		Proposed Maximum Offering Price per Unit	Proposed Maximum Aggregate Offering Price(1)	Amount of Registration Fee(2)
Title of Each Class of Securities to be Registered	Amount to be Registered

- (1) Estimated pursuant to paragraph (c) of Rule 457 solely for the purpose of calculating the registration fee, based upon the average of the reported high and low sales prices for a share of Common Stock on July 12, 2012, as reported by the New York Stock Exchange.
- (2) As permitted by Rule 415(a)(6) under the Securities Act of 1933, as amended, this Registration Statement includes 4,750,000 shares of Common Stock previously registered on an earlier registration statement and unissued (Registration Statement No. 333-162833). As a result, a filing fee of \$127,636 is being paid herewith. Pursuant to Rule 415(a)(6), the offering of the unsold securities registered under the earlier registration statement will be deemed terminated as of the date of effectiveness of this Registration Statement.

How Shares are Purchased and Priced

Cash dividends elected for reinvestment, and additional investments, will be used to purchase Verizon Communications shares. At the sole discretion of Verizon Communications, the shares purchased for the Plan will either be newly issued shares, treasury shares, shares acquired in the open market by the Plan Administrator or any combination of the foregoing.

Purchases from Verizon Communications - The price of new and/or treasury shares purchased directly from Verizon Communications will be the average of the high and low prices of Verizon Communications stock on the purchase

date (based on the New York Stock Exchange Composite Transaction Listing) or the prior trading day, if the New York Stock Exchange is closed on the purchase date. Customarily, the purchase date for dividends will be the dividend payment date; for additional investments, purchases will be made at least weekly. Although no brokerage commissions and/or fees will be charged to Plan participants for shares purchased directly from Verizon Communications, the investment fees listed in the Participant Fees section of this prospectus will still apply.

Purchases in the Open Market - The price of shares purchased in the open market will be the weighted average price per share paid by the Plan Administrator during the purchase period. For reinvested dividends, purchases may begin four (4) business days prior to the dividend payment date and end thirty (30) days after the dividend payment date.

Combined Purchases - If within a single investment period, the Plan Administrator purchases shares both directly from Verizon Communications and in the open market, the price of shares will be the weighted average of the price of all shares purchased directly from Verizon Communications and the price of all shares purchased in the open market during that investment period.

Investment Methods and Timing

Reinvested Dividends - The Plan Administrator will follow the procedures above to acquire shares for dividend reinvestment, based on the source of the shares, as Verizon Communications may decide from time to time.

Initial and Additional Investments - Customarily, all funds will be used to purchase shares at least

weekly, regardless of the source of the shares. If you are investing through a one-time deduction online, please note the estimated debit date and investment date provided when you process your transaction. If you are investing by mail, the Plan Administrator must receive your check at least two (2) business days prior to an investment date in order to purchase shares on such date. All funds, whether by check or automatic deduction from your bank account, must be payable in U.S. funds, and drawn on a U.S. bank. Checks should be made payable to Computershare - Verizon and mailed, with a completed form attached to your account statement, to the address indicated on your account statement. Cash, money orders, traveler s checks, starter checks and third party checks will not be accepted.

Automatic Monthly Investments - If you wish to elect this investment option, the Plan Administrator must receive your request via the Internet at www.computershare.com/verizon or by mail on an enrollment form, at least three (3) business days before the end of the month, in order to begin deductions the following month. Funds will be transferred on the 25th of each month. If the 25th is not a banking business day, your funds will be transferred on the prior banking business day. Once deducted, the Plan Administrator will invest these funds on the next available investment date. You can change the dollar amount or stop the automatic monthly investments by contacting the Plan Administrator. The Plan Administrator must receive your request at least seven (7) business days before the funds transfer date.

Due to the frequency of investments, the Plan Administrator will not return any additional cash payments but will use the funds to purchase Verizon Communications shares.

Table of Contents

The Plan Administrator may sell such shares in your account, as necessary, to collect any amount due in the event that a payment is returned unpaid. The Plan Administrator may also collect a fee for each payment returned unpaid and may sell additional shares in your account to cover this fee.

Total investments cannot exceed \$200,000 per calendar year. For purposes of applying this limit, all deposits (including initial investments, automatic monthly deductions, and additional investments, but excluding dividend reinvestment and share deposits) are aggregated.

Please note that you will not be able to instruct the Plan Administrator to purchase shares at a specific time or at a specific price. Therefore, you will not be able to time precisely your purchase through the Plan, and you will bear the market risk associated with fluctuations in the market price of Verizon Communications shares. That is, if you send in an initial or additional investment or authorize automatic deductions, it is possible that the market price of Verizon Communications shares could increase or decrease before the Plan Administrator purchases shares with your funds. In addition, you will not earn interest on investments for the period before the shares are purchased.

Account Statements

The Plan Administrator will send you a statement showing the status of your account each time you purchase shares, whether by dividend reinvestment, additional investments or automatic deductions, or sell shares. For shares acquired in the Plan after January 1, 2011, specific cost basis information will be included in your account statement in accordance with applicable law. For market order sales, the time of sale will be provided. You may also view your account information online.

Share Safekeeping

Shares of Verizon Communications purchased under the Plan will be maintained in your Plan account for safekeeping. Commonly known as book-entry ownership, this method of shareowner registration saves you the time, cost and inconvenience of having to care for stock certificates that can be easily damaged, lost or stolen. Once your shares are in safekeeping, you can conveniently transfer and sell them by contacting the Plan Administrator.

In addition, whether you participate in the Plan or not, if you own shares of Verizon Communications and you hold them in certificate form, you may send them to the Plan Administrator for safekeeping. Shareowners using this service who are not participating in the Plan will continue to receive their dividends in cash.

All shareowners that take advantage of this service will receive a detailed statement each time there is activity in their account. To use the safekeeping service, send your certificates along with a letter of instruction to the Plan Administrator. There is no cost to you for this service.

We recommend that you use Registered Mail - return receipt requested - insured for up to 3% of the market value when sending certificates to the Plan Administrator. Do not endorse the certificates or complete the assignment section.

To obtain a stock certificate for a portion of your shares, you may contact the Plan Administrator. Certificates will be issued for full shares only. Please allow up to five (5) business days once the Plan Administrator receives your request to issue the certificate.

IRA Accounts

You may establish a Traditional or Roth Individual Retirement Account (IRA) consisting of Verizon Communications shares through the Plan by investing \$250 or more. You may make a regular IRA contribution for a given taxable year in amounts up to \$5,000. If you are at least age 50 or older by the last day of the taxable year, the annual cash contribution limit is increased by \$1,000. Traditional IRA allows individuals to direct pre-tax income toward investments that can grow tax-deferred. Roth IRA contributions are funded with after-tax earnings. However, earnings grow tax-free and can be withdrawn tax-free, too, as long as the account is open for five years and you're age 59½ or older. This service has an annual fee. If you would like to request an IRA enrollment form, you may call the Plan Administrator at 1-800-597-7736 or visit www.computershare.com/verizon and click on the link for Direct Invest Prospectus and refer to the Plan Features section. This is not a comprehensive summary regarding Individual Retirement Accounts. For more information, please contact the Plan Administrator or your tax advisor.

Gift or Transfer of Shares

To gift or transfer some or all of your Verizon Communications shares to another person, you will need to call the Plan Administrator to request Transfer Instructions. Transfer forms may also be downloaded from the Internet at www.computershare.com/verizon. The completed transfer form must be signed and your signature must be guaranteed by a financial institution participating in the Medallion Guarantee program. Once your completed transfer instructions are received, your request will be processed promptly by the Plan Administrator. You are not charged any fees to gift or transfer shares under the Plan.

Table of Contents

Sales

You can sell some or all of the shares you have accumulated in the Plan by contacting the Plan Administrator. You have two choices when making a sale, depending on how you submit your sale request, as follows:

Market Order: A market order is a request to sell shares promptly at the current market price. Market order sales are only available at www.computershare.com/verizon or by calling the Plan Administrator directly at 1-800-631-2355. Market order sale requests received at www.computershare.com/verizon or by telephone will be placed promptly upon receipt during market hours (normally 9:30 a.m. to 4:00 p.m. Eastern Time). Any orders received after 4:00 p.m. Eastern Time will be placed promptly on the next day the market is open. The sales price per share will be the market price of the sale obtained by the Plan Administrator. The cash proceeds that you will receive will be equal to the number of shares sold multiplied by the sales price, minus a \$25.00 market order sale fee per transaction and an additional \$.12 fee per share sold.

Batch Order: A batch order is an accumulation of all sales requests for a security submitted together as a collective request. Batch orders are submitted daily and will generally be processed two to five business days after the date on which the order is received. Batch order sales are available at www.computershare.com/verizon, by calling the Plan Administrator directly at 1-800-631-2355 or in writing. If the dollar value of the sale is expected to exceed \$100,000, you must submit your sale request to the Plan Administrator in writing by completing and mailing the form attached to your account statement. All Individual Retirement Account

Table of Contents

sales must be in writing. All sale requests received in writing will automatically be treated as batch order sale requests. The Plan Administrator will seek to sell shares in round lot transactions. The sales price per share will be the weighted average price per share received by the Plan Administrator for all sales made that day for Plan participants and non-participants using the safekeeping service. The cash proceeds that you will receive will be equal to the number of shares sold multiplied by the sales price, minus a \$15.00 batch order sale fee per transaction and an additional \$.12 fee per share sold.

The Plan Administrator reserves the right to decline to process a sale if it determines, in its sole discretion, that supporting legal documentation is required. In addition, only the Plan Administrator will select the broker(s) or dealer(s) through or from whom sales are to be made.

Please note that if you choose to sell all of the shares you have accumulated in the Plan, you will no longer be a participant. See Withdrawal from the Plan.

If you live outside of the United States and elect to sell shares, you may utilize the Plan Administrator's international currency exchange service to convert your sale proceeds to your local currency prior to being sent to you. Receiving your sales proceeds in a local currency and having your check drawn on a local bank avoids the time-consuming and costly collection process required for cashing U.S. dollar checks. You can establish your international currency elections online at www.computershare.com/verizon or by completing the International Currency Payment Registration Form and returning it to the Plan Administrator. Note: Your international currency elections must be completed online or received via mail by the Plan Administrator prior to requesting this service for any sales processed by telephone. This service is subject to additional terms and conditions and fees.

Withdrawal from the Plan

You can withdraw from the Plan at any time by accessing your Plan account online at www.computershare.com/verizon. Alternatively, you may contact the Plan Administrator in writing or by telephone. In your request, you must instruct the Plan Administrator to terminate your participation by:

Continuing to hold your full shares in safekeeping and selling any fraction of a share; or,

Issuing a certificate for the full shares held in the Plan account and selling any fraction of a share; or

Selling all shares, including any fraction of a share, held in your Plan account.

The Plan Administrator will process a proper and complete request for withdrawal as soon as practicable (typically within five (5) business days after receipt). Upon withdrawal from the Plan, the Plan Administrator will mail you a check for the amount of any shares or fractional shares sold, less any applicable fees. In order to be effective for a particular dividend date, the Plan Administrator should receive your request prior to the dividend record date. If the request is not received prior to the dividend record date, your request will be processed but may not include any additional shares purchased with reinvested dividends.

Please note that if your Plan account contains less than one share of Verizon Communications stock, the Plan Administrator is authorized to terminate your Plan account and mail you a check for the fractional share amount, less any applicable fees.

Table of Contents

Adverse Market Conditions

In the event of an adverse market condition, such as trading curbs or market closure, the Plan Administrator will not be able to guarantee the execution of any purchase or sale transactions according to the terms and conditions of the Plan.

Tax Consequences

All the dividends paid to you - whether or not they are reinvested under the Plan - are considered taxable income to you in the year they are received. The total amount will be reported to you and to the Internal Revenue Service (IRS) each year.

You will not realize a gain or loss for U.S. Federal income tax purposes upon the transfer of shares to the Plan or the withdrawal of whole shares from the Plan.

All shares that are sold through the Plan Administrator will also be reported to the IRS, as required by law. Any profit or loss you incur should be reflected when you file your income tax returns.

For shares acquired in the Plan after January 1, 2011, specific cost basis information will be included in your account statement in accordance with applicable law.

This summary is not a comprehensive summary of all the tax considerations that may be relevant to your participation in the Plan. In addition, special tax considerations may apply to certain participants, such as non-U.S. persons and those persons participating through an IRA. Be sure to keep your account statements for income tax purposes. If you have questions about the tax basis or ramifications of any transaction, please consult your own tax advisor.

Table of Contents

Voting of Proxies

For any shareowner meeting, you will receive a proxy that will cover all the Verizon Communications shares registered in your name. The proxy allows you to indicate how you want to vote your shares. We will vote your shares only as you indicate. If you return a signed and dated proxy card but do not indicate how the shares are to be voted, however, the shares represented by your proxy card will be voted as recommended by the Verizon Communications Board of Directors.

Stock Splits and Other Distributions

If Verizon Communications declares a stock split or stock dividend, the new shares of common stock will be added to your account or distributed in the form of a certificate, at the sole discretion of Verizon Communications.

In the event of a stock subscription or other offering of rights to shareowners, your rights will be based on your registered holdings. Materials will be distributed that will allow you to exercise your total rights.

Changes to the Plan

Verizon Communications reserves the right to add to, modify or terminate the Plan at any time. The Plan Administrator will send you written notice of any significant changes. No modification or termination will affect your previously executed transactions. The Plan Administrator also reserves the right to change any administrative procedures of the Plan or add new and improved features to the Plan without notifying Plan participants. Item 15. Indemnification of Directors and Officers

Section 145 of the Delaware General Corporation Law (DGCL) permits a corporation to indemnify any of its directors or officers who was or is a party or is threatened to be made a party to any third-party proceeding by reason of the fact that such person is or was a director or officer of the corporation, against expenses (including attorney s fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action or proceeding, if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reason to believe that such person s conduct was unlawful. In a derivative action, i.e., one by or in the right of the corporation, the corporation is permitted to indemnify directors and officers against expenses (including attorney s fees) actually and reasonably incurred by them in connection with the defense or settlement of an action or suit if they acted in good faith and in a manner that they reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made if such person shall have been adjudged liable to the corporation, unless and only to the extent that the court in which the action or suit was brought shall determine upon application that the defendant directors or officers are fairly and reasonably entitled to indemnity for such expenses despite such adjudication of liability.

Article 7 of the Verizon Communications restated certificate of incorporation makes mandatory the indemnification expressly authorized under the DGCL, except that the restated certificate of incorporation only provides for indemnification in derivative actions, suits or proceedings initiated by a director or officer if the initiation of such action, suit or proceeding was authorized by the board of directors.

The restated certificate of incorporation of Verizon Communications limits the personal liability of directors to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director to the fullest extent permitted by the DGCL.

The directors and officers of Verizon Communications are insured against certain liabilities, including certain liabilities arising under the Securities Act, which might be incurred by them in such capacities and against which they cannot be indemnified by Verizon Communications.

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs (i), (ii) and (iii) shall not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 (the Exchange Act) that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Act to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in rule 430B, for liability purposes of the issuer and any person that is at the date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Act to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

Table of Contents

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

The undersigned registrant hereby undertakes that, for the purpose of determining any liability under the Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Act may be permitted to directors, officers and controlling persons of the registrant pursuant to any charter provision, bylaw or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
