**PART III NARRATIVE**

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

As described in the Current Report on Form 8-K (the Form 8-K) filed on October 29, 2012 by General Cable Corporation (the Company), the Audit Committee of the Company's Board of Directors, upon the recommendation of the Company's executive officers, concluded that due to certain inventory related accounting errors within the Company's Rest of World segment (ROW) in two countries, the Company's previously issued consolidated financial statements for fiscal years 2009 through 2011 (and the related reports of its independent registered public accounting firm), the interim periods during those years, and the financial statements as of, and for the periods ended March 30, 2012 and June 29, 2012 should no longer be relied upon.

The Company intends to correct the effect of the accounting errors on previously issued interim financial statements by (i) restating the financial statements for the three and nine months ended September 30, 2011 that will be presented comparatively in its Quarterly Report on Form 10-Q for the period ended September 28, 2012 (the Form 10-Q) and (ii) restating financial statements for the other periods referenced in the preceding paragraph and including the restated financial statements in amended periodic reports.

The Company is engaged in an effort to restate the financial statements referenced above. Until this effort is completed, the Company will not be able to complete the financial statements to be included in the Form 10-Q, will not be in a position to enable its independent registered public accounting firm to complete their financial statement review, and will be unable to complete its management's discussion and analysis of financial condition and results of operations. Moreover, the Company's disclosures regarding disclosure controls and procedures and material changes in internal control over financial reporting are, to some extent, dependent upon assessments related to the restatement effort. Despite the extensive commitment of time and effort by the Company's management and financial staff, as well as ongoing communications with, and review of information by, the Company's independent registered public accounting firm, the Company is unable to complete the formidable tasks described above within 40 days subsequent to the end of its fiscal quarter ended September 28, 2012.
