NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2012 and December 31, 2011

(Tabular information expressed in thousands of U.S. dollars except share and per share data)

(unaudited)

1. BASIS OF PREPARATION AND CONSOLIDATION

The Company's condensed consolidated financial statements have not been audited. These statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. In the opinion of management, these financial statements reflect all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of the Company's financial position and results of operations as at the end of and for the periods presented. Results of operations for subsidiaries acquired are included from the dates of their acquisition by the Company. The results of operations for any interim period are not necessarily indicative of the results for a full year. Inter-company accounts and transactions have been eliminated. In these notes, the terms we, us, our, or the Company refer to Enstar Group Limited and its direct and indirect subsidiaries. The following information should be read in conjunction with the Company's Annual Report on Form 10-K for the year ended December 31, 2011. Certain reclassifications have been made to the prior period reported amounts of investment income and net realized and unrealized gains and losses to conform to the current period presentation. These reclassifications had no impact on income or net earnings previously reported.

Adoption of New Accounting Standards

In May 2011, the U.S. Financial Accounting Standards Board (FASB) issued amendments to disclosure requirements for common fair value measurement. These amendments result in a common definition of fair value and common requirements for measurement of and disclosure requirements under U.S. GAAP and International Financial Reporting Standards (IFRS). Consequently, the amendments change some fair value measurement principles and disclosure requirements. The Company adopted this amended accounting guidance effective January 1, 2012. The adoption of the amended guidance did not have a material impact on the consolidated financial statements.

In June 2011, FASB issued amendments to disclosure requirements for presentation of comprehensive income. This guidance requires presentation of total comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. The Company adopted this amended accounting guidance effective January 1, 2012. The adoption of the amended guidance had no impact on the consolidated financial statements.

Recently Issued Accounting Standards Not Yet Adopted

In December 2011, FASB issued new disclosure requirements regarding the nature of an entity's rights of setoff and related arrangements associated with its financial instruments and derivatives. The new disclosures are designed to make financial statements that are prepared under U.S. GAAP more comparable to those prepared under IFRS. The new disclosure requirements are effective retrospectively for annual and interim reporting periods beginning on or after January 1, 2013. The Company is currently evaluating the impact of adopting these revised disclosure requirements on the consolidated financial statements.

2. ACQUISITIONS

The Company accounts for acquisitions using the purchase method of accounting, which requires that the acquirer record the assets and liabilities acquired at their estimated fair value. The fair values of each of the reinsurance assets and liabilities acquired are derived from probability-weighted ranges of the associated projected cash flows, based on actuarially prepared information and management's run-off strategy. Any

amendment to the fair values resulting from changes in such information or strategy will be recognized when the changes occur. Refer to Note 3 of Item 8 included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011 for more information on the accounting for acquisitions.

SeaBright

On August 27, 2012, the Company, AML Acquisition, Corp. (AML), a wholly-owned subsidiary of the Company, and SeaBright Holdings, Inc. (SeaBright) entered into an Agreement and Plan of Merger (the Merger Agreement), providing for the merger of AML with and into SeaBright (the Merger), with SeaBright surviving the Merger as an indirect, wholly-owned subsidiary of the Company. SeaBright owns SeaBright Insurance Company, an Illinois domiciled insurer that is commercially domiciled in California. The Company expects to pay the aggregate purchase price of approximately \$252.2 million through a combination of cash on hand and a bank loan facility to be finalized before closing.

At the effective date of the Merger, each outstanding share of SeaBright common stock (other than shares held by SeaBright in treasury or held by stockholders who have perfected and not withdrawn a demand for appraisal rights under Delaware law) will be automatically cancelled and converted into the right to receive \$11.11 in cash, without interest (the Merger Consideration). Each outstanding option to purchase shares of SeaBright common stock will fully vest at the effective date of the Merger and be cancelled and converted into the right to receive the Merger Consideration less the per share exercise price of the option. Each outstanding share of SeaBright restricted stock and each SeaBright restricted stock unit will fully vest at the effective time and be cancelled and converted into the right to receive the Merger Consideration. Consummation of the Merger is subject to certain conditions, including the adoption of the Merger Agreement by SeaBright's stockholders, receipt of certain regulatory approvals and certain other customary closing conditions. The transaction is expected to close in the fourth quarter of 2012 or the first quarter of 2013.

HSBC

On September 6, 2012, the Company and its wholly-owned subsidiary, Pavonia Holdings (US), Inc. (Pavonia), entered into a definitive agreement for the purchase of all of the shares of Household Life Insurance Company of Delaware (HLIC DE) and HSBC Insurance Company of Delaware (HSBC DE) from Household Insurance Group Holding Company, an affiliate of HSBC Holdings plc. HLIC DE and HSBC DE are both Delaware domiciled insurers in run-off. HLIC DE owns three other insurers domiciled in Michigan, New York, and Arizona, respectively, all of which will be in run-off at the time the transaction closes. The companies to be acquired have written various U.S. and Canadian life insurance, including credit insurance, term life insurance, assumed reinsurance, corporate owned life insurance, and annuities.

The base purchase price of approximately \$181.0 million will be adjusted under the terms of the stock purchase agreement based upon changes to the capital and surplus of the acquired entities arising from the operation of the business prior to closing. The Company expects to finance the purchase price through a combination of cash on hand and a drawing under its Revolving Credit Facility with National Australia Bank Limited and Barclays Corporate (the EGL Revolving Credit Facility). The Company is a party to the acquisition agreement and has guaranteed the performance by Pavonia of its obligations thereunder. Completion of the transaction is conditioned on, among other things, governmental and regulatory approvals and satisfaction of various customary closing conditions. The transaction is expected to close by the end of the first quarter of 2013.

Table of Contents**ENSTAR GROUP LIMITED****NOTES TO THE UNAUDITED CONDENSED****CONSOLIDATED FINANCIAL STATEMENTS (Continued)****3. SIGNIFICANT NEW BUSINESS*****Zurich Danish Portfolio***

On June 30, 2012, the Company, through the Danish branch of its wholly-owned subsidiary, Marlon Insurance Company Limited (Marlon), acquired by way of loss portfolio transfer under Danish law, a portfolio of reinsurance and professional disability business from the Danish branch of Zurich Insurance Company (Zurich). After reflecting the final balances reported by Zurich, Marlon received total assets and liabilities of approximately \$60.0 million.

Reciprocal of America

On July 6, 2012, the Company, through its wholly-owned subsidiary, Providence Washington Insurance Company, entered into a definitive loss portfolio transfer reinsurance agreement with Reciprocal of America (in Receivership) and its Deputy Receiver relating to a portfolio of workers compensation business. The estimated total assets and liabilities to be assumed are approximately \$174.0 million. Completion of the transaction is conditioned upon, among other things, regulatory approvals and satisfaction of customary closing conditions. The transaction is expected to close in the first quarter of 2013.

Claremont

On August 6, 2012, the Company, through its wholly-owned subsidiary, Fitzwilliam Insurance Limited (Fitzwilliam), entered into a novation agreement with another of the Company's wholly-owned subsidiaries, Claremont Liability Insurance Company (Claremont), and one of Claremont's reinsurers with respect to a quota share contract. Under the novation agreement, Fitzwilliam replaced the reinsurer on the quota share contract in exchange for total assets and liabilities of approximately \$16.5 million.

4. INVESTMENTS (cont d)*Other Investments*

The estimated fair values of the Company's other investments were as follows:

	September 30, 2012	December 31, 2011
Private equity funds	\$ 115,199	\$ 107,388
Bond funds	147,609	54,537
Fixed income hedge funds	52,322	24,395
Equity fund	53,889	
Real estate debt fund	15,861	
Other	4,848	5,944
	\$ 389,728	\$ 192,264

These investments are discussed in further detail below.

Private equity funds

This class is comprised of several private equity funds that invest primarily in the financial services industry. All of the Company's investments in private equity funds are subject to restrictions on redemptions and sales that are determined by the governing documents and limit the Company's ability to liquidate those investments. These restrictions have been in place since the dates the initial investments were made by the Company.

As of September 30, 2012 and December 31, 2011, the Company had \$115.2 million and \$107.4 million, respectively, of other investments recorded in private equity funds, which represented 2.6% and 2.4% of total investments, cash and cash equivalents and restricted cash and cash equivalents at September 30, 2012 and December 31, 2011. Due to a lag in the valuations reported by the managers, the Company records changes in the investment value with up to a three-month lag.

Bond funds

This class is comprised of a number of positions in diversified bond mutual funds managed by third-party managers.

Fixed income hedge funds

This class is comprised of hedge funds that invest in a diversified portfolio of debt securities. The advisor of the funds intends to seek attractive risk-adjusted total returns for the funds' investors by acquiring, originating, and actively managing a diversified portfolio of debt securities, with a focus on various forms of asset-backed securities and loans. The funds focus on investments that the advisor believes to be fundamentally undervalued with current market prices that are believed to be compelling relative to intrinsic value. The hedge funds are not currently eligible

Edgar Filing: Enstar Group LTD - Form 10-Q

for redemption due to imposed lock-up periods of three years from the time of the Company's initial investment. Once eligible, redemptions will be permitted quarterly with 90 days' notice. The first investment in the funds will be eligible for redemption in March 2014.

Equity fund

This class is comprised of an equity fund that invests in a diversified portfolio of international publicly-traded equity securities. The manager of the fund seeks to maximize the intrinsic value of the portfolio by focusing on price and quality.

4. INVESTMENTS (cont d)*Real estate debt fund*

This class is comprised of a real estate debt fund that invests primarily in U.S. commercial real estate. A redemption request for this fund can be made 10 days after the date of any monthly valuation; the fund states that it will make commercially reasonable efforts to redeem the investment within the next monthly period.

Other

This class is comprised primarily of the College and University Facility Loan Trust (the Loan Trust). The Loan Trust provides loans to educational institutions throughout the U.S. and its territories. The Company holds Class B certificates of the Loan Trust and accordingly receives semi-annual distributions. The Company has no redemption rights with respect to its investment in the Loan Trust.

Redemption restrictions on other investments

The following table presents the total fair value, unfunded commitments and redemption frequency for all other investments. These investments are all valued at net asset value as at September 30, 2012:

	Total Fair Value	Gated/Side Pocket Investments	Investments without Gates or Side Pockets	Unfunded Commitments	Redemption Frequency
Private equity funds	\$ 115,199	\$	\$ 115,199	\$ 63,099	Not eligible
Bond funds	147,609		147,609		Daily to monthly
Fixed income hedge funds	52,322		52,322		Quarterly after lock-up periods expire
Equity funds	53,889		53,889		Bi-monthly
Real estate debt fund	15,861		15,861		10 days notice after monthly valuation
Other	4,848		4,848	696	Not eligible
	\$ 389,728	\$	\$ 389,728	\$ 63,795	

Certain funds included in other investments are subject to a lock-up period. A lock-up period refers to the initial amount of time an investor is contractually required to invest before having the ability to redeem the investment. Funds that do provide for periodic redemptions may, depending on the funds governing documents, have the ability to deny or delay a redemption request, which is called a gate. The fund may restrict redemptions because the aggregate amount of redemption requests as of a particular date exceeds a specified level. The gate is a method for executing an orderly redemption process that allows for redemption requests to be executed in a timely manner to reduce the possibility of adversely affecting the remaining investors in the fund. Typically, the imposition of a gate delays a portion of the requested redemption, with the remaining portion to be settled in cash sometime after the redemption date.

Edgar Filing: Enstar Group LTD - Form 10-Q

Certain funds included in other investments may be allowed to invest a portion of their assets in illiquid securities, such as private equity or convertible debt. In such cases, a common mechanism used is a side-pocket , whereby the illiquid security is assigned to a separate memorandum capital account or designated account. Typically, the investor loses its redemption rights in the designated account. Only when the illiquid security is sold, or is otherwise deemed liquid by the fund, may investors redeem their interest in the side-pocket.

Information regarding other investments the Company has with related parties is described in Note 12 Related Party Transactions .

Other-Than-Temporary Impairment Process

The Company assesses whether declines in the fair value of its fixed maturity investments classified as available-for-sale represent impairment losses that are other-than-temporary and whether a credit loss exists in accordance with its accounting policies. The Company had no planned sales of its fixed maturity investments classified as available-for-sale as at September 30, 2012. In assessing whether it is more likely than not that the Company will be required to sell a fixed maturity investment before its anticipated recovery, the Company considers various factors including its future cash flow requirements, legal and regulatory requirements, the level of its cash, cash equivalents, short-term investments and fixed maturity investments available-for-sale in an unrealized gain position, and other relevant factors. For the nine months ended September 30, 2012, the Company did not recognize any other-than-temporary impairments due to required sales. The Company determined that, as at September 30, 2012, no credit losses existed.

Fair Value of Financial Instruments

Fair value is defined as the price at which to sell an asset or transfer a liability (i.e. the exit price) in an orderly transaction between market participants. The Company uses a fair value hierarchy that gives the highest priority to quoted prices in active markets and the lowest priority to unobservable data. The hierarchy is broken down into three levels as follows:

Level 1 Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 instruments.

Level 2 Valuations based on quoted prices in active markets for similar assets or liabilities, quoted prices for identical assets or liabilities in inactive markets, or for which significant inputs are observable (e.g. interest rates, yield curves, prepayment speeds, default rates, loss severities, etc.) or can be corroborated by observable market data.

Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement. The unobservable inputs reflect the Company's own judgment about assumptions that market participants might use.

The following is a summary of valuation techniques or models the Company uses to measure fair value by asset and liability classes.

Fixed Maturity Investments

The Company's fixed maturity portfolio is managed by the Company's Chief Investment Officer and outside investment advisors with oversight from the Company's Investment Committee. Fair value prices for all securities in the fixed maturities portfolio are independently provided by the investment custodian, investment accounting service provider and investment managers, each of which utilize internationally recognized independent pricing services. Interactive Data Corporation is, however, the main pricing service utilized to estimate the fair value measurements for the Company's fixed maturity investments. The Company records the unadjusted price provided by the investment custodian, investment accounting service provider or the investment manager and validates this price through a process that includes, but is not limited to: (i) comparison of prices between two independent sources, with significant differences requiring additional price sources; (ii) quantitative

Edgar Filing: Enstar Group LTD - Form 10-Q

analysis (e.g., comparing the quarterly return for each managed portfolio to its target benchmark, with significant differences identified and investigated); (iii) evaluation of methodologies used by external parties to estimate fair value, including a review of the inputs used for pricing; and (iv) comparing the price to the Company's

4. INVESTMENTS (cont d)

knowledge of the current investment market. The Company's internal price verification procedures and review of fair value methodology documentation provided by independent pricing services have not historically resulted in adjustment in the prices obtained from the pricing service.

The independent pricing services used by the investment custodian, investment accounting service provider and investment managers obtain actual transaction prices for securities that have quoted prices in active markets. For determining the fair value of securities that are not actively traded, in general, pricing services use matrix pricing in which the independent pricing service uses observable market inputs including, but not limited to, reported trades, benchmark yields, broker-dealer quotes, interest rates, prepayment speeds, default rates and such other inputs as are available from market sources to determine a reasonable fair value. In addition, pricing services use valuation models, using observable data, such as an Option Adjusted Spread model, to develop prepayment and interest rate scenarios. The Option Adjusted Spread model is commonly used to estimate fair value for securities such as mortgage-backed and asset-backed securities.

The following describes the techniques generally used to determine the fair value of the Company's fixed maturities by asset class.

U.S. government and agency securities consist of securities issued by the U.S. Treasury and mortgage pass-through agencies such as the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation and other agencies. The significant inputs used to determine the fair value of these securities include the spread above the risk-free yield curve, reported trades and broker-dealer quotes. These are considered to be observable market inputs and, therefore, the fair values of these securities are classified within Level 2.

Non-U.S. government securities consist of bonds issued by non-U.S. governments and agencies along with supranational organizations. The significant inputs used to determine the fair value of these securities include the spread above the risk-free yield curve, reported trades and broker-dealer quotes. These are considered to be observable market inputs and, therefore, the fair values of these securities are classified within Level 2.

Corporate securities consist primarily of investment-grade debt of a wide variety of corporate issuers and industries. The fair values of these securities are determined using the spread above the risk-free yield curve, reported trades, broker-dealer quotes, benchmark yields, and industry and market indicators. These are considered observable market inputs and, therefore, the fair values of these securities are classified within Level 2. Where pricing is unavailable from pricing services, the Company obtains non-binding quotes from broker-dealers. This is generally the case when there is a low volume of trading activity and current transactions are not orderly. In this event, securities are classified within Level 3. As at September 30, 2012, the Company had one corporate security classified as Level 3.

Municipal securities consist primarily of bonds issued by U.S.-domiciled state and municipal entities. The fair values of these securities are determined using the spread above the risk-free yield curve, reported trades, broker-dealer quotes and benchmark yields. These are considered observable market inputs and, therefore, the fair values of these securities are classified within Level 2.

Asset-backed securities consist primarily of investment-grade bonds backed by pools of loans with a variety of underlying collateral. The significant inputs used to determine the fair value of these securities include the spread above the risk-free yield curve, reported trades, benchmark yields, broker-dealer quotes, prepayment speeds, and default rates. These are considered observable market inputs and, therefore, the fair values of these securities are classified within Level 2.

4. INVESTMENTS (cont d)

Residential and commercial mortgage-backed securities include both agency and non-agency originated securities. The significant inputs used to determine the fair value of these securities include the spread above the risk-free yield curve, reported trades, benchmark yields, broker-dealer quotes, prepayment speeds, and default rates. These are considered observable market inputs and, therefore, the fair values of these securities are classified within Level 2. Where pricing is unavailable from pricing services, the Company obtains non-binding quotes from broker-dealers. This is generally the case when there is a low volume of trading activity and current transactions are not orderly. In this event, securities are classified within Level 3. As at September 30, 2012, the Company had no residential or commercial mortgage-backed securities classified as Level 3.

Equity Securities

The Company's equity securities are traded on the major exchanges and are managed by two external advisors. The Company uses Interactive Data Corporation, an internationally recognized pricing service, to estimate the fair value for all of its equity securities. The Company's equity securities are widely diversified and there is no significant concentration in any specific industry.

The Company has categorized all of its investments in common stock as Level 1 investments because the fair values of these securities are based on quoted prices in active markets for identical assets or liabilities. Because their fair value estimates are based on observable market data, the Company has categorized its investments in preferred stock as Level 2, with the exception of one investment in preferred stock that has been categorized as Level 3.

Other Investments

The Company has ongoing due diligence processes with respect to funds in which it invests and their managers. These processes are designed to assist the Company in assessing the quality of information provided by, or on behalf of, each fund and in determining whether such information continues to be reliable or whether further review is warranted. Certain funds do not provide full transparency of their underlying holdings; however, the Company obtains the audited financial statements for every fund annually, and regularly reviews and discusses the fund performance with the fund managers to corroborate the reasonableness of the reported net asset values. The use of net asset value as an estimate of the fair value for investments in certain entities that calculate net asset value is a permitted practical expedient. While reported net asset value is the primary input to the review, when the net asset value is deemed not to be indicative of fair value, the Company may incorporate adjustments to the reported net asset value (and not use the permitted practical expedient) on an investment by investment basis. These adjustments may involve significant management judgment.

For its investments in private equity funds, the Company measures fair value by obtaining the most recently published net asset value as advised by the external fund manager or third-party administrator. The funds calculate net asset value on a fair value basis. For all publicly-traded companies within the funds, the Company adjusts the net asset value based on the latest share price. The Company has classified its investments in private equity funds as Level 3 investments because they reflect the Company's own judgment about the assumptions that market participants might use.

The bond funds in which the Company invests have been classified as Level 2 investments because their fair value is estimated using the net asset value reported by Bloomberg and because the bond funds provide daily liquidity.

For its investments in fixed income hedge funds, the Company measures fair value by obtaining the most recently published net asset value as advised by the external fund manager or third-party administrator. The investments in the funds are classified as Level 3 in the fair value hierarchy.

4. INVESTMENTS (cont d)

For its investment in the equity fund, the Company measures fair value by obtaining the most recently published net asset value. The investment in the fund is classified as Level 2 because the fair value is provided daily by the administrator and the underlying investments of the fund are publicly-traded equities.

For its investment in the real estate debt fund, the Company measures fair value by obtaining the most recently published net asset value as advised by the external fund manager or third-party administrator. The investment in the fund is classified as Level 3 in the fair value hierarchy.

For its investment in the Loan Trust, the Company measures fair value by obtaining the most recently published financial statements of the Loan Trust. The financial statements of the Loan Trust are audited annually in accordance with U.S. GAAP. In addition to the annual audited financial statements issued by the Loan Trust, it also provides unaudited statements on a semi-annual basis. The investment in the Loan Trust is classified as Level 3 in the fair value hierarchy.

A review of fair value hierarchy classifications is conducted on a quarterly basis. Changes in the observability of valuation inputs may result in a reclassification for certain financial assets and liabilities. Reclassifications between Level 1, 2 and 3 of the fair value hierarchy are reported as transfers in and/or out as of the beginning of the quarter in which the reclassifications occur.

Fair Value Measurements

In accordance with the provisions of the Fair Value Measurement and Disclosure topic of the FASB Accounting Standards Codification (ASC) 820, the Company has categorized its investments that are recorded at fair value among levels as follows:

Restricted Investments

The Company is required to maintain investments on deposit with various regulatory authorities to support its insurance and reinsurance operations. The investments on deposit are available to settle insurance and reinsurance liabilities. The Company also utilizes trust accounts to collateralize business with its insurance and reinsurance counterparties. These trust accounts generally take the place of letter of credit requirements. The investments in trusts as collateral are primarily highly rated fixed maturity securities. The carrying value of the Company's restricted investments as of September 30, 2012 and December 31, 2011 was as follows:

Restricted cash and cash equivalents were \$289.1 million and \$373.2 million as of September 30, 2012 and December 31, 2011, respectively. The restricted cash and cash equivalents are used as collateral against letters of credit and as guarantees under trust agreements. Letters of credit are issued to ceding insurers as security for the obligations of insurance subsidiaries under reinsurance agreements with those ceding insurers.

6. DERIVATIVE INSTRUMENTS

The Company uses foreign currency forward exchange contracts as part of its overall foreign currency risk management strategy or to obtain exposure to a particular financial market and for yield enhancement. These derivatives were not designated as hedging investments.

The following table sets out the foreign exchange forward contracts outstanding as at September 30, 2012 and the estimated fair value of derivative instruments recorded on the balance sheet:

Foreign Exchange

Forward Contract	Contract Date	Settlement Date	Contract Amount	Settlement Amount	Fair Value as at September 30, 2012

British pound	March 6, 2012	March 6, 2013	UKP17.0 million	26,611	(841)
				\$ 88,875	(\$ 971)

The Company recognized in net earnings for the three and nine months ended September 30, 2012, a foreign exchange loss of \$1.7 million and \$1.0 million, respectively, on the foreign currency forward exchange contracts.

In October 2010, the Company entered into a foreign currency forward exchange contract where it sold AU\$45.0 million for \$42.5 million with a contract settlement date of June 30, 2011. The Company recognized in net earnings for the three and nine months ended September 30, 2011 a foreign exchange loss of \$nil and \$1.9 million, respectively, on this foreign currency forward exchange contract.

On August 23, 2011, the Company entered into a foreign currency forward exchange contract where it sold AU\$35.0 million for \$37.0 million. On September 22, 2011, the Company effectively closed out the contract by entering into a forward contract with the same settlement date of December 2, 2011, pursuant to which it bought AU\$35.0 million for \$34.0 million. The Company recognized in net earnings, for both the three and nine months ended September 30, 2011, a net foreign exchange gain of \$3.0 million on the foreign currency forward exchange contracts.

The Company's acquired reinsurance subsidiaries, prior to acquisition, used retrocessional agreements to reduce their exposure to the risk of insurance and reinsurance assumed. The Company's reinsurance subsidiaries remain liable to the extent that retrocessionaires do not meet their obligations under these agreements, and therefore, the Company evaluates and monitors concentration of credit risk among its reinsurers. Provisions are made for amounts considered potentially uncollectible.

As of September 30, 2012 and December 31, 2011, we had total reinsurance balances recoverable of \$1.25 billion and \$1.79 billion, respectively. The decrease of \$543.3 million in total reinsurance balances recoverable was primarily as a result of commutations and cash collections made during the nine months ended September 30, 2012. At September 30, 2012 and December 31, 2011, the provision for uncollectible reinsurance recoverable relating to total reinsurance balances recoverable was \$344.9 million and \$341.1 million, respectively. To estimate the provision for uncollectible reinsurance recoverable, the reinsurance balances recoverable are first allocated to applicable reinsurers. This determination is based on a detailed process, although management judgment is involved. As part of this process, ceded incurred but not reported (IBNR) reserves are allocated by reinsurer. The ratio of the provision for uncollectible reinsurance recoverable to total reinsurance balances recoverable (excluding provision for uncollectible reinsurance recoverable) as of September 30, 2012 increased to 21.7% as compared to 16.0% as of December 31, 2011, primarily as a result of commutations and the collection of reinsurance balances recoverable against which there were minimal provisions for uncollectible reinsurance recoverable.

The fair value adjustment, determined on acquisition of reinsurance subsidiaries, was based on the estimated timing of loss and loss adjustment expense recoveries and an assumed interest rate equivalent to a risk free rate for securities with similar duration to the reinsurance recoverables acquired plus a spread to reflect credit risk, and is amortized over the estimated recovery period using the constant yield method, as adjusted for accelerations in timing of payments as a result of commutation settlements.

At September 30, 2012, the Company's top ten reinsurers accounted for 68.0% (December 31, 2011: 70.0%) of reinsurance recoverables (which includes loss reserves recoverable and recoverables on paid losses) and included \$374.2 million of IBNR reserves recoverable (December 31, 2011: \$451.3 million). With the exception of one BBB+ rated reinsurer from which \$44.9 million was recoverable, the other top ten reinsurers, as at September 30, 2012, were all rated A+ or better. As at December 31, 2011, with the exception of one BBB+ rated reinsurer from which \$55.2 million was recoverable, the other top ten reinsurers were all rated A+ or better. Reinsurance recoverables by reinsurer were as follows:

	September 30, 2012		December 31, 2011	
	Reinsurance Recoverable	% of Total	Reinsurance Recoverable	% of Total
Top ten reinsurers	\$ 846,960	68.0%	\$ 1,252,929	70.0%
Other reinsurers balances > \$1 million	394,707	31.6%	532,303	29.7%
Other reinsurers balances < \$1 million	4,640	0.4%	4,350	0.3%
Total	\$ 1,246,307	100.0%	\$ 1,789,582	100.0%

As at September 30, 2012 and December 31, 2011, reinsurance balances recoverable with a carrying value of \$208.1 million and \$235.8 million, respectively, were associated with one reinsurer, which represented 10% or more of total reinsurance balances receivable. Of the \$208.1 million receivable from the reinsurer as at September 30, 2012, \$151.7 million is secured by a trust fund held for the benefit of the Company's reinsurance subsidiaries. As at September 30, 2012, the reinsurer had a credit rating of A+, as provided by a major rating agency. In the event that all or any of the reinsuring companies that have not secured their obligations are unable to meet their obligations under existing reinsurance

agreements, the Company's reinsurance subsidiaries will be liable for such defaulted amounts.

8. LOSSES AND LOSS ADJUSTMENT EXPENSES (cont d)

Net change in case and loss adjustment expense reserves (LAE reserves) comprises the movement during the quarter in specific case reserve liabilities as a result of claims settlements or changes advised to the Company by its policyholders and attorneys and the Company's review of historic case reserves, less changes in case reserves recoverable advised by the Company to its reinsurers as a result of the settlement or movement of assumed claims. Net change in IBNR reserves represents the change in the Company's actuarial estimates of losses incurred but not reported.

The net reduction in ultimate loss and loss adjustment expense liabilities for the three months ended September 30, 2012 of \$62.5 million was attributable to a reduction in estimates of net ultimate losses of \$58.5 million and a reduction in provisions for unallocated loss adjustment expense liabilities of \$12.6 million, relating to 2012 run-off activity, partially offset by the amortization of fair value adjustments over the estimated payout period relating to companies acquired amounting to \$8.5 million.

The reduction in estimates of net ultimate losses of \$58.5 million, comprised of net favorable incurred loss development of \$25.0 million and reductions in IBNR reserves of \$33.5 million, related primarily to:

- (i) the conclusion of the Company's annual review of historic case reserves for eleven of its insurance and reinsurance subsidiaries for which no updated advices had been received for a number of years. This review confirmed the redundancy of approximately 4,400 advised case reserves with an aggregate value of \$27.6 million;
- (ii) an aggregate reduction in IBNR reserves of \$9.7 million as a result of the application, on a basis consistent with the assumptions applied in the prior period, of the Company's actuarial methodologies to revised historical loss development data to estimate loss reserves required to cover liabilities for unpaid losses and loss adjustment expenses relating to non-commuted exposures in twelve of the Company's insurance and reinsurance subsidiaries. The prior period estimate of aggregate net IBNR liabilities for these subsidiaries was reduced as a result of the combined impact on all classes of business of loss development activity during 2012, including commutations and the favorable trend of loss development related to non-commuted policies compared to prior forecasts. The Company, in conjunction with its independent actuaries, completed an actuarial review of the loss reserves for twelve of its most seasoned insurance and reinsurance subsidiaries as at September 30, 2012; and
- (iii) a reduction in estimates of net ultimate losses of \$21.2 million following the completion of two commutations and four policy buy-backs and settlements of assumed reinsurance liabilities.

The net reduction in ultimate loss and loss adjustment expense liabilities for the three months ended September 30, 2011 of \$50.1 million was attributable to a reduction in estimates of net ultimate losses of \$42.5 million, a reduction in provisions for bad debt of \$2.4 million and a reduction in provisions for unallocated loss adjustment expense liabilities of \$14.1 million, relating to 2011 run-off activity, partially offset by the amortization of fair value adjustments over the estimated payout period relating to companies acquired amounting to \$8.9 million.

The reduction in estimates of net ultimate losses of \$42.5 million for the three months ended September 30, 2011, comprised of net favorable incurred loss development of \$25.5 million and reductions in IBNR reserves of \$17.0 million, related primarily to:

- (i) the conclusion of the Company's annual review of historic case reserves for eleven of its insurance and reinsurance subsidiaries for which no updated advices had been received for a number of years. This review confirmed the redundancy of approximately 7,400 advised case reserves with an aggregate value of \$30.5 million; and

8. LOSSES AND LOSS ADJUSTMENT EXPENSES (cont d)

The net reduction in ultimate loss and loss adjustment expense liabilities for the nine months ended September 30, 2012 of \$141.7 million was attributable to a reduction in estimates of net ultimate losses of \$120.2 million, a reduction in provisions for bad debt of \$2.8 million and a reduction in provisions for unallocated loss adjustment expense liabilities of \$37.1 million, relating to 2012 run-off activity, partially offset by the amortization of fair value adjustments over the estimated payout period relating to companies acquired amounting to \$18.4 million.

The reduction in estimates of net ultimate losses of \$120.2 million for the nine months ended September 30, 2012, comprised of net favorable incurred loss development of \$59.4 million and reductions in IBNR reserves of \$60.8 million, related primarily to:

- (i) the conclusion of the Company's annual review of historic case reserves for eleven of its insurance and reinsurance subsidiaries for which no updated advices had been received for a number of years. This review confirmed the redundancy of approximately 4,400 advised case reserves with an aggregate value of \$27.6 million;

- (ii) an aggregate reduction in IBNR reserves of \$38.7 million as a result of the completion of two commutations of the Company's largest ten exposures and the application, on a basis consistent with the assumptions applied in the prior period, of the Company's actuarial methodologies to revised historical loss development data to estimate loss reserves required to cover liabilities for unpaid losses and loss adjustment expenses relating to non-commuted exposures in eleven of the Company's most seasoned insurance and reinsurance subsidiaries. The prior period estimate of aggregate net IBNR liabilities for these subsidiaries was reduced as a result of the combined impact on all classes of business of loss development activity during 2011, including commutations and the favorable trend of loss development related to non-commuted policies compared to prior forecasts.

The reduction in provisions for bad debt of \$4.1 million for the nine months ended September 30, 2011 resulted from the collection of receivables against which bad debt provisions had been provided for in earlier periods.

9. LOANS PAYABLE

The Company's long-term debt consists of loan facilities used to partially finance certain of the Company's acquisitions or significant new business transactions along with loans outstanding in relation to the share repurchase agreements (the Repurchase Agreements) entered into with three of its executives and certain trusts and a corporation affiliated with the executives. The Company's two outstanding credit facilities (its EGL Revolving Credit Facility and its term facility related to the Company's 2011 acquisition of Clarendon National Insurance Company (the Clarendon Facility)), as well as the Repurchase Agreements, are described in Note 11 to the consolidated financial statements contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2011.

On June 29, 2012, the Company fully repaid the outstanding principal and accrued interest of \$118.0 million on its EGL Revolving Credit Facility. As of September 30, 2012, the unused portion of the EGL Revolving Credit Facility was \$250.0 million.

As of September 30, 2012, all of the covenants relating to the two credit facilities were met.

Total amounts of loans payable outstanding, including accrued interest, as of September 30, 2012 and December 31, 2011 totaled \$127.2 million and \$242.7 million, respectively, and were comprised as follows:

Facility	Date of Facility	September 30, 2012	December 31, 2011
EGL Revolving Credit Facility	June 30, 2011	\$	\$ 115,875
Clarendon Facility	July 12, 2011	106,500	106,500
Total long-term bank debt		106,500	222,375
Repurchase Agreements	October 1, 2010	18,667	18,667
Accrued interest on loans payable		1,991	1,668
Total loans payable		\$ 127,158	\$ 242,710

The final repayment of principal and accrued interest under the Repurchase Agreements is payable on December 1, 2012.

(i) 2006-2010 Annual Incentive Compensation Program, 2011-2015 Annual Incentive Compensation Program and 2006 Equity Incentive Plan

For the nine months ended September 30, 2012 and 2011, 191 and 16,328 shares, respectively, were awarded to directors, officers and employees under the 2006 Equity Incentive Plan. The total value of the awards for the nine months ended September 30, 2012 was less than \$0.1 million and was charged against the Enstar Group Limited 2011-2015 Annual Incentive Compensation Program (the 2011 Program) accrual established for the year ended December 31, 2011. The total value of the awards for the nine months ended September 30, 2011 was \$1.5 million and was charged against the 2006-2010 Annual Incentive Compensation Program (the 2006 Program) accrual established for the year ended December 31, 2010. The 2006 Program ended effective December 31, 2010. On February 23, 2011, the Company adopted the 2011 Program.

In addition, for the nine months ended September 30, 2011, 50,000 restricted shares were awarded under the 2006 Equity Incentive Plan. The total unrecognized compensation cost related to the Company's non-vested share awards as at September 30, 2012 and 2011 was \$8.3 million and \$11.1 million, respectively. This cost is expected to be recognized evenly over the next 3.2 years. Compensation costs of \$0.7 million and \$2.1 million relating to these share awards were recognized in the Company's statement of earnings for the three and nine months ended September 30, 2012, respectively, as compared to \$0.7 million and \$2.0 million, respectively, for the three and nine months ended September 30, 2011.

The accrued expense relating to the 2011 Program for the three and nine months ended September 30, 2012 was \$8.6 million and \$17.5 million, respectively, as compared to \$2.1 million and \$4.0 million, respectively, for three and nine months ended September 30, 2011 relating to the 2006 Program.

(ii) Enstar Group Limited Employee Share Purchase Plan

Edgar Filing: Enstar Group LTD - Form 10-Q

Compensation costs of less than \$0.1 million relating to the shares issued under the Amended and Restated Enstar Group Limited Employee Share Purchase Plan have been recognized in the Company's statement of earnings for the three and nine months ended September 30, 2012 and 2011, respectively. For the nine months ended September 30, 2012 and 2011, 4,172 and 3,977 shares, respectively, were issued to employees.

(c) Deferred Compensation and Stock Plan for Non-Employee Directors

For the nine months ended September 30, 2012 and 2011, 2,360 and 3,388 restricted share units, respectively, were credited to the accounts of non-employee directors under the Enstar Group Limited Deferred Compensation and Ordinary Share Plan for Non-Employee Directors. The Company recorded director fee expenses for the three and nine months ended September 30, 2012 of \$0.1 million and \$0.2 million, respectively, as compared to \$0.1 million and \$0.3 million for three and nine months ended September 30, 2011, respectively.

(d) Pension plan

The Company provides pension benefits to eligible employees through various plans sponsored by the Company. All pension plans are structured as defined contribution plans, except for the PWAC Plan discussed below. Pension expense for the three and nine months ended September 30, 2012 was \$0.2 million and \$3.1 million, respectively, as compared to \$1.0 million and \$3.2 million, respectively, for three and nine months ended September 30, 2011.

The Company acquired, as part of its 2010 acquisition of PW Acquisition Company (PWAC), a noncontributory defined benefit pension plan (the PWAC Plan) that covers substantially all PWAC employees hired before April 1, 2003 and provides pension and certain death benefits. Effective April 1, 2004, PWAC froze the PWAC Plan. As at September 30, 2012 and December 31, 2011, PWAC had an accrued liability of \$9.6 million and \$10.5 million, respectively, for the unfunded PWAC Plan liability.

Edgar Filing: Enstar Group LTD - Form 10-Q

The Company recorded pension expense relating to the PWAC Plan, for the three and nine months ended September 30, 2012, of \$0.2 million and \$0.5 million, respectively, as compared to \$0.2 million and \$0.5 million, respectively, for the three and nine months ended September 30, 2011.

12. RELATED PARTY TRANSACTIONS

The Company has entered into certain transactions with companies and partnerships that are affiliated with J. Christopher Flowers. Mr. Flowers was one of the Company's largest shareholders until May 2012, and until May 6, 2011 was a member of the Company's Board of Directors.

As at September 30, 2012, investments associated with Mr. Flowers accounted for 92.0% of the total unfunded capital commitments of the Company and 40.3% of the total amount of investments classified as other investments by the Company. The table below summarizes the Company's related party investments with affiliates of Mr. Flowers.

12. RELATED PARTY TRANSACTIONS (cont d)

As of September 30, 2012 and December 31, 2011, the Company included \$224.4 million and \$221.8 million, respectively, as part of noncontrolling interest on its balance sheet relating to five companies acquired in 2008 in which J.C. Flowers II L.P. co-invested.

On January 1, 2012, Lloyd's Syndicate 2008 (S2008) transferred the assets and liabilities relating to its 2009 and prior underwriting years of account into its 2010 underwriting year of account by means of a reinsurance to close transaction (RITC). Following the transfer, the existing noncontrolling interest held by JCF FPK I L.P. and J.C. Flowers II L.P. ceased, resulting in the Company now providing 100% of the investment in S2008. As at September 30, 2012, \$28.1 million payable by the Company in respect of noncontrolling interest related to this RITC transaction has been included in the Company's balance sheet as part of accounts payable and accrued liabilities.

Under current Bermuda law, the Company and its Bermuda subsidiaries are exempted from paying any taxes in Bermuda on their income or capital gains until March 2035.

The Company has operating subsidiaries and branch operations in the United Kingdom, Australia, the United States and Europe and is subject to federal, foreign, state and local taxes in those jurisdictions. In addition, certain distributions from some foreign sources may be subject to withholding taxes.

13. TAXATION (cont d)

The expected income tax provision for the foreign operations computed on pre-tax income at the weighted average tax rate has been calculated as the sum of the pre-tax income in each jurisdiction multiplied by that jurisdiction's applicable statutory tax rate.

The actual income tax rate differed from the amount computed by applying the effective rate of 0% under Bermuda law to earnings before income taxes as shown in the following reconciliation:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2012	2011	2012	2011
Earnings before income tax	\$ 70,192	\$ 26,484	\$ 142,096	\$ 48,164
Expected tax rate	0.0 %	0.0 %	0.0 %	0.0 %
Foreign taxes at local expected rates	26.1 %	33.9 %	24.4 %	38.2 %
Change in uncertain tax positions	0.1 %	(0.2)%	0.1 %	0.3 %
Change in valuation allowance	(5.4)%	(18.1)%	(3.3)%	(24.7)%
Impact of Australian tax consolidation	0.0 %	0.0 %	0.0 %	(1.9)%
Other	0.1 %	1.1 %	0.2 %	0.7 %
Effective tax rate	20.9 %	16.7 %	21.4 %	12.6 %

The Company has estimated future taxable income of its foreign subsidiaries and has provided a valuation allowance in respect of those loss carryforwards where it does not expect to realize a benefit. The Company has considered all available evidence using a more likely than not standard in determining the amount of the valuation allowance.

The Company had unrecognized tax benefits of \$5.8 million and \$5.6 million relating to uncertain tax positions as of September 30, 2012 and December 31, 2011, respectively.

The Company's operating subsidiaries in specific countries may be subject to audit by various tax authorities and may have different statutes of limitations expiration dates. With limited exceptions, the Company's major subsidiaries that operate in the United States, United Kingdom and Australia are no longer subject to tax examinations for years before 2005, 2008 and 2005, respectively.

Because the Company operates in many jurisdictions, its net earnings are subject to risk due to changing tax laws and tax rates around the world. The current, rapidly changing economic environment may increase the likelihood of substantial changes to tax laws in the jurisdictions in which it operates. The Company cannot predict what, if any, legislation, will actually be proposed or enacted, or what the effect of any such legislation might be on the Company's financial condition and results of operations.

14. COMMITMENTS AND CONTINGENCIES

Edgar Filing: Enstar Group LTD - Form 10-Q

On March 14, 2012, the Company eliminated a certain guarantee of its obligation to its wholly-owned subsidiary, Fitzwilliam, in respect of a letter of credit issued on its behalf by a London-based bank in the amount of £7.5 million (approximately \$11.7 million) relating to Fitzwilliam's insurance contract requirements.

On June 26, 2012, the Company provided a limited parental guarantee supporting Fitzwilliam's obligation in respect of an amendment to an existing letter of credit issued on its behalf by a London-based bank in the amount of approximately \$11.2 million relating to Fitzwilliam's insurance contract requirements.

14. COMMITMENTS AND CONTINGENCIES (cont d)

As at September 30, 2012 and December 31, 2011, the Company had, in total, parental guarantees supporting Fitzwilliam's obligations in the amount of \$231.0 million and \$219.9 million, respectively.

As at September 30, 2012, the Company has funded \$0.8 million of its total \$5.0 million commitment to Dowling Capital Partners I, L.P.

The Company has entered into definitive agreements with respect to: (i) the SeaBright Merger, which is expected to close in the fourth quarter of 2012 or the first quarter of 2013; (ii) the Reciprocal of America loss portfolio transfer, which is expected to close in the first quarter of 2013; and (iii) the purchase of all of the shares of HLIC DE and HSBC DE, which is expected to close by the end of the first quarter of 2013. The SeaBright Merger and HSBC agreements are described in Note 2 Acquisitions, and the Reciprocal of America agreement is described in Note 3 Significant New Business.

In connection with the Company's definitive agreement to acquire SeaBright, two purported class action lawsuits were filed against SeaBright, the members of its board of directors, the Company's merger subsidiary (AML Acquisition, Corp.) and, in one of the cases, the Company. The first suit was filed September 13, 2012 in the Superior Court of the State of Washington and the second suit was filed September 20, 2012 in the Court of Chancery of the State of Delaware. The lawsuits allege, among other things, that SeaBright's directors breached their fiduciary duties when negotiating, approving and seeking stockholder approval of the Merger, and that SeaBright and the Company aided and abetted the alleged breaches of fiduciary duties. In the suits, plaintiffs sought to enjoin defendants from taking any action to consummate the transactions contemplated by the Merger Agreement, as well as monetary damages, including attorneys' fees and expenses. The Company believes these suits are without merit. Nevertheless, in order to avoid the potential cost and distraction of continued litigation and to eliminate any risk of delay to the closing of the Merger, the Company, SeaBright and the SeaBright director defendants have agreed in principle to settle the two lawsuits, without admitting any liability or wrongdoing. The settlement requires SeaBright to make supplemental information available to its stockholders through a filing of a Current Report on Form 8-K with the U.S. Securities and Exchange Commission. The settlement will not change the amount of the Merger Consideration that the Company will pay to SeaBright's stockholders in any way, nor will it alter any deal terms or affect the timing of the November 19, 2012 SeaBright stockholder meeting (at which stockholders will vote on whether to approve the Merger). The settlement is subject to execution and delivery of definitive documentation, the closing of the Merger, approval by the Washington court of the settlement and approval by the Delaware court of dismissal of the Delaware suit. If the settlement becomes effective, both lawsuits will be dismissed.

The Company is, from time to time, involved in various legal proceedings in the ordinary course of business, including litigation regarding claims. The Company does not believe that the resolution of any currently pending legal proceedings, either individually or taken as a whole, will have a material effect on its business, results of operations or financial condition. Nevertheless, there can be no assurance that such pending legal proceedings will not have a material effect on the Company's business, financial condition or results of operations. The Company anticipates that, similar to the rest of the insurance and reinsurance industry, it will continue to be subject to litigation and arbitration proceedings in the ordinary course of business, including litigation generally related to the scope of coverage with respect to asbestos and environmental claims. There can be no assurance that any such future litigation will not have a material effect on the Company's business, financial condition or results of operations.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders

of Enstar Group Limited

We have reviewed the condensed consolidated balance sheet of Enstar Group Limited and subsidiaries as of September 30, 2012, the related condensed consolidated statements of earnings and comprehensive income for the three-month and nine-month periods ended September 30, 2012, and the related condensed consolidated statements of changes in shareholders' equity and cash flows for the nine-month period ended September 30, 2012. These condensed consolidated financial statements are the responsibility of the Company's management.

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the condensed consolidated financial statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

The consolidated financial statements of the Company as of and for the year ended December 31, 2011, were audited by other accountants whose report dated February 24, 2012, expressed an unqualified opinion on those consolidated financial statements. Such consolidated financial statements were not audited by us and, accordingly, we do not express an opinion or any form of assurance on the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 2011. Additionally, the condensed consolidated statements of earnings and comprehensive income for the three-month and nine-month periods ended September 30, 2011, and the related statements of changes in shareholders' equity and cash flows for the nine-month period ended September 30, 2011, were not reviewed or audited by us, and accordingly, we do not express an opinion or any form of assurance on them.

Item 2. *MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS*

The following is a discussion and analysis of our results of operations for the three and nine months ended September 30, 2012 and 2011. This discussion and analysis should be read in conjunction with the attached unaudited condensed consolidated financial statements and notes thereto and the audited consolidated financial statements and notes thereto contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011.

Business Overview

Enstar Group Limited, or Enstar, was formed in August 2001 under the laws of Bermuda to acquire and manage insurance and reinsurance companies in run-off and portfolios of insurance and reinsurance business in run-off, and to provide management, consulting and other services to the insurance and reinsurance industry.

Since our formation, we have, as of September 30, 2012, completed the acquisition of 35 insurance and reinsurance companies and 18 portfolios of insurance and reinsurance business and are now administering those businesses in run-off. Of the 18 portfolios of insurance and reinsurance business, 10 were Reinsurance to Close, or RITC transactions, with Lloyd's of London insurance and reinsurance syndicates in run-off, whereby the portfolio of run-off liabilities is transferred from one Lloyd's syndicate to another. Insurance and reinsurance companies and portfolios of insurance and reinsurance business we acquire that are in run-off no longer underwrite new policies. We derive our net earnings from the ownership and management of these companies and portfolios of business in run-off primarily by settling insurance and reinsurance claims below the acquired value of loss reserves and from returns on the portfolio of investments retained to pay future claims. In addition, we provide management and consultancy services, claims inspection services and reinsurance collection services to our affiliates and third-party clients for both fixed and success-based fees.

Our primary corporate objective is to grow our net book value per share. We believe growth in our net book value is driven primarily by growth in our net earnings, which is in turn driven in large part by successfully completing new acquisitions and effectively managing companies and portfolios of business that we previously acquired.

Acquisitions

SeaBright

On August 27, 2012, we, AML Acquisition, Corp., or AML, our wholly-owned subsidiary, and SeaBright Holdings, Inc., or SeaBright, entered into an Agreement and Plan of Merger, or the Merger Agreement, providing for the merger of AML with and into SeaBright, or the Merger, with SeaBright surviving the Merger as our indirect, wholly-owned subsidiary. SeaBright owns SeaBright Insurance Company, an Illinois domiciled insurer that is commercially domiciled in California. The Company expects to pay the aggregate purchase price of approximately \$252.2 million through a combination of cash on hand and a bank loan facility to be finalized before closing.

At the effective date of the Merger, each outstanding share of SeaBright common stock (other than shares held by SeaBright in treasury or held by stockholders who have perfected and not withdrawn a demand for appraisal rights under Delaware law) will be automatically cancelled and converted into the right to receive \$11.11 in cash, without interest, or the Merger Consideration. Each outstanding option to purchase shares of SeaBright common stock will fully vest at the effective date of the Merger and be cancelled and converted into the right to receive the Merger Consideration less the per share exercise price of the option. Each outstanding share of SeaBright restricted stock and each SeaBright restricted stock unit will fully vest at the effective time and be cancelled and converted into the right to receive the Merger Consideration. Consummation of the Merger is subject to certain conditions, including the adoption of the Merger Agreement by SeaBright's stockholders, receipt of certain regulatory approvals and certain other customary closing conditions. The transaction is expected to close in the fourth quarter of 2012 or the first quarter of 2013.

HSBC

On September 6, 2012, we and our wholly-owned subsidiary, Pavonia Holdings (US), Inc., or Pavonia, entered into a definitive agreement for the purchase of all of the shares of Household Life Insurance Company of Delaware, or HLIC DE, and HSBC Insurance Company of Delaware, or HSBC DE, from Household Insurance Group Holding Company, an affiliate of HSBC Holdings plc. HLIC DE and HSBC DE are both Delaware domiciled insurers in run-off. HLIC DE owns three other insurers domiciled in Michigan, New York, and Arizona, respectively, all of which will be in run-off at the time the transaction closes. The companies to be acquired have written various U.S. and Canadian life insurance, including credit insurance, term life insurance, assumed reinsurance, corporate owned life insurance, and annuities.

The base purchase price of approximately \$181.0 million will be adjusted under the terms of the stock purchase agreement based upon changes to the capital and surplus of the acquired entities arising from the operation of the business prior to closing. We expect to finance the purchase price through a combination of cash on hand and a drawing under our Revolving Credit Facility with National Australia Bank Limited and Barclays Corporate, or the EGL Revolving Credit Facility. We are a party to the acquisition agreement and have guaranteed the performance by Pavonia of its obligations thereunder. Completion of the transaction is conditioned on, among other things, governmental and regulatory approvals and satisfaction of various customary closing conditions. The transaction is expected to close by the end of the first quarter of 2013.

Significant New Business

Zurich Danish Portfolio

On June 30, 2012, we, through the Danish branch of our wholly-owned subsidiary, Marlon Insurance Company Limited, or Marlon, acquired, by way of loss portfolio transfer under Danish law, a portfolio of reinsurance and professional disability business from the Danish branch of Zurich Insurance Company, or Zurich. After reflecting the final balances reported by Zurich, Marlon received total assets and liabilities of approximately \$60.0 million.

Reciprocal of America

On July 6, 2012, we, through our wholly-owned subsidiary, Providence Washington Insurance Company, entered into a definitive loss portfolio transfer reinsurance agreement with Reciprocal of America (in Receivership) and its Deputy Receiver relating to a portfolio of workers compensation business. The estimated total assets and liabilities to be assumed are approximately \$174.0 million. Completion of the transaction is conditioned upon, among other things, regulatory approvals and satisfaction of customary closing conditions. The transaction is expected to close in the first quarter of 2013.

Claremont

On August 6, 2012, we, through our wholly-owned subsidiary, Fitzwilliam Insurance Limited, or Fitzwilliam, entered into a novation agreement with another of our wholly-owned subsidiaries, Claremont Liability Insurance Company, or Claremont, and one of Claremont's reinsurers with respect to a quota share contract. Under the novation agreement, Fitzwilliam replaced the reinsurer on the quota share contract in exchange for total assets and liabilities of approximately \$16.5 million.

Comparison of the Three Months Ended September 30, 2012 and 2011

We reported consolidated net earnings, before net earnings attributable to noncontrolling interest, of approximately \$55.5 million and \$22.0 million for the three months ended September 30, 2012 and 2011, respectively. The increase in earnings of approximately \$33.5 million was attributable primarily to the following:

- (i) an increase in net realized and unrealized gains of \$36.8 million due to mark-to-market changes in the market value of our other investments, along with an increase in net realized and unrealized gains on our fixed maturity investments classified as trading;
- (ii) an increase in net reduction in ultimate loss and loss adjustment expense liabilities of \$12.4 million; and

Edgar Filing: Enstar Group LTD - Form 10-Q

- (iii) a decrease in general and administrative expenses of \$6.4 million due primarily to decreased professional fees, principally related to decreased legal fees and settlement costs related to certain litigation settled in 2011, along with decreased arrangement and agency fees in connection with our term loan facility relating to our acquisition of Clarendon National Insurance Company, or the Clarendon Facility, which we entered into in 2011; partially offset by

Table of Contents

- (iv) an increase in income tax expense of \$10.3 million due to higher net earnings within our taxable subsidiaries;
- (v) a net foreign exchange loss of \$1.0 million in the three months ended September 30, 2012, which was a \$9.8 million decrease from the net foreign exchange gain in 2011; and
- (vi) an increase in salaries and benefits costs of \$4.2 million due primarily to an increase in the bonus accrual of \$6.3 million for the three months ended September 30, 2012 as compared to 2011, partially offset by a decrease in staff costs due to a decrease in our overall headcount from 425 at September 30, 2011 to 393 at September 30, 2012.

Noncontrolling interest in earnings decreased by \$2.2 million to \$7.8 million for the three months ended September 30, 2012 as a result of lower earnings in those companies in which there are noncontrolling interests. Net earnings attributable to Enstar Group Limited increased by \$35.6 million from \$12.1 million for the three months ended September 30, 2011 to \$47.7 million for the three months ended September 30, 2012.

Net investment income (inclusive of realized and unrealized gains (losses)) for the three months ended September 30, 2012 increased by \$37.9 million to \$47.9 million, as compared to \$10.0 million for the three months ended September 30, 2011.

During the three months ended September 30, 2012, our average cash and investments (excluding equities and other investments) were \$3.94 billion as compared to \$4.24 billion for the three months ended September 30, 2011. The return on our cash and fixed income investments (inclusive of net realized and unrealized gains (losses), but excluding net investment income and net realized and unrealized gains (losses) related to our other investments and equities) for the three months ended September 30, 2012 was 0.87% as compared to the return of 0.37% for the three months ended September 30, 2011. The increased return was largely due to realized gains during the three months ended September 30, 2012 on the sale of a number of our available-for-sale investments, combined with increases in unrealized gains on our fixed income portfolio as a result of spread compression, particularly in our structured credit and corporate bond positions.

The return on our other investments and equities (inclusive of net realized and unrealized gains (losses)) for the three months ended September 30, 2012 was 2.60% as compared to the return of (2.81)% for the three months ended September 30, 2011. The increased return is attributable to a combination of increases in unrealized gains on our equity holdings (including our equity fund holding), which benefitted from rising global equity markets during the quarter, and increases in the value of our fixed income funds within our other investments portfolio due to spread compression in the fixed income markets. We also benefitted from increased allocations to, and improved performance of, other investments and equities during the three months ended September 30, 2012, as compared to the same period in 2011.

The average credit rating of our fixed maturity investments for the three months ended September 30, 2012 and September 30, 2011 was AA-

Table of Contents*Net Reduction in Ultimate Loss and Loss Adjustment Expense Liabilities:*

The following table shows the components of the movement in the net reduction in ultimate loss and loss adjustment expense liabilities for the three months ended September 30, 2012 and 2011:

Amortization of fair value adjustments	(8,538)	(8,865)
Net reduction in ultimate loss and loss adjustment expense liabilities	\$ 62,547	\$ 50,114

Net change in case and loss adjustment expense reserves, or LAE reserves, comprises the movement during the quarter in specific case reserve liabilities as a result of claims settlements or changes advised to us by our policyholders and attorneys and our review of historic case reserves, less changes in case reserves recoverable advised by us to our reinsurers as a result of the settlement or movement of assumed claims. Net change in incurred but not reported, or IBNR, reserves represents the change in our actuarial estimates of losses incurred but not reported.

The net reduction in ultimate loss and loss adjustment expense liabilities for the three months ended September 30, 2012 of \$62.5 million was attributable to a reduction in estimates of net ultimate losses of \$58.5 million and a reduction in provisions for unallocated loss adjustment expense liabilities of \$12.6 million, relating to 2012 run-off activity, partially offset by the amortization of fair value adjustments over the estimated payout period relating to companies acquired amounting to \$8.5 million.

The reduction in estimates of net ultimate losses of \$58.5 million, comprised of net favorable incurred loss development of \$25.0 million and reductions in IBNR reserves of \$33.5 million, related primarily to:

- (i) the conclusion of our annual review of historic case reserves for eleven of our insurance and reinsurance subsidiaries for which no updated advices had been received for a number of years. This review confirmed the redundancy of approximately 4,400 advised case reserves with an aggregate value of \$27.6 million;
- (ii) an aggregate reduction in IBNR reserves of \$9.7 million as a result of the application, on a basis consistent with the assumptions applied in the prior period, of our actuarial methodologies to revised historical loss development data to estimate loss reserves required to cover liabilities for unpaid losses and loss adjustment expenses relating to non-commuted exposures in twelve of our more seasoned insurance and reinsurance subsidiaries. The prior period estimate of aggregate net IBNR liabilities for these subsidiaries was reduced as a result of the combined impact on all classes of business of loss development activity during 2012, including commutations and the favorable trend of loss development related to non-commuted policies compared to prior forecasts. We, in conjunction with our independent actuaries, completed an actuarial review of the loss reserves for twelve of our most seasoned insurance and reinsurance subsidiaries as at September 30, 2012; and
- (iii) a reduction in estimates of net ultimate losses of \$21.2 million following the completion of two commutations and four policy buy-backs and settlements of assumed reinsurance liabilities.

Edgar Filing: Enstar Group LTD - Form 10-Q

The net reduction in ultimate loss and loss adjustment expense liabilities for the three months ended September 30, 2011 of \$50.1 million was attributable to a reduction in estimates of net ultimate losses of \$42.5 million, a reduction in provisions for bad debt of \$2.4 million and a reduction in provisions for unallocated loss adjustment expense liabilities of \$14.1 million, relating to 2011 run-off activity, partially offset by the amortization of fair value adjustments over the estimated payout period relating to companies acquired amounting to \$8.9 million.

Table of Contents

The reduction in estimates of net ultimate losses of \$42.5 million for the three months ended September 30, 2011, comprised of net favorable incurred loss development of \$25.5 million and reductions in IBNR reserves of \$17.0 million, related primarily to:

- (i) the conclusion of our annual review of historic case reserves for eleven of our insurance and reinsurance subsidiaries for which no updated advices had been received for a number of years. This review confirmed the redundancy of approximately 7,400 advised case reserves with an aggregate value of \$30.5 million; and
- (ii) an aggregate reduction in IBNR reserves of \$10.7 million as a result of the application, on a basis consistent with the assumptions applied in the prior period, of our actuarial methodologies to revised historical loss development data to estimate loss reserves required to cover liabilities for unpaid losses and loss adjustment expenses relating to non-commuted exposures in eleven of our insurance and reinsurance subsidiaries. The prior period estimate of aggregate net IBNR liabilities for these subsidiaries was reduced as a result of the combined impact on all classes of business of loss development activity during 2011, including commutations and the favorable trend of loss development related to non-commuted policies compared to prior forecasts. We, in conjunction with our independent actuaries, completed an actuarial review of the loss reserves for eleven of our most seasoned insurance and reinsurance subsidiaries as at September 30, 2011.

The reduction in provisions for bad debt of \$2.4 million for the three months ended September 30, 2011 resulted from the collection of receivables against which bad debt provisions had been provided for in earlier periods.

Salaries and benefits, which include expenses relating to our discretionary bonus and employee share plans, were \$25.1 million and \$20.9 million for the three months ended September 30, 2012 and 2011, respectively.

The principal changes in salaries and benefits were:

- (i) an increase in the bonus accrual of approximately \$6.3 million for the three months ended September 30, 2012 as compared to 2011 (expenses relating to our discretionary bonus plan will be variable and are dependent on our overall profitability); partially offset by
- (ii) a decrease in staff costs due to a decrease in staff numbers from 425 at September 30, 2011 to 393 at September 30, 2012; and
- (iii) a decrease in U.S. dollar costs of our U.K.-based staff following a decrease in the average British pound exchange rate from approximately 1.6096 for the three months ended September 30, 2011 to 1.5813 for the three months ended September 30, 2012. Of our total headcount for the three months ended September 30, 2011 and 2012, approximately 54% and 53% of salaries, respectively, were paid in British pounds.

General and Administrative Expenses:

	Three Months Ended September 30,		
	2012	2011	Variance
	(in thousands of U.S. dollars)		
Total	\$ 14,409	\$ 20,759	\$ 6,350

General and administrative expenses decreased by \$6.4 million during the three months ended September 30, 2012, as compared to the three months ended September 30, 2011. The decrease in expenses for 2012 related primarily to:

- (i) a decrease in bank costs of \$2.6 million associated primarily with the arrangement and agency fees paid in connection with establishing the Clarendon Facility in 2011; and
- (ii) a decrease of \$2.4 million in professional and consulting fees due principally to decreased legal fees and settlement costs related to certain litigation settled in 2011.

Net Foreign Exchange Losses (Gains):

	2012	2011	Variance
	(in thousands of U.S. dollars)		
Total	\$ 977	\$ (8,878)	\$ (9,855)

We recorded net foreign exchange losses of \$1.0 million and net foreign exchange gains of \$8.9 million for the three months ended September 30, 2012 and 2011, respectively. The net foreign exchange losses for the three months ended September 30, 2012 arose primarily as a result of a decrease of \$1.6 million in the fair value of our Australian dollar and British pound forward exchange contracts. On February 8, 2012, we entered into two foreign currency forward exchange contracts, pursuant to which we sold AU\$25.0 million for \$26.2 million and AU\$35.0 million for \$36.1 million. The contracts have settlement dates of December 19, 2012 and May 10, 2013, respectively. In addition, we entered into a British pound forward exchange contract pursuant to which we sold 17.0 million British pounds for \$26.6 million. The contract has a settlement date of March 6, 2013.

Edgar Filing: Enstar Group LTD - Form 10-Q

The net foreign exchange gains for the three months ended September 30, 2011 arose primarily as a result of the holding of surplus U.S. dollar assets in one of our subsidiaries whose functional currency is Australian dollars at a time when the U.S. dollar was appreciating against the Australian dollar, as well as the foreign exchange gains of \$3.0 million realized on an Australian dollar forward exchange contract, which we entered into on August 23, 2011 and closed out on September 22, 2011.

Table of Contents

In addition to the net foreign exchange losses recorded in our consolidated statement of earnings for the three months ended September 30, 2012, we recorded in our condensed consolidated statement of comprehensive income currency translation adjustment gains, net of noncontrolling interest, of \$2.8 million as compared to losses, net of noncontrolling interest, of \$18.7 million for the same period in 2011. For the three months ended September 30, 2012, the currency translation adjustments related primarily to our Australia-based and Ireland-based subsidiaries. As the functional currency of these subsidiaries is Australian dollars and Euros, respectively, we are required to record any U.S. dollar gains or losses on the translation of their net Australian dollar or Euro assets through accumulated other comprehensive income.

Income Tax Expense:

	Three Months Ended September 30,		
	2012	2011	Variance
	(in thousands of U.S. dollars)		
Total	\$ 14,700	\$ 4,436	\$ (10,264)

We recorded income tax expense of \$14.7 million and \$4.4 million for the three months ended September 30, 2012 and 2011, respectively. The increase in taxes for the three months ended September 30, 2012 was due predominantly to higher overall net earnings in our taxable subsidiaries as compared to the same period in 2011.

Noncontrolling Interest:

	Three Months Ended September 30,		
	2012	2011	Variance
	(in thousands of U.S. dollars)		
Total	\$ 7,776	\$ 9,984	\$ 2,208

We recorded a noncontrolling interest in earnings of \$7.8 million and \$10.0 million for the three months ended September 30, 2012 and 2011, respectively. The decrease for the three months ended September 30, 2012 in noncontrolling interest was due primarily to a decrease in earnings for those companies where there exists a noncontrolling interest. In addition, on January 1, 2012, Lloyd's Syndicate 2008, or S2008, transferred the assets and liabilities relating to its 2009 and prior underwriting years of account into its 2010 underwriting year of account by means of an RITC transaction. Following the transfer, the existing noncontrolling interest held by JCF FPK I L.P. and J.C. Flowers II L.P. ceased, resulting in us now providing 100% of the investment in S2008.

Comparison of the Nine Months Ended September 30, 2012 and 2011

We reported consolidated net earnings, before net earnings attributable to noncontrolling interest, of approximately \$111.7 million and \$42.1 million for the nine months ended September 30, 2012 and 2011, respectively. The increase in earnings of approximately \$69.6 million was primarily attributable to the following:

- (i) an increase in net reduction in ultimate loss and loss adjustment expense liabilities of \$53.2 million;
- (ii) an increase in net realized and unrealized gains of \$48.4 million due to mark-to-market changes in the market value of our other investments, along with an increase in net realized and unrealized gains on our fixed maturity investments classified as trading;
- (iii) a decrease in general and administrative expenses of \$23.3 million due primarily to a decrease in professional fees, principally related to decreased legal fees and settlement costs related to certain litigation settled in 2011, along with decreased arrangement and agency fees related to both the Clarendon Facility and the EGL Revolving Credit Facility, both of which we entered into in 2011; and

Edgar Filing: Enstar Group LTD - Form 10-Q

- (iv) an increase in net investment income of \$7.9 million; partially offset by

- (v) an increase in salaries and benefits costs of \$21.9 million due primarily to an increase in the bonus accrual of \$12.9 million for the nine months ended September 30, 2012 as compared to 2011, along with an increase in our overall average headcount from 362 to 402 for the nine months ended September 30, 2011 and 2012, respectively;

Table of Contents

- (vi) an increase in income tax expense of \$24.3 million due in large part to higher net earnings within our taxable subsidiaries;
- (vii) a gain on bargain purchase of \$13.1 million in 2011, which arose in relation to our acquisition of Laguna Life Limited, or Laguna (as compared to no gain on bargain purchase in 2012); and
- (viii) an increase in net foreign exchange losses of \$2.2 million.

Noncontrolling interest in earnings decreased by \$3.6 million to \$13.6 million for the nine months ended September 30, 2012 as a result of lower earnings in those companies in which there are noncontrolling interests. Net earnings attributable to Enstar Group Limited increased by \$73.2 million from \$24.9 million for the nine months ended September 30, 2011 to \$98.1 million for the nine months ended September 30, 2012.

Net Investment Income and Net Realized and Unrealized Gains:

	Nine Months Ended September 30,					
	Net Investment Income			Net Realized and Unrealized Gains		
	2012	2011	Variance	2012	2011	Variance

Total	\$ 60,995	\$ 53,105	\$ 7,890	\$ 55,353	\$ 6,983	\$ 48,370

Net investment income (inclusive of net realized and unrealized gains) for the nine months ended September 30, 2012 increased by \$56.3 million to \$116.4 million, as compared to \$60.1 million for the nine months ended September 30, 2011.

During the nine months ended September 30, 2012, our average cash and investments (excluding equities and other investments) were \$4.10 billion as compared to \$3.90 billion for the nine months ended September 30, 2011. The return on our cash and fixed income investments (inclusive of net realized and unrealized gains (losses), but excluding net investment income and net realized and unrealized gains (losses) related to our other investments and equities) for the nine months ended September 30, 2012 was 2.05% as compared to the return of 1.28% for the nine months ended September 30, 2011. The increased return was largely due to realized gains during the nine months ended September 30, 2012 on the sale of a number of our available-for-sale investments, combined with increases in unrealized gains on our fixed income portfolio as a result of spread compression, particularly in our structured credit and corporate bond positions. In addition, increases in average investment balances coupled with increases in yield earned resulted in higher investment income from cash and fixed income investments.

The return on our other investments and equities (inclusive of net realized and unrealized gains (losses)) for the nine months ended September 30, 2012 was 6.72% as compared to the return of 0.96% for the same period in 2011. The increased return is attributable to a combination of increases in unrealized gains on our equity holdings (including our equity fund holding), which benefitted from rising global equity markets during 2012, and increases in the value of our fixed income funds within our other investments portfolio due to spread compression in the fixed income markets. We also benefitted from increased allocations to, and improved performance of, other investments and equities during the nine months ended September 30, 2012, as compared to same period for 2011.

The average credit rating of our fixed maturity investments for the nine months ended September 30, 2012 and 2011 was AA-.

of the aggregate fair value of net assets acquired of \$34.3 million over the cost of \$21.2 million. This excess was, in accordance with the provisions of the Business Combinations topic of the FASB Accounting Standards Codification 805, recognized as income for the nine months ended September 30, 2011. The gain on bargain purchase arose mainly as a result of our reassessment, upon acquisition, of the total required estimated costs to manage the business to expiry. Our assessment of costs was lower than the acquired costs recorded by the vendor in the financial statements of Laguna.

Net Reduction in Ultimate Loss and Loss Adjustment Expense Liabilities:

The following table shows the components of the movement in the net reduction in ultimate loss and loss adjustment expense liabilities for the nine months ended September 30, 2012 and 2011:

	Nine Months Ended September 30,	
	2012	2011
	(in thousands of U.S. dollars)	
Net losses paid	\$ (213,396)	\$ (227,280)

Amortization of fair value adjustments	(18,365)	(25,911)
Net reduction in ultimate loss and loss adjustment expense liabilities	\$ 141,730	\$ 88,501

The net reduction in ultimate loss and loss adjustment expense liabilities for the nine months ended September 30, 2012 of \$141.7 million was attributable to a reduction in estimates of net ultimate losses of \$120.2 million, a reduction in provisions for bad debt of \$2.8 million and a reduction in provisions for unallocated loss adjustment expense liabilities of \$37.1 million, relating to 2012 run-off activity, partially offset by the amortization of fair value adjustments over the estimated payout period relating to companies acquired amounting to \$18.4 million.

The reduction in estimates of net ultimate losses of \$120.2 million for the nine months ended September 30, 2012, comprised of net favorable incurred loss development of \$59.4 million and reductions in IBNR reserves of \$60.8 million, related primarily to:

- (i) the conclusion of our annual review of historic case reserves for eleven of our insurance and reinsurance subsidiaries for which no updated advices had been received for a number of years. This review confirmed the redundancy of approximately 4,400 advised case reserves with an aggregate value of \$27.6 million;
- (ii) an aggregate reduction in IBNR reserves of \$9.7 million as a result of the application, on a basis consistent with the assumptions applied in the prior period, of our actuarial methodologies to revised historical loss development data to estimate loss reserves required to cover liabilities for unpaid losses and loss adjustment expenses relating to non-commuted exposures in twelve of our most seasoned insurance and reinsurance subsidiaries. The prior period estimate of aggregate net IBNR liabilities for these subsidiaries was reduced as a result of the combined impact on all classes of business of loss development activity during 2012, including commutations and the favorable trend of loss development related to non-commuted policies compared to prior forecasts; and
- (iii) a reduction in estimates of net ultimate losses of \$82.9 million following the completion of eight commutations and four policy buy-backs and settlements of assumed reinsurance liabilities, including one of our largest ten policyholder exposures as at January 1, 2012, and two commutations of ceded

reinsurance recoverables, one of which was among our largest ten reinsurance recoverable balances as at January 1, 2012. The reduction in provisions for bad debt of \$2.8 million for the nine months ended September 30, 2012 resulted from the collection of receivables against which bad debt provisions had been provided for in earlier periods.

The net reduction in ultimate loss and loss adjustment expense liabilities for the nine months ended September 30, 2011 of \$88.5 million was attributable to a reduction in estimates of net ultimate losses of \$72.9 million, a reduction in provisions for bad debt of \$4.1 million and a reduction in provisions for unallocated loss adjustment expense liabilities of \$37.4 million, relating to 2011 run-off activity, partially offset by the amortization of fair value adjustments over the estimated payout period relating to companies acquired amounting to \$25.9 million.

The reduction in estimates of net ultimate losses of \$72.9 million for the nine months ended September 30, 2011, comprised of net favorable incurred loss development of \$20.7 million and reductions in IBNR reserves of \$52.2 million, related primarily to:

- (i) the conclusion of our annual review of historic case reserves for eleven of our insurance and reinsurance subsidiaries for which no updated advices had been received for a number of years. This review confirmed the redundancy of approximately 7,400 advised case reserves with an aggregate value of \$30.5 million; and
- (ii) an aggregate reduction in IBNR reserves of \$38.7 million as a result of the completion of two commutations of our largest ten exposures and the application, on a basis consistent with the assumptions applied in the prior period, of our actuarial methodologies to revised historical loss development data to estimate loss reserves required to cover liabilities for unpaid losses and loss adjustment expenses relating to non-commuted exposures in eleven of our most seasoned insurance and reinsurance subsidiaries. The prior period estimate of aggregate net IBNR liabilities for these subsidiaries was reduced as a result of the combined impact on all classes of business of loss development activity during 2011, including commutations and the favorable trend of loss development related to non-commuted policies compared to prior forecasts.

The reduction in provisions for bad debt of \$4.1 million for the nine months ended September 30, 2011 resulted from the collection of receivables against which bad debt provisions had been provided for in earlier periods.

The table below provides a reconciliation of the beginning and ending reserves for losses and loss adjustment expenses for the nine months ended September 30, 2012 and 2011. Losses incurred and paid are reflected net of reinsurance balances recoverable.

Salaries and Benefits:

	Nine Months Ended September 30,		
	2012	2011	Variance
	(in thousands of U.S. dollars)		
Total	\$ 69,968	\$ 48,028	\$ (21,940)

Salaries and benefits, which include expenses relating to our discretionary bonus and employee share plans, were \$70.0 million and \$48.0 million for the nine months ended September 30, 2012 and 2011, respectively.

The principal changes in salaries and benefits were:

- (i) an increase in staff costs due to an increase in average staff numbers from 362 for the nine months ended September 30, 2011 to 402 for the nine months ended September 30, 2012, primarily related to the expansion of our U.S. operations; and
- (ii) an increase of approximately \$12.9 million in the bonus accrual for the nine months ended September 30, 2012 as compared to 2011 (expenses relating to our discretionary bonus plan will be variable and are dependent on our overall profitability); partially offset by
- (iii) a decrease in U.S. dollar costs of our U.K.-based staff following a decrease in the average British pound exchange rate from approximately 1.6146 for the nine months ended September 30, 2011 to 1.5813 for the nine months ended September 30, 2012. Of our total headcount for the nine months ended September 30, 2011 and 2012, approximately 63% and 54% of salaries, respectively, were paid in British pounds.

General and Administrative Expenses:

	Nine Months Ended September 30,		
	2012	2011	Variance
	(in thousands of U.S. dollars)		
Total	\$ 43,423	\$ 66,720	\$ 23,297

General and administrative expenses decreased by \$23.3 million during the nine months ended September 30, 2012, as compared to the nine months ended September 30, 2011. The decrease was due principally to:

- (i) a decrease in bank costs of \$6.2 million primarily associated with the arrangement and agency fees paid in 2011 in connection with establishing both the Clarendon Facility and our EGL Revolving Credit Facility in 2011;
- (ii) a decrease in legal and other professional fees of approximately \$11.7 million due primarily to decreased legal fees and settlement costs associated with certain litigation settled in 2011, along with legal fees associated with ongoing and completed due diligence projects;

Edgar Filing: Enstar Group LTD - Form 10-Q

- (iii) a decrease in third-party management fees paid of \$1.0 million related primarily to transition fees paid in 2011 in respect of acquisitions completed in the prior year; and

- (iv) a decrease in actuarial consulting fees of approximately \$1.7 million due to costs associated with due diligence projects.

Table of Contents*Net Foreign Exchange Losses:*

	Nine Months Ended September 30,		
	2012	2011	Variance
	(in thousands of U.S. dollars)		
Total	\$ 2,618	\$ 388	\$ (2,230)

We recorded net foreign exchange losses of \$2.6 million and \$0.4 million for the nine months ended September 30, 2012 and 2011, respectively. For the nine months ended September 30, 2012, the net foreign exchange losses arose primarily as a result of the translation of a U.S. dollar distribution in one of our subsidiaries whose functional currency is Australian dollars. The distribution was at a rate of approximately AU\$1 = \$1.08, which was in excess of the U.S. dollar foreign exchange rate at December 31, 2011 of approximately AU\$1 = \$1.025. In addition, we recorded net foreign exchange losses in the fair value of our Australian dollar and British pound forward exchange contracts discussed above in Comparison of the Three Months Ended September 30, 2012 and 2011 Net Foreign Exchange Losses (Gains).

In addition to the net foreign exchange losses recorded in our consolidated statement of earnings for the nine months ended September 30, 2012, we recorded in our condensed consolidated statement of comprehensive income currency translation adjustment gains, net of noncontrolling interest, of \$1.3 million as compared to losses, net of noncontrolling interest, of \$9.6 million for the same period in 2011. For the nine months ended September 30, 2012 and 2011, the currency translation adjustments related primarily to our Australia-based and Ireland-based subsidiaries. As the functional currency of these subsidiaries is Australian dollars and Euros, respectively, we are required to record any U.S. dollar gains or losses on the translation of their net Australian dollar or Euro assets through accumulated other comprehensive income.

Income Tax Expense:

	Nine Months Ended September 30,		
	2012	2011	Variance
	(in thousands of U.S. dollars)		
Total	\$ 30,347	\$ 6,028	\$ (24,319)

We recorded income tax expense of \$30.3 million and \$6.0 million for the nine months ended September 30, 2012 and 2011, respectively. The increase in taxes for the nine months ended September 30, 2012 was due largely to higher overall net earnings in our taxable subsidiaries as compared to the same period in 2011.

Noncontrolling Interest:

	Nine Months Ended September 30,		
	2012	2011	Variance
	(in thousands of U.S. dollars)		
Total	\$ 13,638	\$ 17,194	\$ 3,556

We recorded a noncontrolling interest in earnings of \$13.6 million and \$17.2 million for the nine months ended September 30, 2012 and 2011, respectively. The decrease for the nine months ended September 30, 2012 in noncontrolling interest was due primarily to a decrease in earnings for those companies where there exists a noncontrolling interest. As discussed in Comparison of the Three Months Ended September 30, 2012 and 2011 Noncontrolling Interest, we now provide 100% of the investment in S2008.

Liquidity and Capital Resources

As of September 30, 2012, total cash, restricted cash and investments were \$4.48 billion, compared to \$4.56 billion at December 31, 2011.

Table of Contents***Reinsurance Recoverables***

As of September 30, 2012 and December 31, 2011, we had total reinsurance balances recoverable of \$1.25 billion and \$1.79 billion, respectively. The decrease of \$543.3 million in total reinsurance balances recoverable was primarily as a result of commutations and cash collections made during the nine months ended September 30, 2012. The ratio of the provision for uncollectible reinsurance recoverable to total reinsurance balances recoverable (excluding provision for uncollectible reinsurance recoverable) as of September 30, 2012 increased to 21.7% as compared to 16.0% as of December 31, 2011, primarily as a result of commutations and the collection of reinsurance balances recoverable against which there were minimal provisions for uncollectible reinsurance recoverable.

Source of Funds

The following table summarizes our consolidated cash flows from operating, investing and financing activities for the nine months ended September 30, 2012 and 2011:

Refer to Item 1. Financial Statements – Unaudited Condensed Consolidated Statement of Cash Flows for the Nine Month Periods Ended September 30, 2012 and 2011 for further information.

Operating

With respect to the nine month periods ended September 30, 2012 and 2011, net cash used in our operating activities was \$256.1 million and \$683.5 million, respectively. The decrease in cash used of \$427.4 million was attributable primarily to:

- (i) an increase of \$716.1 million in the sales and maturities of trading securities between 2012 and 2011; and
- (ii) a decrease of \$129.0 million in the net changes in assets and liabilities; partially offset by
- (iii) an increase of \$472.6 million in the purchases of trading securities.

Investing

Net cash provided by investing activities for the nine month periods ended September 30, 2012 and 2011 was \$197.4 million and \$496.0 million, respectively. The decrease in cash provided by investing activities of \$298.6 million was attributable primarily to:

- (i) an increase of \$157.0 million in funding of other investments between 2012 and 2011 due to our increased investments in various bond, hedge and equity funds during 2012;

Edgar Filing: Enstar Group LTD - Form 10-Q

- (ii) a decrease of \$36.0 million in the sales and maturities of available-for-sale securities between 2012 and 2011;
- (iii) a decrease of \$126.9 million in restricted cash and cash equivalents between 2012 and 2011; and
- (iv) a net increase of \$88.5 million between 2012 and 2011 in cash flows related to acquisitions as a result of no new acquisitions closing in the nine months ended September 30, 2012, as compared to two acquisitions that closed in the 2011 period.

Table of Contents

Financing

Net cash used in financing activities for the nine month period ended September 30, 2012 was \$142.1 million as compared to \$156.9 million of net cash provided by financing activities for the nine month period ended September 30, 2011. The increase of \$299.0 million in cash used in financing activities was attributable primarily to:

- (i) a decrease of \$105.9 million in net proceeds from share issuances as a result of the completion, in April 2011, of a private placement of shares with affiliates of Goldman, Sachs & Co.;
- (ii) a decrease of \$274.2 million in cash received attributable to bank loans between 2012 and 2011, partially offset by a decrease of \$91.1 million in the repayment of bank loans during 2012; and
- (iii) an increase of \$19.0 million in dividends paid to noncontrolling interest in 2012; partially offset by a decrease of \$9.0 million in net distributions of capital to noncontrolling interest.

Long-term Debt

Our long-term debt consists of loan facilities used to partially finance certain of our acquisitions or significant new business transactions along with loans outstanding in relation to the share repurchase agreements, or the Repurchase Agreements, for our ordinary shares entered into with three of our executives and certain trusts and a corporation affiliated with the executives. We draw down on the loan facilities at the time of the acquisition or significant new business transaction, although in some circumstances we have made additional draw downs to refinance existing debt of the acquired company. We incurred interest expense on our loan facilities and loans outstanding relating to the Repurchase Agreements of \$5.9 million and \$6.1 million for the nine months ended September 30, 2012 and 2011, respectively.

On June 29, 2012, we fully repaid the outstanding principal and accrued interest of \$118.0 million on our EGL Revolving Credit Facility. As of September 30, 2012, the unused portion of the EGL Revolving Credit Facility was \$250.0 million. The final repayment of principal and accrued interest under the Repurchase Agreements is payable on December 1, 2012.

Total amounts of loans payable outstanding, including accrued interest, as of September 30, 2012 and December 31, 2011 totaled \$127.2 million and \$242.7 million, respectively.

As of September 30, 2012, all of the covenants relating to our two outstanding credit facilities (the EGL Revolving Credit Facility and the Clarendon Facility) were met. Refer to Note 11 of Item 8 included in our Annual Report on Form 10-K for the year ended December 31, 2011 for a description of these credit facilities and the Repurchase Agreements.

Table of Contents**Eurozone Exposure**

At September 30, 2012, we did not own any investments in fixed maturity securities (which includes bonds that are classified as cash and cash equivalents) or bond funds issued by the sovereign governments of Portugal, Ireland, Greece or Spain. Aggregate Contractual Obligations

We have updated certain of our contractual obligations previously provided on page 113 of our Annual Report on Form 10-K for the year ended December 31, 2011 (and subsequently updated on page 47 of our Form 10-Q for the three months ended June 30, 2012) to reflect the change in gross reserves along with loan repayments during the nine months ended September 30, 2012. The table does not reflect certain acquisition-related payments potentially due in the future.

Total	\$ 3,776.3	\$ 653.8	\$ 1,265.1	\$ 652.5	\$ 1,204.9

(1) Gross reserves for loss and loss adjustment expenses (net of fair value adjustments) decreased by \$643.9 million in the nine months ended September 30, 2012 primarily as a result of claim settlements and commutations. The amounts in the above table represent our best estimate of known liabilities as of September 30, 2012. Accordingly, the amounts paid out in the time periods shown may differ from those indicated above.

(2) In June 2012, we fully repaid the outstanding principal and interest on our EGL Revolving Credit Facility. There have been no other material changes in our Aggregate Contractual Obligations table since December 31, 2011. Refer to Item 7 included in our Annual Report on Form 10-K for the year ended December 31, 2011 for more information.

Commitments and Contingencies

On March 14, 2012, we eliminated a certain guarantee of our obligation to our wholly-owned subsidiary, Fitzwilliam Insurance Limited, or Fitzwilliam, in respect of a letter of credit issued on its behalf by a London-based bank in the amount of £7.5 million (approximately \$11.7 million) relating to Fitzwilliam's insurance contract requirements.

On June 26, 2012, we provided a limited parental guarantee supporting Fitzwilliam's obligation in respect of an amendment to an existing letter of credit issued on its behalf by a London-based bank in the amount of approximately \$11.2 million relating to Fitzwilliam's insurance contract requirements.

As at September 30, 2012 and December 31, 2011, we had, in total, parental guarantees supporting Fitzwilliam's obligations in the amount of \$231.0 million and \$219.9 million, respectively.

As at September 30, 2012, we have funded \$0.8 million of our total \$5.0 million commitment to Dowling Capital Partners I, L.P.

We have entered into definitive agreements with respect to: (i) the SeaBright Merger, which is expected to close in the fourth quarter of 2012 or the first quarter of 2013; (ii) the Reciprocal of America loss portfolio transfer, which is expected to close in the first quarter of 2013; and (iii) the purchase of all of the shares of HLIC DE and HSBC DE, which is expected to close by the end of the first quarter of 2013. The SeaBright Merger and HSBC agreements are described above in *Acquisitions*, and the Reciprocal of America agreement is described above in *Significant New Business*.

There have been no other material changes in our commitments or contingencies since December 31, 2011. Refer to Item 7 included in our Annual Report on Form 10-K for the year ended December 31, 2011 for more information.

Critical Accounting Estimates

Our critical accounting estimates are discussed in Management's Discussion and Analysis of Results of Operations and Financial Condition contained in our Annual Report on Form 10-K for the year ended December 31, 2011.

Off-Balance Sheet and Special Purpose Entity Arrangements

At September 30, 2012, we did not have any off-balance sheet arrangements, as defined by Item 303(a)(4) of Regulation S-K.

Cautionary Statement Regarding Forward-Looking Statements

This quarterly report contains statements that constitute forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act, with respect to our financial condition, results of operations, business strategies, operating efficiencies, competitive positions, growth opportunities, plans and objectives of our management, as well as the markets for our ordinary shares and the insurance and reinsurance sectors in general. Statements that include words such as estimate, project, plan, intend, expect, anticipate, believe, would, should, could, seek, may and similar statements of a future or forward-looking nature identify forward-looking statements for purposes of the federal securities laws or otherwise. All forward-looking statements are necessarily estimates or expectations, and not statements of historical fact, reflecting the best judgment of our management and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. These forward looking statements should, therefore, be considered in light of various important factors, including those set forth in this quarterly report.

Factors that could cause actual results to differ materially from those suggested by the forward-looking statements include:

risks associated with implementing our business strategies and initiatives;

the adequacy of our loss reserves and the need to adjust such reserves as claims develop over time;

risks relating to the availability and collectability of our reinsurance;

risks that we may require additional capital in the future, which may not be available or may be available only on unfavorable terms;

lengthy and unpredictable litigation affecting assessment of losses and/or coverage issues;

loss of key personnel;

changes in our plans, strategies, objectives, expectations or intentions, which may happen at any time at management's discretion;

operational risks, including system or human failures;

the risk that ongoing or future industry regulatory developments will disrupt our business, or mandate changes in industry practices in ways that increase our costs, decrease our revenues or require us to alter aspects of the way we do business;

risks relating to our ability to obtain regulatory approvals, including the timing, terms and conditions of any such approvals, and satisfy other closing conditions in connection with our acquisition agreements, which could affect our ability to complete acquisitions;

changes in Bermuda law or regulation or the political stability of Bermuda;

changes in tax laws or regulations applicable to us or our subsidiaries, or the risk that we or one of our non-U.S. subsidiaries become subject to significant, or significantly increased, income taxes in the United States or elsewhere; and

changes in accounting policies or practices.

The factors listed above should be not construed as exhaustive and should be read in conjunction with the other cautionary statements and Risk Factors that are included in our Annual Report on Form 10-K for the year ended December 31, 2011, as well as in the other materials filed and to be filed with the U.S. Securities and Exchange Commission. We undertake no obligation to publicly update or review any forward looking statement, whether as a result of new information, future developments or otherwise.

Item 3. *QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK*

There have been no material changes in our market risk exposures since December 31, 2011. For more information refer to Quantitative and Qualitative Disclosures about Market Risk included in Item 7A of our Annual Report on Form 10-K for the year ended December 31, 2011.

Item 4. *CONTROLS AND PROCEDURES*

Evaluation of Disclosure Controls and Procedures

Our management performed an evaluation, with the participation of our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act) as of September 30, 2012. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective to ensure that information that we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the U.S. Securities and Exchange Commission and is accumulated and communicated to management, including our principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Controls

Our management has performed an evaluation, with the participation of our Chief Executive Officer and our Chief Financial Officer, of changes in our internal control over financial reporting that occurred during the three months ended September 30, 2012. Based upon that evaluation there were no changes in our internal control over financial reporting that occurred during the three months ended September 30, 2012 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents**PART II OTHER INFORMATION****Item 1. LEGAL PROCEEDINGS**

In connection with our definitive agreement to acquire SeaBright, two purported class action lawsuits were filed against SeaBright, the members of its board of directors, our merger subsidiary (AML Acquisition, Corp.) and, in one of the cases, us. The first suit was filed September 13, 2012 in the Superior Court of the State of Washington and the second suit was filed September 20, 2012 in the Court of Chancery of the State of Delaware. The lawsuits allege, among other things, that SeaBright's directors breached their fiduciary duties when negotiating, approving and seeking stockholder approval of the Merger, and that SeaBright and we aided and abetted the alleged breaches of fiduciary duties. In the suits, plaintiffs sought to enjoin defendants from taking any action to consummate the transactions contemplated by the Merger Agreement, as well as monetary damages, including attorneys' fees and expenses. We believe these suits are without merit. Nevertheless, in order to avoid the potential cost and distraction of continued litigation and to eliminate any risk of delay to the closing of the Merger, we, SeaBright and the SeaBright director defendants have agreed in principle to settle the two lawsuits, without admitting any liability or wrongdoing. The settlement requires SeaBright to make supplemental information available to its stockholders through a filing of a Current Report on Form 8-K with the U.S. Securities and Exchange Commission. The settlement will not change the amount of the Merger Consideration that we will pay to SeaBright's stockholders in any way, nor will it alter any deal terms or affect the timing of the November 19, 2012 SeaBright stockholder meeting (at which stockholders will vote on whether to approve the Merger). The settlement is subject to execution and delivery of definitive documentation, the closing of the Merger, approval by the Washington court of the settlement and approval by the Delaware court of dismissal of the Delaware suit. If the settlement becomes effective, both lawsuits will be dismissed.

We are, from time to time, involved in various legal proceedings in the ordinary course of business, including litigation regarding claims. We do not believe that the resolution of any currently pending legal proceedings, either individually or taken as a whole, will have a material adverse effect on our business, results of operations or financial condition. Nevertheless, we cannot assure you that lawsuits, arbitrations or other litigation will not have a material adverse effect on our business, financial condition or results of operations. We anticipate that, similar to the rest of the insurance and reinsurance industry, we will continue to be subject to litigation and arbitration proceedings in the ordinary course of business, including litigation generally related to the scope of coverage with respect to asbestos and environmental claims. There can be no assurance that any such future litigation will not have a material adverse effect on our business, financial condition or results of operations.

Item 1A. RISK FACTORS

Our results of operations and financial condition are subject to numerous risks and uncertainties described in "Risk Factors" included in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2011. The risk factors identified therein have not materially changed.

Item 5. OTHER INFORMATION

On November 7, 2012, we appointed Kenneth J. LeStrange to our Board of Directors, effective immediately. Mr. LeStrange's appointment was recommended to the Board of Directors by our independent directors. Mr. LeStrange, age 55, is the former Chairman, President and Chief Executive Officer of Endurance Specialty Holdings Ltd., a Bermuda-based specialty provider of property and casualty insurance and reinsurance, which he founded in 2001. He has over 33 years of experience in the insurance industry, and currently serves as Chairman of the Board of S.A.C. Re Holdings, Ltd., the parent company of S.A.C. Re, a Bermuda-based reinsurer, and a Director of Maxum Specialty Insurance Group, the parent company of two Delaware domiciled insurers.

The Board of Directors has determined that Mr. LeStrange is independent as defined by Nasdaq Marketplace Rule 5605(a)(2). He has been appointed to the Audit and Compensation Committees, as well as the newly formed Nominating and Governance Committee. Mr. LeStrange will be eligible to participate in Enstar's

Deferred Compensation and Ordinary Share Plan for Non-Employee Directors, which is described in the Company's Proxy Statement (filed with the U.S. Securities and Exchange Commission on April 30, 2012), or the Proxy Statement, under the heading, "Director Compensation."

Mr. LeStrange entered into an indemnification agreement with the Company, which includes the same terms as the indemnification agreements executed with each of Enstar's other current directors. These terms are described in the Proxy Statement under the heading, "Certain Relationships and Related Transactions - Indemnification of Directors and Officers; Directors Indemnity Agreements."
