Edgar Filing: NOBILITY HOMES INC - Form NT 10-Q

Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and if, appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Registrant is currently in the process of reviewing its accounting treatment regarding valuation of its inventory of pre-owned manufactured homes for prior reporting periods with the Staff of the SEC. Until the Staff has completed its review of the Registrant's accounting treatment, the Registrant is unable to determine the impact, if any, such valuation will have on results of operations.

The Registrant expects to recognize an income statement charge of approximately \$3.5 million in its fourth quarter of the fiscal year ended November 5, 2011. These expected losses are due to the Registrant increasing its valuation reserve for its repossessed inventory. This increase in the Registrant's valuation reserve is due to the Registrant's Finance Revenue Sharing Agreement with 21st Mortgage Corporation being amended to eliminate the Registrant's further reimbursement from 21st Mortgage for losses on sales or refurbishment of repurchased homes. The Registrant's obligation to repurchase repossessed homes is also terminated.
