Specifically, it identifies the matters upon which you are being asked to vote, provides information that you may find useful in determining how to vote and describes the voting procedures.

In this proxy statement: the terms *we*, *our*, *Solta Medical* and *Company* each refer to Solta Medical, Inc.; the term *proxy materials* means this proxy statement, the enclosed proxy card and our Annual Report, which you should read together with our Form 10-K, as amended, for the year ended December 31, 2011, filed with the U.S. Securities and Exchange Commission on March 14, 2012; and the term *Annual Meeting* means our 2012 Annual Meeting of Stockholders.

QUESTIONS AND ANSWERS REGARDING THIS SOLICITATION
AND VOTING AT THE ANNUAL MEETING

- | | |
|--|--|
| <i>Why am I receiving these proxy materials?</i> | You are receiving these proxy materials from us because you were a stockholder of record at the close of business on the Record Date which was April 13, 2012. As a stockholder of record, you are invited to attend the meeting and are entitled to and requested to vote on the items of business described in this proxy statement. |
| <i>What is the purpose of the annual meeting?</i> | At our meeting, stockholders of record will vote upon the items of business outlined in the notice of meeting (on the cover page of this proxy statement), each of which is described more fully in this proxy statement. In addition, management will be available to respond to questions from stockholders. |
| <i>Who is entitled to attend the meeting?</i> | You are entitled to attend the meeting <i>only</i> if you were a Solta Medical stockholder (or joint holder) of record as of the close of business on April 13, 2012, or if you hold a valid proxy for the meeting. You should be prepared to present photo identification for admittance. |

Please also note that if you are not a stockholder of record but hold shares in *street name* (that is, through a broker or nominee), you will need to provide proof of beneficial ownership as of the Record Date, such as your most recent brokerage account statement, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership.

The meeting will begin promptly at 9:00 a.m., local time. Check-in will begin at 8:30 a.m., local time.

Table of Contents

Who is entitled to vote at the meeting?

Only stockholders who owned our common stock at the close of business on the Record Date are entitled to notice of the Annual Meeting and to vote at the meeting, and at any postponements or adjournments thereof. At the close of business on the Record Date, we had 61,542,131 shares of common stock outstanding and entitled to notice of the Annual Meeting and to vote at the meeting, and at any postponements or adjournments thereof.

How many shares must be present to conduct business?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock at the close of business on the Record Date will constitute a quorum. A quorum is required to conduct business at the meeting. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

What will be voted on at the meeting?

The items of business scheduled to be voted on at the meeting are as follows:

1. the election of three nominees to serve as Class III directors on our board;

2. the ratification of the appointment of our independent registered public accounting firm for the 2012 fiscal year;

3. an advisory vote on executive compensation; and

4. the amendment of our amended and restated certificate of incorporation to eliminate the supermajority voting threshold.

These proposals are described more fully below in this proxy statement. As of the date of this proxy statement, the only business that our board intends to present or knows of that others will present at the meeting is set forth in this proxy statement. If any other matter or matters are properly brought before the meeting, it is the intention of the persons who hold proxies to vote the shares they represent in accordance with their best judgment.

How does the board recommend that I vote?

Our board recommends that you vote your shares FOR the director nominees, FOR the ratification of independent registered public accounting firm for the 2012 fiscal year, FOR the proposal relating to executive compensation and FOR the amendment of our amended and restated certificate of incorporation to eliminate the supermajority voting threshold.

What shares can I vote at the meeting?

You may vote all shares owned by you as of the Record Date, including (1) shares held directly in your name as the *stockholder of record*, and (2) shares held for you as the *beneficial owner* through a broker, trustee or other nominee such as a bank.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most of our stockholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholders of Record. If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, the *stockholder of record*, and these proxy materials are being sent directly to you by us. As the *stockholder of record*, you have the right to grant your voting proxy directly to Solta Medical or to vote in person at the meeting. We have enclosed a proxy card for you to use.

Beneficial Owner. If your shares are held in a brokerage account or by another nominee, you are considered the *beneficial owner* of shares held in *street name*, and these proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the meeting. Please note that since a beneficial owner is not the *stockholder of record*, you may not vote these shares in person at the meeting unless you obtain a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or nominee how to vote your shares.

How can I vote my shares without attending the meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the meeting. Stockholders of record of our common stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelope. Solta Medical stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided by the broker, trustee or nominee and mailing them in the accompanying pre-addressed envelope. In addition, if you are a stockholder of record, you may grant a proxy to vote your shares at the annual meeting by telephone, by calling 1 (800) PROXIES (1 (800) 776-9437) and following the simple recorded instructions, twenty-four hours a day, seven days a week, at any time prior to 11:59 p.m. on June 5, 2012, the day before the annual meeting. Alternatively, as a stockholder of record, you may vote via the Internet at any time prior to 11:59 p.m. on June 5, 2012, the day before the annual meeting, by going to <http://www.voteproxy.com> to create an electronic ballot. If you vote by telephone or the Internet, you will be required to provide the control number contained on your proxy card. If your shares are held in street name, your proxy card may contain instructions from your broker, bank or nominee that allow you to vote your shares using the Internet or by telephone. Please consult with your broker, bank or nominee if you have any questions regarding the electronic voting of shares held in street name. The granting of proxies electronically is allowed by Section 212(c)(2) of the Delaware General Corporation Law.

How can I vote my shares in person at the meeting?

Shares held in your name as the stockholder of record may be voted in person at the meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. ***Even if you plan to attend the meeting, we recommend that you also submit your proxy card or voting instructions as described above so that your vote will be counted if you later decide not to, or are unable to, attend the meeting.***

Can I change my vote?

You may change your vote at any time prior to the vote at the meeting. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to our Secretary prior to your shares being voted, or by attending the meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker, trustee or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

What votes are required for the items subject to approval at the meeting ?

The vote required to approve each item of business and the method for counting votes is set forth below:

Election of Directors. Each director nominee receiving a majority of the shares represented in person or by proxy and entitled to vote will be elected to serve as a Class III director. You may vote either **FOR** or **AGAINST** each director nominee, or **ABSTAIN** from voting. Abstentions will not be considered to be votes cast for the election of directors and will not affect the outcome of the election of directors.

Ratification of Independent Registered Public Accounting Firm and Advisory Vote on Executive Compensation. For the ratification of the appointment of our independent registered public accounting firm and for the advisory vote on executive compensation, the affirmative **FOR** vote of a majority of the shares represented in person or by proxy

Table of Contents

and entitled to vote on the item will be required for approval. You may vote FOR, AGAINST or ABSTAIN for this item of business. If you choose to ABSTAIN, your abstention has the same effect as a vote AGAINST.

Amendment of the Amended and Restated Certificate of Incorporation. For the amendment of our amended and restated certificate of incorporation, the affirmative FOR vote of 66-2/3% of the shares of our common stock issued and outstanding will be required for approval. You may vote FOR, AGAINST or ABSTAIN for this item of business. If you choose to ABSTAIN, your abstention has the same effect as a vote AGAINST.

If you provide specific written instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the board (FOR our nominees to the board, FOR ratification of the independent registered public accounting firm, FOR the advisory vote on executive compensation, FOR the amendment of our amended and restated certificate of incorporation and in the discretion of the proxy holders on any other matters that properly come before the meeting).

What is a broker non-vote ?

A *broker non-vote* occurs when a broker expressly instructs on a proxy card that it is not voting on a matter, whether routine or non-routine. Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients, who are the beneficial owners of the shares, brokers have the discretion to vote such shares on routine matters, which include ratifying the appointment of independent registered public accounting firm but does not include the election of directors, the advisory vote on executive compensation or the amendment of our amended and restated certificate of incorporation. Therefore, if you do not otherwise instruct your broker, the broker may turn in a proxy card voting your shares FOR the ratification of the independent registered public accounting firm. However, if you do not instruct your broker how to vote with respect to the election of directors, the advisory vote on executive compensation and the amendment of our amended and restated certificate of incorporation, your broker may not vote with respect to such proposals and your shares will not be counted as voting in favor of the these proposals.

How are broker non-votes counted?

Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum for the transaction of business, but they will not be counted in tabulating the voting result for any particular proposal and will have no effect on the outcome of the proposals relating to the election of directors and the advisory vote on executive compensation, but will have the same effect as a vote AGAINST the proposal to amend our amended and restated certificate of incorporation.

How are abstentions counted?

If you return a proxy card that indicates an abstention from voting on all matters, the shares represented will be counted for the purpose of determining both the presence of a quorum and the total number of votes cast with respect to a proposal but they will not be voted on any matter at the meeting. In the absence of controlling precedent to the contrary, we intend to treat abstentions in this manner. Accordingly, abstentions will not be considered to be votes cast for the election of directors and will not affect the outcome of the election of directors and abstentions will have the same effect as a vote AGAINST the proposals related to ratification of our independent accountants, the advisory vote on compensation, and the proposal to amend our amended and restated certificate of incorporation.

Table of Contents

What happens if additional matters are presented at the meeting?

Other than the four proposals described in this proxy statement, we are not aware of any other business to be acted upon at the meeting, and we have not received notification of any proposal to be made by stockholders within the time frame required by our Bylaws . If you grant a proxy, the persons named as proxy holders, Stephen J. Fanning (a Director and our President and Chief Executive Officer) and John F. Glenn (our Chief Financial Officer), will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If, for any unforeseen reason, any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate as may be nominated by our board.

Who will serve as inspector of election?

We expect a representative of American Stock Transfer & Trust Company, our transfer agent, to tabulate the votes and expect John F. Glenn, our Chief Financial Officer, to act as inspector of election at the meeting.

What should I do if I receive more than one proxy?

You may receive more than one set of these proxy solicitation materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. In addition, if you are a stockholder of record and your shares are registered in more than one name, you may receive more than one proxy card. Please complete, sign, date and return each Solta Medical proxy card and voting instruction card that you receive to ensure that all your shares are voted.

Who is soliciting my vote and who is paying the costs?

Your vote is being solicited on behalf of the board, and we will pay the costs associated with the solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement.

How can I find out the results of the voting?

We intend to announce preliminary voting results at the annual meeting and file a Form 8-K within four business days after the end of our annual meeting to report the voting results.

What is the deadline for proposing action or director candidates?

As a stockholder, you may be entitled to present proposals for action at a future meeting of stockholders, including director nominations.

CORPORATE GOVERNANCE AND BOARD MATTERS

Board Leadership Structure

Our current Chairman is also the current President and Chief Executive Officer. In addition, the nominating and governance committee has designated a Lead Independent Director. The board of directors believes that the Company's Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry, and most capable of effectively identifying strategic priorities and leading discussion and execution of strategy. The board of directors believes that the Company's current model of the combined Chairman/President and Chief Executive Officer in conjunction with the lead director position with the duties described below is the appropriate leadership structure for Solta Medical at this time.

Our Lead Independent Director's responsibilities include reviewing and approving the agenda for board meetings and leading executive sessions of the board of directors during which our independent directors meet without management present, and providing consolidated feedback from those meetings to the Chairman and Chief Executive Officer. These executive sessions allow the board of directors to review key decisions and discuss matters in a manner that is independent of the Chief Executive Officer. Our Lead Independent Director also has the authority to call meetings of the board of directors in executive session and serves as a liaison to the Chairman and Chief Executive Officer in consultation with the other independent directors.

Risk Oversight & Analysis

Management is responsible for the day-to-day management of risks the Company faces, while the board of directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the board of directors has the responsibility to satisfy itself that the risk management processes implemented by management are adequate and functioning as designed. As a critical part of this risk oversight role, the board encourages full and open communication between management and the board of directors. Senior management attends the quarterly board meetings and is available to address any questions or concerns raised by the board on risk-related and other matters. The board of directors regularly receives presentations from senior management on strategic matters involving our operations to enable it to understand our risk identification, risk management and risk mitigation strategies. The board also holds strategic planning sessions with senior management to discuss strategies, key challenges and risks and opportunities for the company.

While the board is ultimately responsible for risk oversight at Solta Medical, our committees assist the board in fulfilling its responsibilities in certain areas of risk. The Audit Committee assists the board in fulfilling its oversight responsibilities with respect to risk management in areas of financial risk, internal controls, and compliance with legal and regulatory requirements. The Compensation Committee assists the board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The Nominating and Governance committee assists the board in fulfilling its oversight responsibilities with respect to the management of risks associated with board organization, membership and structure.

Consideration of Director Nominees

Stockholder Nominations and Recommendations. As described above in the Question and Answer section of this proxy statement under "What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?", our Bylaws set forth the procedure for the proper submission of stockholder nominations for membership on our board. In addition, the Nominating and Governance Committee will consider properly submitted stockholder recommendations (as opposed to formal nominations) of director candidates. A stockholder may recommend a candidate for the board of directors by submitting the following information to our Secretary at 25881 Industrial Boulevard, Hayward, California 94545: the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, professional and personal references and information regarding any relationships between the candidate and Solta Medical within the last three years. The party making the recommendation must submit evidence of being a Solta Medical stockholder.

Director Qualifications. Members of the board should have the highest professional and personal ethics and values, and conduct themselves in a manner consistent with our Code of Business Conduct and Ethics. The Committee has not established specific minimum qualifications for director candidates, however, it believes that the board of directors should be comprised of directors who (i) are predominantly independent, (ii) are of high integrity, (iii) have qualifications that will increase overall board effectiveness, and (iv) meet other criteria as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members.

Identifying and Evaluating Director Nominees; Diversity. Typically new candidates for nomination to our board are suggested by existing directors or by our executive officers. Candidates may also come to the attention of our board through professional search firms, stockholders or other persons. The nominating and governance committee will carefully review the qualifications of any candidates who have been properly brought to its attention. Such review may, in the nominating and governance committee's discretion, include a review solely of information provided to the nominating and governance committee or may also include discussions with persons familiar with the candidate, an interview with the candidate or other actions that the nominating and governance committee deems proper. The nominating and governance committee will consider the suitability of each candidate, including the current members of the board, in light of the current size and composition of the board.

Table of Contents

While we do not have a formal diversity policy for board membership, the board of directors seeks members who represent a mix of backgrounds and experiences that will enhance the quality of the board's deliberations and decisions. In evaluating the qualifications of the candidates, the nominating and governance committee considers many factors, including, diversity with respect to judgment, independence, age, gender and race, skills and expertise, professional experience, length of service, other commitments and the like. The nominating and governance committee evaluates such factors, among others, and does not assign any particular weighting or priority to any of these factors. Candidates properly recommended by stockholders will be evaluated by the independent directors using the same criteria as other candidates.

Director Nominees at our 2012 Annual Meeting. Our nominating and governance committee recommended Ms. McCarthy, Mr. Sieczkarek and Mr. Stang for nomination to our board.

The Code reflects our values and the business practices and principles of behavior that support this commitment. The Code satisfies SEC rules for a code of ethics required by Section 406 of the Sarbanes-Oxley Act of 2002, as well as the Nasdaq listing standards requirement for a code of conduct. The Code is available on our website at <http://www.solta.com> under Investor Relations Corporate Governance. We will post any amendment to the Code, as well as any waivers that are required to be disclosed by the rules of the SEC or the Nasdaq, on our website.

Director Independence

Our board of directors has determined that directors Harold L. Covert, Edward W. Knowlton, M.D. and Linda Graebner, and director nominees Cathy L. McCarthy, Mark M. Sieczkarek and Eric Stang are each independent within the meaning of the rules of The NASDAQ Stock Market LLC. Mr. Fanning is not considered to be independent.

Our compensation committee is currently chaired by Mr. Sieczkarek and also includes Ms. McCarthy and Ms. Graebner, each of whom is independent within the meaning of the rules of The NASDAQ Stock Market LLC and applicable SEC rules.

Our nominating and governance committee is currently chaired by Ms. Graebner and also includes Mr. Covert. Ms. Graebner and Mr. Covert are independent within the meaning of the rules of The NASDAQ Stock Market LLC and applicable SEC.

In determining the independence of Edward W. Knowlton, M.D., our board of directors took into consideration our consulting agreement with Edward W. Knowlton, M.D. to obtain consulting services related to the development of our Thermage system. Pursuant to the consulting agreement, Dr. Knowlton provides approximately six days of consulting services per month at a rate of \$6,250 per month for an indefinite term. The consulting agreement is terminable by either party upon a one-year written notice.

In addition, our board of directors considered the fact that Dr. Knowlton was neither a beneficial owner of 5% of our common stock nor did the aggregate fees under his consulting agreement exceed \$120,000 during any period of 12 consecutive months within the previous three years. Furthermore, our board considered that Dr. Knowlton is neither an executive officer nor an employee of the company.

Compensation Philosophy and Objectives

The compensation committee of the board of directors (the Committee), together with our board, is responsible for establishing, implementing and monitoring adherence with our compensation philosophy. The Committee seeks to ensure that the total compensation paid to our executive officers is fair, reasonable and competitive. The types of compensation and benefits provided to the named executive officers are similar to those provided to our other executive officers.

The primary objectives of our compensation programs are to:

attract and retain the top echelon of performers;

establish a direct link between sustained performance and individual rewards;

create long-term stockholder value; and

provide an ownership opportunity for all employees.

We seek to foster a performance-oriented culture, where individual performance is aligned with organizational objectives. Company performance is the primary measure of success upon which we structure our compensation. We evaluate and reward our executive officers based on their contribution to the achievement of short and longer term goals. The Committee believes that the most effective executive compensation program is one that is designed to reward achievement and that aligns executives' interests with those of stockholders by rewarding performance, with the ultimate objective of improving stockholder value and building a sustainable company. The Committee evaluates each executive's performance and compensation. The Committee seeks to ensure that we maintain our ability to attract and retain superior employees in key positions and that the compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of a selected group of our peer companies and the broader marketplace from which we recruit and compete for talent. To that end, the Committee believes the compensation provided by us to our executives, including the named executive officers, should include a mix of salary, cash bonuses and equity awards that reward performance and the creation of longer-term stockholder value, and that provide the appropriate level of incentives to retain each executive. Each element of compensation and the practices used to evaluate and inform the Committee's decisions are discussed in detail below.

Edgar Filing: SOLTA MEDICAL INC - Form DEF 14A

Executive compensation is reviewed annually, and adjustments are made to reflect performance-based factors, as well as competitive conditions.

Table of Contents

At the 2011 annual meeting, we presented stockholders with a non-binding advisory vote on our executive compensation as described in the 2011 proxy statement, the so-called "say-on-pay" vote. Of the votes cast on the say-on-pay proposal, over 92% were in favor of our executive compensation. The Committee reviewed and considered the result of the vote and concluded that it signified shareholder approval of the above-stated goals of our executive compensation and of our efforts to achieve those goals. As described in the 2011 proxy statement, the Committee had approved the salaries, bonus program and equity compensation for 2011 prior to the holding of the 2011 annual meeting. In light of the result of the say-on-pay vote, the Committee took no action to change the decisions made with respect to 2011 and in 2012 it maintained the same general structure for 2012 compensation, with certain specific revisions to the application of this structure that are further described below.

How We Implement and Manage our Executive Compensation Programs

Role of Our Compensation Committee

The Committee sets our overall compensation philosophy, which is reviewed and approved by our board. The Committee also reviews and approves our compensation programs; including the specific compensation of our executive officers. The Committee regularly meets in executive session to discuss compensation matters. The Committee operates under a written charter adopted by our board. A copy of this charter is available on our website at <http://www.solta.com>.

The Committee is appointed by our board, and currently is comprised of Cathy L. McCarthy, Mark Sieczkarek and Linda Graebner, who joined the Board in February 2011 and the Committee in April 2011. The primary purpose of the Committee is to:

discharge the board's responsibilities relating to compensation of our executive officers;

administer our stock option plans, stock purchase plans, restricted stock plans and any other equity incentive plans we adopt; and

provide disinterested administration of any employee benefit plans in which our executive officers are eligible to participate.

The Committee assumes primary responsibility for the annual compensation review process.

Role of Compensation Consultant

The Committee, which has the authority to directly engage outside firms or consultants, has retained Compensia, a third-party compensation consulting firm, to support the Committee's responsibilities in determining executive compensation and administering the related programs. The Committee periodically seeks input from Compensia on a range of external market factors. The Committee has worked with Compensia since 2007. During that time, Compensia has assisted the Committee's executive compensation-setting process by:

reviewing those companies that comprise our peer group and advising on whether any changes to this group were advisable;

assisting in the design of our compensation programs for executives and board members, including discussing evolving compensation trends;

assisting in the design of our equity ownership guidelines; and

compiling and providing market data to assist in setting our compensation plan parameters and measures.

Edgar Filing: SOLTA MEDICAL INC - Form DEF 14A

In 2011, other than its role as compensation consultant to the Committee, Compensia performed no other work for the Company. In the future, we may decide not to hire a compensation consultant each year, if we believe that the prior report we obtained, along with publicly-available data from our group, is sufficient to allow us to make informed decisions with regard to executive compensation matters.

Role of Executive Officers

Our Chief Executive Officer aids the Committee by providing recommendations regarding the compensation of all executive officers other than himself. Our Chief Executive Officer also advises the Committee regarding the alignment and weighting of our performance measures under our annual cash incentive (bonus) awards with our overall strategy, the impact of the design of our equity incentive awards on our ability to attract, motivate and retain highly talented executives, and the competitiveness of our compensation program.

Prior to the end of the year, our Chief Executive Officer reviews each executive officer's performance as well as the Company's performance against the pre-established financial targets and critical strategic priorities. Our Chief Executive Officer then presents this assessment to the Committee and makes his recommendations with respect to the appropriate base salary, annual bonus payments and grants of long-term equity incentive awards for all executive officers, other than himself. Any executive officer who participates in the Committee's meetings leaves the meetings during discussions and deliberations of individual compensation actions affecting him or her personally and during the Committee's executive sessions.

Each named executive officer, with the exception of our Chief Executive Officer, participated in an annual performance review with his or her respective manager, to provide input about his or her contributions to the Company's goals and objectives for the period being assessed. Our Chief Executive Officer participated in a similar annual review with our Lead Independent Director. The recommendations of our Chief Executive Officer were assessed in the context of each named executive officer's performance, along with competitive positioning information generated by Compensia and provided to management and the Committee with respect to base salary, bonus and equity compensation for each executive.

Positioning of Cash and Equity Compensation

The Committee believes it is important when making its compensation-related decisions to be informed as to current compensation practices of comparable publicly held companies in the medical device and life sciences industries. In the past the Committee has reviewed corresponding pay practices of a peer group of companies that was developed with the assistance of Compensia. In light of the significant adverse global economic conditions that were affecting our business in 2009, the Committee accepted management's recommendation not to award any base salary increases, without regard to peer group practices. This being the case, the Committee did not utilize a peer group for the determination of executive compensation for 2010. To provide independent and comparable company guidance regarding cash and equity compensation, the Committee directed Compensia to develop a framework for 2011 executive cash and equity compensation. For the purpose of establishing 2011 compensation, the Committee, with the assistance of Compensia, established a peer group of companies in the fourth quarter of 2010. The companies included in the peer group were the following: Accuray, Atrion, Biolase Technology, Cutera, Cyberonics, Cynosure, Endologix, Harvard Bioscience, Iris International, Natus Medical, Orthovita, Palomar Medical Technologies, SonoSite, Spectranetics, Synergetics USA, TomoTherapy, and Young Innovations.

These companies were chosen because they were publicly traded medical device or life science companies with revenue and employee headcount generally consistent with our own. The revenues of these companies for the most recent four quarters ranged from \$26 million to \$255 million and the number of employees at year-end ranged from 151 to 730.

The data source for Compensia's cash and equity recommendations was an equal blend of peer proxy data, Compensia's 2010 Proprietary Life-Science Survey of U.S. companies with \$50 million to \$200 million in revenues and Compensia's Proprietary High-Technology Survey of U.S. companies with 150-499 employees. The Committee used the recommendations from the Compensia analyses to help define the competitive total compensation opportunity for each executive officer, but specific pay decisions for each executive are based on his or her past and anticipated contributions, current compensation package, retention risks and overall corporate performance.

Assessment of Corporate and Individual Achievement

Corporate Achievement

At the beginning of each year, management prepares and proposes to the Committee a set of corporate goals covering the expected operating and financial performance of the Company for the year. Our corporate goals are focused towards deliverables expected to advance near-term stockholder value while also building towards long-term stockholder value. These corporate goals are then reviewed and approved by the Committee. The Committee also assigns a specific weighting to each goal and establishes formulas for determining the resulting annual bonus payments based on actual achievement against these goals. In 2010, these goals related to targets in the categories of revenue, operating income and cash flow from operations goals, weighted 40%, 30% and 30%, respectively, of the total bonus opportunity. In 2011 the goals we adopted were revenue, operating income and management business objectives, weighted 34%, 33% and 33%, respectively, of the total bonus opportunity. We adopted the new bonus goals for 2011 because we determined that focusing on revenue and operating income would provide sufficient motivation to attain desirable levels of company-wide financial performance and because the Board had identified specific business objectives upon which it desired to focus senior management. These goals were divided into six-month and 12-month targets. In July 2011 and again in February 2012, the Committee assessed the overall level of corporate achievement based on the Company's performance relative to these goals. To further correlate executive compensation with enhancement of stockholder value, in 2011 we made the vesting of certain restricted stock units awarded in 2011 subject to performance criteria tied to future change in the trading price of our common stock in relation to the Russell Microcap Index.

Individual Achievement

Although the Committee believes that the largest portion of each executive officer's total compensation should be based on our executive officers' success as a team and thus based on achievement of shared financial and critical strategic goals, it also believes that there should be some ability to reward individual and departmental contributions. To that end, we consider individual and departmental performance, the impact of that performance on the achievement of our strategic goals and objectives and on the executive team's performance as significant factors in setting base salary and in granting equity-based compensation.

Compensation Components

Compensation for our executive officers, including the named executive officers, is broken out into the following components:

Cash Compensation. Cash compensation consists of base salary and an annual bonus opportunity. In 2011, Compensia assisted us in establishing a new peer group to guide our determination of appropriate cash compensation opportunities. Our cash compensation goals for our executive officers are based upon the following principles:

Ensuring that our short-term incentive program is consistent with our compensation philosophy;

Payouts should be based primarily on corporate financial performance, rather than individual performance;

With improved company performance, pay will increase toward targeted positioning; and

Ensuring that individual target incentive opportunities align target total cash compensation levels with desired positioning.

Base Salary and Total Target Cash Compensation. In 2011, our goal was to set the base salaries of our executive officers between the 50th to 60th percentile of the market data utilized by Compensia and total target cash compensation between the 50th to 75th percentiles of the Compensia market data. After accepting management's recommendation not to award any base salary increases for 2009 and 2010, in February 2011, the Committee approved salary increases for executives in the range of 4% to 6% for 2011.

Table of Contents

Bonus Program. In addition to base salary, we have a bonus plan covering all full-time regular employees, including our executive officers (except our sales representatives who participate in a sales compensation plan) pursuant to which bonus payments may be made. As noted above, bonuses are calculated based upon actual achievement of the pre-established corporate financial goals. The company-wide financial targets for the 2011 cash bonus awards were the respective amounts included in the operating plan adopted by our Board of Directors for 2011.

For 2011, the Committee approved a bonus plan covering all full-time eligible regular employees, including our executive officers. The target bonus opportunity for our Chief Executive Officer was 80% of his base salary, for our COO (who resigned in March, 2011) and CFO, 50% of their respective base salaries, and for each other executive officer, 40% of his or her respective base salary. Bonuses were payable based on actual achievement against six-month and 12-month performance targets in the categories of revenue, operating income and management business objectives for each of the first six months and full year of 2011 that applied to all executive officers, weighted 34%, 33% and 33%, respectively, of the total bonus opportunity. The six-month bonus opportunity represented approximately 40% of the full-year bonus opportunity. Non-GAAP operating income represents such amounts as are reported in our respective periodic reports, with any such additional adjustments for discrete items not anticipated in the establishment of our corporate financial goals.

In July 2011, the Committee approved bonuses with respect to the first six months of 2011 for Mr. Fanning in the amount of \$91,200, for Mr. Glenn in the amount of \$34,560, for Mr. Carnell in the amount of \$52,806, for Mr. Brodie in the amount of \$24,960, for Mr. Heigel in the amount of \$25,171 and for Mr. Ferrari in the amount of \$21,600. These bonus amounts represented approximately 24.0% of the respective executive officer's full-year target bonus. The bonuses were determined based upon a comparison of our actual company-wide financial results to the six-month target performance objectives, as summarized in the following table:

| Performance Category | Target (Threshold) | Actual Achievement | Level of Achievement of Target | Payout Factor |
|--------------------------------------|---------------------------------|--------------------|--------------------------------|---------------|
| Revenue (6 months) | \$59.7 million (\$57.7 million) | \$55.4 million | 0% | 0% |
| Non-GAAP Operating Income (6 months) | \$1.7 million (\$0.7 million) | \$2.0 million | 100% | 17.5% |
| Management Objectives (6 months) | (1) | 100% | 100% | 42.5% |

- (1) The management business objectives for the first six months of 2011 consisted of attaining manufacturing goals for one product and to complete the launch of two specified products.

Table of Contents

In February 2012, the Committee approved bonuses with respect to the 12 months of 2011 for Mr. Fanning in the amount of \$119,819, for Mr. Glenn in the amount of \$45,405, for Mr. Brodie in the amount of \$32,492, for Mr. Heigel in the amount of \$33,070 and for Mr. Ferrari in the amount of \$28,378. These bonus amounts, combined with the six-month bonus amounts determined and paid in July 2011, represented approximately 55.5% of the respective executive officer's 12-month target bonus. The bonuses were determined based upon a comparison of our actual results to the 12-month threshold and target performance objectives, as summarized in the following table:

| Performance Category | Target (Threshold) | Actual Achievement | Level of Achievement of Target | Payout Factor |
|---------------------------------------|----------------------------------|--------------------|--------------------------------|---------------|
| Revenue (12 months) | \$127.8 million(\$117.8 million) | \$115.2 million | 0% | 0% |
| Non-GAAP Operating Income (12 months) | \$8.4 million(\$4.0 million) | \$5.6 million | 59% | 25.6% |
| Management Objectives (12 months) | (1) | 100% | 100% | 27.0% |

(1) The management business objectives for the full year 2011 consisted of achieving milestones in the development of three specified products that were under development in 2011.

In February 2012, the Committee approved a 2012 corporate bonus plan and again set bonuses targets for our Chief Executive Officer at 80 % of his base salary, for our CFO, 50% of his base salary, and for each other executive officer, 40% of his or her respective base salary. Bonuses are payable based on actual achievement against six-month and 12-month performance targets in the categories of revenue, operating income and management business objectives, each of which is weighted 34%, 33% and 33%, respectively, of the total bonus opportunity. The actual bonuses payable for 2012, if any, will vary depending on the extent to which our actual financial performance meets, exceeds, or falls short of these financial goals as approved by the Committee.

Long-Term Incentive Program. We believe that long-term performance is achieved through an equity ownership culture that encourages long-term performance by our executive officers through the use of stock-based awards. All employees are eligible to participate in our equity programs. Our equity compensation goals for our executive officers are based upon the following principles:

Stockholder and executive interests should be aligned;

The program should be structured to provide meaningful retention incentives to participants; and

Actual awards should be tailored to reflect individual performance and recruitment/retention goals.

Our practice is to make annual equity grants to our executive officers that are competitive with companies of a comparable size and business focus. Using the analysis done by Compensia in addition to recommendations made by our Chief Executive Officer, in February 2011, the Committee awarded equity awards to our executive officers that approximated the 75th percentile of the Compensia market data. To further correlate executive compensation with enhancement of stockholder value, in 2011 one-half of the equity awards consisted of restricted share units that were made to subject to time-based vesting and one-half consisted of market share units (MSU's), the vesting of which is tied to the performance of the Company's common stock relative to the Russell Microcap Index. Vesting on the MSU's equals 100% if the Company's common stock price equals that of the Russell Microcap Index over the performance period. The performance period is from January 1, 2011 through December 31, 2013 and is broken into three annual periods with target shares divided evenly against the three annual performance periods. Minimum and maximum vesting ranges from 0% to 150% and is scaled on a two for one basis on performance versus the index (that is, for each percentage that the Company's stock price differs

Table of Contents

from the index, the percentage of vesting is 100% minus/plus 2x such difference). Equity awards for 2011 to our named executive officers are summarized below (with the number of MSUs representing the number of shares if our stock price equals the index on each of the three year measurement dates):

| Executive | 2011 RSU Awards | 2011 MSU Awards |
|--------------------|------------------------|------------------------|
| Stephen J. Fanning | 218,000 | 218,000 |
| John F. Glenn | 85,200 | 85,200 |

When we issue stock options to our executive officers, directors and employees to purchase shares of our common stock, we do so at an exercise price equal to the fair market value of such stock on the date of grant. The date of grant for our executive officers is typically the date of a regularly scheduled board meeting. We have no program, plan or practice to select option grant dates (or set board meeting dates) to correspond with the release of material non-public information.

Severance and Change of Control Benefits. We entered into change of control and severance agreements providing for certain change of control benefits for our executive officers, the terms of which are described in more detail below in the sections entitled Employment Agreements Change of Control and Severance Agreements and Potential Payments Upon Termination or Change in Control.

Other Benefits. We provide the following benefits to our executive officers generally on the same basis as the benefits provided to all employees:

Health, vision and dental insurance;

Life insurance;

Short-and long-term disability;

Section 401(k) plan;

Employee assistance plan;

Flexible spending plan; and

Performance awards programs (including President's Club travel and gift cards).

We believe that these benefits are consistent with those offered by other companies and specifically with those companies with which we compete for employees.

Table of Contents**PROPOSAL TWO RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our Audit Committee has selected Deloitte & Touche LLP as the independent registered public accounting firm to perform the audit of our financial statements for the fiscal year ending December 31, 2012. If our stockholders fail to ratify the Audit Committee's selection, the Audit Committee will reconsider whether or not to retain Deloitte & Touche LLP. Even if the selection is ratified, the Audit Committee may, in its discretion, select a different independent registered public accounting firm at any time during the year if it determines such a change would be in the best interests of our company and our stockholders.

Representatives of Deloitte & Touche LLP are expected to be present at the meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from our stockholders.

The reports of Deloitte & Touche LLP on our consolidated financial statements as of and for the year ended December 31, 2011 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principle. During the years ended December 31, 2011 and 2010, there were no (a) disagreements with Deloitte & Touche LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Deloitte & Touche LLP's satisfaction, would have caused Deloitte & Touche LLP to make reference to the subject matter thereof in connection with its reports on the financial statements of Solta Medical, Inc. for such years, or (b) reportable events, as described under Item 304(a)(1)(v) of Regulation S-K.

Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2012.

PROPOSAL THREE ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are requesting your advisory approval of the compensation of our named executive officers as disclosed above in the Compensation Discussion and Analysis, the compensation tables, and the related narrative discussion. This non-binding advisory vote is commonly referred to as a say-on-pay vote.

Our Compensation Committee believes that the most effective executive compensation program is one that is designed to reward achievement and that aligns executives' interests with those of stockholders by rewarding performance, with the ultimate objective of improving stockholder value and building a sustainable company. The Committee also seeks to ensure that we maintain our ability to attract and retain superior employees in key positions and that the compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of a selected group of our peer companies and the broader marketplace from which we recruit and compete for talent.

We are asking you to indicate your support for the compensation of our named executive officers as described in this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we are asking you to vote, on an advisory basis, For the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion set forth on pages 21 to 36 of this Proxy Statement, is hereby approved.

While the results of this advisory vote are not binding, the Compensation Committee will consider the outcome of the vote in deciding whether to take any action as a result of the vote and when making future compensation decisions for named executive officers.

PROPOSAL FOUR AMENDMENT OF OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO ELIMINATE THE SUPERMAJORITY VOTING THRESHOLD

After discussion and consideration, and upon the recommendation of the Nominating and Corporate Governance Committee, the Board has determined that it is consistent with best corporate governance practices and in the best interests of the Company and our shareholders to amend the Company's Amended and Restated Certificate of Incorporation to eliminate the supermajority voting provision.

Currently, the Company's Amended and Restated Certificate of Incorporation requires the affirmative vote of the holders of at least 66-2/3% of the then outstanding voting securities of the Company, voting together as a single class to vote to amend, repeal or modify specified provisions of our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws of the Company. The Board has unanimously approved, and recommends that our shareholders approve, the following amendment to our Amended and Restated Certificate of Incorporation:

The second sentence of Article VIII would be revised to provide that the amendment, repeal or modification of specified provisions of our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws may be amended by the affirmative vote of a majority of the holders of the then outstanding voting securities of the Company, voting together as a single class.

A copy of the Certificate of Amendment of the Company's Amended and Restated Certificate of Incorporation is attached to this Proxy Statement as Appendix A.

Approval of the amendment of our Amended and Restated Certificate of Incorporation proposed under this Proposal Four requires the affirmative vote of the holders of at least 66-2/3% of the outstanding voting securities of the Company as of the Record Date, voting together as a single class. This supermajority vote is required because our Amended and Restated Certificate of Incorporation currently requires such a threshold to amend Article VIII. However, if this Proposal Four is approved by the requisite supermajority vote, only a simple majority vote of the then outstanding shares of the voting securities of the Company, voting together as a single class will be required for future amendments to our Amended and Restated Certificate of Incorporation. If the amendment to our Amended and Restated Certificate of Incorporation proposed under this Proposal Four are approved by the requisite supermajority vote, then these amendments will become effective upon the filing of the Certificate of Amendment of our Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware, which filing would be made promptly after the Annual Meeting.

Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE AMENDMENT OF OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO ELIMINATE THE SUPERMAJORITY VOTING THRESHOLD.
