SOLAR CAPITAL LTD.

FORM 10-Q FOR THE QUARTER ENDED MARCH 31, 2012

PART I. FINANCIAL INFORMATION

Item 1. Financial Statements

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders

Solar Capital Ltd.:

We have reviewed the accompanying consolidated statement of assets and liabilities, including the consolidated schedule of investments, of Solar Capital Ltd. (the Company) as of March 31, 2012, and the related consolidated statements of operations for the three-month periods ended March 31, 2012 and 2011, the consolidated statement of changes in net assets for the three-month period ended March 31, 2012 and consolidated statements of cash flows for the three-month periods ended March 31, 2012 and 2011. These consolidated financial statements and financial highlights are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial accounting and reporting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying consolidated financial statements in order for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the accompanying consolidated statement of assets and liabilities, including the consolidated schedule of investments, of Solar Capital Ltd. as of December 31, 2011, and the related consolidated statement of net assets for the year ended December 31, 2011 and we expressed an unqualified opinion on them in our report dated February 22, 2012.

/s/ KPMG LLP

- (1) We generally acquire our investments in private transactions exempt from registration under the Securities Act of 1933, as amended (the "Securities Act"). Our investments are therefore generally subject to certain limitations on resale, and may be deemed to be "restricted securities" under the Securities Act.
- (2) A majority of the variable rate debt investments bear interest at a rate that may be determined by reference to LIBOR or EURIBOR, and which reset daily, quarterly or semi-annually. For each debt investment we have provided the current interest rate in effect as of March 31, 2012.
- (3) The following entities are domiciled outside the United States and the investments are denominated in either Euro, British Pounds, Canadian Dollars or Australian Dollars: Weetabix Group in the United Kingdom; ProSieben Sat.1 Media AG in Germany; Granite Global Solutions Corp. in Canada; and Seven Media Group Pty Limited in Australia. NXP Semiconductors Netherlands B.V. is domiciled in the Netherlands and is denominated in U.S. dollars. All other investments are domiciled in the United States.
- (4) Solar Capital Ltd.'s foreign domiciled portion of MYI Aquiror Corporation is held through its wholly-owned subsidiary Solar Capital Luxembourg I S.a.r.l.
- (5) Solar Capital Ltd.'s investments in Weetabix Group are held through its wholly-owned subsidiary Solar Capital Luxembourg I S.a.r.l.
- (6) Solar Capital Ltd.'s investment in ProSieben Sat. 1 Media AG is held through its wholly-owned subsidiary Solar Capital Luxembourg I S.a.r.l.
- (7) Coupon is payable in cash and/or in kind (PIK).
- (8) Includes an unfunded commitment of \$6,000.
- (9) Denotes a Control Investment. Control Investments are defined in the 1940 Act as investments in those companies that the Company is deemed to "Control." Generally, under the Investment Company Act of 1940, as amended (the "1940 Act"), the Company is deemed to "Control" a company in which it has invested if it owns 25% or more of the voting securities of such company or has greater than 50% representation on its board.
- (10) Denotes an Affiliate Investment. Affiliate Investments are investments in those companies that are "Affiliated Companies" of the Company, as defined in the 1940 Act, which are not Control Investments. The Company is deemed to be an "Affiliate" of a company in which it has invested if it owns 5% or more but less than 25% of the voting securities of such company.

Edgar Filing: Solar Capital Ltd. - Form 10-Q

- (11) Investments are held in taxable subsidiaries through Solar Capital Ltd. Investment in Ark Real Estate Partners LP is held through SLRC ADI Corp and equity investment in Grakon LLC are held through Grakon TL Holding, Inc.
- (12) Solar Capital Ltd.'s investments in SODO Corp. and SOCA Y Corp. each include a one dollar investment in common shares.
- (13) Founders Shares.
- (14) Contingent Founders Shares.
- (15) Includes an unfunded commitment of \$12,054 Canadian Dollars or \$12,225 U.S. Dollars as of March 31, 2012.
- (16) Indicates an investment held by Solar Capital Ltd. through its wholly-owned subsidiary Solar Capital Funding II LLC. Such investments are pledged as collateral under the Senior Secured Loan Facility (see Note 6 to the consolidated financial statements) and are not generally available to the creditors of Solar Capital Ltd. Unless otherwise noted, as of March 31, 2012, all other investments were pledged as collateral for the Senior Secured Revolving Credit Facility and the Term Loan (see Note 6 to the consolidated financial statements).
- (17) Indicates an investment partially held by Solar Capital Ltd. through its wholly-owned subsidiary Solar Capital Funding II LLC. (See note 18 above for further explanation.) Par amounts held through Solar Capital Funding II LLC include: Asurion Corp \$14,438; Earthbound Farm \$22,913; Fulton Holding Corp. \$18,000; Grocery Outlet Inc. \$19,900; Interactive Health Solutions, Inc. \$11,662; Midcap Financial Intermediate Holdings, LLC \$23,500; Rug Doctor L.P. \$9,104; Transplace Texas, LP \$18,518; ViaWest Inc. \$15,143; and Vision Holding Corp \$17,569. Remaining par balances are held directly by Solar Capital Ltd.
- (18) Includes an unfunded commitment of \$1,250.
- (19) Investment is on non-accrual status.
- (20) Indicates assets that the Company believes do not represent qualifying assets under Section 55(a) of the Investment Company Act of 1940, as amended. Qualifying assets must represent at least 70% of the Company's total assets at the time of acquisition of any additional non-qualifying assets.
- (21) Includes PIK payable on \$12,586 of par at 4.50% PIK, \$14,572 of par at 5.25% PIK, \$15,090 of par at 8.00% PIK, and \$9,583 of par at 3.50% PIK.
- (22) Asurion Holdco has the option to pay interest in kind at L+10.25 if certain specified conditions are met.
- (23) Includes an unfunded commitment of \$10,000.
- (24) In March 2012, Solar Capital Ltd. purchased \$36,991 and participated \$7,000 to a third party with no recourse to the Company.

See notes to consolidated financial statements.

- (1) We generally acquire our investments in private transactions exempt from registration under the Securities Act of 1933, as amended (the "Securities Act"). Our investments are therefore generally subject to certain limitations on resale, and may be deemed to be "restricted securities" under the Securities Act.
- (2) For each debt investment we have provided the current interest rate in effect as of December 31, 2011. Variable rate debt investments generally bear interest at a rate that may be determined by reference to LIBOR or EURIBOR, and which may reset daily, quarterly or semi-annually.
- (3) The following entities are domiciled outside the United States and the investments are denominated in British Pounds, Euro, Canadian Dollars or Australian Dollars: Weetabix Group in the United Kingdom; ProSieben Sat.1 Media AG in Germany; Granite Global Solutions Corp. in Canada; and Seven West Media Group Pty Limited in Australia. NXP Semiconductors Netherlands B.V. is domiciled in the Netherlands and \$14,750 of MYI Aquiror Corporation is domiciled in the United Kingdom, but these assets are denominated in US Dollars. All other investments are domiciled in the United States.
- (4) Solar Capital Ltd.'s foreign domiciled portion of MYI Aquiror Corporation is held through its wholly-owned subsidiary Solar Capital Luxembourg I S.a.r.l.
- (5) Solar Capital Ltd.'s investments in Weetabix Group are held through its wholly-owned subsidiary Solar Capital Luxembourg I S.a.r.l.
- (6) Solar Capital Ltd.'s investments in ProSieben Sat. 1 Media AG are held through its wholly-owned subsidiary Solar Capital Luxembourg I S.a.r.l.
- (7) Coupon is payable in cash and/or in kind (PIK).
- (8) Includes an unfunded commitment of \$6,000.
- (9) Solar Capital Ltd. has an unfunded commitment of \$2,879.
- (10) Denotes a Control Investment. Control Investments are defined in the 1940 Act as investments in those companies that the Company is deemed to "Control." Generally, under the Investment Company Act of 1940, as amended (the "1940 Act"), the Company is deemed to "Control" a company in which it has invested if it owns 25% or more of the voting securities of such company or has greater than 50% representation on its board.
- (11) Denotes an Affiliate Investment. Affiliate Investments are investments in those companies that are "Affiliated Companies" of the Company, as defined in the 1940 Act, which are not "Control Investments." The Company is deemed to be an "Affiliate" of a company in which it has invested if it owns 5% or more but less than 25% of the voting securities of such company.

Edgar Filing: Solar Capital Ltd. - Form 10-Q

- (12) Solar Capital Ltd. 's investment in Ark Real Estate Partners LP is held through its taxable subsidiary SLRC ADI Corp.
- (13) SODO Corp. and SOCAPY Corp. own equity interests that represent a majority of the equity ownership in Aviator Cap SII, LLC and USAW 767. Solar Capital Ltd. 's investments in SODO Corp. and SOCAPY Corp. each include a one dollar investment in common shares.
- (14) Founders Shares.
- (15) Contingent Founders Shares.
- (16) Includes an unfunded commitment of \$15,600 Canadian Dollars or \$15,313 U.S Dollars as of December 31, 2011.
- (17) Indicates an investment held by Solar Capital Ltd. through its wholly-owned subsidiary Solar Capital Funding II LLC. Such investments are pledged as collateral under the Senior Secured Loan Facility (see Note 6 to the consolidated financial statements) and are not generally available to the creditors of Solar Capital Ltd. Unless otherwise noted, as of December 31, 2011, all other investments were pledged as collateral for the Senior Secured Revolving Credit Facility and the Term Loan (see Note 6 to the consolidated financial statements).
- (18) Indicates an investment partially held by Solar Capital Ltd. through its wholly-owned subsidiary Solar Capital Funding II LLC. (See note 17 above for further explanation.) Par amounts held through Solar Capital Funding II LLC include: Asurion \$14,224; Fulton Holding Corp. \$18,000; Interactive Health Solutions, Inc. \$10,236; Roundy 's Supermarkets Inc. \$10,000; Transplace Texas, LP \$18,800; ViaWest Inc. \$15,239; Vision Holding Corp \$13,883; Earthbound \$23,500; Midcap Financial Intermediate Holdings, LLC \$23,500; and Rug Doctor L.P. \$9,515. Remaining par balances are held directly by Solar Capital Ltd.
- (19) Includes an unfunded commitment of \$1,250.
- (20) Investment is on non-accrual status.
- (21) Indicates assets that the Company believes do not represent 'qualifying assets' under Section 55(a) of the Investment Company Act of 1940, as amended. Qualifying assets must represent at least 70% of the Company 's total assets at the time of acquisition of any additional non-qualifying assets.
- (22) Includes PIK payable on \$12,466 of par at 4.50% PIK, \$14,405 of par at 5.25% PIK, \$14,839 of par at 8.00% PIK, and \$9,515 of par at 3.50% PIK.

SOLAR CAPITAL LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2012

(in thousands, except shares)

(unaudited)

Note 1. Organization

Solar Capital Ltd. (Solar Capital or the Company), a Maryland corporation formed in November 2007, is a closed-end, externally managed, non-diversified management investment company that has elected to be treated as a business development company (BDC) under the Investment Company Act of 1940, as amended (the 1940 Act). In addition, for tax purposes the Company has elected to be treated as a regulated investment company (RIC) under Subchapter M of the Internal Revenue Code of 1986, as amended (the Code). In February 2010, Solar Capital Ltd. completed its initial public offering.

The Company s investment objective is to generate both current income and capital appreciation through debt and equity investments. The Company invests primarily in middle-market companies in the form of mezzanine and senior secured loans, each of which may include an equity component, and, to a lesser extent, by making direct equity investments in such companies.

Note 2. Significant Accounting Policies

Basis of Presentation The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP), and include the accounts of the Company and its wholly-owned subsidiaries, Solar Capital Luxembourg I S.a.r.l., which was incorporated under the laws of the Grand Duchy of Luxembourg on April 26, 2007, and Solar Capital Funding II LLC (SC Funding), a Delaware limited liability company formed on December 8, 2010. The consolidated financial statements reflect all adjustments and reclassifications which, in the opinion of management, are necessary for the fair presentation of the results of the operations and financial condition for the years presented. All significant intercompany balances and transactions have been eliminated.

Interim financial statements are prepared in accordance with GAAP for interim financial information and pursuant to the requirements for reporting on Form 10-Q and Articles 6 or 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by GAAP for annual financial statements. In the opinion of management, all adjustments, consisting solely of normal recurring accruals considered necessary for the fair presentation of financial statements for the interim period, have been included. The current period s results of operations will not necessarily be indicative of results that ultimately may be achieved for the fiscal year ending December 31, 2012.

Investments The Company applies fair value accounting in accordance with GAAP. Securities transactions are accounted for on trade date. Securities for which market quotations are readily available on an exchange are valued at such price as of the closing price on the valuation date. The Company may also obtain quotes with respect to certain of its investments from pricing services or brokers or dealers in order to value assets. When doing so, the Company determines whether the quote obtained is sufficient according to GAAP to determine the fair value of the security. If determined adequate, the Company uses the quote obtained.

Securities for which reliable market quotations are not readily available or for which the pricing source does not provide a valuation or methodology or provides a valuation or methodology that, in the judgment of the Company s investment adviser or Board of Directors (the Board), does not represent fair value, shall each be valued as follows:

- 1) The quarterly valuation process begins with each portfolio company or investment being initially valued by the investment professionals responsible for the portfolio investment;

Edgar Filing: Solar Capital Ltd. - Form 10-Q

- 2) Preliminary valuation conclusions are then documented and discussed with senior management;
- 3) Third-party valuation firms are engaged by, or on behalf of, the Board to conduct independent appraisals and review management's preliminary valuations and make their own independent assessment, for all material assets; and
- 4) The Board discusses valuations and determines the fair value of each investment in the portfolio in good faith based on the input of our investment adviser (note 4) and, where appropriate, the respective independent valuation firms.

Valuation methods, among other measures and as applicable, may include comparisons of financial ratios of the portfolio companies that issued such private equity securities to peer companies that are public, the nature and realizable value of any collateral, the portfolio company's ability to make payments and its earnings and discounted cash flows, the markets in which the portfolio company does business, and other relevant factors.

When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, the Company will consider the pricing indicated by the external event to corroborate the private equity valuation. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the investments may differ significantly from the values that would have been used had a readily available market value existed for such investments, and the differences could be material.

Investments of sufficient credit quality purchased within 60 days of maturity are valued at cost plus accreted discount, or minus amortized premium, which approximates fair value.

SOLAR CAPITAL LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2012

(in thousands, except shares)

(unaudited)

Cash and Cash Equivalents Cash and cash equivalents include investments in money market accounts or investments with original maturities of three months or less.

Revenue Recognition The Company's revenue recognition policies are as follows:

Sales: Gains or losses on the sale of investments are calculated by using the specific identification method.

Interest Income: Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis. Origination, closing and/or commitment fees associated with investments in portfolio companies are accreted into interest income over the respective terms of the applicable loans. Upon the prepayment of a loan or debt security, any prepayment penalties and unamortized loan origination, closing and commitment fees are recorded as part of interest income. The Company has loans in its portfolio that contain a payment-in-kind (PIK) provision. PIK interest is accrued at the contractual rates and added to the loan principal on the reset dates.

Dividend Income: Dividend income on preferred equity securities is recorded as dividend income on an accrual basis to the extent that such amounts are payable by the portfolio company and are expected to be collected. Dividend income on common equity securities is recorded on the record date for private portfolio companies or on the ex-dividend date for publicly traded portfolio companies.

Non-accrual: Loans are placed on non-accrual status when principal or interest payments are past due 30 days or more or when there is reasonable doubt that principal or interest will be collected. Accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment. Non-accrual loans are restored to accrual status when past due principal and interest is paid and, in management's judgment, are likely to remain current.

Fee Revenue Receivable Fee revenue receivable consists of premium payments owed to the Company at the maturity of certain loans. The premium payments are recorded as a receivable at the inception of the loan and are accreted into interest income over the respective terms of the applicable loans.

Deferred Fee Revenue Deferred fee revenue represents the unearned portion of premium payments owed to the Company at the maturity of certain loans.

U.S. Federal Income Taxes The Company has elected to be treated as a RIC under subchapter M of the Code and operates in a manner so as to qualify for the tax treatment applicable to RICs. In order to qualify as a RIC, among other things, the Company is required to timely distribute to its stockholders at least 90% of investment company taxable income, as defined by the Code, for each year. Depending on the level of taxable income earned in a given tax year, we may choose to carry forward taxable income in excess of current year dividend distributions into the next tax year and pay a 4% excise tax on such income, as required. To the extent that the Company determines that its estimated current year annual taxable income will be in excess of estimated current year dividend distributions, the Company accrues excise tax, if any, on estimated excess taxable income as taxable income is earned. For the three months ended March 31, 2012, \$985 was recorded for U.S. Federal excise tax. No Federal excise tax was recorded for the three months ended March 31, 2011.

Although the Company files federal and state tax returns, its major tax jurisdiction is federal. The Company's inception-to-date federal tax years remain subject to examination by the Internal Revenue Service. The Company is also subject to taxes in Luxembourg, through Solar Capital Luxembourg I S.a.r.l., a wholly-owned subsidiary. Under the laws of Luxembourg, the Company pays a corporate income tax and a municipal business tax on its subsidiary's taxable income.

Edgar Filing: Solar Capital Ltd. - Form 10-Q

The Company has formed and used certain taxable subsidiaries to be taxed as a corporation for federal income tax purposes. These taxable subsidiaries allow the Company to hold portfolio companies organized as pass-through entities and still satisfy certain RIC income requirements. The Company does not consolidate the taxable subsidiaries for income tax purposes but recognizes the results of these subsidiaries for financial reporting purposes.

The Company evaluates tax positions taken or expected to be taken in the course of preparing its financial statements to determine whether the tax positions are more-likely-than-not of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are reversed and recorded as a tax benefit or expense in the current year. All penalties and interest associated with income taxes are included in income tax expense. Conclusions regarding tax positions are subject to review and may be adjusted at a later date based on factors including, but not limited to, on-going analyses of tax laws, regulations and interpretations thereof. The Company did not have any uncertain tax positions that met the recognition or measurement criteria of ASC 740-10-25 nor did it have any unrecognized tax benefits as of the periods presented herein.

Capital Accounts Certain capital accounts including under (over) distributed net investment income, accumulated net realized gain or loss, net unrealized depreciation, and paid-in capital in excess of par, are adjusted, at least annually, for permanent differences between book and tax. In addition, the character of income and gains to be distributed is determined in accordance with income tax regulations that may differ from GAAP.

Dividends Dividends and distributions to common stockholders are recorded on the ex-dividend date. Quarterly dividend payments are determined by the Board and are generally based upon taxable earnings estimated by management. Net realized capital gains, if any, are distributed at least annually, although we may decide to retain such capital gains for investment. We have adopted a dividend reinvestment plan that provides for reinvestment of any distributions we declare in cash on behalf of our stockholders, unless a stockholder elects to receive cash. As a result, if our Board authorizes, and we declare, a cash dividend, then our stockholders who have not opted out of our dividend reinvestment plan will have their cash dividends automatically reinvested in additional shares of our common stock, rather than receiving the cash dividend. While we generally use newly issued shares to implement the plan (especially if our shares are trading at a premium to net asset value), we may purchase shares in the open market in connection with our obligations under the plan. In particular, if our shares are trading at a significant enough discount to net asset value and we are otherwise permitted under applicable law to purchase such shares, we intend to purchase shares in the open market in connection with our obligations under our dividend reinvestment plan.

Foreign Currency Translation The accounting records of the Company are maintained in U.S. dollars. Foreign currency amounts are translated into U.S. dollars on the following basis:

- (i) Market value of investment securities, other assets and liabilities at the current rates of exchange.
- (ii) Purchase and sales of investment securities, income and expenses at the rates of exchange prevailing on the respective date of such transactions.

The Company does not isolate that portion of realized and unrealized gains or losses on investments that result from changes in market prices of investments from those that result from fluctuations in foreign exchange rates. Net realized foreign currency gains or losses arise from sales or repayments of foreign denominated investments (recorded in realized gain/loss on investments), maturities or terminations of foreign currency derivatives (recorded in realized gain/loss on derivatives), repayments of foreign denominated liabilities and other transactional gain or loss resulting from fluctuations in foreign exchange rates on amounts received or paid (recorded in realized gain/loss on foreign exchange). Net unrealized foreign exchange gains and losses arise from valuation changes in foreign denominated assets and liabilities, resulting from changes in exchange rates, including unrealized foreign exchange gains and losses on investments (recorded in unrealized gain/loss on investments), foreign currency derivatives (recorded in unrealized gain/loss on derivatives), and all other assets and liabilities (recorded in unrealized gain/loss on foreign exchange).

The Company's investments in foreign securities may involve certain risks such as foreign exchange restrictions, expropriation, taxation or other political, social or economic risks, all of which could affect the market and/or credit risk of the investment. In addition, changes in the relationship of foreign currencies to the U.S. dollar can significantly affect the value of these investments and therefore the earnings of the Company.

Derivative Instruments and Hedging Activity The Company recognizes derivatives as either assets or liabilities at fair value on its Consolidated Statements of Assets and Liabilities with valuation changes recorded as realized or unrealized gains and losses. The Company currently does not have any formally documented hedges that qualify for hedge accounting treatment.

The Company uses foreign exchange forward contracts and/or borrowings on its multicurrency revolving credit facility to economically hedge its foreign currency risks. Changes in the values of the Company's foreign denominated assets are recorded in current earnings as realized and unrealized gains and losses (see above); likewise, realized and unrealized gains and losses from derivatives and foreign denominated debt are also recorded in current earnings. The fair value of foreign exchange forward contracts is determined by recognizing the difference between the contract exchange rate and the current market exchange rate. Fluctuations in market values of assets and liabilities denominated in the same foreign currency offset in earnings, providing a natural foreign currency hedge.

The Company uses interest rate caps to create a synthetic ceiling on its borrowing rates. An interest rate cap is a derivative in which the buyer receives payments at the end of each period in which the interest rate exceeds an agreed strike price. Interest payments on the Company's credit facilities are primarily LIBOR based. By purchasing caps on LIBOR, if LIBOR exceeds the strike price, the Company will pay a higher interest rate on its credit facilities but receive an offsetting payment from the cap counterparty on the notional amount above the strike price. Caps have an initial cost. The fair value of interest rate caps is determined using option pricing models that use readily available market inputs.

Edgar Filing: Solar Capital Ltd. - Form 10-Q

Deferred Offering Costs Offering costs consist of fees paid in relation to legal, accounting, regulatory and printing work completed in connection with offerings of the Company's common stock or debt.

Receivable for Investments Sold Receivable for investments sold represents a receivable for investments that have been sold but the proceeds have not been received.

Payable for Investments Purchased Payable for investments purchased represents a liability for investments that have been purchased but the proceeds have not been paid and any unfunded loan commitments.

Deferred Credit Facility Costs Deferred credit facility costs are amortized over the life of the related credit facility.

Use of Estimates in the Preparation of Financial Statements The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reported period. Changes in the economic environment, financial markets and any other parameters used in determining these estimates could cause actual results to differ materially.

Subsequent Events Evaluation The Company has evaluated the need for disclosures and/or adjustments resulting from subsequent events through the date the financial statements were issued and determined that none are required, except for the following.

Subsequent to March 31, 2012, DSW Group Inc. (DSW), the Company's largest investment, completed its recapitalization. In April 2012, Solar Capital and other Holdco note holders exchanged their PIK notes for preferred and common equity of DSW. The preferred equity has a dividend rate and liquidation preference consistent with the notes. In addition, Holdco note holders received a majority of DSW's common equity, control of the board, and will have control over significant corporate actions including refinancing and exit alternatives. The Company does not believe that the valuation of the new assets would have differed materially from the valuation of the asset held at March 31, 2012, had this event occurred prior to the end of the quarter.

Table of Contents**SOLAR CAPITAL LTD.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****March 31, 2012****(in thousands, except shares)****(unaudited)****Note 3. Investments**

Investments consisted of the following as of March 31, 2012 and December 31, 2011:

	March 31, 2012		December 31, 2011	
	Cost	Fair Value	Cost	Fair Value
Bank Debt/Senior Secured Loans	\$ 418,536	\$ 407,922	\$ 426,201	\$ 412,396
Subordinated Debt/Corporate Notes	572,388	528,341	604,157	546,859
Preferred Equity	15,433	15,133	15,107	14,664
Common Equity/Partnership Interests/Warrants	90,854	57,119	107,108	71,124
Total	\$ 1,097,211	\$ 1,008,515	\$ 1,152,573	\$ 1,045,043

As of March 31, 2012 and December 31, 2011, the Company had one non-accrual asset with a total market value of \$4,375 and \$5,875, respectively.

Note 4. Agreements

Solar Capital has an Investment Advisory and Management Agreement with Solar Capital Partners, LLC (the Investment Adviser), under which the Investment Adviser will manage the day-to-day operations of, and provide investment advisory services to, Solar Capital. For providing these services, the Investment Adviser receives a fee from Solar Capital, consisting of two components—a base management fee and an incentive fee. The base management fee is determined by taking the average value of Solar Capital's gross assets at the end of the two most recently completed calendar quarters calculated at an annual rate of 2.00%. The incentive fee has two parts, as follows: one part is calculated and payable quarterly in arrears based on Solar Capital's pre-incentive fee net investment income for the immediately preceding calendar quarter. For this purpose, pre-incentive fee net investment income means interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees or other fees that we receive from portfolio companies) accrued during the calendar quarter, minus Solar Capital's operating expenses for the quarter (including the base management fee, any expenses payable under the Administration Agreement, and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the incentive fee). Pre-incentive fee net investment income does not include any realized capital gains computed net of all realized capital losses and unrealized capital depreciation. Pre-incentive fee net investment income, expressed as a rate of return on the value of Solar Capital's net assets at the end of the immediately preceding calendar quarter, is compared to the hurdle rate of 1.75% per quarter (7% annualized). Our net investment income used to calculate this part of the incentive fee is also included in the amount of our gross assets used to calculate the 2% base management fee. Solar Capital pays the Investment Adviser an incentive fee with respect to Solar Capital's pre-incentive fee net investment income in each calendar quarter as follows: (1) no incentive fee in any calendar quarter in which Solar Capital's pre-incentive fee net investment income does not exceed the hurdle rate; (2) 100% of Solar Capital's pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 2.1875% in any calendar quarter; and (3) 20% of the amount of Solar Capital's pre-incentive fee net investment income, if any, that exceeds 2.1875% in any calendar quarter. These calculations are appropriately pro-rated for any period of less than three months and adjusted for any share issuances or repurchases during the relevant quarter. The second part of the incentive fee is determined and payable in arrears as of the end of each calendar year (or upon termination of the Investment Advisory and Management Agreement, as of the termination date), commencing on February 12, 2007, and will equal 20% of Solar Capital's cumulative realized capital gains less cumulative realized capital losses, unrealized capital depreciation (unrealized depreciation on a gross investment-by-investment basis at the end of each calendar year) and all capital gains

Edgar Filing: Solar Capital Ltd. - Form 10-Q

upon which prior performance-based capital gains incentive fee payments were previously made to the adviser. For financial statement purposes, the second part of the incentive fee is accrued based upon 20% of cumulative net realized and unrealized capital appreciation. No accrual was required for the three months ended March 31, 2012 or for the year ended December 31, 2011.

Solar Capital has also entered into an Administration Agreement with Solar Capital Management, LLC (the Administrator) under which the Administrator provides administrative services for Solar Capital. For providing these services, facilities and personnel, Solar Capital reimburses the Administrator for Solar Capital's allocable portion of overhead and other expenses incurred by the Administrator in performing its obligations under the Administration Agreement, including rent. The Administrator will also provide, on Solar Capital's behalf, managerial assistance to those portfolio companies to which Solar Capital is required to provide such assistance.

Table of Contents**SOLAR CAPITAL LTD.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****March 31, 2012****(in thousands, except shares)****(unaudited)****Note 5. Derivatives**

The Company is exposed to interest rate risk both as a lender and a borrower. The Company's borrowing facilities and term loan bear interest at a floating rate, which means that rising interest rates would increase our cost of borrowing. To partially mitigate this risk, in 2011, the Company purchased two interest rate cap contracts, which effectively limit the interest rate payable on \$150 million of LIBOR based borrowings. The following table highlights the outstanding interest rate caps:

Index Rate	Cap Rate	Notional Amount	Expiration	Cost	March 31, 2012		December 31, 2011		Counterparty
					Fair Value	Unrealized Depreciation	Fair Value	Unrealized Depreciation	
3 Month Libor	1.0%	\$ 100,000	1/13/2014	\$ 1,950	\$ 117	\$ (1,833)	\$ 279	\$ (1,671)	Wells Fargo
3 Month Libor	1.0%	50,000	5/4/2014	988	95	(893)	190	(798)	Wells Fargo
		\$ 150,000		\$ 2,938	\$ 212	\$ (2,726)	\$ 469	\$ (2,469)	

The Company is also exposed to foreign exchange risk through its investments denominated in foreign currencies. The Company mitigates this risk through the use of foreign currency forward contracts. As an investment company, all changes in the fair value of assets, including changes caused by foreign currency fluctuation, flow through current earnings. The forward contracts serve as an economic hedge with their realized and unrealized gains and losses also recorded in current earnings. During the quarter ended March 31, 2012, we entered into 28 foreign currency forward contracts with durations of 1 month with average U.S. dollar notional amounts of \$15,774. During the year ended December 31, 2011, we entered into 80 foreign currency forward contracts with durations of 1 month with average U.S. dollar notional amounts of \$30,697.

As of March 31, 2012, there were three open forward foreign currency contracts denominated in Euro, British Pounds and Canadian Dollar, all of which terminated on April 11, 2012. As of December 31, 2011, there were two open forward foreign currency contracts denominated in Euro and British Pounds, both of which terminated on January 10, 2012. At March 31, 2012 and December 31, 2011, there was no fixed collateral held by counterparties for the open contracts and no credit-related contingent features associated with any of the open forward contracts. The contract details are as follows:

SOLD	Foreign Currency	March 31, 2012			December 31, 2011			Counterparty
		USD Value	Unrealized appreciation (depreciation)	Counterparty	Foreign Currency	USD Value	Unrealized appreciation (depreciation)	
EUR	16,893	\$ 22,531	\$ (455)	Wells Fargo	966	\$ 1,295	\$ 44	SunTrust Bank
GBP	20,837	33,329	(625)	SunTrust Bank	12,989	20,307	136	SunTrust Bank
CAD	18,826	18,874	82	SunTrust Bank				
Total Sold		\$ 74,734	\$ (998)			\$ 21,602	\$ 180	

Edgar Filing: Solar Capital Ltd. - Form 10-Q

The Company had no derivatives designated as hedging instruments at March 31, 2012 or December 31, 2011.

Table of Contents**SOLAR CAPITAL LTD.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****March 31, 2012****(in thousands, except shares)****(unaudited)**

SOLAR CAPITAL LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2012

(in thousands, except shares)

(unaudited)

Note 6. Borrowing Facilities, Senior Unsecured Notes, and Term Loan

Senior Secured Revolving Credit Facility On January 11, 2008, Solar Capital LLC entered into a \$200 million Senior Secured Revolving Credit Facility (the \$405 Million Facility) with Citigroup Global Markets, Inc. (CGMI), various lenders, and Citibank, N.A., as administrative agent for the lenders. CGMI acted as the sole lead bookrunner and the sole lead arranger for the \$405 Million Facility.

On February 12, 2010, Solar Capital Ltd. amended and restated the \$405 Million Facility, extending the maturity to February 2013 and increasing the total commitments under the facility to \$270 million. Per the amended agreement, borrowings bear interest at a rate per annum equal to the base rate plus 3.25% or the alternate base rate plus 2.25%. The commitment fee on unused balances is 0.375%. Total commitments under the \$405 Million Facility have been increased to \$405 million as a result of the addition of three new lenders on May 12, 2010, June 23, 2010 and December 19, 2011. The \$405 Million Facility may be increased up to \$600 million with additional new lenders or the increase in commitments of current lenders. The \$405 Million Facility contains certain customary affirmative and negative covenants and events of default, including the occurrence of a change of control. In addition, the \$405 Million Facility contains certain financial covenants that among other things, requires the Company to maintain a minimum shareholder s equity and a minimum asset coverage ratio.

Term Loan On September 2, 2010, Solar Capital Ltd. entered into a fully funded \$35 million senior secured term loan (the Term Loan), which matures in September 2013, bears interest at a rate per annum equal to the base rate plus 3.25%, and has terms substantially similar to our existing revolving credit facility. The Term Loan contains certain customary affirmative and negative covenants and events of default, including the occurrence of a change of control. In addition, the Term Loan contains certain financial covenants that among other things, requires the Company to maintain a minimum shareholders equity and a minimum asset coverage ratio.

Senior Secured Loan Facility On December 17, 2010, Solar Capital Ltd. entered into a \$100 million senior secured credit facility (the \$100 Million Facility) with Wells Fargo Securities LLC, as administrative agent. Solar Capital entered into (i) a Purchase and Sale Agreement (the Purchase and Sale Agreement) with SC Funding, pursuant to which Solar Capital will sell to SC Funding certain loans that it has originated or acquired, or will originate or acquire (the Loans) from time to time; (ii) a Loan and Servicing Agreement (the Loan and Servicing Agreement and, together with the Purchase and Sale Agreement, the Agreements) with SC Funding as borrower; and (iii) various supporting documentation. The \$100 Million Facility is secured by all of the assets held by SC Funding. The \$100 Million Facility, among other things, matures on December 17, 2015 and bears interest based on LIBOR plus 2.75%. Under the Agreements, Solar Capital and SC Funding, as applicable, are required to comply with various covenants, reporting requirements and other customary requirements for similar credit facilities. The Purchase and Sale Agreement includes usual and customary events of default for credit facilities of this nature.

The weighted average annualized interest cost for all borrowings for the three months ended March 31, 2012 and 2011 was 3.85% and 3.58%, respectively. These costs are exclusive of commitment fees and for other prepaid expenses related to establishing the \$405 million Credit Facility, the \$100 million Credit Facility and the Term Loan (collectively the Credit Facilities.) This weighted average annualized interest cost reflects the average interest cost for all outstanding borrowings. For the three months ended March 31, 2012 and 2011, average debt outstanding was \$183,958 and \$126,318, respectively. The maximum amounts borrowed on the Credit Facilities during the three months ended March 31, 2012 and 2011 was \$236,879 and \$435,000, respectively. There was \$163,643 drawn on the Credit Facilities as of March 31, 2012 and \$236,355 as of December 31, 2011. At March 31, 2012 and December 31, 2011, the Company was in compliance with all financial and operational covenants required by the Credit Facilities.

Note 7. Fair Value

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a framework for measuring fair value that includes a hierarchy used to classify the

Edgar Filing: Solar Capital Ltd. - Form 10-Q

inputs used in measuring fair value. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

GAAP fair value measurement guidance classifies the inputs used to measure these fair values into the following hierarchy:

Level 1. Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the Company has the ability to access (examples include active exchange-traded equity securities, exchange-traded derivatives, and most U.S. Government and agency securities).

Level 2. Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in non-active markets (examples include corporate and municipal bonds, which trade infrequently);
- c) Pricing models whose inputs are observable for substantially the full term of the asset or liability (examples include most over-the-counter derivatives, including foreign exchange forward contracts); and
- d) Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the asset or liability.

Table of Contents**SOLAR CAPITAL LTD.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****March 31, 2012****(in thousands, except shares)****(unaudited)**

Level 3. Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability (examples include certain of our private debt and equity investments) and long-dated or complex derivatives (including certain equity and currency derivatives).

When the inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement in its entirety. For example, a Level 3 fair value measurement may include inputs that are observable (Levels 1 and 2) and unobservable (Level 3). Therefore gains and losses for such assets and liabilities categorized within the Level 3 table below may include changes in fair value that are attributable to both observable inputs (Levels 1 and 2) and unobservable inputs (Level 3). Further, it should be noted that the following tables do not take into consideration the effect of offsetting Levels 1 and 2 financial instruments entered into by the Company that economically hedge certain exposures to the Level 3 positions.

A review of fair value hierarchy classifications is conducted on a quarterly basis. Changes in the observability of valuation inputs may result in a reclassification for certain financial assets or liabilities. Reclassifications impacting Level 3 of the fair value hierarchy are reported as transfers in/out of the Level 3 category as of the beginning of the quarter in which the reclassifications occur.

The following table presents the balances of assets and liabilities measured at fair value on a recurring basis, as of March 31, 2012 and December 31, 2011:

Fair Value Measurements**As of March 31, 2012**

	Level 1	Level 2	Level 3	Total
Assets:				
Bank Debt/Senior Secured Loans		47,810	360,112	407,922
Subordinated Debt / Corporate Notes		27,731	500,610	528,341
Preferred Equity			15,133	15,133
Common Equity / Partnership Interests / Warrants	10,120		46,999	57,119
Derivative assets - interest rate cap		212		212
Derivative assets - forward contracts		82		82
Liabilities:				
Derivative liabilities - forward contracts		1,080		1,080

Fair Value Measurements**As of December 31, 2011**

Level 1	Level 2	Level 3	Total
----------------	----------------	----------------	--------------

Edgar Filing: Solar Capital Ltd. - Form 10-Q

Assets:				
Bank Debt/Senior Secured Loans	\$	\$ 46,377	\$ 366,019	\$ 412,396

Preferred Equity			14,664	14,664
Common Equity / Partnership Interests / Warrants		11,460	59,664	71,124
Derivative assets - interest rate cap			469	469
Derivative assets - forward contracts			180	180

Table of Contents**SOLAR CAPITAL LTD.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****March 31, 2012****(in thousands, except shares)****(unaudited)**

The following table provides a summary of the changes in fair value of Level 3 assets and liabilities for the three months ended March 31, 2012 and the year ended December 31, 2011, as well as the portion of gains or losses included in income attributable to unrealized gains or losses related to those assets and liabilities still held at March 31, 2012 and December 31, 2011:

Fair Value Measurements Using Level 3 Inputs**As of March 31, 2012**

	Bank Debt/ Senior Secured Loans	Subordinated Debt/ Corporate Notes	Preferred Equity	Common Equity/ Partnership Interests/ Warrants
Fair value, January 1, 2012	\$ 366,019	\$ 536,351	\$ 14,664	\$ 59,664
Total gains or losses included in earnings:				
Net realized gain (loss)				10,277
Net change in unrealized gain (loss)	1,773	8,062	148	(5,544)
Purchase of investment securities	43,618	18,052	321	2,879
Proceeds from dispositions of investment securities	(51,298)	(61,855)		(20,277)
Transfers in/out of Level 3				
Fair value, March 31, 2012	\$ 360,112	\$ 500,610	\$ 15,133	\$ 46,999
Unrealized gains (losses) for the period relating to those Level 3 assets that were still held by the Company at the end of the period:				
Net change in unrealized gain (loss):	\$ 2,517	\$ 8,170	\$ 148	\$ (5,544)

The Company had no assets or liabilities measured at fair value on a nonrecurring basis during the period. During the three months ended March 31, 2012, there were no transfers in and out of Levels 1 and 2.

Fair Value Measurements Using Level 3 Inputs**As of December 31, 2011****Preferred Equity**

Edgar Filing: Solar Capital Ltd. - Form 10-Q

	Bank Debt/ Senior Secured Loans	Subordinated Debt/ Corporate Notes		Common Equity/ Partnership Interests/ Warrants
Fair value, January 1, 2011	\$ 200,532	\$ 566,308	\$ 3,934	\$ 53,092
Total gains or losses included in earnings:				
Net realized gain (loss)	(87)	6,218		(4,500)
Net change in unrealized gain (loss)	(13,392)	(6,991)	(448)	6,931
Purchase of investment securities	247,421	115,852	11,178	7,942
Proceeds from dispositions of investment securities	(68,455)	(103,971)		(3,801)
Transfers in/out of Level 3		(41,065)		
Fair value, December 31, 2011	\$ 366,019	\$ 536,351	\$ 14,664	\$ 59,664

Unrealized gains (losses) for the period relating to those Level 3 assets that were still held by the Company at the end of the period:

Net change in unrealized gain (loss):	\$ (15,535)	\$ (17,844)	\$ (448)	\$ 4,988
---------------------------------------	-------------	-------------	----------	----------

During 2011, one investment with a fair value of \$41,065 was transferred from Level 3 to Level 2 as a result of an increase in the availability and reliability of third party market quotes for this investment. During 2011, one asset with a fair value of \$9,900 was transferred from Level 2 to Level 1 when trading restrictions expired on a publicly traded equity investment.

Table of Contents**SOLAR CAPITAL LTD.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****March 31, 2012****(in thousands, except shares)****(unaudited)**

The significant unobservable quantitative inputs typically used in the fair value measurement of the Company's Level 3 investments include current market yields as indicated by comparable publicly traded investments and loan indices and EBITDA multiples as indicated by current, comparable market transactions (see table below). However, due to the nature of certain investments, fair value measurements may be based on other criteria, such as third-party appraisals of collateral, and not presented in the table below.

The ranges of unobservable inputs used in the fair value measurement of the Company's Level 3 investments as of March 31, 2012 were as follows:

EBITDA Multiples (Enterprise Value)	3.6x to 12.0x
Market Yields	10.2% to 20.5%

Significant increases or decreases in any of the above inputs in isolation would result in a significantly lower or higher fair value measurement.

Note 9. Stockholders' Equity

The table below illustrates the effect of certain transactions on our capital accounts for the year ended December 31, 2011 and the three months ended March 31, 2012:

	Common Stock		Paid in Capital in Excess of Par	Under (Over) Distributed Net Investment Income	Accumulated Net Realized Gain/(Loss)	Net Unrealized Depreciation	Total Stockholders Equity
	Shares	Par Amount					
Balance at December 31, 2010	36,383,158	\$ 364	\$ 926,991	\$ (1,545)	\$ (10,541)	\$ (88,275)	\$ 826,994
Reinvestment of dividends	224,880	2	5,162				5,164
Net increase in stockholders equity resulting from operations				81,904	(2,393)	(18,196)	61,315
Dividends declared (\$2.40 per share)				(73,532)	(14,000)		(87,532)
Permanent tax differences			(3,973)	(4,582)	8,555		
Balance at December 31, 2011	36,608,038	\$ 366	\$ 928,180	\$ 2,245	\$ (18,379)	\$ (106,471)	\$ 805,941
Net increase in stockholders equity resulting from operations				21,099	9,166	15,893	46,158
Dividends declared (\$0.60 per share)				(21,965)			(21,965)
Balance at March 31, 2012	36,608,038	\$ 366	\$ 928,180	\$ 1,379	\$ (9,213)	\$ (90,578)	\$ 830,134

Note 10. Earnings Per Share

Edgar Filing: Solar Capital Ltd. - Form 10-Q

The following information sets forth the computation of basic and diluted net increase in shareholders' equity per share resulting from operations for the three months ended March 31, 2012 and 2011:

	Three months ended March 31, 2012 (unaudited)	Three months ended March 31, 2011 (unaudited)
Numerator for basic and diluted earnings per share:	\$ 46,158	\$ 49,018
Denominator for basic and diluted weighted average share:	36,608,038	36,383,158
Basic and diluted net increase in shareholders' equity resulting from operations per share:	\$ 1.26	\$ 1.35

Note 11. Taxation

We did not have any uncertain tax positions that met the recognition or measurement criteria of ASC 740-10-25, *Income Taxes*, nor did we have any unrecognized tax benefits as of the periods presented herein. Although we file federal and state tax returns, our major tax jurisdiction is federal. Our inception-to-date federal tax years remain subject to examination by the Internal Revenue Service.

There were no deferred tax assets or liabilities as of March 31, 2012 or December 31, 2011.

Table of Contents**SOLAR CAPITAL LTD.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****March 31, 2012****(in thousands, except shares)****(unaudited)****Note 12. Financial Highlights**

The following is a schedule of financial highlights for the three months ended March 31, 2012 and 2011:

	Three months ended March 31, 2012	Three months ended March 31, 2011
Per Share Data ^(a)		
Net asset value, beginning of year	\$ 22.02	\$ 22.73
Net investment income	0.58	0.53
Net realized and unrealized gain	0.68	0.82
Net increase in net assets resulting from operations	1.26	1.35
Dividends to shareholders declared	(0.60)	(0.60)
Net asset value, end of period	\$ 22.68	\$ 23.48
Total return ^(b)	2.63%	(1.21)%
Net assets, end of period	\$ 830,134	\$ 854,182
Per share market value at end of period	\$ 22.07	\$ 23.88
Shares outstanding end of period	36,608,038	36,383,158
Ratio to average net assets:		
Expenses without incentive fees ^(c)	4.75%	4.03%
Incentive fees	0.64%	0.57%
Total expenses	5.39%	4.60%
Net investment income ^(c)	10.35%	9.24%
Portfolio turnover ratio	7.38%	9.36%

(a) Calculated using the average shares outstanding method

(b) Total return is based on the change in market price per share during the period and takes into account dividends reinvested with the dividend reinvestment plan. Not annualized for periods less than one year.

(c) Annualized.

Note 13. New Accounting Pronouncements and Accounting Standards Updates

Edgar Filing: Solar Capital Ltd. - Form 10-Q

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2011-04, Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs (ASU 2011-04). ASU 2011-04 was issued concurrently with International Financial Reporting Standards No. 13 (IFRS 13), Fair Value Measurements, to provide largely identical guidance about fair value measurement and disclosure requirements as is currently required under ASU 2010-06, Fair Value Measurements and Disclosures (Topic 820). The new standards do not extend the use of fair value but, rather, provide guidance about how fair value should be applied where it already is required or permitted under IFRS or GAAP. For GAAP, most of the changes are clarifications of existing guidance or wording changes to align with IFRS 13. ASU 2011-04 eliminates the concepts of in-use and in-exchange when measuring fair value of all financial instruments. For Level 3 fair value measurements, the ASU requires that our disclosure include quantitative information about significant unobservable inputs, a qualitative discussion about the sensitivity of the fair value measurement to changes in the unobservable inputs and the interrelationship between inputs, and a description of our valuation process. Public companies are required to apply ASU 2011-04 prospectively for interim and annual periods beginning after December 15, 2011. The adoption of ASU 2011-04 did not have a significant impact on the Company's financial statements or its disclosures.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following analysis of our financial condition and results of operations should be read in conjunction with our financial statements and the notes thereto contained elsewhere in this report.

Overview

Solar Capital Ltd. ("Solar", the "Company" or "we"), a Maryland corporation formed in November 2007, is a closed-end, externally managed, non-diversified management investment company that has elected to be treated as a business development company ("BDC") under the Investment Company Act of 1940, as amended (the "1940 Act"). In addition, for tax purposes we have elected to be treated as a regulated investment company ("RIC") under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"). In February 2010, we completed our initial public offering and a concurrent private offering of shares to management.

We invest primarily in U.S. middle market companies, where we believe the supply of primary capital is limited and the investment opportunities are most attractive. Our investment objective is to generate both current income and capital appreciation through debt and equity investments. We invest primarily in leveraged middle market companies in the form of senior secured loans, mezzanine loans and equity securities. From time to time, we may also invest in public companies that are thinly traded. Our business model is focused primarily on the direct origination of investments through portfolio companies or their financial sponsors. Our investments generally range between \$20 million and \$100 million each, although we expect that this investment size will vary proportionately with the size of our capital base. We are managed by Solar Capital Partners, LLC. Solar Capital Management, LLC provides the administrative services necessary for us to operate.

In addition, we may invest a portion of our portfolio in other types of investments, which we refer to as opportunistic investments, which are not our primary focus but are intended to enhance our overall returns. These investments may include, but are not limited to, direct investments in public companies that are not thinly traded and securities of leveraged companies located in select countries outside of the United States.

As of March 31, 2012, our long term investments totaled \$1.0 billion and our net asset value was \$830.1 million. Our portfolio was comprised of debt and equity investments in 34 portfolio companies and our income producing assets, which represented 92.4% of our total portfolio, had a weighted average annualized yield on a fair value basis of approximately 14.3%.

Recent Developments

Dividend

On May 1, 2012, our board of directors declared a quarterly dividend of \$0.60 per share payable on July 3, 2012 to holders of record as of June 19, 2012. We expect the dividend to be paid from taxable earnings with specific tax characteristics reported to stockholders after the end of the calendar year.

Subsequent to March 31, 2012, DSW Group Inc. ("DSW"), our largest investment, completed its recapitalization. In April 2012, Solar and other Holdco note holders exchanged their PIK notes for preferred and common equity of DSW. The preferred equity has a dividend rate and liquidation preference consistent with the notes. In addition, Holdco note holders received a majority of the DSW's common equity, control of the board, and will have control over significant corporate actions including refinancing and exit alternatives. We do not believe that the valuation of the new assets would have differed materially from the valuation of the asset held at March 31, 2012, had this event occurred prior to the end of the quarter.

Critical Accounting Policies

The preparation of financial statements and related disclosures in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses during the periods reported. Actual results could materially differ from those estimates. We have identified the following items as critical accounting policies.

Valuation of Portfolio Investments

We conduct the valuation of our assets, pursuant to which our net asset value is determined, at all times consistent with GAAP, and the 1940 Act. Our valuation procedures are set forth in more detail below:

Edgar Filing: Solar Capital Ltd. - Form 10-Q

Securities for which market quotations are readily available on an exchange are valued at the closing price on the day of valuation. We may also obtain quotes with respect to certain of our investments from pricing services or brokers or dealers in order to value assets. When doing so, we determine whether the quote obtained is sufficient according to GAAP to determine the fair value of the security. If determined adequate, we use the quote obtained.

Securities for which reliable market quotations are not readily available or for which the pricing source does not provide a valuation or methodology or provides a valuation or methodology that, in the judgment of our investment adviser or board of directors, does not represent fair value, shall be valued as follows: (i) each portfolio company or investment is initially valued by the investment professionals responsible for the portfolio investment; (ii) preliminary valuation conclusions are documented and discussed with our senior management; (iii) independent third-party valuation firms engaged by, or on behalf of, the board of directors will conduct independent appraisals and review management's preliminary valuations and make their own assessment for all material assets; (iv) the board of directors will discuss valuations and determine the fair value of each investment in our portfolio in good faith based on the input of the investment adviser and, where appropriate, the respective third-party valuation firms.

Table of Contents

The recommendation of fair value will generally be based on the following factors, as relevant:

the nature and realizable value of any collateral including credit risk;

the portfolio company's ability to make payments;

the portfolio company's earnings and discounted cash flow;

the markets in which the issuer does business and; and

comparisons to publicly traded securities.

Securities for which market quotations are not readily available or for which a pricing source is not sufficient may include, but are not limited to, the following:

private placements and restricted securities that do not have an active trading market;

securities whose trading has been suspended or for which market quotes are no longer available;

debt securities that have recently gone into default and for which there is no current market;

securities whose prices are stale;

securities affected by significant events; and

securities that the investment adviser believes were priced incorrectly.

Determination of fair value involves subjective judgments and estimates. Accordingly, the notes to our financial statements express the uncertainty with respect to the possible effect of such valuations, and any change in such valuations, on our financial statements.

GAAP fair value measurement guidance classifies the inputs used to measure these fair values into the following hierarchy:

Level 1. Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the Company has the ability to access (examples include active exchange-traded equity securities, exchange-traded derivatives, and most U.S. Government and agency securities).

Level 2. Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

a) Quoted prices for similar assets or liabilities in active markets;

Edgar Filing: Solar Capital Ltd. - Form 10-Q

b) Quoted prices for identical or similar assets or liabilities in non-active markets (examples include corporate and municipal bonds, which trade infrequently);

c) Pricing models whose inputs are observable for substantially the full term of the asset or liability (examples include most over-the-counter derivatives, including foreign exchange forward contracts); and

d) Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the asset or liability.

Level 3. Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability (examples include certain of our private debt and equity investments) and long-dated or complex derivatives (including certain equity and currency derivatives).

Fair Value Measurements

As of March 31, 2012

	Level 1	Level 2	Level 3	Total
Assets:				
Bank Debt/Senior Secured Loans		47,810	360,112	407,922
Subordinated Debt / Corporate Notes		27,731	500,610	528,341
Preferred Equity			15,133	15,133
Common Equity / Partnership Interests / Warrants	10,120		46,999	57,119
Derivative assets - interest rate cap		212		212
Derivative assets - forward contracts		82		82
Liabilities:				
Derivative liabilities - forward contracts		1,080		1,080

At March 31, 2012, the fair value of investments classified as Level 3 was approximately \$922.9 million or 87.1% of total assets. There were no investments transferred into or out of Level 3 during the first quarter of 2012.

The significant unobservable quantitative inputs typically used in the fair value measurement of the Company's Level 3 investments include current market yields as indicated by comparable publicly traded investments and loan indices and EBITDA multiples as indicated by current, comparable market transactions (see table below). However, due to the nature of certain investments, fair value measurements may be based on other criteria, such as third-party appraisals of collateral, and not presented in the table below.

The ranges of unobservable inputs used in the fair value measurement of the Company's Level 3 investments as of March 31, 2012 were as follows:

EBITDA Multiples (Enterprise Value)	3.6x to 12.0x
Market Yields	10.2% to 20.5%

Significant increases or decreases in any of the above inputs in isolation would result in a significantly lower or higher fair value measurement.

Revenue Recognition

Our revenue recognition policies are as follows:

Sales: Gains or losses on the sale of investments are calculated by using the specific identification method.

Table of Contents

Interest Income: Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis. Origination, closing and/or commitment fees associated with investments in portfolio companies are accreted into interest income over the respective terms of the applicable loans. Upon the prepayment of a loan or debt security, any prepayment penalties and unamortized loan origination, closing and commitment fees are recorded as part of interest income. We have loans in our portfolio that contain a PIK provision. PIK interest is accrued at the contractual rates and added to the loan principal on the reset dates.

Non-accrual: Loans are placed on non-accrual status when principal or interest payments are past due 30 days or more or when there is reasonable doubt that principal or interest will be collected. Accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment about ultimate collectability of principal. Non-accrual loans are restored to accrual status when past due principal and interest is paid and, in management's judgment, are likely to remain current.

Payment-in-Kind Interest

We have investments in our portfolio which contain a PIK interest provision. Over time, PIK interest increases the principal balance of the investment, but is recorded as interest income. For us to maintain our status as a RIC, substantially all of this income must be paid out to stockholders in the form of dividends, even though we have not currently collected cash with respect to the PIK interest.

New Accounting Pronouncements and Accounting Standards Updates

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2011-04, Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs (ASU 2011-04). ASU 2011-04 was issued concurrently with International Financial Reporting Standards No. 13 (IFRS 13), Fair Value Measurements, to provide largely identical guidance about fair value measurement and disclosure requirements as is currently required under ASU 2010-06, Fair Value Measurements and Disclosures (Topic 820). The new standards do not extend the use of fair value but, rather, provide guidance about how fair value should be applied where it already is required or permitted under IFRS or GAAP. For GAAP, most of the changes are clarifications of existing guidance or wording changes to align with IFRS 13. ASU 2011-04 eliminates the concepts of in-use and in-exchange when measuring fair value of all financial instruments. For Level 3 fair value measurements, the ASU requires that our disclosure include quantitative information about significant unobservable inputs, a qualitative discussion about the sensitivity of the fair value measurement to changes in the unobservable inputs and the interrelationship between inputs, and a description of our valuation process. Public companies are required to apply ASU 2011-04 prospectively for interim and annual periods beginning after December 15, 2011. The adoption of ASU 2011-04 did not have a significant impact on the Company's financial statements or its disclosures.

Portfolio Investments

The total value of our investments was approximately \$1.01 billion and \$1.05 billion at March 31, 2012 and December 31, 2011, respectively. During the three months ended March 31, 2012, we invested approximately \$61.9 million in five existing portfolio companies. During the year ended December 31, 2011, we originated approximately \$318.8 million of new investments in 13 portfolio companies and approximately \$76.8 million was invested in six existing portfolio companies.

In certain instances, we receive payments on our debt investments based on scheduled amortization of the outstanding balances. In addition, we may receive repayments of certain debt investments prior to their scheduled maturity date. The frequency or volume of these repayments may fluctuate significantly from period to period. Our portfolio activity also reflects sales of securities. For the three months ended March 31, 2012, we had approximately \$106.4 million in debt repayments and sales of securities of two portfolio companies for approximately \$29.4 million. For the year ended December 31, 2011, we had approximately \$308.7 million in debt repayments and sales of securities of four portfolio companies for approximately \$29.4 million.

At March 31, 2012, we had investments in debt and preferred securities of 30 portfolio companies, totaling approximately \$951.4 million, and equity investments in six portfolio companies, totaling approximately \$57.1 million. At December 31, 2011, we had investments in debt and preferred securities of 34 portfolio companies, totaling approximately \$973.9 million, and equity investments in seven portfolio companies, totaling approximately \$71.1 million.

The following table shows the fair value of our portfolio of investments by asset class as of March 31, 2012 and December 31, 2011:

Edgar Filing: Solar Capital Ltd. - Form 10-Q

	March 31, 2012		December 31, 2011	
	Cost	Fair Value	Cost	Fair Value
Bank Debt/Senior Secured Loans	\$ 418,536	\$ 407,922	\$ 426,201	\$ 412,396
Subordinated Debt/Corporate Notes	572,388	528,341	604,157	546,859
Preferred Equity	15,433	15,133	15,107	14,664
Common Equity/Partnership Interests/Warrants	90,854	57,119	107,108	71,124
Total	\$ 1,097,211	\$ 1,008,515	\$ 1,152,573	\$ 1,045,043

As of March 31, 2012 and December 31, 2011, the weighted average yield on income producing investments in our portfolio was approximately 14.3% and 14.2%, respectively. We had one non-accrual asset with a total market value of \$4.4 million and \$5.9 million as of March 31, 2012 and December 31, 2011, respectively.

Table of Contents**Results of Operations for the Quarter Ended March 31, 2012 compared to the Quarter Ended March 31, 2011***Revenue*

	For the Three Months Ended March 31, (unaudited)		
	2012	2011	% Change
	(in thousands)		
Investment income	\$ 36,309	\$ 32,294	12%

Investment income was higher during the first quarter of 2012 primarily due to higher interest income earned on a larger earning asset balance and higher prepayment premiums and accelerated amortization of upfront fees related to early repayment of assets compared to the same period in 2011.

Expenses

	For the Three Months Ended March 31, (unaudited)		
	2012	2011	% Change
	(in thousands)		
Investment advisory and management fees	\$ 5,278	\$ 4,987	6%
Performance-based incentive fee	5,275	4,788	10%
Interest and other credit facility expenses	2,695	2,037	32%
Administrative service fee	696	438	59%
Other general and administrative expenses	1,009	894	13%
Total operating expenses	\$ 14,953	\$ 13,144	14%

Both the performance-based incentive fee, which is calculated as a percentage of net investment income above certain hurdle rates, and investment advisory and management fees, which are calculated based on average gross assets, were higher during the first three months of 2012 due to higher investment income earned on larger average gross assets. Interest and other credit facility expenses for the three months ended March 31, 2012 were higher than during the comparable period in 2011 primarily due to higher average debt balances outstanding and higher LIBOR rates during 2012. Administrative service fees and other general and administrative expenses were higher for the first quarter of 2012 than for 2011 primarily due to increases in overhead expenses.

Net Realized and Unrealized Gains and Losses

	For the Three Months Ended March 31, (unaudited)	
	2012	2011
	(in thousands)	
Net realized gain on investments	\$ 10,277	\$ 2,802
Net realized loss on derivatives	(944)	(4,363)
Net realized gain (loss) on foreign currency exchange	618	(72)
Net unrealized gain on investments	18,834	32,232
Net unrealized loss on derivatives	(1,435)	(259)
Net unrealized loss on foreign currency exchange	(1,506)	(472)

Edgar Filing: Solar Capital Ltd. - Form 10-Q

Total net realized and unrealized gain	\$ 25,844	\$ 29,868
--	-----------	-----------

Total realized and unrealized gain was approximately \$25.8 million for the first quarter of 2012 compared to approximately \$29.9 million for the same period in 2011. The combined net gain during the first quarter of 2012 was primarily due to an increase in the fair value of our portfolio during the period due to improved market trends and realizations above prior period marks. The net gain during the first quarter of 2011 was primarily due to continued credit improvement in the portfolio. We analyze this section on a combined basis because offsets may exist in the individual line items due to foreign exchange fluctuations and movements from unrealized to realized, which may have impacted income in prior periods.

Table of Contents

Our investments denominated in Euro, British Pounds and Australian dollars are converted into U.S. dollars at the balance sheet date, and as such, we are exposed to movements in exchange rates. To limit our exposure to movements in foreign currency exchange rates we enter into foreign exchange forward contracts or borrow in foreign currencies under our multi-currency revolving credit facility. For the three months ended March 31, 2012, the total net change in realized and unrealized gain on forward contracts was a loss of approximately \$2.1 million compared to a loss of \$4.6 million in 2011.

To partially mitigate this risk of rising interest rates on our floating rate debt exposure, we purchased two interest rate derivative contracts during 2011, which effectively cap the London Interbank Borrowing Rate (LIBOR) at 1.00% on \$100 million of notional amount through January 2014 and \$50 million of notional amount through May 2014. The interest rate caps were purchased for \$2.9 million and were valued at \$0.2 million on March 31, 2012. One interest rate cap was purchased for \$2.0 million and was valued at \$2.0 million on March 31, 2011.

Liquidity and Capital Resources

The Company's liquidity and capital resources are generated and generally available through its \$405 million multi-currency credit facility maturing in February 2013 (the "\$405 Million Facility"), \$100 million credit facility maturing in December 2015 (the "\$100 Million Facility" and together with the \$405 Million Facility, "Credit Facilities"), \$35 million Term Loan maturing in September 2013, from cash flows from operations, investment sales, repayments of senior and subordinated loans, income earned on investments and cash equivalents, and we expected periodic follow-on equity and/or debt offerings. We may from time to time issue such securities in either public or private offerings. The issuance of debt or equity securities will depend on future market conditions, funding needs and other factors and there can be no assurance that any such issuance will occur or be successful.

The primary use of existing funds and any funds raised in the future is expected to be for repayment of indebtedness, investments in portfolio companies, cash distributions to our shareholders or for other general corporate purposes.

At March 31, 2012 and 2011, we had cash and cash equivalents of approximately \$10.4 million and \$339.2 million, respectively. Cash provided by operating activities for the three months ended March 31, 2012 and 2011 was approximately \$70.7 million and \$50.4 million, respectively. We expect that all current liquidity needs will be met with cash flows from operations and other activities.

Credit Facilities. On February 12, 2010, Solar Capital Ltd. amended and restated Solar Capital LLC's \$250 million credit facility, extending the maturity to February 2013 and increasing the total commitments under the facility to \$270 million. Total commitments under the \$405 Million Facility have since been increased to \$405 million as a result of the addition of three new lenders on May 12, 2010, June 23, 2010 and December 19, 2011. The \$405 Million Facility generally bears interest at LIBOR plus 3.25%. The \$405 Million Facility size may be increased up to \$600 million with additional new lenders or increases in the commitments of current lenders. The \$405 Million Facility contains certain customary affirmative and negative covenants and events of default, including the occurrence of a change of control. In addition, the \$405 Million Facility contains certain financial covenants that among other things, require the Company to maintain a minimum shareholder's equity and a minimum asset coverage ratio.

On December 17, 2010, we established the \$100 Million Facility with Wells Fargo Securities, LLC acting as administrative agent. In connection with the \$100 Million Facility, our wholly-owned financing subsidiary, Solar Capital Funding II, LLC ("SC Funding"), as borrower, entered into a Loan and Servicing Agreement whereby we transferred certain loans we have originated or acquired or will originate or acquire from time to time to SC Funding via a Purchase and Sale Agreement. The \$100 Million Facility, as amended, among other things, matures on December 17, 2015 and generally bears interest based on LIBOR plus 2.75%. The \$100 Million Facility is secured by all of the assets held by SC Funding. Under the \$100 Million Facility, Solar and SC Funding, as applicable, have made certain customary representations and warranties, and are required to comply with various covenants, reporting requirements and other customary requirements for similar credit facilities. The \$100 Million Facility includes usual and customary events of default for credit facilities of this nature.

Term Loan. On September 2, 2010, Solar Capital Ltd. entered into the fully funded \$35 million Term Loan, which matures in September 2013, bears interest at a rate per annum equal to the base rate plus 3.25%, and has terms substantially similar to our revolving credit facilities.

Certain covenants may restrict our business activities, including limitations that could hinder our ability to finance additional loans and investments or to make the distributions required to maintain our status as a RIC under Subchapter M of the Code.

Contractual Obligations.

A summary of our significant contractual payment obligations is as follows as of March 31, 2012:

Edgar Filing: Solar Capital Ltd. - Form 10-Q

(in millions)	Payments Due by Period (unaudited)				
	Total	Less than 1 Year	1-3 Years	3-5 Years	More Than 5 Years
Senior secured revolving credit facilities(1)	\$ 128.6	\$	\$ 49.3	\$ 79.3	\$
Term loan	\$ 35.0	\$	\$ 35.0	\$	\$

(1) As of March 31, 2012, we had approximately \$376.4 million of unused borrowing capacity under our credit facilities. We have certain commitments pursuant to our Investment Advisory and Management Agreement entered into with Solar Capital Partners, LLC. We have agreed to pay a fee for investment advisory and management services consisting of two components a base management fee and an incentive fee. Payments under the Investment Advisory and Management Agreement are equal to (1) a percentage of the value of our average gross assets and (2) a two-part incentive fee. We have also entered into a contract with Solar Capital Management, LLC to serve as our administrator. Payments under the Administration Agreement are equal to an amount based upon our allocable portion of Solar Capital Management, LLC's overhead in performing its obligation under the agreement, including rent, fees, and other expenses inclusive of our allocable portion of the compensation of our chief financial officer and any administrative staff.

Table of Contents**Off-Balance Sheet Arrangements**

In the normal course of its business, we trade various financial instruments and may enter into various investment activities with off-balance sheet risk, which include forward foreign currency contracts. Generally, these financial instruments represent future commitments to purchase or sell other financial instruments at specific terms at future dates. These financial instruments contain varying degrees of off-balance sheet risk whereby changes in the market value or our satisfaction of the obligations may exceed the amount recognized in our Consolidated Statement of Assets and Liabilities.

Borrowings

We had borrowings of approximately \$128.6 million and \$201.4 million outstanding as of March 31, 2012 and 2011, respectively, under the \$405 Million Facility and the \$100 Million Facility. See [Credit Facilities](#) for a description of the \$405 Million Facility and the \$100 Million Facility. We also had \$35 million outstanding on the Term Loan as of March 31, 2012 and 2011.

Distributions and Dividends

The following table reflects the cash distributions, including dividends and returns of capital, if any, per share that we have declared on our common stock since our initial public offering:

Date Declared	Record Date	Payment Date	Amount
Fiscal 2012			
May 1, 2012	June 19, 2012	July 3, 2012	\$ 0.60
February 22, 2012	March 20, 2012	April 3, 2012	0.60
Total 2012			\$ 1.20
Fiscal 2011			
November 1, 2011	December 15, 2011	December 29, 2011	\$ 0.60
August 2, 2011	September 20, 2011	October 4, 2011	0.60
May 2, 2011	June 17, 2011	July 5, 2011	0.60
March 1, 2011	March 17, 2011	April 4, 2011	0.60
Total 2011			\$ 2.40
Fiscal 2010			
November 2, 2010	December 17, 2010	December 30, 2010	\$ 0.60
August 3, 2010	September 17, 2010	October 4, 2010	0.60
May 4, 2010	June 17, 2010	July 2, 2010	0.60
January 26, 2010	March 18, 2010	April 1, 2010	0.34*
Total 2010			\$ 2.14

* Partial period dividend of \$0.60 per share prorated for the number of days that remained in the quarter after our initial public offering. Tax characteristics of all dividends will be reported to shareholders on Form 1099 after the end of the calendar year. Future quarterly dividends, if any, will be determined by our board of directors.

We have elected to be taxed as a RIC under Subchapter M of the Code. To maintain our RIC status, we must distribute at least 90% of our ordinary income and realized net short-term capital gains in excess of realized net long-term capital losses, if any, out of the assets legally available for distribution. In addition, although we currently intend to distribute net realized capital gains (net long-term capital gains in excess of short-term capital losses), if any, at least annually, out of the assets legally available for such distributions, we may in the future decide to

retain such capital gains for investment.

We maintain an opt out dividend reinvestment plan for our common stockholders. As a result, if we declare a dividend, then stockholders cash dividends will be automatically reinvested in additional shares of our common stock, unless they specifically opt out of the dividend reinvestment plan so as to receive cash dividends.

Related Parties

We have entered into a number of business relationships with affiliated or related parties, including the following:

We have entered into an Investment Advisory and Management Agreement with Solar Capital Partners, LLC. Mr. Gross, our chairman and chief executive officer, is the managing member and a senior investment professional of, and has financial and controlling interests in, Solar Capital Partners, LLC. In addition, Mr. Spohler, our chief operating officer is a partner and a senior investment professional of, and has financial interests in, Solar Capital Partners, LLC.

Solar Capital Management, LLC provides us with the office facilities and administrative services necessary to conduct day-to-day operations pursuant to our Administration Agreement. We reimburse Solar Capital Management, LLC for the allocable portion of overhead and other expenses incurred by it in performing its obligations under the Administration Agreement, including rent, the fees and expenses associated with performing compliance functions, and the compensation of our chief compliance officer, our chief financial officer and any administrative support staff. Solar Capital Partners, LLC, our investment adviser, is the sole member of and controls Solar Capital Management, LLC.

We have entered into a license agreement with Solar Capital Partners, LLC, pursuant to which Solar Capital Partners, LLC has granted us a non-exclusive, royalty-free license to use the name Solar Capital.

Solar Capital Partners, LLC and its affiliates may also manage other funds in the future that may have investment mandates that are similar, in whole and in part, with ours. For example, Solar Capital Partners, LLC presently serves as investment adviser to Solar Senior Capital Ltd., a publicly traded BDC, which focuses on investing primarily in senior secured loans, including first lien, unitranche and second lien debt instruments. In addition, Michael S. Gross, our chairman and chief executive officer, Bruce Spohler, our chief operating officer, and Nicholas Radesca, our chief financial officer, serve in similar capacities for Solar Senior Capital Ltd.

Table of Contents

Solar Capital Partners, LLC and its affiliates may determine that an investment is appropriate for us and for one or more of those other funds. In such event, depending on the availability of such investment and other appropriate factors, Solar Capital Partners, LLC or its affiliates may determine that we should invest side-by-side with one or more other funds. Any such investments will be made only to the extent permitted by applicable law and interpretive positions of the SEC and its staff, and consistent with Solar Capital Partners, LLC's allocation procedures.

In addition, we have adopted a formal code of ethics that governs the conduct of our officers and directors. Our officers and directors also remain subject to the duties imposed by both the 1940 Act and the Maryland General Corporation Law.

Item 3. Quantitative and Qualitative Disclosure about Market Risk

We are subject to financial market risks, including changes in interest rates. During the three months ended March 31, 2012, certain of the loans in our portfolio had floating interest rates and our senior secured revolving credit facilities and Term Loan also bear floating rate interest. Interest rates on these loans are typically based on floating LIBOR and reset to current market rates every one to six months. A moderate change in interest rates would not have a material effect on our net investment income. However, we may hedge against interest rate fluctuations from time-to-time by using standard hedging instruments such as futures, options, swaps, caps and forward contracts subject to the requirements of the 1940 Act. While hedging activities may insulate us against adverse changes in interest rates, they may also limit our ability to participate in the benefits of higher interest rates with respect to our portfolio of investments. During 2011, we purchased two 1.00% LIBOR caps on a total of \$150 million of notional for 3 years. If during the three year contract period LIBOR exceeds 1.00%, we will receive payments from the counterparty equal to the difference between LIBOR and 1.00% on \$150 million. The cost of the caps was approximately \$2.9 million.

The following table quantifies the potential changes in interest income net of interest expense should interest rates increase by 100 or 200 basis points or decrease by 25 basis points. Investment income is calculated as revenue from loans and other lending investments held at March 31, 2012. Interest expense is calculated separately for each of our borrowings. For our floating rate \$35 million Term Loan we use the balance and interest rate as of March 31, 2012 and adjust the interest rate based on the hypothetical changes below. For our floating rate credit facility we use the average balance for the three months ended March 31, 2012 as it fluctuates with our periodic cash requirements and we calculate interest expense using the interest rate as of March 31, 2012 adjusted for the hypothetical changes in rates below. The base interest rate case assumes the rates on our portfolio investments remain as they were on March 31, 2012. All of the hypothetical calculations are based on a model of our portfolio for the twelve months subsequent to March 31, 2012 and assume no change to any input other than the underlying base interest rates. Actual results could differ significantly from those estimated in the table.

Change in Interest Rates	Estimated Percentage Change in Interest Income Net of Interest Expense (Unaudited)
-25 Basis Points	0.21%
Base Interest Rate	0.00%
+100 Basis Points	(0.33%)
+200 Basis Points	(0.09%)

We have exposure to foreign currencies (Euro, British Pound, Australian Dollar and Canadian Dollar) through various investments. These investments are converted into U.S. dollars at the balance sheet date, exposing us to movements in exchange rates. To limit our exposure to fluctuations in exchange rates, we enter into foreign exchange forward contracts or borrow in those currencies under our multi-currency revolving credit facility. Our foreign currency exchange contracts are short term contracts that are continuously rolled forward to hedge the longer term portfolio investments. The table below presents our exchange rate sensitive assets and liabilities as of March 31, 2012:

	Euro	British Pound	Australian Dollar	Canadian Dollar
Portfolio Investments (Long)				
Par Amount, Fair Value for Equity (in Currency)	16.6	£ 32.8	\$ 1.7	\$ 30.5
Par Amount, Fair Value for Equity (\$ in millions)	\$ 22.1	\$ 52.5	\$ 1.8	\$ 30.6
Fair Value (\$ in millions)	\$ 15.5	\$ 43.4	\$ 1.8	\$ 29.1

Edgar Filing: Solar Capital Ltd. - Form 10-Q

Forward Contracts (Short)					
Notional Amount (in Currency)	16.9	£	20.8	\$	\$ 18.8
Weighted Average Exchange Rate	1.311		1.572		0.998
Contract Amount (\$ in millions)	\$ 22.5	\$	33.3	\$	\$ 18.9
Fair Value (\$ in millions)	\$ (0.5)	\$	(0.6)	\$	\$ 0.1
Credit Facilities (Short)					
Par Amount (in Currency)		£	13.0	\$	\$
Par Amount (\$ in millions)	\$	\$	20.8	\$	\$

Item 4. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

As of March 31, 2012 (the end of the period covered by this report), we, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) of the Securities Act of 1934, as amended). Based on that evaluation, our management, including the Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures were effective and provided reasonable assurance that information required to be disclosed in our periodic Securities and Exchange Commission (SEC) filings is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. However, in evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of such possible controls and procedures.

Table of Contents

(b) Changes in Internal Controls Over Financial Reporting

Management has not identified any change in the Company's internal control over financing reporting that occurred during the first quarter of 2012 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

Table of Contents

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

We, Solar Capital Management, LLC and Solar Capital Partners, LLC are not currently subject to any material pending legal proceedings threatened against us. From time to time, we may be a party to certain legal proceedings incidental to the normal course of our business including the enforcement of our rights under contracts with our portfolio companies. While the outcome of these legal proceedings cannot be predicted with certainty, we do not expect that these proceedings will have a material effect upon our business, financial condition or results of operations.

Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Item 1A. Risk Factors in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011, which could materially affect our business, financial condition and/or operating results. The risks described in our Annual Report on Form 10-K are not the only risks facing our company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially and adversely affect our business, financial condition and/or operating results. There have been no material changes during the three months ended March 31, 2012 to the risk factors discussed in Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2011.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

We did not engage in unregistered sales of equity securities during the three months ended March 31, 2012.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosure

Not applicable.

Item 5. Other Information

None.
