On November 5, 2010, Stanley Black & Decker, Inc. (the Company) completed a public offering of 6,325,000 of its Convertible Preferred Units (the Units), including 825,000 Units pursuant to the Underwriters (as defined below) exercise of their over-allotment option in full. The Units were offered under the Company's Registration Statement on Form S-3ASR (Registration No. 333-153646), as amended by Post-Effective Amendment No. 1 dated August 31, 2010 and sold pursuant to an underwriting agreement, among the Company, Citigroup Global Markets Inc., J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and Morgan Stanley & Co. Incorporated, as representatives of the several underwriters named therein (the Underwriters) relating to the underwritten public offering of the Units (the Underwriting Agreement). Pursuant to the terms of the Underwriting Agreement, the Company sold the Units to the Underwriters at a price of 97% of the initial public offering price. The Underwriting Agreement is filed as Exhibit 1.1 to this Form 8-K and is incorporated herein by reference. The description of the material terms of the Underwriting Agreement is qualified in its entirety by reference to Exhibit 1.1.

Purchase Contract and Pledge Agreement

The Company issued the Units under a Purchase Contract and Pledge Agreement, dated November 5, 2010 (the PCPA), among the Company, The Bank of New York Mellon Trust Company, National Association, as Purchase Contract Agent (the Purchase Contract Agent) and HSBC Bank USA, National Association, as Collateral Agent, Custodial Agent and Securities Intermediary. The Units each have a stated amount of \$100 and initially consist of a 1/10, or 10%, undivided beneficial interest in a \$1,000 principal amount 4.25% junior subordinated note due November 17, 2018 (each, a Note and, collectively, the Notes) and a contract to purchase, for a price of \$100 a share, a share of the Company's 4.75% Series B Perpetual Cumulative Convertible Preferred Stock, no par value, (the Convertible Preferred Stock). The Notes or other collateral that are components of the Units are pledged to the Company to secure the Unit holders' obligations under the PCPA to purchase Convertible Preferred Stock. The PCPA includes customary agreements and covenants by the Company.

The Units may be converted into treasury units or cash settled units, as provided in the PCPA. Holders of Units will be entitled to receive, quarterly in arrears on February 17, May 17, August 17 and November 17 of each year commencing on February 17, 2011, cash distributions consisting of interest payments on the Notes and contract adjustment payments of 0.50% per year on the stated amount of \$100 per Unit payable by the Company, subject to its right to defer interest and contract adjustment payments in certain instances.

Second Supplemental Indenture

The Notes were issued under the Indenture, dated November 22, 2005 (the Initial Indenture), as supplemented by the Second Supplemental Indenture, dated November 5, 2010 (Supplemental Indenture No. 2, and, together with the Initial Indenture, the Indenture), between the Company and HSBC Bank USA, National Association, as trustee (the Trustee). The Indenture includes customary agreements and covenants by the Company.

The Notes are the Company's unsecured obligations and rank equally in right of payment with its other unsecured junior subordinated indebtedness from time to time outstanding. The Notes will mature on November 17, 2018. Interest on the Notes will be payable on February 17, May 17, August 17 and November 17 of each year, beginning on February 17, 2011. The interest rate on the Notes is 4.25% per annum. The Company may defer contract adjustment payments on the Units and interest payments on the Notes in certain circumstances. The Notes may be remarketed in certain circumstances. If the remarketing is successful, the interest rate on the Notes may be reset, interest will be payable on a

semi-annual basis, the ranking of the Notes will change so that they will rank senior to the Company's existing and future junior subordinated indebtedness and junior to existing and future senior indebtedness, and interest payments on the Notes will no longer be deferrable.

Capped Call Transaction

The Company used a portion of the net proceeds of the Units offering to enter into capped call transactions with counterparties, including certain of the Underwriters and their affiliates.
