Dear Fellow Stockholder:

It is my pleasure to invite you to attend our 2010 Annual Meeting of Stockholders on Tuesday, February 22, 2011 at 10:00 a.m. EST. Following the success of last year's meeting, we are very pleased that this year's annual meeting will be our second completely virtual meeting of stockholders, which will be conducted via live webcast. You will be able to attend the 2010 Annual Meeting, online, vote your shares electronically and submit your questions during the meeting by visiting www.virtualshareholdermeeting.com/WMG10.

We are also very pleased to again be using the Securities and Exchange Commission rule allowing companies to furnish proxy materials to stockholders electronically. We believe that the e-proxy process expedites our stockholders' receipt of proxy materials, lowers the costs of distribution and reduces the environmental impact of our annual meeting.

In accordance with this rule, we sent a Notice of Internet Availability of Proxy Materials on or about January 11, 2011 to stockholders of record as of the close of business on December 27, 2010. The notice contains instructions on how to access our Proxy Statement and Annual Report and vote online. If you did not receive a printed copy of our proxy materials and would like to receive one from us instead of downloading a printable version, please follow the instructions for requesting such materials included in the notice, as well as in the attached Proxy Statement. Details of the business to be conducted at the meeting are given in the attached Notice of Annual Meeting of Stockholders and the attached Proxy Statement, which we sent or made available on or about January 11, 2011 to stockholders of record as of the close of business on December 27, 2010. At the meeting, we will also respond to your questions.

Your vote is important. Whether or not you plan to attend the meeting, we urge you to read our Proxy Statement and vote. You may submit your proxy electronically, by telephone or by mail.

I look forward to our 2010 Annual Meeting of Stockholders.

Sincerely,

Edgar Bronfman, Jr.
Chairman of the Board and Chief Executive Officer

These proxy materials are being made available to you electronically or, upon your request, printed versions of these materials have been delivered to you by mail in connection with the solicitation of proxies by the Board of Directors of Warner Music Group Corp. (the "Company"), a Delaware corporation, for the Company's fiscal 2010 Annual Meeting of Stockholders (the "Annual Meeting") to be held at 10:00 a.m. EST on Tuesday, February 22, 2011.

GENERAL INFORMATION ABOUT VOTING

General

This Proxy Statement has information about the Annual Meeting and was prepared by our management for our Board of Directors. We sent a Notice of Internet Availability of Proxy Materials (the "Notice") on or about January 11, 2011 to stockholders of record entitled to vote at the Annual Meeting. All stockholders have the ability to access the proxy materials online and to download printable versions of the proxy materials or to request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials electronically or to request a printed copy can be found on the Notice and in this Proxy Statement.

Purpose of the meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this Proxy Statement.

Who can vote?

You can vote your shares of common stock if our records show that you owned the shares on the record date of December 27, 2010. A total of 154,963,276 shares of common stock can vote at the Annual Meeting. You get one vote for each share of common stock that you hold. Only holders of the Company's common stock as of the record date are entitled to notice of and to vote on some or all of the matters listed in this Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders. The stock transfer books will not be closed between the record date and the date of the meeting. A list of stockholders entitled to vote at the Annual Meeting will be available for examination at the Company's principal executive offices at the address listed above for a period of at least 10 days prior to the Annual Meeting and during the Annual Meeting such list will be available for examination at www.virtualshareholdermeeting.com/WMG10.

You will need the 12-digit control number included on your Notice or your proxy card (if you received a printed copy of the proxy materials) in order to be able to enter the Annual Meeting. Table of Contents

How do I vote if my shares are held in street name ?

If your shares are held in the name of your broker, dealer, bank, trustee or other nominee, that party should give you instructions for voting your shares. In these cases, you may vote directly, electronically or by telephone or mail. **The instructions set forth below apply to stockholders of record (also referred to as registered holders) only and not those whose shares are held in the name of a nominee.**

How do I vote by proxy if I am a registered holder?

If you are a registered holder you may vote by granting a proxy. The proxy holders will vote your shares as you instruct. If you grant a proxy but do not vote on a proposal, the proxy holders will vote for you on that proposal. Unless you instruct otherwise, the proxy holders will vote in the manner set forth below:

1. FOR the election of all director nominees listed below in Proposal No. 1;
 2. FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accountants for the fiscal year ending September 30, 2011 as described in Proposal No. 2;
 3. FOR the approval of the compensation of our named executive officers;

Table of Contents

On what matters may I vote?

1. The election of the 12 director nominees named herein for a term of one year, and until the next annual meeting of stockholders and until their successors are duly elected and qualified.
2. The ratification of the appointment of Ernst & Young LLP as our independent registered public accountants for the fiscal year ending September 30, 2011.
3. The approval, in a non-binding vote, of the compensation of our named executive officers.
4. The determination, in a non-binding vote, of whether a stockholder vote to approve the compensation of our named executive officers should occur every one, two or three years.

The foregoing items of business are more fully described in the Proxy Statement. None of the proposals requires the approval of any other proposal to become effective.

How does the Board of Directors recommend that I vote on the proposals?

The Board of Directors recommends a vote FOR the election of each of the nominees of the Board of Directors (Proposal No. 1), FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2011 (Proposal No. 2), FOR the approval of the compensation of our named executive officers (Proposal No. 3) and THREE YEARS with respect to how frequently a stockholder vote to approve the compensation of our named executive officers should occur (Proposal No. 4).

What if other matters come up at the Annual Meeting?

The matters described in this Proxy Statement are the only matters we know will be voted at the Annual Meeting. If other matters are properly presented at the Annual Meeting, the proxy holders will vote your shares as they see fit.

Can I change my vote after I return my proxy?

Yes. At any time before the vote on a proposal, you can change your vote either by giving our Corporate Secretary a written notice revoking your proxy, by attending the Annual Meeting online, by signing, dating and returning to us a new proxy or by voting again electronically or by telephone at a later time before the closing of those voting facilities at 11:59 p.m. EST on February 21, 2011. We will honor the proxy with the latest date. However, no revocation will be effective unless we receive notice of such revocation at or prior to the Annual Meeting. For those stockholders who submit a proxy electronically or by telephone, the date on which the proxy is submitted in accordance with the instructions listed on the Notice or proxy card is the date of the proxy.

Can I vote at the Annual Meeting rather than by completing a proxy?

Although we encourage you to complete and return a proxy prior to the Annual Meeting to ensure that your vote is counted, you can attend the Annual Meeting and vote your shares online by visiting www.virtualshareholdermeeting.com/WMG10. You will need your 12 digit control number included on your Notice or proxy card (if you receive a printed copy of the proxy materials) in order to be able to vote during the Annual Meeting. If you vote by proxy and also attend the Annual Meeting, there is no need to vote again at the Annual Meeting unless you wish to change your vote.

How is a quorum obtained?

We will hold the Annual Meeting if a quorum is present. A quorum will be present if holders of a majority of the outstanding shares of common stock entitled to vote on a matter at the Annual Meeting are present in

Table of Contents

person or represented by proxy at the meeting. If a quorum is not present at the Annual Meeting, the Annual Meeting may be adjourned from time to time until a quorum is obtained. If you submit a proxy, your shares will be counted to determine whether we have a quorum even if you abstain or fail to provide voting instructions on any of the proposals listed on the proxy card. If your shares are held in the name of a nominee, and you do not tell the nominee how to vote your shares, these shares will be counted for purposes of determining the presence or absence of a quorum for the transaction of business.

How many votes are required to approve the proposals?

A plurality of the votes cast of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors is required for the election of directors. Therefore, the 12 directors who receive the most votes will be elected. A withhold vote in the election of directors will have the same effect as an abstention. However, neither an abstention nor a withhold vote will affect the outcome of the election.

The affirmative vote of the majority of the shares present in person or represented by proxy at the meeting and entitled to vote on the proposal is required for Proposal No. 2 and Proposal No. 3. A plurality of the votes cast of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter is required for Proposal No. 4. Proposal No. 2, Proposal No. 3 and Proposal No. 4 are advisory in nature and are non-binding. If you abstain from voting on Proposal No. 2 or Proposal No. 3, it will have the same effect on the vote as a vote against the proposal. If you abstain from voting on Proposal No. 4, it will have no effect on the outcome of the proposal.

What is a broker non-vote ?

The New York Stock Exchange (NYSE) has rules that govern brokers who have record ownership of listed company stock held in brokerage accounts for their clients who beneficially own the shares. Under these rules, brokers who do not receive voting instructions from their clients have the discretion to vote uninstructed shares on certain matters (discretionary matters) but do not have discretion to vote uninstructed shares as to certain other matters (non-discretionary matters). A broker may return a proxy card on behalf of a beneficial owner from whom the broker has not received instructions that casts a vote with regard to discretionary matters but expressly states that the broker is not voting as to non-discretionary matters. The broker's inability to vote with respect to the non-discretionary matters with respect to which the broker has not received instructions from the beneficial owner is referred to as a broker non-vote. Under current NYSE interpretations, Proposal No. 1, Proposal No. 3 and Proposal No. 4 are considered non-discretionary matters and Proposal No. 2 is considered a discretionary matter. Broker non-votes will have no effect on the outcome of Proposal No. 1, Proposal No. 3 or Proposal No. 4.

Who will count the votes?

Broadridge Financial Solutions, Inc. will count the votes and act as the inspector of election.

Who is making and paying for this proxy solicitation?

This proxy is solicited on behalf of the Board of Directors. The Company will pay the cost of distributing this Proxy Statement and related materials. Our officers may solicit proxies by mail or telephone. Upon request, we will furnish copies of these materials to banks, brokers, fiduciaries, custodians and other nominees that hold shares on behalf of beneficial owners so that they may forward the materials to the beneficial owners. The Company may, if appropriate, retain an independent proxy solicitation firm to assist the Company in soliciting proxies. If the Company does retain a proxy solicitation firm, the Company would pay such firm's customary fees and expenses which fees would be expected to be approximately \$10,000, plus expenses.

Each of the nominees is currently serving as a director of the Company and was elected at our 2009 annual meeting. The Company's Board of Directors may consist of up to 14 directors pursuant to the terms of the stockholders agreement described below under "Certain Relationships and Related Party Transactions." For more information regarding the independence of our directors and the terms of the stockholders agreement regarding the size of the Board of Directors, please see "Board of Directors and Governance" Independence.

For more information about each director, please see "Information about Directors." The persons named in the form of proxy card attached to this Proxy Statement intend to vote such proxy for the election of each of the 12 nominees named above, unless the stockholder indicates on the proxy that the vote should be withheld from any or all of the nominees. The Company expects each nominee for election as a director at the Annual Meeting to be able to accept such nomination. PROPOSAL NO. 2:

RATIFICATION OF APPOINTMENT OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee has selected Ernst & Young LLP as independent registered public accountants of the Company to audit the Company's consolidated financial statements for the fiscal year ending September 30, 2011 and the Board of Directors has determined that it would be desirable to request that the stockholders ratify such appointment. Before selecting Ernst & Young, the Audit Committee considered the firm's qualifications as independent registered public accountants and concluded that based on Ernst & Young's prior performance and its reputation for integrity and competence, it was qualified. The Audit Committee also considered whether any non-audit services performed for the Company by Ernst & Young would impair Ernst & Young's independence and concluded that they did not. Even if the selection is ratified, the Audit Committee, in its sole discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

Ernst & Young has audited the Company's consolidated financial statements since the Company was acquired from Time Warner Inc. in March 2004.

A representative of Ernst & Young is expected to be present at the Annual Meeting, will have an opportunity to make a statement if he or she desires to do so and is expected to be available to respond to appropriate questions.

Vote Required for Approval

Stockholder ratification is not required for making such appointment for the fiscal year ending September 30, 2011 because the Audit Committee has responsibility for the appointment of our independent registered public accountants. The appointment is being submitted for ratification with a view toward soliciting the opinion of stockholders, which opinion will be taken into consideration in future deliberations. No determination has been made as to what action the Board of Directors or the Audit Committee would take if stockholders do not approve the appointment.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE

FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR

INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

PROPOSAL NO. 3:

NON-BINDING VOTE ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934, as amended (the Securities Exchange Act of 1934) (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act)) and the related rules of the SEC, we are including in these proxy materials a separate resolution subject to stockholder vote to approve, in a non-binding vote, the compensation of our named executive officers as disclosed on pages 29 to 56. The text of the resolution in respect of Proposal No. 3 is as follows:

Resolved, that the stockholders approve, in a non-binding vote, the compensation of the Company s named executive officers as disclosed on pages 29 to 56 in the Proxy Statement relating to the Company s 2010 Annual Meeting to be held on February 22, 2011.

In considering their vote, stockholders may wish to review with care the information on Warner Music Group s compensation policies and decisions regarding the named executive officers presented in Compensation Discussion and Analysis on pages 29 to 38.

In particular, stockholders should note that the Company s Compensation Committee bases its executive compensation decisions on the following:

alignment of executive and stockholder interests by providing incentives linked to operating performance and stock price performance;

creating a clear link between an executive s compensation and his or her individual contribution and performance;

the extremely competitive nature of the media and entertainment industry, and our need to attract and retain the most creative and talented industry leaders; and

comparability to the practices of peers in our industry and other comparable companies generally.

THE BOARD RECOMMENDS THAT YOU VOTE FOR

THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 4:

NON-BINDING VOTE ON THE FREQUENCY OF SHAREHOLDER VOTES ON

EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934 (which was added by the Dodd-Frank Act) and the related rules of the SEC, we are including in these proxy materials a separate resolution subject to stockholder vote to recommend, in a non-binding vote, whether a non-binding stockholder vote to approve the compensation of our named executive officers (that is, votes similar to the non-binding vote in Proposal No. 3 on page 8) should occur every one, two or three years. The text of the resolution in respect of Proposal No. 4 is as follows:

Resolved, that the stockholders recommend, in a non-binding vote, whether a non-binding stockholder vote to approve the compensation of the Company's named executive officers should occur every one, two or three years.

In considering their vote, stockholders may wish to review with care the information presented in connection with Proposal No. 3 on page 8, the information on Warner Music Group's compensation policies and decisions regarding the named executive officers presented in Compensation Discussion and Analysis on pages 29 to 38.

In addition, stockholders should note the following:

A triennial policy would permit stockholders, directors and managers to evaluate the effects of our compensation program on long-term performance and would help align say on pay with the goal of avoiding short-termism in corporate governance and executive pay arrangements.

In addition, the triennial approach would allow stockholders to engage in more thoughtful analysis and voting by providing more time between votes.

Finally, the three-year period between each vote would correlate more closely to the Company's business cycle and the terms of the employment agreements entered into by our named executive officers, which are generally three to five years, and would provide management with the time necessary to implement improvements and changes to address concerns raised by stockholders.

For these reasons, we believe that a three-year time horizon is appropriate in order to provide stockholders with a more comprehensive view of whether our named executive officer compensation programs are achieving their objectives.

THE BOARD RECOMMENDS THAT YOU VOTE THREE YEARS

WITH RESPECT TO HOW FREQUENTLY A NON-BINDING STOCKHOLDER VOTE TO APPROVE

THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS SHOULD OCCUR.

BOARD OF DIRECTORS AND GOVERNANCE

Role of the Board of Directors

Our business is managed under the direction of the Board of Directors. The Board of Directors has adopted Corporate Governance Guidelines outlining its duties. These guidelines can be viewed on the Company's website at www.wmg.com by clicking on Investor Relations and then on Corporate Governance. The Board of Directors meets regularly to review significant developments affecting the Company and to act on matters requiring Board of Directors' approval. The Board of Directors held eight formal meetings during the fiscal year ended September 30, 2010 and acted once by written consent. Board members are requested to make attendance at Board and Board committee meetings a priority, to come to meetings prepared having read any materials provided to the Board of Directors prior to the meeting and to participate actively in the meetings. Each incumbent director attended, in person or by telephone, at least 75% of the total number of meetings of both the Board of Directors and Board committees on which they served.

Corporate Governance

The Board of Directors and management of the Company believe that good corporate governance is an important component in enhancing investor confidence in the Company and increasing stockholder value. The imperative to continue to develop and implement best practices throughout our corporate governance structure is fundamental to our strategy to enhance performance by creating an environment that increases operational efficiency and ensures long-term productivity and growth. Sound corporate governance practices also ensure alignment with stockholder interests by promoting fairness, transparency and accountability in business activities among employees, management and the Board of Directors.

The Company maintains a corporate governance page on our website which includes key information about our corporate governance initiatives, including the Company's Corporate Governance Guidelines, Code of Conduct and charters for each of the committees of the Board of Directors, including the Audit Committee, the Compensation Committee and the Executive, Governance and Nominating Committee. The corporate governance page can be found at www.wmg.com by clicking on Investor Relations and then on Corporate Governance.

The Company's corporate governance practices represent our firm commitment to the highest standards of corporate ethics, compliance with laws, financial transparency and reporting with objectivity and the highest degree of integrity. The Company's policies and practices reflect corporate governance initiatives that are compliant with the listing requirements of the NYSE and the corporate governance requirements of the Sarbanes-Oxley Act of 2002. Representative steps we have taken to fulfill this commitment include, among others:

The Board of Directors has adopted clear corporate governance policies;

All members of our Audit Committee are independent;

The non-management and independent members of the Board of Directors meet regularly without the presence of management;

All employees and members of the Board of Directors are responsible for complying with our Code of Conduct and our Insider Trading Policy;

The charters for the committees of the Board of Directors clearly establish their respective roles and responsibilities;

The Company has a Chief Compliance Officer and a Deputy Compliance Officer who monitor compliance with our Code of Conduct and report to our Audit Committee;

Edgar Filing: Warner Music Group Corp. - Form DEF 14A

We have established procedures for stockholders to communicate with the Board of Directors as described below.

Independence

An investor group consisting of affiliates of Thomas H. Lee Partners, L.P. (THL), affiliates of Bain Capital Investors, LLC (Bain Capital), affiliates of Providence Equity Partners Inc. (Providence Equity) and Edgar Bronfman, Jr. (together, the Investor Group) currently controls more than 50% of the voting power of our common stock and we are, therefore, a controlled company under the NYSE rules. Controlled companies under those rules are companies of which more than 50% of the voting power is held by an individual, a group or another company. Each member of the Investor Group has filed a Statement of Beneficial Ownership on Schedule 13G relating to its respective holdings and related voting arrangements with the SEC. On this basis, we currently avail ourselves of the controlled company exception under the NYSE rules, which eliminates the requirements that we have a majority of independent directors on our Board of Directors and that our Compensation Committee and Executive, Governance and Nominating Committee each be composed entirely of independent directors.

Our Board of Directors currently consists of 12 directors, including three directors who are independent under the NYSE rules. The Board of Directors has affirmatively determined that each of Mr. Bonnie, Ms. Grann and Ms. Hooper is independent under the criteria established by the Company's Corporate Governance Guidelines and NYSE rules for independent board members. Under the Company's Corporate Governance Guidelines and NYSE rules, a director is not independent if he or she (1) has a direct or indirect material relationship with the Company or (2) otherwise does not meet the bright-line tests for independence set forth by the NYSE rules. In addition, the Board of Directors has established categorical standards of director independence to assist it in making independence determinations. These standards, which are included in our Corporate Governance Guidelines, set forth certain relationships between the Company and the directors and their immediate family members, or entities with which they are affiliated, that the Board, in its judgment, has determined to be material or immaterial in assessing a director's independence. In the event a director has a relationship with the Company that is relevant to his or her independence and is not addressed by the categorical independence standards, the independent members of the Board determine in their judgment whether such relationship is material. The Board of Directors has also determined each of Mr. Bonnie, Ms. Grann and Ms. Hooper meets the additional independence criteria required for Audit Committee membership. No independent director receives any fees or compensation from the Company other than compensation received in his or her capacity as a director and, other than the director compensation as disclosed under Director Compensation in Fiscal 2010, there are no transactions, relationships or arrangements between the Company and any independent director.

The stockholders agreement described below under Certain Relationships and Related Party Transactions provides that the Company's Board of Directors consist of up to 14 members, with up to five directors appointed by THL, up to three directors appointed by Bain Capital, up to one director appointed by Providence Equity, one director who will at all times be the Chief Executive Officer, currently Edgar Bronfman, Jr., and the other directors to be chosen unanimously by the vote of the Company's Board of Directors. Each director designee may only be removed by the member of the Investor Group that appointed such designee. Currently, THL has appointed five directors (Messrs. Bressler, Jaeckel, Lawry, Lee and Sperling) and Bain Capital has appointed three directors (Messrs. Connaughton, Loring and Nunnelly) to our Board of Directors. Subsequent to the resignation of Jonathan Nelson from the Company's Board of Directors in October 2008, Providence Equity has not appointed a new director. The agreement among the stockholders regarding the appointment of directors will remain until the earlier of a change of control or the last date permitted by applicable law, including any NYSE requirements. See Certain Relationships and Related Party Transactions Stockholders Agreement.

Leadership Structure

The Board of Directors has determined that combining the CEO and Chairman positions is currently the appropriate leadership structure for the Company. The Board believes this provides an efficient and effective leadership model for us because, given his day-to-day involvement with and intimate understanding of our specific business, industry and management team, Mr. Bronfman is particularly well suited to effectively identify strategic priorities, lead the discussion and execution of strategy and facilitate information flow between management and the Board of Directors. The Board of Directors further believes that combining these roles fosters clear accountability, effective decision-making and alignment on the development and execution of corporate strategy.

The Board of Directors believes that one-size does not fit all, and the decision of whether to combine or separate the positions of CEO and Chairman will vary company to company and depend upon a company's particular circumstances at a given point in time. Accordingly, the Board of Directors carefully considers from time to time whether the CEO and Chairman positions should be combined based on what the Board believes is best for the Company and its shareholders.

Board structures vary greatly among U.S. public corporations, with approximately 60% of S&P 500 companies combining the positions of CEO and Chairman and only approximately 15% of the S&P 500 having an independent Chairman. The Board of Directors does not believe that the evidence demonstrates that any one leadership structure is more effective at creating long-term stockholder value. The Board of Directors believes that an effective leadership structure could be achieved either by combining or separating the CEO and Chairman positions, if the structure encourages the free and open dialogue of competing views and provides for strong checks and balances. Specifically, an effective governance structure must balance the powers of the CEO and the independent directors and ensure that the independent directors are fully informed, able to discuss and debate the issues that they deem important and able to provide effective oversight of management.

To promote effective independent oversight, the Board has adopted a number of governance practices, including:

Ensuring the opportunity for executive sessions of the independent directors at least once a year. Ms. Hooper has been appointed as the Lead Independent Director by the Board of Directors to preside over such executive sessions and to serve as liaison between the Chairman and the other independent directors; and

Ensuring the opportunity for executive sessions of the non-management directors after every regularly scheduled meeting of the Board of Directors. Mr. Sperling has been appointed the Presiding Director for each such executive session.

Executive Sessions and Meetings of Non-Management and Independent Directors

The Board of Directors intends to hold executive sessions of the non-management directors following each regularly scheduled in-person meeting of the Board of Directors. Executive sessions do not include any employee directors of the Company. At its meetings in fiscal 2010, the Board of Directors regularly met in executive sessions of non-employee directors. The Board of Directors also intends to hold executive sessions of the independent directors at least once a year. At its meetings in fiscal 2010, the independent directors regularly met in executive sessions of the independent directors. Mr. Sperling has been appointed Presiding Director by the Board of Directors for each of the executive sessions of the non-management directors. Ms. Hooper has been appointed Lead Independent Director by the Board of Directors for each of the executive sessions of the independent directors.

Board Attendance at Annual Meetings

Board members are invited to attend the Company's annual meetings but they are not required to do so. The Company reimburses the travel expenses of any director who travels to attend the annual meetings. One member of the Board of Directors attended the Company's fiscal 2009 annual meeting of stockholders.

Our legal department may forward certain correspondence, such as product inquiries, elsewhere within the Company for review and possible response.

Policies Governing Director Nominations

In recommending candidates for election to the Board of Directors, the Executive, Governance and Nominating Committee considers nominees recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. The Executive, Governance and Nominating Committee reviews each candidate's qualifications, including whether a candidate possesses any of the specific qualities and skills desirable in certain members of the Board of Directors. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate. Generally the Executive, Governance and Nominating Committee will consider various criteria in considering whether to make a recommendation. These criteria include expectations that directors have substantial accomplishments in their professional backgrounds and are able to make independent, analytical inquiries and exhibit practical wisdom and mature judgment. Director candidates should possess the highest personal and professional ethics, integrity and values, be committed to promoting the long-term interests of our stockholders and be able and willing to devote the necessary time to carrying out their duties and responsibilities as members of the Board. While the Board of Directors has not adopted a policy regarding diversity, we also believe our directors should come from diverse backgrounds and experience bases in order to promote the representation of diverse views on the Board of Directors. In addition, if a director will be serving on the Audit Committee, the director must meet the NYSE's and our standards for independence and be free of potential conflicts of interest. Upon selection of a qualified candidate, the Executive, Governance and Nominating committee would recommend the candidate for consideration by the full Board of Directors. The Executive, Governance and Nominating Committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees. To recommend a prospective nominee for the Executive, Governance and Nominating Committee's consideration, submit the candidate's name and qualifications to the following address:

The Corporate Secretary of the Company will promptly forward any such recommendation to the Executive, Governance and Nominating Committee. Once the recommendation is received by the Executive, Governance and Nominating Committee, the candidate will be evaluated by the Committee and an evaluation of such candidate will be delivered to the Board of Directors.

Table of Contents

Rather than recommending a candidate to the Executive, Governance and Nominating Committee for its consideration, a stockholder may also nominate a candidate for election at a meeting of stockholders. When nominating candidates for election at a meeting of stockholders, stockholders must also follow the advance notice procedure established by the Company's by-laws. Nominations not made in accordance with the foregoing policy will be disregarded by the Company and votes cast for such nominees will not be counted.

If a stockholder wishes to nominate a candidate for election at the fiscal 2011 annual meeting of stockholders, the nomination must be delivered or mailed to and received by our Corporate Secretary between October 25, 2011 and November 24, 2011, which are the dates not less than 90 days nor more than 120 days prior to the first anniversary of the 2010 Annual Meeting (or, if the fiscal 2011 annual meeting is advanced by more than 30 days, or delayed by more than 70 days, from the first anniversary of the 2010 Annual Meeting, then not earlier than 120 days prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of the 2011 annual meeting is made).

In addition, nomination of a director candidate by a stockholder for election at an annual meeting of stockholders must be in writing and include the following:

Name and address of the stockholder making the nomination, as they appear on the Company's books and records, and of such record holder's beneficial owner;

Number of shares of capital stock of the Company that are owned beneficially and held of record by such stockholder and such beneficial owner;

Name of the individual nominated as a director nominee (the "Director Nominee");

The principal occupation of the Director Nominee;

A representation that the stockholder is a holder of record of capital stock of the Company entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to propose the Director Nominee;

The total number of shares of capital stock of the Company that will be voted for the Director Nominee by the stockholder making the nomination;

All other information regarding the stockholder intending to propose a Director Nominee required by the Company's by-laws, including a description of any agreement, arrangement or understanding of that stockholder or a beneficial owner of the relevant shares with respect to the nomination or that has the effect or intent of increasing or decreasing voting power with respect to such shares, mitigating loss, managing risk or providing the opportunity to benefit economically from changes in the share price of the Company's stock, including without limitation any contract to purchase or sell, the acquisition or grant of any option, any right or warrant to purchase or sell, or any swap or other instrument; and

All other information relating to the Director Nominee that would be required to be disclosed in solicitations of proxies for the election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, including the Director Nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if approved by the Board of Directors and elected.

Stockholders providing notice of a proposed nomination are required to provide the Company with a written update of the information required to be included in the notice to ensure such information provided in the notice is true and correct as of the record date of the meeting and as of the date that is 15 days prior to the meeting or any adjournment thereof. Oversight of Risk Management

On behalf of the Board of Directors, our Audit Committee is responsible for oversight of the Company's risk management and assessment guidelines and policies. The Company is exposed to a number of risks including financial risks, operational risks and risks relating to regulatory and legal compliance. The Audit Committee discusses with management and the independent auditors the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the guidelines and policies to govern the process by which risk assessment and risk management are undertaken. The Company's Chief Compliance Officer and Head of Internal Audit are responsible for the Company's risk management function and regularly work closely with the Company's senior executives to identify risks material to the Company. The Chief Compliance Officer reports to the Company's Compliance and Ethics Steering Committee, which is composed of the Company's General Counsel, Controller, Head of Internal Audit and other senior executives, and both the Chief Compliance Officer and the Head of Internal Audit report regularly to the Chief Financial Officer, the Chief Executive Officer and the Audit Committee regarding the Company's risk management policies and procedures. In that regard, the Company's Chief Compliance Officer meets with the Compliance and Ethics Steering Committee prior to each regularly scheduled Audit Committee meeting and both the Chief Compliance Officer and Head of Internal Audit meet with the Audit Committee at each regularly scheduled Audit Committee meeting to discuss the risks facing the Company, highlighting any new risks that may have arisen since they last met. The Audit Committee also reports to the Board of Directors on a regular basis to apprise them of their discussions with the Chief Compliance Officer and Head of Internal Audit regarding the Company's risk management efforts. In addition, the Board of Directors receives management updates on our business operations, financial results and strategy and, as appropriate, discusses and provides feedback with respect to risks related to those topics.

Code of Conduct

The Company has adopted a Code of Conduct as our code of ethics as defined by regulations promulgated under the Securities Act of 1933, as amended (the "Securities Act of 1933"), and the Securities Exchange Act of 1934 (and in accordance with the NYSE requirements for a code of conduct), which applies to all of the Company's directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. A current copy of the Code of Conduct is available on the Company's website at www.wmg.com by clicking on [Investor Relations](#) and then on [Corporate Governance](#). Only Ms. Hooper is an independent director. Since the Company is a "controlled" company, none of our other Compensation Committee members are independent, as is permitted by NYSE rules.

Executive, Governance and Nominating Committee

Our Executive, Governance and Nominating Committee currently consists of Mr. Sperling, who serves as chair, and Messrs. Bronfman, Lee, Lawry, Nunnally and Loring. This committee held four meetings during the last fiscal year. The Executive, Governance and Nominating Committee's responsibilities include, among other things, (1) supporting the Board of Directors in performance of its duties and responsibilities with respect to strategic outcomes, management outcomes, including leadership and compensation, and actions between meetings of the Board of Directors, (2) reporting regularly to the full Board of Directors, (3) developing and recommending criteria for selecting new directors, (4) screening and recommending to the Board of Directors individuals qualified to become directors, (5) overseeing evaluations of the Board of Directors, its members and committees of the Board of Directors and (6) establishing criteria for and leading the annual performance self-evaluation of the Board of Directors and each committee.

Since the Company is a controlled company, none of our Executive, Governance and Nominating Committee members are independent, as is permitted by NYSE rules.

The Executive, Governance and Nominating Committee is empowered to hire outside advisors as it deems appropriate.

Compensation Committee Interlocks and Insider Participation

None of the Compensation Committee's members is or has been a Company officer or employee. During fiscal 2010, none of the Company's executive officers served on the board of directors, the compensation committee or any similar committee of another entity of which an executive officer served on our Board of Directors or Compensation Committee.

DIRECTOR COMPENSATION

Our director compensation is overseen by the Compensation Committee, which makes recommendations to the Board of Directors on the appropriate amount and structure of our programs in light of then-current competitive practice. The Compensation Committee typically receives advice from a compensation consultant with respect to its determination on director compensation matters.

The Board of Directors has not made any adjustments to the director compensation program approved by the Board of Directors in May 2005. The Compensation Committee received advice when it originally established its director compensation program in 2005 from Hewitt Associates LLC, an independent compensation consulting firm that has particular experience and expertise in compensation matters for media and entertainment companies. Hewitt was engaged by the Compensation Committee in 2005 to provide advice on director compensation by recommending a compensation program that was appropriate for companies with similar characteristics to the Company (for example, similar market capitalization and/or other entertainment or

Table of Contents

media companies). Currently, our three independent directors, Mr. Bonnie, Ms. Grann and Ms. Hooper, receive an annual retainer of \$150,000. Independent directors also receive an additional retainer for serving on committees or as chairs of committees. As a result, an independent director who is the chair of the Audit Committee will receive an annual retainer of \$170,000, that is an additional fee of \$20,000 per committee chair, and an independent director who either serves as a member of the Audit Committee or as a member of another committee will receive an annual retainer of \$160,000, that is an additional fee of \$10,000 per committee. Of this annual retainer, half will be paid in restricted shares of our common stock and half will be paid in either shares of common stock or cash, at the option of the director. Directors are entitled to reimbursement of their fees incurred in connection with travel to meetings. In addition, the Company reimburses directors for fees paid to attend director education events. Directors who are not independent directors receive no separate compensation for service on the Board of Directors or Board committees.

We currently encourage all outside directors to hold shares of our common stock.

All of the shares of restricted stock granted to directors vest on the first anniversary of the prior year's annual meeting of stockholders. Shares are forfeited without consideration upon cessation of Board membership at any time prior to vesting, with certain exceptions.

Other Compensation Information

The Company does not offer any deferred compensation plans or retirement plans to our directors.

**STOCK OWNERSHIP OF
PRINCIPAL STOCKHOLDERS AND MANAGEMENT**

The following table sets forth information as of January 6, 2011 with respect to the ownership of our common stock by:

each person known to own beneficially more than 5% of the common stock;

each of our directors and nominees;

each of our Named Executive Officers named in the summary compensation table below; and

all of our executive officers and directors as a group.

Notwithstanding the beneficial ownership of common stock presented below, the stockholders agreement governs how the parties to the stockholders agreement must exercise their voting rights with respect to election of directors and specified other material events. The parties to the stockholders agreement have agreed to vote their shares to elect the Board of Directors as set forth therein. See Certain Relationships and Related Person Transactions Stockholders Agreement.

The amounts and percentages of shares beneficially owned are reported on the basis of SEC regulations governing the determination of beneficial ownership of securities. Under SEC rules, a person is deemed to be a beneficial owner of a security if that person has or shares voting power or investment power, which includes the power to dispose of or to direct the disposition of the security. A person is also deemed to be a beneficial owner of any securities for which that person has a right to acquire beneficial ownership within 60 days. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person's ownership percentage, but not for purposes of computing any other person's percentage. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities and a person may be deemed to be a beneficial owner of securities in which such person has no economic interest. Shares beneficially owned by Messrs. Bonnie, Bronfman, Cohen and Fleisher and Ms. Grann and Ms. Hooper include restricted shares that vest based upon specified service and, in some cases, performance criteria described elsewhere in this Proxy Statement. With respect to unvested shares of restricted stock, the beneficial owners have sole voting power but no dispositive power. As of January 6, 2011, the number of shares of common stock outstanding was 154,963,276.

Except as otherwise indicated in these footnotes, each of the beneficial owners listed has, to our knowledge, sole voting and investment power with respect to the indicated shares of common stock. - (1) Consists of the Amended and Restated 2005 Omnibus Award Plan, as well as individual long-term incentive plan (LTIP) and individual stock option agreements.

LTIP and Individual Stock Option and Restricted Stock Agreements

In 2004, the Company's Board of Directors approved a form of long-term incentive plan (LTIP) stock option agreement for grants of options to eligible individuals. Eligible individuals include any employee, director or consultant of the Company or any of our affiliates, or any other entity designated by the Company's Board of Directors in which the Company has an interest, who is selected by the Compensation Committee to receive an award. The Board authorized the granting of options to purchase up to 1,355,066 shares of our common stock pursuant to the LTIP program. The Company has granted options and may grant additional stock options under the LTIP stock option agreements to certain members of our current or future management. The Board also approved the sale of 5,676,300 restricted shares of the Company's common stock, the awarding of 2,629,091 restricted shares of the Company's common stock and the granting of options to purchase 3,701,850 shares of our common stock under restricted stock and stock option agreements with certain members of our management. Individual option agreements and options granted under the LTIP program generally will have a 10-year term and the exercise price will equal at least 100% of the fair market value on the date of the grant. All of these option grants are now fully vested.

2005 Omnibus Award Plan

In May 2005, we adopted the 2005 Omnibus Award Plan, or the Plan, which authorized the granting of stock-based awards to purchase up to 3,416,133 shares of our common stock. The Plan was amended and restated as of February 23, 2007 and again as of February 26, 2008. The 2008 amendment increased the maximum number of shares available for awards under the plan to 19,916,133 shares. Under the Plan, the Board of Directors or the Compensation Committee will administer the Plan and has the power to make awards, to determine when and to whom awards will be granted, the form of each award, the amount of each award, and any other terms or conditions of each award consistent with the terms of the Plan. Awards may be made to employees, directors and others as set forth in the Plan. The types of awards that may be granted include restricted and unrestricted stock, incentive and non-statutory stock options, stock appreciation rights, performance units and other stock-based awards. Each award agreement specifies the number and type of award, together with any other terms and conditions as determined by the administrator in its sole discretion. Options granted generally have a 10-year term, the exercise price will equal at least 100% of the fair market value on the date of the grant and generally vest in four equal installments on the day prior to each of first through fourth anniversaries of the effective date of the stock option agreement, subject to the employee's continued employment.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION & ANALYSIS

Introduction

The Compensation Committee is responsible for overseeing our compensation programs. As part of that responsibility, the Compensation Committee determines all compensation for the Chairman and CEO and the Company's other executive officers. For executive officers other than the Chairman and CEO, the Compensation Committee considers the recommendation of the Chairman and CEO and the Executive Vice President, Human Resources in making its compensation determinations. The Committee interacts regularly with management regarding our executive compensation initiatives and programs. The Compensation Committee has the authority to engage its own advisors and has done so. In the performance of its duties, the Compensation Committee has engaged Hewitt Associates LLC, an independent compensation consulting firm that has particular experience and expertise in compensation matters for media and entertainment companies. Hewitt recently spun off its North American executive compensation consulting business. The new, independent firm that resulted is Meridian Compensation Partners. Meridian continues to be engaged to act as an independent executive compensation advisor to the Compensation Committee, providing consulting and analysis as requested. We expect that these services may include:

Board of Director pay studies, dilution analyses, competitive market pay analyses in connection with new employment arrangements and market trends;

ongoing support with regard to the latest relevant regulatory, technical, and/or accounting considerations impacting compensation and benefit programs;

assistance with the redesign of any compensation and benefit programs or employment agreements, if desired/needed;

preparation for and attendance at selected management, committee or Board of Director meetings, if desired/needed; and

Edgar Filing: Warner Music Group Corp. - Form DEF 14A

other miscellaneous requests that occur throughout the year.

All executive compensation services provided by Hewitt and now Meridian are conducted under the direction or authority of the Compensation Committee, and all work previously performed by Hewitt and that may now be performed by Meridian must be pre-approved by the Compensation Committee or the Chair of the Compensation Committee. Neither Hewitt prior to the spin off, or Meridian after the spin off, nor any of its

Table of Contents

affiliates maintains any other direct or indirect business relationships with the Company or any of its affiliates. During fiscal 2010, neither Hewitt nor Meridian provided any advice or recommendations on the amount or form of executive and director compensation to the Compensation Committee.

Our executive team consists of individuals with extensive industry expertise, creative vision, strategic and operational skills, in-depth company knowledge, financial acumen and high ethical standards. We are committed to providing competitive compensation packages to ensure that we retain these executives and maintain and strengthen our position as a leading global music content company. Our executive compensation programs and the decisions made by the Compensation Committee are designed to achieve these goals.

The compensation for the Company's Named Executive Officers (the executive officers for whom disclosure of compensation is provided in the tables below) consists of base salary and annual target bonuses. In addition, our executive officers receive long-term incentives in the form of equity grants. The executive officers do not receive any other compensation or benefits other than standard benefits available to all U.S. employees, which primarily consist of health plans, the opportunity to participate in the Company's 401(k) plan, basic life insurance and accidental death insurance coverage.

In determining the compensation of the Named Executive Officers, the Compensation Committee seeks to establish a level of compensation that is (a) appropriate for the size and financial condition of the Company, (b) structured so as to attract and retain qualified executives and (c) tied to annual financial performance and long-term stockholder value creation.

The Company has entered into employment agreements with each of our Named Executive Officers, which establish each executive's base salary and an annual target bonus. Pursuant to the agreements, the actual amount of each annual bonus is determined by the Compensation Committee in its sole discretion and may be higher or lower than the target range or amount. In addition, as a result of the evaluation of their roles and responsibilities, each Named Executive Officer was allowed to invest in equity of the Company or was awarded equity in the form of stock options and/or restricted stock in connection with their employment. The Compensation Committee believes these arrangements are reasonable and competitive compared to other companies the Company competes with for the attraction and retention of talent.

Compensation of Our Named Executive Officers

Our Named Executive Officers (NEOs) for fiscal 2010 are:

Edgar Bronfman, Jr. (our CEO);

Steven Macri (our CFO);

Lyor Cohen;

Michael Fleisher; and

David H. Johnson.

Executive Compensation Objectives and Philosophy

We design our executive compensation programs to attract talented executives to join the Company and to motivate them to position us for long-term success, achieve superior operating results and increase stockholder value. To realize these objectives, the Compensation Committee and management focus on the following key factors when considering the amount and structure of the compensation arrangements for our executives:

Alignment of executive and stockholder interests by providing incentives linked to operating performance and stock price performance. We are committed to creating stockholder value and believe that our executives and employees should be provided incentives through our compensation programs that align their interests with those of our stockholders. Accordingly, we provide our

Table of Contents

executives with both short-term annual cash bonus incentives linked to our operating performance and long-term equity incentives linked to stock performance. For information on the components of our executive compensation programs and the reasons why each is used, see [Components of Executive Compensation](#) below.

A clear link between an executive's compensation and his or her individual contribution and performance. As further discussed below, the components of our executive compensation programs are designed to reward the achievement of specified key goals. These goals include, among other things, the successful implementation of strategic initiatives, realizing superior operating and financial performance, and other factors that we believe are important, such as the promotion of an ethical work environment and teamwork within the Company. We believe our compensation structure motivates our executives to achieve these goals and rewards them for their significant efforts and contributions to the Company and the results they achieve.

The extremely competitive nature of the media and entertainment industry, and our need to attract and retain the most creative and talented industry leaders. We compete for talented executives in relatively high-priced markets, and the Committee takes this into consideration when making compensation decisions. For example, we compete for executives with other recorded music and music publishing companies, other entertainment, media and technology companies, law firms, private ventures, investment banks and many other companies that offer high levels of compensation. We believe that our senior management team is among the best in the industry and is the right team to lead us to long-term success. Our commitment to ensuring that we are led by the right executives is a high priority, and we make our compensation decisions accordingly.

Comparability to the practices of peers in our industry and other comparable companies generally. The Compensation Committee considers information about the practices of our peer companies and other comparable public companies, as well as evolving market practices, when making its compensation decisions. Generally, the Compensation Committee looks to this type of information when evaluating employment arrangements with new employees and extensions or renewals with existing employees. From time to time, the Compensation Committee also receives independent advice on competitive practices from Hewitt and now Meridian and other independent sources of market trends, including literature and conference remarks on executive compensation matters. When using peer data to evaluate employment arrangements with new employees and extensions or renewals with existing employees, the Compensation Committee may consider ranges of compensation paid by others for a particular position, both by reference to comparative groups of companies of similar size and stature and, more particularly, a group comprised of our direct competitors, which includes other recorded music and music publishing companies, primarily Universal, Sony and EMI in recorded music (Universal Music Group, Sony Music Entertainment and EMI Music) and Universal, EMI and Sony/ATV in music publishing (Universal Music Publishing Group, EMI Music Publishing and Sony/ATV Music Publishing), as one point of reference when making compensation decisions regarding total compensation or particular elements of compensation in the agreements under consideration. The Compensation Committee does not typically use information with respect to our peer companies and other comparable public companies to establish targets for total compensation, or any element of compensation, or otherwise numerically benchmark its compensation decisions. For example, in fiscal 2008 the Compensation Committee reviewed pay data for a range of companies in connection with the review of new employment arrangements with Messrs. Bronfman, Cohen and Macri. The Compensation Committee did not, however, use third-party data in establishing fiscal 2010 compensation for the Company's NEOs. The Compensation Committee makes decisions for a specific executive on an annual basis in its discretion, based upon the executive's compensation as set forth in their employment agreement, the performance of the Company and taking into consideration competitive factors and the executive's specific qualifications, such as his or her professional experience, tenure at the Company and within the industry, leadership position within the Company, and individual performance factors.

Components of Executive Compensation

Employment Agreements

We have entered into employment agreements with all of our NEOs, the key terms of which are described below under *Summary of NEO Employment and Equity Agreements*. We believe that having employment agreements with our executives is beneficial to us because it provides retentive value, subjects the executives to key restrictive covenants, and generally gives us a competitive advantage in the recruiting process over a company that does not offer employment agreements. Our employment agreements set forth the terms and conditions of employment and establish the components of an executive's compensation, which generally include the following:

Base salary;

A target annual cash bonus;

Any long-term incentives in the form of equity grants; and

Benefits, including participation in our 401(k) plan and health, life insurance and disability insurance plans.

Our NEO employment agreements also contain key provisions that apply in the event of an executive's termination or resignation, setting forth the circumstances under which an executive may resign for *good reason* or under which we may terminate the agreement for cause, and formalizing restrictive covenants such as commitments not to solicit our employees and/or talent away from the Company, and to protect our confidential information, among others. The circumstances that would allow an executive to terminate his or her employment for *good reason* are negotiated in connection with the employment agreement and generally include such events as substantial changes in the executive's duties or reporting structure, relocation requirements, reductions in compensation and specified breaches by us of the agreement.

Effective January 1, 2011, Mr. Johnson ceased serving as the CEO of Warner/Chappell Music and Cameron Strang was appointed CEO of Warner/Chappell. Mr. Johnson will continue to serve as Chairman of Warner/Chappell until June 30, 2011 (the end date of his employment agreement), at which point Mr. Johnson will be leaving the Company and Mr. Strang will assume the additional role of Chairman of Warner/Chappell. Mr. Strang's appointment as CEO of Warner/Chappell Music entitled Mr. Johnson to terminate his employment agreement for *good reason*. Therefore, in order to secure Mr. Johnson's services through the end date of his employment agreement, on January 1, 2011, Warner/Chappell entered into a separation agreement with Mr. Johnson. The terms of that agreement provide Mr. Johnson with severance payments and benefits generally consistent with those he would have been entitled to for a *good reason* termination under his employment agreement (although a portion of his fiscal year 2011 bonus will be subject to discretionary determination by the Company) and are described below in the section entitled *Potential Payments upon Termination or Change-In-Control David Johnson Separation Agreement*.

Key Considerations in Determining Executive Compensation

In general, the terms of our executive employment agreements are initially negotiated by our Chairman and CEO, Executive Vice President, Human Resources, other corporate senior executives, as appropriate, and our legal department or outside legal counsel. The key terms of the agreements for our NEOs and other executives over whose compensation the Compensation Committee has authority are presented to the Compensation Committee for consideration. When appropriate, the Compensation Committee takes an active role in the negotiation process. The Compensation Committee also establishes from time to time the general compensation principles set forth in our executive employment agreements.

During the review and approval process for the employment agreements for executives under its purview, the Compensation Committee considers the appropriate amounts for each component of compensation and the compensation design appropriate for the individual executive. In its analysis, the Compensation Committee

Table of Contents

considers the individual's credentials, and if applicable, performance at the Company, the compensation history of the executive, input from the Compensation Committee's independent compensation consultant on market and peer company practices, data on the compensation of other individuals in comparable positions at the Company and the total projected value of the compensation package to the executive.

The following describes the components of our NEO compensation arrangements and why each is included in our executive compensation programs.

Base Salary

The cash base salary an NEO receives is determined by the Compensation Committee after considering the individual's compensation history, the range of salaries for similar positions, the individual's expertise and experience, and other factors the Compensation Committee believes are important, such as whether we are trying to attract the executive from another opportunity. The Compensation Committee believes it is appropriate for executives to receive a competitive level of guaranteed compensation in the form of base salary and determines the initial base salary by taking into account recommendations from management and, if deemed necessary, the Compensation Committee's independent compensation consultant.

In cases where an NEO's employment agreement calls for annual base salary reviews, increases in base salary are determined by the Compensation Committee in its discretion. The individual's performance during the course of the prior year, his or her contribution to achieving the Company's goals and objectives and competitive data on salaries of individuals at comparable levels both within and outside of the Company may be evaluated in connection with the Compensation Committee's annual consideration of base salary increases.

Each of our NEOs was paid base salary in accordance with the terms of their respective employment agreement in fiscal 2010. The Compensation Committee did not approve any change to base salary for any of our NEOs in fiscal 2010.

Annual Cash Bonus

Our Compensation Committee directly links the amount of the annual cash bonuses we pay to our corporate financial performance for the particular year. Each of our NEOs has a target bonus amount set forth in his employment agreement, which is stated as either a range or a set dollar amount. The actual amount of each annual bonus is determined by the Compensation Committee in its sole discretion and may be higher or lower than the target range or amount.

The Compensation Committee establishes performance goals for our corporate performance after considering our financial results from the prior year and the annual operating budget for the coming year. It uses these performance goals to establish a target for the Company-wide bonus pool. In fiscal 2010, the performance goals related to the achievement of budgeted amounts of net revenue and operating income before depreciation and amortization (or OIBDA), which equals operating income less depreciation expense and amortization expense, with achievement of net revenue weighted 25% and OIBDA weighted 75%. OIBDA is among the measures used by management to gauge operating performance and is used by investors, analysts and peer companies to value the Company and compare our performance to that of our peers. These metrics are used because we believe they encourage executives to achieve superior operating results. In its assessment of whether the performance goals are met, the Compensation Committee may consider the nature of unusual expenses or contributors to financial results, and authorize adjustments in its sole discretion.

If the performance targets set by the Compensation Committee are met, the bonus pool will be set at the target amount set in the annual operating budget, subject to the Committee's discretion as discussed below. If our performance exceeds the budgeted levels of net revenue and OIBDA, the bonus pool amount is generally initially increased above 100% of target calculated based on the pre-established scale. If we do not meet the budgeted performance goals, the bonus pool amount is generally initially decreased from the target calculated based on the pre-established scale. The actual bonus amounts allocated to the bonus pool for the entire Company are

Table of Contents

ultimately determined by the Compensation Committee in its discretion taking into account the achievement of the performance goals, qualitative factors and management's recommendations. The Compensation Committee has the discretion to adjust the initial bonus pool amount determined by reference to the pre-established scale upwards or downwards, considering management's recommendations, the achievement of the pre-established qualitative factors and other considerations the Compensation Committee deems appropriate.

Bonuses for our NEOs are then separately determined by the Compensation Committee in its sole discretion, and may be higher or lower than the target amounts set forth in the NEOs' employment agreements. Mr. Bronfman's contractual bonus range is from \$0 to \$6.0 million, with a target bonus of \$3.0 million. Mr. Cohen's contractual bonus range is from \$1.5 million to \$5.0 million, with a target bonus of \$2.5 million. Other NEOs have target bonuses set forth in their employment agreements as described below under Summary of NEO Employment and Equity Agreements. The amount our NEOs and other executive officers subject to the Compensation Committee's oversight receive from the bonus pool is determined by the Compensation Committee, and for other executives and employees, by the appropriate member of management, so long as the entire Company-wide bonus pool determined by the Compensation Committee is not exceeded. For NEOs other than the Chairman and CEO, the Compensation Committee considers the recommendation of the Chairman and CEO and the Executive Vice President, Human Resources in making its bonus determinations. The Compensation Committee evaluates the performance of the Chairman and CEO annually in connection with its bonus determination for the Chairman and CEO. Bonuses for executive officers, including our NEOs, are based on the target bonuses set forth in their employment agreements, corporate performance, including relative to the Company-wide bonus pool, and other discretionary factors, including achievement of strategic objectives, goals in compliance and ethics and teamwork within the Company. Bonuses for executives in our recorded music or music publishing businesses or other specific areas, such as international recorded music or digital, are also based in part on their particular segment's or area's performance. For Mr. Fleisher, a portion of his bonus is also determined based on his performance with respect to any special projects and/or transformational initiatives that have been assigned to him by the CEO. For our executive officers, including our NEOs, a variety of qualitative and quantitative factors that vary by year and are given different weights in different years depending on facts and circumstances are considered, with no single factor material to the overall bonus determination. The factors considered by the Compensation Committee in connection with fiscal 2010 bonuses are discussed in more detail below.

In fiscal 2010, after considering the factors described above and management's recommendations, the Committee determined that the bonuses for our NEOs would be set at amounts which ranged from 75% to 140% of their respective target bonus amounts set forth in their employment agreements. This reflected the Compensation Committee's and management's assessment that overall corporate performance and discretionary factors justified payment of bonuses ranging from below to above target bonuses for our NEOs based on their and the Company's performance during the fiscal year.

Specifically, with respect to Mr. Bronfman, the Compensation Committee set the amount of his bonus at approximately 133% of target having determined that in setting the Company's strategic objectives to be carried out by the executive management team, he played a crucial role in the Company's achievement of the financial and other results described below and in guiding and positioning the Company for future success. With respect to Mr. Cohen, the Compensation Committee set the amount of his bonus at 140% of target in recognition of his key contributions across all aspects of the business, including, without limitation, his responsibility for Latin America and the UK and leading the Company's efforts to diversify revenues by entering into expanded-rights deals with recording artists. With respect to Mr. Fleisher, the Compensation Committee set the amount of his bonus at 100% of target having determined that he provided solid leadership in his areas of responsibility and successfully maintained cost controls. In addition, Mr. Fleisher was assigned to lead various projects involving the transformation of the Company's business models and operational processes on a global basis in fiscal 2010. Based on the Compensation Committee's determination that Mr. Fleisher made substantial progress on these initiatives, the Compensation Committee awarded Mr. Fleisher 100% of his annual projects bonus and determined not to exercise its negative discretion with respect to the portion of Mr. Fleisher's Bonus Equity (as

Table of Contents

defined below) that was scheduled to vest on November 14, 2010. See Summary of NEO Employment and Equity Agreements below for a description of Mr. Fleisher's annual projects bonus and Bonus Equity. With respect to Mr. Macri, the Compensation Committee set the amount of his bonus at approximately 133% of target to reward his strong transition into the CFO role. The Compensation Committee noted that Mr. Macri led the implementation of the new SAP enterprise resource planning system and started the roll-out of the new U.S. royalty system during the year, was very involved in the Company's cost-cutting efforts, led significant repatriation of cash back to the U.S. on a tax-free basis and took on management of the Company's information technology department. Finally, with respect to Mr. Johnson, the Compensation Committee set the amount of his bonus at 75% of target after considering his individual performance and the performance of the music publishing business, including objective and subjective measures.

The annual bonuses in fiscal 2010 for the NEOs reflected the performance of the Company and each individual NEO during the fiscal year. The Company's performance continued to be negatively impacted by the industry-wide difficulties in the recorded music business in fiscal 2010. During fiscal 2010, the Company effectively mitigated the impact of the ongoing transition in the recorded music business through, among other things, revenue diversification, a continued focus on the Company's digital strategy and effective balance sheet and cost management efforts. For example, despite these adverse conditions, the Company was able to continue to advance its strategic objectives and essentially sustained margins over the fiscal year, with OIBDA margins remaining largely steady year over year at 12%, despite declining revenue and increased severance charges. We believe the performance of our recorded music business continued to be strong relative to our most direct competitors. While digital growth in the U.S. has slowed due primarily to a declining ringtone business, international digital growth remains strong. In addition, the Compensation Committee noted that the Company made meaningful progress in many areas during fiscal 2010, including:

- (1) effectively managing its balance sheet and cash flow (ending the year with a cash balance of \$439 million, up from \$384 million at the end of fiscal year 2009, and net debt of \$1.51 billion, as compared to \$1.56 billion at the end of the prior year),
- (2) controlling costs, a key factor in the Company's ability to maintain operating income despite challenging market conditions,
- (3) sustaining the Company's digital leadership by continuing to focus on encouraging and sustaining viable new business models,
- (4) continuing the Company's success in artist and repertoire (A&R) (for example, in the U.S., the Company's September quarter 2010 track-equivalent album share reached its highest level since 2008 and its total album share reached its highest level in 14 years),
- (5) continuing to expand the Company's recorded music revenue base beyond record sales through numerous expanded-rights deals with recording artists and the completion of several artist services acquisitions (with non-traditional Recorded Music revenue amounting to 10% of the Company's recorded music revenue for the fiscal year and more than half of the Company's global active artist roster signed to comprehensive expanded-rights deals),
- (6) continuing to strengthen the Company's music publishing business through the development of its catalog and synchronization business, and
- (7) contributing to important industry-wide gains on the public policy front, with the introduction of the Combating Online Infringement and Counterfeits Act (COICA) and the continued implementation of graduated response legislation in various parts of the world, including France and the U.K.

In making the bonus determinations for the NEOs, other qualitative factors taken into account included performance in internal and public financial reporting, budgeting and forecasting processes, compliance and infrastructure, investment and cost-savings initiatives. Non-financial factors considered also included, among other items, providing strategic leadership and direction for the Company, including corporate governance matters, managing the strategic direction of the Company, increasing operational efficiency, expanding our digital presence and communicating to investors, shareholders and other important constituencies.

Long-Term Equity Incentives

The Compensation Committee is responsible for establishing and administering the Company's equity compensation programs and for awarding equity compensation to the executive officers. To date, the sole forms of equity compensation awarded to or purchased by officers and employees have been restricted stock and stock options. The Compensation Committee believes that restricted stock and stock options are an important part of overall compensation because they align the interests of officers and other employees with those of stockholders and create incentives to maximize long-term stockholder value.

The Compensation Committee determines the number of stock options or shares of restricted stock granted or sold to each executive officer based on the total amount of equity awards available under outstanding plans and the responsibility and overall compensation of each executive officer. In general, executive officers and other employees have received an initial grant of equity in the form of restricted stock (either purchased or awarded) or stock options, usually at the time of their initial employment (or, for those employed at such time, in connection with the acquisition of the Company from Time Warner in 2004). On occasion, the Compensation Committee may grant additional equity awards to recognize increased responsibilities or special contributions, to attract new hires to the Company, to retain executives or to recognize other special circumstances.

The Company did not make any equity grants to NEOs in fiscal 2010. In fiscal 2009, the Company awarded additional restricted stock and stock options to Mr. Fleisher. The grants to Mr. Fleisher were made in connection with entering into a new employment agreement. In determining the size of the equity award to Mr. Fleisher, the Compensation Committee considered his performance with the Company and his contribution to achieving the Company's goals and objectives. In fiscal 2008, the Company made restricted stock and/or stock option awards to Messrs. Bronfman, Macri, Cohen and Johnson in connection with these executives entering into new employment agreements. See "Summary of NEO Employment and Equity Agreements" below for a description of these equity grants.

Tax Deductibility of Performance-Based Compensation and Other Tax Considerations

Where appropriate, and after taking into account various considerations, we structure our executive employment agreements and compensation programs to allow us to take a tax deduction for the full amount of the compensation we pay to our executives. Our Amended and Restated 2005 Omnibus Award Plan (the "Plan") is designed to be compliant with the requirements of Section 162(m) of the Internal Revenue Code ("Section 162(m)"). Section 162(m), which generally places limits on the tax deductibility of executive compensation for publicly traded companies, disallows deductions for compensation in excess of \$1,000,000 per year paid to the NEOs (other than the CFO), unless such compensation is performance-based, is approved by stockholders, and meets other requirements. In order to maximize deductibility of future executive compensation under Section 162(m), our NEOs participate in the Plan.

The Company has implemented procedures intended to permit performance-based compensation to be deductible under Section 162(m). Under these procedures, at the outset of each fiscal year, the Compensation Committee establishes Section 162(m) performance targets for the components of an executive's compensation that are performance-based. The targets will be used solely for setting a maximum amount of bonus for which our NEOs are eligible for Section 162(m) purposes at various target thresholds. For example, cash bonuses may be conditioned on the achievement of a specified amount of budgeted OIBDA and/or net revenues. In November 2010, the Compensation Committee determined that the performance targets for fiscal 2011 would relate to the achievement of specified levels of budgeted OIBDA and/or net revenues.

The Section 162(m) performance targets set by the Compensation Committee should generally allow us to take a tax deduction for the performance-based components of an executive's compensation. If the maximum

Table of Contents

Section 162(m) performance target is met in a given year, our NEOs are eligible to earn an annual cash bonus no greater than the maximum amount permitted under the Plan. The maximum amount permitted under the Plan based on achievement of the specified performance targets is \$10 million for Messrs. Bronfman and Cohen and four times the target bonuses in effect at the beginning of the fiscal year for the other NEOs. If the maximum Section 162(m) performance target is not met, the maximum amount of bonus our NEOs are eligible to earn is decreased on a pre-established scale to reflect the maximum bonus established for the actual target level of performance achieved. In practice, however, even if our NEOs are eligible for the maximum bonus amounts described, the Compensation Committee generally exercises its negative discretion and sets the actual bonus compensation by reference to the lower target bonus amount set forth in the respective employment agreements using the discretionary factors described above.

Benefits

Our NEOs also receive health coverage, life insurance, disability benefits and other similar benefits in the same manner as our U.S. employees generally.

Deferred Compensation

We offer a tax-qualified 401(k) plan to our employees and in November 2010 we adopted a non-qualified deferred compensation plan which is available to those of our employees whose annual salary is at least \$200,000. Both plans are available to the named executive officers.

In accordance with the terms of the Company's 401(k) plan, the Company matches, in cash, 50% of amounts contributed to that plan by each plan participant, up to 6% of eligible pay, up to a maximum of \$245,000 of eligible pay or \$16,500 in pre-tax deferrals (\$22,000 in the case of participants age 50 or greater), whichever occurs first. The matching contributions made by the Company are initially subject to vesting, based on continued employment, with 25% scheduled to vest on each of the second through fifth anniversaries of the employee's date of hire.

The non-qualified deferred compensation plan allows an employee with an annual salary of \$200,000 or more to defer receipt of a portion of his or her annual bonus until a future date or dates elected by the employee. Amounts in a participant's account will be indexed to one or more deemed investment funds chosen by each participant from a range of such alternatives available under the plan, which investment alternatives generally include the investment funds available under our 401(k) plan. Each participant's account will be adjusted to reflect the investment performance of the selected investment fund(s), including any appreciation or depreciation. We have established a rabbi trust (the assets of which will remain subject to the claims of our general creditors) for the purpose of assisting us in meeting our obligations under the deferred compensation plan. In the event of a change of control, we will cause such trust to be fully funded with amounts necessary to cover all accrued benefits under the deferred compensation plan through the date of such change of control. Prior to a change in control, the rabbi trust may or may not be funded by us. The deferred compensation plan provides an additional vehicle for employees to save for retirement on a tax-deferred basis. The deferred compensation plan does not provide preferential rates of return. Participants have only an unsecured contractual commitment by us to pay amounts owed under the plan.

Perquisites

We generally do not provide perquisites to our NEOs. Other than Mr. Johnson as disclosed below in the Summary Compensation Table, none of our NEOs received any perquisites in fiscal 2010.

Other Compensation Policies

Timing of Equity Grants

All of our equity grants require the approval of the Compensation Committee. We do not have a plan or practice designed to time equity grants in coordination with the release of material non-public information. Pursuant to a policy adopted by our Compensation Committee in 2006 we only make grants on one day each month, on or about the 15th of each month. Therefore, grants are generally made as of the 15th of the first month following approval of any such grants by the Compensation Committee. Grants for newly hired executives, and, grants based upon entering into new or amended employment agreements with existing executives, are generally made on the first 15th of the month following the later of approval of such grants by the Compensation Committee and the execution of the employment agreement by both parties.

Hedges and Pledges of Stock

All hedges of the Company's common stock by executive officers or employees of the Company are prohibited. - (1) Represents cash bonus amounts in respect of fiscal 2010, 2009 and 2008 performance paid in December 2010, December 2009 and December 2008, respectively. Mr. Fleisher's fiscal 2010 bonus includes a \$300,000 annual projects bonus.
- (2) Reflects the aggregate grant date fair value of awards made in fiscal 2009 and 2008 computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation - Stock Compensation, without taking into account estimated forfeitures. The assumptions used in calculating the grant date fair values are disclosed in Note 15, *Stock-Based Compensation Plans*, to our Consolidated Financial Statements found in our Annual Report on Form 10-K for the year ended September 30, 2010. Amounts reported in the Stock Awards column for Messrs. Bronfman, Cohen and Fleisher are based upon the probable outcome of performance conditions with respect to their respective performance-based restricted stock awards. Assuming the highest level of performance conditions is achieved, the aggregate grant date fair values of these performance-based restricted stock awards would be as follows: Mr. Bronfman \$14,547,500, Mr. Cohen \$9,257,500 and Mr. Fleisher \$1,246,500. These amounts assume vesting of the full awards at the per share closing price on the date of the grants of \$5.29, \$5.29 and \$2.77, respectively.
- (3) For Messrs. Macri and Johnson, all other compensation in fiscal 2010 also includes \$7,350 of 401(k) matching contributions. For Mr. Johnson, all other compensation in fiscal 2010 also includes a car allowance of \$24,000 and a financial advisory allowance of \$18,000.
- (4) On September 16, 2008, Mr. Macri was named the Company's CFO. Mr. Fleisher, who had served as the Company's CFO from January 2005 to September 16, 2008, was named Vice Chairman, Strategy and Operations of the Company.
- (5) Effective September 16, 2008, Mr. Macri's salary increased from \$400,000 to \$600,000 annually. Effective March 15, 2008, Mr. Cohen's salary increased from \$1.5 million to \$3.0 million annually.
- (6) Effective January 1, 2011, Mr. Johnson ceased serving as the CEO of Warner/Chappell Music and Cameron Strang was appointed CEO of Warner/Chappell. Potential payments under the severance agreements and arrangements described below are provided in the section entitled Potential Payments upon Termination or Change-In-Control. In addition, for a summary of the meanings of cause and good reason as discussed below, see Termination for Cause and Resignation for Good Reason or with Good Reason below.

Employment Agreement with Edgar Bronfman, Jr.

On March 14, 2008, the employment agreement with Edgar Bronfman, Jr., the Chairman of the Board and CEO of the Company, was amended and restated effective March 15, 2008. The amended and restated employment agreement, among other things, includes the following:

- (1) the term of Mr. Bronfman's employment agreement was extended until March 15, 2013 and will be automatically extended for successive one-year terms unless either party gives written notice of non-renewal no less than 90 days prior to the annual March 15 expiration date (commencing with March 15, 2013), in which case the agreement will end on the March 15 immediately following the receipt of the notice,
- (2) an annual base salary of at least \$1,000,000, subject to discretionary increases from time to time by the Board of Directors or Compensation Committee, which is unchanged from his prior agreement,
- (3) a target bonus of 300% of base salary, with a minimum of 0% and a maximum of 600% of base salary, which is also unchanged from his prior agreement and
- (4) revisions intended to comply with the requirements of Section 409A of the Internal Revenue Code.

The employment agreement also provided for the grants of equity described below under Fiscal 2008 Equity Grants.

Consistent with Mr. Bronfman's prior agreement, in the event we terminate Mr. Bronfman's employment for any reason other than for cause or if Mr. Bronfman terminates his employment for good reason, each as defined in the agreement, Mr. Bronfman will be entitled to severance benefits equal to one year of his then-current base salary and target bonus plus a pro-rated annual bonus and continued participation in the Company's group health and life insurance plans for up to one year after termination. Mr. Bronfman may terminate his employment with or without good reason, also consistent with his prior agreement.

The employment agreement, as amended and restated, also contains standard covenants relating to confidentiality and assignment of intellectual property rights and one year post-employment non-solicitation and non-competition covenants consistent with the prior agreement.

Fiscal 2008 Equity Grants

Mr. Bronfman's amended and restated employment agreement provided for the grant to Mr. Bronfman of 2,750,000 stock options and 2,750,000 performance-based restricted shares of the Company's common stock pursuant to a separate stock option agreement and a separate restricted stock award agreement. The equity grants were made under the Plan. Pursuant to the Company's policy, the options and the restricted shares were granted on March 15, 2008, the first 15th of the month following approval of the grant by the Compensation Committee and execution of the amended and restated employment agreement, and the exercise price of the options is \$5.29 per share, which was the closing price on March 14, 2008, the last trading date prior to the grant date. The options generally vest 20% a year over five years (subject to continued employment) and have a term of 10 years. The shares of restricted stock generally vest based on a double trigger that includes achievement of both service and performance criteria (each, subject to continued employment through the applicable vesting dates). The time vesting criteria for the restricted shares are the same as for the stock options 20% a year over five years. The performance vesting criteria for the restricted shares are as follows:

650,000 shares, upon the Company achieving an average closing stock price of at least \$10.00 per share over 60 consecutive trading days;

650,000 shares, upon the Company achieving an average closing stock price of at least \$13.00 per share over 60 consecutive trading days;

650,000 shares, upon the Company achieving an average closing stock price of at least \$17.00 per share over 60 consecutive trading days; and

800,000 shares, upon the Company achieving an average closing stock price of at least \$20.00 per share over 60 consecutive trading days.

The stock option agreement and restricted stock award agreement each provide for up to 12 months' additional vesting in the case of a termination of employment due to disability, as defined in the agreements, or death. Additionally, in the event of an involuntary termination of employment without cause or a voluntary termination for good reason, each as defined in the agreements (or, under certain limited circumstances as further described in the stock option agreement and restricted stock award agreement, any termination of employment other than for cause), that occurs on or after, or in anticipation of, a change in control of the Company as defined in the Plan, the stock option agreement provides for the options to become fully vested and exercisable and the restricted stock award agreement provides for the time vesting condition attributable to the restricted shares to be deemed fully satisfied. Additionally, if the fair market value of the Company's common stock as defined in the Plan as of the date of any change in control (or, if greater, the per share consideration paid in connection with such change in control) exceeds the per share dollar threshold amount of any of the performance conditions described above for the restricted shares (without regard to the number of consecutive trading days for which the average closing price was achieved), then such performance condition shall be deemed to have been achieved as of the date of such change in control, to the extent not previously achieved. While the time vesting criteria for 20% of the restricted shares was achieved in fiscal 2010, none of the performance vesting criteria for the restricted shares had been achieved and, therefore, none of the restricted shares vested in fiscal 2010.

The equity grants are also subject to the stockholders agreement described under Certain Relationships and Related Party Transactions.

French Legal Proceedings

APPAC, a minority shareholder group of Vivendi Universal, initiated an inquiry in the Paris Court of Appeal into various issues relating to Vivendi, including Vivendi's financial disclosures, the appropriateness of executive compensation, and trading in Vivendi stock by certain individuals previously associated with Vivendi. The inquiry has encompassed certain trading by Mr. Bronfman in Vivendi stock. Several individuals, including

Table of Contents

Mr. Bronfman (the former Vice Chairman of Vivendi) and the former CEO, CFO and COO of Vivendi, had been given the status of *mis en examen* in connection with the inquiry. Although there is no equivalent to *mis en examen* in the U.S. system of jurisprudence, it is a preliminary stage of proceedings that does not entail any filing of charges.

In January 2009, the Paris public prosecutor formally recommended that no charges be filed and that Mr. Bronfman not be referred for trial. On October 22, 2009, the investigating magistrate rejected the prosecutor's recommendation and released an order referring for trial Mr. Bronfman and six other individuals, including the former CEO, CFO and COO of Vivendi. While the inquiry encompassed various issues, Mr. Bronfman was referred for trial solely with respect to certain trading in Vivendi stock. The trial concluded on June 25, 2010. At the trial, the public prosecutor argued that Mr. Bronfman and all of the other defendants in the trial should be acquitted. In addition, the lead civil claimant in the case, APPAC, stated that it believed Mr. Bronfman should be acquitted. The outcome of the trial and any subsequent proceedings with respect to Mr. Bronfman is uncertain at this time. Mr. Bronfman believes that his trading in Vivendi stock was at all times proper.

The court originally announced that it would deliver its verdict on November 19, 2010, but later advised that the verdict date was being postponed. On November 19, 2010, the court announced that it now intends to deliver its verdict on January 21, 2011.

Employment Agreement with Steven Macri

Mr. Macri has entered into an employment agreement dated as of July 21, 2008. The employment agreement, among other things, includes the following:

- (2) upon elevation to the position of Chief Financial Officer, Mr. Macri's base salary is now \$600,000 and his target bonus is now \$600,000.

The employment agreement also provided for the grant of 175,000 options to Mr. Macri as described below under *Fiscal 2008 Equity Grants*. Mr. Macri was named the Company's CFO on September 16, 2008.

The employment agreement also contains standard covenants relating to confidentiality and a one-year post-employment non-solicitation covenant.

Mr. Macri received a grant of 22,774 stock options on February 22, 2005. The exercise price of the options is \$9.14 per share, which was the fair market value on the grant date. The options generally vest 25% a year over four years (subject to continued employment) and have a term of 10 years. Such options are also subject to the stockholders agreement described under *Certain Relationships and Related Party Transactions*. All of these options were vested as of February 21, 2009.

Fiscal 2008 Equity Grants

- (1) the term of Mr. Cohen's employment agreement was extended until March 15, 2013 and will be automatically extended for successive one-year terms unless either party gives written notice of non-renewal no less than 90 days prior to the annual March 15 expiration date (commencing with March 15, 2013), in which case the agreement shall end on the March 15 immediately following the receipt of such notice,

In the event we terminate Mr. Cohen's employment for any reason other than for cause or if Mr. Cohen terminates his employment for good reason, each as defined in the agreement, Mr. Cohen will be entitled to severance benefits equal to: (1) two years of his then-current base salary and one year of his target bonus, (2) a pro-rated annual bonus and (3) continued participation in the Company's group health and life insurance plans for up to one year after termination; provided, however, that if the termination event giving rise to payment of the severance benefits is a termination by Mr. Cohen for good reason solely due to an adverse change to the executive's reporting lines such that the executive no longer reports to the Company's CEO, then the payments set forth in (1) above will be limited to \$4.0 million. Mr. Cohen may terminate his employment with or without good reason, consistent with his prior agreement.

The employment agreement, as amended and restated, also contains standard covenants relating to confidentiality and assignment of intellectual property rights and six-month post-employment non-solicitation covenants consistent with the prior agreement.

The equity grants were made under the Plan. Pursuant to the Company's policy, the options and the restricted shares were granted on March 15, 2008, the first 15th of the month following approval of the grant by the Compensation Committee and execution of the amended and restated employment agreement, and the exercise price of the options is \$5.29 per share, which was the closing price on March 14, 2008, the last trading date prior to the grant date. The options generally vest 20% a year over five years (subject to continued employment) and have a term of 10 years. The shares of restricted stock generally vest based on a double trigger that includes achievement of both service and performance criteria (each, subject to continued employment through the applicable vesting dates). The time vesting criteria for the restricted shares are the same as for the stock options' 20% a year over five years. The performance vesting criteria for the restricted shares are as follows:

413,666 shares, upon the Company achieving an average closing stock price of at least \$10.00 per share over 60 consecutive trading days;

413,667 shares, upon the Company achieving an average closing stock price of at least \$13.00 per share over 60 consecutive trading days;

413,667 shares, upon the Company achieving an average closing stock price of at least \$17.00 per share over 60 consecutive trading days; and

509,000 shares, upon the Company achieving an average closing stock price of at least \$20.00 per share over 60 consecutive trading days.

The stock option agreement and restricted stock award agreement each provide for up to 12 months' additional vesting in the case of a termination of employment due to disability, as defined in the agreements, or death. Additionally, in the event of an involuntary termination of employment without cause or a voluntary termination for good reason, each as defined in the agreements, that occurs on or after, or in anticipation of, a change in control of the Company as defined in the Plan, the stock option agreement provides for the options to become fully vested and exercisable and the restricted stock award agreement provides for the time vesting condition attributable to the restricted shares to be deemed fully satisfied. While the time vesting criteria for 20% of the restricted shares was achieved in fiscal 2010, none of the performance vesting criteria for the restricted shares had been achieved and, therefore, none of the restricted shares vested in fiscal 2010.

The equity grants are also subject to the stockholders agreement described under Certain Relationships and Related Party Transactions.

- (3) commencing in the Company's 2009 fiscal year, a target bonus of \$1,100,000 consisting of (a) an annual corporate bonus to be determined in the discretion of the Company, with a target of \$800,000 (which will be determined based on the performance of the Company and Mr. Fleisher) and (b) an annual projects bonus to be determined in the discretion of the Company, with a target of \$300,000 (which will be determined based on Mr. Fleisher's performance with respect to any special projects and/or transformational initiatives that have been assigned to him by the CEO).

The employment agreement also provided for the grants of equity described below under Fiscal 2009 Equity Grants.

Under his new employment agreement, in the event we terminate Mr. Fleisher's employment for any reason other than for cause or if Mr. Fleisher terminates his employment for good reason, each as defined in the agreement, Mr. Fleisher will be entitled to severance benefits equal to \$1,925,000 plus a pro rata portion of Mr. Fleisher's target bonus of \$1,100,000 with respect to the year of termination and continued participation in the Company's group health and life insurance plans for up to one year after termination. Mr. Fleisher may terminate his new employment agreement with or without good reason, consistent with his prior agreement. In the case of termination due to death or disability, as defined in the agreement, Mr. Fleisher will be entitled to severance benefits equal to his annual base salary of \$825,000 for an additional twelve month period, a pro rata portion of his target bonus of \$1,100,000 with respect to the year of termination and those death or disability benefits to which Mr. Fleisher would be entitled to under any benefit plans, policies or arrangements of the Company.

The new employment agreement also contains standard covenants relating to confidentiality, assignment of intellectual property rights and six-month post-employment non-solicitation covenants consistent with his prior agreement.

2004 Equity

Mr. Fleisher purchased 896,208 shares of the Company's common stock through a restricted stock agreement dated December 21, 2004 for an aggregate purchase price of \$927,916.67. The restricted stock may be purchased by the Company (or our subsidiary) upon any termination of employment. Such stock is also subject to the stockholders agreement described under Certain Relationships and Related Party Transactions. All of the shares of restricted stock were vested as of September 30, 2009.

Fiscal 2008 Equity Grant

Mr. Fleisher received a grant of 22,500 options on March 15, 2008. The exercise price of the options is \$5.29 per share, which was the closing price on the grant date. The option grant was made in recognition of his fiscal 2007 performance and was made under the Plan. The options will generally vest 25% a year over four years (subject to continued employment) and have a term of 10 years. Such options are also subject to the stockholders agreement described under Certain Relationships and Related Party Transactions.

Fiscal 2009 Equity Grants

Mr. Fleisher's employment agreement provided for the grant to Mr. Fleisher of 450,000 stock options and 450,000 performance-based restricted shares of the Company's common stock pursuant to separate stock option and restricted stock award agreements. The equity grants were made under the Plan. Pursuant to the Company's policy, the options and the restricted shares were granted on November 15, 2008, the first 15th of the month following approval of the grants by the Compensation Committee and execution of the employment agreement, and the exercise price of the options is \$2.77 per share, which was the closing price on November 14, 2008, the last trading date prior to the grant date. The options generally vest 20% a year over five years (subject to

Table of Contents

continued employment) and have a term of 10 years (subject to special additional vesting terms for the Bonus Equity options as described below). The shares of restricted stock generally vest based on a double trigger that includes achievement of both service and performance criteria (each, subject to continued employment through the applicable vesting dates). The time vesting criteria for the restricted shares are the same as for the stock options 20% a year over five years. The performance vesting criteria for the restricted shares (subject to special additional vesting terms for the Bonus Equity restricted shares as described below) are as follows:

106,500 shares (of which 35,500 constitute Bonus Equity), upon the Company achieving an average closing stock price of at least \$10.00 per share over 60 consecutive trading days;

106,500 shares (of which 35,500 constitute Bonus Equity), upon the Company achieving an average closing stock price of at least \$13.00 per share over 60 consecutive trading days;

106,500 shares (of which 35,500 constitute Bonus Equity), upon the Company achieving an average closing stock price of at least \$17.00 per share over 60 consecutive trading days; and

130,500 shares (of which 43,500 constitute Bonus Equity), upon the Company achieving an average closing stock price of at least \$20.00 per share over 60 consecutive trading days.

For 150,000 of the stock options and 150,000 of the performance-based restricted shares described above (the Bonus Equity), there is an additional performance vesting criteria. Notwithstanding whether all of the time and/or performance conditions described above have been met, the Bonus Equity will not vest if the Compensation Committee of the Company determines, in its sole discretion, within 45 days following the date on which it would otherwise vest, that such Bonus Equity will not be permitted to vest on such scheduled vesting date, thereby exercising its negative discretion right. In making such determination, the Compensation Committee may take into consideration such factors as it deems appropriate, including, without limitation, whether any additional performance goals established by the Compensation Committee from time to time with respect to the vesting of such Bonus Equity have been met. Such performance goals may include goals based on Mr. Fleisher's performance with respect to any special projects and/or transformational initiatives that have been assigned to him by the CEO. The Compensation Committee determined that additional performance goals established by the Compensation Committee from time to time with respect to the vesting of Mr. Fleisher's Bonus Equity had been met for fiscal 2009 for the Bonus Equity that was scheduled to vest on November 14, 2009 and for fiscal 2010 for the Bonus Equity that was scheduled to vest on November 14, 2010. Therefore, 20% of the options vested as of November 14, 2009 and an additional 20% of the options vested on November 14, 2010. However, while the time vesting criteria and additional performance vesting criteria for the Bonus Equity, were achieved for the restricted shares scheduled to vest on November 14, 2009 and November 14, 2010, none of the stock price hurdles set forth above for the restricted shares have been achieved as of January 6, 2011 and, therefore, none of the restricted shares have vested as of such date.

The stock option agreement and restricted stock award agreement each provide for up to 12 months additional vesting in the case of a termination of employment due to disability, as defined in the agreements, or death. Additionally, subject to the description below with respect to the treatment of the Bonus Equity following a change in control, in the event of an involuntary termination of employment without cause or a voluntary termination for good reason, each as defined in the agreements, that occurs on or after, or in anticipation of, a change in control of the Company as defined in the Plan, the stock option agreement provides for the options to become fully vested and exercisable and the restricted stock award agreement provides for the time vesting condition attributable to the restricted shares to be deemed fully satisfied. Additionally, if the fair market value of the common stock as defined in the Plan as of the date of any change in control following which the Company's common stock ceases to be traded on a public exchange (or, if greater, the per share consideration paid in connection with such change in control) exceeds the per share dollar threshold amount of any of the performance conditions described above for the restricted shares (without regard to the number of consecutive trading days for which the average closing price was achieved), then such performance condition will be deemed to have been achieved as of the date of such change in control, to the extent not previously achieved.

Table of Contents

With respect to the Bonus Equity, prior to the occurrence of any change in control occurring on or prior to November 15, 2010, the Compensation Committee (as comprised immediately prior to such change in control) will affirmatively determine whether the Compensation Committee's negative discretion as described above will continue to apply to any then outstanding Bonus Equity on and following the change in control. In the event that the Compensation Committee (as comprised immediately prior to such change in control) fails to take any affirmative action with respect to the then-outstanding Bonus Equity prior to the occurrence of such change in control, then the negative discretion will automatically cease to apply to such Bonus Equity. The negative discretion will automatically cease to apply to the Bonus Equity outstanding upon the occurrence of any change in control occurring after November 15, 2010 (other than with respect to any tranches of Bonus Equity which the Compensation Committee affirmatively determined not to vest pursuant to its negative discretion authority prior to the occurrence of such change in control).

The equity grants are also subject to the stockholders agreement described under Certain Relationships and Related Party Transactions.

Employment Agreement with David H. Johnson

On May 14, 2008, David H. Johnson, the Chairman and CEO of Warner/Chappell Music, entered into a new employment agreement. The new employment agreement, among other things, includes the following:

- (1) a term of employment from July 1, 2008 until June 30, 2011,
- (2) an annual base salary of \$700,000, which is unchanged from his prior agreement,
- (3) a target bonus of \$800,000, which is also unchanged from his prior agreement, and
- (4) in addition to his entitlement to paid vacation time and continued eligibility to participate in or receive benefits under any employee benefit plan, program or arrangement currently available to other executives of Warner/Chappell, Mr. Johnson will be entitled to continue to receive automobile and financial advisory services allowances consistent with his prior agreement.

The employment agreement also provided for the grant of 100,000 options to Mr. Johnson as described below under Fiscal 2008 Equity Grants.

Consistent with Mr. Johnson's prior agreement, in the event we terminate his employment agreement for any reason other than for cause or if Mr. Johnson terminates his employment for good reason, each as defined in the agreement, Mr. Johnson will be entitled to severance benefits equal to one year of his base salary and target bonus and a pro-rated portion of the target annual bonus for the year of termination. In the event of non-renewal of his agreement, Mr. Johnson would receive a payment equal to one year of his base salary.

The employment agreement also contains standard covenants relating to confidentiality and one-year post-employment non-solicitation covenants.

2005 Equity

Mr. Johnson purchased 119,494 shares of the Company's common stock through a restricted stock agreement dated January 28, 2005 for an aggregate purchase price of \$123,722.22. The restricted stock may be purchased by the Company (or our subsidiary) upon any termination of employment. Such stock is also subject to the stockholders agreement described under Certain Relationships and Related Party Transactions. All of the shares of restricted stock were vested as of September 30, 2009.

Fiscal 2008 Equity Grants

Pursuant to the terms of his employment agreement Mr. Johnson received a grant of 100,000 stock options on May 15, 2008. The equity grant was made under the Plan. Pursuant to the Company's policy, the options were granted on May 15, 2008, the 1st of the first month following approval of the grant by the Compensation

Committee and execution of the amended employment agreement, and the exercise price of the options is \$8.03 per share, which was the closing price on the NYSE on the grant date. The options generally vest 25% per year over four years (subject to continued employment) and have a term of 10 years. In the event of an involuntary termination of employment without cause or a voluntary termination for good reason that occurs on or after, or in anticipation of, a change in control of the Company, the stock option agreement provides for the options to become fully vested and exercisable.

In addition, Mr. Johnson received a grant of 16,250 options on March 15, 2008. The option grant was made in recognition of his fiscal 2007 performance and was made under the Plan. The exercise price of the options is \$5.29 per share, which was the closing price on the grant date. The options generally vest 25% a year over four years (subject to continued employment) and have a term of 10 years. At the time of the grant, Mr. Johnson was also provided the opportunity to receive an additional award of 3,750 options but, upon his recommendation, these awards were instead granted to other employees he supervised.

The equity grants are also subject to the stockholders agreement described under Certain Relationships and Related Party Transactions.

- (1) Calculations of market value of shares of restricted stock that have not vested as of September 30, 2010 reflect the closing price of our common stock on September 30, 2010 on the NYSE (\$4.50). The closing price of our common stock on January 4, 2011 was \$5.55 per share. The reported value for Mr. Bronfman's, Mr. Cohen's and Mr. Fleisher's performance-based restricted stock is based on the closing stock price on September 30, 2010 assuming achievement of the maximum levels of performance. The shares will vest as described below, subject to the additional performance criteria described above under Summary of NEO Employment and Equity Agreements. The time-vesting portion of the performance-based restricted stock awards will vest sooner in the event of a change in control of the Company as described further under Potential Payments upon Termination or Change in Control below.
- (2) Mr. Bronfman's unvested restricted stock vests 20% a year over five years from the grant date of March 15, 2008, subject to the additional performance criteria described above under Summary of NEO Employment and Equity Agreements. His restricted stock is scheduled to vest, subject to the additional performance criteria, as follows: (a) 550,000 shares on March 14, 2009, (b) 550,000 shares on March 14, 2010, (c) 550,000 shares on March 14, 2011, (d) 550,000 shares on March 14, 2012 and (e) 550,000 shares on March 14, 2013. While the time vesting criteria for 20% of the restricted shares was achieved in fiscal 2009 on March 14, 2009 and for an additional 20% of the restricted shares in fiscal 2010 on March 14, 2010, none of the performance vesting criteria for the restricted shares had been achieved and, therefore, none of the restricted shares vested in fiscal 2009 or fiscal 2010. Mr. Bronfman's unexercisable options vest 20% a year over five years from the grant date of March 15, 2008. His 1,100,000 exercisable options vested: (i) 550,000 on March 14, 2009 and (ii) 550,000 on March 14, 2010. His unexercisable options vest as follows: (A) 550,000 on March 14, 2011, (B) 550,000 on March 14, 2012 and (C) 550,000 on March 14, 2013.
- (3) Mr. Macri's options vest 25% a year over four years from the respective grant dates. Mr. Macri's unexercisable options vest as follows: (a) 5,500 on December 14, 2010, (b) 5,500 on December 14, 2011, (c) 43,750 on August 14, 2011 and (d) 43,750 on August 14, 2012. His exercisable options vested as follows: (i) 5,693 on February 21, 2006, (ii) 5,694 on February 21, 2007, (iii) 5,693 on February 21, 2008, (iv) 5,500 on December 14, 2008, (v) 5,694 on February 21, 2009, (vi) 43,750 on August 14, 2009, (vii) 5,500 on December 14, 2009 and (viii) 43,750 on August 14, 2010.
- (4) Mr. Cohen's unvested restricted stock vests 20% a year over five years from the grant date of March 15, 2008, subject to the additional performance criteria described above under Summary of NEO Employment and Equity Agreements. His restricted stock is scheduled to vest, subject to the additional performance criteria, as follows: (a) 350,000 shares on March 14, 2009, (b) 350,000 shares on March 14, 2010, (c) 350,000 shares on March 14, 2011, (d) 350,000 shares on March 14, 2012 and (e) 350,000 shares on March 14, 2013. While the time vesting criteria for 20% of the restricted shares was achieved in fiscal 2009 on March 14, 2009 and for an additional 20% of his restricted shares in fiscal 2010 on March 14, 2010, none of the performance vesting criteria for the restricted

shares had been achieved and, therefore, none of the restricted shares vested in fiscal 2009 or fiscal 2010. Mr. Cohen's unexercisable options vest 20% a year over five years from the grant date of March 15, 2008. His 600,000 exercisable options vested: (i) 300,000 on March 14, 2009 and (ii) 300,000 on March 14, 2010. His unexercisable options vest as follows: (A) 300,000 on March 14, 2011, (B) 300,000 on March 14, 2012 and (C) 300,000 on March 14, 2013.

- (5) Mr. Fleisher's unvested restricted stock vests 20% a year over five years from the grant date of November 15, 2008, subject to the additional performance criteria described above under Summary of NEO Employment and Equity Agreements, including the additional performance vesting criteria applicable to the 150,000 shares representing Bonus Equity. His restricted stock is scheduled to vest, subject to the additional performance criteria, as follows: (a) 90,000 shares (30,000 representing Bonus Equity) on November 14, 2009, (b) 90,000 shares (30,000 representing Bonus Equity) on November 14, 2010, (c) 90,000 shares (30,000 representing Bonus Equity) on November 14, 2011, (d) 90,000 shares (30,000 representing Bonus Equity) on November 14, 2012 and (e) 90,000 shares (30,000 representing Bonus Equity) on November 14, 2013. The Compensation Committee determined that additional performance goals established by the Compensation Committee from time to time with respect to the vesting of Mr. Fleisher's Bonus Equity had been met for fiscal 2009 for the Bonus Equity that was scheduled to vest on November 14, 2009 and for fiscal 2010 for the Bonus Equity that was scheduled to vest on November 14, 2010. However, while the time vesting criteria, and additional performance vesting criteria for the Bonus Equity, were achieved for the restricted shares scheduled to vest on November 14, 2009 and November 14, 2010, none of the stock price hurdles set forth above for the restricted shares have been achieved as of January 6, 2011 and, therefore, none of the restricted shares have vested as of such date. Mr. Fleisher's options with an expiration date of March 14, 2018 vest 20% a year over four years from the grant date of March 15, 2008. Mr. Fleisher's unexercisable options with an expiration date of November 14, 2018 vest 20% a year over five years from the grant date of November 15, 2008, subject to the additional performance criteria described above under Summary of NEO Employment and Equity Agreements with respect to 150,000 options representing Bonus Equity. His exercisable options vested: (i) 5,625 on March 14, 2009, (ii) 90,000 (30,000 representing Bonus Equity) on November 14, 2009 and (iii) 5,625 on March 14, 2010. Mr. Fleisher's unexercisable options vest, subject to the additional performance criteria for the 150,000 options representing Bonus Equity, as follows: (A) 90,000 (30,000 representing Bonus Equity) on November 14, 2010, (B) 5,625 on March 14, 2011, (C) 90,000 (30,000 representing Bonus Equity) on November 14, 2011, (D) 5,625 on March 14, 2012, (E) 90,000 (30,000 representing Bonus Equity) on November 14, 2012 and (F) 90,000 (30,000 representing Bonus Equity) on November 14, 2013. The Compensation Committee did not exercise its negative discretion with respect to the first or second 20% of the options representing Bonus Equity and, therefore, the options were permitted to vest on the scheduled vesting dates of November 14, 2009 and November 14, 2010, respectively.
- (6) Mr. Johnson's options vest 25% a year over four years from the respective grant dates. Mr. Johnson's unexercisable options vest as follows: (a) 4,062 on March 14, 2011, (b) 4,063 on March 14, 2012, (c) 25,000 on May 14, 2011 and (d) 25,000 on May 14, 2012. His exercisable options vested as follows: (i) 4,062 on March 14, 2009, (ii) 25,000 on May 14, 2009, (iii) 4,063 on March 14, 2010 and (iv) 25,000 on May 14, 2010.

Option Exercises and Stock Vested in Fiscal 2010

The following table provides information regarding the amounts received by our Named Executive Officers upon exercise of options or similar instruments or the vesting of stock or similar instruments during our most recent fiscal year ended September 30, 2010.

Potential Payments upon Termination or Change-In-Control

We have entered into employment and equity agreements and maintain compensation plans that, by their terms, will require us to provide compensation and other benefits to our NEOs if their employment terminates or they resign under specified circumstances or upon a change in control.

The following discussion summarizes the potential payments upon a termination of employment in various circumstances. The amounts discussed apply the assumptions that employment terminated on September 30, 2010, and calculations of equity awards reflect the closing price of our common stock on September 30, 2010 on the NYSE (\$4.50) and the NEO does not become employed by a new employer or return to work for the Company.

Table of Contents

See [Summary of NEO Employment and Equity Agreements](#) above for a description of their respective agreements.

Estimated Benefits upon Termination for Cause or Resignation Without Good Reason

In the event an NEO is terminated for cause, or resigns without good reason as such terms are defined below, the NEO is only eligible to receive compensation and benefits accrued through the date of termination. Therefore, no amounts other than accrued amounts would be payable to Messrs. Bronfman, Macri, Cohen, Fleisher and Johnson in this instance pursuant to their employment agreements.

In the event of such a termination or resignation, our NEOs would be eligible for specified payments under their equity agreements. For restricted stock sold to our NEOs in 2004, vested restricted shares are subject to a call option at the fair market value of the shares on the date of termination. The call option in each case is at the Company's option. In determining that our NEOs would not receive any payment upon termination for cause or resignation without good reason we have assumed that the Company would not exercise any call right with respect to vested shares with respect to the 2004 grants since the fair market value of the shares on September 30, 2010 was in excess of the initial price paid for the shares. For grants of restricted stock to our NEOs other than those sold to our NEOs in 2004, unvested shares of restricted stock generally are cancelled effective upon the termination date. Vested and unvested options generally are cancelled effective upon the date of termination. In specified circumstances, Messrs. Bronfman, Cohen and Fleisher would have 30 days following termination to exercise some of their vested options with respect to a resignation without good reason.

See [Estimated Benefits upon a Change in Control](#) below for a discussion of the potential vesting of restricted stock and options for Mr. Bronfman in connection with certain changes in control involving EMI Group Limited or its affiliates.

Estimated Benefits upon Termination without Cause or Resignation for Good Reason

Upon termination without cause or resignation for good reason, each of our NEOs, with the exception of Mr. Cohen, is entitled to severance benefits equal to one year of his then-current base salary and target bonus plus a pro-rated annual bonus and continued participation in the group health and life insurance plans of the Company in which he currently participates for up to one year after termination. Mr. Cohen would be entitled to the above benefits with the exception that he would be entitled to severance benefits equal to two years of his then-current base salary except if he terminates for good reason due to a change in reporting lines as described further following the table below. None of the NEOs have restricted stock or options that would vest upon a termination without cause or resignation for good reason with the exception of terminations in connection with specified change in control transactions. See [Estimated Benefits upon a Change in Control](#) below for a discussion of the potential vesting of restricted stock and options for Mr. Bronfman in connection with certain changes in control involving EMI Group Limited or its affiliates.

| | Salary (other than accrued amounts) | Target Bonus | Equity Awards | Benefits(4) | Total |
|---------------------|-------------------------------------|-----------------|---------------|-------------|---------------|
| Edgar Bronfman, Jr. | \$ 1,000,000 | \$ 6,000,000(1) | | \$ 50,000 | \$ 7,050,000 |
| Steven Macri | \$ 1,200,000(2) | \$ 600,000(2) | | \$ 50,000 | \$ 1,850,000 |
| Lyor Cohen | \$ 6,000,000 | \$ 5,000,000(3) | | \$ 50,000 | \$ 11,050,000 |
| Michael D. Fleisher | \$ 1,925,000(2) | \$ 1,100,000(2) | | \$ 50,000 | \$ 3,075,000 |
| David H. Johnson | \$ 700,000 | \$ 1,600,000(3) | | \$ 50,000 | \$ 2,350,000 |

- (1) Represents Mr. Bronfman's target bonus of \$3.0 million plus one year of pro-rated target bonus for the year of termination (assuming a full year of employment in the year of termination).
- (2) Amount under salary (other than accrued amounts) represents the lump sum severance payable on termination. Amount under target bonus represents a full year of pro-rated target bonus for the year of termination (assuming a full year of employment in the year of termination).

Table of Contents

- (3) Represents two times the NEO's target bonus, representing the target bonus and a full year of pro-rated target bonus for the year of termination (assuming a full year of employment in the year of termination).
- (4) Health and welfare benefits and life insurance premiums will be continued at current rates. Amount to continue such benefits as part of our ongoing benefit plans are estimated to be approximately \$50,000 for each NEO for the twelve-month period they are eligible to continue to receive coverage.

If Mr. Cohen resigns for good reason solely due to an adverse change to his reporting lines such that he no longer reports to the CEO, then his severance amount would be limited to \$4.0 million plus a pro-rated target bonus for the year of termination and the amount in the Benefits column (a total of \$6,550,000, assuming a full year of employment in the year of termination) rather than the amount shown in the table.

Estimated Benefits upon Termination in connection with a Change in Control

Upon termination upon a change in control, each of our NEOs, with the exception of Mr. Cohen, is entitled to severance benefits equal to one year of his then-current base salary and target bonus plus a pro-rated annual bonus and continued participation in the group health and life insurance plans of the Company in which he currently participates for up to one year after termination. Mr. Cohen would be entitled to the above benefits with the exception that he would be entitled to severance benefits equal to two years of his then-current base salary. Other than with respect to the fiscal 2008 equity awards granted to Messrs. Bronfman and Cohen and the fiscal 2009 equity awards granted to Mr. Fleisher, if an NEO is terminated due to his death or by the Company due to his disability in each case on or after a change in control, all shares of unvested restricted stock (other than performance-based restricted stock awards) will vest and all options will vest and become exercisable. In addition, the NEOs would generally be entitled to vesting of their unvested restricted stock and options upon a termination without cause or resignation for good reason in connection with a change in control, other than with respect to performance-based restricted stock awards. The NEOs would, therefore, additionally recognize the market value of their shares that are not yet vested as set forth above under Outstanding Equity Awards at 2010 Fiscal-Year End. For the 2008 equity grants for Messrs. Bronfman and Cohen and Mr. Fleisher's fiscal 2009 equity grant, the summary below assumes that Messrs. Bronfman, Cohen and Fleisher receive no benefits related to their restricted stock grants as the related performance vesting stock price hurdles have not been met (and it is assumed that the per share consideration paid in connection with the change in control would not exceed such performance criteria thresholds) but the summary below assumes all criteria with respect to their option grants would be met and they would fully vest upon a change in control termination.

| | Salary (other than accrued amounts) | Target Bonus | Equity Awards(4) | Benefits(5) | Total |
|---------------------|-------------------------------------|-----------------|------------------|-------------|---------------|
| Edgar Bronfman, Jr. | \$ 1,000,000 | \$ 6,000,000(1) | | \$ 50,000 | \$ 7,050,000 |
| Steven Macri | \$ 1,200,000(2) | \$ 600,000(2) | | \$ 50,000 | \$ 1,850,000 |
| Lyor Cohen | \$ 6,000,000 | \$ 5,000,000(3) | | \$ 50,000 | \$ 11,050,000 |
| Michael D. Fleisher | \$ 1,925,000(2) | \$ 1,100,000(2) | \$ 622,800 | \$ 50,000 | \$ 3,697,800 |
| David H. Johnson | \$ 700,000 | \$ 1,600,000(3) | | \$ 50,000 | \$ 2,350,000 |

- (1) Represents Mr. Bronfman's target bonus of \$3.0 million plus one year of pro-rated target bonus for the year of termination (assuming a full year of employment in the year of termination).
- (2) Amount under salary (other than accrued amounts) represents the lump sum severance payable on termination. Amount under target bonus represents a full year of pro-rated target bonus for the year of termination (assuming a full year of employment in the year of termination).
- (3) Represents two times the NEO's target bonus, representing the target bonus and a full year of pro-rated target bonus for the year of termination (assuming a full year of employment in the year of termination).
- (4) Calculations of market value of equity awards reflect the closing price of our common stock on September 30, 2010 on the NYSE (\$4.50). The closing price of our common stock on January 4, 2011 was \$5.55 per share. Value reflects the vesting of stock options that would vest upon a termination in connection with a change in control, with the value of the options based on the spread between the relevant exercise price and the closing market price of \$4.50 on September 30, 2010. Based on the \$4.50 closing market price on September 30, 2010, Mr. Fleisher is the only NEO with unvested options that have an exercise price that would have resulted in a spread value upon accelerated vesting in connection with a change in control termination. The calculation also assumes that the Compensation Committee does not exercise its negative discretion with respect to the options representing Mr. Fleisher's Bonus Equity and, therefore, the options are permitted to vest upon termination in connection with a change in control.

(5) Health and welfare benefits and life insurance premiums will be continued at current rates. Amount to continue such benefits as part of our ongoing benefit plans are estimated to be approximately \$50,000 for each NEO for the twelve-month period they are eligible to continue to receive coverage. Upon the termination of Mr. Bronfman's employment for any reason other than for cause on or following an EMI change in control, the service condition with respect to Mr. Bronfman's 2008 equity grants will be deemed satisfied. Therefore, his options will become fully vested and exercisable and his restricted stock will vest subject to obtainment of the related performance conditions. An EMI change in control is any transaction that constitutes a change in control pursuant to which EMI Group Limited or its affiliates directly or indirectly acquires a controlling interest in the Company. As a result, following an EMI change in control, Mr. Bronfman could also realize the amounts set forth above under Equity Awards following a resignation without good reason.

Estimated Benefits upon Death or Disability

Death. In the employment agreements for Messrs. Bronfman, Cohen and Fleisher, we provide that we will also pay to the executive's estate an amount equal to one year of the executive's then-current base salary and a pro-rated annual bonus within 10 days of any termination as a result of death. For the other NEOs, other than accrued benefits, no other benefits are provided in connection with an NEO's death. Other than with respect to Messrs. Bronfman's and Cohen's fiscal 2008 equity grants and Mr. Fleisher's fiscal 2009 equity grant described under Summary of NEO Employment and Equity Agreements, none of our NEOs have any equity awards that would be accelerated upon such executive's death. All of our NEOs would also receive insurance payouts equal to 1.5x their base salary up to a benefit maximum of \$1.5 million.

Disability. In the employment agreements for Messrs. Bronfman, Cohen and Fleisher, we provide that we will also pay to the executive an amount equal to one year of his then-current base salary and a pro-rated annual bonus within 10 days of any termination as the result of disability. For the other NEOs, other than accrued benefits and short-term disability amounts, no benefits are provided in connection with an NEO's disability. Other than with respect to Messrs. Bronfman's and Cohen's fiscal 2008 equity grants and Mr. Fleisher's fiscal 2009 equity grant described under Summary of NEO Employment and Equity Agreements, none of our NEOs have any equity awards that would be accelerated upon such executive's disability. In the event an NEO becomes disabled during the term of employment, the NEO may participate in our health plans until age 65.

Stock Awards. The stock option and restricted stock agreements entered into in fiscal 2008 with Messrs. Bronfman and Cohen and in fiscal 2009 with Mr. Fleisher each provide for up to 12 months' additional vesting in the case of a termination of employment due to disability or death. For the 2008 equity grants for Messrs. Bronfman and Cohen and Mr. Fleisher's fiscal 2009 equity grant, the below summary assumes that the NEOs receive no benefits related to their restricted stock grants as the related performance vesting stock price hurdles have not been met but assumes one additional year of the service condition with respect to their option grants would be met and would vest upon death or disability and that the Compensation Committee does not exercise its negative discretion with respect to the options representing Mr. Fleisher's Bonus Equity and, therefore, the options are permitted to vest.

| | Salary (other than accrued amounts) | Bonus | Equity Awards(2) | Total |
|---------------------|--|-----------------|------------------|--------------|
| Edgar Bronfman, Jr. | \$ 1,000,000 | \$ 3,000,000(1) | | \$ 4,132,000 |
| Steven Macri | | | | |
| Lyor Cohen | \$ 3,000,000 | \$ 2,500,000(1) | | \$ 5,072,000 |
| Michael D. Fleisher | \$ 825,000 | \$ 1,100,000(1) | \$ 155,700 | \$ 2,080,700 |
| David H. Johnson | | | | |

(1) Represents a full year of the NEO's pro-rated target bonus for the year of termination.

(2) Calculations of market value of equity awards reflect the closing price of our common stock on September 30, 2010 on the NYSE (\$4.50). The closing price of our common stock on January 4, 2011 was \$5.55 per share. Value reflects one additional year of the

Table of Contents

service condition with respect to their option grants that would be met and resulting vesting upon death or disability, with the value of the options based on the spread between the relevant exercise price and closing market price of \$4.50 on September 30, 2010. Based on the \$4.50 closing market price on September 30, 2010, Mr. Fleisher is the only NEO with unvested options that have an exercise price that would have resulted in a spread value upon accelerated vesting due to death or disability. The calculation also assumes that the Compensation Committee does not exercise its negative discretion with respect to the options representing Mr. Fleisher's Bonus Equity and, therefore, the options are permitted to vest upon death or disability.

Relevant Provisions of Employment Agreements

Upon termination of employment for any reason, all NEOs are entitled to unpaid salary and vacation time accrued through the termination date.

Treatment of Equity Awards

Outstanding equity awards held by our NEOs as of September 30, 2010 are described above under the heading Outstanding Equity Awards at Fiscal Year-End and under Summary of NEO Employment and Equity Agreements above. The following describes the treatment of these outstanding equity awards in the event employment terminates:

If an NEO is terminated for cause, vested restricted shares purchased by our NEOs in 2004 are subject to a call option by us at the fair market value of the shares on the date of termination. Shares of unvested restricted stock granted to our NEOs will terminate effective upon the date of termination. Vested and unvested options will generally terminate effective upon the date of termination.

If Messrs. Bronfman, Cohen or Fleisher resign other than for good reason, outstanding vested stock options remain exercisable for 30 days (or if earlier, their expiration date). Unvested stock options are forfeited. Upon the termination of Mr. Bronfman's employment for any reason other than for cause on or following an EMI change in control, the service condition with respect to Mr. Bronfman's 2008 equity grants will be deemed satisfied. Therefore, his options will become fully vested and exercisable and his restricted stock will vest subject to obtainment of the related performance conditions. Other terms of equity awards are the same as those described above regarding a termination for cause.

If an NEO's employment is terminated without cause, or an NEO resigns for good reason, or an NEO's employment is terminated due to death or incapacity any outstanding unvested stock options will terminate upon the date of termination and all vested stock options will remain exercisable for 120 days (or if earlier, their expiration date). Upon the termination of Mr. Bronfman's employment for any reason other than for cause on or following an EMI change in control, the service condition with respect to Mr. Bronfman's 2008 equity grants will be deemed satisfied. Therefore, his options will become fully vested and exercisable and his restricted stock will vest subject to obtainment of the related performance conditions. Other terms of equity awards are the same as those described above regarding a termination for cause.

If an NEO retires, outstanding stock options that were vested and exercisable on the retirement date will remain exercisable until their expiration date. Other terms of equity awards are the same as those described above regarding a termination for cause.

Other than with respect to the fiscal 2008 equity awards granted to Messrs. Bronfman and Cohen and the fiscal 2009 equity awards granted to Mr. Fleisher, if an NEO is terminated due to his death or by the Company due to his disability in each case on or after a change in control (as defined in his respective equity agreement), all shares of unvested restricted stock (other than performance-based restricted stock awards) will vest and all options will vest and become exercisable. In addition, in the case of a termination by the Company without cause or a resignation by an NEO for good reason in connection with a change in control, all shares of unvested restricted stock (other than performance-based restricted stock awards) will vest and all options shall become vested and exercisable. In any of these circumstances, the Compensation Committee may exercise its negative discretion with respect to the restricted stock and options representing Mr. Fleisher's Bonus Equity and, therefore, determine that such restricted stock and options would not be permitted to vest.

Termination for Cause

Under the terms of their employment agreements, we generally would have cause to terminate the employment of each of our NEOs in any of the following circumstances: (1) substantial and continual refusal to perform his duties with the Company, (2) engaging in willful malfeasance that has a material adverse effect on the Company, (3) conviction of a felony or entered a plea of nolo contendere to a felony charge and (4) with respect to Messrs. Bronfman, Cohen and Fleisher, a determination by the Board that the executive's representations that there were no contracts prohibiting the executive from entering into his employment agreement with the Company were untrue when made.

We are required to notify our NEOs after any event that constitutes cause before terminating their employment, and in general they have no less than 20 days after receiving notice to cure the event.

Resignation for Good Reason or without Good Reason

Our employment agreements for our NEOs provide that the executive generally would have good reason to terminate employment in any of the following circumstances: (1) if we assign duties inconsistent with the executive's current positions, duties or responsibilities or if we change the parties to whom the executive reports, (2) if we remove the executive from, or fail to re-elect the executive to, the executive's position, (3) if, in the case of Mr. Bronfman, he is not re-elected to the Board of Directors, (4) if we reduce the executive's salary, target bonus or other compensation levels, (5) if we require the executive to be based anywhere other than the New York metropolitan area, (6) if we breach certain of our obligations under the employment agreement, (7) if the Company fails to cause any successor to expressly assume the executive's employment agreements, (8) for Messrs. Cohen, Fleisher and Macri, any change in reporting line such that they no longer report to the CEO or the senior-most executive of the Company, (9) with respect to Mr. Cohen, if any recorded music operations in the Americas or the U.K. of the Company or any of our respective directly or indirectly owned subsidiaries shall not be included within the Company's recorded music operations for which he is responsible or if there is any appointment of any Co-Chief Executive Officer of recorded music operations for which he is responsible (but the appointment of a President or Chief Operating Officer of the Company shall not constitute good reason so long as Mr. Cohen continues to report to the CEO) or (10) with respect to Mr. Fleisher, the appointment of any person other than Mr. Cohen or Mr. Fleisher as the Company's President, Chief Operating Officer or the equivalent.

Our NEOs generally are required to notify us within 60 days after becoming aware of the occurrence of any event that constitutes good reason, and in general we have 30 days to cure the event.

Each of Messrs. Bronfman, Cohen and Fleisher may terminate their employment with or without good reason, subject to the applicable post-employment covenants described below.

Restrictive Covenants

Our executive employment agreements contain several important restrictive covenants with which an executive must comply following termination of employment. For example, the entitlement of Messrs. Bronfman, Cohen, Fleisher and Macri to payment of any unpaid portion of the severance amount indicated in the table as owing following a termination without cause or resignation for good reason is conditioned on the executive's compliance with covenants not to solicit certain of our employees. This non-solicitation covenant continues in effect during a period that will end six months or one year following the executive's termination of employment, depending on the level of the employee.

Table of Contents

The employment agreements of our NEOs also contain covenants regarding non-disclosure of confidential information and, for Messrs. Bronfman, Cohen and Fleisher, recognition of the Company's ownership of works of authorship resulting from their services (both of unlimited duration) and, with respect to Mr. Bronfman, a one year post-employment non-competition covenant.

Compliance with Section 409A

Our NEOs are generally expected to be specified employees for purposes of Section 409A of the Code. As a result, without triggering adverse consequences, we are prohibited from making any payment of deferred compensation within the meaning of Section 409A to them within six months of termination of employment for any reason other than death, to the extent such payments are triggered based on the employee's separation from service. We have reviewed each of our employment agreements with our NEOs and made such changes as are necessary to delay the payment of any amounts subject to the six-month mandatory delay until we are permitted to make payment under Section 409A and any other changes appropriate to comply with Section 409A.

David Johnson Separation Agreement

Effective January 1, 2011, Mr. Johnson ceased serving as the CEO of Warner/Chappell Music and Cameron Strang was appointed CEO of Warner/Chappell. Mr. Johnson will continue to serve as Chairman of Warner/Chappell until June 30, 2011 (the end date of his employment agreement), at which point Mr. Johnson will be leaving the Company and Mr. Strang will assume the additional role of Chairman of Warner/Chappell. Mr. Strang's appointment as CEO of Warner/Chappell Music entitled Mr. Johnson to terminate his employment agreement for good reason. Therefore, in order to secure Mr. Johnson's services through the end date of his employment agreement, on January 1, 2011, Warner/Chappell entered into a separation agreement with Mr. Johnson. Set forth below is a summary of the material terms of that agreement.

The separation agreement provides Mr. Johnson with severance payments and benefits that are generally consistent with those he would have been entitled to for a good reason termination under his employment agreement due to his change in position (although a portion of his fiscal year 2011 bonus will be subject to discretionary determination by the Company). Subject to a release of claims against Warner/Chappell and its affiliates and his adherence to certain confidentiality and non-solicitation covenants, Mr. Johnson will be entitled to a cash payment in the form of salary continuation at the rate of \$700,000 per year (less required withholdings) from July 1, 2011 to January 14, 2014, reflecting a total gross payment of \$1,800,000 (which includes a bonus with respect to the period from October 1, 2010 to February 15, 2011 of the 2011 fiscal year in the amount of \$300,000, representing a time-prorated portion of Mr. Johnson's annual target bonus of \$800,000). Consistent with Mr. Johnson's entitlements under his employment agreement in the event of a termination for good reason, Mr. Johnson will also be eligible to receive a severance component attributable to his bonus for the period from February 16, 2011 to June 30, 2011, although this pro rata bonus will be determined in the Company's sole good faith discretion at the time when fiscal year 2011 bonuses are determined for other senior executives. Any such discretionary bonus with respect to the period from February 16, 2011 to June 30, 2011 will be paid in the form of additional salary continuation severance payments commencing on January 15, 2014 at the rate of \$700,000 per year (less required withholdings) until the discretionary bonus has been paid in full. Additionally, under the terms of Mr. Johnson's separation agreement, he will be eligible to receive (1) continued participation in the Company's group health plans until the earlier of the last day he is entitled to receive salary continuation severance payments as described above or the date he becomes eligible for another medical insurance plan, (2) continued participation in the Company's basic life insurance plan through the last day he is entitled to receive salary continuation payments as described above as if he were a full-time employee of the Company (the value of continued participation in the Company's health plans and basic life insurance plan is estimated to be approximately \$50,000 a year) and (3) payment for any accrued and unused vacation time through June 30, 2011.

Mr. Johnson will continue to be paid at his current salary through June 30, 2011.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

The Investor Group, through its beneficial ownership of our common stock, has voting control of the Company. Certain members of our Board of Directors are appointed by the Investor Group as described further under *Stockholders Agreement* below. We consider the Investor Group, in addition to our directors and executive officers and certain of their family members, to be related persons.

Oversight of Related Person Transactions

Policies and Procedures Dealing with the Review, Approval and Ratification of Related Person Transactions. The Company maintains written procedures for the review, approval and ratification of transactions with related persons. The procedures cover related party transactions between the Company and any of our executive officers and directors. More specifically, the procedures cover: (1) any transaction or arrangement in which the Company is a party and in which a related party has a direct or indirect personal or financial interest and (2) any transaction or arrangement using the services of a related party to provide legal, accounting, financial, consulting or other similar services to the Company.

The Company's policy generally groups transactions with related persons into two categories: (1) transactions requiring the approval of the Audit Committee and (2) certain ordinary course transactions below established financial thresholds that are deemed pre-approved by the Audit Committee. The Audit Committee is deemed to have pre-approved any transaction or series of related transactions between us and an entity for which a related person is an executive or employee that is entered into in the ordinary course of business and where the aggregate amount of all such transactions on an annual basis is less than 2% of the annual consolidated gross revenues of the other entity. Regardless of whether a transaction is deemed pre-approved, all transactions in any amount are required to be reported to the Audit Committee.

Subsequent to the adoption of the written procedures above, the Company has followed these procedures regarding all reportable related person transactions. Following is a discussion of related person transactions.

Stockholders Agreement

The Company has entered into a stockholders agreement with WMG Acquisition Corp., WMG Holdings Corp., the Investor Group and certain of our executive officers and directors. The agreement, as amended, provides that the Company's Board of Directors consist of up to 14 members, with up to five directors appointed by THL, up to three directors appointed by Bain Capital, up to one director appointed by Providence Equity, one director who will at all times be the Chief Executive Officer, currently Edgar Bronfman, Jr., and the other directors to be chosen unanimously by the vote of the Company's Board of Directors. The agreement regarding the appointment of directors will remain until the earlier of a change in control or the last date permitted by applicable law, including any NYSE requirements. In addition, within a year of the Company ceasing to be a controlled company under the NYSE rules, the size and composition of the Company's Board of Directors will be adjusted to comply with the NYSE requirements. Each Investor Group director designee(s) may only be removed by the Investor Group that appointed such designee(s). The stockholders agreement contemplates that the Board of Directors of the Company will have an executive committee, an audit committee and a compensation committee and, at its discretion, a governance committee.

The stockholders agreement prohibits the parties from transferring stock to any of our competitors without the approval of our entire Board of Directors and the approval of the largest member of the Investor Group (determined by each member of the Investor Group's relative investments in us) and one other member of the Investor Group (the *Requisite Stockholder Majority*). The agreement also provides that each party to the stockholders agreement whose sale of shares pursuant to Rule 144 under the Securities Act of 1933, as amended, would be subject to aggregation with another stockholder shall notify all such stockholders when it has commenced a measurement period for purposes of the group volume limit in connection with a sale of shares.

Table of Contents

under Rule 144 and what the volume limit for the measurement period, determined as of its commencement, will be. Each stockholder that is subject to such aggregation will have the right to sell shares that are subject to the group volume limit under Rule 144 pro rata during the applicable measurement period based on its percentage ownership of the shares that are held by all of the parties to the stockholders agreement at the start of the measurement period. These transfer restrictions will expire upon a change of control.

The Requisite Stockholder Majority has the right to require all other parties to the agreement to sell the same percentage of their stock to a buyer in a change of control transaction approved by a majority of the entire Board as is being sold to such buyer by the membership of the Requisite Stockholder Majority. A member of the Investor Group (or any affiliate thereof) that is also part of the Requisite Stockholder Majority exercising the foregoing right will not be able to be a buyer in such a change of control transaction unless the transaction is approved by each of the other groups.

The stockholders agreement provides that if one of the Company's stockholders that is party to the stockholders agreement offers to sell any of its stock to a prospective buyer in a private transaction, the other stockholders party to the stockholders agreement will have the right to sell their shares to that prospective buyer, subject to certain cutbacks, including a pro rata cutback in which the stockholder may only sell a pro rata portion of its shares.

The stockholders agreement gives any member of the Investor Group the right to require the Company to register (including by means of a shelf registration statement permitting sales of shares from time to time over an extended period) the stock held by such stockholders for sale to the public under the Securities Act of 1933, subject to certain limitations. In connection with each underwritten public offering, the Company's stockholders will be required to enter into a lockup agreement covering a period of no greater than 90 days (180 days for an initial public offering). The amended agreement also provides that if the Company registers shares of our common stock for sale to the public after our initial public offering, parties to the stockholders agreement will have the right to have their shares included in any such registration statement. Any registration is subject to a potential underwriters' cutback in the number of shares to be registered if the underwriters determine that marketing factors require a limitation on the number of shares to be underwritten.

Administration of Copyrights

Warner/Chappell Music, the Company's music publishing division, began administering certain copyrights of Mr. Bronfman, our Chairman or the Board and CEO, effective July 1, 2005 when the administration of such copyrights was transferred from Universal Music Publishing. The original term was five years. In fiscal 2010, we extended the term of our administration agreement with Mr. Bronfman to June 30, 2013 and continuing thereafter from year to year unless terminated by either party by notice at least 90 days prior to any June 30 commencing with June 30, 2013. The terms of the agreement were otherwise unchanged. The administration of such copyrights is on substantially the same terms as the prior agreement with Universal and the Company believes the fees in connection with such administration are representative of, or comparable to, such fees paid in similar transactions. The amount of any fees will vary year to year based on the use of such copyrights and associated royalties. Mr. Bronfman received royalty payments of \$79,499 during fiscal 2010 in connection with our administration of such copyrights.

Green Owl Records

East West Records LLC, a subsidiary of the Company, entered into a distribution and upstream deal with Green Owl Records on October 15, 2007. Benjamin Bronfman is the majority shareholder of Green Owl Records. He is one of four shareholders. Mr. Bronfman, our Chairman of the Board and CEO, is the father of Benjamin Bronfman. The term of the original agreement was two years and the Company had an option to extend for a further year. The agreement with Green Owl Records committed the Company to overhead payments of \$120,000 per year, \$50,000 per year of which would fund the recording of two artist albums. None of the

Table of Contents

overhead is to be received by Benjamin Bronfman. The Company believes the other terms of such agreement with Green Owl Records (e.g., the distribution fee and terms relating to artists upstreamed at the Company's option) are representative of, or comparable to, terms contained in similar transactions. During fiscal 2009, the Company exercised the extension option in the original agreement to extend the term of the deal through October 14, 2010 and allocated an additional \$150,000 of A&R funding to sign two specified acts. In October 2010, pursuant to the terms of the agreement, the third contract year rather than expiring October 14, 2010 was extended in order for Green Owl to fulfill release obligations (i.e., one album per artist), without further financial commitment from the Company. During fiscal 2010, the Company paid Green Owl Records \$247,100 pursuant to the agreement, of which \$70,000 was overhead payments and the balance was for artist advances and marketing funds paid to third parties. As of December 20, 2010, the Company extended the term for one further year, which includes \$70,000 in overhead, increased digital distribution fees and a marketing fund of up to \$120,000 to be utilized for unreleased product from previously signed artists.

la la media, inc.

In 2007, Warner Music Inc., a subsidiary of the Company, purchased a minority interest in la la media, inc. for \$20 million. The Company also received warrants issued as of October 29, 2007 that entitle us to purchase additional shares of la la for approximately \$4.0 million if 25 million compact discs are shipped into distribution by the Company or our affiliates with LALA.COM promotional placements no later than five years following the date of issuance of the warrants. Affiliates of Bain Capital owned approximately 20% of la la.

In December 2009, the Company sold its equity interest in la la and entered into an agreement to terminate a memorandum of terms relating to the formation of an international joint venture for total cash consideration of approximately \$9.0 million as part of a sale of la la to Apple Inc. The warrants had an exercise price that was in excess of the total merger consideration paid in respect of the shares for which it could be exercised and, therefore, expired at the time of the closing of the sale of la la to Apple Inc. Subsequent to the sale of la la to Apple, this transaction ceased to be a related party transaction. The Company also had content agreements with la la media, which the Company believes were on fair market terms. The Company received approximately \$544,000 of fees from la la in fiscal 2010 related to these content agreements. The la la website was shut down following la la's acquisition by Apple Inc.

Lev Group Ltd.

As of November 7, 2006, WEA International Inc., a subsidiary of the Company, entered into an exclusive three-year license agreement with Lev Group Ltd. for the distribution of Warner Music Group recorded music repertoire in Israel in digital and physical formats. The term of the agreement was from January 1, 2007 to December 31, 2009. Annual advances payable by Lev Group Ltd. to WEA International Inc. were \$800,000 in year one, \$900,000 in year two and \$1.1 million in year three. These advances were recoupable from royalties accruing on the sales of our repertoire in Israel. The sister of Mr. Bronfman, our Chairman of the Board and CEO, owned 100% of Lev Group Ltd. In fiscal 2010, in connection with the renegotiation of the Company's agreement with Lev Group Ltd., Lev Group was restructured and is no longer owned by the sister of Mr. Bronfman and, as a result, this is no longer a related party transaction. We earned scheduled advance payments in fiscal 2010 of approximately \$1.0 million.

TDC

On March 31, 2008, Warner Music Denmark A/S, a subsidiary of the Company, entered into a two-year subscription licensing agreement with TDC A/S for content resale through TDC's online and mobile services in Denmark, including a bundled tethered download service known as UMAP. TDC is a leading provider of telecommunications services in Denmark. The original term of the agreement was from April 1, 2008 (being the launch date for the UMAP service) to March 31, 2010. The agreement provided for the Company to receive a pro rata share of fees in each year of the agreement based on the consumption of the Company's content, subject to an annual guaranteed minimum payment to the Company, half of which was payable on launch of such service. Additional fees are payable in respect of TDC's portable service and standard subscription download service. In

Table of Contents

fiscal 2010, the Company renewed the subscription licensing agreement with TDC, permitting TDC to continue offering the Company's content as part of TDC's Play-branded music service in Denmark, on similar terms to the original agreement, which the Company believes are representative of, or comparable to, terms in similar transactions. Providence Equity indirectly owns greater than 5% of TDC and is represented on the Board of Directors of TDC's parent company. The Company received approximately \$1.9 million of fees from TDC in fiscal 2010 related to this license.

Thumbplay

In 2008, Warner Music Inc., a subsidiary of the Company, entered into an off-deck (off-deck refers primarily to services delivered online, which are independent of a carrier's own product and service offerings) ringtone aggregator agreement with Thumbplay, Inc. The term of the agreement was through November 30, 2009. The Company receives fees for the sales of ringtones and referral fees that the Company believes are representative of, or comparable to, terms contained in similar transactions. In 2009, the Company extended the existing ringtone agreement for 6 months (with monthly rollover terms thereafter, terminable by either party on 30 days' notice) and provided for the payment of certain minimum guarantees to WMG during the extended term and also entered into a mobile audio streaming subscription services and full-track (mp3) download agreements with Thumbplay. The mobile streaming agreement had an initial term ending on December 31, 2010, with automatic rolling one-month renewal terms thereafter, and the download agreement had a one-year initial term with automatic rolling one-month renewal terms (both unless terminated on 30 days' notice prior to end of then-applicable term). The Company believes these agreements are on fair market terms. Affiliates of Bain Capital own approximately 10% of Thumbplay. The Company earned approximately \$1.9 million of fees from Thumbplay in fiscal 2010 related to these agreements. On December 27, 2010, Thumbplay terminated both the ringtone aggregator and the full-track (mp3) download agreements, effective February 1, 2011. The mobile streaming agreement is currently in rolling one-month renewal terms.

STOCKHOLDERS PROPOSALS

Any such proposal must meet the requirements set forth in the rules and regulations of the SEC, including Rule 14a-8, in order for such proposal to be eligible for inclusion in our fiscal 2011 proxy statement.

In addition, the Company's by-laws establish an advance notice procedure with regard to certain matters, including nominations of persons for election as directors or stockholder proposals, to be brought before an annual meeting of stockholders. If a stockholder who has notified the Company of his intention to present a proposal at an annual meeting does not appear or send a qualified representative to present his proposal at such meeting, the Company need not present the proposal for a vote at such meeting.

In order to curtail any controversy as to the date on which a proposal was received by the Company, it is suggested that proponents submit their proposal by certified mail, return receipt requested or other means, including electronic means, that permit them to prove date of delivery.
