**Item 2.05. Costs Associated with Exit or Disposal Activities**

On December 11, 2008, Silicon Graphics, Inc. (the Company) announced that it initiated a plan to refine its focus and streamline its operating costs to provide for a sustainable operation in the face of a global recession. As part of this plan, the Company will reduce its workforce by approximately 225 positions, or roughly 15 percent of its workforce. The reduction will include several executive and senior-level positions. The Board of Directors approved a business plan that reflected reduced operating expenses and authorized management to design and implement a restructuring plan on December 1, 2008. Management committed to a plan of termination involving a reduction in force and lease restructuring on December 9, 2008.

The Company expects to record approximately \$6.7 million of severance and other employee termination costs in connection with the restructuring, all of which will result in future cash expenditures. The workforce reduction is expected to be substantially completed by March 27, 2009. As of the date of this Form 8-K, the Company is unable in good faith to make a precise determination of costs expected to be incurred in connection with its facility cost reductions.

A copy of the Company's press release announcing this information and certain other information is attached as Exhibit 99.1 to this filing.
