This proxy statement is being sent along with our Annual Report to Stockholders for the year ended December 31, 2009 (which is not part of the soliciting materials) and the proxy card.

Table of Contents

Who is entitled to vote at the Annual Meeting?

Only stockholders of record of our common stock, par value \$0.0001 per share, at the close of business on March 24, 2010 will be entitled to vote at the 2010 Annual Meeting. As of this record date, there were a total of 58,542,038 shares of our common stock outstanding, each share being entitled to one vote. There is no cumulative voting.

How many votes must be present to hold the Annual Meeting?

The presence at the 2010 Annual Meeting, in person or by proxy, of the holders of a majority of the shares of our outstanding common stock will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present or represented at the Annual Meeting, the stockholders entitled to vote at the Annual Meeting, present in person or represented by proxy, will have the power to adjourn the Annual Meeting without notice, other than the announcement at the Annual Meeting of such adjournment, until a quorum shall be present or represented.

Even if you plan to attend the Annual Meeting, in order to ensure the presence of a quorum at the Annual Meeting, please vote your shares in accordance with the instructions described below. Abstentions and broker non-votes are counted as present for purposes of establishing a quorum. Shares owned by Great Lakes are not voted and do not count for quorum purposes. A broker non-vote occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

Who is the record holder and what if the shares are held through a broker?

If you are the registered holder of shares, then you are the record holder of those shares, and you should vote your shares as described in the next section.

If you own shares through a broker, the registered holder of those shares is the broker or its nominee. Such shares are often referred to as being held in street name, and you, as the beneficial owner of those shares, do not appear in our stock register. For street name shares, there is a two-step process for distributing our proxy materials and tabulating votes. Brokers inform us how many of their clients own common stock in street name, and the broker forwards our proxy materials to those beneficial owners. If you receive our proxy materials from your broker, including a voting instruction card, you should vote your shares by following the procedures specified on the voting instruction card. Shortly before the Annual Meeting, your broker will tabulate the votes it has received and submit a proxy card to us reflecting the aggregate votes of the street name holders. If you plan to attend the Annual Meeting and vote your street name shares in person, you should contact your broker to obtain a broker's proxy card and bring it to the Annual Meeting.

How do record holders vote their shares?

You can vote at the Annual Meeting in person or by proxy. We recommend that you vote by proxy even if you plan to attend the Annual Meeting. You can always attend the Annual Meeting and revoke your proxy by voting in person.

Table of Contents

There are three ways to vote by proxy:

By telephone You can vote by touch tone telephone by calling toll-free 1 (866) 894-0537, 24 hours a day, 7 days a week, and following the instructions on our proxy card;

By Internet You can vote by Internet by going to the website *www.continentalstock.com* and following the instructions on our proxy card; or

By mail You can vote by mail by completing, signing, dating and mailing our enclosed proxy card.

By giving us your proxy, you are authorizing the individuals named on our proxy card, the proxies, to vote your shares in the manner you indicate. You may:

vote for the election of our director nominee; or

withhold authority to vote for our director nominee.

You may vote FOR or AGAINST or ABSTAIN from voting on the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010.

What if I do not vote for some of the matters listed on the proxy?

If you vote by proxy without indicating your instructions, your shares will be voted FOR our one director nominee and FOR the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010.

How can I revoke my proxy after it is submitted?

A stockholder may revoke a proxy at any time prior to its exercise:

by giving to our Secretary a written notice of revocation of the proxy's authority, such notice to be delivered to our principal executive offices;

by submitting a duly elected proxy bearing a later date; or

by attending the 2010 Annual Meeting and voting in person.

Who pays the cost of solicitation of proxies for the Annual Meeting?

We will pay the costs for the solicitation of proxies, including the cost of preparing and mailing this proxy statement. Proxies are being solicited primarily by mail, but the solicitation by mail may be followed-up by solicitation in person, or by telephone or facsimile, by our regular employees without additional compensation for such proxy solicitation activity. We will reimburse brokers, banks and other custodians and nominees for their reasonable out-of-pocket expenses incurred in sending proxy materials to our stockholders. We have also hired Morrow & Co., LLC to assist in the solicitation of proxies.

How many votes are necessary for the election of the proposed nominee to the Board of Directors?

The nominee for director for a three-year term will be elected provided that he receives the affirmative vote of a plurality of the shares present at the Annual Meeting, whether in person or by proxy. This means that, if a quorum is present, because only one director is nominated for election at the annual meeting, the nominee will be elected to serve as director. Withholding authority to vote for a director nominee is the equivalent of abstaining from the vote. Abstentions and broker non-votes are not counted as votes cast for the purposes of the election of directors.

How many votes are necessary for the approval of our proposed independent registered public accounting firm?

Deloitte & Touche LLP will be ratified as our independent registered public accounting firm for the fiscal year ending December 31, 2010 provided it receives the affirmative vote of a majority of the shares present at the Annual Meeting, whether in person or by proxy. Abstentions will be treated as being present and entitled to vote on the matter and, therefore, will have the effect of votes against the proposal. A broker non-vote is treated as not being entitled to vote on the matter and, therefore, is not counted for purposes of determining whether the proposal has been approved.

What other matters will be acted upon at the Annual Meeting?

As of the date of this proxy statement, our Board of Directors does not know of any business that will be presented for consideration at the 2010 Annual Meeting other than the matters described in this proxy statement. If any other matters are properly brought before the Annual Meeting, the persons named in the enclosed proxy card will vote the proxies in accordance with their best judgment.

PROPOSAL 1 ELECTION OF DIRECTORS

Set forth below are the names, ages, positions and biographies of our directors as of April 6, 2010. The Board of Directors, at the recommendation of its Nominating and Corporate Governance Committee, has nominated the first listed director for re-election to the Board of Directors for a three-year term:

Name	Age	Position
Jonathan W. Berger*	51	Non-executive Director
Bruce J. Biemeck	60	Non-executive Director
Thomas S. Souleles	41	Non-executive Director
Jason G. Weiss	40	Non-executive Director
Douglas B. Mackie	57	President, Chief Executive Officer and Director
Peter R. Deutsch	53	Non-executive Director
Nathan D. Leight	50	Non-executive Director

* Director nominated for election at the 2010 Annual Meeting.

Composition of the Board of Directors

Our Board is currently composed of seven members divided into three classes. The members of each class are elected to serve three-year terms with the term of office of each class ending in successive years. Jonathan W. Berger is the only director in the class whose term expires at the 2010 Annual Meeting. Messrs. Deutsch, Leight and Mackie are members of the class whose term expires at the 2011 Annual Meeting, and Messrs. Biemeck, Souleles and Weiss are members of the class whose term expires at the 2012 Annual Meeting.

Prior to September 2009, there were two members of the class whose term expires at the 2010 Annual Meeting. However, on August 31, 2009, a director resigned from the Board and we reduced the size of the Board to seven members. Our Amended and Restated Certificate of Incorporation provides that when the number of directors on the Board is reduced, we will reapportion the members of the other classes so that each class is as nearly equal as possible. However, we are not permitted to shorten the term of any incumbent director. Therefore, we have not reapportioned the classes at this time.

The Board, upon recommendation of the Nominating and Corporate Governance Committee, has nominated Mr. Berger for re-election and the nominee has indicated a willingness to serve. The members of the two other classes of directors will continue in office for their existing terms. Upon the expiration of the term of a class of directors, the nominees for such class will generally be elected for three-year terms at the Annual Meeting of Stockholders held in the year in which such term expires. A plurality of the shares of common stock present and voting at the Annual Meeting is necessary to elect the nominee for director.

The persons named as proxies in the enclosed proxy card will vote the proxies received by them for the election of Jonathan W. Berger, unless otherwise directed. In the event that the nominee becomes unavailable for election at the Annual Meeting, the persons named as proxies in the enclosed proxy card may vote for a substitute nominee at their discretion as recommended by the Board.

Agreements with Respect to Nominees

There are no agreements with respect to the nominees for director.

Vote Required and Recommendation

The nominee for director will be elected for a three-year term provided that he receives the affirmative vote of a plurality of the shares present at the Annual Meeting, whether in person or by proxy. This means that, if a quorum is present, the person receiving the greatest number of votes at the Annual Meeting will be elected to serve as director. As a result, withholding authority to vote for a director nominee, abstentions, and broker non-votes with respect to the election of directors will not affect the outcome of the election of directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF THE ABOVE NAMED NOMINEE TO THE BOARD OF DIRECTORS. PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED FOR THE ELECTION OF THE NOMINEE NAMED ABOVE UNLESS INSTRUCTIONS TO THE CONTRARY ARE GIVEN.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board Leadership Structure

Our Board is led by a Chairman. Currently, Mr. Mackie, our Chief Executive Officer, is also Chairman of the Board. All of our other directors are independent. The Board has determined that having Mr. Mackie serve as both Chief Executive Officer and Chairman of the Board is in our best interests because this arrangement allows for the efficient alignment of our strategic direction with the current and future trends of the dredging industry. The Board believes that there are adequate safeguards in place to mitigate against any risks arising from this arrangement. Such safeguards include executive meetings of the independent directors, the determination of executive compensation by a committee comprised of independent directors that utilizes the services of a compensation consultant, and the wide-ranging accounting and business experience of the members of our Board generally and of the independent Audit Committee in particular. Finally, the extensive knowledge of our Board members, many of whom have additional experience as directors of other publicly-held companies provides our Chief Executive Officer and Chairman with additional guidance on strategic objectives and risk management.

In November 2009, the Board selected Bruce J. Biemeck as Lead Director. The position of Lead Director is intended to provide a check and balance on the role and responsibilities of our Chief Executive Officer. Our Lead Director is expected to, among other things:

chair meetings (including executive sessions) of the independent directors;

act as principal liaison between independent directors and our Chief Executive Officer;

help develop Board agendas with our Chief Executive Officer to ensure that topics deemed important by the independent directors are included in board discussions and sufficient executive sessions are scheduled as needed;

advise our Chief Executive Officer on quality, quantity and timeliness of information supplied by management to the independent directors and act as the liaison between independent board members and our Chief Executive Officer to make certain that any additional information requested by board members is included in the materials prepared by management for the Board;

The Board's Role in Risk Management for the Company

The Board of Directors and the Committees of the Board play a significant role in the oversight of risk management. As part of the Company's risk management process, senior management discusses and identifies major areas of risk on an ongoing basis and periodically reviews these risks with the Board.

Table of Contents

Presentations are made in the ordinary course at scheduled Board meetings regarding market trends, competition and the various other risks that face the Company. In addition, we are in the process of instituting an enterprise-wide risk management program. Pursuant to this program, our executive officers will periodically report to the Board regarding the risks to our business. This program is expected to enable the Board to best determine our risk profile and oversee our risk management strategies. On an ongoing basis, the various committees of the Board address risk in the areas relevant to their scope. For example:

The Nominating and Corporate Governance Committee evaluates the Board, individual Board members and the Board committees, oversees compliance with ethics policies and considers matters of corporate governance;

The Compensation Committee reviews and approves corporate goals relating to our chief executive officer's compensation, screens and recommends individuals qualified to become chief executive officer and approves total compensation for our senior executives; and

The Audit Committee oversees the integrity of our financial reporting process and systems of internal controls.

Board Composition and Committee Structure

Our Board of Directors currently consists of seven members and has a separately standing Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. The following table provides membership information as of April 6, 2010 for each of our Committees of the Board of Directors:

Below is a description of each Committee of our Board of Directors.

Audit Committee. The Audit Committee is comprised of Messrs. Berger, Biemeck and Deutsch, each of whom has been determined to be an independent director according to the rules and regulations of the SEC and the NASDAQ Stock Market. Additionally, our Board has determined that Mr. Berger and

Mr. Biemeck are each an audit committee financial expert, as such term is defined in Item 401(h) of Regulation S-K. The Audit Committee charter requires that all of its members be independent directors, as such term is defined in Rule 4200(a)(15) of the NASDAQ Marketplace Rules.

The Audit Committee operates under a written charter, a copy of which is available on our website at www.gldd.com or may be obtained by writing to our Secretary at our principal executive office. Under this charter, the Audit Committee is responsible for:

monitoring the integrity of our financial reporting process and systems of internal controls regarding finance, accounting and legal compliance;

monitoring the independence and performance of our independent auditor and monitoring the performance of our internal audit function;

hiring and firing our auditor and approving any non-audit work performed for us; and

providing an avenue of communication among the independent auditor, management and our Board.

The Audit Committee held eight meetings during fiscal 2009.

Compensation Committee. The Compensation Committee is comprised of Messrs. Biemeck, Souleles and Weiss, each of whom has been determined to be an independent director according to the rules and regulations of the SEC and the NASDAQ Stock Market.

Messrs. Biemeck, Souleles and Weiss are each considered to be a non-employee director under Rule 16b-3 of the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act in this proxy statement, and an outside director under section 162(m) of the Internal Revenue Code of 1986, as amended, which we refer to as the Tax Code in this proxy statement.

screening and recommending to the full Board individuals qualified to become chief executive officer;

approving total compensation for senior executives, including oversight of all senior executive benefit plans;

overseeing our general cash-based and equity-based incentive plans; and

Table of Contents

The Compensation Committee held five meetings and took three actions by written consent during fiscal 2009.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is comprised of Messrs. Biemeck, Leight and Souleles, each of whom has been determined to be an independent director according to the rules and regulations of the SEC and the NASDAQ Stock Market.

The Nominating and Corporate Governance Committee operates under a written charter, a copy of which is available on our website at www.gldd.com or may be obtained by writing to our Secretary at our principal executive office. Under this charter, the Nominating and Corporate Governance Committee is responsible for:

developing and recommending qualification standards and other criteria for selecting new directors, identifying individuals qualified to become Board members consistent with qualification standards and other criteria approved by the Board and recommending to the Board such individuals as nominees to the Board for its approval;

overseeing evaluations of the Board, individual Board members and the Board committees;

establishing total compensation for the Board; and

overseeing our compliance with ethics policies and considering matters of corporate governance.

The Nominating and Corporate Governance Committee does not set specific minimum qualifications for director positions. Instead, the Nominating and Corporate Governance Committee believes that nominations for election or re-election to the Board should be based on a particular candidate's merits and our needs after taking into account the current composition of the Board. The Nominating and Corporate Governance Committee considers potential candidates for director, who may come to the attention of the Nominating and Corporate Governance Committee through current directors, professional executive search firms, stockholders or other persons. When evaluating candidates annually for nomination for election, the Nominating and Corporate Governance Committee considers all relevant factors regarding the candidates, including an individual's skills, diversity, independence from us, experience in areas that address the needs of the Board and ability to devote adequate time to Board duties. The Nominating and Corporate Governance Committee also seeks to achieve the appropriate balance of industry and business knowledge and experience, including, without limitation, expertise in the dredging industry, in light of the function and needs of the Board, as well as independence, financial expertise, public company experience, personal integrity and reputation. Whenever a new seat or a vacated seat on the Board is being filled, candidates that appear to best fit the needs of the Board and us are identified and unless such individuals are well known to the Board, they are interviewed and further evaluated by the Nominating and Corporate Governance Committee. Candidates selected by the Nominating and Corporate Governance Committee are then recommended to the full Board. After the Board approves a candidate, the Chair of the Nominating and Corporate Governance Committee extends an invitation to the candidate to join the Board.

The Nominating and Corporate Governance Committee will consider nominees for election or appointment to the Board who are recommended by our stockholders, provided that a complete description of such nominee's qualifications, experience and background, together with a statement signed

Table of Contents

by each nominee in which he or she consents to act as such, accompanies the recommendations, provided further that nominations by stockholders must be made in accordance with our By-Laws. See *Proposals for the 2011 Annual Meeting* below. Such recommendations should be submitted in writing to the attention of the Nominating and Corporate Governance Committee, c/o Secretary, Great Lakes Dredge & Dock Corporation, 2122 York Road, Oak Brook, IL 60523 and should not include self-nominations.

The Nominating and Corporate Governance Committee recommended Mr. Berger to the Board as director nominee for election at the 2010 Annual Meeting of Stockholders. See *Proposal 1 Election of Directors*.

The Nominating and Corporate Governance Committee held one meeting and took action by written consent one time during fiscal 2009.

Other Committees. Our Board of Directors may establish other committees as it deems necessary or appropriate from time to time.

Attendance at Board of Directors and Committee Meetings. Our current Board of Directors held eight meetings and took action by written consent three times during fiscal 2009. Each member of the Board attended at least 75% of all meetings of the Board and those Board Committees on which he served in 2009. The members of our Board are encouraged to attend our Annual Meeting of Stockholders. In May 2009, six members of our Board attended our Annual Meeting of Stockholders.

Executive Sessions of Non-Management Directors and Independent Directors

The non-management directors of the Board meet periodically in executive sessions without our management present. The independent directors also meet on occasion or as necessary in executive session. Mr. Biemeck, as lead director, serves as the Chair of each executive session of independent directors. Stockholders wishing to communicate with the independent directors may contact them by writing to: Independent Directors, c/o Secretary, Great Lakes Dredge & Dock Corporation, 2122 York Road, Oak Brook, IL 60523. Any such communication will be promptly distributed to the directors named in the communication in the same manner as described below in *Communications with the Board of Directors*.

Director Independence

The Board of Directors has determined that Messrs. Berger, Biemeck, Deutsch, Leight, Souleles and Weiss, constituting a majority of the Board, are independent directors, as such term is defined in Rule 4200(a)(15) of the NASDAQ Marketplace Rules. In reaching the conclusion that Mr. Berger is independent, the Board considered the fact that he is the cousin of Mr. Leight. In reaching the conclusion that Mr. Biemeck is independent, the Board considered the fact that he served as chief financial officer of Great Lakes from 1994 to 1999. In reaching the conclusion that Mr. Leight is independent, the Board considered the fact that he is the cousin of Mr. Berger and the fact that he served as chairman of the board of Aldabra Acquisition Corporation at the time of our merger with Aldabra in December 2006. In reaching the conclusion that Mr. Weiss is independent, the Board considered the fact that he served as chief executive officer of Aldabra at the time of the merger. The Board concluded that these relationships did not impact the independence of these directors under applicable NASDAQ Marketplace Rules.

A copy also may also be obtained by writing to our Secretary at our principal executive office.

Communication with the Board of Directors

We have not adopted a formal process for stockholder communications with our Board of Directors, but stockholders and other interested parties can send communications to one or more members of the Board by writing to the Board or to specific directors (including independent directors or Committee chairs) or group of directors at the following address:

Great Lakes Dredge & Dock Corporation Board of Directors

c/o Senior Vice President Finance and Secretary

Great Lakes Dredge & Dock Corporation

2122 York Road

Oak Brook, Illinois 60523

Any such communication will be promptly distributed by the Secretary to the individual director or directors named in the communication or to all directors if the communication is addressed to the entire Board of Directors. Every effort has been made to ensure that the views of stockholders are heard by the Board of Directors or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. To date, we have not considered it necessary to adopt a more formal process for stockholder communications with the Board of Directors. Nevertheless, during the upcoming year the Board of Directors will continue to monitor whether it would be appropriate to adopt a formal process.

Compensation of Directors

Non-employee directors receive compensation for Board service which is designed to fairly compensate directors for their Board responsibilities. An employee director receives no additional compensation for Board service. The Nominating and Corporate Governance Committee has the primary responsibility to review and consider any revisions to directors' compensation. Director compensation is reviewed annually by the Nominating and Corporate Governance Committee, with recommendation to the full Board, and approves changes.

On October 8, 2009, our Board, on the recommendation of the Nominating and Corporate Governance Committee, approved revisions to the standard compensation arrangements for our non-employee directors. Each of our non-employee directors currently receives an annual retainer of \$125,000, payable quarterly in arrears. The retainer will be payable 50% in cash and 50% in our common stock. In addition, our Board concurrently approved a one-time payment to each non-employee director currently serving on our Board of \$48,750, payable 50% in cash and 50% in our common stock to

PROPOSAL 2 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors, subject to stockholder ratification, has appointed Deloitte & Touche LLP as the independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending December 31, 2010. During fiscal year 2009, Deloitte & Touche LLP also served as our independent registered public accounting firm and, in addition, provided certain tax and other audit-related services. See *Matters Related to Independent Public Accountants Professional Fees*. Representatives of Deloitte & Touche LLP are expected to attend the Annual Meeting, where they will be available to respond to appropriate questions and, if they desire, to make a statement.

Vote Required and Recommendation

Deloitte & Touche LLP will be ratified as our independent registered public accounting firm for the fiscal year ending December 31, 2010 provided it receives the affirmative vote of a majority of the shares present at the Annual Meeting, whether in person or by proxy, assuming a quorum is present. Abstentions will be treated as being present and entitled to vote on the matter and, therefore, will have the effect of voting against the proposal. A broker non-vote is treated as not being entitled to vote on the matter and, therefore, is not counted for purposes of determining whether the proposal has been approved.

Although we are not required to seek stockholder ratification of this appointment, the Audit Committee and the Board believe it to be sound corporate practice to do so. If the appointment is not ratified, the Audit Committee will investigate the reasons for stockholder rejection and the Audit Committee will reconsider the appointment.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2010. COMPENSATION DISCUSSION AND ANALYSIS

Overview

The following Compensation Discussion and Analysis, or CD&A, provides information relevant to understanding the 2009 compensation of our executive officers identified in the Summary Compensation Table on page 32, whom we refer to as our named executive officers. The following discussion also contains statements regarding future individual and company performance targets and goals. These targets and goals are disclosed in the limited context of our compensation programs and should not be understood to be statements of our management's expectations or estimates of results or other guidance. We specifically caution investors not to apply these statements to other contexts.

The Compensation Committee, of which Mr. Biemeck is Chairman, is responsible for the oversight, implementation and administration of all of the executive compensation plans and programs. The Compensation Committee determines all of the components of compensation of the chief executive officer, and, in consultation with the chief executive officer, determines the compensation of the remaining executive officers.

Below we provide a more detailed explanation of the compensation and benefit programs for our named executive officers, including a description of our philosophy, plans and processes.

Compensation Policies and Practices

The Compensation Committee believes that a significant portion of annual and long-term compensation paid to our named executive officers should be closely aligned with our operating and financial performance on both a short-term and long-term basis. The goal of our executive compensation programs is to provide our named executive officers with compensation and benefits that are fair, reasonable and competitive in the marketplace. The programs are intended to help us recruit and retain qualified executives, and provide rewards that are linked to performance while also aligning the interests of these individuals with those of our stockholders. Specific objectives of this philosophy are as follows:

To attract, motivate and retain highly experienced executives who are vital to our short- and long-term success, profitability, and growth;

To achieve accountability for performance by linking annual cash awards to achievement of measurable performance objectives; and

To align executives and shareholders by rewarding executives for the achievement of strategic goals that successfully drive our operations and thereby enhance stockholder value.

Executive compensation consists of base salary, annual cash bonus incentives and long-term incentive awards under the Great Lakes Dredge & Dock Corporation 2007 Long-Term Incentive Plan, referred to as the "2007 Plan". Our executive compensation programs are designed to encourage executive officers to operate the business in a manner that enhances stockholder value in both the short and long term. A substantial portion of the executive's overall compensation is tied to our financial performance, specifically operating income and EBITDA, which represents net income (loss), adjusted for net interest expense, income taxes, depreciation and amortization expense. EBITDA is not a term defined under accounting principles generally accepted in the United States of America, referred to as "GAAP". The compensation philosophy provides for a direct relationship between compensation and the achievement of our goals and

Table of Contents

seeks to include management in upside rewards and downside risk. In addition, we use the 2007 Plan to further align the interests of management to those of our stockholders by granting restricted stock units and stock options which tie the compensation of our executives to the creation of long term stockholder value. In addition, the awards under the 2007 Plan vest over a number of years, thereby creating a retention incentive for our executive officers.

We offer total compensation packages at levels we believe are required to attract and retain qualified employees and officers, including named executive officers. In assessing appropriate levels of total compensation and benefits, the Compensation Committee uses a variety of techniques and generally compares our compensation levels to the market.

We do not believe risks arising from our compensation policies and practices are reasonably likely to have a material adverse effect on the company or our business. Underlying this conclusion is our belief that our compensation policies and practices are not designed to encourage our executives to take unnecessary or excessive risks. In addition, we believe that, from an executive's perspective, the short-term benefits that may result under our compensation policies and practices from excessive risk taking are likely offset by the long-term detriments therefrom, and that such short-term benefits will not yield rewards that justify the risk.

Role of Compensation Consultants

Since February 2008, our Compensation Committee has engaged the services of Hewitt Associates LLC (Hewitt) as a compensation consultant to advise the Compensation Committee on matters related to the design and implementation of awards under our 2007 Plan.

During 2009, the Compensation Committee engaged Hewitt to review and provide input regarding market trends related to executive long-term incentive opportunities, as well as review the annual bonus plan design for 2010. Hewitt also provided verbal advice to the Compensation Committee during individual calls with the Chair of the Compensation Committee to provide counsel on general and specific issues. Hewitt did not provide services relating to any other components of total compensation during 2009. Hewitt was engaged by and reported directly to the Compensation Committee, and worked directly with management under the direction of the Compensation Committee. Hewitt does not perform any other services for the Company. Billing by Hewitt is provided directly to, and approved for payment by, the Compensation Committee.

In February 2010, Hewitt completed a partial spin-off of its executive compensation consulting business, forming Meridian Compensation Partners LLC (Meridian) which will operate as an independent executive compensation consulting firm. In 2010, the Compensation Committee engaged Meridian to review and make recommendations regarding our executive total compensation as compared to a peer group that is being developed in conjunction with this review. Meridian is engaged by, and reports directly to, the Compensation Committee.

The Annual Compensation Process

Our annual compensation review is undertaken at the direction and under the supervision of the Compensation Committee. Other than our Chief Executive Officer working with our Chief Financial

Table of Contents

Officer and Chief Operating Officer, no executive officers are involved in making recommendations for executive officer compensation. No officers are involved in determining director compensation.

In the first quarter of each year, typically in January, the Compensation Committee reviews our Chief Executive Officer's recommendations and our historical pay and company performance information. As part of this process, the Compensation Committee reviews a comprehensive overview of the aggregate value of the total compensation and benefits provided to executive officers. Following the review process, the Compensation Committee determines the annual base salary and approves the annual budgeted dredging EBITDA for our Annual Cash Bonus Plan for the upcoming year for our Chief Executive Officer and the other named executive officers. The Compensation Committee then reports to the non-management members of the Board regarding their review process and its compensation determinations. Beginning in 2009, the Compensation Committee's review included consideration of the value of restricted stock unit grants and the number of stock options, if any, to be awarded during that year. It is the Compensation Committee's policy to authorize and grant equity awards as of the date of the Board of Directors meeting at which such awards are approved by the non-management members of the Board of Directors upon the recommendation of the Compensation Committee, based upon the fair market value of our common stock as of the date of the award.

In May 2009, the Compensation Committee granted equity awards pursuant to the 2007 Plan in the form of stock options and restricted stock units. In connection with these grants, the Compensation Committee determined the value of the award to be made to each recipient thereof and determined the terms and conditions of the awards including the applicable vesting criteria.

Periodically throughout the year, the Compensation Committee may discuss, as appropriate, the philosophy for the overall compensation packages, and decide whether changes should be made in the components of the package and/or the mix of the package or whether special awards are appropriate or desirable. No such changes were made for any named executive officers in 2009, as discussed below. However, to address potential changes due to general economic conditions, and as a matter of good corporate governance, the Compensation Committee in 2010 engaged Meridian to help assess the competitiveness of the compensation opportunity provided to the named executive officers.

Components of Total Compensation

Our compensation and benefits package for named executive officers consists of base salary, an annual cash bonus opportunity, long term incentive awards and certain other Company programs. Each component is designed to contribute to a total compensation package that is competitive and appropriately performance-based, and to create incentives for our named executive officers that coincide with our goals and objectives. In determining the total compensation of the named executive officers, the Compensation Committee considers our operating and financial performance as a whole, as well as each executive's execution of his or her responsibilities associated with each of their respective positions. The Compensation Committee believes that named executive officer compensation should include a significant company performance-based component. In 2009, our named executive officers on average received 40% of their total compensation as base compensation, 44% as annual cash bonus incentive compensation and 16% as long-term incentive compensation.

Base Salary. Base salary is established based on the experience, skills, knowledge and responsibilities required of the executive officers in their roles. When determining the 2009 base salaries of the executive

officers, a number of factors were considered, including the individual's duties and responsibilities, our ability to replace the individual, and market data on similar positions with competitive companies as information becomes available to us informally through recruitment, search consultants in connection with recent hiring efforts and through our directors' experience with other companies. We seek to maintain base salaries that are competitive with the marketplace to allow us to attract and retain executive talent. Salaries for executive officers are reviewed on an annual basis, typically in the first quarter, by the Compensation Committee, at the time of a promotion or other change in level of responsibilities, as well as when competitive circumstances may require review. Increases in salary are based on evaluation of factors such as the individual's level of responsibility and performance. Due to the uncertainty associated with the 2009 global economic environment, none of our named executive officers received an increase in base salary for 2009.

Annual Cash Bonus Incentive. We maintain an Annual Cash Bonus Plan, or Bonus Plan, pursuant to which senior management employees are eligible to receive annual cash bonuses equal to a percentage of their annual salary with actual payouts determined based upon our achievement of a budgeted EBITDA attributable to our dredging segment. We amended the Bonus Plan in May 2009 so that each of our named executive officers is eligible under the senior management provisions of the Bonus Plan. For purposes of the Bonus Plan, budgeted EBITDA is set annually by the Board of Directors. EBITDA under the Bonus Plan is calculated as earnings before interest, taxes, depreciation and amortization attributable to our dredging segment. We believe that dredging EBITDA, a non-GAAP financial measure, is helpful in assessing and highlighting trends in the overall performance of our dredging business, because it is a transparent measure of our operating performance. In February 2009, the Board of Directors set \$54.6 million as 2009 budgeted EBITDA attributable to our dredging segment; this was the same as our internal 2009 budgeted dredging EBITDA. The Compensation Committee periodically reviews the Bonus Plan to ensure that it continues to provide an appropriate short-term incentive to our named executive officers.

The Compensation Committee retains discretion to adjust actual dredging EBITDA in order to assure that the intents and purposes of the Bonus Plan are effectuated. Reasons for adjustments could include the effects of unanticipated events that, unless excluded, would be inconsistent with the alignment of the interests of named executive officers with those of our stockholders and to provide financial incentives to named executive officers to effectively implement our business plan and goals. In 2009, no adjustments were made to actual dredging EBITDA.

The following table identifies the annual cash bonus incentive opportunities with respect to 2009 for our named executive officers based on the level of dredging EBITDA actually achieved as a percentage of the 2009 adjusted budgeted dredging EBITDA:

Actual Dredging EBITDA	Bonus Award Opportunity	Bonus Award Opportunity
(as defined)	CEO and COO	CFO and SVPs
=90% of Budgeted EBITDA	35% of annual salary	23.75% of annual salary
=Budgeted EBITDA	70% of annual salary	47.5% of annual salary
=120% of Budgeted EBITDA	140% of annual salary	95% of annual salary

Between each budgeted EBITDA threshold, the bonus pool is interpolated based upon actual dredging EBITDA.

Table of Contents

In 2009, our chief executive officer, chief operating officer, chief financial officer and senior vice presidents were eligible to participate in the senior management provisions of our Bonus Plan. For 2009, we achieved in excess of 120% of budgeted dredging EBITDA and paid bonuses of 140% of annual salary to our chief executive officer and chief operating officer and 95% of annual salary to our chief financial officer and senior vice presidents. As a result, on March 12, 2010, Mr. Mackie received a cash bonus of \$634,207, Mr. Lowry received a cash bonus of \$611,804, Ms. Wensel received a cash bonus of \$266,954, Mr. Simonelli received a cash bonus of \$175,754 and Mr. Johnson received a cash bonus of \$159,129 with respect to our performance in fiscal 2009.

Long Term Incentive Awards. Long-term equity incentive awards are equity awards designed to attract and retain executives, and to strengthen the link between compensation and increased stockholder value. Prior to 2008, equity had not comprised a portion of our executive compensation arrangements. However, the Board believes that equity awards align the interests of management, employees and our stockholders. Long-term equity awards are granted in the Compensation Committee's discretion and may be made under the 2007 Plan in various forms, including restricted stock units, restricted stock and/or stock options.

The Compensation Committee and management regularly monitor the environment in which we operate, and make changes to our equity program to help us meet our goals, including achieving long-term stockholder value and attracting, motivating and retaining top talent. The Compensation Committee intends our equity program to remain flexible to meet future market conditions and will change the program if conditions warrant. The Compensation Committee considers it important to retain a balance between awards that provide high incentive value, such as options, and awards that provide more retention value, such as time-based restricted stock units. In considering whether to grant restricted stock units, stock options, other types of awards, or a combination of awards, the Compensation Committee reviews our overall performance for the prior year, the executives' level of responsibility, historical award data, compensation practices at peer companies, the value of awards already held by named executive officers and other relevant data.

Individual grants to each named executive officer are determined based on a variety of factors. For fiscal 2009, we targeted the economic value of our equity awards to be in approximately the 50th percentile of a general industry group, based on information provided by Hewitt in 2008 and gathered from publicly available sources and market surveys. Variations from this target percentile resulted from a number of considerations. These included a named executive officer's job performance and contributions, skill set, prior experience, and time in his position with us, as well as internal equity considerations, pressures to attract and retain talent, and business conditions. The 2009 equity awards were targeted to be equivalent to a value that is between 30% and 50% of the executive's base salary.

In 2009, the Compensation Committee granted long-term equity incentive awards of stock options and restricted stock units. For our named executive officers, 65% of the economic value of the 2009 long-term equity incentive awards was granted in the form of stock options and 35% of the economic value was granted in the form of restricted stock units. The goal of stock options is generally to focus executives on increasing shareholder value through stock price appreciation, and therefore we have emphasized stock options in our grants to named executive officers. The stock option awards made in 2009 had an exercise price equal to the fair market value of our common stock on the effective date of the grant and vest in three equal tranches on May 13, 2010, 2011 and 2012 provided the named executive officer is employed by us as of each vesting date. Restricted stock units are meant to retain executives and provide a vehicle that

Table of Contents

complements the attributes of stock options. Restricted stock unit awards granted in 2009 vest fully on May 13, 2012, provided the named executive officer is employed by us as of such vesting date.

Other Programs. The named executive officers are also provided with life and medical insurance, 401(k) matching and profit sharing and a car allowance program. Our 401(k) plan provides that we will match, dollar for dollar, up to 6% of an employee's salary and bonus that is contributed to his or her 401(k) account. We also sponsor a 401(k) lost benefit plan, which provides an additional bonus to executive officers who are unable to obtain the maximum tax-deferred benefits allowed by our 401(k) plan due to IRS limits under Sections 402(g)(3) and 415(c)(1)(A) of the Tax Code. The 401(k) lost benefit plan provides additional compensation to make up for the lost tax benefit and Company match on the difference of 6% of the executive's salary and bonus over the maximum contribution allowed by the IRS elective deferral limits. This amount is then grossed up and paid as cash compensation to the executive.

We also may provide a profit share contribution to an employee's 401(k) account as a percentage (between 0% and 10%) of the employee's salary. However, the IRS limits the total annual contribution for an employee into a qualified plan. This amount was \$49,000 for 2009. We therefore provide additional compensation to make up for the lost profit sharing amount which cannot be contributed because the executive has hit the maximum annual contribution amount allowed by the IRS limitations. This amount is also grossed up and paid as cash to the executive.

We do not sponsor any defined benefit plans or deferred compensation plans.

Performance Goals. The Compensation Committee has determined that overall company performance is the criteria that should drive short-term and long-term incentive compensation. As a result, amounts payable to our named executive officers under the Bonus Plan are determined based upon our achievement of dredging EBITDA, as opposed to the attainment of individual performance goals. Likewise, vesting of awards under the 2007 Plan is based upon the passage of time and the executive's continued employment by the company, as opposed to individual performance objectives. The Compensation Committee believes that the ability of our named executive officers to act as a team is fundamental to our level of overall profitability and long-term value. Accordingly, the Compensation Committee believes that its use of overall company performance as a basis for incentive compensation serves to enhance teamwork among our named executive officers.

Determining Benefit Levels

The Compensation Committee reviews benefit levels periodically to ensure that the plans and programs create the desired incentives for our employees, including named executive officers, which are generally competitive with the applicable marketplace, are cost-effective, and support our human capital needs. Benefit levels are not tied to company, business area or individual performance.

Employment Agreements

We have entered into employment agreements with each of Mr. Mackie, Mr. Lowry and Ms. Wensel. The employment agreements, other than specific levels of compensation and certain severance payment terms, are substantially similar to each other. The employment agreements set forth a general framework for compensation, and generally set minimum levels of compensation, job responsibilities and severance

Table of Contents

arrangements governing the obligations of the parties following a termination of employment as a result of cause, good reason or change in control. These terms are defined, and the implications of a termination of employment for any of these reasons is set forth in this proxy statement under *Executive Compensation Executive Employment Arrangements*. The basic structure of the terms of the employment arrangements, including termination and change in control arrangements, is a result of negotiated agreements intended to insure retention of senior management by providing financial security and stability, and were structured to provide economic incentives for continued compliance with the continuing non-competition and confidentiality covenants in the employment agreements that survive termination of employment. We have not entered into an employment agreement with either of Messrs. Simonelli or Johnson.

Other Severance and Change-in-Control Benefits

In the event that we terminate the employment of Messrs. Simonelli or Johnson other than for cause, our severance policy provides for our payment of severance compensation based on years of service. In addition, under the award agreements governing the restricted stock units and stock options held by our named executive officers, the awards will immediately vest upon the death or disability of the named executive officer, or upon a change-in-control of the company. The implications of a termination of employment is set forth in this proxy statement under *Executive Compensation Other Potential Post-Employment Payments*. We believe that these arrangements are typical for similar level executives, encourage employee retention and generate employee loyalty.

Tax Considerations

We generally will be entitled to a tax deduction in connection with awards under the Equity Award Plan in an amount equal to the ordinary income realized by participants and at the time the participants recognize such income. Special rules limit the deductibility of compensation paid to our named executive officers. Under section 162(m) of the Tax Code, the annual compensation paid to our chief executive officer and our three other most highly compensated executive officers, other than our chief financial officer, will be deductible to the extent it does not exceed \$1,000,000 or satisfies certain conditions set forth in section 162(m) relating to qualifying performance-based compensation plans.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into our Annual Report on Form 10-K for the year ended December 31, 2009.

Executive Employment Arrangements

On July 2, 2007 we entered into new employment agreements with Douglas B. Mackie, President and Chief Executive Officer, Richard M. Lowry, Executive Vice President and Chief Operating Officer, and Deborah A. Wensel, Senior Vice President and Chief Financial Officer, each referred to as an Executive. Each employment agreement provides for an initial term of three years with automatic renewal for successive one-year terms, unless sooner terminated by either party giving 90 days written notice prior to the end of the then-current term.

Base Salary and Benefits. The employment agreements provide for 2009 base salaries, referred to as Base Salaries, for Messrs. Mackie and Lowry and Ms. Wensel of \$453,000, \$437,000 and \$281,000, respectively, subject to annual increase by the Board. Each Executive is entitled to participation in our annual performance bonus plans, long-term compensation plans (including the Annual Cash Bonus Plan), and any equity-based compensation plans applicable to senior management and other benefits generally available to senior management.

Table of Contents

Termination for any Reason. We are responsible for the following payments upon the Executive's termination for any reason:

earned but unpaid Base Salary through the date of termination;

any annual incentive bonus, or other form of incentive compensation, for which the performance measurement period has ended and the Executive has become eligible for payment but which is unpaid at the time of termination;

any accrued but unpaid vacation;

any amounts payable under our executive benefit plans (other than any severance or termination pay plan) in accordance with the terms of those plans, except as may be required under Tax Code Section 401(a)(13); and

any unreimbursed business expenses.

Additionally, Mr. Lowry and Ms. Wensel would be entitled to continued health benefits during the COBRA continuation period, and Mr. Mackie and his spouse would each be eligible for continued health benefits until they become eligible for Medicare coverage. Upon termination for Cause (as defined below), no other payments are due to Messrs. Mackie or Lowry or Ms. Wensel.

Voluntary Termination of Employment for Other than Good Reason. Upon termination for other than Good Reason (as defined below), the Executive would be entitled to a pro-rata portion of the target bonus under our annual incentive plan for the year in which such termination occurs.

Good Reason means the occurrence of any of the following without the Executive's consent:

a material reduction or a material adverse alteration in the nature of the Executive's position, responsibilities or authorities or assigning duties to the Executive that are materially inconsistent with those of the Executive's position for similar companies in similar industries;

the Executive becoming the holder of a lesser office or title than that previously held or altering the Executive's reporting requirements;

any material breach of the employment agreement by us which causes an adverse change to the terms and conditions of the Executive's employment;

our requiring the Executive to relocate his principal business office to a location not within fifty (50) miles of our principal business office located in Oak Brook, Illinois;

Termination of Employment for Death or Disability. Upon the Executive's termination of employment by reason of death or disability (as defined in the agreement), the Executive (or his or her estate) is entitled receive a pro rata portion of any bonus payable under our annual incentive plan for the year in which such termination occurs based on the highest of:

the actual annual bonus paid for the fiscal year immediately preceding such termination;

the target bonus for the fiscal year in which such termination occurs; or

Termination without Cause, or Voluntary Termination for Good Reason. In the event of the Executive's termination by us without Cause or by the Executive for Good Reason, Mr. Mackie or Mr. Lowry would be entitled to a lump sum of two multiplied by the sum of the Executive's Base Salary and Annual Bonus. the target bonus for the fiscal year in which such termination occurs; or

the actual bonus for the fiscal year in which such termination occurs.

Ms. Wensel is entitled to the same termination pay, but calculated at one and one-half (1.5) times the sum of Base Salary and Annual Bonus. Additionally, the Executive would be entitled to continued coverage under our medical, dental, life, disability, 401(k), profit sharing and other executive benefit plans for a set period (24 months for Messrs. Mackie and Lowry, and 18 months for Ms. Wensel) after the date of termination, referred to as the Benefits Continuation Period, at the same cost to the Executive as in effect on the date of the Executive's termination, as well as access to professional outplacement services. The Benefits Continuation Period applies for purposes of determining the Executive's age and service with us with respect to (i) eligibility, vesting and the amount of benefits under our executive benefit plans, and (ii) the vesting of any outstanding stock options, restricted stock or other equity based compensation awards.

If within two years of a Change in Control (as defined below), we terminate Mr. Mackie's or Mr. Lowry's employment other than for Cause or either such Executive voluntarily terminates his employment for Good Reason, we will pay Mr. Mackie or Mr. Lowry, as applicable, two and one-half (2.5) times the sum of (i) such Executive's Base Salary in effect on the date of termination of employment and (ii) the Annual Bonus. Ms. Wensel is entitled to a payment upon a Change of Control equal to two times the sum of her Base Salary and Annual Bonus. Following termination upon a Change in Control, each Executive would be eligible to receive continued benefits for 30 months for Messrs. Mackie and Lowry and 24 months for Ms. Wensel, and as well as access to professional outplacement services.

For purposes of the employment agreements with the Executives, our Change in Control will be deemed to occur as of the first day that any one or more of the following conditions is satisfied:

The beneficial ownership (as defined in Rule 13d-3 under the Exchange Act) of securities representing more than twenty-five percent (25%) of the combined voting power of our then outstanding voting securities entitled to vote generally in the election of directors, referred to as the Voting Securities, is accumulated, held or acquired by a Person (as defined in Section 3(a)(9) of the Exchange Act, as modified, and used in Sections 13(d) and 14(d) thereof) (other than us, any trustee or other fiduciary holding securities under our employee benefit plan, our holders of capital stock as of the date hereof or an affiliate thereof, any corporation owned, directly or indirectly, by our stockholders in substantially the same proportions as their ownership of our stock); provided, however that any acquisition from us or any acquisition pursuant to a transaction that complies with clauses (A), (B) and (C) (listed below) will not be a Change in Control, and provided further, that immediately prior to such accumulation, holding or acquisition, such Person was not a direct or indirect beneficial owner of twenty-five percent (25%) or more of our Voting Securities;

Individuals who, as of July 2, 2007, constitute the Board, referred to as the Incumbent Board, cease for any reason to constitute at least a majority of the Board; provided, however, that any individual becoming a director subsequent July 2, 2007 whose election, or nomination for election by our stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board will be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board;

Consummation by us of a reorganization, merger or consolidation, or sale or other disposition of all or substantially all of our assets or the acquisition of assets or stock of another entity, referred to as a Business Combination, in each case, unless immediately following such Business Combination: (A) more than 60% of the combined voting power of then outstanding voting securities entitled to vote generally in the election of directors of (x) the corporation resulting from such Business Combination, referred to as the Surviving Corporation, or (y) if applicable, a

corporation that as a result of such transaction owns us or all or substantially all of our assets either directly or through one or more subsidiaries, referred to as the Parent Corporation, is represented, directly or indirectly by Voting Securities outstanding immediately prior to such Business Combination (or, if applicable, is represented by shares into which such Company Voting Securities were converted pursuant to such Business Combination), and such voting power among the holders thereof is in substantially the same proportions as their ownership, immediately prior to such Business Combination, of Voting Securities, (B) no Person (excluding any of our employee benefit plan (or related trust) or such corporation resulting from such Business Combination) beneficially owns, directly or indirectly, 20% or more of the combined voting power of the then outstanding voting securities eligible to elect directors of the Parent Corporation (or, if there is no Parent Corporation, the Surviving Corporation) except to the extent that our ownership existed prior to the Business Combination and (C) at least a majority of the members of the Board of the Parent Corporation (or, if there is no Parent Corporation, the Surviving Corporation) were members of the Incumbent Board at the time of the execution of the initial agreement, or of the action of the Board, providing for such Business Combination; or

Approval by our stockholders of our complete liquidation or dissolution.

However, in no event will a Change in Control be deemed to have occurred, with respect to the Executive, if the Executive is part of a purchasing group that consummates the Change in Control transaction. The Executive will be deemed part of a purchasing group if the Executive is an equity participant in the purchasing company or group (except: (i) passive ownership of less than two percent (2%) of the stock of the purchasing company; or (ii) ownership of equity participation in the purchasing company or group that is otherwise not significant, as determined prior to the Change in Control by a majority of the nonemployee continuing Directors; provided that, for purposes of the foregoing, participation as a management investor in such purchasing company will not be deemed to be within the exceptions provided for in (i) and (ii)).

Confidentiality and Non-Competition. Each Executive is subject to provisions restricting disclosure of non-public information. During the terms of their employment agreements and for two years thereafter (or, if such termination arises under circumstances where Mr. Mackie or Mr. Lowry is entitled to payments as a result of a Change of Control, during the period of his employment and for a period of 30 months thereafter), Messrs. Mackie and Lowry are prohibited from directly or indirectly carrying on, engaging or having a financial interest in any business which is in material competition with our business. Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee was an officer or employee of Great Lakes or any of our subsidiaries during fiscal 2009, or was a former officer or employee of the same, except that Mr. Weiss was Aldabra's chief executive officer, secretary and a member of Aldabra's board of directors from Aldabra's inception until the completion of the Aldabra merger in December 2006. No interlocking relationship existed during the fiscal year ended December 31, 2009 between our Board or Compensation Committee and the board or compensation committee of any other company, nor has any such interlocking relationship existed in the past.

Agreements with Related Persons

Investor Rights Agreement. In connection with the Aldabra Merger, Aldabra, Great Lakes, certain Aldabra stockholders and certain of our stockholders entered into an investor rights agreement. The investor rights agreement provides for certain registration rights with respect to shares held by the Aldabra stockholders who are party to the investor rights agreements, referred to as the Aldabra Registrable Securities, and to shares held by certain other of our stockholders party to the investor rights agreement, referred to as the Other Registrable Securities. Holders of at least a majority of Aldabra Registrable Securities have the right to demand registration under the Securities Act of all or any portion of their registrable securities subject to certain amount and time limitations. Holders of the Aldabra Registrable Securities may only demand one long-form registration and one short-form registration. Additionally, whenever we propose to register any of our securities under the Securities Act and the registration form to be used may be used for the registration of registrable securities, holders of Aldabra Registrable Securities or Other Registrable Securities will have the right to request the inclusion of their registrable securities in such registration.

Family Relationships

In March 2007, we hired Kathleen LaVoy as our Assistant General Counsel. Mrs. LaVoy is the daughter of Douglas B. Mackie. During fiscal 2009, Mrs. LaVoy received \$158,000 in total compensation in this capacity.

Review, Approval or Ratification of Transactions with Related Persons

Related Party Transaction Policies and Procedures. All interested transactions with related parties are subject to our Related Party Transaction Policies and Procedures, which are set forth in writing. The Audit Committee is responsible for applying the Related Party Transaction Policy. For purposes of the Related Party Transaction Policy, the terms interested transaction and related parties are defined as follows:

interested transaction means any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which

the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year;

we are a participant; and

any related party has or will have a direct or indirect interest, other than solely as a result of being a director or a less than ten percent (10%) beneficial owner of another entity.

related party means any:

person who is or was, since the beginning of the last fiscal year for which we have filed a Form 10-K and proxy statement, even if they do not presently serve in that role, an executive officer, director or nominee for election as a director;

Table of Contents

greater than five percent (5%) beneficial owner of our common stock; or

immediate family member of any of the foregoing. Immediate family member includes a person's spouse, parents, stepparents, children, stepchildren, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone residing in such person's home (other than a tenant or employee).

In determining the propriety of an interested transaction with a related party, the Audit Committee will take into account, among other factors it deems important, whether the interested transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related party's interest in the transaction.

Our Board has delegated to the chairman of the Audit Committee the authority to pre-approve or ratify (as applicable) any interested transaction with a related party in which the aggregate amount involved is expected to be less than \$500,000.

The Audit Committee has reviewed the following transactions and determined that each such transaction shall be deemed to be pre-approved or ratified under the terms of the Related Party Transaction Policy:

Employment of executive officers. Any employment by us of an executive officer if:

the related compensation is required to be reported in our proxy statement under the compensation disclosure requirements set forth in Item 402 of Regulation S-K under the Exchange Act, which are generally applicable to named executive officers; or

the executive officer is not an immediate family member of another executive officer or director, the related compensation would be reported in our proxy statement under the compensation disclosure requirements of Item 402 of Regulation S-K if the executive officer was a named executive officer, and our Compensation Committee approved (or recommended that our Board approve) such compensation.

Director compensation. Any compensation paid to a director if the compensation is required to be reported in our proxy statement under Item 402 of the SEC's compensation disclosure requirements.

Certain transactions with other companies. Any transaction with another company at which a Related Person's only relationship is as an employee (other than an executive officer), director or beneficial owner of less than ten percent (10%) of that company's shares, if the aggregate amount involved does not exceed the greater of \$1,000,000 or two percent (2%) of that company's total annual revenues.

Certain charitable contributions. Any charitable contribution, grant or endowment by us to a charitable organization, foundation or university at which a Related Person's only relationship is as an employee (other than an executive officer) or a director, if the aggregate amount involved does not exceed the greater of \$1,000,000 or two percent (2%) of the charitable organization's total annual receipts.

Transactions where all stockholders receive proportional benefits. Any transaction where the Related Person's interest arises solely from the ownership of our common stock and all holders of our common stock received the same benefit on a pro rata basis (e.g. dividends).

Entering into the investor rights agreement was approved by our entire Board of Directors in connection with the Aldabra Merger. Prior to the Aldabra Merger, we did not have an independent audit committee, as we were a privately held company.

Equity Compensation Plan Information

The following table sets forth information as of December 31, 2009 regarding the number of securities which could be issued upon the exercise of outstanding options, the weighted average exercise price of those options in the 2007 Plan, and the number of securities then remaining for future issuance under the 2007 Plan. We do not have any equity compensation plans that have not been approved by our security holders.

The Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by our independent accountants. From time to time, however, circumstances may arise when it may become necessary to engage the independent accountants for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee may also pre-approve services on a case-by-case basis. The Audit Committee may delegate pre-approval authority to one or more of its members. For the year ended December 31, 2009, the Audit Committee pre-approved all such audit and non-audit services, including tax services, provided by the independent accountants.
