the officer's request, was paid \$50,000 during fiscal year 2008 for his extra-ordinary services. In addition, Maxim makes medical insurance coverage available to each non-employee director in connection with each individual's service as a director of Maxim.

Non-employee directors participate in the 1996 plan. PROPOSAL NO. 3

APPROVAL OF MAXIM S 2008 EMPLOYEE STOCK PURCHASE PLAN

In October 2008, Maxim's board of directors approved the adoption of a new employee stock purchase plan titled the 2008 Employee Stock Purchase Plan (the ESP Plan). Maxim's prior employee stock purchase plan, titled the 1987 Employee Stock Participation Plan, expired in August 2007. The ESP Plan has 4,000,000 shares reserved for issuance thereunder. Maxim's stockholders are being asked to ratify and approve the ESP Plan, including the number of shares reserved for issuance under it.

Maxim believes that substantial equity participation by employees is important in creating an environment in which employees will be motivated to remain employed and be productive for long periods of time. Maxim further believes that the attraction, retention and motivation of highly qualified personnel are essential to Maxim's continued growth and success and that incentive plans, such as the ESP Plan, are necessary for Maxim to remain competitive in its compensation practices. In addition, Maxim believes that the ESP Plan (and other equity incentives) are an effective way to assure alignment of employees' and stockholders' interests and believe all such equity incentives are in the best interest of the stockholders. In August 2007, the term of Maxim's former employee stock purchase plan expired, and prior to that, Maxim was required to suspend participation by employees in the employee stock participation plan starting on September 2006 as a result of not being current with its periodic filings with the SEC.

As of the date of this Proxy Statement, no employee or officer of Maxim has been granted any rights to purchase stock under the ESP Plan prior to stockholder approval of the ESP Plan. The benefits to be received by Maxim's employees and officers pursuant to the ESP Plan are not determinable at this time.

Required Vote

Ratification and approval of the ESP Plan requires the approval of a majority of the shares represented in person or by proxy and voting at the Annual Meeting. A general description of the principal terms of the ESP Plan approved by the board of directors and the purpose of the ESP Plan is set forth below. Unless otherwise marked, all properly signed and returned proxies will be voted FOR Proposal No. 3.

Recommendation

Our board of directors recommends a vote FOR the adoption of Maxim's 2008 Employee Stock Purchase Plan.

The following summary of certain provisions of the ESP Plan is qualified in its entirety by reference to the ESP Plan, a copy of which is attached as Appendix A to this Proxy Statement. Capitalized terms not otherwise defined herein shall have the meaning ascribed to them in the ESP Plan.

Summary of Material Features of the ESP Plan

Eligible Employees

All employees of Maxim and its subsidiaries designated by the committee appointed by the board of directors to administer the ESP Plan (the Committee) will be eligible to participate in the ESP Plan. However, the Committee may exclude from participation (i) a group of certain highly compensated employees, (ii) employees who have been employed by Maxim or any subsidiary for less than two years, (iii) employees whose customary employment is for not more than five months in any calendar year, and (iv) employees who customarily work 20 hours per week or less.

Notwithstanding the foregoing, no employee shall be eligible for participation under the ESP Plan if, immediately after such grant, that employee would own stock possessing 5% or more of the total combined voting power or value of all classes of stock of Maxim or of any affiliate of Maxim (including any stock which such employee may purchase under all outstanding rights and options). In addition, no employee will be permitted to purchase stock under all employee stock participation plans, including the ESP Plan, of Maxim and its affiliates (x) at a rate which in the aggregate exceeds \$25,000 of the fair market value of such stock (determined under Section 423 of the Code at the time the right is granted) for any calendar year in which the right is outstanding at any time or (y) 1,600 shares of stock in an offering period, whichever is less.

Participation

The Committee has the power from time to time to grant or provide for the grant of rights to purchase stock of Maxim under the ESP Plan to eligible employees (an Offer) on a date or dates (the Offer Date(s)) identified in the ESP Plan. Each Offer will be in such form and will contain such terms and conditions as the Committee deems appropriate, except that each Offer must include the substance of the required provisions of the ESP Plan, which are described below. Each Offer will be outstanding for approximately 12 months (the Offer Period) and there will be overlapping Offer Periods.

An eligible employee becomes a participant in an Offer by delivering written enrollment form to Maxim, within the time specified in each Offer, authorizing payroll deductions of up to a maximum percentage of 25% of his or her Eligible Compensation (as defined in the ESP Plan) during the Offer Period. All payroll deductions made for a participant are credited to his or her account under the ESP Plan and are deposited with the general funds of Maxim. The purchase price of the shares is accumulated by payroll deductions (or direct payments, if permitted) over the Offer Period. At any time during the Offer Period, a participant may terminate his or her payroll deductions, but a participant may not increase, reduce or begin such payroll deductions after the beginning of any Offer Period.

Purchase of Stock

The purchase dates will occur on the last business day immediately preceding the last Saturday in May and November (each a Purchase Date). On each Purchase Date, the balance in each participant's account will be applied to the purchase of whole shares of stock of Maxim. No fractional shares shall be issued upon the exercise of rights granted under the ESP Plan. The amount remaining in each participant's account after the purchase of shares that is less than the amount required to purchase one share of stock on the last Purchase Date of a Offer Period shall be held in each such participant's account for the purchase of shares during the next Offer Period under the ESP Plan, unless such participant withdraws from the next Offer or is no longer eligible to be granted rights under the ESP Plan, in which case such amount is distributed to the participant after the Purchase Date, without interest.

Purchase Price

The purchase price per share of stock acquired pursuant to the ESP Plan will be the lesser of: (1) 85% of the fair market value per share of such stock on the Offer Date and (2) 85% of the fair market value per share of such stock on the Purchase Date.

Withdrawal

A participant may withdraw from an Offer by terminating his or her payroll deductions and by delivering to Maxim a written notice of withdrawal from the Offer. Such withdrawal may be elected at any time prior to the end of the applicable Offer Period. Upon any withdrawal from an Offer by the employee, Maxim will distribute to the employee his or her accumulated payroll deductions (reduced for prior purchases) without interest, and such employee's interest in the Offer will be automatically terminated. Upon such withdrawal from an Offer, the

employee is not entitled to participate again in such Offer or in the next Offer immediately following such Offer. Thereafter, such withdrawing employee will be eligible to participate in subsequent Offers under the ESP Plan. Any such employee participating in a new Offer after his or her withdrawal from an Offer will be required to timely submit a new enrollment form.

Termination of Employment

Rights granted pursuant to any Offer under the ESP Plan shall terminate immediately upon cessation of an employee's employment for any reason, and Maxim shall promptly distribute to such employee all of his or her accumulated payroll deductions (reduced for prior purchases), without interest.

No transferability

Rights granted under the ESP Plan are not transferable by a participating employee other than by will or the laws of descent and distribution and are exercisable during such participating employee's lifetime only by him or her.

Adjustments upon Changes in Stock or Change in Control

If (i) Maxim shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of Maxim or its subsidiaries or a transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization or other similar change in the capital structure of Maxim, or any distribution to holders of common stock other than cash dividends, shall occur or (iii) any other event shall occur which in the judgment of the Committee necessitates action by way of adjusting the number or kind of shares, or both, which thereafter may be sold under the Plan, then the Committee may take any necessary actions to preserve to the participating employees' rights substantially proportionate to the rights existing prior to such event. Such actions may include, without limitation, adjustments in the number and kind of shares subject to the Plan and the purchase price of such shares under the Plan.

Notwithstanding any other provision of the Plan, if Maxim's common stock ceases to be listed or traded, as applicable, on a national stock exchange or over-the-counter market (the "Triggering Event"), then, in the discretion of the Committee, (i) the balance in the participating employee's payroll account not yet invested may be refunded to the participating employee, and such participating employee will have no further rights or benefits under the Plan, (ii) an amount equal to the product of the fair market value of a share on the date of the Triggering Event multiplied by the number of shares such participating employee would have been able to purchase with the balance of his or her payroll account on the date of such Triggering Event may be paid to the Participating Employee, and such Participating Employee shall have no further rights or benefits under the Plan, or (iii) the Plan may be continued.

Amendment, Suspension and Termination of the ESP Plan.

The board of directors may at any time and for any reason amend, suspend or terminate the ESP Plan. However, any amendment of the ESP Plan shall require stockholder approval if such approval would be required under applicable law or regulation.

Federal Income Tax Consequences.

The following summarizes only the federal income tax consequences of participation under the ESP Plan based upon federal income tax laws in effect on the date of this proxy statement. This summary does not purport to be complete, and does not discuss any non-U.S., state or local tax consequences. In addition, the discussion does not address tax consequences which may vary with, or are contingent on, a participant's individual circumstances. Each participant in the ESP Plan is strongly urged to consult with his or her tax advisor regarding participation in the ESP Plan.

The ESP Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Code (except to comply with applicable foreign or local law). Under these provisions, no income will be taxable to a participant at the time of grant of the option or purchase of shares. Amounts deducted from a participant's pay under the ESP Plan are part of the employee's regular compensation and remain subject to federal, state and local income and employment withholding taxes.

Upon disposition of the shares, the participant will generally be subject to tax, the amount of which will depend upon the participant's holding period. If the participant disposes of his or her shares more than two years after the date of option grant and more than one year after the purchase of the shares, the lesser of (1) 15% of the fair market value of the shares on the date the option was granted or (2) the excess (or zero if there is no excess) of the fair market value of the shares on the date of the disposition of the shares over the purchase price will be treated as ordinary income, and any further gain will be treated as long-term capital gain. If the participant disposes of the shares before the expiration of these holding periods, the excess of the fair market value of the shares on the exercise date over the purchase price will be treated as ordinary income, and any further gain or loss on such disposition will be long-term or short-term capital gain or loss, depending on the holding period.

There currently is no income tax withholding required upon the purchase or disposition of the shares by a participant. However, in the future, a participant may be subject to employment tax withholding (e.g., Social Security and Medicare) at the time of purchase. The United States Internal Revenue Service issued proposed regulations which, if adopted, would subject a participant to withholding for Social Security and Medicare (not including income tax) at the time of purchase based upon the difference between the fair market value of the shares on the date of purchase and the purchase price of the shares. These proposed regulations, if adopted, would be effective only for purchases made under the ESP Plan two years after the regulations are issued in final form.

Maxim is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income reported by participants upon disposition of shares within two years from date of grant or within one tax year of the date of purchase. Maxim is required to report to the United States Internal Revenue Service any ordinary income recognized by a participant as a result of a disposition if such information is available to Maxim. In the future, Maxim may be required to withhold (from a participant's salary) the amount due as taxes on such ordinary income.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, requires our directors and officers, and persons who own more than ten percent (10%) of a registered class of Maxim s equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of Maxim. Officers, directors and greater than ten percent (10%) stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To the best of our knowledge, based solely on a review of the copies of such reports furnished to Maxim and written representations that no other reports were required, during the fiscal year ended June 28, 2008, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent (10%) beneficial owners were complied with.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Transactions

Maxim employs Robert Bergman, the son of James R. Bergman, a director of Maxim, Brian Hood, the son of Richard C. Hood, a Vice President of Maxim, Michelle Hood, the daughter-in-law of Richard C. Hood, and Becky Tanner, the daughter of Richard C. Hood. Each of these individuals receives compensation and other benefits commensurate with other employees at similar levels within Maxim.

Maxim has entered into indemnification agreements with its directors and certain of its officers. The indemnification agreements provide, among other things, that Maxim will indemnify each of its directors and officers, under the circumstances and to the extent provided therein, for expenses, damages, judgments, fines and settlements each may be required to pay in actions or proceedings to which he or she may be made a party by reason of his or her position or positions as a director, officer or other agent of Maxim, and otherwise to the fullest extent permitted under Delaware law and Maxim's bylaws.

Review, Approval or Ratification of Related Party Transactions

The Audit Committee Charter provides for the Audit Committee to review and approve all related party transactions for potential conflicts of interest on an ongoing basis (if such transactions are not approved by another independent body of the board of directors). Related party transactions include, for purposes of the Audit Committee review, without limitation, transactions involving Maxim and any director, executive officer, beneficial owner of more than 5% of Maxim common stock, any immediate family member of any such person, or any firm, corporation, partnership or other entity in which any such person is employed or any such person has a 5% or greater beneficial ownership interest. In determining whether to approve or ratify a transaction with a related party, the Audit Committee will take into account all relevant facts and circumstances it deems relevant, including, without limitation, the nature of the related party's interest in the transaction, the benefits to Maxim of the transaction, whether the transaction would impair the judgment of a director or executive officer to act in the best interests of Maxim and its stockholders, the potential impact of such transaction on a director's independence, and whether the transaction is on terms no less favorable than terms that may be available in a transaction with an unaffiliated third party under the same or similar circumstances.

Any member of the Audit Committee who is a related party with respect to a transaction under review may not participate in the deliberations or vote on the approval of the transaction. Maxim will disclose the terms of related person transactions in its filings with the SEC to the extent required.

With respect to the employment of the individuals listed above under the heading Related Transactions, the Audit Committee has not and did not specifically approve their employment and compensation terms because such terms were, and continue to be, consistent and commensurate with those of other similarly situated employees of Maxim.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides a review of our executive compensation philosophy, policies and practices with respect to the following executive officers of Maxim: the Chief Executive Officer, the Chief Financial Officer, and the other three most highly compensated executive officers during fiscal year 2008 (the Named Executive Officers).

Executive Compensation Philosophy and Components

The objectives of our executive compensation program are as follows:

To attract, retain, motivate and reward the best and brightest executives who have the talent and experience required to achieve our goals;

To align the short-term and long-term interests and objectives of our executive officers with stockholders and customers;

To create a high-performance culture by linking total rewards to company performance, including performance relative to our peers;

To recognize executives for their contributions to our success by rewarding individual performance; and

Ensure that executive compensation programs are easily understood by program participants.

We accomplish these objectives by providing our executives with compensation components that are specifically linked to either short-term or long-term corporate and executive performance. The principal components of our executive compensation are:

Base salary;

Cash performance bonuses;

Stock options and restricted stock units; and

Benefits.

Edgar Filing: MAXIM INTEGRATED PRODUCTS INC - Form DEF 14A

Each of these components is intended to achieve one or more of our compensation objectives. The Compensation Committee relies on its judgment in determining the appropriate mix of cash and equity compensation for our officers. In general, in order to encourage a high-performance culture and to align the interests of our stockholders with those of our executive officers, the Compensation Committee makes a

significant portion of each executive officer's compensation performance-based over time with cash performance bonuses and equity awards, while keeping base salaries below competitive levels. Our variable cash and equity programs are designed to reward recent performance with cash compensation and to motivate long-term performance and retention through equity awards. Both programs are also designed to reward our executives both for individual and overall corporate performance. Such a structure allows the Compensation Committee flexibility to reward outstanding individual performance and to recognize the contributions of our executive officers to the overall success of Maxim. However, with respect to the Chief Executive Officer, only overall corporate performance is taken into consideration in determining the portion of compensation based on performance metrics.

Governance of Executive Officer Compensation Program

Role and Members of the Compensation Committee

The members of our Compensation Committee are appointed by our board of directors. The Compensation Committee is responsible for determining executive officer compensation. As of the record date, the Committee was comprised of three members of the board of directors, Messrs. James R. Bergman, Robert E. Grady and A. R. Frank Wazzan, each of whom is an independent, non-employee director. Mr. Hagopian was a member of the Compensation Committee during fiscal year 2008, and Mr. Grady replaced Mr. Hagopian as a member of the Compensation Committee in October 2008. Peter de Roeth was also a member of the Compensation Committee during a portion of fiscal year 2008 until his resignation from the board of directors (and all committees) on February 6, 2008 for family medical reasons. Since March 1, 2007, Dr. Wazzan has, and continues to, serve as Chairman of the Compensation Committee.

The primary purpose of the Compensation Committee is to:

Review and approve corporate goals and objectives relevant to the compensation of Maxim's Chief Executive Officer (the CEO) and other officers, evaluate CEO performance, and determine CEO compensation based on this evaluation;

Approve and oversee, in consultation with our Chief Executive Officer (the CEO) the total compensation package for our officers including their base salaries, bonus, equity-based compensation, severance benefits and change-in-control benefits (if any);

Review the CEO's performance evaluation of all officers and approve compensation decisions;

Review periodically and make recommendations to the board of directors regarding any equity or long-term compensation plans, and administer these plans; and

Make recommendations to the board of directors with respect to compensation for members of the board of directors and its committees.

The Compensation Committee operates according to a charter that details its specific duties and responsibilities. The Compensation Committee periodically reviews the charter and recommends proposed changes to the board of directors for approval. The Compensation Committee Charter is available on our website in the Corporate Governance section at <http://www.maxim-ic.com/company/investor/governance>. The charter sets forth the membership requirements, authority and duties of the Compensation Committee, which shall consist of no fewer than two members, all of whom (i) meet the independence requirements of the NASDAQ Marketplace Rules, (ii) are non-employee directors under the definition of Rule 16b-3 promulgated under Section 16 of the Exchange Act, and (iii) are outside directors for purposes of the regulations promulgated under Section 162(m) of the Internal Revenue Code. During fiscal year 2008, and currently, all members of the Compensation Committee met these criteria.

Process for Evaluating Executive Officer Performance and Compensation

The Compensation Committee generally holds at least two scheduled meetings during the year and holds additional meetings periodically to review and discuss executive compensation issues. In addition, certain members of the Compensation Committee generally communicate on an informal basis concerning Compensation Committee matters throughout the fiscal year. The Compensation Committee may also consider and take certain actions by unanimous written consent. In fiscal year 2008, the Compensation Committee held five meetings and acted by unanimous written consent three times. In addition, the Equity Grant Sub-Committee of the Compensation Committee held 12 meetings during fiscal year 2008.

Our Corporate Secretary, along with other employees of Maxim, supports the Compensation Committee in its work. The Compensation Committee also has the authority to engage the services of outside advisors, experts and others for assistance.

Outside Compensation Consultant

In fiscal year 2008, the Compensation Committee engaged an independent, third party compensation consulting firm, Compensia, Inc., to advise the Compensation Committee and the board of directors on executive cash and equity compensation matters, including Maxim's new Officer Compensation Plan for fiscal years 2008 and 2009. Compensia reports directly to the Compensation Committee, and the Compensation Committee has sole authority to hire, terminate and direct the work of Compensia.

Compensia was not consulted with respect to the compensation paid to Alan Hale, our former Interim Chief Financial Officer, who was appointed in January 2007 for the specific purpose of leading our efforts to complete the restatement of certain of Maxim's previously filed financial statements. Mr. Hale was not a participant in our Officer Compensation Plan for fiscal year 2008 and his compensation was determined independently of all other officers.

Role of Management in Executive Compensation Process

The Compensation Committee seeks input from our Chief Executive Officer and/or other senior executives, to obtain recommendations with respect to our compensation programs, practices and packages for executives and other employees. Our Chief Executive Officer's role in the compensation-setting process consists of (i) evaluating executive and employee performance; (ii) assisting in the establishment of business performance targets and objectives; and (iii) recommending salary levels and equity awards. While the Compensation Committee may discuss our CEO's compensation package with him, it meets in executive session in his absence to determine his compensation.

Executive Compensation Benchmark

In December 2007, based on the recommendations of Compensia, and in consultation with Maxim's Chief Executive Officer and Vice President of Finance, the Committee approved a compensation peer group to be used for benchmarking and for setting executive compensation for fiscal year 2008. In determining the appropriate compensation peer group, the Compensation Committee considered companies within the semiconductor industry that have revenue, number of employees and operations similar to our corresponding components. Most of the companies in this peer group compete with us for executive talent. Periodically, the Compensation Committee will review and update the compensation peer group as appropriate.

The compensation peer group for fiscal year 2008 is as follows:

Altera Corporation	Linear Technology Corporation
Analog Devices, Inc.	LSI Corporation
Atmel Corporation	Marvell Technology Group Ltd.
Broadcom Corporation	National Semiconductor Corporation
Cypress Semiconductor Corporation	NVIDIA Corporation
Fairchild Semiconductor	ON Semiconductor Corp.
International Rectifier Corporation	Xilinx, Inc.

The Compensation Committee also included Texas Instruments in the peer group for reference purposes only because Texas Instruments is a competitor and competes with us for executive talent.

Total compensation targets for our Named Executive Officers are at the 75th percentile for total compensation paid to similarly situated executives in the compensation peer group companies, as long as stringent performance metrics are satisfied. The targets for individual compensation components are as follows: 25th percentile for base salary, 75th percentile for total cash compensation and 75th percentile for equity awards (taking into consideration dilution constraints). We set our target compensation level higher than the median compensation level of executives in the compensation peer group because we believe that providing above average compensation, payable only upon the achievement of stringent performance metrics, will allow us to retain and attract talented and motivated executives in the highly competitive semiconductor industry. The benchmark data are one of many factors that the Compensation Committee considers in making compensation decisions. The Compensation Committee also considers company performance, the executive's level of responsibilities and individual performance, any special retention issues, and compensation relative to the other officers at Maxim when setting the compensation level of our officers.

Minimum Levels of Guaranteed Compensation

In the beginning of fiscal year 2007, our Compensation Committee authorized, at the recommendation of John Gifford, our then-Chief Executive Officer, an offer of minimum amount of total compensation for each officer, excluding Mr. Gifford (and Mr. Hale, who was not a Named Executive Officer at that time), for fiscal year 2007 and 2008 service. For fiscal 2008, this amount was derived by adding base salary, the cash performance bonus paid in fiscal year 2008 for fiscal year 2007 performance, and any assumed gain in all equity awards vesting in fiscal 2008. Under this plan, to the extent a short-fall existed between the guaranteed minimum amount and the sum of these three components, then Maxim would pay a special bonus equal to the difference. The Compensation Committee authorized such minimum compensation arrangements primarily for retention purposes. In light of the pendency of Maxim's financial restatement, the Chief Executive Officer and Mr. Ullal subsequently declined to accept such guaranteed minimum amount, and the guaranteed amount was not paid to them. Messrs. Hood and Parvarandeh did accept such guaranteed minimum amount for fiscal year 2008. As discussed, an offer of guaranteed minimum amount of compensation was not made to Mr. Hale, our former Interim Chief Financial Officer as he was not a Named Executive Officer at the time of the offer.

Evaluation of Named Executive Officer Compensation

Base Salary

Base salaries are used to attract, motivate and retain highly qualified executives. Base salary is the primary fixed component of compensation in the executive compensation program and is determined by:

Level of responsibility;

Pay levels of similar positions in our peer group;

Expertise and experience of the executive; and

Competitive conditions in the industry.

Annual base salary increases, if any, are a reflection of:

The individual's performance for the preceding year;

The individual's pay level relative to similar positions in our peer group;

Anticipated future contributions of the executives; and

Competitive conditions in the industry.

For Named Executive Officers, base salaries are generally targeted at the 25th percentile of the base salaries paid to similarly situated executives in the compensation peer group companies.

Fiscal 2008 Base Salary Actions

The Compensation Committee, after a review of individual and overall company performance, as well as market practices for executive compensation, did not approve base salary increases for our Named Executive Officers for fiscal year 2008 from fiscal year 2007 base salary levels and no such increases were proposed or recommended by the Chief Executive Officer. Accordingly, the base salaries for our executive officers were not changed for fiscal year 2008.

Fiscal 2009 Base Salary Actions

The Compensation Committee, after a review of individual and overall company performance, as well as market practices for executive compensation, did not approve base salary increases for our Named Executive Officers for fiscal year 2009 except for Mr. Hood's. The table below sets forth each Named Executive Officer's base salary for fiscal year 2009:

Edgar Filing: MAXIM INTEGRATED PRODUCTS INC - Form DEF 14A

* Mr. Hale resigned from the position of Interim Chief Financial Officer on October 1, 2008 after fulfilling his commitment to lead Maxim to the completion of the restatement of certain of its previously filed financial statements. Maxim intends to retain Mr. Hale as a consultant to advise on future projects related to the restatement.

Other Cash Compensation; Goodwill Payments for Expiring Options

Starting on September 23, 2006 we suspended all stock option exercises as a result of our delay in filing periodic reports on Form 10-K and Form 10-Q with the SEC due to the previously announced Special Committee inquiry into certain of our past stock option grants and granting practices, as well as our need to restate certain historical financial statements of Maxim to record additional stock-based compensation expense as a result of that inquiry. We continued to prohibit the exercise of stock options until September 30, 2008, the date on which we completed our financial restatement and became current in our reporting obligations with the SEC.

During the period in which the exercise of stock options was suspended, certain vested but unexercised stock options held by current and former employees expired as a result of reaching their maximum 10-year terms. To address this problem, Maxim implemented a program to provide cash payments to certain individuals who hold options that expired at the end of their 10-year terms during the period between September 23, 2006 and October 31, 2008 (the Suspension Period). In the absence of any action by Maxim, these individuals would have been deprived of all profit in these options even though they were vested and in-the-money during the period leading up to the expiration date. Maxim's board of directors determined that it would have been inequitable not to compensate these individuals for their expiring options, and it would have damaged employee morale and potentially given rise to legal claims.

Under this program, Maxim offered to make a cash payment to the holder of a stock option that expired as a result of reaching the end of its 10-year term during the Suspension Period. The cash payment was based on the amount the calculated value of the option exceeded the exercise price multiplied by the number of shares, less applicable tax withholding. For this purpose, the calculated value was equal to the price at which 90% of the daily close prices of Maxim's common stock fell below this price for trading days from August 7, 2006 through the expiration date of the option. The cash payment was contingent upon the expiring option holder executing a release of all claims relating to the option for our benefit. Approximately 760 individuals were eligible for goodwill payments, and the aggregate payments are expected to total approximately \$131 million, subject to adjustment resulting from any future changes in Maxim's stock price until the program terminates.

The Named Executive Officers received goodwill payments for their expiring options on the same terms and conditions that applied to all other program participants except that payments for options expiring in June 2008 or thereafter to officers, including the Named Executive Officers (but excluding Alan Hale), are subject to vesting over a 9 month period based upon continued employment on the applicable vesting date.

The following table sets forth the estimated cash goodwill payments that we have made or expect to make to our Named Executive Officers:

Option Holder Name	Option Grant Date	Option Expiration Date	Option Exercise Price	Number of Expired Options	Cash Payment Amount before applicable tax withholding

particular officer is terminated without cause, such officer will be entitled to the remaining unvested goodwill payments within a reasonable period of time following such termination, subject to entering into a full release of claims against Maxim.

(b) Goodwill payment was paid during fiscal year 2009 in a lump sum.

Cash Bonus

2008 Bonus Plan

At the March 1, 2007 meeting of the board of directors, the Chief Executive Officer recommended to the board of directors and the Compensation Committee that a new compensation plan for Maxim's officers, including the Named Executive Officers, be adopted to replace the existing Bonus Plan and offered suggestions on what the new compensation plan should encompass (the 2008 Bonus Plan). After receiving feedback from the board of directors, the Chief Executive Officer, together with the Compensation Committee Chairman, developed a proposed compensation plan for officers for fiscal years 2008 and 2009 that they presented to the board of directors and the Compensation Committee at meeting held on May 24, 2007. After additional input and feedback was given by the Compensation Committee and incorporated into the proposed compensation plan, the Compensation Committee met on July 18, 2007 and approved a new compensation model in principle for officers, including the Named Executive Officers, for fiscal years 2008 and 2009. Additional refinements were made to the 2008 Bonus Plan during fiscal year 2008 and at the start of fiscal year 2009.

Cash Incentive Compensation under 2008 Bonus Plan

Under the 2008 Bonus Plan for officers for fiscal years 2008 and 2009, the aggregate annual target cash bonus pool is 1.2% of our non-GAAP operating profit before taxes (excluding stock-based compensation and non-recurring expenses) and the pool floor and maximum are 0.6% and 1.8%, respectively, of our non-GAAP operating profit before taxes (excluding stock-based compensation and non-recurring expenses). The actual, annual bonus pool for fiscal year 2008 was dependent upon the following three company-wide performance metrics: (i) the achievement of growth targets for non-GAAP operating profit before taxes (excluding stock-based compensation and non-recurring expenses), (ii) our year-over-year stock price performance relative to the Philadelphia Semiconductor Index (SOX) during the last 20 trading day period at the end of fiscal years 2007 and 2008, and (iii) the achievement of targets for return on invested capital (excluding cash and interest thereon), which for fiscal year 2008 was 24.8%. Each officer's share of the bonus pool is dependent upon his or her position points, which are calculated at the end of the fiscal year by taking into account the officer's level of responsibility and relative value of the officer's performance to Maxim as compared to the other executives for the fiscal year. Specifically, there were a total of 284.8 position points available for allocation to all 21 officers in fiscal year 2008. Each officer's share of the bonus pool is determined by taking his or her total position points, as approved by the Compensation Committee at the end of the fiscal year, and dividing them by 284.8. Executive target bonuses generally range from approximately 150% to 300% of their base salary.

In fiscal year 2008, actual non-GAAP operating profit before taxes (excluding stock-based compensation) was approximately \$769 million as compared to \$828 million for fiscal year 2007, which was a 7.1% decrease. Our stock price performance was down 14% as compared to the SOX in fiscal year 2008. In fiscal year 2008, actual return on invested capital was 21% as compared to the target of 24.8%. Accordingly, the aggregate amount of the bonus pool under the 2008 Bonus Plan payable to all our 21 officers, including the Named Executive Officers, was determined to be approximately \$4.61 million, or the pool floor of 0.6% of \$769 million, our non-GAAP operating profit before taxes (excluding stock-based compensation).

The Compensation Committee may award discretionary cash bonuses in addition to the amounts derived and paid under the 2008 Bonus Plan pool to retain talented executives, to reward them for exceptional performance and to compensate executives in situations where unforeseen circumstances prevent the achievement of milestones under the 2008 Bonus Plan. In fiscal year 2008, the Compensation Committee allocated and awarded an additional \$1.39 million in the aggregate to the cash bonus pool payable to all officers

(with the exception of Mr. Hale), including the Named Executive Officers primarily because of the unexpected delay in the completion of our financial restatement and the prolonged delisting from the NASDAQ Global Market which had an adverse effect on our stock price. This additional bonus amount was also designed to recognize the time commitment and efforts of our officers.

As previously noted, Mr. Hale was not a participant in the 2008 Bonus Plan given his temporary assignment as the Interim Chief Financial Officer.

Total Bonus Payouts for Fiscal 2008 Performance

The Compensation Committee approved the bonus payments described in the table below for the Named Executive Officers for performance during fiscal year 2008, based on corporate and individual performance under the 2008 Bonus Plan and additional amounts allocated to the bonus pool by the Compensation Committee. In addition, the column titled Supplemental Bonus refers to the amount paid in order to achieve a minimum level of compensation offered to certain officers, as described above:

Named Executive Officer	Fiscal Year 2008 Bonus Paid	Supplemental Bonus Paid
Tunc Doluca	\$ 716,418	
Alan Hale	*	*
Richard C. Hood	\$ 321,137	\$ 753,956
Pirooz Parvarandeh	\$ 440,475	\$ 1,462,292
Vijay Ullal	\$ 525,313	

* Mr. Hale was awarded a bonus separate and apart from the bonuses paid to other Named Executive Officers under the 2008 Bonus Plan due to his temporary assignment as the Interim Chief Financial Officer. Mr. Hale's bonus is discussed in more detail below.

2008 Cash Compensation for Alan Hale

On October 2, 2008, the Compensation Committee approved a cash performance bonus totaling \$2,334,209 to Mr. Hale for his extraordinary services in successfully leading Maxim to the completion of its financial restatement project. This bonus covered the 20-month period during which Mr. Hale functioned as Maxim's Interim Chief Financial Officer and Principal Accounting Officer. On an annual basis, the bonus totaled \$1,400,525 excluding the \$394,615 bonus Mr. Hale was paid for his first five months of service in fiscal year 2007. In determining the amount of this performance bonus, the Compensation Committee first determined that Mr. Hale's targeted level of annual total compensation was \$1,375,000 based upon his duties and divided this amount (less his \$300,000 annual base salary) by 12 to determine a monthly bonus amount of \$89,583.33. The monthly bonus amount was then multiplied by 15 for a total of \$1,343,750 in order to cover his service period including 12 months in fiscal year 2008 and three months in fiscal year 2009. In addition, the Compensation Committee applied an incremental burden of 15% of Mr. Hale's target total compensation, which amount represents the additional sacrifice and time commitment, as estimated by the Chief Executive Officer and approved by the Compensation Committee, he was required to devote to the restatement project above and beyond a high level of commitment already required of him in his role as Interim Chief Financial Officer. This incremental burden amount ranged from \$206,250 (1x of the incremental burden amount) to \$412,500 (2x the incremental burden amount). The Compensation Committee exercised its discretion to award Mr. Hale \$400,000 for the incremental burden incurred by him in performing his duties, as well as an additional \$25,000 payment representing the burden and sacrifice incurred by Mr. Hale's family. As a final component of his cash performance bonus, the Compensation Committee awarded Mr. Hale \$565,459 to compensate Mr. Hale for not being able to participate in Maxim's RSU loan program, which was made available to non-executive officer employees during the period in which shares could not be delivered upon the vesting of restricted stock units due to the restatement of certain prior financial statements. Under this program, Maxim offered loans secured by RSUs vesting during the period in which shares could not be delivered from September 23, 2006 to September 30, 2008.

Mr. Hale was not awarded any equity in connection with his service as our Interim Chief Financial Officer.

Equity Compensation

We believe equity compensation is an effective way to align the interests of our executive officers with those of our stockholders in order to achieve long-term stock price growth. In designing the equity compensation program, we take into account stockholder concerns about stock usage and dilution. Equity awards are granted by the Compensation Committee or its Equity Grant Sub-Committee, and the grant price of such awards are equal to the closing price of Maxim's common stock based on the date of grant.

Equity Compensation under 2008 Bonus Plan

The 2008 Bonus Plan also contains an equity compensation component that is comprised of mixture of stock options, restricted stock units and performance shares (restricted stock units that vest upon the attainment of milestones). Starting in fiscal year 2009, the aggregate target number of stock options to be awarded to all officers per year is 1,140,000 shares. The number of restricted stock units to be awarded to all officers is 200,000, which will vest over four consecutive quarters based upon continued service starting in the second quarter of fiscal 2009. The aggregate target number of performance shares to be awarded to all officers over a two-year measurement period (fiscal year 2008 and 2009) is 200,000 shares per each fiscal year, with a maximum of 400,000 shares per fiscal year. For business unit executives, vesting of performance shares are tied to business unit operating profit targets and operating margin targets. For non-business unit executives, vesting of performance shares is tied to (i) achievement of company growth targets for non-GAAP operating profit before taxes (excluding stock-based compensation), (ii) Maxim's stock price performance relative to the Philadelphia Semiconductor Index (SOX), and (iii) the achievement of targets for return on invested capital. Each officer's pro rata share of equity awards to be granted are based upon his or her respective position points.

Equity Awards for Fiscal Year 2008 Performance under 2008 Bonus Plan

In fiscal year 2008, we did not make any equity awards to any of the Named Executive Officers primarily because the board of directors and management believed that it would be inappropriate to grant equity awards to them before the completion of our restatement of our consolidated financial statements. The restatement was completed on September 30, 2008 with our filing of the delayed reports with the SEC.

Equity Awards for Fiscal Year 2009 Performance under 2008 Bonus Plan

The 2008 Bonus Plan provides for (i) an aggregate of 200,000 restricted stock units to be awarded to all officers each fiscal year that will vest based upon continued service, and (ii) an aggregate number of performance shares will range from zero to 400,000 depending on performance. The performance shares vest upon the metrics discussed above under the heading *Equity Compensation under 2008 Bonus Plan*. An award of restricted stock units that vest over eight consecutive quarters starting on November 15, 2008 was made to officers, excluding the Named Executive Officers, on September 2, 2008. If the officer already had previously awarded restricted stock units vesting in this eight quarter period, these were subtracted from the award.

Employee Stock Purchase Plan

Maxim's previous Employee Stock Purchase Plan in which all employees (subject to limited exceptions), including executives, were eligible to participate, expired in August 2007. Upon stockholder approval of our 2008 Employee Stock Purchase Plan, which is being solicited herein, participating employees or executives will be able to purchase Maxim's common stock at a discount of up to 15% from the market price. Employee contributions would be made through payroll deductions.

Benefits and Perquisites

Maxim's philosophy regarding benefits for our employees, including executives, is that they should be competitive with the market in order to attract and retain a high quality workforce, meet the needs of our

employees, encourage employee well-being, and provide protection from catastrophic events. We provide medical, dental and vision insurance coverage to executives that are generally available to other full-time employees, including basic group life insurance and disability insurance. For all management employees, including our officers, we pay the premiums for executive life insurance, executive disability and umbrella liability insurance plans. We also offer a tax qualified 401(k) plan in which all U.S. based employees, including officers, are eligible to participate. All of our Named Executive Officers participated in our 401(k) plan during fiscal year 2008. Starting on January 1, 2008, employees have been eligible to receive a matching contribution from Maxim equal to 100% of the before-tax contributions made by the employee up to 3% of total cash compensation. Starting January 1, 2009 the matching contribution will be increased to 100% of the before-tax contributions made by the employee up to 3% of total cash compensation plus fifty percent of before tax contributions exceeding 3% of total cash compensation but not to exceed 5% of total cash compensation. Under certain circumstances we have provided reimbursement of expenses for tax preparation for certain executives.

The Compensation Committee reviews the perquisites provided to executive officers as part of its overall review of executive compensation. The Compensation Committee has determined the type and amount paid in perquisites to be within the appropriate range of competitive compensation practices. Details about the named executive officer's perquisites, including fiscal year 2008 cost to Maxim, are shown in the Summary Compensation Table under the All Other Compensation column and the accompanying narrative.

Employment Agreements

Several years ago we entered into at-will employment agreements with each of Messrs. Doluca, Hood, Parvarandeh and Ullal that contain substantially similar terms. The agreements do not grant the executive officers any right to be retained by us, and we may terminate the employment of each executive officer either with or without cause. In the event of termination of employment by Maxim with or without cause, all compensation and benefits, except benefits provided by law (e.g., COBRA health insurance continuation benefits) immediately cease to accrue. However, in the event of termination of employment by Maxim without cause, severance payments are to be made in accordance with our normal policy then in effect, if any, or as otherwise mutually agreed between Maxim and the executive officer.

If the executive officer terminates his full-time employment with us and his written notice of termination provides that he is willing to provide certain consulting services to us, we will make health insurance coverage available to the executive officer and his family during the period of provision of such services (or willingness to provide services) by the executive officer. The terms of his service, unless otherwise agreed, will provide for part-time services (up to one day per month) and annual compensation equal to at least 5% of the executive officer's base salary at the time of termination provided services are rendered. Health insurance coverage means coverage under any group health plan we maintain for our employees.

During the ten-year period following the notice of termination, the executive officer pays the same amount for health coverage as a similarly situated full-time employee is required to pay for coverage under our group health plan. After the ten-year period, the executive officer pays us what the cost of the coverage would be if it were being provided pursuant to COBRA health insurance continuation benefits. In the event of the executive officer's death while receiving health insurance coverage, the executive officer's spouse is eligible for health insurance coverage until her death so long as she pays for the coverage in an amount equal to the cost for an employee with identical coverage. In the event the executive officer becomes disabled while receiving health insurance coverage, he is deemed to have met his service obligations to us during the disability.

Pursuant to the terms of the Dallas Semiconductor acquisition in April 2001, we assumed the liabilities and obligations of Dallas Semiconductor under certain agreements between Dallas Semiconductor and Mr. Hale, the current Interim Chief Financial Officer and Principal Accounting Officer of Maxim, including (i) the Dallas Executives Retiree Medical Plan, as amended, in which Mr. Hale and his spouse are participants, (ii) a split-dollar insurance agreement, and (iii) an agreement that provides Mr. Hale with certain benefits following a change-of-control transaction (the Change-in-Control Agreement).

Under the Dallas Executives Retiree Medical Plan, Mr. Hale and his spouse are eligible to receive medical care benefits at no cost for the remainder of their lives.

Under the Split-Dollar Insurance Agreement, which was originally entered into in February 1994 and amended in July 2000 and January 2001, Maxim is required to pay cash premiums for a life insurance policy on the life of Mr. Hale, and the policy provides for the recovery of the cost of premiums paid from the cash value or death benefits collaterally assigned to Maxim by Mr. Hale to the extent such premiums are recoverable. In fiscal year 2008, \$4,596 was attributed to Mr. Hale on his split-dollar life insurance policy.

Under the Change-in-Control Agreement, Mr. Hale is entitled to receive a retirement benefit of \$65,000, commencing on his 55th birthday and payable annually thereafter until his death. In addition, Mr. Hale and his spouse also have a right under this agreement to continue to participate, at no cost to either of them, in all health, dental, disability, accident and life insurance plans or arrangements that were in effect at Dallas Semiconductor immediately prior to the acquisition of Dallas Semiconductor. Upon the acquisition of Dallas Semiconductor in April 2001, Mr. Hale received certain other benefits under the Change-in-Control Agreement as well.

Post-Employment Obligations

The at-will employment agreements with Messrs. Doluca, Hood, Parvarandeh and Ullal provide that in the event of termination of employment by Maxim without cause, severance payments are to be made in accordance with our normal policy then in effect, if any, or as otherwise mutually agreed between Maxim and the individual. Maxim does not have any normal policy with respect to severance payments of former executives.

In addition to the post-retirement benefit payable to Mr. Hale pursuant to the Change-in-Control Agreement described above, our offer letter agreement with Mr. Hale provides that we would pay Mr. Hale the pro rata share of his bonus in the event his employment was terminated before the end of fiscal year 2007.

Reasonableness of Compensation

The Compensation Committee believes it is fulfilling our compensation objectives and in particular, rewarding executive officers in a manner that supports our strong pay-for-performance philosophy. Executive compensation is tied to our performance and is structured to ensure that there is an appropriate balance between our long-term and short-term performance, and also a balance between our operational performance and stockholder return. The Compensation Committee believes the average target pay position relative to market and pay mix are reasonable and appropriate.

Other Considerations

Tax Considerations

Section 162(m) of the Internal Revenue Code states that public companies cannot deduct compensation paid to certain of its top executive officers in excess of \$1 million per officer per year. We believe it is in our best interest, to the extent practical, to have executive officer compensation be fully deductible under Section 162(m). However, the Compensation Committee also retains the discretion, for competitive reasons, to provide compensation that may not be fully deductible. In a few instances, a portion of our annual bonus payments to certain of our executive officers does not currently qualify as deductible under Section 162(m). The Compensation Committee will continue to evaluate whether it is in Maxim's best interest to qualify future incentive awards under Section 162(m). Our 1996 Stock Incentive Plan has been structured with the intention that stock options and performance shares granted under the plan be qualified as performance-based compensation not subject to Section 162(m); however, improperly accounted for options and performance shares granted under this plan may not qualify as performance-based compensation.

Stock Ownership Guidelines

We do not currently have any stock ownership guidelines for its executive officers or members of its board of directors.

COMPENSATION COMMITTEE REPORT

Our Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, our Compensation Committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and in our Annual Report on Form 10-K for the fiscal year ended June 28, 2008.

- (1) In September 2007, as a result of changes in NASDAQ regulations, Maxim decided to cash-settle all options expiring during the Blackout Period (goodwill payment) based on the price at which 10% of the daily close prices of Maxim's common stock fall above this price for trading days from August 7, 2006 (the date on which Maxim initiated a trading blackout on officers and other individuals) through the expiration date of the option. The cash payment is subject to the option holder executing a release of all claims relating to the option. The supplemental goodwill payment modification changed the classification of the associated awards from equity to liability instruments. The modification resulted in a reclassification from additional paid-in capital to accrued salaries and related expenses of \$126.8 million and incremental compensation expenses of \$27.5 million, including the incremental stock-based compensation disclosed for Messrs. Doluca, Hood, Parvarandeh and Ullal in the table above, during the first fiscal quarter of 2008. At the end of each period, Maxim will recognize any change in fair value of the options in its consolidated statements of income in the period of change until the options are settled. See Note 3, "Stock-Based Compensation" of the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended June 28, 2008.

Edgar Filing: MAXIM INTEGRATED PRODUCTS INC - Form DEF 14A

- (1) Represents common stock issuable upon the exercise of options granted under our existing stockholder approved equity compensation plans. Includes 10,266,201 restricted stock units which have an exercise price of zero. Maxim's 1987 Employee Stock Participation Plan expired on August 25, 2007.
- (2) Represents 4,109,576 shares of common stock available for issuance under the 1996 Stock Incentive Plan.

- (3) Represents shares of our common stock pursuant to option agreements assumed pursuant to our acquisition of Dallas Semiconductor. The option agreements were originally issued by Dallas Semiconductor under the Dallas Semiconductor 1984 Stock Option Plan, the Dallas Semiconductor Corporation 1987 Stock Option Plan and the Dallas Semiconductor 1993 Officer and Director Stock Option Plan (collectively, the Dallas Plans).

Upon our acquisition of Dallas Semiconductor, we assumed the option agreements then outstanding under Dallas Plans (the Assumed Options). The Assumed Options are governed by the terms of the respective Dallas Plan under which they were originally issued and no further options will be issued under the Dallas Plans. Options governed by the terms of the Dallas Plans generally are nontransferable and expire no later than ten years from date of grant. Options generally are exercisable upon grant. Shares of common stock issuable and/or exercised under the Dallas Plans vest based upon years of service, generally four years. Upon termination of a participant's employment, we reserve the right to repurchase the unvested portion of the stock held by the employee, at the original option price. The Dallas Plans were duly approved by the stockholders of Dallas Semiconductor prior to its acquisition by Maxim. In addition, any shares or options reserved but not issued under the Dallas Plans as of the date of stockholder approval of the 1996 Plan and any shares returned to such plans as a result of termination of options or repurchase of shares will increase the number of shares available for issuance under the 1996 Plan.

On or about September 22, 2006, we suspended the issuance of shares pursuant to the exercise of stock options and restricted stock units and purchases under our employee stock purchase program under our Form S-8 registration statements pending the completion of the Special Committee investigation and filing of all of our delayed periodic reports with the SEC. As a result, no shares of common stock underlying stock options and restricted stock units could be issued pursuant to the above-described plans until our Registration Statement on Form S-8 becomes effective. We became current with our SEC filings on September 30, 2008.

Each Offer Period of approximately 12 months in length (except for the initial Offer Period) may overlap each other as set forth above, and each will consist of 2 Purchase Periods of approximately 6 months in length.

Participating Employee means an employee (i) for whom payroll deductions are currently being made or who otherwise contributes to the Plan, or (ii) for whom payroll deductions are not currently being made or who does not otherwise contribute to the Plan because he or she has reached the limitation set forth in the first sentence of Section 6.

2. Shares Reserved for the Plan.

There shall be reserved for issuance and purchase by employees under the Plan an aggregate of 4,000,000 Shares, subject to adjustment as provided in Section 12. All such Shares may be granted under the Code Section 423 Component. Shares subject to the Plan may be Shares now or hereafter authorized but unissued, or Shares that were once issued and subsequently reacquired by the Company. If and to the extent that any right to purchase reserved Shares shall not be exercised by any employee for any reason or if such right to purchase shall terminate as provided herein, Shares that have not been so purchased hereunder shall again become available for the purposes of the Plan unless the Plan shall have been terminated, but such unpurchased Shares shall not be deemed to increase the aggregate number of Shares specified above to be reserved for purposes of the Plan (subject to adjustment as provided in Section 12).

3. Administration of the Plan.

The Plan shall be administered by the Committee appointed by the Board of Directors. The Board of Directors shall consider the rules of Rule 16b-3 promulgated under the Exchange Act in connection with any such appointment, if and to the extent that such appointments may have an effect thereunder. Each member of the Committee shall serve at the pleasure of the Board of Directors. The acts of a majority of the members present at any meeting of the Committee at which a quorum is present, or acts approved in writing by a majority of the entire Committee, shall be the acts of the Committee for purposes of the Plan. If and to the extent applicable, no member of the Committee may act as to matters under the Plan specifically relating to such member. Notwithstanding the foregoing, the Board of Directors may designate the Compensation Committee of the Board of Directors to act as the Committee hereunder.

The Committee may make such rules and regulations and establish such procedures and sub-plans for the operation and administration of the Plan as it deems appropriate, including relating to the operation and administration of the Plan to accommodate the specific requirements of local laws and procedures for jurisdictions outside of the United States. The Committee shall have authority to interpret the Plan, with such interpretations to be conclusive and binding on all persons and otherwise accorded the maximum deference permitted by law and shall take any other actions and make any other determinations or decisions that it deems necessary or appropriate in connection with the Plan or the administration or interpretation thereof.

4. Eligible Employees.

Except as described below, all employees of the Company and its Designated Companies shall be eligible to participate in the Plan, provided that each of such employees does not own, for purposes of Section 423 of the Code, immediately after the right is granted, stock possessing 5% or more of the total combined voting power or value of all classes of capital stock of the Company or of a Subsidiary.

To the extent permitted under local law, the Committee may also exclude from participation in the Plan any or all of (i) a group of highly compensated employees designated by the Committee as being ineligible to participate in the Plan as permitted by Section 423(b)(4)(D) of the Code, (ii) employees who have been employed by the Company or any Subsidiary for less than 2 years, (iii) employees whose customary employment is for not

more than 5 months in any calendar year, and (iv) employees who customarily work 20 hours per week or less. The employment of an employee of a Subsidiary or an Affiliate which ceases to be a Subsidiary or an Affiliate as defined herein shall, automatically and without any further action, be deemed to have terminated (and such employee shall cease to be an Eligible Employee hereunder).

5. Election to Participate and Payroll Deductions/Contributions.

Each Eligible Employee may elect to participate in the Plan during the Enrollment Period immediately prior to the beginning of each Offer Period during a Plan Year. Each Eligible Employee may elect a payroll deduction of from 1% to 25% of Eligible Compensation from each paycheck, in increments of 1% (i.e., 1%, 2%, 3%, etc.), unless otherwise so provided by the Committee. Elections under this Section 5 are subject to the limits set forth in Section 6. All payroll deductions shall be credited, as promptly as practicable, to a Payroll Account in the name of the Participating Employee. The Committee, in its discretion, may decide that an Eligible Employee may contribute to the Plan by means other than payroll deductions. All funds held by the Company under the Plan shall not be segregated from other corporate funds (except that the Company may in its discretion establish separate bank or investment accounts in its own name) and may be used by the Company for any corporate purpose, unless otherwise required by local law.

Each Participating Employee may cancel his or her election to participate in the Plan by signing and delivering written notice to the Committee, on a form specified for such purpose by the Committee, at such times as may be established by the Committee. In such case, the entire balance in the Payroll Account of such former Participating Employee shall be repaid to such former Participating Employee as promptly as practicable in accordance with Section 9, without interest. Upon such voluntary withdrawal during an Offer Period by a Participating Employee, such withdrawing Participating Employee shall not be entitled to participate in the Plan again during such Offer Period or the Offer Period immediately following such Offer Period. Thereafter, such Eligible Employee is eligible to participate in subsequent Offer Periods under the Plan upon timely delivery of a new enrollment form.

Subject to the preceding paragraph of this Section 5, if so provided by the Committee, an Eligible Employee who is a Participating Employee immediately prior to the beginning of an Offer Period will be deemed (i) to have elected to participate for such Offer Period and (ii) to have authorized the same percentage payroll deduction for such Offer Period in effect for such Eligible Employee as that in effect (without regard to Section 6) on the day before such Offer Period. The Committee may adopt the procedures set forth in the foregoing sentence for some but not all Offer Periods.

6. Limitation of Number of Shares That an Employee May Purchase.

No right to purchase Shares under the Plan shall provide an employee the right to purchase Common Stock under all employee stock purchase plans of the Company and its Subsidiaries which accrues at a rate which in the aggregate exceeds \$25,000 of the fair market value of such stock (determined under Section 423 of the Code at the time the right is granted) for each calendar year in which the right is outstanding at any time. Notwithstanding the foregoing, the maximum number of shares of Common Stock that an Eligible Employee may purchase on any Purchase Date during an Offer Period shall not exceed 1,600 shares.

7. Purchase Price.

The purchase price for each Share shall be the lesser of (i) 85% of the Fair Market Value of such Shares on the Offer Date and (ii) 85% of the Fair Market Value of such Shares on the Purchase Date.

8. Method of Purchase.

As of the Purchase Date, each Participating Employee shall be deemed, without any further action, to have purchased the number of whole Shares which the balance of his or her Payroll Account at that time will purchase, determined by dividing the balance in his or her Payroll Account not theretofore invested by the purchase price as determined in Section 7.

All Shares purchased as provided in the foregoing paragraph shall be initially maintained in separate Stock Accounts for the Participating Employees at a brokerage firm selected by, and pursuant to an arrangement with, the Company. The Company shall deliver the shares to the Stock Account as soon as reasonably practicable after the close of the applicable Purchase Date. A Participating Employee shall be free to undertake a disposition (as that term is defined in Section 424 of the Code) of the Shares in his or her Stock Account at any time, whether by sale, exchange, gift or other transfer of legal title, but, for Participating Employees in the Code Section 423(b) Component, in the absence of such a disposition of such Shares, unless otherwise provided by the Committee, the Shares must remain in the Participating Employee's Stock Account at the brokerage firm so selected until the holding period set forth in Section 423(a) of the Code has been satisfied. With respect to those Shares for which the Section 423(a) holding period has been satisfied or which are held by Participating Employees in the Non-Section 423(b) Component, the Participating Employee may, without limitation, move those Shares to another brokerage account of the Participating Employee's choosing or request that a stock certificate be issued and delivered to him or her.

If and to the extent provided by the Committee, for so long as such Shares are maintained in Stock Accounts, all dividends paid with respect to such Shares shall be credited to each Participating Employee's Stock Account, and will be automatically reinvested in whole Shares. The Committee may provide that transaction fees incurred with respect to dividend reinvestment may be paid by the Company.

Unless otherwise provided by the Committee, in no event shall fractional Shares be purchased hereunder, and any remaining cash in a Participating Employee's Payroll Account resulting from such failure to invest in fractional Shares shall remain in the Payroll Account for use in the next Offer Period; provided, however, that, if the Participating Employee is not an active Participating Employee for such next Offer Period, such remaining cash shall be returned to the Participating Employee as soon as practicable. Notwithstanding any other provision of the Plan, the Committee may permit the purchase of fractional Shares hereunder and establish rules and procedures relating thereto.

9. Termination of Participation or Employment.

The right to participate in the Plan shall terminate immediately when a Participating Employee ceases to be employed by the Company or a Designated Company for any reason (including death or disability) or a Participating Employee otherwise becomes ineligible. Participation also terminates: (i) immediately when the Participating Employee voluntarily cancels his or her election to participate in the Plan as provided in Section 5, (ii) if, immediately after the Purchase Date, the Participating Employee is not re-enrolled in the Plan for the next Offer Period or (iii) if the Participating Employee has suspended payroll deductions during any Offer Period and has not re-enrolled in the Plan for the next Offer Period.

Notwithstanding any other provision of the Plan to the contrary, the Company shall distribute to such former Participating Employee (or, in the event of death, to his or her estate), the balance in his or her Payroll Account not theretofore invested, without interest, any such distribution or payment to be made as soon as practicable. The Committee shall also cause to be delivered to the former Participating Employee (or his or her estate), a certificate for the number of whole Shares held in his or her Stock Account within 90 days of the termination of employment or as soon as practicable thereafter. If applicable, fractional Shares will be sold on the open market and the Participating Employee will receive the net proceeds, if any, after all fees have been paid.

10. Rights as a Stockholder.

At the time funds from a Participating Employee's Payroll Account are used to purchase the Common Stock, he or she shall have all of the rights and privileges of a stockholder of the Company with respect to the Shares purchased under the Plan whether or not certificates representing such Shares have been issued.

11. Rights Not Transferable.

Rights granted under the Plan are not transferable by a Participating Employee other than by will or the laws of descent and distribution and are exercisable during his or her lifetime only by him or her.

12. Adjustment in Case of Changes Affecting Common Stock.

If (i) the Company shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Company or its Subsidiaries or a transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization or other similar change in the capital structure of the Company, or any distribution to holders of Common Stock other than cash dividends, shall occur or (iii) any other event shall occur which in the judgment of the Committee necessitates action by way of adjusting the number or kind of shares, or both, which thereafter may be sold under the Plan, then the Committee may forthwith take any such action as in its judgment shall be necessary to preserve to the Participating Employees' rights substantially proportionate to the rights existing prior to such event, and to maintain the continuing availability of Shares under Section 2 and the last sentence of Section 6 (if Shares are otherwise then available) in a manner consistent with the intent hereof, including, without limitation, adjustments in (x) the number and kind of shares subject to the Plan, (y) the purchase price of such shares under the Plan, and (z) the number and kind of shares available under Section 2 and the last sentence of Section 6. To the extent that such action shall include an increase or decrease in the number of Shares (or units of other property then available) subject to the Plan, the number of Shares (or units) available under Section 2 and the last sentence of Section 6 above shall be increased or decreased, as the case may be, proportionately, as may be provided by Committee in its discretion.

Notwithstanding any other provision of the Plan, if the Common Stock ceases to be listed or traded, as applicable, on a national stock exchange or over-the-counter market (a Triggering Event), then, in the discretion of the Committee, (i) the balance in the Participating Employee's Payroll Account not theretofore invested may be refunded to the Participating Employee, and such Participating Employee shall have no further rights or benefits under the Plan, (ii) an amount equal to the product of the Fair Market Value of a Share on the date of the Triggering Event multiplied by the number of Shares such Participating Employee would have been able to purchase with the balance of his or her Payroll Account on such Triggering Event if such Triggering Event were the Purchase Date may be paid to the Participating Employee, and such Participating Employee shall have no further rights or benefits under the Plan, or (iii) the Plan may be continued without regard to the application of this sentence.

13. Amendment of the Plan.

The Board of Directors may at any time, or from time to time, amend the Plan in any respect; provided, however, that the Plan may not be amended in any way that would cause, if such amendment were not approved Company's shareholders, the Code Section 423 Plan to fail to comply with

- (i) the requirements for employee stock purchase plans under Section 423 of the Code; or
- (ii) any other requirement of applicable law or regulation; unless and until stockholder approval is obtained.

14. Termination of the Plan.

The Plan and all rights of employees hereunder shall terminate:

- (i) on the date that Participating Employees become entitled to purchase a number of Shares greater than the number of reserved Shares remaining available for purchase; or
- (ii) at any time, at the discretion of the Board of Directors.

In the event that the Plan terminates under circumstances described in (i) above, reserved Shares remaining as of the termination date shall be subject to Participating Employees on a pro rata basis. No termination of the Plan shall alter or impair any rights outstanding at the time of the such termination to purchase Shares pursuant to any offering of the right to purchase Shares hereunder.

15. Governmental and Other Regulations; Further Assurances.

The Plan, and the grant and exercise of the rights to purchase Shares hereunder, and the Company's obligation to sell and deliver Shares upon the exercise of rights to purchase Shares, shall be subject to all applicable federal, state and foreign laws, rules and regulations, and to such approvals by any regulatory or governmental agency as may be required. The Company shall not be required to issue or deliver any certificates for Shares prior to the completion of any registration or qualification of such Shares under, and the obtaining of any approval under or compliance with, any state or federal law, or any ruling or regulation of any government body which the Company shall, in its sole discretion, determine to be necessary or advisable. Certificates for Shares issued hereunder may be legended as the Committee may deem appropriate.

The Participating Employee shall take whatever additional actions and execute whatever additional documents the Committee may in its reasonable judgment deem necessary or advisable in order to carry out or effect one or more of the obligations or restrictions imposed on the Participating Employee pursuant to the Plan.

16. Non-U.S. Subsidiaries.

Without amending the Plan, the Committee may allow for participation under the terms hereunder by Eligible Employees of non-U.S. Subsidiaries and Affiliates with such modifications of the terms and conditions otherwise specified hereunder as may in the judgment of the Committee be necessary or desirable to foster and promote achievement of the purposes hereof, and, in furtherance of such purposes, the Committee may make such amendments, procedures and the like and establish such sub-plans as may be necessary or advisable to comply with provisions of laws (including tax laws) in other countries in which such Subsidiaries and Affiliates operate or have employees.

17. Indemnification of Committee.

The Company shall indemnify and hold harmless the members of the Board of Directors of the Company and the members of the Committee from and against any and all liabilities, costs and expenses incurred by such persons as a result of any act or omission to act in connection with the performance of such person's duties, responsibilities and obligations under the Plan if such person acts in good faith and in a manner that he or she reasonably believes to be in, or not opposed to, the best interests of the Company, to the maximum extent permitted by law.

18. Withholding; Disqualifying Dispositions.

Notwithstanding any other provision of the Plan, the Company or the Designated Company shall deduct from all Payroll Accounts paid under the Plan all federal, state, foreign, local and other taxes required by law to be withheld with respect to such payments.

If Shares acquired under the Plan are disposed of in a disposition that does not satisfy the holding period requirements of Section 423(a) of the Code, such Participating Employee in the Code Section 423(b) Plan shall notify the Company in writing as soon as practicable thereafter of the date and terms of such disposition and, if the Company (or any Subsidiary or Affiliate thereof) thereupon has a tax-withholding obligation, shall pay to the Company (or such Subsidiary or Affiliate) an amount equal to any withholding tax the Company (or Subsidiary or Affiliate) is required to pay as a result of the disqualifying disposition (or satisfy such other arrangements as may be permitted by the Committee).

19. Notices.

All notices under the Plan shall be in writing (which for these purposes shall include reasonably acceptable means of electronic transmission), and if to the Company, shall be delivered to the Board of Directors or mailed to its principal office, addressed to the attention of the Board of Directors; and if to a Participating Employee, shall be delivered personally or mailed to such Participating Employee at the address appearing in the records of the Company. Such addresses may be changed at any time by written notice to the other party given in accordance with this Section 20.

20. Severability.

If any particular provision of this Plan is found to be invalid or unenforceable, such provision shall not affect the other provisions of the Plan, but the Plan shall be construed in all respects as if such invalid provision had been omitted.

21. No Right to Continued Employment.

The Plan and any right to purchase Common Stock granted hereunder shall not confer upon any employee any right with respect to continued employment by the Company or any Subsidiary or Affiliate, nor shall they restrict or interfere in any way with the right of the Company or any Subsidiary or Affiliate by which an employee is employed to terminate his or her employment at any time.

22. Captions.

The use of captions in the Plan is for convenience. The captions are not intended to and do not provide substantive rights.

23. Effective Date of the Plan.

The Plan shall be effective as of the Effective Date, provided that the Plan is approved by stockholders prior thereto.

24. Code Section 409A.

The Code Section 423(b) Plan is exempt from the application of Section 409A of the Code. The Non-423(b) Component is intended to be exempt from Section 409A of the Code under the short-term deferral exception and any ambiguities shall be construed and interpreted in accordance with such intent. In the case of a Participating Employee who would otherwise be subject to Section 409A of the Code, to the extent an option to purchase Shares or the payment, settlement or deferral thereof is subject to Section 409A of the Code, the option to purchase Shares shall be granted, paid, exercised, settled or deferred in a manner that will comply with Section 409A of the Code, including the final regulations and other guidance issued with respect thereto, except as otherwise determined by the Board or Directors or the Committee. Notwithstanding the foregoing, the Company shall have no liability to a Participating Employee or any other party if the option to purchase Common Stock under the Plan that is intended to be exempt from or compliant with Section 409A of the Code is not so exempt or compliant or for any action taken by the Board of Director or the Committee with respect thereto.

25. Governing Law.

The provisions of the Plan shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to its conflict of law rules.
