**Notice of Annual Meeting of Shareholders
and Proxy Statement**

To be Held on May 23, 2012

Dear Shareholder:

We invite you to attend our Annual Meeting of Shareholders on May 23, 2012, in Birmingham, Alabama. At the meeting, you will hear a report on our operations and have an opportunity to meet our directors and executives.

This booklet includes the formal notice of the meeting and the Proxy Statement. The Proxy Statement tells you more about the agenda and procedures for the meeting. It also describes how our Board of Directors operates and provides information about the nominees to our Board.

We are pleased again to take advantage of U.S. Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. As a result, this Notice of Annual Meeting of Shareholders contains instructions on how to access and review our Proxy Statement and our 2011 Annual Report over the Internet. We believe this process allows us to provide our shareholders with the information they need in a timelier manner.

All shareholders are important to us. We want your shares to be represented at the meeting and urge you either to use the electronic voting system, if available to you through your broker, or to promptly complete and return your proxy form.

James H. Romaker
Secretary

Birmingham, Alabama

GENERAL INFORMATION

Who May Vote

Shareholders, as recorded in our stock register on March 28, 2012, may vote at the meeting. As of that date, we had 11,799,408 shares of common stock outstanding. Each share of common stock is entitled to one vote on each matter to be considered at the meeting.

How to Vote

You may vote in person at the meeting or by proxy. We recommend you vote by proxy even if you plan to attend the meeting. You can always change your vote at the meeting.

Written Proxy. All shareholders can vote by completing and returning the attached proxy card.

Telephone and Internet Proxy. Some shareholders can also vote by touchtone telephone and/or the Internet. The use of electronic voting via the telephone and the Internet is dependent upon how a shareholder holds shares and, if held through a broker, each shareholder's particular broker. Please follow the instructions provided on the proxy card if electronic voting is made available to you and if you wish to vote electronically. Please note that you may be unable to access electronic voting after 11:59 p.m., May 22, 2012.

Access to the Notice of Annual Meeting, Proxy Statement, Annual Report on Form 10-K and the Annual Report to Shareholders

The Notice of Annual Meeting, Proxy Statement and 2011 Annual Report to Shareholders are available under the Investor Relations section of our website located at www.infinityauto.com. The Annual Report on Form 10-K is also available under the Investor Relations section of our website located at www.infinityauto.com. We will also provide a copy of any of these documents to any shareholder free of charge, upon request by calling (205) 803-8186, by e-mailing investor.relations@infinity-insurance.com or by writing to: Infinity Property and Casualty Corporation, Attn: Investor Relations, 3700 Colonnade Parkway, Suite 600, Birmingham, AL 35243.

Street Name Holders. If you hold your shares in a bank or brokerage account, your bank or broker may also provide you copies of these documents electronically. Please check the information provided in the proxy materials mailed to you by your bank or broker regarding the availability of this service.

How Proxies Work

Our Board of Directors is asking for your proxy. Giving us your proxy means you authorize us to vote your shares at the meeting in the manner you direct. You may vote for all, some or none of our director candidates. You may also vote for or against the other proposals or abstain from voting on any or all matters.

If you sign and return the enclosed proxy card but do not specify how to vote, your shares will be voted in accordance with the recommendations of our Board of Directors, namely FOR our director candidates, FOR the ratification of Ernst & Young LLP as our independent registered public accounting firm for the 2012 fiscal year and FOR the approval, on an advisory basis, of the compensation of the Company's named executive officers as disclosed in this Proxy Statement. If any other matters properly come before the meeting or any postponement or adjournment thereof, each properly executed proxy card will be voted in the discretion of the named proxies. Management has not received proper notice of any matters to be presented at the meeting other than those proposed in this Proxy Statement.

Banks or brokers holding shares for beneficial owners must vote those shares as instructed. If the bank or broker has not received instructions from you, the beneficial owner, the bank or broker generally has discretionary voting power only with respect to the ratification of appointment of the independent registered public accounting firm for the 2012 fiscal year. It is therefore important that you provide instructions to your bank or broker if your shares are held by such a bank or broker so that your vote with respect to all other matters is counted.

You may receive more than one proxy or voting card depending on how you hold your shares. Shares registered in your name are covered by one card. If you hold shares through someone else, such as a stockbroker, you may receive materials from them asking how you wish to vote.

Revoking a Proxy

You may revoke your proxy before it is voted at the meeting by submitting a new proxy with a later date (or by recording a later telephone or Internet proxy), by voting in person at the meeting, or by notifying our Corporate Secretary in writing at the address of our principal executive offices as listed on the front page of the Proxy Statement.

Quorum

In order to carry on the business of the meeting, we must have a quorum. This means that at least a majority of the outstanding shares eligible to vote must be represented at the meeting, either by proxy or in person. Abstentions and broker non-votes are considered present for purposes of determining whether a quorum is present. Broker non-votes occur when a broker returns a proxy card but does not have authority to vote on a particular proposal.

Vote Tabulation

Votes will be tabulated and the results certified by or under the direction of an Inspector of Elections, who may be an employee of ours.

The nine director candidates who receive the greatest number of FOR votes will be elected to serve as directors on the Board. Abstentions and broker non-votes will not be counted as votes cast.

Approval of all other matters at the meeting, including approval, on an advisory basis, of our executive compensation (Proposal 3), or of postponement or adjournment, require the affirmative vote of a majority of the votes cast. Abstentions and broker non-votes will not be counted as votes cast.

Proxy Solicitation

Our Board is soliciting your proxy for use at the Annual Meeting of Shareholders and at any postponement or adjournment of the Annual Meeting of Shareholders. We will bear the costs of the proxy solicitation, including the reimbursement of banks and brokers for reasonable expenses of sending out our proxy materials to the beneficial owners of our common stock. We have engaged D.F. King & Co., Inc. to assist us in soliciting proxies for a fee of \$10,500, plus out-of-pocket expenses. In addition to solicitation by mail, our officers, directors and employees may solicit proxies in person, by telephone, by facsimile and by e-mail.

Other Matters

Any other matters considered at the meeting, including postponement or adjournment, will require the affirmative vote of a majority of the votes cast.

Cumulative Voting

In voting to elect directors, shareholders are entitled to cumulate their votes and to give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of shares held by the shareholder, or to distribute their votes on the same principle among as many candidates as the shareholder so desires. In order to invoke cumulative voting, notice of cumulative voting must be given in writing by a shareholder to our Corporate Secretary at the address as listed on the first page of this Proxy Statement not less than 48 hours prior to the Annual Meeting. The proxies solicited include discretionary authority to cumulate votes.

PROPOSAL 1: ELECTION OF DIRECTORS

Our Amended and Restated Articles of Incorporation provide that the Board of Directors consists of one class of directors with a term ending at each annual meeting of shareholders. The size of the Board shall be deemed to be equal to the number of directors elected at the 2012 Annual Meeting of Shareholders. Based upon the recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has nominated Teresa A. Canida, Jorge G. Castro, James R. Gober, Harold E. Layman, Drayton Nabers, Jr., Samuel J. Simon, Roger Smith, William Stancil Starnes and Samuel J. Weinhoff for re-election to the Board of Directors.

Proxies solicited by the Board will be voted for the election of these nominees. All directors elected at the 2012 Annual Meeting of Shareholders will be elected to hold office until the expiration of each elected director's term at the next Annual Meeting of Shareholders.

We have no reason to believe that any of the director nominees will be unable or unwilling to serve if elected. However, if any director nominee becomes unavailable or unwilling to serve before the election, your proxy card authorizes us to vote for a replacement nominee if the Board names one.

The Board recommends you vote FOR each of the following nominees:

PROPOSAL 2: RATIFICATION OF ERNST & YOUNG LLP AS INFINITY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE 2012 FISCAL YEAR

The Audit Committee of the Board of Directors has recommended the selection and appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2012. If the shareholders do not ratify the selection, the Audit Committee may reconsider its selection or decide to continue the engagement of Ernst & Young LLP. Even if the selection is ratified, the Audit Committee may, in its discretion, appoint a different independent registered public accounting firm at any time during the year if the Audit Committee determines a change would be in the best interests of Infinity and the shareholders.

The Board recommends you vote

FOR

**ratification of Ernst & Young LLP as Infinity's Independent Registered Public Accounting Firm
for the 2012 Fiscal Year.**

PROPOSAL 3: TO APPROVE, ON AN ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd Act), enacted in July 2010, requires that we provide our shareholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

As described in detail below under the heading Compensation Discussion and Analysis, we seek to closely align the interests of our named executive officers with the interests of our shareholders. We structure our programs to discourage excessive risk-taking through a balanced use of compensation vehicles and metrics with an overall goal of delivering sustained long-term shareholder value while aligning our executives' interests with those of our shareholders. Further, our programs require that a substantial portion of each named executive officer's compensation be contingent on delivering performance results that benefit our shareholders. Our compensation programs are designed to reward our named executive officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total shareholder return.

The vote on this matter is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this Proxy Statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission. The vote is advisory, which means that the vote is not binding on the Company, our Board or the Compensation Committee. The Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

Accordingly, we ask our shareholders to approve, on an advisory basis, the compensation of our named executive officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

The Board recommends you vote

FOR

approval of the compensation of our named executive officers as disclosed in this Proxy Statement.

THE BOARD OF DIRECTORS

General

Infinity is an Ohio corporation and, therefore, governed by the corporate laws of Ohio. Because our stock is publicly traded on the NASDAQ Global Select Market and we file reports with the Securities and Exchange Commission, we are also subject to NASDAQ rules as well as various provisions of federal securities laws.

Governance of the corporation is placed in the hands of the directors who, in turn, elect officers to manage the business operations. The Board oversees the management of Infinity on your behalf. It reviews Infinity's long-term strategic plans and exercises direct decision making authority in all major decisions, such as acquisitions, the declaration of dividends and undertaking major capital and financing initiatives.

The full Board of Directors met five times during 2011. During 2011, each director attended at least 75% of the total number of meetings held by the Board and by the Committees on which the director served. The independent members of the Board met two times in 2011 without the presence of management directors.

Our policy is to require director attendance at annual meetings of shareholders. All directors attended the 2011 annual meeting of shareholders.

Leadership Structure

Our Board of Directors has chosen not to separate the roles of Chairman and Chief Executive Officer (CEO) but has utilized a lead director (the Lead Director) since 2004. On May 25, 2011, the independent directors appointed Drayton Nabers, Jr. to serve as the Lead Director and to preside at all Board and Executive Committee meetings until the next annual meeting of shareholders and until his successor is appointed. Our Board, acting through its Nominating and Corporate Governance Committee, has determined, at this time, to utilize a leadership structure of combining the roles of Chairman and CEO based upon the following:

The Company maintains a strong and independent Lead Director, as evidenced by the following:

The Lead Director has prior experience serving as Chairman of a publicly-traded insurance company and is therefore able to act as a strong, independent voice for the independent directors.

The Lead Director resides in Birmingham and is able to meet, in person, with management and serve as a liaison between management and the independent directors in between meetings of the Board.

The Lead Director reviews and approves the agendas for Board meetings.

The Board has established a practice of naming the Lead Director as Chairman of the Nominating and Corporate Governance Committee.

The Lead Director frequently meets with the independent directors outside of the presence of management in executive sessions of Board meetings and, less formally, for dinner on the evening preceding Board meetings.

The Company has not encountered the problems frequently cited by proponents of separating the roles of Chairman and CEO, such as:

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form DEF 14A

Board capture The last three directors nominated to our Board were nominated based upon the recommendation of an independent director, not the CEO or any other employee director, and none of the current independent directors were nominated based upon the recommendation of the CEO or any other employee director.

Fewer Board meetings per year Our Board meets at least five times a year, which it believes to be in-line with the number of Board meetings held by other companies of similar size and complexity.

The presence of a classified Board structure The Company formerly maintained a classified Board structure, but upon the recommendation of the Board, the shareholders voted to declassify the Company's Board in 2007.

The presence of an executive committee The Board does maintain an executive committee. However, the Board believes that the risk of concentration of CEO power through this committee is moderated by:

electing only one (out of a total of four committee members) employee director, the CEO, to serve on this committee;

electing the Lead Director along with two other independent directors to serve on this committee; and

the historical practice of generally limiting the authority exercised by this committee to formally approving certain terms and the written form of agreement for transactions that have previously been discussed and for which the general concept of the transaction has been approved by the full Board.

Our Board believes that an active, independent Lead Director can be just as effective in implementing the corporate governance objectives designed to be achieved by separating the roles of Chairman and CEO.

Risk Oversight

The Company's management, including and under the supervision of the CEO, has the primary responsibility for managing risks to the Company, subject to Board oversight. The Board has delegated certain of its risk oversight responsibilities to various Board committees. Specifically, the Board has assigned oversight of the Company's risk management policies and procedures for risks associated with the Company's investment portfolio to the Investment Committee and for risks associated with the Company's compensation policies and practices to the Compensation Committee. The Board has delegated to the Audit Committee the responsibility for oversight of the Company's risk management policies and procedures, except to the extent that such responsibility is delegated to the Investment or Compensation Committee or otherwise retained by the Board. All Board committees regularly report to the Board regarding matters considered and actions taken at committee meetings. Nevertheless, the Board believes that responsibility for oversight of the Company's risk management efforts ultimately resides with the entire Board. As such, in 2011, the Board reviewed and discussed the Company's risk management policies and procedures as part of a strategic planning session between the Board and senior management. As part of this strategic planning session, the Board considered and established specific risk tolerance thresholds.

The Company has historically conducted annual enterprise risk assessment surveys to identify, monitor and assess risk exposures. Survey participants include the Company's named executive officers, Board members and certain senior managers and professionals in key departments. The survey results are considered by the Board and management in conjunction with the Company's strategic planning process. The Company uses the survey results to identify the most critical risks facing the Company and to assist in its efforts to assess and monitor and to mitigate, control or avoid such risks.

In 2010, management assembled a Risk Management Committee (the Risk Committee), consisting of Messrs. Smith and Simon and other members of management from the Company's legal, internal audit, and accounting and finance departments. This Risk Committee has considered and continues to consider information in the aforementioned survey results to further expound the meaning and nature of and interconnectivity among risk areas. During 2011, the Risk Committee regularly provided the Audit Committee with its findings related to the Company's risk oversight function and, as necessary, management's plans to maintain the Company's risk within the risk tolerance thresholds established by the Board.

THE COMMITTEES OF THE BOARD OF DIRECTORS

The directors have organized themselves into the Nominating and Corporate Governance Committee, Executive Committee, Compensation Committee, Audit Committee, and Investment Committee. Each of the Nominating and Corporate Governance, Compensation, Audit and Investment Committees is composed exclusively of Non-Employee Directors that meet the relevant independence requirements established by the NASDAQ Listing Rules, the Sarbanes-Oxley Act and Securities and Exchange Commission Rule 10A-3 that apply to their particular assignments. Our Board has determined that all nominees for election to the Board, with the exception of Messrs. Gober, Smith and Simon, meet the independence standards of NASDAQ Listing Rule 5605. Each committee's charter is available under the Investor Relations section of our website located at www.infinityauto.com. Our Board has adopted a Code of Ethics, which is available under the Investor Relations section of our website located at www.infinityauto.com and which applies to all directors, executive officers and employees of the Company. A copy of the Code of Ethics will also be provided without charge upon written request sent to our Corporate Secretary at the address shown on the cover page of this Proxy Statement. To the extent permitted by NASDAQ Listing Rule 5610, any amendments to or waivers from the Code of Ethics will be posted on our website within four business days after the date of an amendment. Any amendments to or waivers from the Code of Ethics may be disclosed on Form 8-K filed with the SEC either in addition to or in lieu of the website disclosure.

Our Board has adopted a process to facilitate written communications by shareholders to the Board. Shareholders who wish to write to the Board or a specified director or committee of the Board should send correspondence to the Corporate Secretary at 3700 Colonnade Parkway, Suite 600, Birmingham, Alabama 35243. All communications received from shareholders are screened by the Corporate Secretary and, other than trivial or obscene items, are forwarded to the full Board, or to a specific Board member or committee if designated by the shareholder. Trivial items will be delivered to the Board at its next scheduled meeting. Anyone who wishes to communicate with a specific Board member or committee should send instructions asking that the submitted communication be forwarded to the director or to the appropriate committee chairman.

NOMINATING AND CORPORATE GOVERNANCE COMMITTEE

The Nominating and Corporate Governance Committee is composed of Drayton Nabers, Jr. (Chairman), Harold E. Layman and Samuel J. Weinhoff and met three times during 2011.

The Board of Directors has established a Charter for the Nominating and Corporate Governance Committee, which is available under the Investor Relations section of our website located at www.infinityauto.com and is reviewed annually by the Nominating and Corporate Governance Committee. Under the terms of its Charter, the Nominating and Corporate Governance Committee is responsible for considering and making recommendations concerning the composition, function and needs of the Board and reviewing, evaluating and developing corporate governance guidelines. In fulfilling its duties, the Nominating and Corporate Governance Committee, among other things, shall:

identify individuals qualified to be Board members consistent with criteria established by the Board;

lead all performance evaluations of the Board or of any Board committee;

recommend nominees to the Board for the next annual meeting of shareholders;

review the structure of the Board and its committees;

review each non-employee director's relationships with the Company and recommend to the Board which directors should qualify as independent under applicable SEC and NASDAQ rules;

consider matters of corporate governance and establish and review the Corporate Governance Guidelines implemented by the Board;

consider issues involving possible conflicts of interest of Board members or the Company's senior executives;

review and establish all matters pertaining to compensation, benefits, fees and retainers paid to directors; and

consider and review on an annual basis the succession plans for the Company's named executive officers, with the succession planning for the Chief Executive Officer to be considered in conjunction with the Board.

Directors, members of management, shareholders, or industry or professional organizations may suggest nominees. The Nominating and Corporate Governance Committee is also able to use the services of a third-party executive search firm to assist it in identifying and evaluating possible nominees for director.

In identifying and considering candidates for nomination to our Board, whether recommended by officers, directors, shareholders or others, the Nominating and Corporate Governance Committee considers, in addition to the requirements set out in the Nominating and Corporate Governance Committee Charter, the needs of Infinity, the range of talent and experience represented on the Board and the personal qualities of a candidate that might contribute to the overall diversity of the Board. The Nominating and Corporate Governance Committee also evaluates the ability of a nominee to devote the time and attention necessary to fulfill his or her responsibilities. Shareholders desiring to submit recommendations for nominations by the Nominating and Corporate Governance Committee to the Board should direct them to the Corporate Secretary at the address shown on the cover page of this Proxy Statement.

The Nominating and Corporate Governance Committee recommended at its February 23, 2012 meeting that the Board nominate the current directors for re-election; however, Mr. Thomas had announced his intent to retire from the Board and consequently declined to stand for re-election. The Nominating and Corporate Governance Committee considered the experience, qualifications, attributes and skills, as set forth below, of each such director in recommending the nominees to serve on the Board of Directors.

Nominee	Specific Experience, Qualifications, Attributes and Skills
Teresa A. Canida	This director was nominated to stand for re-election to the Board because of i) her knowledge of the financial markets and investment community, including her experience serving as President and managing principal of an investment advisory firm, ii) her entrepreneurial skills established through co-founding a multi-billion dollar investment advisory firm, iii) her knowledge and understanding of the Company's core Hispanic customer base, and iv) her knowledge of the Company gained through her tenure on its Board of Directors.
Jorge G. Castro	This director was nominated to stand for re-election to the Board because of i) his knowledge of the financial markets and investment community, including his experience serving as CEO of a money management company, ii) his knowledge and understanding of the Company's core Hispanic customer base, and iii) his knowledge of the Company gained through his tenure on its Board of Directors.
James R. Gober	This director was nominated to stand for re-election to the Board because of i) his position as Chairman, CEO and President of Infinity and the Board's belief about the appropriateness of combining the roles of Chairman and CEO, ii) his extensive knowledge and understanding of all facets of Infinity's operations and its personnel gained through his current position and his service with the Company (and its predecessor companies) in various capacities over several decades, iii) his managerial expertise demonstrated through the financial performance of the Company during his tenure, and iv) his extensive knowledge of and experience in the insurance industry.

Nominee	Specific Experience, Qualifications, Attributes and Skills
Harold E. Layman	This director was nominated to stand for re-election to the Board because of i) his managerial expertise gained through his service as Chairman and CEO of a publicly-traded company, ii) his knowledge of and experience in matters of corporate finance and corporate consolidations, and iii) his experience serving as a director of several publicly-traded companies, including Infinity, and his experience serving on the audit and compensation committees of other companies' boards.
Drayton Nabers, Jr.	This director was nominated to stand for re-election to the Board because of i) his managerial expertise gained through his service in various capacities, including as Chairman, CEO and President of a publicly-traded life insurance company and as Director of Finance for the State of Alabama, ii) his legal knowledge and expertise gained through his service as Chief Justice of the Alabama Supreme Court, as General Counsel of a publicly-traded life insurance company, as a clerk for Justice Hugo Black of the U.S. Supreme Court, and as an attorney with a large Birmingham-based law firm, iii) his knowledge and understanding of the insurance industry, and iv) his experience serving on the Board of Directors of several publicly-traded companies, including Infinity and other companies in the financial services industry.
Samuel J. Simon	This director was nominated to stand for re-election to the Board because of i) his legal knowledge and experience in representing and advising boards of publicly-traded companies, including Infinity and its former parent corporation, ii) his extensive knowledge and understanding of the Company and the insurance industry gained through his service to the Company over several decades, and iii) his insight into the Company's operations as a member of the Company's senior management.
Roger Smith	This director was nominated to stand for re-election to the Board because of i) his extensive knowledge and understanding of the Company and the insurance industry gained through his service to the Company over several decades, and ii) his insight into the Company's operations as a member of the Company's senior management.
William Stancil Starnes	This director was nominated to stand for re-election to the Board because of i) his managerial expertise gained through his service as Chairman and CEO of a publicly-traded property and casualty insurance company, as the senior managing partner of a Birmingham-based law firm and as the President of Administration and Planning for a general contracting and construction management firm, ii) his knowledge of the property and casualty insurance industry, including his experience as an attorney representing insurance companies, and iii) his experience serving on the Board of Directors of several publicly-traded companies, including Infinity and other companies in the financial services industry.

AUDIT COMMITTEE**General**

The Audit Committee is composed of Gregory C. Thomas (Chairman), Teresa A. Canida, William Stancil Starnes and Samuel J. Weinhoff and met four times during 2011. Each member of the Audit Committee meets the financial literacy requirements under the NASDAQ Listing Rules. Gregory C. Thomas, a licensed (non-practicing) certified public accountant and former Chief Financial Officer of a public company, has been designated as the Audit Committee financial expert. All members of the Audit Committee are independent as that term is used in the NASDAQ Listing Rules and under Rule 10A-3 of the Securities Exchange Act of 1934.

The Board of Directors has established a Charter for the Audit Committee, which is available under the Investor Relations section of our website located at www.infinityauto.com and is reviewed annually by the Audit Committee.

The Audit Committee oversees our accounting and financial reporting processes and audits of our financial statements by our independent registered public accounting firm (the Independent Auditor). The Audit Committee is responsible for the appointment, compensation, retention and oversight of our Independent Auditor. The Audit Committee also evaluates information received from the Independent Auditor and management to determine whether the Independent Auditor is independent of management. The Independent Auditor reports directly to the Audit Committee. Ernst & Young was the Independent Auditor retained by the Audit Committee for the 2011 fiscal year. Representatives from Ernst & Young will attend the 2012 Annual Meeting of Shareholders and will have an opportunity to make a statement and be available to respond to appropriate questions.

The Audit Committee has established procedures for the receipt, retention and treatment of complaints received by Infinity concerning accounting, internal accounting controls or auditing matters, and has established procedures for the confidential and anonymous submission by employees of any concerns they may have regarding questionable accounting or auditing matters.

FEES PAID TO INDEPENDENT AUDITOR

The Audit Committee approved all of the fees provided below. Aggregate fees billed by Ernst & Young for the fiscal years ended December 31, 2011 and December 31, 2010 were:

	2011	2010
Audit Fees	\$ 1,156,225	\$ 1,157,544
Audit-Related Fees	0	0
Tax Fees	0	0
All Other Fees	0	0
	\$ 1,156,225	\$ 1,157,544

APPROVAL OF AUDIT AND NON-AUDIT SERVICES

The Audit Committee, or its Chairman, pre-approves all audit and non-audit services (including the fees and terms of the services) performed by our Independent Auditor prior to the commencement of such services. The Chairman reports to the full Audit Committee at each of its meetings, and the Audit Committee considers and ratifies, where appropriate, those items that the Chairman properly authorized between meetings. For these purposes, the Audit Committee or its Chairman is provided with information as to the nature, extent and purpose of each proposed service, as well as the approximate timeframe and proposed cost arrangements for that service. No non-audit services were performed by our Independent Auditor during 2011 or 2010.

The Audit Committee has submitted the following report to shareholders:

REPORT OF THE AUDIT COMMITTEE

On February 24, 2011, the Audit Committee retained Ernst & Young as Infinity's independent registered public accounting firm for fiscal year 2011. On August 2, 2011, the Audit Committee met with representatives of Ernst & Young and management and reviewed with them the proposed 2011 Audit Plan.

At its meeting on February 23, 2012, the Audit Committee reviewed and discussed with management and Ernst & Young the results of the 2011 audit, including the audited financial statements and the assessment of the effectiveness of internal controls. The Audit Committee discussed with Ernst & Young the matters that are required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU § 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. Ernst & Young provided the Audit Committee with the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young's communications with the Audit Committee concerning independence. The Audit Committee discussed with Ernst & Young that firm's independence and determined that Ernst & Young was independent.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that Infinity's audited financial statements for the year ended December 31, 2011 be included in its Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

Respectfully submitted,

Audit Committee

INVESTMENT COMMITTEE

The Investment Committee is composed of Jorge G. Castro (Chairman), Teresa A. Canida and Drayton Nabers, Jr. and met seven times during 2011. The Board of Directors has established a Charter for the Investment Committee, which is available under the Investor Relations section of our website located at www.infinityauto.com. The purpose of the Investment Committee is to assist the Board in monitoring, evaluating and overseeing the investment policy, strategies, transactions and performance of the Company and its subsidiaries. The Investment Committee is responsible for reviewing and approving the Company's investment policy. The Company's investment policy contains guidelines, objectives and standards designed to mitigate market, credit and liquidity risks through the establishment of parameters designed to achieve diversification of the Company's fixed income investments. The Company's investment policy also establishes a benchmark index against which the performance of its investment managers is assessed. The Investment Committee is, and pursuant to its Charter is required to be, composed of at least three directors that all satisfy the independence requirements established by the NASDAQ Listing Rules.

EXECUTIVE COMMITTEE

The Executive Committee is composed of James R. Gober (Chairman), Drayton Nabers, Jr., William Stancil Starnes, and Samuel J. Weinhoff and did not meet in 2011. The Executive Committee has the authority to exercise the power and authority of the Board of Directors between meetings of the Board, subject to any limitation imposed by law, the Amended and Restated Articles of Incorporation, the Code of Regulations or any resolution of our Board. On an emergency basis, the Executive Committee has the authority to appoint an interim CEO pending appointment of a permanent or successor interim CEO by the full Board. Our Board has established a Charter for the Executive Committee, which is available under the Investor Relations section of our website located at www.infinityauto.com.

COMPENSATION COMMITTEE

The Compensation Committee is composed of Harold E. Layman (Chairman), Jorge G. Castro, William Stancil Starnes and Gregory C. Thomas and met two times during 2011.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee was an officer or employee of the Company during the year ended December 31, 2011 nor has any member of the Compensation Committee been an officer of the Company or had any relationship requiring disclosure under Item 404 of Regulation S-K.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee is responsible for establishing the Company's executive compensation philosophy and the level of compensation of our named executive officers (the NEOs), which consist of James R. Gober, Chairman, CEO and President; Roger Smith, Executive Vice President, Chief Financial Officer and Treasurer; Samuel J. Simon, Executive Vice President, General Counsel and Assistant Secretary; Glen N. Godwin, Senior Vice President, Business Development and Scott C. Pitrone, Senior Vice President, Product Management. Our Board has established a Charter for our Compensation Committee, which is available under the Investor Relations section of our website at www.infinityauto.com and is reviewed annually by our Compensation Committee.

Executive Summary

2011 Compensation Decisions

We made the following executive compensation decisions in 2011:

We increased the salaries of Messrs. Godwin, Pitrone and Smith by 13.5%, 14.5% and 2.4%, respectively, to bring them more in line with the competitive market. We did not increase the salaries of Messrs. Gober and Simon as they were already market competitive.

We paid annual incentives to the NEOs that were 142.5% of target, representing maximum performance on Growth in Gross Written Premiums, the midpoint between target and maximum performance on Accident-Year Combined Ratio, and below threshold performance on Operating Return on Average Invested Capital.

We granted Performance Share Units to our NEOs for performance over the 2011-2013 Performance Measurement Cycle.

Following the vesting on July 31, 2011 of the restricted stock awards made in 2007, we granted restricted stock to our NEOs with an identical number of restricted shares being granted to each NEO as in 2007. The 2011 restricted stock grant will help to retain our NEOs over the long-term, as the grants have a three-year cliff-vesting period.

The Second Amended and Restated 2008 Performance Share Plan (the Performance Share Plan) for the 2009-2011 Performance Measurement Cycle paid out at 124.7% of target, driven by slightly above the midpoint between target and maximum performance for Growth in Net Written Premiums, slightly below target performance on Statutory Combined Ratio, and a multiplier of 1.25 based on performance on the Compound Annual Growth Rate in Urban Zone Net Written Premiums measure.

In the aggregate:

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form DEF 14A

The total cash compensation (the sum of salary and annual incentive compensation) for the NEOs, as a group decreased by 0.1% for 2011 compared to 2010.

Total direct compensation (the sum of salary, annual incentive compensation, the payout from the Performance Share Plan and the 2011 restricted stock grant) for the NEOs, as a group, increased by 78.6% for 2011 compared to 2010. Excluding the 2011 restricted stock grant, total direct compensation for the NEOs, as a group, increased by 10.2% for 2011 compared to 2010.

The Compensation Committee believes the increase in compensation is an appropriate outcome for the level of financial performance delivered in 2011 and the related total shareholder return experienced by our shareholders.

Each of the 2011 compensation decisions was based on a reassessment in late 2010 of our executive pay programs, undertaken every few years, with the assistance of Pearl Meyer & Partners (PM&P), the Compensation Committee's independent consultant.

At our 2011 annual meeting, Infinity held an advisory vote on the compensation of its NEOs, commonly referred to as a say-on-pay vote. Our shareholders overwhelmingly approved the compensation of our NEOs, with over 98% of votes cast in favor of our 2011 say-on-pay resolution. Based on the results of the 2011 say-on-pay vote, the Compensation Committee concluded that the compensation paid to our NEOs and our overall pay practices have strong shareholder support and do not require substantial revision to address shareholder concerns.

2012 Compensation Decisions

We made the following compensation decisions in early 2012 related to our NEOs:

We granted Performance Share Units to our NEOs and established performance targets for the 2012-2014 Performance Measurement Cycle.

We established performance targets for the Annual Executive Bonus Plan for 2012 performance.

We maintained salaries and target annual incentive opportunities under the Annual Executive Bonus Plan for 2012 at the same levels set in 2011.

Compensation Philosophy and Objectives

Our Compensation Committee focuses on the dual objectives of motivating the NEOs primarily through incentive plans of both short and long-term duration and also retaining them over the long-term. Currently, the incentive plans consist of a cash-based incentive plan based on the achievement of annual performance goals, and the Performance Share Plan that provides payouts in common stock based on the achievement of long-term goals. Our Compensation Committee believes compensation should be designed with sufficient base compensation to be market competitive and to avoid excessive turnover, while also containing a sufficient at-risk component to provide the NEOs with an incentive to perform at or above expectations.

While our Compensation Committee believes incentive compensation should include both a short and a long-term component, the Compensation Committee has not formulated any particular benchmark with respect to the percentage of compensation that should come from each component. Our Compensation Committee considers a number of factors when establishing or recommending overall compensation for the NEOs. These factors include, but are not limited to:

the extent to which corporate financial performance objectives have been met,

the scope of an individual's responsibility and ability to influence the Company's results and strategic initiatives,

financial performance over a sustained period of time,

the alignment of the interests of management with our Company's shareholders,

the compensation levels and practices of peer group companies, and

the level of an individual's experience, past performance and future potential.

It is also our Compensation Committee's view that when considering compensation programs for employees, those occupying the highest positions of authority and responsibility should have a larger portion of their compensation tied to long-term performance and that such compensation should be linked more closely to the performance of the Company's common stock, i.e. equity-based, as compared to those employees occupying lower level positions of authority and responsibility. The Company utilizes a performance share plan in furtherance of this philosophy.

On an annual basis, our Compensation Committee approves incentive plans for the NEOs. Our Compensation Committee believes the Company's operational performance is guided by two primary factors, combined ratio and growth in written premiums, which management must balance to obtain optimum results. Therefore, the annual and long-term incentive compensation plans for the NEOs contain performance goals based on these two factors, i.e. accident-year combined ratio and growth in written premiums, measured either discretely or in combination with each other. Additionally, our Compensation Committee believes return on capital is an important measure of the financial performance of the Company, and thus of significant importance to shareholders. Our Compensation Committee believes that operating return on average invested capital, excluding excess capital, is currently the most appropriate metric for measuring return on capital.

Therefore, as in prior years, growth in gross written premiums, accident-year combined ratio and operating return on average invested capital, excluding excess capital, were components of the NEOs' 2011 annual incentive compensation. Similar measures are in place for the three-year performance period associated with our Performance Share Plan, including Statutory Combined Ratio (including Write Offs and Bad Faith Claims) and Growth in Net Written Premiums as the primary measures coupled with the Compound Annual Growth Rate in Urban Zone Net Written Premiums used as a multiplier. Since the majority of the incentive compensation attainable under both the annual and long-term incentive plans is contingent upon underwriting profitability (as opposed to rewarding growth in premiums without regard to profitability or rewarding gains arising from the Company's investment portfolio), the Compensation Committee believes the incentive compensation plans do not encourage our NEOs to take unnecessary or excessive risks and are directly related to the Company's financial goals and long-term strategy.

Principal Guides and Benchmarks Used for Setting Executive Compensation

Historical Background

In 2010, our Compensation Committee engaged PM&P to assist in selecting a peer group of companies from which to conduct competitive pay, financial performance, pay-for-performance and pay mix analysis, to provide advice regarding compensation decisions for the NEOs based upon such analyses, to review the current NEO employment agreements and, in light of the expiration of such employment agreements during 2011, provide guidance regarding the renewal of such agreements and potential retention incentives for the NEOs, and to review Non-Employee Director compensation. PM&P does not currently and has not previously conducted any business directly with the Company and works only for the Compensation Committee.

In assessing overall compensation levels and practices, PM&P recommended, and our Compensation Committee concurred, that executive pay should be analyzed against the following peer group:

Affirmative Insurance Holdings, Inc.

EMC Insurance Group, Inc.

Erie Indemnity Company

ProAssurance Corporation

RLI Corp.

Safety Insurance Group, Inc.

Selective Insurance Group, Inc.

State Auto Financial Corporation

United Fire & Casualty Company

Zenith National Insurance Corp.*

* Zenith National was acquired during 2010 and is no longer publicly-traded. PM&P initially proposed including Alleghany, Corp.; Harleysville Group, Inc. and Tower Group, Inc. as members of the peer group to obtain a larger statistical sample. However, the Compensation Committee concluded these three companies had disparate business models or customer bases that made them unsuitable for inclusion in the peer group.

PM&P examined the executive compensation data furnished in the 2010 proxy statements of the Company's peer group companies along with data compiled in compensation surveys. PM&P also examined the prior one- and three-year financial performance data, with a focus on profitability metrics in accordance with the Company's strategy, furnished in the Form 10-K filings of the peer group companies along with financial data compiled from third-party information services. In presenting its findings and recommendations, PM&P furnished the Compensation Committee with:

analyses of the following:

the Company's financial performance compared to its peer group, using various size, growth and profitability & return metrics,

the Company's executive compensation (as measured by total direct compensation and total cash compensation and by the salary, annual incentive and long-term incentive components) compared to its peer group, and

the Company's pay-for-performance by comparing the Company's financial performance and executive compensation at targeted incentive levels (as opposed to actual compensation in order to eliminate distortion caused by superior financial performance) to executive compensation at targeted incentive levels of peer group companies and assessing whether the Company's executive compensation is aligned with its stated compensation philosophy,

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form DEF 14A

tally sheets detailing each NEO's 2008, 2009 and estimated 2010 compensation, and

an evaluation of the alignment of the NEOs' employment agreements with both current market practices and institutional investor expectations.

PM&P's findings showed that i) the Company, as compared to the peer group median, is larger in terms of revenue and roughly equal in terms of market capitalization, and ii) the Company has performed at or above the 75th percentile of the peer group over both one- and three-year periods, has delivered exceptional shareholder return and has performed at a high level for an extended period of time. As a result of its relatively larger size and outstanding performance, PM&P advised that it was appropriate for our Compensation Committee to target executive compensation levels at the midpoint between the 50th and 75th percentiles of the peer group.

PM&P noted that Mr. Gober has advocated an egalitarian, as opposed to hierarchical, approach for both performance and non-performance based equity awards to the NEOs. In accordance with Mr. Gober's philosophy, the Compensation Committee has limited grants of restricted stock and, prior to 2011, Performance

Share Units to Mr. Gober to about 111% of the size of the grants made to the other NEOs. Beginning in 2011, Mr. Gober and the other NEOs have received identical grants of Performance Share Units. PM&P noted that this egalitarian approach is fairly unique as compared to the hierarchical approach employed at most other companies, including the peer group companies. PM&P further noted that this approach results in a narrower dispersion of compensation between the NEOs as compared to the named executive officers at the peer group companies. However, given the Company's past financial results and Mr. Gober's strong personal philosophy regarding this team-oriented, egalitarian approach, PM&P did not recommend any departure from this approach in making future equity awards.

PM&P's findings showed total cash compensation for each of the Company's NEOs was below the average of the 50th and 75th percentiles, primarily the result of significantly below market salaries and of below market annual and long-term incentive compensation for Mr. Gober. PM&P's findings also indicated that total direct compensation for Messrs. Gober and Simon was below the average of the 50th and 75th percentiles and for Messrs. Godwin, Pitrone and Smith was within 1% to 3% of the average of the 50th and 75th percentiles and primarily the result of the egalitarian approach to the awarding of Performance Share Units. Finally, PM&P's findings also showed aggregate NEO compensation, as measured by each compensation component, by total cash compensation and by total direct compensation, was below the average of the 50th and 75th percentiles.

PM&P's review of the employment agreements indicated the agreements were well structured and did not significantly depart from either market practices or institutional investor expectations. PM&P also noted the lack of change-in-control protections in the employment agreements is regarded as shareholder friendly. Finally, PM&P noted the Company provides few and relatively immaterial perquisites for its NEOs.

Based upon these findings, PM&P made the following recommendations to the Compensation Committee:

increase the salary of each of the NEOs to the average of the 50th and 75th percentiles of the peer group,

make another grant of restricted stock in 2011 as a retention incentive,

with the exception of Mr. Gober's annual incentive grant, maintain the current size of the annual and long-term incentive, i.e. Performance Share Plan, grants based upon targeted performance,

increase the size of Mr. Gober's annual incentive grant for targeted performance to 100% of salary at the average of the 50th and 75th percentiles of the peer group salaries,

consider whether to change the performance metrics and/or weighting of such metrics for the annual incentive plan to reflect the Company's increasing focus on premium growth and its urban zone strategy and whether to include an overall financial outcome component as a performance metric for future grants of Performance Share Units, and

renew the employment agreements on substantially similar terms but with a duration of three years or less.

Based upon PM&P's recommendations and in consultation with Mr. Gober, the Compensation Committee approved an increase in the salaries of Messrs. Godwin, Pitrone and Smith, effective January 1, 2011, to a level below the average of the 50th and 75th percentiles of the peer group.

During 2011, our Compensation Committee chose not to utilize outside compensation consulting services for the following reasons:

the Compensation Committee believed that compensation levels for the NEOs remained adequate,

the Compensation Committee was satisfied with the performance results achieved under the existing compensation structure,

Edgar Filing: INFINITY PROPERTY & CASUALTY CORP - Form DEF 14A

neither the Compensation Committee nor management was proposing to add any new compensation components or significantly change any existing compensation component, and

there was no significant change in any NEO's duties or responsibilities subsequent to 2010.

Establishment of 2011 Compensation

During its February 28, 2011 meeting, our Compensation Committee considered the recommendations of Mr. Gober in establishing the 2011 compensation packages for the NEOs, other than himself, and in evaluating their performance, contributions, and the potential for further career advancement. At this meeting, the Compensation Committee elected to maintain base salaries for the NEOs at their then current level (i.e. subsequent to the January 1, 2011 increase in the base salaries for Messrs. Godwin, Pitrone and Smith), to maintain the target incentive amounts (as further described herein) for each NEO at the same level established in 2010 and to award an equal number of Performance Share Units for the 2011-2013 Performance Measurement Cycle to each NEO. As previously recommended by PM&P, our Compensation Committee elected to grant 15,510 shares of restricted stock to Mr. Gober and 14,181 shares of restricted stock to Messrs. Godwin, Pitrone, Simon and Smith on August 2, 2011. Each of these restricted stock grants will vest on August 2, 2014. During the vesting period, the shares of restricted stock will not have voting rights but will accrue dividends; however, such dividends shall not be paid until the shares have vested.

In 2011, the Board, upon the recommendation of the Compensation Committee, approved entry into new employment agreements with the NEOs to replace the agreements that expired in 2011. The new employment agreements became effective on August 2, 2011. A description of the relevant terms and conditions of the new employment agreements is contained herein.

2011 Executive Compensation Components

Our Compensation Committee chose, as has been the practice in prior years, to compensate the NEOs through each of the compensation components summarized in the following table and described in greater detail below. The Compensation Committee based this decision upon i) its satisfaction with the historical performance results achieved under the philosophy and design of our existing compensation program, ii) existing contractual obligations to provide certain minimum levels of compensation to the NEOs, and iii) its compensation consultant, PM&P, not recommending against the use of any of those components or advocating the use of any alternative components.

	Component	Purpose	Summary Description	Significant Changes since Last Year's Proxy Statement
Salary		To provide a consistent base level of compensation commensurate with an NEO's duties and responsibilities.	Consists of a fixed amount paid on a bi-weekly basis.	Effective January 1, 2011, the base salaries of Messrs. Godwin, Pitrone and Smith were increased to \$270,000, \$252,000 and \$312,000, respectively.
Annual Performance Incentive Plans		To provide incentive compensation for achievement of short-term goals.	Consists of the Annual Executive Bonus Plan, a cash-based incentive plan designed to reward growth in written premiums, accident-year combined ratio performance and operating return on average invested capital, excluding excess capital.	None.

Component	Purpose	Summary Description	Significant Changes since Last Year's Proxy Statement
Performance-Share Plan	To provide incentive compensation for performance measured over a three-year period and to align the NEOs interests with those of the shareholders by linking compensation to the Company's stock price.	Consists of an equity-based plan to reward performance as measured by growth in net written premiums and statutory combined ratio with the opportunity for additional compensation for growth in the Company's urban zones above a certain threshold.	Beginning in 2011, all NEOs received the same number of Performance Share Units for the 2011-2013 Performance Measurement Cycle.
Restricted Stock	To provide an incentive for each NEO to remain with the Company and to align the NEOs interests with those of the shareholders by linking the value of such incentive to the Company's stock price.	Consists of an outstanding restricted stock grant containing a three-year cliff vesting provision made to each NEO in 2011.	On August 2, 2011, the Compensation Committee granted 15,510 shares of restricted stock to Mr. Gober and 14,181 shares of restricted stock to Messrs. Godwin, Pitrone, Simon and Smith. Each of these grants will vest 3 years from the date of grant. The Compensation Committee does not anticipate granting any additional restricted stock until the 2011 grants vest in 2014.
Retirement and Deferred Compensation Plans	To provide vehicles for NEOs and other employees to receive replacement income upon termination of their employment with the Company.	Consists of the Company's 401(k) Plan, a non-qualified supplemental retirement plan (SERP) and a deferred compensation plan (DCP).	None.

Salary

Minimum salaries for each of the NEOs are established pursuant to existing employment contracts. Effective January 1, 2011, the base salaries of Messrs. Godwin, Pitrone and Smith were increased to \$270,000, \$252,000 and \$312,000, respectively.

Annual Performance Incentive Plans

The Annual Executive Bonus Plan was established and approved by our shareholders in 2010. Our Compensation Committee structured the Annual Executive Bonus Plan for 2011 based on the attainment of certain performance goals related to three performance measures: return on average invested capital (excluding excess capital), accident-year combined ratio and growth in gross written premiums. In establishing performance targets under both the Annual Executive Bonus Plan and the Performance Share Plan, our Compensation Committee considers the following factors: i) alignment of the targets with the Company's annual budget and

long-term strategic plan, which are reviewed and approved by the Board, ii) the Company's cost of capital, iii) industry trends and the competitive environment, and iv) prevailing macroeconomic conditions.

Under the Annual Executive Bonus Plan for 2011, in which all NEOs participated, Mr. Gober had the opportunity to receive up to a maximum of 200% of his contractual annual base salary, with a target of 100% of his contractual annual base salary, and Messrs. Smith, Simon, Godwin and Pitrone had the opportunity to receive up to a maximum of \$470,000, \$600,000, \$400,000 and \$400,000, respectively, with targets of \$235,000, \$300,000, \$200,000 and \$200,000, respectively.

Weightings were assigned to each performance measure in the Annual Executive Bonus Plan for 2011, as follows:

A 20% weighting was assigned to Operating Return on Average Invested Capital, excluding Excess Capital.

A 35% weighting was assigned to Accident-Year Combined Ratio.

A 45% weighting was assigned to Growth in Gross Written Premiums.

Each NEO was subject to the same performance targets for each of these three performance measures. The performance targets under the Annual Executive Bonus Plan for 2011 were as follows:

Operating Return on Average Invested Capital, excluding Excess Capital (20% weighting)

Target	Percentage Payout
10.0% or above	200%
8.5%	150%
7.0%	100%
5.0% or below	0%

Actual 2011 Operating Return on Average Invested Capital, excluding Excess Capital = 4.8% (equating to 0% of target or 0% of each NEO's target bonus base)

Operating Return on Average Invested Capital, excluding Excess Capital means net earnings plus (1) after tax interest expense; less (2) realized gains/losses on investments; less (3) pro forma after tax investment income on average excess capital (calculated by multiplying the average quarterly excess capital balance by the current return on investments) as a percentage of invested capital, excluding Excess Capital. Invested capital, excluding Excess Capital is defined as debt plus equity less holding company cash and investments in excess of \$25 million.

Accident-Year Combined Ratio (35% weighting)

Target	Percentage Payout
96.5% or below	200%
97.5%	150%
98.5%	100%
99.5% or above	0%

Actual 2011 Accident-Year Combined Ratio = 97.50% (equating to 150% of target or 52.5% of each NEO's target bonus base)

Accident-Year Combined Ratio means the statutory combined ratio less favorable/unfavorable development on prior accident year loss and loss adjustment expense reserves plus GAAP agent balances and premium receivables charged off.

Growth in Gross Written Premiums (45% weighting)

Target	Percentage Payout
12.5% or above	200%
10.0%	150%
8.5%	100%
5.0% or below	0%

Actual 2011 Growth in Gross Written Premiums = 13.7% (equating to 200% of target or 90.0% of each NEO's target bonus base)

Straight-line interpolation was used to determine the NEOs' payouts for those performance results falling between the designated performance targets.

On February 28, 2012, the incentive compensation under the Annual Executive Bonus Plan for 2011 for each of Messrs. Gober, Godwin, Pitrone, Simon and Smith was determined by our Compensation Committee to be: \$796,290, \$285,000, \$285,000, \$427,500 and \$334,875, respectively. Each NEO's payout under the Annual Executive Bonus Plan for 2011 was at 142.5% of each NEO's target amount.

Performance Share Plan

As noted above, our Compensation Committee believes a meaningful portion of an NEO's overall compensation should be equity-based. In 2008, our Board and shareholders approved the 2008 Performance Share Plan. Our Board subsequently amended the 2008 Performance Share Plan to reduce the number of shares available for issuance to 500,000 from 1,000,000. In 2010, our Board and shareholders approved the Second and Amended 2008 Performance Share Plan. At the conclusion of each three-year Performance Measurement Cycle, which begins on January 1st of year 1 and ends on December 31st of year 3, each Performance Share Unit will convert to between 0 to 3 shares of common stock depending on the performance results.

Results of the 2009-2011 Performance Measurement Cycle

On February 24, 2009, our Compensation Committee approved an award of 8,560 Performance Share Units to Mr. Gober and awards of 7,704 Performance Share Units to each of Messrs. Smith, Simon, Godwin and Pitrone for the 2009-2011 Performance Measurement Cycle. In determining the conversion ratio, actual performance was measured against the pre-established 2009-2011 Performance Component Targets, which consisted of i) a matrix with the performance results for the annual Growth in Net Written Premiums on one axis and the Statutory Combined Ratio, including Write Offs, Bad Faith Claims, on the other axis, which is used to establish an initial payout ratio of between 0% to 200%, and ii) the Compound Annual Growth Rate in Urban Zone Net Written Premiums performance, which allows for the initial payout ratio to be increased by up to 1.5 times, thus resulting in a potential payout of between 0% to 300%. The Performance Component Targets for the 2009-2011 Performance Measurement Cycle were as follows:

Performance Measure	Threshold	Target	Maximum
Statutory Combined Ratio, including Write Offs, Bad Faith Claims	98.0%	96.0%	94.5%
Growth in Net Written Premiums	<(7.5%)	2.5%	10.0%

The initial payout ratio was 0% at or below Threshold performance, 100% at Target performance, and 200% at Maximum performance, subject to enhancement as set forth below.

Actual Statutory Combined Ratio, including Write Offs, Bad Faith Claims = 96.4%

Actual Growth in Net Written Premiums = 6.45%

Actual Initial Payout Ratio = 99.76%

Compound Annual Growth Rate in Urban Zone Net Written Premiums	Multiplier
<7.5%	1.00
7.5%-15.0%	1.25
>15.0%	1.50

Actual Compound Annual Growth Rate in Urban Zone Net Written Premiums = 8.05%

Actual Urban Zone Multiplier = 1.25

Actual Final Payout Ratio = 124.7%

Statutory Combined Ratio means the statutory combined ratio adding GAAP agents balances and premium receivables charged off to expenses.

Growth in Net Written Premiums means the growth in premiums written on all policies the Company has issued during the period, net of reinsurance.

Compound Annual Growth Rate in Urban Zone Net Written Premiums means the compound annual growth rate of premiums written on all policies the Company has issued in designated Urban Zones, net of reinsurance.

Straight-line interpolation was used to determine the conversion ratio for performance results that fell between the points on the 2009-2011 Performance Compensation Matrix.

On February 28, 2012, our Compensation Committee determined that each Performance Share Unit awarded under the Performance Share Plan for the 2009-2011 Performance Measurement Cycle should convert to 1.247 shares of common stock, thereby resulting in a payout, to be distributed on April 16, 2012, of 10,674 shares to Mr. Gober and of 9,606 shares to each of Messrs. Godwin, Pitrone, Simon and Smith.

2011-2013 Performance Measurement Cycle

On February 28, 2011, our Compensation Committee approved an award of 5,933 Performance Share Units to each of Messrs. Gober, Godwin, Pitrone, Simon and Smith for the 2011-2013 Performance Measurement Cycle. In determining the number of Performance Share Units to award, the Compensation Committee divided the average of the intraday high and low price of the Company's common stock for the last five trading days of calendar year 2010 into \$375,000 to arrive at the Performance Share Unit award for each NEO.

In determining the conversion ratio, actual performance will be measured against the pre-established 2011-2013 Performance Component Targets, which consist of i) a matrix with the performance results for the annual Growth in Net Written Premiums on one axis and the Statutory Combined Ratio, including Write Offs, Bad Faith Claims, on the other axis, to establish an initial payout ratio of between 0% to 200%, and ii) the Compound Annual Growth Rate in Urban Zone Net Written Premiums performance, which allows for the initial payout ratio to be increased by up to 1.5 times, thus resulting in a potential payout of between 0% to 300%.

Restricted Stock

Upon the vesting of restricted stock that was granted in 2007, the Compensation Committee elected to grant restricted stock, with each NEO receiving an identical grant of shares as received in 2007, to continue to provide an adequate retention incentive for the NEOs. Each NEO's grant of restricted stock will fully vest on August 2, 2014.

Retirement and Deferred Compensation Plans

The Company matches employee contributions to the 401(k) plan in an amount equal to 100% of the first 4% of a participant's deferral contribution and 50% of the next 2% of a participant's deferral contribution. NEOs are eligible to receive matching benefits. The Internal Revenue Code of 1986 (the "IRC") limits employer matching and discretionary contributions into qualified defined contribution plans, e.g. 401(k) plans, to the first \$245,000 of an employee's annual compensation.

The Company maintains the SERP in which employees, including NEOs, earning in excess of the IRC annual compensation limit may participate. Effective January 1, 2010, the Company amended the SERP to permit a participant to make contributions into the SERP by deferring a portion of his or her compensation that exceeds the IRC annual compensation limit and to receive a Company matching contribution on such deferrals in an amount equal to 100% of the first 4% of a participant's deferral contribution and 50% of the next 2% of a participant's deferral contribution.

The Company also maintains the DCP into which any eligible participant, including the NEOs, may elect to defer from 5% to 80% of his or her base salary during any calendar year period and/or from 10% to 80% of any direct lump sum incentive payment. The Company does not have a defined benefit retirement plan for its employees, including its NEOs.

Perquisites

It is the Company's philosophy to limit the type and amount of perquisites that it provides to its executives, including its NEOs. As disclosed in the Summary Compensation Tables, Mr. Gober received a personal automobile allowance, and Messrs. Gober, Godwin and Smith received automobile and homeowner's insurance premium reimbursements.

Employment Contracts / Change-in-Control Arrangements

The Company has employment agreements with Messrs. Gober, Godwin, Pitrone, Simon and Smith that will expire on August 2, 2014. The NEOs' employment agreements contain a "double trigger" for payment of severance benefits upon a change-in-control (meaning that an executive is entitled to severance benefits only upon the occurrence of both a change-in-control and termination of employment, as defined in the agreements). Our Board believes such an arrangement is more beneficial to the Company than employment agreements providing for severance benefits solely upon a change-in-control. The employment agreements provide for a base salary of at least \$558,800, \$270,000, \$252,000, \$406,400 and \$312,000 for Messrs. Gober, Godwin, Pitrone, Simon and Smith, respectively, and an annual incentive opportunity for each NEO. Pursuant to the employment agreements, the annual incentive target must be equal to at least 100% of Mr. Gober's annual salary, and at least \$200,000, \$200,000, \$300,000, \$235,000 for Messrs. Godwin, Pitrone, Simon and Smith, respectively.

Each NEO's employment agreement provides for certain severance benefits in the event that the NEO's employment with the Company is terminated. If Messrs. Gober, Godwin, Pitrone, Simon or Smith's employment is terminated by the Company other than for cause, or is terminated by the executive for "good reason," which includes, among other things, the assignment to the executive of any duties inconsistent with the executive's status as an executive officer of the Company (including by reason of the Company becoming a subsidiary, or under the control, of a company not an affiliate of Infinity), the agreements provide that the executive will receive payment of:

two times the executive's most recent salary in a lump sum payment;

a lump-sum payment of \$558,800, \$200,000, \$200,000, \$300,000 and \$235,000 for Messrs. Gober, Godwin, Pitrone, Simon and Smith, respectively, pro-rated based on the actual number of days elapsed in the year in which the executive's termination takes place, plus \$1,117,600, \$400,000, \$400,000, \$600,000 and \$470,000 for Messrs. Gober, Godwin, Pitrone, Simon and Smith, respectively;

allowance providing that any outstanding options issued under the 2002 Stock Option Plan shall remain exercisable through the remaining term of such options;

100% vesting of restricted shares;

lump-sum payment in lieu of a contribution into the executive's 401(k) or SERP account with the amount of the company match being equal to the executive's eligible wages and deferral election in effect at the time of termination for a period of 18 months; and

payment of the executive's life insurance and medical and dental benefits for a period of 18 months after termination.

In the event of an NEO's death or disability, the NEO (or the NEO's estate) will receive a lump sum payment equal to \$558,800, \$200,000, \$200,000, \$300,000 and \$235,000 for Messrs. Gober, Godwin, Pitrone, Simon and Smith, respectively, pro rated based upon the actual number of days elapsed in the year in which the NEO's termination takes place. Mr. Gober is entitled to accelerated, pro rata vesting of restricted stock upon qualified retirement, provided that at least 50% of the time between the date of grant and date of vesting has elapsed as of the date of such retirement. Regardless of the manner in which an NEO's employment is terminated, an NEO is entitled to receive amounts earned but unpaid during the NEO's term of employment. These amounts include accrued but unpaid salary, payment of accrued but unused vacation time, and reimbursement of any incurred business expenses prior to the date of termination. Additionally, an NEO will be entitled to receive all amounts, if any, accrued and vested under our 401(k) Plan, the DCP, and the SERP. All payments set forth in the employment agreement shall be paid in a manner that complies with Section 409A of the IRC.

Pursuant to the terms of each NEO's employment agreement, each NEO agrees to the following restrictions during the term of the NEO's employment and for a period of 24 months following the NEO's termination of employment:

Non-Competition. The executive agrees not to compete against the Company.

Non-Diversion. The executive agrees not to divert customers or take advantage of business opportunities of which the executive becomes aware during his employment with the Company.

Non-Recruitment. The executive agrees not to solicit, induce or influence or attempt to solicit, induce or influence any employee of the Company to leave his or her employment.

Non-Disclosure. The executive agrees not to disclose confidential information of the Company.

Litigation Cooperation. The executive agrees to reasonably cooperate with the Company, at the Company's expense, by making himself available to testify on behalf of the Company in any action, suit or proceeding and to provide information to the Company or its counsel in regards to such action, suit or proceeding.

Non-Disparagement. Both the Company and the executive agree not to make disparaging statements about each other; however, neither party is precluded from making truthful statements or disclosures as required by law, regulation or the legal process.

Additional Considerations

Executive Share Ownership Guidelines

To further align the interests of management with the Company's long-term shareholders, the Board of Directors adopted stock ownership guidelines in July 2006, which were amended on February 26, 2008 and on August 2, 2011. The amended stock ownership guidelines stipulate that the CEO should own Company stock equal to five (5) times his or her salary and that each of the remaining NEOs should own Company stock equal to three (3) times his or her salary. Each executive subject to the stock ownership guidelines is required to retain 100% of the after-

tax equity received by such executive through the vesting, on or after January 1, 2008, of any performance share or restricted stock grant, until such officer has satisfied his or her minimum stock ownership

requirement. The determination of the share value and the executive's base salary shall be based on the market value of the shares and the executive's base salary on the preceding trading day ahead of any proposed sale or relinquishment of shares by the executive. In the event of economic hardship, our Compensation Committee may temporarily waive (or in the case of any NEO other than the CEO, our CEO may waive) compliance with the restriction on the sale of Company stock by an executive prior to such executive's satisfaction of the minimum stock ownership requirements. No waivers from the stock ownership guidelines were requested or granted during 2011. Only equity in vested, non-derivative and unencumbered shares of common stock shall be counted toward satisfying the stock ownership requirements. NEOs are expected to notify the Nominating and Corporate Governance Committee at least 48 hours in advance of any planned sale of common stock received through a grant received from the Restricted Stock Plan or the Performance Share Plan. As of March 28, 2012 and including the effect of the April 16, 2012 conversion of performance share units into shares of common stock, each NEO satisfies the requisite ownership thresholds set forth in the amended stock ownership guidelines.

Impact of Tax Regulations

Section 162(m)

Our Compensation Committee considers the potential impact of Section 162(m) of the IRC when considering compensation awards. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the CEO and the Company's other covered employees, as defined in Section 162(m), except for compensation that is performance-based under a plan that is approved by the shareholders and that meets certain other technical requirements. It is the policy of our Compensation Committee to periodically consider whether particular compensation and incentive payments to the Company's executives will be deductible for federal income tax purposes. As a result of the vesting of restricted stock grants made in 2007, the Company believes that \$352,874 of the executive compensation paid in 2011 exceeds the limits for deductibility under Section 162(m). Our Compensation Committee retains the ability to evaluate the performance of the Company's executives and to compensate executives appropriately, even if it may result in the non-deductibility of certain compensation under applicable tax laws and regulations.

Section 409A

Section 409A of the IRC requires that nonqualified deferred compensation be deferred and paid under plans or arrangements that satisfy certain legal requirements with respect to the timing of deferral elections, timing of payments and certain other matters. In general, it is the Company's intention to design and administer its compensation and benefit plans and arrangements for all of its employees so that they are either exempt from, or satisfy the requirements of, Section 409A. The Company believes it is currently operating such plans and arrangements in compliance with Section 409A.

COMPENSATION COMMITTEE REPORT

Our Compensation Committee is responsible for establishing the compensation for the NEOs and for administering Infinity's equity-based compensation plans. Our Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K as well as the accompanying tables, and based on this review and discussion has recommended to our Board of Directors that the Compensation Discussion and Analysis be included in the Company's Proxy Statement.

Respectfully submitted,

Compensation Committee

¹ For dollar amounts recognized for financial statement reporting purposes for the fiscal years ended December 31, 2011, December 31, 2010 and December 31, 2009, calculated in accordance with FASB ASC Topic 718 for awards under the Company's Performance Share Plan and for assumptions used in the calculation of these amounts, please refer to Note 7, Share-Based Compensation, to the Company's audited financial statements for the fiscal years ended December 31, 2011, December 31, 2010 and December 31, 2009, included in the Company's 2011, 2010 and 2009 Annual Reports on Form 10-K.

² Represents the fair value on the date of grant for the awards of restricted stock under the Restricted Stock Plan made in 2011 (equal to \$766,814 for Mr. Gober and \$701,109 for Messrs. Smith, Simon, Godwin and Pitrone) and for the awards of Performance Share Units under the Performance Share Plan made in 2011 (equal to \$375,025 for Messrs. Gober, Smith, Simon, Godwin and Pitrone), 2010 and 2009, calculated in accordance with FASB ASC Topic 718. The fair value of the Performance Share Units is based upon the assumption that the probable performance outcome will be at the targeted performance level; however, the actual amount may be more (up to three times the award) or less (down to zero times the award) if actual performance is above or below, respectively, the targeted performance level.

³ Rows may not cross-foot due to rounding.

⁴ Grant date fair value of Performance Share Units for performance at the maximum achievement level equals \$1,125,075 for Messrs. Gober, Smith, Simon, Godwin and Pitrone in 2011, \$1,167,359 for Mr. Gober and \$1,050,647 for Messrs. Smith, Simon, Godwin and Pitrone in 2010 and \$953,755 for Mr. Gober and \$858,380 for Messrs. Smith, Simon, Godwin and Pitrone in 2009.

⁵ Represents payments based upon performance for each year from the Annual Executive Bonus Plan.

⁶ Represents above market rate of interest on participant's deferred compensation balance.

⁷ Includes i) automobile allowances of \$4,630, \$5,847 and \$8,033 for Mr. Gober in 2011, 2010 and 2009, respectively, and ii) automobile and homeowner's insurance premiums of \$3,204, \$9,000 and \$4,373 for Messrs. Gober, Smith and Godwin, respectively, in 2011, of \$2,580, \$9,000 and \$4,636 for Messrs. Gober, Smith and Godwin, respectively, in 2010, and of \$4,896, \$9,000 and \$4,670 for Messrs. Gober, Smith and Godwin, respectively, in 2009.

⁸ Includes matching 401(k) contributions of \$12,250, \$12,250, \$12,250, \$11,144 and \$12,250 for Messrs. Gober, Smith, Simon, Godwin and Pitrone, respectively, in 2011, of \$12,250 for Messrs. Gober, Smith, Simon and Pitrone and of \$8,412 for Mr. Godwin, in 2010, and of \$12,250, \$12,250, \$10,277, \$11,366 and \$11,357 for Messrs. Gober, Smith, Simon, Godwin and Pitrone, respectively, in 2009.

⁹ Includes accrued but unpaid dividends on restricted stock in the amount of \$11,167, \$8,686 and \$7,445 in 2011, 2010, and 2009, respectively, for Mr. Gober and of \$10,210, \$7,941, and \$6,807 in 2011, 2010, and 2009, respectively, for Messrs. Smith, Simon, Godwin and Pitrone.

¹⁰ Includes SERP matching contributions of \$28,031, \$11,157, \$23,754, \$5,315 and \$9,238 for Messrs. Gober, Smith, Simon, Godwin and Pitrone, respectively, for 2011 and SERP matching contributions of \$14,788, \$11,476, \$14,016, \$2,994 and \$5,405 for Messrs. Gober, Smith, Simon, Godwin and Pitrone, respectively, for 2010.

- (1) Our Compensation Committee approved the Annual Executive Bonus Plan for 2011 performance on February 28, 2011. The shareholders approved the Annual Executive Bonus Plan at the Annual Meeting of Shareholders on May 26, 2010.
- (2) Our Compensation Committee approved the Performance Component Targets for the 2011-2013 Performance Measurement Cycle (as such terms are defined in the Performance Share Plan) on February 28, 2011. The shareholders approved the Performance Share Plan at the Annual Meeting of Shareholders on May 26, 2010.
- (3) Represents the grant date fair value of the award, calculated in accordance with FASB ASC Topic 718, based upon the assumption that actual performance will be at the targeted performance level.

In keeping with his egalitarian-based philosophy towards executive compensation, Mr. Gober advised our Compensation Committee in 2008 that he would prefer that each NEO receive an identical annual award of Performance Share Units. In 2011, our Compensation Committee elected to award all NEOs an identical grant of Performance Share Units at its February 28, 2011 meeting. For further information regarding the Annual Executive Bonus Plan for 2011, the Performance Share Plan and the Performance Measurement Cycle for 2011-2013, please refer to the Compensation Discussion and Analysis section of this Proxy Statement.

On August 2, 2011, our Compensation Committee approved restricted stock grants to Messrs. Gober, Smith, Simon, Godwin and Pitrone with 15,510 shares granted to Mr. Gober and 14,181 shares granted to each of the other NEOs. Each NEO's restricted stock grant shall vest, in full, on August 2, 2014. During the restricted period, holders of this restricted stock shall not have any voting rights. Furthermore, dividends shall accrue but not be paid until the end of the restricted period.

- (1) The closing price of the Company's stock on February 13, 2004, the date of grant, was \$32.12. \$33.58 reflects the closing price of the Company's stock on February 12, 2004, the day before the date of grant.
- (2) The closing price of the Company's stock on February 18, 2003, the date of grant, was \$16.02. As set forth in the Company's Form S-1/A filed on February 12, 2003, the Company's former parent, American Financial Group, agreed, prior to the Company's initial public offering of common stock, to grant these options at the price of its initial public offering of common stock, \$16.00, upon the consummation of the common stock offering.
- (3) Represents restricted stock vesting on August 2, 2014.
- (4) Represents Performance Share Units awarded for the 2011-2013 Performance Measurement Cycle (as such terms are defined in the Performance Share Plan). Each Performance Share Unit will convert into 0 to 3 shares of common stock based upon actual performance vis-à-vis the pre-established Performance Component Targets (as defined in the Performance Share Plan) for the 2011-2013 Performance Measurement Cycle.
- (5) Represents Performance Share Units awarded for the 2010-2012 Performance Measurement Cycle (as such terms are defined in the Performance Share Plan). Each Performance Share Unit will convert into 0 to 3 shares of common stock based upon actual performance vis-à-vis the pre-established Performance Component Targets (as defined in the Performance Share Plan) for the 2010-2012 Performance Measurement Cycle.
- (6) Represents payout value at the maximum performance level with each Performance Share Unit converting into 3 shares of common stock. Since performance under both the 2011-2013 and 2010-2012 Performance Measurement Cycles exceed the target performance level, the Company is required to disclose the payout value at the maximum performance level. Payout value at the target performance level (meaning a payout in which each Performance Share Unit converts to 1 share of common stock) is equal to 1/3 of each of the disclosed amounts, or \$336,638 and \$549,357 under the 2011-2013 and 2010-2012 Performance Measurement Cycles, respectively, for Mr. Gober and \$336,638 and \$494,432 under the 2011-2013 and 2010-2012 Performance Measurement Cycles, respectively, for Messrs. Smith, Simon, Godwin and Pitrone.

Gober, Smith, Simon, Godwin and Pitrone, respectively.

The table above contains data relating to two separate plans. One of these plans is the DCP, effective as of February 19, 2003, as amended and restated effective January 1, 2005. Certain members of management, including Messrs. Gober, Smith, Simon, Godwin and Pitrone, are eligible to participate in the DCP. For calendar year 2011, the interest rate paid on balances in the DCP was 4.725%. A participant in the DCP may elect to defer from 5% to 80% of his or her base salary during any calendar year period and/or from 10% to 80% of any direct lump sum incentive payment other than a long-term incentive compensation payment. Additionally, a participant is not permitted to make a deferral election that would reduce a participant's paid compensation below the amount necessary to satisfy applicable employment taxes (e.g. FICA/Medicare) on amounts deferred, benefit plan withholding requirements or income tax withholding for compensation that cannot be deferred. Upon making a deferral election, the participant must decide to either defer such compensation until the participant's termination of employment with the Company or defer such compensation until the first day of a year selected by the participant (a Fixed Date). However, in the event that a participant is still an employee on the Fixed Date, then such distribution will not begin until after the participant's termination of his or her employment with the Company. Distributions begin on January 15th or July 15th of a calendar year following the expiration of the participant's employment or the Fixed Date. Pursuant to Section 409A of the IRC, the Company will generally need to wait a minimum of six (6) months following termination of employment before making a distribution to a participant. Participants may choose to receive such distributions in a lump sum payment or in annual

installments, not to exceed ten (10) years. On or about November 15th of each year, the Company establishes the interest rate to be paid on deferred compensation balances for the upcoming year.

The other plan is the SERP, effective as of May 1, 2003, as amended and restated effective January 1, 2010. Certain members of management, including Messrs. Gober, Smith, Simon, Godwin and Pitrone, are eligible to participate in the SERP. The SERP is a nonqualified deferred compensation plan that is intended to enable eligible employees to make contributions (as of January 1, 2010) and to receive employer retirement contributions that are precluded by the provisions of the Company's 401(k) retirement plan or by limitations on compensation which may be considered in making contributions to the Company's 401(k) retirement plan. Effective January 1, 2010, the Company amended the SERP to permit participants to make contributions into the SERP and the Company to make matching contributions on such participants' contributions on compensation that exceeds the statutory annual compensation limit set forth in IRC Section 401(a)(17) of \$245,000 in 2011 for qualified defined contribution plans.

Under the SERP, a participant may defer from 1% to 25% of his or her eligible compensation into the SERP. A participant is not permitted to make a deferral election that would reduce a participant's paid compensation below the amount necessary to satisfy applicable employment taxes (e.g. FICA/Medicare) on amounts deferred, benefit plan withholding requirements or income tax withholding for compensation that cannot be deferred. A deferral election under the SERP is applied only after any other deferral election made pursuant to another nonqualified deferred compensation plan is applied to a participant's compensation. Each participant in the SERP directs his or her contributions into one or more of the investment options contained in the Company's 401(k) retirement plan (excluding a stable value fund investment option, which is not available to SERP participants). Participant returns are dependent upon the performance of the investment options chosen by the participant. No participant may receive a distribution from the SERP prior to the participant's death or the participant's resignation, discharge or retirement from the Company. Upon a participant's death, the balance in the participant's account shall be distributed to the participant's beneficiaries in a lump sum cash payment within 90 days of the participant's death. Upon a participant's resignation, discharge or retirement from the Company, the participant shall be entitled to a distribution of his or her SERP account balance in a lump sum or in ten or fewer equal annual installments that begin on the following January 15th or July 15th. A SERP participant must select the time and method of payment upon his or her enrollment in the SERP. Pursuant to Section 409A of the IRC, the Company will generally need to wait a minimum of six (6) months following termination of employment before making a distribution to a participant.

Employment Contracts / Change-in-Control Arrangements

The following table shows the compensation costs that would result, pursuant to the terms of each NEO's employment agreement, from a termination of such NEO's employment due to (i) Termination by the Company without Cause or by the NEO for Good Reason, as described in the Compensation Discussion and Analysis section, (ii) Voluntary Termination by the NEO without Good Reason or Termination by the Company with Cause, and (iii) Death or Disability. Except as otherwise indicated in the footnotes below, the calculations used to prepare this table assume the terminating event occurred on the last day of the Company's most recently completed fiscal year and that the price per share of the Company's common stock is the closing market price as of the date on which the stock was last actively traded in the most recently completed fiscal year. An NEO is entitled to receive amounts earned during his term of employment regardless of the manner in which the NEO's employment is terminated. These amounts include accrued but unpaid salary, payment of accrued but unused vacation time, and reimbursement of any incurred business expense prior to the date of termination. Except for unused vacation time, these amounts are not shown in the tables. Additionally, an NEO will be entitled to receive all amounts accrued and vested under our 401(k) Plan, the DCP, and the SERP, in which the NEO participates. These amounts will be determined and paid in accordance with the applicable plans and are not included in the tables because they are not termination payments. In order to receive the enhanced payments due to Termination by the Company without Cause or by the NEO for Good Reason, the NEO must enter into a binding general waiver and release of claims with the Company. For additional information on the employment contracts of the NEOs, please refer to the Compensation Discussion and Analysis section of this Proxy Statement.

The following table shows the compensation costs that would result, pursuant to the terms of the Performance Share Plan from a termination of each NEO's employment due to Special Events. These costs are in addition to any costs that may be incurred pursuant to the terms of each NEO's employment agreement. Under the terms of the Performance Share Plan, participants are entitled to pro-rated vesting upon the occurrence of a Special Event, provided that at least one year of the three year performance period has lapsed as of the date of the Special Event. Special Events are defined as death, disability, retirement, involuntary termination without cause and change-in-control (as such terms are defined in the Performance Share Plan). A participant shall have no right to receive payment or other benefits under the Performance Share Plan upon termination of employment other than upon the occurrence of a Special Event.

DIRECTOR COMPENSATION

The Company uses a combination of cash and equity-based compensation to attract and retain qualified candidates to serve on its Board. In setting director compensation, consideration is given to the limited pool of individuals with the necessary skills to serve as a director of a publicly-traded company and the significant time commitment required of each director, particularly with respect to the enhanced time commitments of those individuals that serve on one or more Board committees, as Chairman of a Board committee and/or as Lead Director.

Cash Compensation Paid to Board Members

For the fiscal year ended December 31, 2011, each Non-Employee Director received an annual cash retainer of \$30,000. The Chairmen of the Compensation, Investment and Nominating and Corporate Governance Committees each received an additional annual cash retainer of \$5,000. The Chairman of the Audit Committee and the Lead Director each received an additional annual cash retainer of \$15,000. Finally, each Non-Employee Director received a cash payment of \$1,500 for each Board or committee meeting attended, whether in person or telephonically. Board members who are employees of the Company are not entitled to cash compensation for their service on the Board or for attending Board or committee meetings.

Equity Compensation Paid to Board Members

The equity portion of a Non-Employee Director's annual retainer is \$50,000. The Company has established the Non-Employee Directors' Stock Ownership Plan (the Directors' Stock Plan) for the purpose of better aligning the interests of its Non-Employee Directors with the interests of its shareholders by providing a portion of the Non-Employee Directors' annual compensation in the form of restricted stock. Pursuant to the Directors' Stock Plan, each Non-Employee Director is entitled to receive a grant of restricted stock on or about June 1 of each year, which becomes transferable 6 months after the date of grant. Under the Directors' Stock Plan, each Non-Employee Director annually receives \$50,000 in the form of a restricted stock grant, determined by dividing the average trading price (defined as the midpoint between the intraday high and low) of the Company's common stock for the five trading days preceding the date of grant into \$50,000. Any fractional result is rounded up to the nearest whole number.

In order to further align the Non-Employee Directors' interests with the interest of the Company's shareholders, the Directors' Stock Plan contains guidelines specifying that each director, within three years of receiving his or her first restricted stock grant, should beneficially own Company stock in an amount equal to at least \$100,000 or three times the then-current cash portion of the annual Board retainer, whichever is less (the Share Ownership Target). The Directors' Stock Plan provides that no Non-Employee Director shall dispose of shares received as part of an annual restricted stock grant until that director reaches the Share Ownership Target. Furthermore, Non-Employee Directors are encouraged to retain, exclusive of any charitable contributions, beneficial ownership of any stock received as part of such Director's annual Board retainer throughout the duration of such Director's tenure on the Board. As of March 28, 2012, each Non-Employee Director beneficially owns Company stock in an amount exceeding the Share Ownership Target.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers, directors and persons who own more than ten percent (10%) of a registered class of our equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission by a specified date. Regulations promulgated by the Securities and Exchange Commission require us to disclose in this Proxy Statement any reporting violations with respect to the 2011 fiscal year. Based solely upon a review of the applicable filings made with the Securities and Exchange Commission by the officers, directors and greater than 10% shareholders, all reports required by Section 16(a) of the Securities Exchange Act of 1934 were filed on a timely basis.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Pursuant to the terms of its Charter, our Nominating and Corporate Governance Committee is charged with considering questions involving potential conflict of interest between any director or member of senior management and the Company. Pursuant to the terms of our Code of Ethics, all directors and officers are also required to fully disclose any conflicts of interest to the Audit Committee Chairman. Finally, pursuant to the terms of its Charter, our Audit Committee is charged with reviewing and approving or disapproving all related-party transactions. To the extent that a transaction may constitute both a potential conflict of interest and a related-party transaction, then both the Audit Committee and Nominating and Corporate Governance Committee would review and approve or disapprove of such transaction.

SHAREHOLDER PROPOSALS FOR NEXT YEAR

Any shareholder who intends to submit a proposal for the 2013 Annual Meeting of Shareholders for inclusion in the Proxy Statement for that meeting may do so in accordance with Securities and Exchange Commission Rule 14a-8 and is advised that the proposal must be received by the Corporate Secretary, at the address listed on the cover page of this Proxy Statement, no later than December 18, 2012.

For those shareholder proposals that are not submitted in accordance with Rule 14a-8, the designated proxies may exercise their discretionary voting authority, without any discussion of the proposal in our proxy materials, with respect to any shareholder proposal that is received by the Corporate Secretary after March 2, 2013. If there is a change in these deadlines by more than 30 days, we will notify you of the change through our Form 10-Q filings.

INFINITY PROPERTY AND CASUALTY CORPORATION

PROXY FOR ANNUAL MEETING OF SHAREHOLDERS, MAY 23, 2012

THIS PROXY IS SOLICITED ON BEHALF OF THE BOARD OF DIRECTORS OF

INFINITY PROPERTY AND CASUALTY CORPORATION

The undersigned Shareholder(s) of INFINITY PROPERTY AND CASUALTY CORPORATION (the Company) hereby constitutes and appoints James R. Gober and James H. Romaker, and each of them, agents and proxies of the undersigned, each with full power of substitution and re-substitution, to attend, vote and act for the undersigned at the Annual Meeting of Shareholders of the Company to be held on May 23, 2012, and at any and all adjournments or postponements thereof, according to the number of shares of Common Stock of the Company which the undersigned may be entitled to vote, and with all the powers which the undersigned would possess if personally present, as indicated on the reverse side.

The proxies are directed to vote as specified on the reverse side. Except as specified to the contrary on the reverse side, the shares represented by this proxy will be voted FOR all nominees listed under Proposal 1 and FOR Proposals 2 and 3. If cumulative voting is invoked by a shareholder through proper notice to the Company, this proxy will give the proxy holders authority, in their discretion, to cumulate all votes to which the undersigned is entitled in respect of the shares represented by this proxy and allocate them in favor of any one or more of the nominees for director if any situation arises which, in the opinion of the proxy holders, makes such action necessary or desirable.

The undersigned revokes any prior proxy at such meeting and ratifies all acts of said agents and proxies, or any of them, may lawfully do by virtue hereof. Receipt of Notice of Annual Meeting of Shareholders and Proxy Statement is hereby acknowledged.
