PROXY STATEMENT

FOR

2011 ANNUAL MEETING OF STOCKHOLDERS

June 6, 2010

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The Board of Directors of the Company is furnishing this Proxy Statement to you in connection with the solicitation of proxies for use at our 2011 Annual Meeting of Stockholders to be held on June 6, 2010, at 10:00 a.m., local time, at the offices of Greenberg Traurig LLP, One International Place, Boston, Massachusetts 02110, or any adjournment(s) or postponement(s) thereof, for the purposes set forth in this Proxy Statement and in the accompanying notice of our 2011 Annual Meeting of Stockholders.

Important Notice Regarding Internet Availability of Proxy Materials and Annual Report

Pursuant to the rules of the SEC, the Company is providing access to our proxy materials, including this Proxy Statement, together with a notice of the meeting and our Annual Report, over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the Notice) to our stockholders of record and beneficial owners. All stockholders will have the ability to access the proxy materials on a website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found on the Notice. In addition, stockholders may request to receive the proxy materials in printed form by mail or electronically by email on an ongoing basis.

The Notice will provide stockholders with instructions regarding how to:

View the proxy materials for the Annual Meeting over the Internet; and

Instruct the Company to send future proxy materials to stockholders electronically by email.

Choosing to receive the future proxy materials by email will save the Company the cost of printing and mailing documents to our stockholders and will reduce the impact of the Company's annual stockholders' meetings on the environment. If a stockholder chooses to receive future proxy materials by email, the stockholder will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Any stockholder's election to receive the proxy materials by email will remain in effect until such stockholder terminates the request.

We will begin mailing the Notice of Internet Availability of Proxy Materials on or before April [], 2011 to all our stockholders entitled to Notice of and to vote at the Annual Meeting. Our proxy materials, including this Proxy Statement, will also be available on or before April [], 2011 on the website referred to in the Notice of Internet Availability of Proxy Materials.

Record Date

Our Board of Directors has fixed the close of business on April 18, 2011 as the record date (the Record Date) for the determination of our stockholders entitled to notice of, and to vote at, the Annual Meeting and any adjournment(s) or postponement(s) thereof.

Shares Outstanding

As of April 18, 2011, we had issued and outstanding [48,075,789] shares of Common Stock, par value \$0.001 per share. In the U.S., our Common Stock is listed on the NASDAQ Global Market (symbol: INVE) and in Germany on the Frankfurt Stock Exchange (symbol: INV).

Table of Contents

Quorum

The required quorum for the transaction of business at the Annual Meeting is one-third (1/3) of the shares of our Common Stock issued and outstanding as of the Record Date. Shares voted FOR, AGAINST or WITHHELD from a matter voted upon by the stockholders at the Annual Meeting will be treated as being present at the Annual Meeting for purposes of establishing a quorum for the transaction of business, and will also be treated as shares represented and voting at the Annual Meeting with respect to any such matter.

Voting Rights and Vote Required

Each stockholder of record on the record date will be entitled to one vote per share of Common Stock held on the Record Date on all matters submitted for consideration of, and to be voted upon by, the stockholders at the Annual Meeting.

Assuming that a quorum is present, the affirmative vote of a plurality of the votes cast is required for the election of the nominees for director. The affirmative vote of a majority of the outstanding shares of Common Stock is required to approve the amendment to our Certificate of Incorporation to increase the number of authorized shares of Common Stock. The affirmative vote of a majority of the votes cast is required to approve the adoption of our 2011 Incentive Compensation Plan, to approve our 2011 Employee Stock Purchase Plan, and to ratify the appointment of Deloitte & Touche GmbH, an independent registered public accounting firm, as our independent auditor for the fiscal year ending December 31, 2011.

All votes will be tabulated by the inspector of elections appointed for the Annual Meeting. The inspector of elections will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Voting Procedures

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company LLC, you are considered the stockholder of record with respect to those shares. As the stockholder of record, you have the right to vote in person at the meeting. If you choose to do so, you can bring your proxy card or vote using the ballot provided at the meeting. However, even if you plan to attend the Annual Meeting, we recommend that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the Annual Meeting.

If you hold your shares in street name through a stockbroker, bank or other nominee rather than directly in your own name, you are considered the beneficial owner of shares held in street name. Because a beneficial owner is not a stockholder of record, you may not vote these shares in person at the meeting unless you obtain a legal proxy from the broker, bank or nominee that holds your shares, giving you the right to vote those shares at the meeting. If you wish to attend the Annual Meeting and vote in person, you will need to contact your broker, bank or nominee to obtain a legal proxy.

If any stockholder is unable to attend the Annual Meeting, the stockholder may vote by proxy as follows:

Internet. A stockholder can submit a proxy over the Internet by following the instructions provided in the Notice or on the separate proxy card.

Telephone. A stockholder can submit a proxy over the telephone by following the instructions provided on the separate proxy card if the stockholder received a printed set of the proxy materials.

Mail. A stockholder that received a printed set of the proxy materials can submit a proxy by mail by completing, signing and returning the separate proxy card in the prepaid and addressed envelope included with the proxy materials .

Table of Contents

You are urged to specify your choices on the proxy submitted by Internet, telephone or mail. If you are a stockholder of record and you submit a proxy, whether in person, by mail, by telephone or over the Internet, but do not specify how you want to vote on a proposal, in the absence of contrary instructions, the shares of Common Stock represented by such proxy will be voted FOR all proposals, and will be voted in the proxy holders discretion as to other matters that may properly come before the Annual Meeting. If you hold your shares through a broker, bank or other nominee and you do not provide instructions on how to vote, your broker or other nominee may have authority to vote your shares on your behalf on matters to be considered at the meeting.

Abstentions; Broker Non-Votes

Brokers, banks, or other nominees that hold shares of common stock in street name for a beneficial owner of those shares typically have the authority to vote in their discretion if permitted by the stock exchange or other organization of which they are members. Brokers, banks, and other nominees are permitted to vote the beneficial owner's proxy in their own discretion as to certain routine proposals when they have not received instructions from the beneficial owner, such as the ratification of the appointment of Deloitte & Touche GmbH as the independent auditor of our company for the fiscal year ending December 31, 2011. If a broker, bank, or other nominee votes such uninstructed shares for or against a routine proposal, those shares will be counted towards determining whether or not a quorum is present and are considered entitled to vote on the routine proposals. However, where a proposal is non-routine, a broker, bank, or other nominee is not permitted to exercise its voting discretion on that proposal without specific instructions from the beneficial owner. These non-voted shares are referred to as broker non-votes when the nominee has voted on other non-routine matters with authorization or voted on routine matters. These shares will be counted towards determining whether or not a quorum is present, but will not be considered entitled to vote on the non-routine proposals.

Please note that this year the rules regarding how brokers, banks, or other nominees may vote your shares have changed. As a result, brokers, banks and other nominees may no longer use discretionary authority to vote shares on the election of directors, the proposed amendment to our Certificate of Incorporation, the proposal to approve our 2011 Incentive Compensation Plan, or the proposal to approve our 2011 Employee Stock Purchase Plan if they have not received specific voting instructions from their clients. For your vote to be counted on these proposals, you now will need to communicate your voting decisions to your broker, bank, or other nominee before the date of the meeting.

As provided in our bylaws, a majority of the votes cast means that the number of votes cast for a proposal exceeds the number of votes cast against that proposal. Because abstentions and broker non-votes do not represent votes cast for or against a proposal, broker non-votes and abstentions will have no effect on the proposal to elect directors, the proposal to approve our 2011 Incentive Compensation Plan, the proposal to approve our 2011 Employee Stock Purchase Plan, or the proposal to ratify Deloitte & Touche GmbH as the Company's independent auditor, as each such proposal is determined by reference to the votes actually cast by the shares present or represented by proxy and entitled to vote. For the proposal to approve an amendment to our Certificate of Incorporation, where the vote required is a majority of the outstanding shares of Common Stock, abstentions and broker non-votes are equivalent to a vote cast against the proposal.

Solicitation of Proxies

The cost of soliciting proxies will be borne by us. We may reimburse brokerage firms, banks and other persons representing the beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, telegram, facsimile or personal solicitation by our directors, officers or regular employees without additional compensation.

Revocability of Proxies

Your proxy is revocable at any time before it is voted at the Annual Meeting either by delivering to us a written notice of revocation or a duly executed proxy bearing a later date, or by attending the Annual Meeting

Table of Contents

and voting in person. If you have executed and returned a proxy and are present in person at the Annual Meeting and wish to vote at the Annual Meeting, you may elect to do so by notifying the Inspector of Elections, thereby suspending the power of the proxy holders to vote the proxy previously delivered by you. Attendance at the Annual Meeting, however, will not by itself revoke a proxy previously delivered to us.

Our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, which was made available to stockholders with or preceding this Proxy Statement, contains financial and other information about our company, but is not incorporated into this Proxy Statement and is not to be considered a part of these proxy soliciting materials or subject to Regulations 14A or 14C or to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, or Exchange Act.

To our knowledge, there are no family relationships between any of our directors and any other of our directors or executive officers.

Director Independence

Our Board of Directors has reviewed the independence of each of our directors and each director nominee and considered whether any director or nominee has had a material relationship with the Company or our management that could compromise his ability to exercise independent judgment in carrying out his duties and responsibilities. As a result of this review, our Board of Directors affirmatively determined that each non-employee director nominee and all of our non-employee directors who served in 2010 are independent under the corporate governance standards of the Marketplace Rules of the NASDAQ Stock Market and Rule 10A-3 of the Exchange Act.

In connection with the determination of independence of Daniel S. Wenzel, the Board of Directors considered Mr. Wenzel's relationship with the Company's largest stockholder, Mountain Partners AG, of which Mr. Wenzel is a co-founder and partner. The Board of Directors determined that such relationship would not compromise Mr. Wenzel's ability to exercise independent judgment in carrying out his duties and responsibilities. In agreeing to serve as a member of our Board of Directors, Mr. Wenzel must act independently of Mountain Partners AG in discharging his fiduciary duties to stockholders of the Company and also is obligated not to disclose to Mountain Partners AG or use for his own benefit any confidential information that he may obtain during his service on the Board of Directors. Mr. Wenzel disclaims shared voting or dispositive power over any securities held by Mountain Partners AG.

In connection with the determination of independence of Dr. Hans Liebler, the Board of Directors considered Dr. Liebler's relationship with one of the Company's largest stockholders, Lincoln Vale European Partners, of which Dr. Liebler is a founder and member of the investment committee. The Board of Directors determined that such relationship would not compromise Dr. Liebler's ability to exercise independent judgment in carrying out his duties and responsibilities. In agreeing to serve as a member of our Board of Directors, Dr. Liebler must act independently of Lincoln Vale European Partners in discharging his fiduciary duties to stockholders of the Company and also is obligated not to disclose to Lincoln Vale European Partners or use for his own benefit any confidential information that he may obtain during his service on the Board of Directors. Dr. Liebler disclaims shared voting or dispositive power over any securities held by Lincoln Vale.

BOARD MEETINGS AND COMMITTEES

Board Leadership Structure

In accordance with the Company's Bylaws, the Board of Directors elects all officers of the Company, including our Chief Executive Officer and our Chairman, and each of these positions may be held by the same person or may be held by two persons. Currently, Ayman S. Ashour serves as the Company's Chairman and Chief Executive Officer of the Company. The Board of Directors believes that combining the Chairman and Chief Executive Officer roles fosters clear accountability, effective decision-making, and alignment on corporate strategy and provides an effective leadership model for the Company. In May 2010, the Board of Directors determined that a Lead Independent Director should be elected when the roles of the Chairman of the Board and the Chief Executive Officer are filled by the same person. The Lead Independent Director shall be an independent director as defined by applicable NASDAQ rules and the Company's Corporate Governance Guidelines. The Lead Independent Director shall be elected annually by the independent directors and is responsible for coordinating the activities of the independent directors. In addition, the Lead Independent Director will advise the Chairman of the Board as to the information provided by Company management to the independent directors, manage executive sessions of the Board's independent directors, and act as principal liaison between the independent directors and the Chairman of the Board. Steven Humphreys currently serves as Lead Independent Director of the Board of Directors. The Board of Directors believes that the current structure of the Board of Directors is appropriate to effectively manage the affairs of the Company.

The Board of Directors Role in Risk Oversight

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity and operations, as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nominating Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks.

Board Meeting Attendance

Our Board of Directors held six meetings in 2010, of which five were telephonic meetings and one was a physical meeting. During 2010, we had three standing committees: an Audit Committee, a Compensation Committee and a Nominating Committee. Each committee has a written charter which is available on the Corporate Governance page within the Investor Relations section of our website at www.identive-group.com. The Board of Directors may choose to amend its committee charters from time to time. All members of our Board committees are appointed by the Board of Directors and are non-employee directors. From time to time the Board of Directors may choose to create additional committees. Each of our current directors attended at least 75% of the meetings of the Board of Directors and applicable committee meetings during 2010.

Table of Contents

During each physical Board of Directors meeting and additionally as needed, our independent directors meet in executive session without Company management present to address any issues they determine to be appropriate. The Lead Director presides at such executive sessions.

and Wenzel, with Mr. Wenzel serving as the committee's Chairman. The Nominating Committee held one telephonic meeting and one physical meeting during fiscal 2010.

POLICY FOR DIRECTOR RECOMMENDATIONS AND NOMINATIONS

The primary role of the Nominating Committee is to develop and recommend to the Board of Directors criteria for identifying and evaluating director candidates and to establish a procedure for consideration of director candidates recommended by our stockholders. The Nominating Committee periodically assesses the appropriate size of the Board of Directors and whether any vacancies are expected due to retirement or otherwise. In the event that vacancies are anticipated, the Nominating Committee seeks to identify and evaluate potential candidates at meetings of the Nominating Committee, which can take place at any point during the year.

Candidates may come to the attention of the Board of Directors through current Board members, professional search firms, stockholders or other parties. All candidates are evaluated based on a review of the individual's qualifications, skills, independence and expertise. The Nominating Committee will consider candidates submitted by stockholders as nominees for election as directors of the Company. Stockholders wishing to have the Nominating Committee consider a candidate should submit the name(s) and supporting information to Corporate Secretary, c/o Identive Group, Inc., at 1900 Carnegie Avenue, Building B, Santa Ana, California 92705 or at Oskar-Messter-Strasse 13, 85737 Ismaning, Germany, and should include the following information: (a) the name(s) and address(es) of the stockholder(s) making the recommendation and of the persons to be nominated; (b) a representation that the stockholder is a record holder of stock of the Company entitled to vote for the election of Directors on the date of such notice and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would be required to be included in the Proxy Statement filed pursuant to the proxy rules of the SEC, had the nominee been nominated, or intended to be nominated, by the Board of Directors; (e) the consent of each nominee to serve as a director of the Company if so elected; and (f) appropriate biographical information and a statement as to the qualifications of the candidate. Written notice of a nomination must be received by us within the timeframe described under "Stockholder Proposals for 2012 Annual Meeting of Stockholders" above.

As part of its selection process, the Nominating Committee may consider recommendations of director candidates with diverse backgrounds and experience who are expected to enhance the quality of the Board of Directors, serve stockholders' long-term interests and contribute to our overall corporate goals. Pursuant to our Corporate Governance Guidelines, we endeavor to have a Board of Directors representing diverse experience at policy-making levels in various areas that are relevant to our global activities. While the Nominating Committee has not established specific minimum criteria for candidates, the philosophy of the committee is that directors should possess the highest personal and professional ethics, integrity and values, informed judgment, and sound business experience and be committed to representing the long-term interests of our stockholders. Candidates must also have an inquisitive and objective perspective, the ability to make independent analytical inquiries, practical wisdom and mature judgment. In evaluating candidates, the Nominating Committee may consider a candidate's work experience related to our business, general professional experience and overall expected contributions to the Board of Directors in relation to other directors already serving on the Board of Directors. When evaluating existing directors for nomination for re-election, the Nominating Committee may also consider the directors' past Board of Directors and committee meeting attendance and participation.

The Nominating Committee evaluates stockholder-recommended candidates using the same process and the same criteria it uses to evaluate candidates from other sources.

Table of Contents

The Nominating Committee has the authority to retain outside counsel, experts, and other advisors as it determines appropriate to assist it in the full performance of its functions, including sole authority to retain and terminate any search firm used to identify director candidates, and to approve the search firm's fees and other retention terms.

CORPORATE GOVERNANCE

The Company and our Board of Directors regularly review and evaluate the Company's corporate governance practices. The Company's corporate governance documents are posted on the investor relations page of our website at www.identive-group.com.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines that include, without limitation, guidelines relating to board composition, director qualifications and selection process, director independence, board committees and auditor independence. The Corporate Governance Guidelines are available on the Corporate Governance page within the Investor Relations section of our website at www.identive-group.com. The Nominating Committee and the Board of Directors review the Corporate Governance Guidelines annually and the Board of Directors may amend the Corporate Governance Guidelines at any time.

Code of Conduct and Ethics

The Board of Directors has adopted a Code of Conduct and Ethics for all of our employees, including our Chief Executive Officer, Chief Financial Officer and any other principal accounting officer, and for the members of our Board of Directors. Our Code of Conduct and Ethics is posted on the Corporate Governance page within the Investor Relations section of our website, at www.identive-group.com. The Board of Directors may amend the Code of Conduct and Ethics at any time and has the sole authority to approve any waiver of the Code of Conduct and Ethics relating to the activities of any of our senior financial officers, other executive officers and directors.

COMPENSATION OF DIRECTORS

During 2010, each non-employee member of our Board of Directors was eligible to receive compensation consisting of cash and options awards, which are further described below. To support the cost reduction efforts of the Company, in February 2010, Mr. Wenzel elected not to accept any compensation for his service on the Board of Directors during 2010. Additionally, Mr. Humphreys and Dr. Liebler elected not to accept any compensation for their service on the Board of Directors for the period April 1, 2010 to December 31, 2010. Messrs. Boersch and Morgan resigned from the Board in February 2010, and prior to his resignation Dr. Boersch also elected not to receive any cash compensation for his service on the Board in 2010. Because of his significant responsibilities as chairman of the Audit and Compensation Committees, the Board determined that Mr. Turner should continue to receive cash and equity compensation for his services during 2010.

Annual Cash Compensation

During 2010, each non-employee member of our Board of Directors was eligible to receive the following cash compensation:

an annual retainer of \$20,000 for each member of the Board of Directors;

an additional annual retainer of \$5,000 for service on the Audit Committee of the Board of Directors, except for the committee Chairman, who is eligible to receive an annual retainer of \$10,000;

Table of Contents

an additional annual retainer of \$2,000 for service on the Compensation or Nominating Committees of the Board of Directors, except for the Chairman of such committees, who are each eligible to receive an annual retainer of \$4,000; and

meeting fees of \$1,000 for physical attendance at each Board of Directors meeting and \$500 for attendance at telephonic board meetings lasting more than 60 minutes.

During 2010, the Company's non-employee directors were paid in the currency of the country of their residence, using a fixed exchange rate of 0.93 per U.S. dollar for our European-based directors and £0.63 per U.S. dollar for our UK-based director. Additionally, Identive reimburses its non-employee directors for all reasonable out-of-pocket expenses incurred in the performance of their duties as directors, which in practice primarily consist of travel expenses associated with Board of Directors or committee meetings or with committee assignments. As indicated above, Messrs. Boersch and Wenzel did not receive any cash compensation for their service during 2010 and Messrs. Humphreys, Liebler and Morgan received cash payments only for the first quarter of 2010.

Equity Compensation

During 2010, each of Identive's non-employee directors was eligible to receive option awards under the terms of the Company's 2007 Stock Option Plan. Under this plan, new members of the Board of Directors receive an initial option grant to purchase 10,000 shares of Common Stock, or such other number of shares as determined by the Board of Directors in its sole discretion. Continuing members of the Board of Directors who have served for at least six months receive an annual option grant to purchase 5,000 shares of Common Stock, awarded on the date of our Annual Meeting of stockholders. Both of these option grants vest 1/12th per month over the one-year period following the date of grant.

Upon their respective appointments to the Board on January 4, 2010, Messrs. Boersch, Morgan and Wenzel each received an initial option grant to purchase 10,000 shares of Common Stock at an exercise price of \$2.26 per share, which was the NASDAQ closing price on that day. The options awarded to Dr. Boersch and Mr. Morgan subsequently were cancelled following their resignations from the Board in February 2010.

As indicated above, during 2010, each of our eligible non-employee directors except Mr. Turner elected not to receive an annual option grant in order to support the Company's efforts to reduce costs. Because of his responsibilities on all three committees of the Board as detailed above, the Board determined that Mr. Turner should continue to receive equity compensation in the form of stock option grants for his service in 2010. Mr. Turner received an option grant to purchase 5,000 shares of Common Stock on June 16, 2010, the date of the Company's 2010 Annual Meeting of Stockholders, at an exercise price of \$1.67 per share, which was the NASDAQ closing price on that day.

Director Compensation for 2011

In February 2011, the Compensation Committee of the Board of Directors recommended, and the Board approved, changes to the annual compensation of non-executive directors, with effect from January 1, 2011. In making its recommendation, the Compensation Committee considered that the existing level of service fees for non-executive directors was inadequate given the increased requirement on directors' time resulting from the Company's continuing growth and complexity. The Compensation Committee also considered the Company's ability to attract qualified directors to the Board consistent with the growth in its market capitalization, public reporting obligations and industry sector. Based on these factors, the Board has approved the following compensation for non-executive directors in 2011:

Each non-executive director is eligible to receive an annual fee of \$25,000 payable quarterly in cash; however, a director may elect to take, in lieu of cash, restricted stock units or stock in an amount not to exceed \$30,000 annually;

Table of Contents

Directors serving on the Audit Committee of the Board of Directors are eligible to receive an additional annual retainer of \$5,000, except for the committee Chairman, who is eligible to receive an annual retainer of \$10,000;

Directors serving on the Compensation or Nominating Committees of the Board of Directors are eligible to receive an additional annual retainer of \$2,000, except for the Chairman of each such committee, who is eligible to receive an annual retainer of \$4,000; and

Each non-executive director is eligible to receive an annual option grant to purchase 20,000 shares of the Company's Common Stock, which vest 1/12th per month over the one-year period following the date of grant. Directors would not be entitled to sell any shares received as compensation during their service on the Board except in exceptional circumstances and subject to the prior approval of the Compensation Committee.

The provision permitting non-executive directors to elect to receive restricted stock units or shares of stock in lieu of annual fees is subject to the approval by our stockholders of our 2011 Incentive Compensation Plan, which is included within this Proxy Statement as Proposal 3.

Director Compensation for Fiscal 2010

The following Director Compensation Table sets forth summary information concerning the compensation paid to our current and former non-employee directors for their services to the Company in fiscal 2010:

Name	Fees Earned or Paid in Cash	Option Awards (1)	Total (\$)
Dr. Cornelius Boersch (2)			
Steven Humphreys (3)	\$ 7,750		\$ 7,750
Dr. Hans Liebler (4)	\$ 7,000		\$ 7,000
Douglas Morgan (5)	\$ 7,000		\$ 7,000
Simon Turner (6)	\$ 41,500	\$ 5,142	\$ 46,642
Daniel Wenzel (7)		\$ 13,969	\$ 13,969

- The amounts in this column represent the aggregate grant date fair value of awards calculated in accordance with financial accounting standards with respect to the fiscal year in accordance with ASC Topic 718, *Compensation-Stock Compensation*. The assumptions used in determining grant date fair value of these awards are set forth in Note 4 to our Consolidated Financial Statements appearing in our Annual Report on 10-K filed with the SEC for the period ended December 31, 2010.
- Dr. Boersch received an initial stock option grant to purchase 10,000 shares of the Company's stock in January 2010 upon joining the Board of Directors, which had a grant date fair value of \$13,969. The option grant was subsequently cancelled upon Dr. Boersch's resignation from the Board on February 27, 2010. Additionally, Dr. Boersch waived his cash compensation and did not serve on any committees of the Board during the period in which he served as a director.
- Reflects receipt of cash fees for the first quarter of 2010 only, as thereafter Mr. Humphreys elected to forego both cash and equity compensation for the remainder of 2010 to support the Company's cost reduction efforts. For the first quarter of 2010, Mr. Humphreys received \$5,000 for his service as a director, \$1,250 for his service on the Audit Committee, \$500 for his service on the Compensation Committee and \$1,000 for his attendance at Board meetings. At December 31, 2010, Mr. Humphreys held options to purchase 46,604 shares of Common Stock, all of which were exercisable.
- Reflects receipt of cash fees for the first quarter of 2010 only, as thereafter Dr. Liebler elected to forego both cash and equity compensation for the remainder of 2010 to support the Company's cost reduction efforts. For the first quarter of 2010, Dr. Liebler received \$5,000 for his service as a director, \$1,000 for his service as Chairman of the Compensation Committee and \$1,000 for his attendance at

Board meetings. At

Table of Contents

December 31, 2010, Dr. Liebler held options to purchase 15,000 shares of Common Stock, all of which were exercisable.

- 5) Reflects the receipt of cash fees for the first quarter of 2010 only, as Mr. Morgan resigned from the Board on February 27, 2010. Additionally, Mr. Morgan received an initial stock option grant to purchase 10,000 shares of the Company's stock in January 2010 upon joining the Board of Directors, which had a grant date fair value of \$13,969. The option grant was subsequently cancelled upon Mr. Morgan's resignation from the Board. Prior to his resignation, Mr. Morgan served on the Compensation and Audit Committees of the Board.
- 6) Reflects an agreement between Mr. Turner and the Board of Directors, under which he would receive an option grant to purchase 5,000 shares of the Company's stock and \$41,500 in cash payments, which was approximately the amount of fees he received the previous year, for his service on the Board during 2010 rather than foregoing such compensation. It was determined that such payments were appropriate based on Mr. Turner's previous service to the Board, his continuing involvement on all three committees of the Board and in particular his continuing leadership of the Audit Committee and his leadership of the Compensation Committee. At December 31, 2010, Mr. Turner held options to purchase 50,000 shares of Common Stock, of which 47,500 were exercisable.
- 7) Reflects the initial option grant Mr. Wenzel received upon joining the Board in January 2010. Mr. Wenzel elected to forego cash compensation for his service on the Board and various committees during 2010 to support the Company's cost reduction efforts. At December 31, 2010, Mr. Wenzel held options to purchase 10,000 shares of Common Stock, of which 9,166 were exercisable.

PROPOSAL NO. 2

APPROVAL OF AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

We are asking you to approve an amendment to the Company's Fourth Amended and Restated Certificate of Incorporation, as amended (the Certificate of Incorporation) to increase the number of authorized shares of Common Stock. The proposed amendment was adopted and approved by our Board of Directors on April 7, 2011, subject to stockholder approval. The proposed amendment to our Certificate of Incorporation would increase the number of authorized shares of Common Stock by 20,000,000 shares, to 130,000,000 shares. The number of shares of Preferred Stock authorized for issuance under our Certification of Incorporation would remain unchanged at 10,000,000 shares. The text of the proposed amendment is set forth on [Annex A](#) to this Proxy Statement.

The Certificate of Incorporation currently authorizes up to 110,000,000 shares of Common Stock for issuance, of which 48,075,789 are issued and outstanding and 618,400 are held as treasury shares. In addition, an aggregate of 21,325,629 shares have been reserved for issuance as follows: (i) 6,946,756 shares issuable under outstanding awards or available for future issuance under our existing equity incentive plans, (ii) 8,998,433 shares issuable upon exercise of outstanding warrants, (iii) 4,115,691 shares issuable under agreements and option plans assumed in the acquisition of Bluehill ID, and (iv) 1,264,749 shares to be issued to remaining Bluehill ID stockholders. Therefore, only 40,598,582 shares remain available for future issuances. Further, if stockholders approve our 2011 Incentive Compensation Plan and 2011 Employee Stock Purchase Plan, which appear in this Proxy Statement as Proposals No. 3 and No. 4, an additional 4,000,000 and 2,000,000 shares, respectively, will be reserved for issuance under those plans. If such plans are approved, only 34,598,582 shares would remain available for future issuances.

We expect to use our authorized and unissued Common Stock to permit our Board of Directors to issue shares of Common Stock to raise capital, for strategic investment purposes, as payment consideration for merger and acquisition activities, to grant incentive equity awards to our employees, officers and directors and for other general corporate purposes. The Company has adopted a strategy for growth that includes the evaluation and pursuit of strategic opportunities, financings, investments and merger and acquisition activities as a way to expand our business, reinforce our market position in targeted areas and fully leverage our strengths and opportunities. Examples of this strategy include our April 2009 acquisition of Hirsch Electronics Corporation, our acquisition of Bluehill ID in January 2010 and our acquisition of RockWest Technology Group in April 2010. While the Company is not at this time party to any plan or arrangement, written or otherwise, to issue any of the newly authorized shares of Common Stock proposed to be authorized for any purpose, including acquisitions or financings, we intend to continue to pursue opportunities and transactions that may further our strategic objectives. Accordingly, in the future the Company may enter into or develop a plan, proposal or arrangement, written or otherwise, to issue all or a portion of the newly authorized shares of Common Stock. As described in Proposals 3 and 4, we have adopted an employee stock purchase plan and a new incentive compensation plan, for which we would reserve an additional pool of 6,000,000 shares for issuance under these plans if they are approved by our stockholders.

After evaluating the number of authorized shares of Common Stock issued and outstanding and the number reserved for issuance, the Board of Directors determined that the current number of authorized shares of Common Stock unreserved and available for issuance may not be sufficient to allow the Company to pursue the opportunities and transactions that it believes are necessary to our growth and success and in the best interests of the Company and its stockholders. Therefore, the Board of Directors is asking the Company's stockholders to vote in favor of this proposed amendment to our Certificate of Incorporation to increase the number of authorized shares of Common Stock from 110,000,000 shares to 130,000,000 shares. The failure of stockholders to approve the proposed amendment may require us to forgo attractive acquisition opportunities that may arise and to forego raising additional equity capital should the need develop.

Table of Contents

Effects of the Increase in Authorized Common Stock

The issuance of additional shares of Common Stock, whether in connection with a capital raising event, acquisition activities, or for equity awards to our directors, officers and employees, may have a dilutive effect of earnings per share and, for persons who do not purchase additional shares to maintain their pro rata interest in the Company, on such stockholder's percentage voting power.

While the proposed increase in the number of authorized shares of Common Stock is not intended by our management or Board of Directors to prevent or discourage any actual or threatened takeover of the Company, under certain circumstances, it could have an anti-takeover effect. Additional shares could be issued (within the limits imposed by applicable law) in one or more transactions that could resist, frustrate or make more difficult a third-party transaction that was favored by a majority of the independent stockholders and that might provide an above-market premium. For example, we could issue additional shares to dilute the stock ownership or voting rights of persons seeking to obtain control of the Company. Similarly, the issuance of additional shares to persons allied with our management could have the effect of making it more difficult to remove our management by diluting the stock ownership or voting rights of persons seeking to effect such removal. Accordingly, if adopted, the increase in the number of authorized shares of Common Stock may render more difficult or discourage a merger, tender offer or proxy contest, the assumption of control by a holder of a large block of the Company's capital stock and the removal of management or the Board of Directors. Any such anti-takeover effect may be beneficial to management and the Board of Directors of the Company and could have an adverse impact on stockholders.

Management is not currently aware of any specific third-party effort to accumulate shares of Common Stock or to obtain control of the Company by means of a merger, tender offer or solicitation in opposition to management or the Board of Directors. Moreover, we currently have no plan to issue newly authorized shares of Common Stock or adopt other anti-takeover proposals intended to discourage third parties from attempting to take over the Company. Although the Board of Directors is motivated by business and financial considerations in proposing the increase in the number of authorized shares of Common Stock, and not the threat of any attempt by a third-party to gain control of the Company, stockholders nevertheless should be aware that increasing the number of authorized shares of Common Stock could facilitate management's ability to deter or prevent changes of control in the future and any issuance of newly authorized shares of Common Stock, regardless of the intent, could have an anti-takeover effect.

Required Vote

The affirmative vote of the holders of a majority of our issued and outstanding shares of Common Stock is required for approval of the amendment to our Certificate of Incorporation described above. As a result, abstentions and broker non-votes will have the same effect as voting against the proposal. If stockholders do not approve this amendment to our Certificate of Incorporation, then the current amount of Common Stock authorized for issuance under the Certificate of Incorporation will remain unchanged.

Recommendation of the Board of Directors

The Board of Directors believes that Proposal 2 is in the Company's best interests and in the best interests of our stockholders and recommends a vote FOR the amendment to increase the number of authorized shares of Common Stock.

PROPOSAL NO. 3

TO APPROVE THE 2011 INCENTIVE COMPENSATION PLAN

On April 7, 2011, the Company's Board of Directors adopted the Identive Group, Inc. 2011 Incentive Compensation Plan, which we refer to as the 2011 Plan, and recommended that it be submitted to the Company's stockholders for their approval at the next Annual Meeting. If approved by our stockholders, the 2011 Plan will be used to provide incentive compensation to eligible employees, directors, officers and consultants of the Company and its subsidiaries. Our Board of Directors believes that the adoption of the 2011 Plan will enable us to align the interests of management and our stockholders by providing incentives to create long-term stockholder value. The 2011 Plan will serve as a successor plan to our 2007 Stock Option Plan (the 2007 Plan), and assuming our stockholders approve the 2011 Plan, all shares available under the 2007 Plan at the time of such approval will be added to the number of shares available under the 2011 Plan. Awards granted under the 2007 Plan will continue to be governed by the terms of the 2007 Plan, but no further awards may be made under the 2007 Plan after such approval. In addition, while we will maintain our current 2010 Bonus and Incentive Plan (the 2010 Plan) for making performance-based awards to management, the shares reserved for issuance under the 2010 Plan will be added to the number of shares available under the 2011 Plan, and all future equity awards granted under the 2010 Plan will be issued pursuant to the 2011 Plan.

Purpose

The purpose of the 2011 Plan is to assist the Company and its subsidiaries and other designated affiliates, which we refer to as Related Entities, in attracting, motivating, retaining and rewarding high-quality executives and other employees, officers, directors consultants and other persons who provide services to the Company or its Related Entities, by enabling such persons to acquire or increase a proprietary interest in the Company in order to strengthen the mutuality of interests between such persons and the Company's stockholders, and providing such persons with annual and long term performance incentives to expend their maximum efforts in the creation of shareholder value.

The effective date of the 2011 Plan is April 7, 2011, subject to stockholder approval. As of the date of this Proxy Statement, no awards have been granted under the 2011 Plan.

Stockholder approval of the 2011 Plan is required (i) for purposes of complying with the shareholder approval requirements for the listing of shares on the NASDAQ Global Market, (ii) to comply with certain exclusions from the limitations of Section 162(m) of the Internal Revenue Code of 1986, which we refer to as the Code, as described below, (iii) to comply with the incentive stock options rules under Section 422 of the Code, and (iv) for the 2011 Plan to be eligible under the plan lender exemption from the margin requirements of Regulation U promulgated by the Federal Reserve Board.

The following is a summary of certain principal features of the 2011 Plan. This summary is qualified in its entirety by reference to the complete text of the 2011 Plan. Stockholders are urged to read the actual text of the 2011 Plan in its entirety which is set forth as [Annex B](#) to this Proxy Statement.

Shares Available for Awards; Annual Per-Person Limitations

Under the 2011 Plan, the total number of shares of common stock of the Company (the Common Stock) reserved and available for delivery under the 2011 Plan (Awards) at any time during the term of the Plan shall be equal to 4,000,000, plus any shares of Common Stock remaining available for delivery under the Company's 2007 Plan and the Company's 2010 Plan, as of the date (the Shareholder Approval Date) on which the stockholders of the Company approve the 2011 Plan. As of March 31, 2011, 2,064,382 shares remained available for issuance under our 2007 Plan and 2,585,975 shares remained available for issuance under our 2010 Plan. The foregoing limit shall be increased by the number of shares of Common Stock with respect to which Awards previously granted under the 2011 Plan that are forfeited, expire or otherwise terminate without issuance of

Table of Contents

shares of Common Stock, or that are settled for cash or otherwise do not result in the issuance of shares of Common Stock, and the number of shares of Common Stock that are tendered (either actually or by attestation) or withheld upon exercise of an Award to pay the exercise price or any tax withholding requirements. Awards issued in substitution for awards previously granted by a company acquired by the Company or a Related Entity, or with which the Company or any Related Entity combines, do not reduce the limit on grants of Awards under the Plan.

The 2011 Plan imposes individual limitations on the amount of certain Awards in part to comply with Code Section 162(m). Under these limitations, during any 12-month period, no participant may be granted (i) stock options or stock appreciation rights with respect to more than 500,000 shares of Common Stock, or (ii) shares of restricted stock, restricted stock units, performance shares and other stock based-awards with respect to more than 500,000 shares of Common Stock, in each case, subject to adjustment in certain circumstances. The maximum amount that may be paid out as performance units with respect to any 12-month performance period is \$3,000,000 (pro-rated for any 12-month performance period that is less than 12 months), and with respect to any performance period that is more than 12 months, \$3,000,000 multiplied by the number of full 12-month periods that are in the performance period.

A committee designated by the Board of Directors consisting of not less than two directors (the Committee) is authorized to adjust the limitations described in the two preceding paragraphs and is authorized to adjust outstanding Awards (including adjustments to exercise prices of options and other affected terms of Awards) in the event that a dividend or other distribution (whether in cash, shares of Common Stock or other property), recapitalization, forward or reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, share exchange or other similar corporate transaction or event affects the Common Stock so that an adjustment is appropriate. The Committee is also authorized to adjust performance conditions and other terms of Awards in response to these kinds of events or in response to changes in applicable laws, regulations or accounting principles.

Eligibility

The persons eligible to receive Awards under the 2011 Plan are the officers, directors, employees, consultants and other persons who provide services to the Company or any Related Entity. The foregoing notwithstanding, only employees of the Company, or any parent corporation or subsidiary corporation of the Company (as those terms are defined in Sections 424(e) and (f) of the Code, respectively), are eligible for purposes of receiving any incentive stock options (ISOs). An employee on leave of absence may be considered as still in the employ of the Company or a Related Entity for purposes of eligibility for participation in the 2011 Plan.

Administration

The 2011 Plan is to be administered by the Committee, provided, however, that except as otherwise expressly provided in the Plan, the Board may exercise any power or authority granted to the Committee under the 2011 Plan. Subject to the terms of the 2011 Plan, the Committee is authorized to select eligible persons to receive Awards, determine the type, number and other terms and conditions of, and all other matters relating to, Awards, prescribe Award agreements (which need not be identical for each Participant), and the rules and regulations for the administration of the 2011 Plan, construe and interpret the 2011 Plan and Award agreements, correct defects, supply omissions or reconcile inconsistencies therein, and make all other decisions and determinations as the Committee may deem necessary or advisable for the administration of the 2011 Plan.

Stock Options and Stock Appreciation Rights

The Committee is authorized to grant stock options, including both ISOs, which can result in potentially favorable tax treatment to the participant, and non-qualified stock options, and stock appreciation rights entitling

Table of Contents

the participant to receive the amount by which the fair market value of a share of Common Stock on the date of exercise exceeds the grant price of the stock appreciation right. The exercise price per share subject to an option and the grant price of a stock appreciation right are determined by the Committee. In the case of an ISO, the exercise price per share shall be no less than 100% of the fair market value of a share of Common Stock on the date such ISO is granted. An option granted to a person who owns or is deemed to own stock representing 10% or more of the voting power of all classes of stock of the Company or any parent company (sometimes referred to as a 10% owner) will not qualify as an ISO unless the exercise price for the option is not less than 110% of the fair market value of a share of Common Stock on the date such ISO is granted.

For purposes of the 2011 Plan, the term fair market value means the fair market value of Common Stock, Awards or other property as determined by the Committee or under procedures established by the Committee. Unless otherwise determined by the Committee, the fair market value of Common Stock as of any given date is the closing sales price per share of Common Stock as reported on the principal stock exchange or market on which Common Stock is traded on the date as of which such value is being determined or, if there is no sale on that date, then on the last previous day on which a sale was reported. The maximum term of each option or stock appreciation right, the times at which each option or stock appreciation right will be exercisable, and provisions requiring forfeiture of unexercised options or stock appreciation rights at or following termination of employment generally are fixed by the Committee, except that no option or stock appreciation right may have a term exceeding ten years, and no ISO granted to a 10% shareholder (as described above) may have a term exceeding five years (to the extent required by the Code at the time of grant). Methods of exercise and settlement and other terms of options and stock appreciation rights are determined by the Committee. The Committee, thus, may permit the exercise price of options awarded under the Plan to be paid in cash, shares, other Awards or other property (including loans to participants).

Automatic Options for Non-Employee Directors and Stock in Lieu of Fees

Consistent with the provisions of the 2007 Plan, the 2011 Plan provides that in addition to any other options that non-employee directors may be granted, non-employee directors will automatically be granted options as follows: (i) an initial grant of options to acquire that number of shares as determined by the Board of Directors or, if no amount is established by the Board, to acquire 10,000 shares and (ii) annual grants of options to acquire 5,000 shares. Initial and annual grants will vest as to one-twelfth (1/12th) of the total award each month so that the option is fully vested on the first anniversary of the grant. If an optionholder's status as director terminates for any reason other than death, he or she will have 90 calendar days to exercise his or her options (to the extent that the optionholder was entitled to exercise such options as of the date of such termination). If an optionholder's status as director terminates due to death, his or her estate will have twelve months to exercise his or her options (to the extent that the optionholder was entitled to exercise such options as of the date of such termination).

In addition, the Committee may grant shares of Common Stock or other Awards in lieu of Company obligations to pay cash under any compensatory arrangements, including the payment of fees to directors for their service on the Board of Directors, subject to such terms as the Committee may specify.

Restricted Stock and Restricted Stock Units

The Committee is authorized to grant restricted stock and restricted stock units. Restricted stock is a grant of shares of Common Stock which may not be sold or disposed of, and which is subject to such risks of forfeiture and other restrictions as the Committee may impose. A participant granted restricted stock generally has all of the rights of a shareholder of the Company, unless otherwise determined by the Committee. An Award of restricted stock units confers upon a participant the right to receive shares of Common Stock or cash equal to the fair market value of the specified number of shares of Common Stock covered by the restricted stock units at the end of a specified deferral period, subject to such risks of forfeiture and other restrictions as the Committee may impose. Prior to settlement, an Award of restricted stock units carries no voting or dividend rights or other rights associated with share ownership, although dividend equivalents may be granted, as discussed below.

Table of Contents

Dividend Equivalents

The Committee is authorized to grant dividend equivalents conferring on participants the right to receive, currently or on a deferred basis, cash, shares of Common Stock, other Awards or other property equal in value to dividends paid on a specific number of shares of Common Stock or other periodic payments. Dividend equivalents may be granted alone or in connection with another Award, may be paid currently or on a deferred basis and, if deferred, may be deemed to have been reinvested in additional shares of Common Stock, Awards or otherwise as specified by the Committee.

Bonus Stock and Awards in Lieu of Cash Obligations

The Committee is authorized to grant shares of Common Stock as a bonus free of restrictions, or to grant shares of Common Stock or other Awards in lieu of Company obligations to pay cash under the 2011 Plan or other plans or compensatory arrangements, subject to such terms as the Committee may specify.

Other Stock-Based Awards

The Committee or the Board is authorized to grant Awards that are denominated or payable in, valued by reference to, or otherwise based on or related to shares of Common Stock. The Committee determines the terms and conditions of such Awards.

Performance Awards

The Committee is authorized to grant performance awards to participants on terms and conditions established by the Committee. The performance criteria to be achieved during any performance period and the length of the performance period is determined by the Committee upon the grant of the performance award. Performance awards may be valued by reference to a designated number of Shares (in which case they are referred to as performance shares) or by reference to a designated amount of property including cash (in which case they are referred to as performance units). Performance Awards may be settled by delivery of cash, shares of Common Stock or other property, or any combination thereof, as determined by the Committee. Performance awards granted to persons whom the Committee expects will, for the year in which a deduction arises, be covered employees (as defined below) will, if and to the extent intended by the Committee, be subject to provisions that should qualify such Awards as performance-based compensation not subject to the limitation on tax deductibility by the Company under Code Section 162(m). For purposes of Section 162(m), the term covered employee means the Company's chief executive officer and each other person whose compensation is required to be disclosed in the Company's filings with the SEC by reason of that person being among the three highest compensated officers of the Company (other than the Company's chief executive officer or principal financial officer) as of the end of a taxable year. If and to the extent required under Section 162(m) of the Code, any power or authority relating to a performance award intended to qualify under Section 162(m) of the Code is to be exercised by the Committee and not the Board.

If and to the extent that the Committee determines that these provisions of the 2011 Plan are to be applicable to any Award, one or more of the following business criteria for the Company, on a consolidated basis, and/or for Related Entities, or for business or geographical units of the Company and/or a Related Entity (except with respect to the total shareholder return and earnings per share criteria), are to be used by the Committee in establishing performance goals for Awards under the 2011 Plan: (1) earnings per share; (2) revenues or margins; (3) cash flow; (4) operating margin; (5) return on net assets, investment, capital, or equity; (6) economic value added; (7) direct contribution; (8) net income; pretax earnings; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; earnings after interest expense and before extraordinary or special items; operating income or income from operations; income before interest income or expense, unusual items and income taxes, local, state or federal and excluding budgeted and actual bonuses which might be paid under any ongoing bonus plans of the Company; (9) working capital; (10) management of fixed costs or variable costs;

Table of Contents

(11) identification or consummation of investment opportunities or completion of specified projects in accordance with corporate business plans, including strategic mergers, acquisitions or divestitures; (12) total shareholder return; (13) debt reduction; (14) market share; (15) entry into new markets, either geographically or by business unit; (16) customer retention and satisfaction; (17) strategic plan development and implementation, including turnaround plans; and/or (18) the fair market value of a share of Common Stock. Any of the above goals may be determined on an absolute or relative basis (e.g. growth in earnings per share) or as compared to the performance of a published or special index deemed applicable by the Committee including, but not limited to, the Standard & Poor's 500 Stock Index or a group of companies that are comparable to the Company. The Committee may exclude the impact of an event or occurrence which the Committee determines should appropriately be excluded, including without limitation (i) restructurings, discontinued operations, extraordinary items (as defined pursuant to generally accepted accounting principles), and other unusual or non-recurring charges; (ii) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management; (iii) a change in accounting standards required by generally accepted accounting principles; or (iv) such other exclusions or adjustments as the Committee specifies at the time the Award is granted.

The Committee may, in its discretion, determine that the amount payable as a performance award will be reduced from the amount of any potential Award.

Other Terms of Awards

Awards may be settled in the form of cash, shares of Common Stock, other Awards or other property, in the discretion of the Committee. The Committee may require or permit participants to defer the settlement of all or part of an Award in accordance with such terms and conditions as the Committee may establish, including payment or crediting of interest or dividend equivalents on deferred amounts, and the crediting of earnings, gains and losses based on deemed investment of deferred amounts in specified investment vehicles. The Committee is authorized to place cash, shares of Common Stock or other property in trusts or make other arrangements to provide for payment of the Company's obligations under the 2011 Plan. The Committee may condition any payment relating to an Award on the withholding of taxes and may provide that a portion of any shares of Common Stock or other property to be distributed will be withheld (or previously acquired shares of Common Stock or other property be surrendered by the participant) to satisfy withholding and other tax obligations. Awards granted under the 2011 Plan generally may not be pledged or otherwise encumbered and are not transferable except by will or by the laws of descent and distribution, or to a designated beneficiary upon the participant's death, except that the Committee may, in its discretion, permit transfers, subject to any terms and conditions the Committee may impose thereon.

Awards under the 2011 Plan are generally granted without a requirement that the participant pay consideration in the form of cash or property for the grant (as distinguished from the exercise), except to the extent required by law. The Committee may, however, grant Awards in exchange for other Awards under the 2011 Plan, awards under other Company plans, or other rights to payment from the Company, and may grant Awards in addition to and in tandem with such other Awards, rights or other awards.

Acceleration of Vesting; Change in Control

The Committee may, in its discretion, accelerate the exercisability, the lapsing of restrictions or the expiration of deferral or vesting periods of any Award, and such accelerated exercisability, lapse, expiration and if so provided in the Award agreement or otherwise determined by the Committee, vesting shall occur automatically in the case of a change in control of the Company, as defined in the 2011 Plan (including the cash settlement of stock appreciation rights which may be exercisable in the event of a change in control). In addition, the Committee may provide in an Award agreement that the performance goals relating to any performance award will be deemed to have been met upon the occurrence of any change in control.

Table of Contents

Amendment and Termination

The Board of Directors may amend, alter, suspend, discontinue or terminate the 2011 Plan or the Committee's authority to grant Awards without further shareholder approval (including in a manner adverse to the rights of a participant under an outstanding Award), except that shareholder approval must be obtained for any amendment or alteration if such approval is required by law or regulation or under the rules of any stock exchange or quotation system on which shares of Common Stock are then listed or quoted. Thus, shareholder approval may not necessarily be required for every amendment to the 2011 Plan which might increase the cost of the 2011 Plan or alter the eligibility of persons to receive Awards. Shareholder approval will not be deemed to be required under laws or regulations, such as those relating to ISOs, that condition favorable treatment of participants on such approval, although the Board may, in its discretion, seek shareholder approval in any circumstance in which it deems such approval advisable. Unless earlier terminated by the Board, the 2011 Plan will terminate at the earliest of (a) such time as no shares of Common Stock remain available for issuance under the 2011 Plan, (b) termination of the 2011 Plan by the Board of Directors, or (c) the tenth anniversary of the effective date of the 2011 Plan. Awards outstanding upon expiration of the 2011 Plan shall remain in effect until they have been exercised or terminated, or have expired.

Federal Income Tax Consequences of Awards

The 2011 Plan is not qualified under the provisions of section 401(a) of the Code and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974.

Nonqualified Stock Options

An optionee generally is not taxable upon the grant of a nonqualified stock option granted under the 2011 Plan. On exercise of a nonqualified stock option granted under the 2011 Plan, an optionee will recognize ordinary income equal to the excess, if any, of the fair market value on the date of exercise of the shares of stock acquired on exercise of the option over the exercise price. If the optionee is an employee of the Company or a Related Entity, that income will be subject to the withholding of Federal income tax. The optionee's tax basis in those shares will be equal to their fair market value on the date of exercise of the option, and his holding period for those shares will begin on that date.

If an optionee pays for shares of stock on exercise of an option by delivering shares of the Company's stock, the optionee will not recognize gain or loss on the shares delivered, even if their fair market value at the time of exercise differs from the optionee's tax basis in them. The optionee, however, otherwise will be taxed on the exercise of the option in the manner described above as if he had paid the exercise price in cash. If a separate identifiable stock certificate or other indicia of ownership is issued for that number of shares equal to the number of shares delivered on exercise of the option, the optionee's tax basis in the shares represented by that certificate or other indicia of ownership will be equal to his tax basis in the shares delivered, and his holding period for those shares will include his holding period for the shares delivered. The optionee's tax basis and holding period for the additional shares received on exercise of the option will be the same as if the optionee had exercised the option solely in exchange for cash.

The Company will be entitled to a deduction for Federal income tax purposes equal to the amount of ordinary income taxable to the optionee, provided that amount constitutes an ordinary and necessary business expense for the Company and is reasonable in amount, and either the employee includes that amount in income or the Company timely satisfies its reporting requirements with respect to that amount.

Incentive Stock Options

The 2011 Plan provides for the grant of stock options that qualify as incentive stock options as defined in section 422 of the Code, which we refer to as ISOs. Under the Code, an optionee generally is not subject to tax

Table of Contents

upon the grant or exercise of an ISO. In addition, if the optionee holds a share received on exercise of an ISO for at least two years from the date the option was granted and at least one year from the date the option was exercised, which we refer to as the Required Holding Period, the difference, if any, between the amount realized on a sale or other taxable disposition of that share and the holder's tax basis in that share will be long-term capital gain or loss.

If, an optionee disposes of a share acquired on exercise of an ISO before the end of the Required Holding Period, which we refer to as a Disqualifying Disposition, the optionee generally will recognize ordinary income in the year of the Disqualifying Disposition equal to the excess, if any, of the fair market value of the share on the date the ISO was exercised over the exercise price. If, however, the Disqualifying Disposition is a sale or exchange on which a loss, if realized, would be recognized for Federal income tax purposes, and if the sales proceeds are less than the fair market value of the share on the date of exercise of the option, the amount of ordinary income recognized by the optionee will not exceed the gain, if any, realized on the sale. If the amount realized on a Disqualifying Disposition exceeds the fair market value of the share on the date of exercise of the option, that excess will be short-term or long-term capital gain, depending on whether the holding period for the share exceeds one year.

An optionee who exercises an ISO by delivering shares of stock acquired previously pursuant to the exercise of an ISO before the expiration of the Required Holding Period for those shares is treated as making a Disqualifying Disposition of those shares. This rule prevents pyramiding or the exercise of an ISO (that is, exercising an ISO for one share and using that share, and others so acquired, to exercise successive ISOs) without the imposition of current income tax.

For purposes of the alternative minimum tax, the amount by which the fair market value of a share of stock acquired on exercise of an ISO exceeds the exercise price of that option generally will be an adjustment included in the optionee's alternative minimum taxable income for the year in which the option is exercised. If, however, there is a Disqualifying Disposition of the share in the year in which the option is exercised, there will be no adjustment with respect to that share. If there is a Disqualifying Disposition in a later year, no income with respect to the Disqualifying Disposition is included in the optionee's alternative minimum taxable income for that year. In computing alternative minimum taxable income, the tax basis of a share acquired on exercise of an ISO is increased by the amount of the adjustment taken into account with respect to that share for alternative minimum tax purposes in the year the option is exercised.

The Company is not allowed an income tax deduction with respect to the grant or exercise of an incentive stock option or the disposition of a share acquired on exercise of an incentive stock option after the Required Holding Period. However, if there is a Disqualifying Disposition of a share, the Company is allowed a deduction in an amount equal to the ordinary income includible in income by the optionee, provided that amount constitutes an ordinary and necessary business expense for the Company and is reasonable in amount, and either the employee includes that amount in income or the Company timely satisfies its reporting requirements with respect to that amount.

Stock Awards

Generally, the recipient of a stock award will recognize ordinary compensation income at the time the stock is received equal to the excess, if any, of the fair market value of the stock received over any amount paid by the recipient in exchange for the stock. If, however, the stock is non-vested when it is received under the 2011 Plan (for example, if the employee is required to work for a period of time in order to have the right to sell the stock), the recipient generally will not recognize income until the stock becomes vested, at which time the recipient will recognize ordinary compensation income equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the recipient in exchange for the stock. A recipient may, however, file an election with the Internal Revenue Service, within 30 days of his or her receipt of the stock award, to recognize ordinary compensation income, as of the date the recipient receives the stock award, equal to

Table of Contents

the excess, if any, of the fair market value of the stock on the date the stock award is granted over any amount paid by the recipient in exchange for the stock.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired as stock awards will be the amount paid for such shares plus any ordinary income recognized either when the stock is received or when the stock becomes vested. Upon the disposition of any stock received as a stock award under the 2011 Plan the difference between the sale price and the recipient's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if the shares have been held for more than one year from the date as of which he or she would be required to recognize any compensation income.

The Company will be entitled to a deduction for Federal income tax purposes equal to the amount of ordinary income taxable to the recipient, provided that amount constitutes an ordinary and necessary business expense for the Company and is reasonable in amount, and either the recipient includes that amount in income or the Company timely satisfies its reporting requirements with respect to that amount.

Stock Appreciation Rights

The Company may grant SARs separate from any other Award, which we refer to as Stand-Alone SARs, or in tandem with options, which we refer to as Tandem SARs, under the 2011 Plan. Generally, the recipient of a Stand-Alone SAR will not recognize any taxable income at the time the Stand-Alone SAR is granted.

With respect to Stand-Alone SARs, if the recipient receives the appreciation inherent in the SARs in cash, the cash will be taxable as ordinary compensation income to the recipient at the time that the cash is received. If the recipient receives the appreciation inherent in the SARs in shares of stock, the recipient will recognize ordinary compensation income equal to the excess of the fair market value of the stock on the day it is received over any amounts paid by the recipient for the stock.

With respect to Tandem SARs, if the recipient elects to surrender the underlying option in exchange for cash or shares of stock equal to the appreciation inherent in the underlying option, the tax consequences to the recipient will be the same as discussed above relating to the Stand-Alone SARs. If the recipient elects to exercise the underlying option, the holder will be taxed at the time of exercise as if he or she had exercised a nonqualified stock option (discussed above), i.e., the recipient will recognize ordinary income for federal tax purposes measured by the excess of the then fair market value of the shares of stock over the exercise price.

In general, there will be no federal income tax deduction allowed to the Company upon the grant or termination of Stand-Alone SARs or Tandem SARs. Upon the exercise of either a Stand-Alone SAR or a Tandem SAR, however, the Company will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that the employee is required to recognize as a result of the exercise, provided that the deduction is not otherwise disallowed under the Code.

Dividend Equivalents

Generally, the recipient of a dividend equivalent award will recognize ordinary compensation income at the time the dividend equivalent award is received equal to the fair market value of the amount received. The Company generally will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that the employee is required to recognize as a result of the dividend equivalent award, provided that the deduction is not otherwise disallowed under the Code.

Section 162 Limitations

Section 162(m) to the Code, generally disallows a public company's tax deduction for compensation to covered employees in excess of \$1 million in any tax year. Compensation that qualifies as performance-based

Table of Contents

compensation is excluded from the \$1 million deductibility cap, and therefore remains fully deductible by the company that pays it. We intend that Awards granted to participants under the Plan whom the Committee expects to be covered employees at the time a deduction arises in connection with such Awards, may, if and to the extent so intended by the Committee, be granted in a manner that will qualify as such performance-based compensation, so that such Awards would not be subject to the Section 162(m) deductibility cap of \$1 million. Future changes in Section 162(m) or the regulations thereunder may adversely affect our ability to ensure that Awards under the 2011 Plan will qualify as performance-based compensation that are fully deductible by us under Section 162(m).

Importance of Consulting Tax Adviser

The information set forth above is a summary only and does not purport to be complete. In addition, the information is based upon current Federal income tax rules and therefore is subject to change when those rules change. Moreover, because the tax consequences to any recipient may depend on his particular situation, each recipient should consult his or her tax adviser as to the Federal, state, local and other tax consequences of the grant or exercise of an Award or the disposition of stock acquired as a result of an Award.

New Plan Benefits

Benefits obtained by our employees under our 2011 Plan are made on a discretionary basis. Accordingly, it is not possible to determine the benefits that will be received by our executive officers and our other employees under the 2011 Plan in fiscal 2011.

Vote Required

At the Annual Meeting, the affirmative vote of the holders of a majority of the votes cast will be required to approve the 2011 Plan. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but have no other legal effect.

PROPOSAL NO. 4

TO APPROVE THE 2011 EMPLOYEE STOCK PURCHASE PLAN

Our Board of Directors has adopted the Identive Group, Inc. 2011 Employee Stock Purchase Plan, or the ESPP, authorizing the issuance of shares of our common stock. The ESPP becomes effective July 1, 2011 provided that it receives stockholder approval at the Annual Meeting.

The ESPP is designed to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code. Shareholder approval for the ESPP is required in order to comply with the requirements of Section 423 of the Internal Revenue Code.

The following is a summary of the material provisions of the ESPP, a copy of which is attached as Annex C to this Proxy Statement. You are urged to read the full text of the ESPP. At the Annual Meeting, our stockholders will be asked to approve the ESPP.

Purpose of the ESPP

The purpose of the ESPP is to provide an incentive for our employees, including executive officers, and the employees of our subsidiaries that are designated by our Board of Directors as eligible, to purchase our common stock and acquire a proprietary interest in us. Approximately [] of our approximately [] employees as of March 31, 2011 are eligible to participate in the ESPP.

Administration of the ESPP

The Compensation Committee of our Board of Directors will administer the ESPP. The ESPP vests the Compensation Committee with the authority to interpret the ESPP, to prescribe, amend and rescind rules and regulations relating to the ESPP, and to make all other determinations necessary or advisable for the administration of the ESPP; however, our Board of Directors may exercise that authority in lieu of the Compensation Committee. The ESPP is required to be administered in a manner consistent with Rule 16b-3 of the Exchange Act.

Participation in the ESPP

Employees of Identive Group, Inc. or its designated subsidiaries on July 1, 2011 are eligible to participate in the ESPP as of that date if they are scheduled to work at least 20 hours per week and more than five months per calendar year. Individuals who become employees of Identive Group, Inc. or its designated subsidiaries after July 1, 2011 are eligible to participate in the ESPP if they are scheduled to work at least twenty hours per week and more than five months per calendar year. Such individuals may begin participating in the ESPP during the first exercise period that commences after the individual becomes eligible to participate in the ESPP. These eligible employees may become participants in the ESPP by completing an enrollment agreement and filing it with us.

Offerings under the ESPP

The ESPP generally is implemented through a series of 24-month-long offering periods, beginning on July 1 and ending on the June 30 that is 24 months later. Shares of our common stock are available for purchase under the ESPP on periodic exercise dates within each offering period. Exercise dates are the last business days in June and December during each offering period. On the first business day of each offering period, participants are granted the option to purchase shares of our common stock on the exercise dates within that offering period.

If the share price is ever lower on an exercise date than it was on the first business day of the offering period in which that exercise date falls, then the offering period in progress ends immediately after the close of trading on that exercise date, and a new offering period begins on the next January 1 or July 1, as the case may be, and extends for a new 24-month-long offering period ending on December 31 or June 30, as the case may be.

Table of Contents

No participant is eligible for the grant of any option under the ESPP if, immediately after the grant, the participant would own, directly or indirectly, stock possessing 5% or more of the total combined voting power or value of all classes of our stock or of any of our subsidiaries. Additionally, no participant may be granted any option that would permit the participant to buy more than \$25,000 worth of our common stock (based on the closing sale price per share reported on the NASDAQ Global Market on the date the option is granted or, if there is no sale on that date, then on the last previous day on which a sale was reported) in any calendar year. Finally, no participant may purchase more than 12,500 shares of our common stock on any one exercise date.

Plan Contributions

Except as otherwise authorized by the Compensation Committee, all contributions to the ESPP shall be made only by after-tax payroll deductions or by direct after-tax contributions to the ESPP at such times and subject to such terms and conditions as the Compensation Committee may in its discretion determine. The enrollment agreement that each participant must submit authorizes after-tax payroll deductions from the participant's compensation during each payroll period. Participants may elect a payroll deduction amount of at least 1%, and up to 20% (or such other percentage as determined by the Compensation Committee and announced at least five days prior to the first day of the exercise period in which such change is to be made effective), of their compensation. A participant may change or terminate his or her payroll deductions at any time during an offering period, but may only begin payroll deductions on specified dates. All payroll deductions made for a participant are credited to his or her account under the ESPP and deposited with our general funds.

Exercise Price

The exercise price per share at which shares are sold in an offering under the ESPP is the lower of (i) 85% of the fair market value of a share of our common stock on the first day of the offering period or, (ii) 85% of the closing price on the exercise date. Such percentage may be increased in the sole discretion of the Compensation Committee, provided that any such increase with respect to a given offering period must be established not less than fifteen days prior to the beginning of such offering period. Participants pay the exercise price through accumulated payroll deductions or, if permitted by the Compensation Committee, direct after-tax contributions made to the ESPP, over the offering period.

Withdrawal from the ESPP

A participant may withdraw from participation in the ESPP at any time by completing a withdrawal form and delivering it to us. If a participant's employment terminates for any reason, he or she is treated as having withdrawn from the ESPP.

A participant's withdrawal is effective as soon as administratively practicable after we receive the notice of withdrawal. All options granted to the participant under the ESPP, but not yet exercised, automatically terminate, and no further purchases of common stock are made for the participant's account following the effectiveness of the participant's withdrawal. We cease making payroll deductions for a participant's account beginning with the first payroll period that starts after the effectiveness of the participant's withdrawal, and we refund any accumulated payroll deductions and/or direct after-tax contributions which are not used to purchase stock under the ESPP.

After a participant withdraws, or is treated as having withdrawn, the participant is not permitted to participate again in the ESPP until the following exercise period that commences after his or her date of withdrawal. In order to rejoin the ESPP, a former participant must submit a new enrollment agreement.

Restrictions on Transfer; No Shareholder Rights

No contributions to or option granted under the ESPP is assignable or transferable, other than by will or by the laws of descent and distribution or as provided under the ESPP. During the lifetime of a participant, an option

Table of Contents

is exercisable only by the participant. A participant does not have any interest or voting rights in shares covered by his or her option until the option has been exercised.

Duration, Termination, and Amendment of the ESPP

The ESPP will terminate following the last exercise date before the 10th anniversary of effective date, or if sooner, on the date on which all shares reserved for issuance under the ESPP have been sold. Additionally, our Board of Directors may terminate the ESPP earlier. The Board of Directors or the Compensation Committee may amend the ESPP at any time, provided that no amendment may change any option in a way that adversely affects the rights of the holder of the option, no amendment may in any way cause rights issued under the ESPP to fail to meet the requirements for employee stock purchase plans under Section 423 of the Internal Revenue Code, and no amendment may cause the ESPP to fail to comply with Rule 16b-3 under the Exchange Act. To the extent necessary to comply with Rule 16b-3 under the Exchange Act, Section 423 of the Internal Revenue Code, or any other applicable law or regulation, we will obtain shareholder approval of any such amendment.

Shares Reserved under the ESPP

2,000,000 shares of our common stock are reserved for issuance over the term of the ESPP. That amount will be increased each year by the lowest of (i) 750,000 shares, (ii) two percent of all shares outstanding at the end of the previous year, or (iii) an amount determined by the Board of Directors. If any option granted under the ESPP expires or terminates for any reason without having been exercised in full, the unpurchased shares subject to that option will again be available for issuance under the ESPP.

Effect of Certain Corporate Events

The ESPP provides for appropriate adjustment of the number of shares of common stock for which options may be granted, the number of shares subject to outstanding options and the exercise price of outstanding options in the event of any increase or decrease in the number of issued and outstanding shares of our common stock as a result of one or more reorganizations, restructurings, recapitalizations, reclassifications, stock splits, reverse stock splits, or stock dividends.

In the event of a merger or a sale of all or substantially all of our assets, each option under the ESPP will be assumed or an equivalent option will be substituted by the successor corporation, unless the Compensation Committee accelerates the date on which the options may be exercised. In the event of our dissolution or liquidation, the offering period in progress will terminate immediately prior to the consummation of such proposed action, unless the Compensation Committee determines otherwise.

New Plan Benefits

We are not able to determine the dollar value and number of any additional plan benefits which will be received by or allocated to any of our executive officers, our current executive officers, as a group, or employees who are not executive officers, as a group, because participation in the ESPP and the rate of withholding is voluntary and determined by each eligible person in his or her sole discretion. The adoption of the ESPP will not result in any new benefits to the current directors who are not employees, as a group, including nominees for election as a director, because those persons are not eligible to participate in the ESPP.

Federal Income Tax Effects

Options granted under the ESPP are intended to qualify for favorable federal income tax treatment to our employees under Sections 421 and 423 of the Internal Revenue Code. Employee contributions are made on an

Table of Contents

after-tax basis and the exercise of an option will not be a taxable event to a participant. When a participant sells shares of common stock purchased under the ESPP, such sale would be taxable as follows:

If a participant disposes of shares purchased under the ESPP two years or more after the date of the beginning of the offering period in which the shares were acquired, and more than one year after the shares were purchased, the participant would recognize as ordinary income the lesser of (i) the excess of the fair market value of the shares on the date of sale over the price paid, or (ii) the discount of the fair market value of the shares at the beginning of the offering period. Additionally, the participant would recognize a long-term capital gain or loss, within the meaning of the Internal Revenue Code, equal to the difference between the amount realized from the sale of the shares and the participant's basis. The participant's basis would be the purchase price plus any amount taxed as ordinary compensation income; or

If a participant disposes of shares purchased under the ESPP within two years after the date of the beginning of the offering period during which the shares were purchased, or within one year after the shares were purchased, the participant would recognize ordinary compensation income equal to the excess of the fair market value of the shares on the purchase date over the price paid for the shares. Additionally, the participant would recognize a capital gain or loss, within the meaning of the Internal Revenue Code, equal to the difference between the amount realized from the sale of the shares and the participant's basis. The participant's basis would be the purchase price plus the amount taxed as ordinary compensation income. If the participant held the shares for more than one year, the capital gain or loss would be a long-term gain or loss.

Identive Group, Inc. will not receive an income tax deduction upon either the grant of the option or a participant's exercise of the option, but generally does receive a deduction equal to the ordinary compensation income that the participant is required to recognize as a result of the disposition of the shares if the participant disposes of the shares within two years after the date of the beginning of the offering period during which the shares were acquired, or within one year after the shares are purchased. Under current law, no withholding of income tax or FICA tax is required.

On [], 2011, the last trading day prior to the filing of this Proxy Statement, the last reported sale price per share of our common stock on the NASDAQ Global Market was \$[].

Vote Required

At the Annual Meeting, the affirmative vote of the holders of a majority of the votes cast will be required to approve the ESPP. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but have no other legal effect.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes the material elements of compensation awarded to, earned by or paid to the principal executive and principal financial officers of the Company, our three other most highly compensated individuals who were serving as executive officers as of the last day of the fiscal year ending December 31, 2010, and a former executive officer who served during 2010. These individuals are listed in the Summary Compensation Table below and referred to in this Proxy Statement as the Named Executive Officers.

Role of the Compensation Committee and Chief Executive Officer

The Compensation Committee is responsible for overseeing the Company's compensation programs. As part of that responsibility, the Compensation Committee determines all compensation for the Company's Named Executive Officers. None of the Named Executive Officers is a member of the Compensation Committee. For executives other than the CEO, the Compensation Committee considers the recommendation of the CEO in making its compensation determinations. Our other executive officers, including the other Named Executive Officers, do not have any role in determining or recommending the form or amount of compensation paid to our Named Executive Officers other than providing such financial or other information as the Compensation Committee may request from time to time. Although the participation of our CEO could influence performance targets, our Compensation Committee rather than our CEO makes all determinations regarding performance goals and targets. Our CEO does not attend any portion of meetings at which his compensation is discussed.

Executive Compensation Program Objectives and Overview

The Company's current executive compensation program is intended to achieve three fundamental objectives:

attract, retain and motivate qualified executives;

reward executives based on the Company's performance; and

align executives' interests with the interests of our stockholders.

To achieve these objectives, we attempt to:

offer compensation packages that are competitive regionally and that provide an attractive base of salary and benefits;

maintain a substantial portion of total compensation at risk, with payment of that portion tied to achievement of specific financial, organizational or other performance goals; and

provide both short-term and long-term performance incentives through a combination of potential cash and equity-based awards.

As described in more detail below, the material elements of our current executive compensation program for Named Executive Officers include base salary, performance-based annual bonus opportunities consisting of a mix of cash, shares of Common Stock and stock options, as well as various benefits and perquisites. We believe that each element of our executive compensation program helps us to achieve one or more of our compensation objectives. For example, offering locally competitive base salaries and benefits, as well as the opportunity to achieve substantial performance-based bonuses, helps us attract and retain qualified executives. Linking bonus payments to performance-based criteria rewards executives based on the Company's performance. In addition, providing our executives with the opportunity to earn equity-based bonus awards aligns their interests with the long-term interests of our stockholders.

Table of Contents

During 2010, our executive compensation program was significantly influenced by our acquisition of Bluehill ID in January 2010. As a result of this acquisition, we added several new executives who also had been members of the Bluehill ID management team, including Ayman S. Ashour, our CEO and Chairman, Melvin Denton-Thompson, our CFO, John Rogers, our Executive Vice President of Transition Management and Acquisition Integration, and Joseph Tassone, our Executive Vice President of Technology and Product Management.

Historically we have not employed a specific policy, practice or formula regarding the allocation of total compensation among the various elements that make up our compensation program, including the balance of cash and non-cash compensation. With the changes in our management following our acquisition of Bluehill ID, our Compensation Committee undertook a review of the Company's executive compensation program to compare it with that of Bluehill ID, which generally favored lower annual salaries and higher potential bonus awards. This review resulted in certain modifications to the terms and conditions of various management team members, including changes to base salary, as well as the adoption of an executive bonus program for 2010 to reward executives based solely on corporate performance, and to further the alignment of interests between our executives and our stockholders with opportunities for long-term equity awards.

In addition, while we have historically linked the payment of any cash awards to corporate or individual executive performance, prior to 2010, our practice with equity awards was to grant stock options to each of our executive officers at the time of hiring, on an annual basis and from time to time as an incentive to achieve specific performance objectives. The exercise price of all options awarded is the closing price of our stock on the NASDAQ Stock Market on the date of grant and options generally vest over a period of one to four years. Following the acquisition of Bluehill ID in January 2010, we have discontinued the practice of automatically granting options at hiring and on an annual basis. Instead, we have implemented a bonus plan that provides our executives with the opportunity to earn shares of our Common Stock and options based on the achievement of corporate performance objectives. We believe that this practice provides a stronger link between executive pay and the Company's performance. The amount of shares and options awarded to each executive is determined based on each executive's annual base salary and is explained under "Performance-based Annual Bonuses" below.

In making compensation decisions, our Compensation Committee does not use the services of a compensation consultant, nor does it utilize competitive analysis comparisons such as benchmarking or peer group target percentiles. However, the Compensation Committee does draw upon the regional business knowledge of our management and our Board of Directors to form a general understanding of how local market practices may impact our ability to hire and retain executives.

The Company was originally formed in Germany in 1990 and has continued to have an active presence in Germany and throughout Europe in our target product markets. For the past several years and during 2010, the majority of our executive staff has been based in Europe, with the exception of Messrs. Midland and Tassone. European labor practices directly influence the compensation program we offer to our executive officers based in Europe, particularly as to the nature of benefits, perquisites such as automobiles and termination practices, each of which is described below.

In reviewing the Company's compensation policy and practices for its Named Executive Officers and as well as for other employees, the Compensation Committee evaluated its compensation practices to determine if any components encouraged excessive risk taking and to what extent its compensation practices mitigate any such risks. The Committee considered the various elements of its compensation practices, including base salary, annual bonus programs, short and long-term incentive awards, the use of cash and equity awards, and how performance is evaluated. While our annual bonus programs may encourage short-term risk taking on the part of participating employees, the Committee believed that these risks were balanced by the use of fixed base salaries and long-term equity incentives that encourage employees to take a long-term view of our business aligned with

Table of Contents

the interests of the Company's stockholders. The committee did not identify any risks arising from the Company's compensation policies and practices reasonably likely to have a material adverse effect on the Company.

Current Executive Compensation Program Elements

Base Salary. Base salary provides fixed compensation based on competitive local market practice and is intended to acknowledge and reward core competence of our executives relative to their skills, experience and contributions to the Company. Base salaries for executives generally are reviewed annually, and more frequently when there are any changes in responsibilities.

Following the acquisition of Bluehill ID, in January 2010 we assumed various contractual agreements related to the executives who joined the Company from Bluehill ID. These included (i) an employment agreement between Bluehill ID and Ayman S. Ashour; (ii) an agreement between Mission-Cadres SARL and Bluehill ID relating to the services of Melvin Denton-Thompson; and (iii) an employment agreement between Bluehill ID and John Rogers; and (iv) an employment agreement between Bluehill ID and Joseph Tassone. The terms and conditions of these assumed agreements were recommended by Bluehill ID's then-management and approved by its Board of Directors prior to our acquisition of that company. The terms of each agreement were negotiated on an individual basis, and our summarized below in the Executive Compensation section under Employment Agreements.

Performance-based Annual Bonuses. In April 2010, our Board of Directors adopted the 2010 Bonus and Incentive Plan (the 2010 Bonus Plan), which provides for incentive awards to executives based on the achievement of corporate performance goals. The 2010 Bonus Plan was approved by the Company's stockholders at the 2010 Annual Meeting. Under the 2010 Bonus Plan, executives and other key employees of the Company are eligible to receive cash and equity-based awards subject to the achievement of certain performance criteria determined by the Compensation Committee, as measured at the end of a specified performance period of 12 months or longer. Equity awards may include shares of common stock, nonqualified stock options, restricted stock, or deferred stock awards.

The 2010 Bonus Plan is designed to address the objectives of our compensation program by providing executives with the opportunity to earn substantial at-risk compensation, based on the Company's performance. We believe this helps us attract, retain and motivate qualified executives and emphasizes corporate performance as the basis for rewarding our executives. Because it includes a combination of cash and equity awards, the 2010 Bonus Plan also provides both short-term and long-term incentives to remain with the Company and to work towards corporate performance goals on an ongoing basis, thus helping to retain executives over the long term and to align their interests with the interests of our stockholders.

Special Performance Bonuses. The Compensation Committee may, in its sole discretion, determine to that an executive officer is entitled to a one-time bonus or equity award in recognition of special services the Company or achievements of individual performance targets or goals for the executive officer.

Benefits and Perquisites. Because we have a strong regional presence in Europe and the majority of our executives and key employees are based in Europe, we follow the standard European practice of providing either a company car or a car allowance to our executive officers in Europe, as needed. We lease appropriate cars or provide a comparable allowance for certain of our executive officers. Additionally, on behalf of our executive officers in Europe, we make payments to a government-managed pension program, to government-managed or private health insurance programs, and in some cases for unemployment insurance, as mandated under the employment laws of various European countries, including France, Germany and Switzerland.

Severance Benefits. As disclosed in the description of the individual employment agreements under Employment Agreements; Termination / Change in Control Arrangements below, our executive officers are

Table of Contents

entitled to continued salary payments ranging from three months to two years following termination by the Company without cause. The level of payment was negotiated on an individual basis and took into account any requirements under local law as well as the executive's position within the Company. None of these employment agreements provide for payments or acceleration of equity awards in the event of a change in control of the Company.

We have entered into employment agreements with each of our Named Executive Officers that provide for certain severance benefits. Consistent with standard employment practice in Europe, notice of termination is required to be given by either the employer or the employee, and the employer is required to continue to compensate the employee for salary and eligible bonus amounts during this period. The length of the notice period varies from company to company. Our policy for executives based in Europe generally is to require a notice period of three to six months, following a trial period of initial employment of three to six months. The length of individual notice and trial periods for each executive is stated in his employment contract. In lieu of continuing the employment relationship during the notice period, our employment agreements provide that we can cash out the employee who has given notice. Alternatively, we can require that the employee continue to work during the notice period. This practice is included in the majority of our employment agreements with our executives. Additionally, under European labor practices, terminated employees also may be eligible to continue to receive health and unemployment insurance coverage, pension contributions, car leasing expenses or car allowance, or other benefits provided during their employment, for the duration of the notice period. Further, terminated employees may also be entitled to receive annual bonus payments, the amount of which would be determined based on a variety of factors, including the employee's length of service and perceived contributions to past or future company performance, as well as other factors. Actual bonus payments for which individual employees may become eligible are determined at or following termination, and cannot be projected.

Fiscal 2010 Incentive Compensation to our Named Executive Officers

In February 2010, the Compensation Committee reviewed the employment agreements and base salaries of each of our executives. As a result, the Compensation Committee approved new, lower salary levels for certain Named Executive Officers as described below, in order to lower the Company's fixed costs and to bring their salaries into closer alignment with the overall mix of compensation of the executives who had joined the Company from Bluehill ID, who generally had lower fixed salaries and higher levels of at-risk, performance-based compensation.

The Compensation Committee approved specific performance criteria for the payment of incentive awards in 2010 and determined the composition of the potential awards. Potential awards were based on the achievement of base performance (Base Bonus) criteria and peak performance (Peak Bonus) criteria. Each set of criteria was assigned a certain percentage value of the total potential Base Bonus or Peak Bonus. The potential Base Bonus and Peak Bonus amounts for each Named Executive Officer were determined by multiplying the sum of the percentage values of the Base Bonus and Peak Bonus by the executive's annual base salary.

Base Bonus. Each Named Executive Officer was eligible to earn a Base Bonus of up to 100% of his annual base salary, subject to achievement of the following performance criteria:

10% to 30% growth in net sales over a base sales figure of \$71 million (the Growth in Sales Performance Target), with an award range of 2.5% to 25% of annual base salary;

Adjusted EBITDA (earnings before income taxes, depreciation and amortization, equity-based compensation expense and one-time expenses) of breakeven to \$1,580,000 (the Growth in Adjusted EBITDA Performance Target), with an award range of 2.5% to 25% of annual base salary; and

0% to 10% growth in the volume-weighted average value of the Company's share price in the second half of 2010 compared with the first half of 2010, excluding the effect of issuance of new shares of the

Table of Contents

Company and discounted sales of the Company's shares in 2010 (the Growth in Volume Weighted Average of Share Price Performance Target), with an award range of 5% to 50% of annual base salary.

No Base Bonus awards were to be made without the achievement of positive Adjusted EBITDA in 2010. If Base Bonus performance targets were met, awards were to be paid in a combination of cash and shares of common stock. In addition, each executive would be entitled to receive options to acquire shares of common stock equal in number to 20% of the executive's annual base salary, as determined in U.S. dollars.

Peak Bonus. Each Named Executive Officer also was eligible to earn a Peak Bonus of up to 100% of his annual base salary. Peak performance bonuses were only possible if the Company achieved (i) net sales growth of at least 10% and Adjusted EBITDA of at least breakeven and (ii) either net sales growth of 30% or Adjusted EBITDA of \$1,580,000. If these thresholds were met, then the following additional performance targets had to be achieved in order for executives to receive a Peak Bonus award:

Adjusted EBITDA of \$1,580,000 to \$2,500,000, with an award range of nil to 50% of annual base salary; and

10% to 30% growth in total capitalization (calculated by comparing the Company's stockholders' equity as of December 31, 2010 against our stockholders' equity as of January 31, 2010), with an award range of nil to 50% of annual base salary.

Achievement of Base and Peak Performance Targets in 2010. The Company's 2010 financial performance relevant to incentive bonus awards payable to our Named Executive Officers included:

Base Bonus:

Growth in Sales Performance Target: net sales growth of 19.5%, resulting in an award of approximately 13% of annual base salary to each Named Executive Officer;

Growth in Adjusted EBITDA Performance Target: Adjusted EBITDA of \$1,097,000, resulting in an award of approximately 18% of annual base salary to each Named Executive Officer;

Growth in Volume Weighted Average of Share Price Performance Target: 12% growth in the volume-weighted average of the Company's share price, resulting in an award of 50% of annual base salary to each Named Executive Officer.

As a result, Base Bonus awards equal to approximately 81% of annual base salary were made in cash and shares of common stock to each of our Named Executive Officers for achievement of 2010 Base Bonus performance targets. Additionally, each Named Executive Officer received options to purchase shares of the Company's common stock, equivalent in number to 20% of his respective annual base salary. These awards are reflected in the Summary Compensation Table below.

Peak Bonus: Peak Bonus performance thresholds were not met for 2010, resulting in no Peak Bonus awards to Named Executive Officers for the performance period.

As provided under the 2010 Bonus Plan, incentive bonus amounts earned for 2010 were paid in a combination of cash and shares, initially based on an equal distribution of the two forms of award. As approved by the Compensation Committee, certain of our executives, including our eligible Named Executive Officers, elected to convert some or all of the cash portion of their Base Bonus awards for 2010 into additional shares of the Company's stock, with an additional conversion premium of 25% for electing to receive shares instead of cash. (For example, for an award of \$10,000 and 10,000 shares, a conversion of 50% of the cash bonus to shares would result in a revised award distribution of \$5,000 in cash and 16,250 shares. The 16,250 share amount

Table of Contents

reflects the original 10,000 share amount, the 5,000 converted shares and an additional 25% premium to the converted shares, or 1,250 shares.) These share awards are reflected in the Summary Compensation Table below. All shares of common stock and options awarded under the 2010 Plan are fully vested and the shares are subject to a two-year contractual lock-up.

Under the 2010 Bonus Plan, Mr. Ashour received a total bonus of \$248,512 consisting of \$58,474 in cash and 72,511 shares of Common Stock, as well as vested options to purchase 57,534 shares. Mr. Ashour's annual base salary was CHF 300,000 per his employment agreement with the Company, and remained unchanged in 2010. Mr. Ashour's compensation reflects his role as Chief Executive Officer of the Company and the performance of the Company in fiscal 2010.

Under the 2010 Bonus Plan, Mr. Denton-Thompson received a total bonus of \$171,713 consisting of \$40,403 in cash and 50,102 shares of Common Stock, as well as vested options to purchase 39,754 shares. Mr. Denton-Thompson's annual base salary was \$150,000 in cash and 50,000 in shares per his employment agreement with the Company, and remained unchanged in 2010. Mr. Denton-Thompson's compensation reflects his role as Chief Financial Officer of the Company and the performance of the Company in fiscal 2010. Mr. Denton-Thompson has chosen to defer acceptance of the portion of his 2010 salary payable in shares and the portion of his 2010 bonus payable in shares. In addition, In February 2011, the Compensation Committee approved an increase in Mr. Denton-Thompson's base salary to \$225,000 cash and eliminated the share portion in recognition of the scope of his responsibilities and the growth and complexity of the Company in 2010.

Mr. Midland entered into an amendment to his employment agreement with the Company in July 2010 to reflect a reduction in Mr. Midland's annual base salary from \$250,000 to \$210,000 in order to more closely align his base salary with salary levels of the Company's other executives, including those executives who had joined the Company from Bluehill ID. Under the 2010 Bonus Plan, Mr. Midland received a total bonus of \$210,380 consisting of 80,272 shares of Common Stock, as well as vested options to purchase 46,000 shares.

Dr. Mueller entered into a new employment agreement with the Company, effective April 1, 2010, under which Dr. Mueller's annual base salary was reduced from \$200,000 to \$150,000, in order to more closely align his base salary with salary levels of the executives who had joined the Company from Bluehill ID. In return for this decrease, Dr. Mueller received a one-time breakup fee in the amount of \$50,000 and became eligible to participate in the Company's 2010 Executive Bonus and Incentive Plan at the 100% level. Under the 2010 Bonus Plan, Dr. Mueller received a total bonus of \$114,896 consisting of \$65,655 in cash, and 43,840 shares of Common Stock, as well as vested options to purchase 40,067 shares. In addition, in February 2010, Mr. Mueller was awarded a special performance stock bonus of 60,000 shares for his contribution in managing and successfully completing the business combination with Bluehill ID. 50% of these shares are subject to a 24-month lock-up.

Under the 2010 Bonus Plan, Mr. Tassone received a total bonus of \$153,668 consisting of 58,633 shares of Common Stock, as well as vested options to purchase 33,600 shares. Mr. Tassone's annual base salary was \$168,000 per his employment agreement with the Company, and remained unchanged in 2010. In February 2011, the Compensation Committee, in recognition of additional responsibilities assumed by Mr. Tassone and the increased scope and complexity of IP issues, increased Mr. Tassone's base salary to \$200,000.

Mr. Marx, our former CEO and COO, entered into a new employment agreement with the Company effective March 1, 2010. Under his new employment agreement, Mr. Marx's base salary was reduced from \$280,000 to \$204,000 in order to more closely align his base salary with salary levels of the executives who had joined the Company from Bluehill ID. In return for this decrease, Mr. Marx received a one-time breakup fee in the amount of \$80,000 and became eligible to participate in the Company's 2010 Executive Bonus and Incentive Plan at the 100% level. MR. Marx resigned in December 2010 and was not eligible for any bonuses under the 2010 Bonus Plan. However, in February 2010, Mr. Marx was awarded a special performance stock bonus of

180,000 shares for his contribution in managing and successfully completing the business combination with Bluehill ID. Mr. Marx declined to accept his share award during 2010 due to anticipated adverse tax consequences. Upon his resignation from the Company, Mr. Marx relinquished his right to this share award. The terms and conditions of Mr. Marx's termination agreement with the Company are described below in the Executive Compensation section under Employment Agreements; Termination / Change in Control Payments.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transaction Policy

The Audit Committee of the Board of Directors, among its other duties and responsibilities, reviews and monitors all related party transactions and in November 2008 adopted changes to the Company's Related Party Transaction Policies and Procedures (the Policy). Under the Policy, our Board of Directors is required to review and approve the material terms of all Interested Transactions involving a related party (including directors, director nominees, executive officers, greater-than-5% beneficial owners, and their respective immediate family members), subject to certain exceptions. An Interested Transaction is any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which (1) the aggregate amount involved will or may be expected to exceed \$100,000 per year or \$30,000 in any quarter, (2) the Company is a participant and (3) any related party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity). In determining whether to approve or ratify an Interested Transaction, our Board of Directors is required to take into account, among other factors it deems appropriate, whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction.

Exceptions to the Policy include Interested Transactions for which standing pre-approval has been authorized, such as the hiring of executive officers and the payment of compensation to directors, where such compensation is required to be disclosed in the Company's annual, quarterly or current filings; transactions involving competitive bids; and regulated transactions, such as for the rendering of regulated services, for example with a public utility. At least annually, a summary of new transactions covered by the standing pre-approvals described above is provided to the Audit Committee for its review.

To ensure the Policy is being followed, the Company requires each of its non-employee directors and each of its executive officers to provide and update information about related party relationships and related party transactions on a quarterly and annual basis. This information is reviewed by the Company's corporate accounting personnel, which also reviews its sales and purchasing transactions on an ongoing basis to identify any transactions with known related parties.

Our Related Party Transaction Policy is in writing and has been communicated by management to its employees.
