## FORWARD-LOOKING STATEMENTS

The matters discussed in this Quarterly Report on Form 10-Q, in our press releases and in our website-accessible conference calls with analysts and investor presentations include forward-looking statements about the plans, strategies, objectives, goals or expectations of Spartan Stores, Inc. (together with its subsidiaries, Spartan Stores ). These forward-looking statements are identifiable by words such as expects, anticipates, plans, believes, estimates, guidance, or outlook is confident that a particular occurrence or event began, will, may, could, should, result or occur, or appears to have occurred, or will continue in the future, that a development is an opportunity, a priority, a strategy, or initiative or similarly stated expectations. Accounting estimates, such as those described under the heading Critical Accounting Policies in Part I, Item 2 of this Form 10-Q, are inherently forward-looking. Our asset impairment, restructuring cost provisions and fair value measurements are estimates and actual costs may be more or less than these estimates and differences may be material. You should not place undue reliance on these forward-looking statements, which speak only as of the date of the Quarterly Report, release, presentation, or statement.

In addition to other risks and uncertainties described in connection with the forward-looking statements contained in this Quarterly Report on Form 10-Q, Spartan Stores Annual Report on Form 10-K for the year ended March 31, 2012 (in particular, you should refer to the discussion of Risk Factors in Item 1A of our Annual Report on Form 10-K) and other periodic reports filed with the Securities and Exchange Commission, there are many important factors that could cause actual results to differ materially. Our ability to maintain and improve our retail-store performance; assimilate acquired stores; maintain or grow sales; respond successfully to competitors, the weak economic environment or changing consumer behavior; maintain or increase gross margin; anticipate and successfully respond to openings of competitors; maintain and improve customer and supplier relationships; realize expected benefits of new customer relationships or capital investments, new retail banner, loyalty program, warehouse consolidation, and store openings; realize growth opportunities; expand our customer base; reduce operating costs; generate cash; continue to meet the terms of our debt covenants; continue to pay dividends and repurchase shares; and implement the other programs, initiatives, plans, priorities, strategies, objectives, goals or expectations described in this Quarterly Report, our other reports or presentations, our press releases and our public comments is not certain and will be affected by changes in economic conditions generally or in the markets and geographic areas that we serve, adverse effects of the changing food and distribution industries and other factors including, but not limited to, those discussed below.

Anticipated future sales are subject to competitive pressures from many sources. Our Distribution and Retail businesses compete with many distributors, supercenters, warehouse discount stores, supermarkets and other retail stores selling food and related products, pharmacies and product manufacturers. Future sales will be dependent on the number of retail stores that we own and operate, our ability to retain and add to the retail stores to whom we distribute, competitive pressures in the retail industry generally and our geographic markets specifically, our ability to implement effective new marketing and merchandising programs and unseasonable weather conditions. Competitive pressures in these and other business segments may result in unexpected reductions in sales volumes, product prices or service fees.

Our operating and administrative expenses, and as a result, our net earnings and cash flows, may be adversely affected by changes in costs associated with, among other factors: difficulties in the operation of our business segments; future business acquisitions; adverse effects on business relationships with independent retail grocery store customers; difficulties in the retention or hiring of employees; labor stoppages or disputes; business and asset divestitures; increased transportation or fuel costs; current or future lawsuits and administrative proceedings; and losses or financial difficulties of customers or suppliers. Our future costs for pension and postretirement benefit costs may be adversely affected by changes in actuarial assumptions and methods, investment return and the composition of the group of employees and retirees covered, changes in our business that result in a withdrawal liability under multi-employer plans, the actions, contributions and financial condition of other employers who participate in multi-employer plans to which we contribute and the funding levels of these plans. Our future income tax expense, and as a result, our net earnings and cash flows, could be adversely affected by changes in tax laws and related interpretations. Our accounting estimates could change and the actual effects of changes in accounting principles could deviate from our estimates due to changes in facts, assumptions, or acceptable methods and actual results may vary materially from our estimates. Our operating and administrative expenses, net earnings and cash flow could also be adversely affected by changes in our sales mix. Our ongoing cost reduction initiatives and changes in our marketing and merchandising programs may not be as successful as anticipated. Acts of

terrorism, war, natural disaster, fire, accident, and severe weather may adversely affect the availability of and our ability to operate our warehouses and other facilities, and may adversely affect consumer buying behavior, fuel costs, shipping and transportation costs, product cost inflation or deflation and its impact on LIFO expense. General economic conditions and unemployment, particularly in Michigan, government assistance programs, health care reform, or other circumstances beyond our control, may adversely affect consumer buying behavior. A combination of the aforementioned factors, coupled with prolonged general economic weakness, could result in goodwill and other long-lived asset impairment charges.

Our future interest expense and income also may differ from current expectations, depending upon, among other factors: the amount of additional borrowings; changes in our borrowing agreements; changes in the interest rate environment; changes in accounting pronouncements; and changes in the amount of fees received or paid. The availability of our secured loan agreement depends on compliance with the terms of the loan agreement and financial stability of the banking community.

This section is intended to provide meaningful cautionary statements. This should not be construed as a complete list of all economic, competitive, governmental, technological and other factors that could adversely affect our expected consolidated financial position, results of operations or liquidity. Additional risks and uncertainties not currently known to Spartan Stores or that Spartan Stores currently believes are immaterial also may impair its business, operations, liquidity, financial condition and prospects. We undertake no obligation to update or revise our forward-looking statements to reflect developments that occur or information obtained after the date of this Quarterly Report.

## SPARTAN STORES, INC. AND SUBSIDIARIES

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

**Note 1****Basis of Presentation and Significant Accounting Policies**

The accompanying unaudited Condensed Consolidated Financial Statements include the accounts of Spartan Stores, Inc. and its subsidiaries (Spartan Stores). All significant intercompany accounts and transactions have been eliminated.

In the opinion of management, the accompanying condensed consolidated financial statements, taken as a whole, contain all adjustments, which are of a normal recurring nature, necessary to present fairly the financial position of Spartan Stores as of September 15, 2012, and the results of its operations and cash flows for the interim periods presented. Interim results are not necessarily indicative of results for a full year.

**Note 2****Restructuring, Asset Impairment and Other**

Restructuring, asset impairment and other included in the Condensed Consolidated Statements of Earnings consisted of the following:

(In thousands)	Distribution	Retail	Total
<b>24 Weeks Ended September 15, 2012</b>			
Restructuring, asset impairment and other	\$	\$ 356	\$ 356
	Distribution	Retail	Total
<b>24 Weeks Ended September 10, 2011</b>			
Restructuring, asset impairment and other	\$ (37)	\$ (98)	\$ (135)

The following table provides the activity of restructuring costs for the 24 weeks ended September 15, 2012. Restructuring costs recorded in the Consolidated Balance Sheets are included in Current portion of restructuring costs in Current liabilities and Restructuring costs in Long-term liabilities based on when the obligations are expected to be paid.

(In thousands)	
Balance at March 31, 2012	\$ 11,102
Changes in estimates	(435)(a)
Payments, net of interest accretion	(1,083)
Balance at September 15, 2012	\$ 9,584

(a) Goodwill was reduced by \$0.4 million in year-to-date fiscal 2013 as a result of these changes in estimates as the initial charges for certain stores were established in the purchase price allocations for previous acquisitions.

Included in the liability are lease obligations recorded at the present value of future minimum lease payments, calculated using a risk-free interest rate, and related ancillary costs from the date of closure to the end of the remaining lease term, net of estimated sublease income.

**Note 3****Fair Value Measurements**

Financial instruments include cash and cash equivalents, accounts and notes receivable, accounts payable and long-term debt. The carrying amounts of cash and cash equivalents, accounts and notes receivable, and accounts payable approximate fair value because of the short-term nature of these financial instruments. At September 15, 2012 and March 31, 2012 the estimated fair value and the book value of our debt instruments were as follows:

(In thousands)	September 15, 2012	March 31, 2012
<b>Book value of debt instruments:</b>		
Current maturities of long-term debt and capital lease obligations	\$ 4,185	\$ 4,449
Long-term debt and capital lease obligations	150,789	133,565
Equity component of convertible debt	7,091	8,884
<b>Total book value of debt instruments</b>	<b>162,065</b>	<b>146,898</b>
Fair value of debt instruments	160,935	144,374
<b>Excess of book value over fair value</b>	<b>\$ 1,130</b>	<b>\$ 2,524</b>

The estimated fair value of debt is based on market quotes for instruments with similar terms and remaining maturities (level 2 valuation techniques described below).

ASC 820 prioritizes the inputs to valuation techniques used to measure fair value into the following hierarchy:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability, reflecting the reporting entity's own assumptions about the assumptions that market participants would use in pricing.

**Note 4****Derivative Instruments**

Spartan Stores had limited involvement with derivative financial instruments and used them only to manage well-defined interest rate risk exposure when appropriate, based on market conditions. Spartan Stores' objective in managing exposure to changes in interest rates is to reduce fluctuations in earnings and cash flows, and consequently, from time to time Spartan Stores uses interest rate swap agreements to manage this risk. Spartan Stores does not use financial instruments or derivatives for any trading or other speculative purposes.

On January 2, 2009, Spartan Stores entered into an interest rate swap agreement. The interest rate swap was considered to be a cash flow hedge of interest payments on \$45.0 million of borrowings under Spartan Stores' senior secured revolving credit facility by effectively converting a portion of the variable rate debt to a fixed rate basis. Under the terms of the agreement, Spartan Stores agreed to pay the counterparty a fixed interest rate of 3.33% and the counterparty has agreed to pay Spartan Stores a floating interest rate based upon the 1-month LIBOR plus 1.25% on a notional amount of \$45 million. The interest rate swap agreement was to expire concurrently with its senior secured revolving credit facility on December 24, 2012. However, the swap agreement was terminated in the third quarter of fiscal 2012.

For derivative instruments that are designated and qualify as cash flow hedges, the effective portion of the gain or loss on the derivative is reported as a component of other comprehensive income and reclassified into earnings in the same period during which the hedged transaction affects earnings. Gains and losses on the derivative representing hedge ineffectiveness are recognized in current earnings.

## Edgar Filing: SPARTAN STORES INC - Form 10-Q

The following table provides a summary of the financial statement effect of the derivative financial instrument designated as an interest rate cash flow hedge for the quarter ended and year-to-date period ended September 10, 2011. No derivatives were outstanding in fiscal 2013:

(In thousands)	Location in Consolidated Financial Statements	12 Weeks Ended September 10, 2011	24 Weeks Ended September 10, 2011
Loss, net of taxes, recognized in other comprehensive income	Accumulated Other Comprehensive Income	\$ (103)	\$ (35)
Pre-tax loss reclassified from accumulated other comprehensive loss	Interest expense	217	358

### Note 5

#### Commitments and Contingencies

Various lawsuits and claims, arising in the ordinary course of business, are pending or have been asserted against Spartan Stores. While the ultimate effect of such actions cannot be predicted with certainty, management believes that their outcome will not result in a material adverse effect on the consolidated financial position, operating results or liquidity of Spartan Stores.

Spartan Stores contributes to the Central States multi-employer pension plan based on obligations arising from its collective bargaining agreement covering its warehouse union associates. This plan provides retirement benefits to participants based on their service to contributing employers. The benefits are paid from assets held in trust for that purpose. Trustees are appointed by employers and unions; however, Spartan Stores is not a trustee. The trustees typically are responsible for determining the level of benefits to be provided to participants as well as for such matters as the investment of the assets and the administration of the plan

Based on the most recent information available to Spartan Stores, we believe that the present value of actuarial accrued liabilities in this multi-employer plan significantly exceeds the value of the assets held in trust to pay benefits. Because we are one of a number of employers contributing to this plan, it is difficult to ascertain what the exact amount of the underfunding would be, although we anticipate that our contributions to this plan will increase each year. Spartan believes that funding levels have not changed significantly since year-end. To reduce this under funding we expect meaningful increases in expense as a result of required incremental multi-employer pension plan contributions over the years. Any adjustment for withdrawal liability will be recorded when it is probable that a liability exists and can be reasonably determined.

On October 6, 2012 General Teamsters Union Local 406 ratified a three-year labor agreement which expires on October 10, 2015. Spartan Stores will continue contributions to the Central States, Southeast and Southwest Areas Pension Fund under the terms outlined in the Primary Schedule of Central States Rehabilitation Plan. This schedule requires an increase in employer contributions of 5% over the previous year's contribution.

### Note 6

#### Associate Retirement Plans

Amortization of prior service cost					(25)	(25)
Recognized actuarial net loss	590	764	15	18	63	61
<b>Net periodic benefit cost (benefit)</b>	<b>\$ (292)</b>	<b>\$ 216</b>	<b>\$ 35</b>	<b>\$ 42</b>	<b>\$ 314</b>	<b>\$ 320</b>

As of September 15, 2012, pension contributions of approximately \$0.3 million have been made. Spartan Stores will assess the prudence of making voluntary contributions to the plan during the third quarter of fiscal 2013. No further contribution payments are required to be made in fiscal 2013 to meet the minimum pension funding requirements.

As previously stated in Note 5, Spartan Stores contributes to the Central States, Southeast and Southwest Areas Pension Fund ( Fund ) (EIN 7456500) at a pro rata fraction of 1% of total contributions. Spartan Store s employer contributions during the last plan year totaled \$8.2 million, which Fund administrators represent as less than 5% of total employer contributions to the Fund.

**Note 7**

**Taxes on Income**

The effective tax rate was 37.5% and 38.2% for this year s second quarter and the prior year s second quarter, respectively. For the year-to-date period and prior year-to-date period the effective income tax rate was 34.7% and 40.2% respectively. The difference from the statutory rate for the year-to-date periods is primarily the result of changes to the state of Michigan tax laws. The first quarter of fiscal 2013 includes a \$0.6 million net after-tax benefit and the first quarter of fiscal 2012 includes a net after-tax charge of \$0.5 million due to these changes. Excluding these items the effective tax rate for the year-to-date period was 37.6% and 38.3% for fiscal 2013 and fiscal 2012 respectively.

**Note 8**

**Stock-Based Compensation**

Spartan Stores has two shareholder-approved stock incentive plans that provide for the granting of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units, stock awards, and other stock-based awards to directors, officers and other key associates.

Spartan Stores accounts for stock-based compensation awards in accordance with the provisions of ASC Topic 718 which requires that share-based payment transactions be accounted for using a fair value method and the related compensation cost recognized in the consolidated financial statements over the period that an employee is required to provide services in exchange for the award. Spartan Stores recognized stock-based compensation expense (net of tax) of \$0.6 million (\$0.03 per diluted share) in the second quarter of fiscal 2013 and 2012 as a component of Operating expenses and Income taxes in the Consolidated Statements of Earnings. Stock-based compensation expense (net of tax) was \$1.4 million (\$0.06 per diluted share) and \$1.3 million (\$0.06 per diluted share) for the year-to-date period ended September 15, 2012 and September 10, 2011, respectively.

## Edgar Filing: SPARTAN STORES INC - Form 10-Q

The following table summarizes activity in the share-based compensation plans for the year-to-date period ended September 15, 2012:

	Shares Under Options	Weighted Average Exercise Price	Restricted Stock Awards	Weighted Average Grant-Date Fair Value
<b>Outstanding at March 31, 2012</b>	703,129	\$ 18.43	580,893	\$ 16.48
Granted			213,900	17.79
Exercised/Vested	(15,275)	8.02	(216,610)	17.48
Cancelled/Forfeited	(18,108)	17.10	(13,553)	16.62
<b>Outstanding at September 15, 2012</b>	669,746	\$ 18.71	564,630	\$ 16.59
Vested and expected to vest in the future at September 15, 2012	668,283	\$ 18.72		
<b>Exercisable at September 15, 2012</b>	634,508	\$ 18.98		

There were no stock options granted during the second quarter ended September 15, 2012 and September 10, 2011.

Due to certain events that are considered unusual and/or infrequent in nature, and that resulted in significant business changes during the limited historical exercise period, management does not believe that Spartan Stores' historical exercise data will provide a reasonable basis upon which to estimate the expected term of stock options. Therefore, the expected term of stock options granted is determined using the simplified method as described in SEC Staff Accounting Bulletins that uses the following formula:  $((\text{vesting term} + \text{original contract term})/2)$ .

As of September 15, 2012, total unrecognized compensation cost related to non-vested share-based awards granted under our stock incentive plans was \$0.1 million for stock options and \$7.6 million for restricted stock. The remaining compensation costs not yet recognized are expected to be recognized over a weighted average period of 0.6 years for stock options and 2.7 years for restricted stock.

### Note 9

#### Discontinued Operations

Results of the discontinued operations are excluded from the accompanying notes to the consolidated financial statements for all periods presented, unless otherwise noted.

### Note 10

#### Supplemental Cash Flow Information

Non-cash financing activities include the issuance of restricted stock to employees and directors of \$3.8 million and \$3.6 million for the year-to-date periods ended September 15, 2012 and September 10, 2011, respectively. Non-cash investing activities include capital expenditures recorded in current liabilities of \$1.3 million and \$1.1 million for the year-to-date periods ended September 15, 2012 and September 10, 2011, respectively. In addition, in the first quarter of fiscal 2013 the Company entered into capital lease agreements totaling \$2.8 million.

**Note 11**
**Operating Segment Information**

The following tables set forth information about Spartan Stores by operating segment:

(In thousands)	Distribution	Retail	Total
<b>12 Weeks Ended September 15, 2012</b>

(1) Consists primarily of general merchandise, grocery, beverages, snacks and frozen foods.

(2) Consists primarily of produce, dairy, meat, bakery, deli, floral and seafood.

### **Note 12**

#### **Company-Owned Life Insurance**

The Company holds variable universal life insurance policies on certain key associates. The company-owned policies have annual premium payments of \$0.8 million. The net cash surrender value of approximately \$2.5 million and \$1.6 million at September 15, 2012 and September 10, 2011, respectively, is recorded on the balance sheet in Other Long-term Assets. These policies have an aggregate amount of life insurance coverage of approximately \$15 million.

## ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

### Executive Overview

Spartan Stores is a leading regional grocery distributor and grocery retailer, operating principally in Michigan and Indiana.

We operate two reportable business segments: Distribution and Retail. Our Distribution segment provides a full line of grocery, general merchandise, health and beauty care, frozen and perishable items to approximately 375 independently owned grocery locations and our 97 corporate owned stores. Our Retail segment operates 97 retail supermarkets in Michigan under the banners *D&W Fresh Markets*, *Family Fare Supermarkets*, *Glen's Markets*, *VG's Food and Pharmacy* and *Valu Land*. In addition our retail segment operates 29 fuel centers/convenience stores, generally adjacent to our supermarket locations. Our retail supermarkets have a neighborhood market focus to distinguish them from supercenters and our Valu Land stores are distinguished from competitor's limited assortment stores by a focus on national brands and perishable offerings.

Our sales and operating performance vary with seasonality. Our first and fourth quarters are typically our lowest sales quarters and therefore operating results are generally lower during these two quarters. Additionally, these two quarters can be affected by the timing of the Easter holiday, which results in a strong sales period. Many northern Michigan stores are dependent on tourism, which is affected by the economic environment and seasonal weather patterns, including, but not limited to, the amount and timing of snowfall during the winter months and the range of temperature during the summer months. Typically all quarters are 12 weeks, except for our third quarter, which is 16 weeks and includes the Thanksgiving and Christmas holidays. However, fiscal year 2012 included a 53<sup>rd</sup> week in the fourth quarter.

### Results of Operations

The following table sets forth items from our Consolidated Statements of Earnings as a percentage of net sales and the year-to-year percentage change in dollar amounts:

(Unaudited)	Percentage of Net Sales				Percentage Change	
	12 Weeks Ended		24 Weeks Ended		12 Weeks Ended	24 Weeks Ended
	Sept. 15, 2012	Sept. 10, 2011	Sept. 15, 2012	Sept. 10, 2011	Sept. 15, 2012	Sept. 15, 2012
Net sales	100.0	100.0	100.0	100.0	0.3	0.3
Gross margin	21.0	21.4	20.6	21.1	(1.9)	(2.4)

Net earnings	1.7	1.7	1.3	1.3	0.5	(0.2)

\* Percentage change is not meaningful

\*\* Difference due to rounding

**Net Sales** Net sales for the quarter ended September 15, 2012 ( second quarter ) increased \$1.9 million, or 0.3%, from \$619.6 million in the quarter ended September 10, 2011 ( prior year second quarter ) to \$621.6 million. Net sales for the year-to-date period ended September 15, 2012 ( current year-to-date ) increased \$3.3 million, or 0.3%, from \$1,222.2 million in the prior year-to-date period ended September 10, 2011 ( prior year-to-date ) to \$1,225.5 million.

Net sales for the second quarter in our Retail segment decreased \$1.1 million, or 0.3%, from \$363.4 million in the prior year second quarter to \$362.3 million. Net sales for the year-to-date period decreased \$1.0 million, or 0.1%, from \$708.9 million in the prior year-to-date period to \$707.9 million. The second quarter decrease was primarily due to a decrease in comparable store sales of 1.0%, excluding fuel, partially offset by an increase in fuel center sales of \$2.4 million. The year-to-date decrease was primarily due to a comparable sales decrease of 0.5% partially offset by an increase in fuel center sales of \$3.1 million.

The comparable store sales decrease of 1.0% was due to an unfavorable calendar shift as an additional week of weaker fall season sales replace a stronger summer sales week, partially offset by the positive impact of store remodels and the YES Rewards promotional campaign. We define a retail store as comparable when it is in operation for 14 periods (a period is four weeks), and we include remodeled, expanded and relocated stores in comparable stores.

Net sales for the second quarter in our Distribution segment increased \$3.0 million, or 1.2%, from \$256.2 million in the prior year second quarter to \$259.2 million. Net sales for the current year-to-date period increased \$4.2 million, or 0.8%, from \$513.4 million in the prior year-to-date period to \$517.6 million. The second quarter increase was primarily due to new distribution customer business partially offset by a decline in pharmacy sales and lower sales to existing independent customers. The year-to-date increase was due to new distribution customer business of \$8.6 million partially offset by lower sales to existing independent customers and lower pharmacy sales.

**Gross Margin** Gross margin represents sales less cost of sales, which include purchase costs and promotional allowances. Vendor allowances that relate to our buying and merchandising activities consist primarily of promotional allowances, which are generally allowances on purchased quantities and, to a lesser extent, slotting allowances, which are billed to vendors for our merchandising costs, such as setting up warehouse infrastructure. Vendor allowances associated with product cost are recognized as a reduction in cost of sales when the product is sold. Lump sum payments received for multi-year contracts are amortized over the life of the contracts based on contractual terms.

Gross margin for the second quarter decreased \$2.5 million, or 1.9%, from \$132.7 million in the prior year second quarter to \$130.2 million. As a percent of net sales, gross margin for the second quarter decreased to 21.0% from 21.4%. The decline in gross margin rate was due to reduced inflation-driven inventory gains in both the retail and distribution segments and investments associated with the second phase of our Price Freeze and Yes Is Even More promotional campaign in the retail segment, as well as, a higher mix of lower margin distribution and fuel sales. Gross margin for the year-to-date period decreased \$6.2 million, or 2.4%, from \$258.1 million in the prior year-to-date period to \$251.9 million. As a percent of net sales, gross margin for the year-to-date period decreased to 20.6% from 21.1% for the reasons noted above.

**Selling, General and Administrative Expenses** Selling, general and administrative ( SG&A ) expenses consist primarily of salaries and wages, employee benefits, warehousing costs, store occupancy costs, shipping and handling, utilities, equipment rental, depreciation and other administrative costs.

SG&A expenses for the second quarter (excluding restructuring) decreased \$2.0 million, or 1.7%, from \$112.9 million in the prior year second quarter to \$110.9 million. As a percent of net sales, SG&A expenses were 17.8% for the second quarter compared to 18.2% in the prior year second quarter. SG&A expenses (excluding restructuring) for the year-to-date period decreased \$3.3 million, or 1.5%, from \$224.2 million in the prior year-to-date period to \$220.9 million. As a percent of net sales, operating expenses (excluding restructuring) were 18.0% for the current year-to-date period compared to 18.3% in the prior year-to-date period.

The net decrease in second quarter SG&A expenses (excluding restructuring) was primarily due to the following:

Decreased incentive compensation expense of \$1.6 million.

Decreased unusual corporate professional fees of \$1.2 million.

Decreased store labor of \$0.4 million.

Decreased workers compensation costs of \$0.4 million.

Increased depreciation and amortization of \$0.4 million.

Increased healthcare costs of \$0.9 million.

Increased various other expenses.

The net decrease in year-to-date SG&A expenses (excluding restructuring) was primarily due to the following:

Decreased incentive compensation expense of \$2.6 million.

Decreased unusual corporate professional fees of \$1.2 million.

Decreased store labor of \$0.8 million.

Decreased workers compensation costs of \$0.4 million.

Increased supplies and marketing related expenses of 1.8 million.

Increased healthcare costs of \$0.9 million.

Increased depreciation and amortization of \$0.8 million.

Decreased various other expenses due to continuing focus on containing costs.

**Restructuring, Asset Impairment and Other** The second quarter charges of \$0.4 million primarily relate to a single store that required impairment and the values in the Consolidated Balance Sheet were reduced. The asset impairment charges were recorded due to the local economic and competitive environment of this store and its impact on forecasted financial performance. The prior year second quarter restructuring benefit of \$0.1 million related primarily to change in estimates made related to final settlements of expired leases and expenses related to two closed retail stores.

## Edgar Filing: SPARTAN STORES INC - Form 10-Q

**Interest Expense** Interest expense decreased \$0.3 million, or 9.2%, from \$3.4 million in the prior year second quarter to \$3.1 million. For the year-to-date period, interest expense decreased \$0.4 million, or 6.4%, from \$6.6 million to \$6.2 million. The decrease in interest expense was due primarily to lower net borrowings.

**Income Taxes** The effective tax rate was 37.5% and 38.2% for the second quarter and prior year second quarter, respectively. For the year-to-date period and prior year-to-date period the effective income tax rate was 34.7% and 40.2%. The difference from the statutory rate is the result of changes to the State of Michigan's tax laws. The first quarter of fiscal 2013 includes a \$0.6 million net after-tax benefit and the first quarter of fiscal 2012 includes a net after-tax charge of \$0.5 million due to these changes. Excluding these items the effective tax rate for the year-to-date period was 37.6% and 38.3% for fiscal 2013 and fiscal 2012 respectively.

### **Adjusted EBITDA**

Consolidated Adjusted EBITDA is a non-GAAP operating financial measure that we define as net earnings from continuing operations plus depreciation and amortization, and other non-cash items including imputed interest, deferred (stock) compensation, the LIFO provision, as well as adjustments for unusual items that do not reflect the ongoing operating activities of the Company and costs associated with the closing of operational locations, interest expense and the provision for income taxes.

We believe that Adjusted EBITDA provides a meaningful representation of our operating performance for the Company as a whole and for our operating segments. We consider Adjusted EBITDA as an additional way to measure operating performance on an ongoing basis. Adjusted EBITDA is meant to reflect the ongoing operating performance of all of our retail stores and wholesale operations; consequently, it excludes the impact of items that could be considered non-operating or non-core in nature, and also excludes the contributions of activities classified as discontinued operations. Because Adjusted EBITDA is a performance measure that management uses

## Edgar Filing: SPARTAN STORES INC - Form 10-Q

to allocate resources, assess performance against its peers, and evaluate overall performance, we believe it provides useful information for our investors. In addition, securities analysts, fund managers and other shareholders and stakeholders that communicate with us request our operating financial results in Adjusted EBITDA format.

Adjusted EBITDA is not a measure of performance under accounting principles generally accepted in the United States of America, and should not be considered as a substitute for net earnings, cash flows from operating activities and other income or cash flow statement data. Our definition of Adjusted EBITDA may not be identical to similarly titled measures reported by other companies.

Following is a reconciliation of net earnings to Adjusted EBITDA for quarters and year-to-date periods ended September 15, 2012 and September 10, 2011.

(In thousands)	Second Quarter		Year-to-Date	
	Sept. 15, 2012	Sept. 10, 2011	Sept. 15, 2012	Sept. 10, 2011
Net earnings	\$ 10,305	\$ 10,252	\$ 16,308	\$ 16,281
Add:

<b>Adjusted EBITDA</b>	<b>\$ 12,592</b>	<b>\$ 12,685</b>	<b>\$ 23,438</b>	<b>\$ 22,998</b>

**Discontinued Operations**

Certain of our retail and grocery distribution operations have been recorded as discontinued operations. Results of the discontinued operations are excluded from the accompanying notes to the condensed consolidated financial statements for all periods presented, unless otherwise noted.

**Liquidity and Capital Resources**

The following table summarizes our consolidated statements of cash flows for the year-to-date second quarter and prior year-to-date second quarter:

(In thousands)	September 15, 2012	September 10, 2011
Net cash provided by operating activities	\$ 895	\$ 42,463
Net cash (used in) investing activities	(18,354)	(21,439)
Net cash (used in) financing activities	(1,561)	(2,462)
Net cash provided by (used in) discontinued operations	35	(306)
Net (decrease) increase in cash and cash equivalents	(18,985)	18,256
Cash and cash equivalents at beginning of period	26,476	43,824
Cash and cash equivalents at end of period	\$ 7,491	\$ 62,080

Net cash provided by operating activities decreased from the prior year-to-date period primarily due to increased investment in inventory due predominantly to the shift in timing of our quarter end, the payment of fiscal year 2012 incentive compensation and profit sharing, \$9.8 million first quarter tax payment related to the previously mentioned tax law change and \$5.0 million in advanced payments to customers under new supply agreements. The \$9.8 million first quarter tax payment related to the timing of tax basis income recognition and will reverse over the remainder of fiscal 2013.

Net cash used in investing activities decreased during the current year-to-date period primarily due to proceeds from the sale of assets. Our Retail and Distribution segments utilized 83.4% and 16.6% of our capital spending, respectively in fiscal 2013 and 85.8% and 12.2% in fiscal 2012, respectively. Expenditures during the current fiscal year were primarily related to two store remodels and payments on the construction of 3 new stores. We expect capital and real estate development expenditures to range from \$42.0 million to \$44.0 million for fiscal 2013.

Net cash used in financing activities includes proceeds from the issuance of common stock, stock repurchases, tax benefits of stock compensation, dividends paid, financing fees and net change in our long-term borrowings. Payments on other long-term borrowings were \$1.8 million and financing fees paid were \$1.3 million in the current year-to-date period, partially offset by net proceeds from revolver borrowings of \$14.2 million. In the prior year-to-date period, net other long-term repayments totaled \$1.9 million partially offset by net proceeds from revolver borrowings of \$0.1 million. The company repurchased approximately 634,000 shares of its common stock in the current year-to-date period for a total expenditure of \$11.4 million. Cash dividends of \$1.7 million were paid in the first and second quarters of fiscal 2013 versus \$1.5 million in the first and second quarters of fiscal 2012. This increase was due to a 23% increase in dividends from \$0.065 per share to \$0.08 per share that was approved by the Board of Directors and announced on May 15, 2012. Although we expect to continue to pay a quarterly cash dividend, adoption of a dividend policy does not commit the Board of Directors to declare future dividends. Each future dividend will be considered and declared by the Board of Directors at its discretion. Whether the Board of Directors continues to declare dividends and repurchase shares depends on a number of factors, including our future financial condition and profitability and compliance with the terms of our credit facilities. Our current maturities of long-term debt and capital lease obligations at September 15, 2012 are \$4.2 million. Our ability to borrow additional funds is governed by the terms of our credit facilities.

Net cash used in discontinued operations includes the net cash flows of our discontinued operations and consists primarily of the payment of store asset impairment costs and other liabilities partially offset by sublease income.

Our principal sources of liquidity are cash flows generated from operations and our senior secured revolving credit facility. Interest on our convertible senior notes is payable on May 15 and November 15 of each year. The revolving credit facility matures December 2017, and is secured by substantially all of our assets. As of September 15, 2012, our senior secured revolving credit facility had outstanding borrowings of \$14.2 million and additional available borrowings of \$165.3 million, which exceeds the minimum excess availability levels, as defined in the credit agreement. We believe that cash generated from operating activities and available borrowings under the credit facility will be sufficient to meet anticipated requirements for working capital, capital expenditures, dividend payments, and debt service obligations for the foreseeable future. However, there can be no assurance that Spartan Stores' business will continue to generate cash flow at or above current levels or that we will maintain our ability to borrow under our credit facility.

On January 9, 2012, Spartan Stores announced the early termination of its interest rate swap agreement. The Company repaid the balance on its credit facility and swap termination fee from available cash.

Our current ratio increased to 1.23:1.00 at September 15, 2012 from 1.13:1.00 at March 31, 2012 and our investment in working capital increased to \$41.5 million at September 15, 2012 from \$24.7 million at March 31, 2012 principally due to inventory investment and prepaid taxes.

Our total net long-term debt (including current maturities and capital lease obligations net of cash and cash equivalents) to total capital ratio at September 15, 2012 was 0.31:1.00 versus 0.26:1.00 at March 31, 2012 and our debt to capital ratio at September 10, 2011 was 0.32:1.00 versus 0.30:1.00 at March 26 2011. Total net long-term debt is a non-GAAP financial measure that is defined as long-term debt and capital lease obligations plus current maturities of long-term debt and capital lease obligations less cash and cash equivalents. The Company believes investors find the information useful because it reflects the amount of long term debt obligations that are not covered by available cash and temporary investments.

Following is a reconciliation of long-term debt and capital lease obligations to total net long-term debt and capital lease obligations as of September 15, 2012 and March 31, 2012.

(In thousands)	September 15, 2012	March 31, 2012
Current maturities of long-term debt and capital lease obligations	\$ 4,185	\$ 4,449
Long-term debt and capital lease obligations	150,789	133,565
<b>Total Debt</b>	<b>154,974</b>	<b>138,014</b>
Cash and cash equivalents	(7,491)	(26,476)
<b>Total net long-term debt</b>	<b>\$ 147,483</b>	<b>\$ 111,538</b>

For information on contractual obligations, see our Annual Report on Form 10-K for the fiscal year ended March 31, 2012. At September 15, 2012, there have been no material changes to our significant contractual obligations outside the ordinary course of business.

#### *Indebtedness and Liabilities of Subsidiaries*

On May 30, 2007, the Company sold \$110 million aggregate principal amount of 3.375% Convertible Senior Notes due 2027 (the "Notes"). The Notes are general unsecured obligations and rank equally in right of payment with all of the Company's other existing and future obligations that are unsecured and unsubordinated. Because the Notes are unsecured, they are structurally subordinated to our subsidiaries' existing and future indebtedness and other liabilities and any preferred equity issued by our subsidiaries. We rely in part on distributions and advances from our subsidiaries in order to meet our payment obligations under the notes and our

other obligations. The Notes are not guaranteed by our subsidiaries. Many of our subsidiaries serve as guarantors with respect to our existing credit facility. Creditors of each of our subsidiaries, including trade creditors, and preferred equity holders, generally have priority with respect to the assets and earnings of the subsidiary over the claims of our creditors, including holders of the Notes. The Notes, therefore, are effectively subordinated to the claims of creditors, including trade creditors, judgment creditors and equity holders of our subsidiaries. In addition, our rights and the rights of our creditors, including the holders of the notes, to participate in the assets of a subsidiary during its liquidation or reorganization are effectively subordinated to all existing and future liabilities and preferred equity of that subsidiary. The Notes are effectively subordinated to our existing and future secured indebtedness to the extent of the assets securing such indebtedness and to existing and future indebtedness and other liabilities of our subsidiaries (including subsidiary guarantees of our senior credit facility).

The following table shows the indebtedness and other liabilities of our subsidiaries as of September 15, 2012:

### Spartan Stores Subsidiaries Only

(In thousands)

	September 15, 2012
<b>Current Liabilities</b>	
Accounts payable	\$ 126,936
Accrued payroll and benefits	27,139
Other accrued expenses	14,252
Current portion of restructuring costs	3,271
Current maturities of long-term debt and capital lease obligations	4,185
<b>Total current liabilities</b>	<b>175,783</b>
<b>Long-term Liabilities</b>	
Postretirement benefits	12,558
Other long-term liabilities	13,285
Restructuring costs	6,313
Long-term debt and capital lease obligations	45,982
<b>Total long-term liabilities</b>	<b>78,138</b>
<b>Total Subsidiary Liabilities</b>	<b>253,921</b>
<b>Operating Leases</b>	<b>116,175</b>
<b>Total Subsidiary Liabilities and Operating Leases</b>	<b>\$ 370,096</b>

#### *Ratio of Earnings to Fixed Charges*

Our ratio of earnings to fixed charges was 3.92:1.00 and 3.78:1.00 for the current year second quarter and prior year second quarter, respectively, and 3.20:1.00 and 3.33:1.00 for the year-to-date and prior year-to-date periods, respectively. For purposes of calculating the ratio of earnings to fixed charges, earnings consist of pretax earnings from continuing operations plus fixed charges (excluding capitalized interest). Fixed charges consist of interest costs, whether expensed or capitalized, the interest component of rental expense and amortization of debt issue costs, whether expensed or capitalized.

#### **Off-Balance Sheet Arrangements**

We had letters of credit totaling \$0.6 million outstanding and unused at September 15, 2012. The letters of credit are maintained primarily to support payment or deposit obligations. We pay a commission of approximately 2% on the face amount of the letters of credit.

### **Critical Accounting Policies**

This discussion and analysis of our financial condition and results of operations is based upon our consolidated financial statements. The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts. On an ongoing basis, we evaluate our estimates, including those related to bad debts, inventories, intangible assets, assets held for sale, long-lived assets, income taxes, self-insurance reserves, restructuring and asset impairment costs, retirement benefits, stock-based compensation and contingencies and litigation. We base our estimates on historical experience and on various other assumptions and factors that we believe to be reasonable under the circumstances. Based on our ongoing review, we make adjustments we consider appropriate under the facts and circumstances. We have discussed the development, selection and disclosure of these estimates with the Audit Committee. The accompanying condensed consolidated financial statements are prepared using the same critical accounting policies discussed in our Annual Report on Form 10-K for the fiscal year ended March 31, 2012.

### **ITEM 3. Quantitative and Qualitative Disclosure about Market Risk**

There have been no material changes in market risk of Spartan Stores from the information provided under Part II, Item 7A, Quantitative and Qualitative Disclosure About Market Risk, of the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2012.

### **ITEM 4. Controls and Procedures**

An evaluation of the effectiveness of the design and operation of Spartan Stores' disclosure controls and procedures (as currently defined in Rule 13a-15(e) under the Securities Exchange Act of 1934) was performed as of September 15, 2012 (the Evaluation Date). This evaluation was performed under the supervision and with the participation of Spartan Stores' management, including its Chief Executive Officer (CEO) and Chief Financial Officer (CFO). Spartan Stores' management, including the CEO and CFO, concluded that Spartan Stores' disclosure controls and procedures were effective as of the Evaluation Date to ensure that material information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in the reports that we file or submit under the Securities and Exchange Act of 1934 is accumulated and communicated to management, including our principal executive and principal financial officers as appropriate to allow for timely decisions regarding required disclosure. During the last fiscal quarter there was no change in Spartan Stores' internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, Spartan Stores' internal control over financial reporting.

## PART II

## OTHER INFORMATION

**ITEM 2. Unregistered Sales of Equity Securities and Use of Proceeds**

The following table provides information regarding the Company's purchases of its own common stock during the second quarter. On May 17, 2011, the Board of Directors authorized a five-year share repurchase program for up to \$50 million of the Company's common stock. The Company repurchased 30,000 shares of common stock under this program during the quarter ended September 15, 2012. All employee transactions are with associates under stock compensation plans. These may include: (1) shares of Spartan Stores, Inc. common stock delivered in satisfaction of the exercise price and/or tax withholding obligations by holders of employee stock options who exercised options, and (2) shares submitted for cancellation to satisfy tax withholding obligations that occur upon the vesting of the restricted shares. The value of the shares delivered or withheld is determined by the applicable stock compensation plan.

**Spartan Stores, Inc. Purchases of Equity Securities**

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Programs or Plans	Approximate Dollar Value of Shares that May Yet be Purchased Under Plans or Programs (In thousands)
June 24 - July 21, 2012				
Employee Transactions		\$		
Repurchase Program (1)	30,000	\$ 17.51	30,000	\$ 26,269
July 22 - August 18, 2012				
Employee Transactions		\$		
Repurchase Program (1)		\$		\$ 26,269
August 19 - September 15, 2012				
Employee Transactions		\$		
Repurchase Program (1)		\$		\$ 26,269
Total for Second Quarter ended September 15, 2012	30,000	\$ 17.51	30,000	\$ 26,269

(1) On May 17, 2011 the Board of Directors authorized a stock repurchase plan of up to \$50 million. The plan expires on May 18, 2016.
