Item 2.05 Costs Associated with Exit or Disposal Activities.

On October 24, 2011, Newtek Business Services, Inc. (the Company) entered into an agreement, effective November 1, 2011, to sublease its corporate and lending office facility located at 1440 Broadway, New York, NY. The Company remains obligated under its original lease. In conjunction with the sublease, the Company also entered into two new lease agreements for smaller spaces located in New York City and West Hempstead, NY, both effective November 1, 2011.

In accordance with accounting for exit and disposal activities and based on the remaining obligation of the original lease and the estimated sublet income, the Company will record a pretax charge to earnings of approximately \$1.1 million upon the cease-use date, representing the present value of the amount by which the rent and other direct costs paid by the Company to the landlord exceeds any rent to be received by the Company under the sublease over the remainder of the lease term, which expires in October 2015.

The sublease and related transactions will significantly reduce the Company's future operating expense and improve its cash flows by approximately \$1.4 million over the four year term remaining on the 1440 Broadway lease. The Company forecasts that its new rent expense beginning in 2012 will be approximately \$500 thousand per year over the next three years, an annual expense reduction of approximately \$625 thousand per year.

A press release announcing the foregoing is filed as Exhibit 99.1 to this Current Report on Form 8-K.
