NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying Consolidated Financial Statements have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and footnotes required by generally accepted accounting principles (GAAP) for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These statements should be read in conjunction with the Consolidated Financial Statements and notes thereto included in the Company s Annual Report on Form 10-K for the year ended January 30, 2011, as filed with the Securities and Exchange Commission.

Business

The Home Depot, Inc. and subsidiaries (the Company) operate The Home Depot stores, which are full-service, warehouse-style stores averaging approximately 105,000 square feet in size. The stores stock approximately 30,000 to 40,000 different kinds of building materials, home improvement supplies and lawn and garden products that are sold to do-it-yourself customers, do-it-for-me customers and professional customers.

Valuation Reserves

As of July 31, 2011 and January 30, 2011, the valuation allowances for Merchandise Inventories and uncollectible Receivables were not material.

2. LONG-TERM DEBT

In March 2011, the Company issued \$1.0 billion of 4.40% Senior Notes due April 1, 2021 at a discount of \$2 million and \$1.0 billion of 5.95% Senior Notes due April 1, 2041 at a discount of \$4 million (together, the March 2011 issuance). Interest on these Senior Notes is due semi-annually on April 1 and October 1 of each year, beginning October 1, 2011. The net proceeds of the March 2011 issuance were used to repurchase \$1.0 billion of the Company s common stock through an Accelerated Share Repurchase (ASR) agreement and the balance of the net proceeds were used to repay the Company s 5.20% Senior Notes that matured March 1, 2011 in the aggregate principal amount of \$1.0 billion. The \$6 million discount associated with the March 2011 issuance is being amortized over the term of the Senior Notes using the effective interest rate method. Issuance costs were approximately \$15 million and are being amortized over the term of the Senior Notes.

The Senior Notes may be redeemed by the Company at any time, in whole or in part, at the redemption price plus accrued interest up to the redemption date. The redemption price is equal to the greater of (1) 100% of the principal amount of the Senior Notes to be redeemed, or (2) the sum of the present values of the remaining scheduled payments of principal and interest to maturity. Additionally, if a Change in Control Triggering Event occurs, as defined by the terms of the March 2011 issuance, holders of the March 2011 issuance have the right to require the Company to redeem those notes at 101% of the aggregate principal amount of the notes plus accrued interest up to the redemption date. The Company is generally not limited under the indenture governing the Senior Notes in its ability to incur additional indebtedness or required to maintain financial ratios or specified levels of net worth or liquidity. Further, while the indenture governing the Senior Notes contains various restrictive covenants, none is expected to impact the Company s liquidity or capital resources.

In May 2010, the Company entered into a forward starting interest rate swap agreement with a notional amount of \$500 million, which was accounted for as a cash flow hedge, to hedge interest rate fluctuations in anticipation of the March 2011 issuance. Upon the March 2011 issuance, the Company settled this forward starting interest rate swap agreement for an immaterial amount.

Table of Contents**THE HOME DEPOT, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****(Unaudited)****3. ACCELERATED SHARE REPURCHASE**

In March 2011, the Company entered into an ASR agreement with a third-party financial institution to repurchase \$1.0 billion of the Company's common stock. Under the agreement, the Company paid \$1.0 billion to the financial institution, using a portion of the proceeds from the March 2011 issuance, and received an initial delivery of approximately 21 million shares in the first quarter of fiscal 2011. The transaction was completed in the second quarter of fiscal 2011, with the Company receiving an additional 6 million shares. The \$1.0 billion of shares repurchased are included in Treasury Stock in the accompanying Consolidated Balance Sheets as of July 31, 2011. The final number of shares delivered upon settlement of the agreement was determined with reference to the average price of the Company's common stock over the term of the ASR agreement.

4. DEBT GUARANTEE EXTENSION

In connection with the sale of HD Supply, Inc. (HD Supply) on August 30, 2007, the Company guaranteed a \$1.0 billion senior secured amortizing term loan of HD Supply. The Company is responsible for up to \$1.0 billion and any unpaid interest in the event of nonpayment by HD Supply. As reported in the quarterly report on Form 10-Q of HD Supply for the period ended May 1, 2011, the outstanding balance of this term loan as of May 1, 2011 was \$935 million. The guaranteed loan is collateralized by certain assets of HD Supply. The original expiration date of the guarantee was August 30, 2012. On March 19, 2010, the Company amended the guarantee to extend the expiration date to April 1, 2014. The fair value of the guarantee at August 30, 2007 was \$16 million and was recorded as a liability of the Company in Other Long-Term Liabilities. The extension of the guarantee increased the fair value of the guarantee to \$67 million, resulting in a \$51 million charge to Interest and Other, net, for the first quarter and first six months of fiscal 2010.

5. FAIR VALUE MEASUREMENTS

The fair value of an asset is considered to be the price at which the asset could be sold in an orderly transaction between unrelated knowledgeable and willing parties. A liability's fair value is defined as the amount that would be paid to transfer the liability to a new obligor, rather than the amount that would be paid to settle the liability with the creditor. Assets and liabilities recorded at fair value are measured using a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1 Observable inputs that reflect quoted prices in active markets
- Level 2 Inputs other than quoted prices in active markets that are either directly or indirectly observable
- Level 3 Unobservable inputs in which little or no market data exists, therefore requiring the Company to develop its own assumptions

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The assets and liabilities of the Company that are measured at fair value on a recurring basis as of July 31, 2011 and January 30, 2011 were as follows (amounts in millions):

	000,000	000,000	000,000	000,000	000,000	000,000
	Fair Value at July 31, 2011 Using			Fair Value at January 30, 2011 Using		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Derivative agreements - assets	\$	\$ 85	\$	\$	\$ 47	\$
Derivative agreements - liabilities		(56)			(40)	
Total	\$	\$ 29	\$	\$	\$ 7	\$

Edgar Filing: HOME DEPOT INC - Form 10-Q

The Company uses derivative financial instruments from time to time in the management of its interest rate exposure on long-term debt and its exposure on foreign currency fluctuations. The fair value of the Company's derivative financial instruments was measured using level 2 inputs.

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

The assets and liabilities of the Company that were measured at fair value on a nonrecurring basis during the six months ended July 31, 2011 and August 1, 2010 were as follows (amounts in millions):

	Fair Value Measured During the Six Months Ended July 31, 2011 - Level 3	Gains (Losses)
Lease obligation costs, net	\$(139)	\$7
Total for the first six months of fiscal 2011		\$7

	Fair Value Measured During the Six Months Ended August 1, 2010 - Level 3	Gains (Losses)
Lease obligation costs, net	\$(177)	\$ (8)
Guarantee of HD Supply loan	\$ (67)	(51)
Total for the first six months of fiscal 2010		\$(59)

Lease obligation costs were related to certain store closings and the exit of certain businesses in fiscal 2009 and 2008. These charges were measured on a nonrecurring basis using fair value measurements with unobservable inputs (level 3).

The guarantee of the HD Supply loan was measured on a nonrecurring basis using fair value measurements with unobservable inputs (level 3), as further discussed in Note 4.

Long-lived assets were analyzed for impairment on a nonrecurring basis using fair value measurements with unobservable inputs (level 3). Impairment charges related to long-lived assets in the first six months of fiscal 2011 and 2010 were not material.

The Company completed an assessment on the recoverability of Goodwill for one of its reporting units in the first six months of fiscal 2011. The fair value of the Company's reporting unit was based on the potential selling price of the reporting unit. The impairment charge related to this Goodwill assessment was not material.

The aggregate fair value of the Company's Senior Notes, based on quoted market prices, was \$11.2 billion and \$9.8 billion at July 31, 2011 and January 30, 2011, respectively, compared to a carrying value of \$10.3 billion and \$9.3 billion at July 31, 2011 and January 30, 2011, respectively.

6. BASIC AND DILUTED WEIGHTED AVERAGE COMMON SHARES

The reconciliation of basic to diluted weighted average common shares for the three and six months ended July 31, 2011 and August 1, 2010 was as follows (amounts in millions):

Edgar Filing: HOME DEPOT INC - Form 10-Q

	Three Months Ended		Six Months Ended	
	July 31, 2011	August 1, 2010	July 31, 2011	August 1, 2010
Weighted average common shares	1,568	1,653	1,585	1,666
Effect of potentially dilutive securities:				
Stock plans	9	10	10	10
Diluted weighted average common shares	1,577	1,663	1,595	1,676

Stock plans consist of shares granted under the Company's employee stock plans. Options to purchase 30 million and 42 million shares of common stock for the three months ended July 31, 2011 and August 1, 2010, respectively, and options to purchase 26 million and 40 million shares of common stock for the six months ended July 31, 2011 and August 1, 2010, respectively, were excluded from the computation of Diluted Earnings per Share because their effect would have been anti-dilutive.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders

The Home Depot, Inc.:

We have reviewed the Consolidated Balance Sheets of The Home Depot, Inc. and subsidiaries as of July 31, 2011, the related Consolidated Statements of Earnings and Comprehensive Income for the three-month and six-month periods ended July 31, 2011 and August 1, 2010, and the related Consolidated Statements of Cash Flows for the six-month periods ended July 31, 2011 and August 1, 2010. These Consolidated Financial Statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the Consolidated Financial Statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with standards of the Public Company Accounting Oversight Board (United States), the Consolidated Balance Sheet of The Home Depot, Inc. and subsidiaries as of January 30, 2011, and the related Consolidated Statements of Earnings, Stockholders' Equity and Comprehensive Income, and Cash Flows for the year then ended (not presented herein); and in our report dated March 24, 2011, we expressed an unqualified opinion on those Consolidated Financial Statements. In our opinion, the information set forth in the accompanying Consolidated Balance Sheet as of January 30, 2011, is fairly stated, in all material respects, in relation to the Consolidated Balance Sheet from which it has been derived.

EXECUTIVE SUMMARY AND SELECTED CONSOLIDATED STATEMENTS OF EARNINGS DATA

For the second quarter of fiscal 2011, we reported Net Earnings of \$1.4 billion and Diluted Earnings per Share of \$0.86 compared to Net Earnings of \$1.2 billion and Diluted Earnings per Share of \$0.72 for the second quarter of fiscal 2010. For the first six months of fiscal 2011, we reported Net Earnings of \$2.2 billion and Diluted Earnings per Share of \$1.36 compared to Net Earnings of \$1.9 billion and Diluted Earnings per Share of \$1.14 for the first six months of fiscal 2010.

Net Sales increased 4.2% to \$20.2 billion for the second quarter of fiscal 2011 from \$19.4 billion for the second quarter of fiscal 2010. For the first six months of fiscal 2011, Net Sales increased 2.2% to \$37.1 billion from \$36.3 billion for the first six months of fiscal 2010. Our comparable store sales increased 4.3% in the second quarter of fiscal 2011, driven primarily by a 3.3% increase in our comparable store average ticket. Comparable store sales for our U.S. stores increased 3.5% in the second quarter of fiscal 2011.

In the first six months of fiscal 2011, we continued to focus on the following four key initiatives:

Customer Service Our focus on customer service is anchored on the principles of taking care of our associates, putting customers first and simplifying the business. The roll out of our Customers FIRST training to all store associates and support staff has brought simplification and focus across the business and is part of our ongoing commitment to improve customer service levels in our stores. In the second quarter of fiscal 2011, we piloted a new scheduling system for our associates that will eliminate approximately 30 hours per store per week of manual scheduling activity. With the time saved on scheduling activity, we can increase the time allocated to customer facing activity. We plan to have this rolled out throughout the U.S. by the end of fiscal 2011.

Product Authority Our focus on product authority is facilitated by our merchandising transformation and portfolio strategy, including innovation, assortment and value. In an effort to improve our special order performance, we are digitizing our vendor catalogs and expect to complete this process in the third quarter of fiscal 2011. This will make the special order process both simpler and more accurate for our associates and will provide the foundation for a new special order sales dashboard that will give our merchants greater visibility into special order pricing and performance.

Productivity and Efficiency Our approach to driving productivity and efficiency starts with disciplined capital allocation focused on building best-in-class competitive advantages in information technology and supply chain, as well as building shareholder value through higher returns on invested capital and total value returned to shareholders in the form of dividends and share repurchases. Since the completion of the roll out of our Rapid Deployment Centers (RDCs) in fiscal 2010, we continue to improve delivery and service to U.S. stores and at the same time leverage the cost of moving goods. During the second quarter of fiscal 2011, we settled our \$1.0 billion Accelerated Share Repurchase (ASR) agreement. We received a total of 27 million shares under the ASR agreement in the first six months of fiscal 2011, including 6 million shares upon settlement of the ASR agreement in the second quarter of fiscal 2011. Also during the first six months of fiscal 2011, we repurchased an additional 36 million shares of our common stock through the open market.

Interconnected Retail Our focus on interconnected retail is based on the view that providing a seamless shopping experience across multiple channels will be a critical enabler for future success. Our multiple channel focus is allowing us to greatly expand our assortment of merchandise, and we are making the investment to build these capabilities, including the roll out of Buy On-Line, Pick-up in Store. We had over 100 stores with Buy On-Line, Pick-up in Store as of the end of the second quarter of fiscal 2011, and the roll out to our U.S. stores should be complete in the third quarter of fiscal 2011.

We opened one new store in Mexico and closed one store destroyed by a tornado during the second quarter of fiscal 2011, for a total store count of 2,245 at the end of the second quarter of fiscal 2011. As of the end of the second quarter of fiscal 2011, a total of 273 of these stores, or 12.2%, were located in Canada, Mexico and China compared to 268 stores, or 11.9%, as of the end of the second quarter of fiscal 2010.

We generated \$4.5 billion of cash flow from operations in the first six months of fiscal 2011. We used a portion of this cash flow to fund \$1.3 billion of share repurchases in addition to shares purchased under the ASR agreement, pay \$798 million of dividends, and fund \$469 million in capital expenditures.

At the end of the second quarter of fiscal 2011, our long-term debt-to-equity ratio was 58.9% compared to 39.7% at the end of the second quarter of fiscal 2010. Our return on invested capital (computed on net operating profit after tax for the trailing twelve months and the average of beginning and ending long-term debt and equity) was 13.5% for the second quarter of fiscal 2011 compared to 11.5% for the second quarter of fiscal 2010.

Table of Contents**RESULTS OF OPERATIONS**

Net Sales for the second quarter of fiscal 2011 increased 4.2% to \$20.2 billion from \$19.4 billion for the second quarter of fiscal 2010. For the first six months of fiscal 2011, Net Sales increased 2.2% to \$37.1 billion from \$36.3 billion for the comparable period in fiscal 2010. The increase in Net Sales for the second quarter and first six months of fiscal 2011 reflects the impact of positive comparable store sales. Total comparable store sales increased 4.3% for the second quarter of fiscal 2011 compared to an increase of 1.7% for the second quarter of fiscal 2010. For the first six months of fiscal 2011, total comparable store sales increased 2.0% compared to an increase of 3.2% for the same period of fiscal 2010.

The positive comparable store sales for the second quarter and first six months of fiscal 2011 reflects a number of factors. Our performance in the second quarter of fiscal 2011 was driven by our seasonal business and outdoor projects, repair business from the harsh winter and spring storms, and strength in our core departments. The majority of our departments posted positive comparable store sales for the second quarter and first six months of fiscal 2011, and comparable store average ticket increased 3.3% and 2.5% for the second quarter and first six months of fiscal 2011, respectively. Comparable store sales for our Building Materials, Electrical, Kitchen/Bath, Indoor Garden, Outdoor Garden and Tools product categories were above the Company average, and comparable store sales for Hardware was at the Company average for the second quarter of fiscal 2011. Comparable store sales for our Paint, Plumbing and Flooring product categories were positive but less than the Company average for the second quarter of fiscal 2011. Comparable store sales in Lighting were flat while Lumber and Millwork were negative for the second quarter of 2011.

Gross Profit increased 4.5% to \$6.9 billion for the second quarter of fiscal 2011 from \$6.6 billion for the second quarter of fiscal 2010. Gross Profit increased 2.7% to \$12.7 billion for the first six months of fiscal 2011 from \$12.4 billion for the first six months of fiscal 2010. Gross Profit as a percent of Net Sales increased 8 basis points to 34.0% for the second quarter of fiscal 2011 compared to 33.9% for the second quarter of fiscal 2010. For the first six months of fiscal 2011, Gross Profit as a percent of Net Sales was 34.3% compared with 34.1% for the comparable period of fiscal 2010, an increase of 16 basis points. The increase in gross profit margin in the second quarter and first six months of fiscal 2011 was driven by benefits arising from our merchandising portfolio approach and our supply chain transformation in the U.S.

Selling, General and Administrative Expense (SG&A) increased 1.4% to \$4.2 billion for the second quarter of fiscal 2011 from \$4.1 billion for the second quarter of fiscal 2010, and was \$8.2 billion for the first six months of both fiscal 2011 and 2010. As a percent of Net Sales, SG&A was 20.7% for the second quarter of fiscal 2011 compared to 21.3% for the second quarter of fiscal 2010. For the first six months of fiscal 2011, SG&A as a percent of Net Sales was 22.1% compared to 22.6% for the same period last year. The decrease in SG&A as a percent of Net Sales for the second quarter and first six months of fiscal 2011 reflects expense leverage in the positive comparable store sales environment partially offset by a \$32 million impairment charge for a non-core carpet cleaning and cabinet refinishing business that the Company intends to sell.

Depreciation and Amortization decreased 2.5% to \$396 million for the second quarter of fiscal 2011 from \$406 million for the second quarter of fiscal 2010. For the first six months of fiscal 2011, Depreciation and Amortization decreased 2.9% to \$793 million from \$817 million for the same period of fiscal 2010. Depreciation and Amortization as a percent of Net Sales was 2.0% for the second quarter of fiscal 2011 compared to 2.1% for the second quarter of fiscal 2010, and was 2.1% for the first six months of fiscal 2011 compared to 2.3% for the same period in fiscal 2010. The decrease in Depreciation and Amortization was a function of an increased number of fully depreciated assets.

Operating Income increased 12.0% to \$2.3 billion for the second quarter of fiscal 2011 from \$2.0 billion for the second quarter of fiscal 2010. Operating Income increased 10.8% to \$3.7 billion for the first six months of fiscal 2011 from \$3.4 billion for the first six months of fiscal 2010.

In the second quarter of fiscal 2011, we recognized \$146 million of Interest and Other, net, compared to \$148 million in the second quarter of fiscal 2010. We recognized \$285 million of Interest and Other, net, in the first six months of fiscal 2011 compared to \$337 million for the same period last year. Interest and Other, net, as a percent of Net Sales was 0.7% for the second quarter of fiscal 2011 compared to 0.8% for the second quarter of fiscal 2010. For the first six months of fiscal 2011, Interest and Other, net, as a percent of Net Sales was 0.8% compared to 0.9% for the same period last year. Interest and Other, net, for the first six months of fiscal 2010 reflects a \$51 million pretax charge taken in the first quarter of fiscal 2010 related to the extension of our guarantee of a senior secured loan of HD Supply, Inc.

Our combined effective income tax rate was 36.6% for the first six months of fiscal 2011 compared to 36.5% for the comparable period of fiscal 2010.

Table of Contents

Diluted Earnings per Share were \$0.86 and \$1.36 for the second quarter and first six months of fiscal 2011, respectively, compared to \$0.72 and \$1.14 for the second quarter and first six months of fiscal 2010, respectively. Diluted Earnings per Share for the second quarter and first six months of fiscal 2011 reflect \$0.04 and \$0.06, respectively, of benefit from repurchases of our common stock in the last 12 months.

LIQUIDITY AND CAPITAL RESOURCES

Cash flow generated from operations provides us with a significant source of liquidity. During the first six months of fiscal 2011, Net Cash Provided by Operating Activities was \$4.5 billion compared to \$3.4 billion for the same period of fiscal 2010. This increase was primarily a result of an increase in Net Earnings, changes in inventory levels and other net working capital items.

Net Cash Used in Investing Activities for the first six months of fiscal 2011 was \$442 million compared to \$363 million for the same period of fiscal 2010. This change was primarily due to increased Capital Expenditures.

Net Cash Used in Financing Activities for the first six months of both fiscal 2011 and 2010 was \$2.0 billion. In March 2011, we issued \$1.0 billion of 4.40% Senior Notes due April 1, 2021 at a discount of \$2 million and \$1.0 billion of 5.95% Senior Notes due April 1, 2041 at a discount of \$4 million (together, the March 2011 issuance). Interest on these Senior Notes is due semi-annually on April 1 and October 1 of each year, beginning October 1, 2011. The net proceeds of the March 2011 issuance were used to repurchase \$1.0 billion of our common stock, and the balance of the net proceeds were used to repay our 5.20% Senior Notes that matured March 1, 2011 in the aggregate principal amount of \$1.0 billion.

In connection with the March 2011 issuance, we entered into an ASR agreement with a third-party financial institution to repurchase \$1.0 billion of our common stock. Under the agreement, in the first quarter of fiscal 2011 we paid \$1.0 billion to the financial institution and received an initial delivery of approximately 21 million shares. The transaction was completed in the second quarter of fiscal 2011, at which time we received an additional 6 million shares. Also during the first six months of fiscal 2011, we repurchased an additional 36 million shares of our common stock for \$1.3 billion through the open market. As of the end of the second quarter of fiscal 2011, \$7.6 billion remained under our share repurchase authorization.

In May 2010, we entered into a forward starting interest rate swap agreement with a notional amount of \$500 million, which was accounted for as a cash flow hedge, to hedge interest rate fluctuations in anticipation of the March 2011 issuance. Upon the March 2011 issuance, we settled this forward starting interest rate swap agreement for an immaterial amount.

We have commercial paper programs that allow for borrowings up to \$2.0 billion. In connection with the programs, we have a back-up credit facility with a consortium of banks for borrowings up to \$2.0 billion. As of July 31, 2011, there were no borrowings outstanding under the commercial paper programs or the related credit facility. The credit facility expires in July 2013 and contains various restrictive covenants. As of July 31, 2011, we were in compliance with all of the covenants, and they are not expected to impact our liquidity or capital resources.

As of July 31, 2011, we had \$2.6 billion in Cash and Cash Equivalents. We believe that our current cash position, access to the debt capital markets and cash flow generated from operations should be sufficient to enable us to complete our capital expenditure programs and fund dividend payments, share repurchases and any required long-term debt payments through the next several fiscal years. In addition, we have funds available from our commercial paper programs and the ability to obtain alternative sources of financing.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

The following information updates, and should be read in conjunction with, Item 3, Legal Proceedings, of the Company's Form 10-K. Except as set forth below, there are no other material changes during the second quarter of fiscal 2011 to our disclosure in Item 3 of our Form 10-K.

As reported on page 12 of our Form 10-K, in September 2010, the Company was contacted by district attorneys in three counties in California within the South Coast Air Quality Management District (the SCAQMD) and the City of Los Angeles regarding allegations that the Company sold products in those counties with VOC (volatile organic compound) levels in excess of amounts permitted by SCAQMD rules. In June 2011, two related complaints were filed in the Superior Court of California County of Los Angeles against the Company. The first action was brought by the SCAQMD and alleges that the Company sold products with higher-than-permitted VOC levels. This action seeks \$30 million in civil penalties and injunctive relief. The second action was brought by the Los Angeles City Attorney and the district attorneys of each of Orange, Riverside and San Bernadino counties and alleges that the Company engaged in unfair business practices and false advertising when selling these products. This action seeks unspecified civil penalties and injunctive relief. Although the Company cannot predict the outcomes of these matters, it does not expect either to have a material adverse effect on its consolidated financial condition or results of operations.

Item 1A. Risk Factors

In addition to the other information set forth in this Form 10-Q, you should carefully consider the factors discussed under Item 1A, Risk Factors and elsewhere in our Form 10-K. These risks and uncertainties could materially and adversely affect our business, financial condition and results of operations. Our operations could also be affected by additional factors that are not presently known to us or by factors that we currently consider immaterial to our business. There have been no material changes in the risk factors discussed in our Form 10-K.
