PROXY STATEMENT

FOR THE 2011 ANNUAL MEETING OF STOCKHOLDERS

JUNE 14, 2011

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We have sent you this proxy statement and the enclosed proxy card because the Board of Directors (Board of Directors) of ICO Global Communications (Holdings) Limited (Company or ICO) is soliciting your proxy to vote at the 2011 Annual Meeting of Stockholders (Annual Meeting).

The Company intends to mail this proxy statement and accompanying proxy card on or about April 29, 2011 to all stockholders of record entitled to vote at the Annual Meeting.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on April 18, 2011 (Record Date) will be entitled to vote at the Annual Meeting. On this Record Date, there were 200,412,660 shares of Class A common stock outstanding and entitled to vote (one vote per share) and 53,660,000 shares of Class B common stock outstanding and entitled to vote (ten votes per share).

Stockholders of Record: Shares Registered in Your Name

If on the Record Date your shares were registered directly in your name with ICO's transfer agent, BNY Mellon Shareowner Services, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on the Record Date your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization (your Broker), then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by your Broker. As a beneficial owner, you have the right to direct your Broker regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your Broker.

What am I voting on?

There are four (4) proposals scheduled for a vote:

Election of eight (8) directors;

Approval of an advisory (non-binding) resolution on executive compensation;

Table of Contents

An advisory (non-binding) vote on the frequency of future advisory votes on executive compensation; and

Ratification of the selection of the independent registered public accounting firm of Deloitte & Touche LLP as independent auditor of the Company for its fiscal year ending December 31, 2011.

How do I vote?

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting, vote by proxy using the enclosed proxy card, vote by proxy over the telephone, or vote by proxy on the Internet. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote using the proxy card, you must complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

To vote over the telephone, dial toll-free 1-866-540-5760 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from your enclosed proxy card. Your vote must be received by 11:59 PM Eastern Time on June 13, 2011, the day prior to the Annual Meeting, to be counted.

To vote on the Internet, go to <http://www.proxyvoting.com/icog> to complete an electronic proxy card. You will be asked to provide the company number and control number from your enclosed proxy card. Your vote must be received by 11:59 PM Eastern Time on June 13, 2011, the day prior to the Annual Meeting, to be counted.

Beneficial Owner: Shares Registered in the Name of Broker

If you are a beneficial owner of shares registered in the name of your Broker, you received these proxy materials from your Broker rather than from ICO. To vote by proxy, you must complete and return to your Broker the proxy card, as directed by your Broker, to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your Broker. To vote in person at the Annual Meeting, you must obtain a valid proxy from your Broker. You may contact your Broker to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

How many votes do I have?

On each proposal to be voted upon, you will have one vote for each share of Class A common stock you own as of the Record Date and ten votes for each share of Class B common stock you own as of the Record Date.

What if I return a proxy card but do not make specific choices?

If you are a stockholder of record and return a signed and dated proxy card without marking any voting selections, your shares will be voted **For** the election of all eight (8) nominees for director, **For** the advisory (non-binding) resolution on executive compensation, **1-Year** on the recommended duration between advisory (non-binding) votes on executive compensation, and **For** the ratification of the selection of the independent registered public accounting firm of Deloitte & Touche LLP as independent auditor of the Company for its fiscal year ending December 31, 2011. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Table of Contents

Who is paying for this proxy solicitation?

The Company will pay for the entire cost of soliciting proxies. Directors and employees will not be paid any additional compensation for soliciting proxies. The Company also reimburses Brokers for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a timely written notice that you are revoking your proxy to the Company's Corporate Secretary at 2300 Carillon Point, Kirkland, Washington 98033.

You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy. If your shares are held by your Broker, you must follow the instructions provided by your Broker in order to revoke your proxy.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count votes as follows: (i) **For** and **Withhold** with respect to the election of directors; (ii) **For**, **Against**, and **Abstain** with respect to the advisory (non-binding) resolution on executive compensation; (iii) **1 Year**, **2 Years**, **3 Years**, and **Abstain** with respect to the non-binding recommendation on the frequency of future advisory votes on executive compensation, and (iv) **For**, **Against**, and **Abstain** with respect to the ratification of the Company's independent auditor. Abstentions will be counted towards the vote total for each proposal and will have the same effect as **Against** votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

What are Broker non-votes ?

If your shares are held by your Broker as your nominee (that is, in street name) and you do not provide instructions to your Broker, your Broker can vote your shares with respect to the ratification of the Company's independent auditor, which is a discretionary item, but not with respect to any of the other three proposals addressed at the Annual Meeting, all of which are non-discretionary items.

How many votes are needed to approve each proposal?

For Proposal No. 1, Election of Directors, the eight (8) nominees receiving the most **For** votes (from the holders of votes of shares present in person or represented by proxy and entitled to vote on the election of directors) will be elected. Only votes **For** will affect the outcome of the vote for election of directors.

For Proposal No. 2, Approval of an advisory (non-binding) resolution on executive compensation, the proposal must receive **For** votes from the holders of a majority of shares present in person or by proxy to be approved. If you **Abstain** from voting, it will have the same effect as an **Against** vote.

Table of Contents

For Proposal No. 3, An advisory (non-binding) vote on the frequency of future advisory votes on executive compensation, stockholders will be able to specify one of four choices for this proposal on the proxy card: 1 year, 2 years, 3 years or abstain and, therefore, stockholders will not be voting to approve or disapprove the recommendation. The choice that receives the most votes will be the recommendation of the stockholders.

For Proposal No. 4, Ratification of the selection of the independent registered public accounting firm of Deloitte & Touche LLP as independent auditor, the proposal must receive For votes from the holders of a majority of shares present in person or by proxy to be approved. If you Abstain from voting, it will have the same effect as an Against vote.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding shares representing a majority of the combined voting power of the outstanding Class A common stock and Class B common stock are present at the meeting in person or represented by proxy. On the Record Date, there were 200,412,660 shares of Class A common stock outstanding and 53,660,000 shares of Class B common stock outstanding, representing an aggregate of 737,012,660 potential votes, thereby requiring holders of shares representing 368,506,331 votes to be present in person or represented by proxy to have a quorum.

If there is no quorum, the Chairman of the meeting may adjourn the meeting to another date or time.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in a Form 8-K to be filed with the U.S. Securities and Exchange Commission (SEC) on or before June 20, 2011.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (*e.g.*, Brokers) to satisfy the delivery requirements for the annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials with respect to two or more stockholders sharing the same address by delivering a single annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of Brokers with account holders who are ICO's stockholders will be householding our proxy materials. A single annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your Broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials, please notify your Broker. Upon written or oral request, we will promptly deliver a separate copy of the annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials, as applicable, to a stockholder at a shared address to which a single copy of the documents was delivered. Direct your written request to ICO, 2300 Carillon Point, Kirkland, Washington 98033, Attn: General Counsel. Stockholders who currently receive multiple copies of the proxy statement at their addresses and would like to request householding of their communications should contact their Brokers.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS**

The Company does not have a Nominating and Governance Committee (See INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE Selection and Composition of the Board of Directors and Standing Committees Controlled Company). For this year's Annual Meeting, the Board of Directors appointed the Compensation Committee (the Compensation Committee) to identify and nominate the individuals to stand for election as directors at the Annual Meeting. Each person nominated for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unable to serve. Each nominee who is elected at the Annual Meeting will hold office until the next annual meeting of stockholders and until his successor is elected, or, if sooner, until the director's death, resignation or removal. Each nominee is currently a director of the Company who was previously elected by the stockholders. Mr. Rowan, who currently serves on the Board of Directors, will not stand for re-election at the Annual Meeting. There were no disagreements between Mr. Rowan and the Company on any matter relating to its operations, policies or practices. The Company encourages nominees for directors and directors to attend the Annual Meeting.

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy. The eight (8) nominees receiving the highest number of affirmative votes will be elected.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Selection and Composition of the Board of Directors and Standing Committees

Controlled Company

ICO is a controlled company under the Nasdaq Marketplace Rules because 65.7% of its voting power is held by a group consisting of Eagle River Satellite Holdings, LLC (ERSH), Eagle River Partners, LLC (ERP), Eagle River, Inc (ERI), Craig O. McCaw, and Benjamin G. Wolff. As a controlled company, ICO is exempt from: (i) Nasdaq's requirement that a majority of the Board of Directors consist of independent directors, (ii) Nasdaq's requirement that the compensation of officers be determined, or recommended to the Board of Directors for determination, by a majority of the independent directors or a compensation committee comprised solely of independent directors, and (iii) Nasdaq's requirement that director nominees be selected, or recommended for the Board of Directors' selection, by a majority of the independent directors or a nominating committee comprised solely of independent directors with a written charter or board resolution addressing the nomination process.

Nomination Process

Consistent with its status as a controlled company, the Board of Directors has not established a nominating committee comprised solely of independent directors and has not adopted a nominating committee charter or a policy for the nomination of directors, nor does the Company have a formal policy on diversity for its Board of Directors. Instead, the Board of Directors, as a nominating group, typically consults with the Company's counsel to ensure that its nominations are consistent with relevant securities and other laws and regulations, including those set forth in pertinent Nasdaq listing standards. For the 2011 Annual Meeting, the Board of Directors delegated the nomination process to its Compensation Committee and then approved the Compensation Committee recommendations. In addition to nominations by the Board of Directors, stockholders may nominate directors or recommend nominees to the Board of Directors in a manner provided by Delaware law and by the Bylaws of the Company (the Bylaws). During the year ended December 31, 2010, there were no changes to the procedures by which stockholders may nominate directors or recommend nominees to our Board of Directors.

Board of Directors Independence

Notwithstanding the Company's controlled company exemption, Messrs. Emerson, Fox, Rowan, Sloan and Thompson are independent directors within the meaning of the applicable Nasdaq listing standards. As such, a majority of the Company's directors are currently independent, as are all members of the Company's Audit Committee and Compensation Committee.

Audit Committee Independence

The Board of Directors has determined that Messrs. Emerson, Fox, Rowan and Thompson are independent (as independence is currently defined in Nasdaq Marketplace Rule 4350(d)(2)(A)(i) and (ii)). In appointing Mr. Fox as the new chair of the Audit Committee in October 2010, the Board of Directors recognized that Mr. Fox qualifies as an audit committee financial expert, based on a qualitative assessment of Mr. Fox's level of knowledge and experience, including his formal education, his service as chief financial officer of a public reporting company, and his role as a managing partner for the Seattle office of a major international accounting firm. The Board of Directors also determined that Mr. Rowan, the prior chair of the Audit Committee, qualifies as an audit committee financial expert, as defined in the applicable rules of the SEC and Nasdaq. The Board of Directors made a qualitative assessment of Mr. Rowan's level of knowledge and experience based on a number of factors, including his formal education and experience as a chief financial officer for public reporting companies.

PROPOSAL 2

APPROVAL OF AN ADVISORY (NON-BINDING) RESOLUTION ON EXECUTIVE COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act), the Company is required to include in this proxy statement and present at its Annual Meeting an advisory (non-binding) stockholder resolution to approve the compensation of our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC. This proposal, commonly known as a say-on-pay proposal, gives stockholders the opportunity to endorse or not endorse the compensation of the Company s executives as disclosed in this proxy statement. The proposal will be presented at the Annual Meeting in the form of the following resolution:

RESOLVED, that the stockholders of the Company approve, on an advisory (non-binding) basis, the compensation of the Company s named executive officers, as disclosed in the Compensation Discussion and Analysis, the compensation tables and related material in the proxy statement for the Company s 2011 Annual Meeting of stockholders.

This vote will not be binding on our Board of Directors or Compensation Committee and may not be construed as overruling a decision by the Board of Directors or Compensation Committee or create or imply any additional fiduciary duty. It will also not affect any compensation paid or awarded to any executive. The Board of Directors and the Compensation Committee may, however, take into account the outcome of the vote when considering future executive compensation arrangements.

The purpose of our compensation policies and procedures is to attract and retain experienced, highly qualified executives critical to our long-term success and enhancement of stockholder value. We believe that our compensation policies and procedures are strongly aligned with the long-term interests of our stockholders. As discussed in the Compensation Discussion and Analysis, the Board of Directors and Compensation Committee believe that the executive compensation for 2010 is reasonable and appropriate, is justified by the Company s performance in an extremely difficult environment and is the result of a carefully considered approach.

PROPOSAL 3

APPROVAL OF AN ADVISORY (NON-BINDING) RECOMMENDATION ON THE FREQUENCY OF

FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

Under the Dodd-Frank Act, the Company is required to ask its stockholders, no less frequently than every six (6) years, to recommend a one (1), two (2), or three (3) year duration between advisory votes on executive compensation. This proposal is commonly known as a say-when-on-pay proposal. After careful consideration and dialogue with our stockholders, the Compensation Committee and the Board of Directors have determined that holding an advisory (non-binding) vote on executive compensation every year is the most appropriate policy for the Company at this time and recommends that stockholders vote for future advisory (non-binding) stockholder votes on executive compensation to occur every year. This vote on the frequency of future votes on executive compensation is non-binding on the Compensation Committee and the Board of Directors, and the Compensation Committee and the Board of Directors anticipate a careful review of the voting results.

Stockholders will be able to specify one of four choices for this proposal on the proxy card: 1 year, 2 years, 3 years or abstain and, therefore, stockholders will not be voting to approve or disapprove the recommendation. The choice that receives the most votes will be the recommendation of the stockholders. Notwithstanding the Compensation Committee and the Board of Directors' recommendation and the outcome of the stockholder vote, the Compensation Committee and the Board of Directors may in the future decide to conduct advisory (non-binding) votes on a more or less frequent basis and may vary the practice based on factors such as discussions with stockholders and the adoption of material changes to compensation programs.

Neither the Company's Bylaws nor other governing documents or law require stockholder ratification of the selection of Deloitte & Touche LLP as the Company's independent auditor. However, the Audit Committee is submitting the selection of Deloitte & Touche LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditor at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

The primary goals of the Company's executive officer compensation program are to tie compensation to achievement of specified performance objectives, to attract and retain talented and dedicated executives, and to align the Company's executive officers' interests with those of its stockholders. The elements of this executive compensation program (some or all of which may be applicable to any particular executive) include the following: base salary, annual bonus, equity incentive compensation and other compensation. Each element is designed to achieve one or more of the Company's goals regarding performance, alignment and retention. While the Compensation Committee sets and oversees compensation policy for all of the Company's executive officers and directors, this discussion and analysis is limited to compensation granted to the Company's named executive officers.

Performance

One goal of the Company's executive compensation program is to reward individual performance and contributions toward Company performance. Stock options and restricted stock awards, the value of which are contingent upon the performance of the Company's share price and subject to vesting schedules that require continued service and the achievement of certain performance conditions, were designed to achieve this goal. Similarly, base compensation amounts and cash bonuses were designed to reward responsibilities, demonstrated leadership, and management experience and effectiveness.

Alignment

The Company seeks to align the interests of its named executive officers with those of its stockholders by evaluating executive performance on the basis of key operational measurements which the Company believes closely correlate to long-term stockholder value. The element of compensation that most directly aligns the interests of named executive officers with stockholders is equity incentive compensation, which links a significant portion of compensation to stockholder value because the total value of those awards is tied to stock price appreciation.

Retention

The Company has historically competed for executive talent in the technology and telecommunications industries. Accordingly, in 2010, as in prior years, the Company paid competitive salaries as well as a competitive total compensation package. In the future, the Company will continue to compete for executive talent with other small and mid-cap public companies generally, and specifically with those companies with a business focus similar to the Company's business focus. To encourage retention of its named executive officers, the Company makes a substantial portion of the named executive officers' compensation dependent upon continued service. The Company's equity incentive compensation awards require long-term continued service to receive any, or the maximum, payout.

Implementing the Company's Objectives

The Compensation Committee determines compensation for named executive officers after reviewing the overall performance of the Company and evaluating executive performance during the year. The Compensation Committee evaluates executive performance based upon leadership, operational performance, responsibilities, and career with the Company. Specific factors affecting compensation decisions for the Company's named executive officers include:

achievement of specific operational goals for the Company, including sustained progress in furtherance of its business; and

Table of Contents

achievement of strategic objectives such as maintaining the value of the Company's assets, including those related to taxes, litigation and spectrum; entering into key transactions; and achieving financial and other corporate goals.

Management's Role

The Chief Executive Officer, in conjunction with the Director of Human Resources, coordinates the annual review of the compensation programs for all of the Company's named executive officers, other than the Chief Executive Officer. This annual review includes an evaluation of individual and Company performance, competitive practices and trends, and various compensation issues. Based on the outcomes of this review, the Chief Executive Officer makes recommendations to the Compensation Committee regarding the compensation of each of the named executive officers, other than the Chief Executive Officer. Management also makes recommendations to the Compensation Committee regarding executive compensation design.

Compensation Committee

The Compensation Committee is responsible for the review, evaluation and approval of (i) programs to ensure that compensation plans and levels are reasonable, consistent with the Company's stated compensation objectives and consistent with the Company's business goals and objectives; and (ii) the compensation for the Company's executive officers and directors. As part of its function, the Compensation Committee also conducts an annual review of the Chief Executive Officer and approves his annual compensation. From January 1, 2010 to October 8, 2010, the members of the Compensation Committee were Mr. Thompson, who served as chair, and Mr. Rowan. Beginning October 8, 2010, the members of the Compensation Committee were Mr. Thompson, who continues to serve as chair, Mr. Fox, and Mr. Sloan.

Annual Review of Executive Compensation

The pay of each executive officer is not determined by formula but by comparison to positions with similar responsibilities and impact on operations in the market generally and within our Company. The Compensation Committee evaluates each named executive officer's total compensation, equity holdings and merit history, including management's recommendations regarding the appropriate compensation for each named executive officer other than the Chief Executive Officer. In making its decisions on each named executive officer's compensation, the Compensation Committee considers the nature and scope of all elements of the executive officer's total compensation package, responsibilities, and his or her effectiveness in supporting the Company's key strategic, operational and financial goals. The Compensation Committee also considers recommendations from the Chief Executive Officer regarding total compensation for those officers reporting directly to him. Consistent with this approach, in 2010, the Compensation Committee reviewed the information prepared by management, considered each executive's contribution to the achievement of strategic goals and objectives, the executive's overall compensation and other factors to determine the appropriate level and mix of incentive compensation.

Chief Executive Compensation

Consistent with the evaluation process described above, the Compensation Committee approved the following compensation package for Mr. Wolff, the Company's Chief Executive Officer, President, and Chairman, Board of Directors, which took effect as of January 1, 2010: (i) base compensation of \$500,000 annually, (ii) a discretionary annual bonus equal to 100% of his base salary, (iii) a restricted stock grant of 2,000,000 shares of the Company's Class A common stock, of which 25% vests upon resolution of the Boeing litigation in a manner satisfactory to the Board of Directors, with an additional 25% vesting upon procurement of financing or completion of a transaction that unlocks the value of the Company's net operating losses, with the remaining 50% vesting in four equal annual installments, and (iv) options to purchase up to 2,000,000 shares of the Company's Class A common stock. If the Company terminates the employment of Mr. Wolff without cause, or if Mr. Wolff leaves the Company for good reason, the Company must: (a) pay an amount equal to two times the sum of his base salary then in effect plus 100% of his target bonus, (b) continue health benefits for up to two

(2) years, subject to certain conditions, and (c) vest all options and shares of restricted stock in which he would have vested through the second anniversary of the date of termination.

Employment Letters and Consulting Agreements for 2010 Named Executive Officers

Messrs. Bagley, Day, and Zufall, who perform services primarily for the Company's direct and indirect subsidiaries, were compensated in the manner described in such officers' employment letters or consulting agreements with DBSD's subsidiary, DBSD Satellite Services G.P. (DBSD Satellite). Each such employment letter or consulting agreement provides for a base salary or base compensation, subject to adjustment from time to time. DBSD Satellite may terminate each executive's employment relationship at any time. If Mr. Bagley's employment is terminated without cause, DBSD Satellite must pay him 30 days' salary (or may elect to give 30 days' notice in the alternative) and one month of medical and dental benefits, plus a pro-rated bonus. From and after the effective date of the plan of reorganization for DBSD, Mr. Bagley will be entitled to six months of base salary if he is terminated without cause. If Mr. Day's employment is terminated without cause, DBSD Satellite must pay him six months' salary (or may elect to give six months notice in the alternative). If Mr. Zufall's employment is terminated without cause, DBSD Satellite must pay him six months' salary. These post-employment obligations will remain with DBSD Satellite upon DBSD's emergence from bankruptcy. For additional information about the employment agreements with Messrs. Bagley, Day, and Zufall, see Potential Payments upon Termination or Change in Control below.

Mr. Leybold's appointment is on an interim basis through a contractual arrangement with Tatum, LLC. His consulting agreement provides for base compensation, subject to adjustment from time to time. Mr. Leybold's appointment may be terminated by providing 30 days' prior written notice.

Equity Grant Practices

The Company's equity grant process authorizes the Company's Chief Executive Officer to grant options to newly hired employees and consultants, subject to certain limitations. Each such option must have an exercise price equal to the closing share price on the date of grant, which is to be made on the 15th of each month that is on or after the service provider's service start date. The shares covered by the option are limited in number by executive position (up to 250,000 shares for an executive who is a senior vice president). In addition, the total number of shares covered by options granted by the Chief Executive Officer cannot exceed 2,000,000 shares unless further approval is obtained from the Board of Directors. For new hires not subject to the process described above, the Board of Directors (either by itself or through the Compensation Committee) continues to approve option grants, with an exercise price equal to the closing share price on the date of grant, which is to be made on the 15th of the month that is on or following the new hire's or consultant's start date.

Compensation Elements

The Company's executive compensation program includes the following elements: base salary, annual bonus, equity incentive compensation and other compensation (which collectively represent an executive officer's total direct compensation, as reported below). For 2010, the mix of the total direct compensation elements for each of the named executive officers is as follows:

Percent of Total Direct Compensation

Officer	Base Salary and Other Compensation	Annual Bonus and Non-Equity Incentive Compensation	Equity and Long-Term Incentive Awards
Mr. Wolff	9.8%	9.3%	80.9%
Mr. Leybold	100.0%	0.0%	0.0%
Mr. Bagley	78.2%	21.8%	0.0%
Mr. Day	78.2%	21.8%	0.0%
Mr. Zufall	78.2%	21.8%	0.0%

Table of Contents

Base Compensation

Base compensation for the Company's named executive officers is established based on the scope of their responsibilities, taking into account the Compensation Committee's judgment in its determination of competitive salaries paid by other companies for similar positions. There were no increases in base pay for any of our named executive officers during 2010.

Annual Bonus Structure

The employment agreement for Mr. Wolff provides that he is eligible for a discretionary annual bonus equal to 100% of his salary. The employment arrangements for Messrs. Bagley, Day, and Zufall provide that they are eligible for a discretionary annual bonus based on 30% of each executive's base salary. In addition to these bonus awards, as described in the respective executive employment agreements, the Compensation Committee has the authority to award discretionary annual bonuses and to set the terms and conditions of those bonuses.

Equity Incentive Compensation

The Company's equity incentive compensation program consists of stock options and restricted stock awards. The Company grants equity awards as long-term incentive compensation for its named executive officers. Equity awards allow the executive to acquire and maintain stock ownership in the Company and encourage the executive to remain employed by the Company or its direct or indirect subsidiaries to satisfy the vesting conditions. The equity awards are granted under the 2000 Stock Incentive Plan as Amended and Restated Effective June 15, 2007 (*Plan*). The Plan permits the grant of options and stock awards. The Company records stock-based compensation expense on stock options and restricted stock awards issued to its named executive officers in accordance with Accounting Standards Codification (*ASC*) 718, *Stock Compensation* (formerly Statement of Financial Accounting Standards 123 (revised 2004), *Share-Based Payment* (*ASC* 718)).

Other Compensation

Each executive officer who is an employee is eligible to participate in the health, medical and other benefits made available by the Company or its direct or indirect subsidiaries. The employer pays the monthly premiums for health, dental, vision insurance, long-term disability and life insurance for all employees. Additionally, for the period from January 1, 2010 to December 31, 2010, the employer made a non-elective employer contribution to employee 401(k) accounts equal to 8% of the employee's base salary.

2010 Compensation

2010 Bonus Awards

In March 2011, the Company's Compensation Committee recommended that cash bonuses be awarded to the Company's named executive officers (other than Mr. Leybold, whose consulting agreement does not include a bonus component) at 100% of target, based upon 2010 performance and the individual executive officer's performance for 2010. In April 2011, DBSD's compensation committee ratified the bonuses, which were awarded at 100% of target. As a result, Messrs. Bagley, Day and Zufall received from DBSD bonuses of \$86,612, \$82,256, and \$78,408 respectively. Mr. Wolff was also awarded 100% of his bonus (\$500,000), but at his recommendation, the Compensation Committee approved 50% (\$250,000) to be paid immediately with the remaining 50% (\$250,000) deferred until after the Company resolves the Boeing litigation and thereby improves liquidity. In April 2011, after the Company received proceeds from the sale of DBSD to DISH Network, the Compensation Committee reversed its decision and authorized the payment of the remaining 50% (\$250,000) of Mr. Wolff's bonus.

Potential Payments upon Termination or Change in Control

The following summaries and table set forth potential payments payable to our named executive officers upon termination of their engagement or a change in control of the Company under their employment letter agreements, consulting agreements and our Plan. Actual payments may be more or less than the amounts described below. In addition, the Company may enter into new arrangements or modify these arrangements, from time to time.

Benjamin G. Wolff. The Company has entered into an employment agreement with Benjamin G. Wolff. Under the agreement, Mr. Wolff's employment is at-will, and he is subject to termination with or without cause. However, if the Company terminates Mr. Wolff without Cause or if he resigns for Good Reason (as those terms are defined in his employment agreement), and upon execution of a release of claims, he is entitled to: (i) payment of an amount equal to two times the sum of his base salary then in effect plus 100% of his target bonus, (ii) continuation of health benefits for up to two (2) years subject to certain conditions, and (iii) vesting of all options and shares of restricted stock in which he would have vested had he remained actively employed through the second anniversary of the date of termination. The total cost of such termination payments would be

Table of Contents

in excess of \$2,000,000. If Mr. Wolff resigns or is terminated for Cause, he will be entitled to a lump sum payment of accrued base salary through the date of termination, the value of accrued but unused vacation time, and reimbursement of reasonable business expenses.

David Bagley. DBSD Satellite has entered into an executive employment agreement with David Bagley. Either DBSD Satellite or Mr. Bagley may terminate the agreement for any reason with 30 days' written notice or, in lieu of notice, DBSD Satellite may pay Mr. Bagley one month's base salary, one month of medical and dental benefits, plus a pro-rated bonus. DBSD Satellite may also terminate his employment for Cause (as that term is defined in his employment agreement) without notice, in which case Mr. Bagley will not be entitled to any further compensation, including unpaid bonuses or benefits, other than his accrued salary, accrued but unused vacation time and reimbursement of expenses. Following the effective date of the plan of reorganization for DBSD, Mr. Bagley will be entitled to six months of base salary if he is terminated without cause. The total cost of such termination payments would be in excess of \$150,000. In the event of Mr. Bagley's death, the amount payable under his life insurance policy would be \$483,000.

Robert S. Day, Jr. DBSD Satellite has entered into an executive employment agreement with Robert S. Day, Jr. for an indefinite term. While Mr. Day's employment is at-will, he and DBSD Satellite are each required to provide at least six months' notice prior to termination, other than in the case of termination for Cause (as that term is defined in his employment agreement). DBSD Satellite, however, has the right to pay him his salary in lieu of notice, and Mr. Day may also elect to take a payment rather than continuing his employment during the six-month notice period. The total cost of such termination payments would be in excess of \$150,000. In the event of Mr. Day's death, the amount payable under his life insurance policy would be \$392,000.

David Zufall. DBSD Satellite has entered into an executive employment agreement with David Zufall for an indefinite term. While Mr. Zufall's employment is at-will, Mr. Zufall will be entitled to six months of base salary if he is terminated without Cause (as that term is defined in his employment agreement). In the event of Mr. Zufall's death, the amount payable under his life insurance policy would be \$500,000.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related-Person Transactions Policy and Procedures

All proposed related-party transactions are subject to review and approval by the Audit Committee although the Company has not adopted a written policy regarding the approval of related party transactions. In determining whether to approve or ratify a related-party transaction, the Audit Committee will take into account, among other factors deemed appropriate, whether the related-party transaction is on terms no more favorable to the counterparty than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction. To assist with the identification of potential related-party transactions, we solicit information through questionnaires in connection with the appointment of new directors and executive officers and on an annual basis with respect to existing directors and executive officers.
