This proxy statement contains information about the annual meeting of shareholders of CVB Financial Corp. to be held on Wednesday, May 15, 2013, beginning at 7:00 p.m., local time, at the Citizens Business Bank Arena, located at 4000 East Ontario Center Parkway, Ontario, CA 91764, and at any postponements or adjournments of the meeting.

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

What is the Purpose of this Proxy Statement?

The purpose of this proxy statement is to solicit your vote at the 2013 Annual Meeting of Shareholders. This proxy statement summarizes the information you need to know to cast an informed vote at the meeting. The record date for those shareholders entitled to vote is March 22, 2013. On the record date there were 104,900,623 shares of our common stock outstanding.

Why Did I Receive a One-Page Notice of Internet Availability of Proxy Materials?

Beginning with last year's annual meeting of shareholders, we elected to use e-proxy as part of the distribution of our proxy materials pursuant to rules adopted by the Securities and Exchange Commission (SEC). On or about April 3, 2013 (the mailing date), we mailed to shareholders entitled to vote at the meeting, whose shares are held in a stock brokerage account or by a bank or other holder of record (street name), a notice about the Internet availability of the proxy materials (the Notice), instead of a paper copy of the proxy materials. Along with the proxy statement, we also made available by Internet our Annual Report on Form 10-K for the fiscal year ended December 31, 2012. Because the vast majority of our shares are held in street name, the e-proxy process has allowed us to lower the costs of distribution of our proxy materials and reduce the environmental impact of our annual meeting.

Instructions on how to access the proxy materials over the Internet and to request a paper copy of the proxy materials, if desired, may be found in the Notice.

If you hold your CVB Financial Corp. shares in street name, please refer to the information provided by your bank, broker or other holder of record for instructions on how to elect to receive only electronic copies of future proxy statements and annual reports.

Why Didn't I Receive a One-Page Notice of Internet Availability of Proxy Materials?

On or about the mailing date, we mailed to shareholders entitled to vote at the meeting, whose shares are registered directly in their name with our transfer agent, Computershare (shareholders of record), and any shareholders who have previously asked to receive paper copies of the proxy materials, a full set of the proxy materials, instead of the Notice.

How Do I Vote By Proxy?

You can vote by proxy whether or not you attend the annual meeting. Shareholders have a choice of voting over the Internet, by telephone or by using a traditional proxy card.

If you received a full set of proxy materials:

To vote by Internet, go to <http://www.proxyvoting.com/cvbf> and follow the instructions there. You will need the 12-digit number included on your proxy card;

To vote by telephone, dial the number listed on your proxy card. You will need the 12-digit number included on your proxy card;

To vote by using the traditional proxy card, please sign and date the enclosed proxy card and return it promptly in the envelope provided.

If you received a Notice in lieu of a full set of proxy materials, follow the instructions printed on the Notice. To reduce our administrative and postage costs, we ask that you vote through the Internet or by telephone, both of which are available 24 hours a day. To ensure that your vote is counted, please remember to submit your vote by 11:59 p.m. Eastern Daylight Time on May 14, 2013. Voting by proxy will not affect your right to attend the meeting and vote.

How Do I Vote in Person?

If you plan to attend the meeting and vote in person, we will give you a ballot form when you arrive. However, if your shares are held in the name of your broker, bank or other nominee, you must bring a legal proxy from your broker, bank or other nominee to vote the shares at the meeting.

How Will My Proxy Be Voted?

If you properly complete your proxy card and we receive it in time to vote, your proxy (one of the individuals named on your proxy card) will vote your shares as you have directed. If we receive an executed proxy card from you, on which you have not made specific choices with respect to the proposals, your proxy will vote your shares as recommended by the Board of Directors as follows:

FOR the election of all eight nominees for director;

FOR ratification of the appointment of KPMG LLP as our independent registered public accountants for 2013.

If any other matter is presented, your proxy will vote in accordance with the recommendation of the Board of Directors, or, if no recommendation is given, in the proxy's own discretion. At the time this proxy statement went to press, we knew of no matters which needed to be acted on at the meeting, other than those discussed in this proxy statement.

How Many Votes Do I Have?

Each share of common stock entitles you to one vote. The proxy card indicates the number of shares of common stock that you own. However, in the election of directors, you are entitled to cumulate your votes if you are present at the meeting, the nominee's(s) name(s) have properly been placed in nomination, and a shareholder has given notice at the meeting prior to the actual voting of his or her intention to vote his or her shares cumulatively. Cumulative voting allows you to give one nominee as many votes as is equal to the number of directors to be elected, multiplied by the number of shares you own, or to distribute your votes in the same fashion between two or more nominees. Our receipt of an executed proxy grants the Board of Directors the discretionary authority to also cumulate votes.

May I Change My Vote After I Have Voted?

Yes. Even after you have submitted your proxy, or cast your vote by telephone or Internet ballot, you may change your vote at any time before the proxy is exercised, if you file with CVB Financial Corp.'s Corporate Secretary either a notice of revocation or a duly executed proxy bearing a later date, or cast a new vote by telephone or Internet. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What Vote Is Required for Each Proposal?

The eight nominees for director who receive the most votes will be elected. So, if you do not vote for a particular nominee, or you indicate **WITHHOLD** authority to vote for a particular nominee on your proxy card, your vote will not count either **FOR** or **AGAINST** the nominee.

Proposal 2 regarding the ratification of the appointment of our auditors requires the approval of a majority of the shares represented and voting at the meeting, with affirmative votes constituting at least a majority of the required quorum.

Who are Shareholders of Record Versus Beneficial Owners?

If you are a shareholder of record, CVB Financial Corp. has sent the proxy materials directly to you.

If your shares are held in street name, you are considered the **beneficial owner** of the shares. Your broker, bank or other holder of record, who is considered the shareholder of record with respect to those shares, has forwarded the proxy materials or Notice, as applicable, directly to you. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instructions on the proxy card or in the Notice.

What Constitutes a Quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the conduct of business at the meeting. Shares that are voted **FOR**, **AGAINST** or **ABSTAIN** in a matter are treated as being present at the meeting for purposes of establishing the quorum, but only shares voted **FOR** or **AGAINST** are treated as shares represented and voting at the Annual Meeting with respect to such matter.

How Are Broker-Non-votes and Abstentions Treated?

Broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Under applicable rules, brokers or other nominees may not exercise discretionary voting power on certain matters. Brokers or other nominees have discretionary voting power for Proposal 2 (approval of KPMG LLP as independent auditor), but not for Proposal 1 (election of directors). If you do not provide specific voting instructions to your record holder, that record holder will not be able to vote on Proposal 1. It is therefore important that you provide instructions to your bank, broker, or other holder of record if your shares are held by a bank, broker, or other holder of record, so that your vote with respect to this proposal is counted.

Abstentions will have no effect on Proposal 2, unless there are insufficient votes in favor of the proposal, such that the affirmative votes constitute less than a majority of the required quorum. In such cases, abstentions will have the same effect as a vote against Proposal 2.

What Are the Costs of Solicitation of Proxies?

We will bear the costs of this solicitation, including the expense of preparing, assembling, printing and mailing this proxy statement and the material used in this solicitation of proxies.

The proxies will be solicited through the mail, and as noted above, shareholders may also vote by the Internet or telephone. Voting by the Internet or telephone is fast, convenient, and your vote is immediately confirmed and tabulated. Most important, by using the Internet or telephone, you help us reduce postage and

proxy tabulation costs. Although there is no formal agreement to do so, we may reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expense in forwarding these proxy materials to their principals. We have retained the services of Georgeson, Inc. to serve as proxy solicitor at an estimated cost of \$6,500.

In computing the percentage of shares beneficially owned, any shares which Ms. Gourdikian or the Borba Family Trust has a right acquire within sixty (60) days after March 1, 2013 are deemed outstanding for the purpose of computing the percentage of common stock beneficially owned by the Borba family group, but are not deemed outstanding

for the purpose of computing percentages of shares beneficially owned by the other shareholders in this table. Mr. Borba and Ms. Gourdikian have disclaimed beneficial ownership of the shares held by each other, the Borba Family Trust and the Borba Children's Trust, except to the extent of their respective distributable interests in the Borba Children's Trust.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

The Board of Directors is committed to good business practices, transparency in financial reporting and the highest level of corporate governance. To that end, the Board of Directors has adopted Corporate Governance Guidelines, which among other things, provide for:

At least a majority of independent directors;

Audit, compensation and nominating and corporate governance committees consisting solely of independent directors;

Periodic executive sessions of non-management directors and audit committee directors;

An annual self-evaluation process for the Board of Directors and its committees;

Ethical conduct of directors;

Director access to officers and employees;

Director access to independent advisors;

Periodic review of a management succession plan; and

Methodology for reporting concerns to non-employee directors or the Audit Committee.

A copy of our Corporate Governance Guidelines is available on our website at www.cbbank.com by clicking the tab Our Investors, Corporate Overview and then Governance Documents.

Board Selection Process

We have established a Nominating and Corporate Governance Committee. This committee assists the Board of Directors in director selection, as well as review and consideration of developments in corporate governance practices. This committee also recommends to the Board of Directors director nominees for each Board of Directors committee, and reviews director candidates submitted by shareholders. The Nominating and Corporate Governance Committee is responsible for annually reviewing and evaluating with the Board of Directors the appropriate skills and characteristics required of members of the Board of Directors in the context of the current composition of the Board of Directors and our goals for nominees to the Board of Directors, including nominees who are current members of the Board of Directors. The Nominating and Corporate Governance Committee has the authority to utilize third party providers, as appropriate, to assist it in fulfilling its Board of Directors selection function.

The Nominating and Corporate Governance Committee considers the entire makeup of the Board of Directors when making its nominating recommendations to the full Board of Directors, including age, experience and skillset. In identifying and evaluating nominees for director, the goals of the Nominating and Corporate Governance Committee include maintaining a strong and experienced Board of Directors by continually assessing the Board of Directors' business background, current responsibilities, community involvement, independence, commitment to CVB Financial Corp. (including meaningful ownership of our common stock with a market value of at least \$100,000) and time available for service. The Nominating and Corporate Governance Committee also considers diversity of viewpoints, background, experience (including skill diversity) and other demographics in the selection of nominees.

Edgar Filing: CVB FINANCIAL CORP - Form DEF 14A

Other important factors the Nominating and Corporate Governance Committee will consider in evaluating nominees include current knowledge and contacts in CVB Financial Corp. 's industry and other industries relevant to CVB Financial Corp. 's business, and ability to work together with other members of the Board of Directors.

Board Leadership Structure and Risk Oversight

The business and affairs of CVB Financial Corp. are managed under the direction of the Board of Directors. The Board of Directors has historically separated the role of Chief Executive Officer and Chairman of the Board. Ronald O. Kruse acceded to the position of Chairman of the Board in October 2012, following the death of CVB Financial Corp.'s founder and long-time Chairman, Mr. George A. Borba (Sr.). Mr. Kruse had previously served as a Vice-Chairman of the Board. Christopher D. Myers currently serves as our President and Chief Executive Officer.

Separate board committees exist at CVB Financial Corp. and Citizens Business Bank, each of which is responsible for supervising various areas of risk. The Audit Committee, Nominating and Corporate Governance Committee and Compensation Committee exist at CVB Financial Corp. The Loan Committee, Risk Management Committee, Balance Sheet Management Committee and Trust Services Committee exist at Citizens Business Bank. All of the committees meet regularly and report to the full Board of Directors.

The Board of Directors is charged with providing oversight of CVB Financial Corp.'s risk management processes. In accordance with the rules and regulations of the Nasdaq Stock Market, the Audit Committee is primarily responsible for overseeing the risk management function at CVB Financial Corp. on behalf of the Board.

The Risk Management Division of Citizens Business Bank conducts periodic monitoring of compliance efforts with a special focus on those areas that expose the Bank to compliance risk. The purpose of the periodic monitoring is to ensure that Citizens Business Bank associates are adhering to established policies and procedures. The Chief Risk Officer of Citizens Business Bank notifies the appropriate department head, the Management Compliance Committee, the Risk Management Committee of Citizens Business Bank and the Audit Committee of CVB Financial Corp. of any violations noted.

The committees meet periodically with the various members of management and receive comprehensive reports on risk management, including management's assessment of risk exposures (including risks related to liquidity, credit, operations and regulatory compliance, among others), and the processes in place to monitor and control such exposures. The committees also receive updates between meetings from members of management relating to risk oversight matters. The Audit Committee is presented with a report on enterprise risk management by management on at least a quarterly basis, and this report is shared and discussed with the full Board of Directors.

In addition to the Risk Management Committee of Citizens Business Bank and the Audit Committee of CVB Financial Corp., other committees of the Board of CVB Financial Corp. consider the risks within their areas of responsibility. For example, the Compensation Committee of CVB Financial Corp. considers the risks that may be implicated by our executive compensation programs. For a discussion of the Compensation Committee's review of CVB Financial Corp.'s senior executive officer compensation plans and employee incentive compensation plans and the risks associated with these plans, see Compensation Committee Report Discussion of Compensation Policies and Practices Related to Risk Management on page 32 of this proxy statement.

Consideration of Shareholder Nominees

The policy of the Nominating and Corporate Governance Committee is to consider properly submitted shareholder nominations for candidates for membership on the Board of Directors. In evaluating nominees, the Nominating and Corporate Governance Committee will look at the same factors described under the heading Board Selection Process above that it uses for nominees which come to its attention from persons other than the Board of Directors. Recommendations must be submitted in writing to the attention of the Chair of the Nominating and Corporate Governance Committee at the following address:

CVB Financial Corp.

701 N. Haven Avenue, Suite 350

Ontario, California 91764

Shareholders should include in such recommendation, (a) the name and address of each proposed nominee; (b) the principal occupation of each proposed nominee; (c) the number of shares of voting stock of CVB Financial Corp. owned by each proposed nominee and the notifying shareholder; (d) the name and residence address of the notifying shareholder; and (e) a letter from the proposed nominee indicating that such proposed nominee wishes to be considered as a nominee for the CVB Financial Corp. Board of Directors and will serve as a member of the CVB Financial Corp. Board of Directors if elected. In addition, each recommendation must set forth in detail the reasons why the notifying shareholder believes the proposed nominee meets the criteria set forth in the Nominating and Corporate Governance Committee Charter for serving on CVB Financial Corp. s Board of Directors.

In addition, our Bylaws permit shareholders to nominate directors for consideration at an annual meeting. For a description of the process, see the Notice of 2013 Annual Meeting of Shareholders included herein.

Executive Sessions

Executive sessions of independent directors are held at least six times a year. The person who presides at these meetings is chosen by the independent directors.

Attendance at Annual Meetings

The Board of Directors encourages all of its members to attend the Annual Meeting of Shareholders. All of our directors who were directors at the time attended the 2012 Annual Meeting of Shareholders.

ELECTION OF DIRECTORS

We have nominated eight directors for election at the annual meeting, which is the number fixed for the election of directors.

We will nominate the persons named below, all of whom are present members of CVB Financial Corp.'s Board of Directors, for election to serve until the 2014 Annual Meeting of Shareholders and until their successors have been elected and qualified. Each of these persons is also a member of the Board of Directors of our principal subsidiary, Citizens Business Bank. The Board of Directors will cast its votes to effect the election of these nominees. If any nominee is unable to serve, your proxy may vote for another nominee proposed by the Board of Directors.

This past year, the Nominating and Corporate Governance Committee of the Board of Directors of CVB Financial Corp. was required to recruit three new directors in order to replace three long-serving directors. George A. Borba (Sr.), who served with distinction as Chairman of the Board since the Company's inception in 1974, and was one of the founding directors of Chino Valley Bank, the predecessor to Citizens Business Bank, passed away in October 2012. John A. Borba, who is the brother of George A. Borba (Sr.) and also served as one of the three founding directors of the Company, retired in November 2012, a decision he planned so as to facilitate an orderly transition. James C. Seley, who had served on our Board of Directors since 1996, retired in August 2012 in accordance with his plans. As noted above, Ronald O. Kruse was appointed by the Board of Directors as Chairman, following the death of George A. Borba (Sr.), and three new directors, George A. Borba, Jr., Stephen A. Del Guercio and Raymond V. O'Brien III, were appointed to replace our deceased or retired directors.

In nominating the three new directors for election at our 2013 Annual Meeting, our Nominating and Corporate Governance Committee considered various candidates and employed the same criteria used to evaluate our existing Board members. Each of our Board members was nominated based on the assessment of our Nominating and Corporate Governance Committee and our Board of Directors that the nominees have demonstrated an ability to make meaningful contributions to the oversight of our business and affairs, have a reputation for honesty and ethical conduct in their personal and professional activities and share independence, experience and sufficient communication and analytical skills.

Audit Committee

The Audit Committee of the Board of Directors is composed of Messrs. Robert M. Jacoby (Chairman), Stephen A. Del Guercio, Raymond V. O'Brien III, and San E. Vaccaro. The Board of Directors has a Nominating and Corporate Governance Committee consisting of Messrs. Ronald O. Kruse (Chairman), George A. Borba, Jr., Stephen A. Del Guercio, Robert M. Jacoby, Raymond V. O'Brien III, San E. Vaccaro and D. Linn Wiley. Each of the members of the Nominating and Corporate Governance Committee is independent within the meanings of the rules and regulations of the Nasdaq Stock Market.

As set forth above, the Nominating and Corporate Governance Committee:

Assists the Board of Directors by identifying individuals qualified to become members of the Board of Directors;

Recommends to the Board of Directors the director nominees for the next annual meeting;

Recommends to the Board of Directors director nominees for each committee; and

Develops and recommends a set of corporate governance principles applicable to CVB Financial Corp.

Other specific duties and responsibilities of the Nominating and Corporate Governance Committee include: retaining and terminating any search firm to identify director candidates; receiving communications from shareholders regarding any matters of concern; recommending to the Board directors for each committee; and reviewing and reassessing the adequacy of its charter and its own performance on an annual basis. The procedures for nominating directors, other than by the Board of Directors itself, are set forth in the bylaws and reprinted in the Notice of Annual Meeting of Shareholders. The charter of the Nominating and Corporate Governance Committee is available on our website at www.cbbank.com by clicking the tab Our Investors, then Corporate Overview and then Governance Documents. The Nominating and Corporate Governance Committee held one regular meeting during 2012. In the case of the three new directors who were appointed to the Board of Directors in 2012, their appointments were in each case reviewed and approved in special meetings of the full Board of Directors, which includes all the same members of the Nominating and Corporate Governance Committee plus Mr. Chris Myers.

Compensation Committee

The Compensation Committee of the Board of Directors of CVB Financial Corp. (the Compensation Committee) has overall responsibility for overseeing our compensation and employee benefit plans and practices, including our executive compensation plans and our incentive compensation and equity-based plans. This committee is composed of Messrs. Ronald O. Kruse (Chairman), George A. Borba, Jr., Stephen A. Del Guercio, Robert M. Jacoby, Raymond V. O'Brien III, San E. Vaccaro and D. Linn Wiley. Each of the members of the Compensation Committee is independent within the meaning of the rules and regulations of the Nasdaq Stock Market applicable during 2012. During the year, meetings are scheduled quarterly, but are held at other times as needed. During 2012, the Compensation Committee held 12 regular meetings. The meetings are set up by the Corporate Secretary in conjunction with the Chairman of the Compensation Committee. The Chief Executive Officer and the Chief Financial Officer provide input on the agendas.

The Compensation Committee has a charter, which can be found on CVB Financial Corp.'s website, www.cbbank.com, by clicking the tab Our Investors, then Corporate Overview and then Governance Documents. This charter is reviewed annually with input from our outside counsel and may be changed to keep abreast of current regulations and changes in duties.

The Compensation Committee has the responsibility of recommending to the Board of Directors the appropriate level of compensation for the Board of Directors, and for determining the total compensation of our Chief Executive Officer, Chief Financial Officer, the other three most highly-compensated executive officers (with our Chief Executive Officer and Chief Financial Officer, the named executive officers), and all other officers and non-officers in CVB Financial Corp. and Citizens Business Bank.

The Compensation Committee may delegate its authority to others within the organization if it deems necessary, but has not done so. Our Chief Executive Officer, Chief Financial Officer, and Human Resources Director participate, when requested to do so, in determining or recommending the amount or form of executive and director compensation (except with respect to their own compensation).

Role of the Compensation Consultant

The Compensation Committee has the authority to consult and retain internal and external advisors as needed. In August 2012, the firm EW Partners, Inc. (EW Partners) was engaged by the Compensation Committee to provide a review and analysis of the compensation of both our named executive officers and our Board of Directors. With respect to named executive officer compensation, EW Partners evaluated four key components, including base salary, bonus, equity-based incentive plans and benefit plans. EW Partner s evaluation of director compensation is discussed further in the section of this proxy statement on Director Compensation which starts on page 40. CVB Financial Corp. did not engage EW Partners for any additional services during fiscal 2012 beyond its support to the Compensation Committee, and our assessment found no conflict of interest posed by the retention of EW Partners as compensation consultants for CVB Financial Corp.

The compensation review conducted by EW Partners covered each of our five named executive officer positions: our President and Chief Executive Officer, our Executive Vice President and Chief Financial Officer, our Executive Vice President and Chief Credit Officer, our Executive Vice President and Sales Division Manager, and our Executive Vice President and Chief Operations Officer. EW Partners developed its analysis utilizing published compensation surveys and proxy statement data, where applicable, for the position being evaluated, including the 2012 California Bankers Association Compensation and Benefits Survey, the 2011 State of California Department of Financial Institutions Annual Executive Officer and Director Compensation Survey, the 2011 Financial Institutions Benchmark Compensation Report produced by Watson Wyatt, and the 2012 Executive Compensation Assessor developed by the Economic Research Institute in Washington, D.C.

In addition to utilizing extensive survey data, EW Partners engaged in an analysis of proxy statement information from a group of 14 commercial banking organizations plus CVB Financial Corp., for comparison purposes. These 14 commercial banking organizations are primarily based in the Western United States and vary in asset size from approximately \$3 billion to \$12 billion. The list of peer group companies is shown on page 20.

COMPENSATION DISCUSSION AND ANALYSIS

The following compensation discussion and analysis describes our compensation philosophy and summarizes the structure and objectives of the various compensation programs administered by our Compensation Committee.

Objectives and Philosophy of Our Compensation Program

We provide a comprehensive compensation package comprised of base salary, an annual cash incentive plan, long-term equity compensation plan, profit sharing plan, deferred compensation program and health and welfare benefits. We have adopted a basic philosophy and practice of offering a compensation program designed to attract and retain highly qualified employees. We believe our compensation practices encourage and motivate these individuals to achieve superior performance on both a short-term and long-term basis. This underlying philosophy pertains specifically to executive compensation as well as employee compensation at all other levels throughout our organization.

Our compensation is designed to achieve the following objectives:

Attract and retain talented and experienced executives;

Provide a base salary that is competitive in our industry;

Align the interest of our executives with those of our shareholders by having our cash-based incentive compensation based, in part, on increasing growth in shareholder value; and

Offer equity-based compensation that reflects the growth in our stock value and thus, in shareholder value.

Our compensation program is designed to incentivize employees to meet our corporate objectives. Our goal is to have a level of earnings growth and a return on equity consistent with enhancing shareholder value. These elements are at the core of our cash-based bonus program.

Methodologies for Establishing Compensation

In determining the appropriate compensation levels for our Chief Executive Officer, the Compensation Committee meets outside the presence of all our executive officers. With respect to the compensation of all our other named executive officers, the Compensation Committee meets outside the presence of all our executive officers, other than, as requested, our Chief Executive Officer, our Chief Financial Officer (except with respect to his own compensation) and our Human Resources Director. The Compensation Committee generally reviews and approves any salary increases for all officers including the named executive officers in April and all non-officers in July, and responds to salary recommendations from our named executive officers for all officers (other than the named executive officers) and non-officers.

With the input of our Human Resources Department, the Chief Executive Officer makes recommendations to the Compensation Committee regarding base salary levels, performance goals, bonuses and equity incentive awards for our named executive officers (other than for himself). The Compensation Committee determines each element of compensation for the Chief Executive Officer. Each year, our Human Resources Director coordinates a written performance evaluation on selected officers and employees. These reviews are based on stated objectives for the officer or employee and how the results of his or her performance compare with those objectives. The results of these evaluations, along with the recommended salary adjustments, if any, are presented to the Compensation Committee for its review and approval.

In January of each year, the Compensation Committee determines bonus payments under the prior year's performance compensation plan, and generally in March of each year, the Compensation Committee determines target amounts and performance criteria for the current year's performance compensation plan. The Compensation Committee similarly determines equity incentive awards for each of the named executive officers, generally but not always, in June of even numbered years.

Consideration of Say-on-Pay Results

At our 2011 Annual Meeting of Shareholders, we submitted our executive compensation program to a non-binding advisory vote of our shareholders (say-on-pay) and it received the support of approximately 78% of the total votes cast at our annual meeting. Our Compensation Committee considered the results of this 2011 say-on-pay vote in connection with the discharge of its responsibilities. Because the vast majority of our shareholders voting on the say on pay proposal approved the compensation of our named executive officers described in our proxy statement in 2011, our Compensation Committee did not implement significant changes to our executive compensation program as a result of the shareholder advisory vote.

In 2011 our Board of Directors recommended, and a plurality of the vote approved, a period of every three years as the frequency of our say-on-pay vote. Accordingly, our next say-on-pay vote will be held at our 2014 annual meeting of shareholders.

Summary of Components of Compensation

The following table outlines our various compensation plans as in effect for the fiscal year 2012. We believe these compensation components are consistent with meeting our Company's business and financial objectives. The allocation between cash and non-cash compensation is based on the Compensation Committee's determination of the appropriate mix among base salary, annual cash incentives and long-term equity incentives to encourage retention and performance.

Component	Characteristics	Purpose
Base Salary	Each executive officer is eligible for an annual increase in April based on performance. This is a fixed cash compensation amount.	The base salary allows us to compensate our officers at a level that we believe is competitive in the industry. This helps us attract and retain highly qualified executives. This rewards individual performance and level of experience, and provides a level of stability for our officers.
Bonus	Paid based on CVB Financial Corp.'s attainment of enumerated financial and business metrics and goals. Some bonuses may also be paid, at the discretion of the Compensation Committee, if the stipulated metric or goals is not attained. Individual executives have specific performance criteria based on their positions with CVB Financial Corp. and/or Citizens Business Bank.	The bonus element serves to reward executives when CVB Financial Corp. meets its financial and business metrics and goals, adding to shareholder value. Incentivizes executives to meet performance targets which helps us meet our overall strategic objectives.
401(k) Plan/Profit Sharing	This has two components: (i) 401(k) Plan contributions into which CVB Financial Corp. places a fixed amount and the executive can add to it, and (ii) profit sharing contributions which are paid to all Plan participants including named executive officers. Contributions are at the discretion of the Compensation Committee and may be up to 8% of salary and bonus.	The 401(k) Plan assists the executive in saving for retirement. The profit sharing portion allows the executive to share in the profits of CVB Financial Corp. and, since the money goes into a retirement plan, it also assists the executive in saving for retirement.
Restricted Stock	Awarded from time to time to selected officers, including named executive officers, based on position and performance. Recipients do not have to outlay any additional cash to acquire the stock, but must pay taxes on the value of the stock when it vests.	Restricted stock permits all recipients to share in the long-term appreciation of CVB Financial Corp.'s stock with less dilution to our shareholders compared to stock option grants. This also helps to align the compensation of the executives with our shareholders. Restricted stock is subject to time-based vesting provisions.
Stock Options	Awarded from time to time to selected officers, including named executive officers, based on position and performance.	Stock options allow the executive to share in the long-term appreciation of CVB Financial Corp.'s stock. This helps to align the compensation of the executive with the interests of our shareholders.

Component	Characteristics	Purpose
Deferred Compensation	Plans available to our Chief Executive Officer and other qualifying senior officers.	Deferred compensation allows for the tax deferral of compensation and growth of deferred amounts (including, in the case of our Chief Executive Officer only, a guaranteed rate of return of 6%).
Health and Welfare Benefits	These are the same benefits as those offered to the total employee base, including medical, dental, vision, life and disability insurance. The named executive officers pay a portion of the costs in the same manner as all employees.	These benefits assist the employee in meeting the basic health and welfare needs of the executive and the executive's family.

Peer Group Considerations and the Compensation Consultant

In 2012, the Compensation Committee engaged EW Partners to determine whether the four major components of compensation at CVB Financial Corp. base salary, bonus, equity-based incentives and benefits were competitive with the median compensation packages provided for similar positions at peer commercial banking organizations. The Compensation Committee analyzed salary surveys from the California Bankers Association and similar data provided by EW Partners. Although our benchmarking considers a wide range of companies for the purpose of evaluating our base salary ranges, we focus our analysis on banks and bank holding companies located primarily in the Western United States with between approximately \$3 billion and \$12 billion in assets, including the following:

Company Name	Total Assets (12/31/12) FY (In billions)
Umpqua Holdings Corp.	\$ 11.8
Texas Capital Bancshares Inc.	10.5
Trustmark Corp.	9.8
Sterling Financial Corp.	9.2
Glacier Bancorp Inc.	7.7

These banking institutions were selected by EW Partners as our peer group because they have similar business models and capabilities, and generally operate in a similar manner to CVB Financial Corp. This list of peer group institutions was expanded from prior years peer group lists at the recommendation of EW Partners. Data analyzed by the Compensation Committee and EW Partners for each peer group institution included total assets, asset growth, return on average assets, return on average equity, net interest margin, efficiency ratio, core earnings per share growth, and number of branches. In addition, the Compensation Committee and EW Partners reviewed publicly available information, such as proxy statements for banks and bank holding companies in the selected peer group from SEC filings, quarterly reports filed with banking regulatory agencies, press releases, and similar publicly available information, to establish parameters for compensation.

On the basis of its survey, EW Partners reported that, for our named executive officers relative to their respective positions, our average base salary compensation for the five positions is at approximately the 75th

percentile for the peer group, our average bonus compensation as a percentage of base pay is above the median level of the peer group, and our equity-based incentives and benefit plans are competitive with the peer group. While our market analysis and the survey by EW Partners inform our range of compensation alternatives, we do not tie our executive officers' or directors' compensation levels to specific market percentiles. Instead, the Compensation Committee uses this comparative compensation information as a tool to assist in the retention of key executives whose performance is critical for the success of the organization and in the setting of appropriate goals with respect to performance and results.

The Compensation Committee recognizes that executives in different companies can play significantly different roles, even though they may hold the same nominal positions. Moreover, it is not possible to determine from the available information about peer group compensation anything relating to the respective qualitative factors that may influence compensation, such as the performance of individual executives or their perceived importance to their companies' business.

Base Salary

It is our philosophy that employees be paid a base salary that we believe is competitive with the salaries paid by comparable organizations and to provide the recipient a fixed amount of income. We predicate the base salary on the executive's ability, experience and past and potential performance and contribution to CVB Financial Corp. and Citizens Business Bank. In addition, in 2012 we determined the base salary range, in part, by benchmarking our base salaries against a peer group of regional commercial banking organizations as discussed above. Our Human Resources Department gathers this information to analyze appropriate salary levels for our named executive officers, as well as all of our other employees. Each year we generally establish a pool for base salary increases and award percentage increases to each employee based on his or her job performance.

Annual Cash Bonuses

We have a performance-based compensation plan for our executives under our Executive Incentive Plan (the "Executive Incentive Plan"), which our shareholders approved at our 2010 Annual Meeting of Shareholders. We also grant discretionary cash bonuses to our executives if our Compensation Committee determines that such discretionary bonuses are appropriate under the circumstances.

The purpose of the following discussion is to explain and illustrate the manner in which the Executive Incentive Plan operates.

Executive Incentive Plan – Performance-Based Compensation

The Executive Incentive Plan rewards executives for outstanding performance provided to CVB Financial Corp. In addition, by linking the executive's overall compensation to established performance measures, we are able to hold each of the executives accountable for their individual performance and for CVB Financial Corp.'s overall financial and business performance. The Compensation Committee has the sole discretion to determine the standard or formula pursuant to which each participant's bonus shall be calculated, whether all or any portion of the amount so calculated will be paid, and the specific amount (if any) to be paid to each participant, subject in all cases to the terms, conditions, and limits of the Executive Incentive Plan and of any other written commitment authorized by the Compensation Committee. In January of each calendar year, the Compensation Committee determines the amount of the Executive Incentive Plan awards and the extent to which performance bonuses are payable for such year.

Awards under our Executive Incentive Plan are based on the achievement of specific performance measures related to business criteria, as determined each year by the Compensation Committee. The categories from which the Compensation Committee chooses the performance measures for each year are set forth in the Executive Incentive Plan and include: (i) deposit growth, (ii) total deposits, (iii) net profit after tax, (iv) earnings per share, (v) earnings growth, (vi) loan delinquencies, (vii) efficiency ratio, (viii) operating expenses, (ix) investment

services earnings, (x) investment services revenue, (xi) loan growth, (xii) total loans, (xiii) non-performing assets, (xiv) fee income, (xv) new trust assets, (xvi) new trust fees, (xvii) nonperforming assets to assets ratio, (xviii) return on assets, (xix) return on equity, (xx) trust earnings, (xxi) trust growth and (xxii) trust revenue.

For 2012, the performance measures chosen by the Compensation Committee for Christopher D. Myers, our President and Chief Executive Officer, and David A. Brager, our Executive Vice President Sales Division Manager, are set forth in the table below. The Compensation Committee chose these performance measures for these two named executive officers because it believed these measures were the best measures for judging the overall business success of CVB Financial Corp. and Citizens Business Bank from a bank operational and shareholder value perspective.

Separate performance measures were used for James F. Dowd, Citizens Business Bank's Executive Vice President and Chief Credit Officer, David C. Harvey, Citizens Business Bank's Executive Vice President and Chief Operations Officer, and Richard C. Thomas, our Executive Vice President and Chief Financial Officer, as described below.

Each performance measure received a weighting between 10% and 40%, all based on a 100% scale for the individual officer concerned, as set forth in the table below. A higher degree of weighting (40%) is assigned to the net profit after tax measure, because the Compensation Committee believes this measure best incentivizes current year profitability, which in turn is a major component of shareholder value. The Compensation Committee establishes corporate goals with the intent to balance current profitability with long-term stability and prudent risk management.

For each performance measure, we establish three target business performance objectives that each correlate to a percentage of the executive's base salary to determine the maximum amount of bonus to which the named executive officer is entitled. Mr. Myers' percentage levels of base salary were set at Level 1 75%, Level 2 100% and Level 3 150% for each business performance measure. Each of the other named executive officers levels were set at Level 1 25%, Level 2 50% and Level 3 75% of base salary for each business performance measure. Based on the percentage weighting assigned to the particular business measure, a fixed dollar amount of bonus is determined for achieving the business performance measure.

Once all the amounts are determined for each bonus performance measure, we calculate the total amount of the bonus under the Executive Incentive Plan. Based on our historical performance, we believed that each of the target business performance objectives was achievable.

Below is an illustration of how one measure, net profit after tax, would be calculated if bonus payments were being made under the Executive Incentive Plan to one of our named executive officers, other than Christopher D. Myers, using the weightings above and if our net profit after tax was \$82,000,000 for the year ended December 31, 2012:

(Base Salary x 25%) = Actual \$ Bonus for Net Profit After Tax

40%

where: 40% = the percentage weighting assigned to the net profit after tax performance measure.
25% = the percentage of base salary utilized for achieving a net profit after tax of \$82,000,000.

Mr. Myers' bonus for net profit after tax would be based on the same formula, except that his base salary would be multiplied by 75% rather than 25%. If the formula was used to calculate the bonus for net profit after tax for Mr. Brager and Mr. Harvey, a 30% weighting factor, rather than 40%, would apply, as shown on pages 28 and 29.

For 2012, we used a special calculation of net profit after tax for the purpose of our performance compensation plans that utilize this measure which differs from the Company's net income as reported in our Form 10-K for 2012. The performance compensation plan calculation excludes the impact of debt termination expense incurred by the Company in connection with the redemption in August 2012 of \$250.0 million of fixed rate loans from the Federal Home Loan Bank. This debt termination expense amounted to \$20.4 million on a pre-tax basis and \$11.8 million on an after-tax basis (FHLB Prepayment Expense).

The Compensation Committee elected to make a special allowance for this payment and its impact on the Company's reported net income for incentive plan calculation purposes, because the decision to prepay the \$250.0 million of Federal Home Loan Bank loans was discretionary. It was made because the Company believes the prepayments will benefit the Company and its anticipated financial performance over the remaining 2.6 year term of the prepaid loans, and because the Compensation Committee believes the impact on the Company's net income (and net profit after tax for incentive plan calculation purposes) was material for 2012.

In seeking to measure the impact of the FHLB Prepayment Expense more accurately, the Compensation Committee decided at the same time to increase the calculation of net profit after tax for performance plan purposes by \$124,100, which represents the interest income, net of tax, the Company believes it would have earned on the \$250.0 million of cash used to effect the Federal Home Loan Bank loan prepayment (based on an assumed rate of return for the period covered of 25 basis points or 0.25%, which was the rate generally paid by the Federal Reserve Bank on overnight deposits from banks during such period).

As a result, the Compensation Committee decided to add \$12.0 million to the Company's reported net income of \$77.3 million, which represents the \$11.8 million after tax FHLB Prepayment Expense plus the foregone benefit of \$124,100 in interest income, after tax, on the \$250.0 million amount prepaid (with the sum being the Net Profit After Tax Add-Back). The same Net Profit After Tax Add-Back amount was used for the purpose of calculating net profit after tax for the performance compensation plans of all the Company's named executive officers.

We calculate the performance achieved in each of the other categories in the same manner in which we calculate the bonus for net profit after tax in order to arrive at the total bonus. Accordingly, for the same reasons as set forth above, the Compensation Committee elected to exclude the FHLB Prepayment Expense from calculations of Operating Expenses for purposes of named executive officer performance compensation plans that utilized Operating Expenses as a measuring factor.

Any performance bonuses granted under the Executive Incentive Plan are paid out in cash and the maximum performance bonus that may be paid to any single executive under the Executive Incentive Plan for any year is \$1,750,000.

The difficulty in achieving the performance measures depends heavily on market conditions. Negative developments in the financial services industry, which began in 2008 and have not yet fully abated, have increased competition for deposits and quality loans. While we attempt to forecast the effect of changing market conditions when establishing the performance goals of our executives, we cannot always predict the course of events. Accordingly, executives may have difficulty in attaining certain objectives for reasons beyond their control. The Compensation Committee thus reserves the right from time to time to increase, reduce or otherwise modify bonuses under the discretionary performance compensation provisions. In addition, the Compensation Committee maintains discretion to grant bonuses outside of the Executive Incentive Plan, even if such bonuses have not been earned under the guidelines of the Executive Incentive Plan. No such discretion was utilized in 2012 with respect to the performance compensation plans for our named executive officers, except in connection with the performance compensation awarded to David A. Brager, Executive Vice President and Sales Division Manager for Citizens Business Bank, as described below in the Discussion of Named Executive Officer Compensation for Fiscal 2012 for Mr. Brager. The Compensation Committee believes that this exercise of discretion is important in select cases to ensure key officers are treated fairly and in a manner that will maximize retention and long term shareholder value.

The Compensation Committee continues to review proposed compensation arrangements for its named executive officers. It determined that, effective for fiscal year 2013, annual bonus compensation will continue to be based upon net profit after tax and the other factors enumerated herein.

Equity-Based Compensation

We have one equity incentive plan that currently provides long-term incentives for our named executive officers and allows for the grant of stock options and restricted stock. We do not require any of our executive officers to own any minimum number of shares of our stock.

We believe our 2008 Equity Incentive Plan aligns the interests of key employees, including the named executive officers, with those of our shareholders. We provide our named executive officers with an incentive to achieve superior performance by granting them long-term incentives to purchase our common stock at a fixed exercise price that equals the fair market value of the underlying stock on the date of the grant or, alternatively, restricted stock grants that vest over a certain number of years of service.

The Compensation Committee administers our equity incentive plans. The Compensation Committee has the authority to select the key employees eligible for the incentive awards. The Compensation Committee does not utilize any performance goals in determining the number of incentive awards to be granted. In determining the number and mix of incentive awards to be awarded, the Compensation Committee considers: (i) the number of incentive awards previously granted to an executive officer, (ii) its own analysis of that employee's contribution to CVB Financial Corp., including an assessment of the employee's responsibilities, as well as a subjective assessment of the employee's commitment to CVB Financial Corp.'s future, (iii) the number of incentive awards granted to executives with similar responsibilities at our peer banks and bank holding companies, and (iv) the projected percentage such incentive compensation would constitute of each executive's overall compensation. The amount of compensation an award recipient may receive pursuant to the incentive is, in the case of options, based solely on an increase in the value of our common stock after the date of the grant, and, with respect to restricted stock, based on our share price at the vesting date.

The Compensation Committee's goal is generally to maintain a balance between grants of stock options and restricted stock and to take into account the compensation expense associated with each form of incentive compensation. The Compensation Committee also takes into account the degree to which a grant of restricted stock versus stock options will incentivize the Company's executives. When the Compensation Committee believes granting restricted stock instead of stock options would result in a more realizable value to its executives, thereby serving as a more effective incentive tool, it may choose to grant restricted stock. Although the 2008 Equity Incentive Plan was implemented in order to provide the alternative of granting restricted stock to

CVB Financial Corp. employees, our Compensation Committee continues to grant stock options when it makes its awards, because the Compensation Committee believes it is important for the named executive officers to make an investment in CVB Financial Corp. in exchange for the receipt of stock.

Options and restricted stock are awarded to key employees and directors periodically, as decided by the Compensation Committee. In most cases, awards are made annually or biennially, but on occasion, we may need to issue options or restricted stock on a date outside the normal cycle. This may be done in conjunction with the hiring of an individual, renewal of an employment contract or as a special incentive. On each occasion, the Compensation Committee is responsible for determining the amount of these awards. The exercise price for options is always the closing market price as of the close of business on the day of the grant.

Discussion of Named Executive Officer Compensation for Fiscal 2012

Christopher D. Myers, President and Chief Executive Officer

Base Salary. In determining base salary, the Compensation Committee gives significant weight to Mr. Myers' key role in influencing the overall performance of CVB Financial Corp. and Citizens Business Bank. Mr. Myers' base salary was \$750,000 for the full year 2012.

Bonus. The maximum amount of bonus Mr. Myers was entitled to earn under the Executive Incentive Plan was 150% of his base salary. In order to adequately compensate Mr. Myers in recognition of his overall responsibilities, including supervision of all of our other executive officers, and to further incentivize him to meet his designated performance targets, Mr. Myers' levels are set at higher percentages than those of the other named executive officers. The Compensation Committee has the discretion to pay more or less than this fixed dollar amount.

In calculating performance-based compensation for Mr. Myers, the Compensation Committee considered CVB Financial Corp.'s achievements of several important goals in 2012, including (1) core deposit growth, (2) management of operating expenses, (3) non-interest income growth in the services fees and trust fee income categories, and (4) net profit after tax (including the Net Profit After Tax Add-Back). Mr. Myers led Citizens Business Bank to another year of good performance in 2012, with reported net income of \$77.3 million for the year ended December 31, 2012, and a return on average shareholders' equity of 10.3 percent in an economic environment where growth in bank earnings remained challenging. In addition, CVB Financial Corp., maintained strong capital ratios and significant liquidity. CVB Financial Corp. declared its 94th consecutive quarterly dividend and returned over \$44.6 million to shareholders in the form of cash dividends paid in 2012. Mr. Myers surpassed the highest bonus level for average deposit growth (150%) and for operating expenses (150%), and he achieved the 100% bonus level for net profit after tax (as adjusted) and for fee income. On the other hand, Mr. Myers did not achieve the minimum 75% threshold for growth in Average Total Loans and thus received no bonus for this component. As a result of this mix of accomplishments, the Compensation Committee awarded Mr. Myers a cash bonus of \$712,500 for 2012, which represents approximately 95% of his base compensation.

Equity-Based Compensation. No new grants of stock options or restricted stock were made to Mr. Myers in 2012.

Richard C. Thomas, Executive Vice President and Chief Financial Officer and the Finance Division Manager of CVB Financial Corp. and Citizens Business Bank

Base Salary. Mr. Thomas received a base salary of \$285,000 during 2012. The Compensation Committee believes that this base salary is consistent with those of chief financial officers at our peer banks and bank holding companies.

Bonus. The maximum amount of bonus Mr. Thomas was entitled to earn under the Executive Incentive Plan for 2012 was 75% of his base salary.

In calculating performance-based compensation for Mr. Thomas, the Compensation Committee considered Mr. Thomas' role in helping CVB Financial Corp. and Citizens Business Bank manage the challenging economic environment for banks, which has continued to have a disproportionate impact on the Inland Empire and Central Valley regions of California. Mr. Thomas successfully directed the Company's deployment of capital in connection with its growing portfolio of investment securities, and thus played a key role in helping to generate net interest income which in turn supported the Company's improved performance in generating overall net income. In addition, Mr. Thomas provided operational support to achieve financial goals, including assisting with operating expense management, the safety and soundness of Citizens Business Bank, and supporting growth initiatives, strategy development and the analysis of acquisition opportunities. He also helped the Company to maintain its strong liquidity position and the interest rate sensitivity of the Company's balance sheet within approved parameters. Mr. Thomas achieved the 75% level for the two key performance measures of average demand deposit growth and operating expenses, he achieved the 50% level for the two key performance measures of net profit after tax (as adjusted) and fee income, and he earned no bonus for growth in Average Total Loans. As a result of these accomplishments, the Compensation Committee awarded Mr. Thomas a cash bonus of \$135,375 for 2012, which represents approximately 48% of his base compensation.

Equity-Based Compensation. At its meeting on March 21, 2012, the Compensation Committee awarded Mr. Thomas 5,000 restricted shares and 10,000 stock options, which amounts shall vest in equal increments on the anniversary dates of the grant date in each of the next five years of Mr. Thomas' employment with the Company. The grant price of the restricted stock and stock options was \$11.82, which was the closing price of the Company's stock on the grant date.

James F. Dowd, Executive Vice President and Chief Credit Officer of Citizens Business Bank

Base Salary. Mr. Dowd received a base salary of \$297,500 during 2012. The Compensation Committee believes that this base salary is consistent with those of executive vice presidents and chief credit officers of our peer banks and bank holding companies.

Bonus. For Mr. Dowd, the individual performance measures and their respective percentage weightings differed from our other named executive officers and were as follows:

Performance Measures	Weight	2011 Results	Level 1 25%	Level 2 50%	Level 3 75%	2012 Plan	2012 Results	Current Results As of 12/31/12

(4) Net of San Joaquin Bank mark-to-market discount and deferred loan fees.

(5) Non-covered loans only.

(6) Excludes FHLB Prepayment Expense as described on page 23.

In addition to net profit after tax, total loans and operating expenses, Mr. Dowd is also measured with respect to his efforts at creating a positive credit environment through his management of the loan portfolio, support of sales efforts, responsiveness to customers, visits to loan centers and workouts of troubled loans. Mr. Dowd's performance goals are different because his credit management functions tie more closely to these performance goals than those of any of the other named executive officers. Despite only slow improvement in the difficult credit environment in the Inland Empire and Central Valley areas of California, Mr. Dowd managed to decrease the quarterly average of loan delinquencies to 0.13% of total assets for 2012, well below the quarterly average for 2011. In addition, Mr. Dowd has provided significant leadership in our credit administration, credit policy and loan operations areas during 2012, in the face of continued economic challenges. Mr. Dowd maintained a positive credit environment at Citizens Business Bank by conducting sound portfolio management,

and by consistently demonstrating effective response times on loan applications and appropriate levels of sales support. Mr. Dowd obtained the highest bonus level (75%) for operating expenses, he achieved the 50% bonus level for the Bank's net profit after tax (as adjusted), reduction in quarterly average loan delinquencies and for maintaining a positive credit environment. He received no bonus for growth in Average Total Loans and for management of non-performing assets and OREO/total loans, since these two measures did not improve to the desired levels. As a result of this mix of accomplishments, the Compensation Committee awarded Mr. Dowd a cash bonus of \$111,563 which represents approximately 38% of his base compensation.

Equity-Based Compensation. At its meeting on March 21, 2012, the Compensation Committee awarded Mr. Dowd 5,000 restricted shares and 10,000 stock options, which amounts shall vest in equal increments on the anniversary dates of the grant date in each of the next five years of Mr. Dowd's employment with the Company. The grant price of the restricted stock and stock options was \$11.82, which was the closing price of the Company's stock on the grant date.

David A. Brager, Executive Vice President and Sales Division Manager of Citizens Business Bank

Base Salary. Mr. Brager received a base salary of \$275,000 during 2012. The Compensation Committee believes that this base salary is consistent with those of executive vice presidents of sales of our peer banks and bank holding companies.

Bonus. The maximum amount of bonus Mr. Brager was entitled to earn under the Executive Incentive Plan for 2012 was 75% of his base salary. As previously noted, the performance measures for Mr. Brager were identical to those for Mr. Myers, because Mr. Brager is responsible for the Sales Division, which is a key driver of the Company's net income, deposit gathering, loan generation, fee income and operating expenses.

(5) Excludes FHLB Prepayment Expense as described on page 23.

In calculating performance-based compensation for Mr. Brager, the Compensation Committee considered Mr. Brager's role in helping the Company to achieve a number of its important business and financial goals for 2012, in the face of a continued challenging environment for banking institutions, particularly in the Inland Empire and Central Valley regions of California, where the Bank maintains the bulk of its financial centers and operating facilities. The Compensation Committee recognized that Mr. Brager succeeded in assisting the Bank to significantly grow its deposit base and reduce its operating expenses, and to maintain its customer relationships during a period when a number of peer banking institutions struggled to do so. In support of these objectives,

Mr. Brager accomplished several key strategic initiatives, including streamlining major operating units of the Bank in the interest of improved efficiency and enhancing the Bank's product offerings to increase fee income. Mr. Brager surpassed the highest bonus level for average deposit growth (75%) and for operating expenses (75%), and he achieved the 50% bonus level for net profit after tax (as adjusted) and for fee income and non-interest income. Mr. Brager received no bonus for growth in Average Total Loans, since loan growth did not improve to the desired level, and he was the named executive officer with primary responsibility for this goal.

As a result of the application of these performance measures, Mr. Brager would have received an aggregate bonus of \$116,875, or approximately 43% of his base compensation. However, as noted above, in the case of Mr. Brager, the Compensation Committee exercised its discretion to grant a bonus outside the specific parameters of his Executive Incentive Plan. The Compensation Committee made this decision in recognition of Mr. Brager's special efforts in undertaking direct sales management of Region 2 (Orange County) of Citizens Business Bank's four geographic sales regions, which was necessary due to the fact that the position of Senior Vice President for Sales and Service for Region 2 was vacant for all of 2012. Mr. Brager fulfilled this responsibility in addition to his role as Executive Vice President and Sales Division Manager, and the Compensation Committee elected to award Mr. Brager an additional discretionary bonus of \$32,000 to acknowledge his services to and support of Region 2. This resulted in Mr. Brager's receiving a final bonus for 2012 in the amount of \$148,875, which represents approximately 54% of Mr. Brager's base compensation.

Equity-Based Compensation. At its meeting on March 21, 2012, the Compensation Committee awarded Mr. Brager 5,000 restricted shares and 10,000 stock options, which amounts shall vest in equal increments on the anniversary dates of the grant date in each of the next five years of employment with the Company. The grant price of the restricted stock and stock options was \$11.82, which was the closing price of the Company's stock on the grant date.

David C. Harvey, Executive Vice President Chief Operations Officer of Citizens Business Bank

Base Salary. Mr. Harvey received a base salary of \$270,000 during 2012. The Compensation Committee believes that this base salary is consistent with those of the executive vice presidents for operations of our peer banks and bank holding companies.

Bonus. The maximum amount of bonus Mr. Harvey was entitled to earn under the Executive Incentive Plan for 2012 was 75% of his base salary. The performance measures for Mr. Harvey were different from those of the other named executives, because his bonus compensation is designed to align more with Division Management, which includes staff recruitment, organizational structure and execution, technology enhancement, product development and implementation, cost control and project management. The Compensation Committee evaluated Mr. Harvey's performance by the following measures when considering whether to grant him a bonus for 2012:

Performance Measures	Weight	2011 Results	Level 1 25%	Level 2 50%	Level 3 75%	2012 Plan	2012 Results	Current Results As of 12/31/12
Net Profit After Tax (CVBF)(1)	30%	\$ 81,733	\$ 82,000	\$ 86,000	\$ 90,000	\$ 82,000	\$ 89,242	50%

- (1) Includes Net Profit After Tax Add-Back as described on page 23.
- (2) Non-Interest Bearing.
- (3) Includes loan and prepayment fees and excludes credit charges.
- (4) Staff recruitment/development, organizational structure and execution, technology enhancement, product development and implementation, cost control, and project management.
- (5) Excludes FHLB Prepayment Expense as described on page 23.

In calculating the performance-based compensation for Mr. Harvey, the Compensation Committee considered Mr. Harvey's key role in achieving a number of the Company's important operational objectives for 2012, including significant upgrades of the Bank's information technology platform, the implementation or enhancement of new or improved services for Bank customers such as on-line banking and remote deposit capture, and improved customer service in the Bank's financial centers. In addition, Mr. Harvey helped the Company reduce its operating expenses in a number of support service areas, as part of the Company's successful reduction in its expense ratios. The Compensation Committee determined that Mr. Harvey demonstrated effective leadership in this area. Mr. Harvey achieved the 75% level for the two key performance measures of average deposit growth and operating expenses, and he achieved the 50% bonus level for net profit after tax (as adjusted), Division Management and fee income, and non-interest income. As a result of these accomplishments, the Compensation Committee awarded Mr. Harvey a cash bonus of \$155,250 for 2012, which represents approximately 58% of his base compensation.

Equity-Based Compensation. At its meeting on March 21, 2012, the Compensation Committee awarded Mr. Harvey 5,000 restricted shares and 10,000 stock options, which amounts shall vest in equal increments on the anniversary dates of the grant date in each of the next five years of employment with the Company. The grant price of the restricted stock and stock options was \$11.82, which was the closing price of the Company's stock on the grant date.

Retirement Plans

The CVB Financial Corp. 401(k)/Profit Sharing Plan primarily provides retirement benefits to all eligible employees, including our named executive officers. It also has death and disability features.

All eligible employees also receive a Qualified Non-Elective Contribution to the 401(k) portion of the plan, which is immediately vested. Annual contributions are made solely by CVB Financial Corp. These contributions are guaranteed to eligible 401(k) participants. For 2012, CVB Financial Corp. contributed \$1,507,049, or 3% of total eligible employee base salary and bonus to the Qualified Non-Elective Contribution. Of this amount, \$37,500 was contributed to the accounts of the named executive officers. We allocate contributions proportionately to the accounts of plan participants based on their base salaries and bonuses.

For Profit Sharing, employees become eligible upon completing at least one year of service and 1,000 hours of employment in the applicable calendar year. Plan participants become fully vested in amounts contributed upon reaching six years of service. Contributions to the Profit Sharing Plan are made by CVB Financial Corp. at the discretion of the Board of Directors. For 2012, CVB Financial Corp. contributed \$866,810, or 2% of total eligible employee base salary to the Profit-Sharing Plan. Of this amount, \$25,000 was contributed to the accounts of the named executive officers.

Deferred Compensation Program

The Compensation Committee has the discretion to contribute amounts to Christopher D. Myers' deferred compensation plan and has guaranteed him a fixed rate of return of 6% plus a bonus rate equal to the sum, if any, of the Treasury Bond Rate plus 2% less 6%. The Compensation Committee gave Mr. Myers a guaranteed rate of return in order to induce him to join CVB Financial Corp. in 2006.

We also have a broader based deferred compensation program for certain other employees, including the other named executive officers and our directors. There is no guaranteed rate of earnings on this broader deferred compensation program. These programs allow the named executive officers to realize certain tax benefits for compensation that they otherwise earn, as permitted by the Compensation Committee.

Health and Welfare Benefits

Health and welfare benefits are an additional part of compensation. We offer our employees a full range of medical, dental, vision, life and long-term disability coverage. All employees, including our named executive officers, pay approximately 25% of the costs, while the Company pays the remaining 75%. We believe these benefits are comparable to those offered to employees by peer banks and financial institutions.

Change in Control Agreements

To ensure the continuity of management in the event of a change in control of the Company, each of our current named executive officers entered into a severance compensation agreement with change in control features or, in the case of our Chief Executive Officer, has change in control features incorporated into his existing employment agreement. To receive benefits under the change in control provisions, there must be a change in control of CVB Financial Corp. or Citizens Business Bank, and the executive's employment must terminate (whether by the successor corporation or by the employee himself) within one year of the occurrence of that change in control. The Compensation Committee believes that this trigger helps ensure successful integration in a change in control and allows the executive officer to be compensated if either the successor company or the executive himself believes continuing on with a successor following a change in control is not in his best interest. Additionally, all outstanding unvested stock options or restricted stock would accelerate upon the occurrence of a change in control. For further information regarding these change in control provisions, see [Potential Payments Upon Termination or Change in Control](#) below. Payments under these change in control agreements did not influence the Compensation Committee's decisions with respect to other aspects of the named executive officers' compensation, since the Compensation Committee believes that payments following termination of service may never occur, while payment for services rendered provide an immediate benefit which enhances shareholder value.

Tax Deductibility and Executive Compensation

Section 162(m) of the Internal Revenue Code generally limits the corporate deduction for compensation paid to our named executive officers to \$1 million per individual, unless certain requirements are met which establish that compensation as performance-based. The Compensation Committee has considered the impact of this tax code provision, and attempts, to the extent practical, to implement compensation policies and practices that maximize the potential income tax deductions available to us by qualifying such policies and practices as performance-based compensation exempt from the deduction limits of Section 162(m).

The Compensation Committee will continue to review and modify our compensation practices and programs as necessary to ensure our ability to attract and retain key executives while taking into account the deductibility of compensation programs. The Company's bonus plans for named executive officers for 2012 are designed generally to satisfy the deductibility requirements of Section 162(m). Similarly, equity grants under our stock-based incentive plans and amounts paid pursuant to our Executive Incentive Plan, which was approved by our shareholders in 2011, are designed generally to satisfy the deductibility requirements of Section 162(m).

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Discussion of Compensation Policies and Practices Related to Risk Management

The Compensation Committee noted that, while CVB Financial Corp.'s incentive compensation programs reward employees, including senior executives, based in part on their business line performance and the achievement of certain performance objectives, specifically loan and deposit growth, fee income, net profit after tax, and operating expense management, which presented the potential for excessive risk taking, CVB Financial Corp. also has a practice of paying long-term compensation as a significant portion of total compensation and an emphasis on overall performance in compensation decisions. Additionally, the Compensation Committee found that CVB Financial Corp., through the monitoring of its Audit Committee, its Management Compliance Committee, and its Risk Management Committee, has appropriate compliance, internal control, and disclosure review and reporting programs, including regular review by the Loan Committee of both underwriting standards and Citizens Business Bank's major banking relationships. Further, Citizen Business Bank's Chief Risk Officer actively oversees the compliance with the requirements of the Risk Management Policy and Program and is in regular contact with the foregoing committees to address material risks. Finally, CVB Financial Corp.'s stock ownership guidelines and the prohibition on, and right to discipline employees for, manipulating business goals for compensation purposes in accordance with the Code of Ethics also contribute to mitigating any risk associated with compensation incentives. Ultimately, the Compensation Committee determined that the foregoing measures provided adequate safeguards that would either prevent or discourage any excessive risk taking.

Summary of Compensation

The following table sets forth the compensation awarded to, earned by or paid for services received by our named executive officers for the last three fiscal years ended December 31, 2012, 2011 and 2010 (or such shorter periods of time as such executives have been serving us as named executive officers).

- (1) The only named executive officer who received a discretionary bonus for 2012 was David A. Brager, as discussed on page 29. The other four named executive officers were not paid any discretionary bonuses for 2012, and all applicable named executive officers received incentive compensation awards for 2012 pursuant to the Company's Executive Incentive Plan. No discretionary bonuses were paid for 2011 because the incentive compensation awards paid to all the named executive officers were paid pursuant to the Company's Executive Incentive Plan. For 2010, the bonuses paid to the applicable five named executive officers were discretionary and paid outside the Executive Incentive Plan.
- (2) Pursuant to SEC regulations regarding the valuation of equity awards, amounts in columns (e) and (f) represent the applicable full grant date fair values of stock awards and stock options in accordance with FASB ASC Topic 718, excluding the effect for forfeitures. These amounts correspond to our accounting expense and do not correspond to the actual value that will be realized by the named executive officers. For information on the valuation assumptions, refer to the Note on Stock Option Plans and Restricted Stock Grants in the financial statements filed with our Annual Report on Form 10-K for the respective year end.
- (3) Cash bonuses paid to Messrs. Myers, Thomas, Dowd, Brager, and Harvey under the Executive Incentive Plan were awarded by the Compensation Committee in February 2013.
- (4) The amount included in column (h) for 2012 represents the amount of interest which exceeds 120% of the applicable federal long-term rate (as prescribed under Section 1274(d) of the Internal Revenue Code) on deferred compensation for Mr. Myers at December 31, 2012.
- (5) The amounts shown in column (i) reflect the following for each of the executives for 2012:
 - (a) Mr. Myers' other compensation represents \$25,885 for country club dues, \$22,393 for health benefits, \$816 for life insurance premiums, \$12,500 for a contribution to the 401(k)/ Profit Sharing Plan, \$3,106 for the personal use of a company car, a \$150 gift card, and \$4,625 for expenses associated with his spouse's attendance with him at certain business conferences and seminars.

Grants of Plan-Based Awards

Because the Company's practice is to make regular grants of stock options and/or restricted stock in even-numbered years, the Company awarded 5,000 shares of restricted stock and 10,000 stock options to each named executive officer during 2012, except in the case of the Company's CEO and President, Christopher D. Myers.

The following table illustrates equity and cash incentive awards during 2012.

Name	Grant Date	Estimated Possible Payouts Under Non-Equity Incentive Plan Awards		All other stock Awards: Number of Shares of Stock or Units (#)	Option Awards: All Other: Number of Securities Underlying Options (#)	Exercise or Base Price of Option Awards (\$/Sh)	Grant Date Fair Value of Stock and Option Awards (\$)(2)

Discussion of Summary Compensation and Grant of Plan-Based Awards Tables

Our executive compensation policies and practices, pursuant to which the compensation set forth in the Summary Compensation Table and the Grants of Plan-Based Awards Table was paid or awarded, are described above under Compensation Discussion and Analysis. A summary of certain material terms of our compensation plans and arrangements is set forth below.

Employment Agreement with Chief Executive Officer

CVB Financial Corp. and Citizens Business Bank entered into an employment agreement with Christopher D. Myers, pursuant to which he serves as the President and Chief Executive Officer of CVB Financial Corp. and Citizens Business Bank. The agreement became effective on September 16, 2009 and provides for a five-year term. The employment agreement provides, during the employment term, for, among other things, (a) a minimum

base salary of \$750,000 per year; (b) an annual bonus consistent with Citizens Business Bank's applicable executive incentive compensation program, based upon Mr. Myers' performance and accomplishment of business and financial goals during the complete fiscal year and the overall financial performance of Citizens Business Bank; (c) the one-time grant of a restricted stock award of 250,000 shares of CVB Financial Corp.'s common stock under our 2008 Equity Incentive Plan; (d) the grant of stock options to purchase 500,000 shares of CVB Financial Corp.'s common stock under our 2008 Equity Incentive Plan; (e) continued participation in a deferred compensation program created for Mr. Myers benefit with a guaranteed 6% earnings rate; (f) eligibility to participate in group benefit plans and programs of CVB Financial Corp.; (g) reimbursement for reasonable, ordinary and necessary business expenses incurred by Mr. Myers in connection with his use of a Bank-provided automobile; (h) reimbursement for the reasonable cost of one country club membership and an additional country club membership at the discretion of Citizens Business Bank; and (i) reimbursement for reasonable, ordinary and necessary business expenses incurred by Mr. Myers in connection with the performance of his duties as President and Chief Executive Officer of CVB Financial Corp. and Citizens Business Bank.

The restricted stock grant of 250,000 shares vests in five equal installments on each anniversary of the date of grant, such that on September 16, 2014, the entire grant will be vested. Dividends are paid on Mr. Myers' restricted stock at the same rate as dividends declared on all other shares of our common stock. In the event of a change in control of CVB Financial Corp. or Citizens Business Bank, all the vesting restrictions lapse. The Compensation Committee has the authority, in its sole and absolute discretion, to remove any or all of the vesting restrictions on the stock grant.

The following is a description of our 2008 Equity Incentive Plan (the "2008 Plan"):

2008 Equity Incentive Plan

The 2008 Plan provides for grants of stock options and restricted stock (sometimes referred to individually or collectively as "Awards") to non-employee directors, officers, employees and consultants of CVB Financial Corp. and its subsidiaries. Stock options may be either incentive stock options ("ISOs"), as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or non-qualified stock options ("NQSOs").

Administration

Our Compensation Committee currently administers our 2008 Plan. The 2008 Plan terminates in 2018. However, such termination will not affect Awards granted under the 2008 Plan prior to termination.

When Awards made under the 2008 Plan expire or are forfeited, the underlying shares become available for future Awards under the 2008 Plan. Shares awarded and delivered under the 2008 Plan may be authorized but unissued, or reacquired, shares.

Eligibility for Awards

Employees, officers, consultants and non-employee directors of CVB Financial Corp. or its subsidiaries may be granted Awards under the 2008 Plan. As of March 1, 2013, there were seven non-employee directors, five named executive officers, and 397 officers (who are not named executive officers) eligible to receive Awards under the 2008 Plan. The Compensation Committee determines which individuals will receive Awards, as well as the number and composition of each Award. Awards under the 2008 Plan may consist of either stock options or restricted stock or a combination of both as determined by the Compensation Committee (or by the full Board of Directors in the case of Awards to non-employee directors). These decisions may be based on various factors, including a participant's duties and responsibilities, the value of the participant's past services, his/her potential contributions to CVB Financial Corp.'s success, and other factors.

Exercise Price

The Compensation Committee determines the exercise price for the shares underlying each Award on the date the Award is granted. The exercise price for shares under an ISO may not be less than 100 percent of fair market value (our closing stock price) on the date the Award is granted under Code Section 422. Similarly, under the terms of the 2008 Plan, the exercise price for NQSOs may not be less than 100 percent of fair market value on the date of grant.

Amendments; Adjustments

Except for adjustments upon changes in capitalization, dissolution, merger or asset sale, the 2008 Plan prohibits CVB Financial Corp. from making any material amendments to the 2008 Plan or decreasing the exercise price or purchase price of any outstanding Award (including by means of cancellation or re-grant) without shareholder approval.

No participant may be granted Awards in any one year to purchase more than an aggregate 100,000 shares, with the exception of Christopher D. Myers who, in 2009, was granted 250,000 shares of restricted stock and options to purchase 500,000 shares of common stock in connection with his renewed employment agreement. Such limitation is subject to proportional adjustment in connection with any change in CVB Financial Corp. s capitalization as described in the 2008 Plan.

Exercisability

The Compensation Committee determines when Awards become exercisable. However, no Award may have a term longer than ten years from the date of grant unless otherwise approved by CVB Financial Corp. s shareholders, and no Award may be exercised after expiration of its term. An Award that becomes exercisable based on the participant s continuous status as an employee, consultant or non-employee director, must require no less than a three year vesting period for such Award to become exercisable in full. The 2008 Plan permits the Compensation Committee to accelerate the vesting of stock options and to reduce the period of restriction on restricted stock to less than three years in the event the continuous service of an employee or consultant terminates due to death or retirement. After an Award is granted, the Compensation Committee has the authority to change the terms and conditions of Awards, including changing vesting provisions or removing restrictions, subject to compliance with the terms of the 2008 Plan. Payment for any shares issued upon exercise of an Award shall be specified in each participant s Award agreement, and may be made by cash, check or other means specified in the 2008 Plan.

Effect of Termination, Death, or Disability

If a participant s employment, consulting arrangement, or service as a non-employee director terminates for any reason, vesting of ISOs and NQSOs generally will stop as of the effective termination date. Participants generally have three months from their termination date to exercise vested unexercised options before they expire. Longer post-termination exercise periods apply in the event the termination of employment or cessation of service results from death or disability, and retirement in the case of nonqualified stock options. If a participant is dismissed for cause, the right to exercise shall terminate immediately upon such termination.

Non-Transferability of Awards

Unless otherwise determined by the Compensation Committee, Awards granted under the 2008 Plan are not transferable other than by will or the laws of descent and distribution, and may be exercised by the participant only during the participant s lifetime. With the approval of the Compensation Committee, NQSOs and restricted stock may be transferred in certain instances by gift to family members, a trust for the benefit of a participant and/or members of the participant s immediate family, or certain other related parties.

Restricted Stock

The 2008 Plan also permits CVB Financial Corp. to make grants of restricted stock. The Compensation Committee has discretion to establish periods of restriction during which shares awarded remain subject to forfeiture or CVB Financial Corp.'s right to repurchase if the participant's employment terminates for any reason (including death or disability). Restrictions may be based on the passage of time, the achievement of specific performance objectives, or other measures as determined by the Compensation Committee in its discretion. The period of restriction shall not be less than one year for Awards that are earned based on the attainment of performance goals, and less than three years for Awards that are earned based on continuous status as an employee, consultant or director. During periods of restriction, a participant has the right to vote his/her restricted stock and to receive distributions and dividends, if any, but may not sell or transfer any such shares in a manner which has not been approved by the Compensation Committee.

Changes in Capitalization; Change in Control

The 2008 Plan provides for exercise price and quantity adjustments if CVB Financial Corp. declares a stock dividend or stock split. Also, unless otherwise provided in an award agreement, in the event of a change in control, then all Awards under the 2008 Plan will accelerate and become fully exercisable and all restrictions and conditions on any Award then outstanding will lapse as of the date of the change in control. Change in control means the occurrence of any of the following: (a) any person becomes the beneficial owner of securities of CVB Financial Corp. representing 50% or more of the total voting power represented by CVB Financial Corp.'s then-outstanding voting securities; (b) the consummation of the sale or disposition by CVB Financial Corp. of all or substantially all of its assets; (c) the consummation of a liquidation or dissolution of CVB Financial Corp.; or (d) the consummation of a merger or consolidation of CVB Financial Corp. with any other corporation, with certain exceptions. Upon consummation of a change in control, except as determined by the Board of Directors, the 2008 Plan and any Award which is exercisable but not exercised shall terminate unless provision is made for the assumption of the 2008 Plan and/or Awards in connection with the change in control.

Outstanding Equity Awards

The following table lists the outstanding equity awards for our named executive officers at December 31, 2012. All of the awards have been adjusted for the stock dividends and stock splits declared by CVB Financial Corp. since the grant date if any. Unless otherwise specified, all of the option awards listed vest at a rate of 20% per year and expire ten years from the date of grant and all of the restricted stock awards vest over a five-year period from the date of grant.

Outstanding Equity Awards at Fiscal Year-End Table

Deferred Compensation

Christopher D. Myers may defer up to 75% of his base salary and up to 100% of his bonus under a deferred compensation plan, adopted in 2007 for his benefit, for each calendar year in which the plan is effective. CVB Financial Corp. has the discretion to make additional contributions to the plan for the benefit of Mr. Myers. Interest is credited to Mr. Myers' account balance at a fixed rate of at least 6% plus a bonus rate equal to the sum, if any, of the Treasury Bond Rate plus 2% less 6%. The Compensation Committee has the discretion to make available to Mr. Myers one or more measurement funds, based on certain mutual funds, for the purpose of crediting or debiting additional amounts to Mr. Myers' deferrals. The amount to be credited to Mr. Myers' account balance is determined assuming Mr. Myers' account balance had been hypothetically allocated among the measurement funds.

Edgar Filing: CVB FINANCIAL CORP - Form DEF 14A

Mr. Myers may elect to receive scheduled distributions from the plan at his discretion. In addition, Mr. Myers may elect to receive all or part of his plan balance following retirement in one lump sum or in annual installments for a period of up to 15 years.

We also adopted the Deferred Compensation Plan for Directors and Certain Specified Officers, effective as of February 21, 2007, for the benefit of our directors and named executive officers (other than Mr. Myers) and certain other executives and employees. Under this Plan, each participant may defer up to 90% of his or her base salary and up to 100% of his or her bonus, any commission, and any independent contractor compensation, for each calendar year in which the Plan is effective. This Plan does not provide for a guaranteed yield or return.

The following table shows contributions and earnings during 2012 and account balances as of December 31, 2012, under CVB Financial Corp.'s nonqualified deferred compensation plan for Mr. Myers and the Deferred Compensation Plan for Directors & Certain Specified Officers which covers our other named executive officers.

Of the amount included in column (f), \$59,217 represents the aggregate amount of the above-market earnings reported as compensation to Chris Myers in the Company's Summary Compensation Table for previous years (2011 and 2010) as presented.

Director Compensation

CVB Financial Corp. uses a combination of cash and stock-based compensation to attract and retain qualified individuals to serve as directors. Each director is expected to own \$100,000 in company stock within one year of becoming a director as a minimum ownership position.

Only non-employee directors are entitled to receive monthly cash compensation for serving on the Board of Directors. Each Director who is not a Vice Chairman or Chairman of the Board receives \$4,167 per month for an annualized total of \$50,000. Our Vice Chairman receives \$8,333 monthly or an annualized total of \$100,000 for the year. Our Chairman of the Board receives \$11,917 per month, totaling \$143,000 on an annualized basis. The Board of Directors holds monthly meetings of the Board of Directors and its committees, and also meets in various committees on other occasions. Our Chairman and Vice Chairman meet weekly with our President and Chief Executive Officer, forming the Executive Committee of the Board of Directors.

CVB Financial Corp. generally awards stock options to non-employee members of the Board of Directors every two years in even-numbered years. In 2012, each non-employee member of our Board of Directors received an award of 10,000 shares of restricted stock. In addition, in 2012, the Compensation Committee elected to accelerate the vesting of the unvested stock options for the three directors who retired or passed away during 2012.

In August 2011, the Company changed its policy on whether non-employee members of the Board of Directors are allowed to participate in the Company's health and welfare benefit plans. Directors who joined the

Board of Directors after August 2011 (George A. Borba, Jr., Stephen A. Del Guercio and Raymond V. O'Brien III) are not entitled to receive health and welfare benefits from the Company. However, directors who joined the Board of Directors prior to August 2011 were allowed to participate in the Company's health and welfare benefit plans at the same level and extent as the employees of CVB Financial Corp., and it was decided that, for these directors (Ronald O. Kruse, D. Linn Wiley, Robert M. Jacoby and San E. Vaccaro), such benefits would continue to be offered. For the four directors who are allowed to participate, these benefits include medical, dental, vision, long-term disability and life insurance. The four participating non-employee directors pay the same amount for insurance as employees of a similar age and dependency status.

As noted above in our discussion on page 17, the Compensation Committee also engaged EW Partners in August 2012 to review Board of Director compensation, at the same time as the firm conducted its review of named executive officer compensation. For the purpose of this review, EW Partners relied on a similar mix of survey and proxy data involving the same peer groups of banks listed on page 20, with asset sizes ranging from approximately \$3 billion to \$12 billion. The Compensation Committee requested this review because it believes that retention and continuity of board service is important to our success, and because we seek to provide an appropriate blend of cash compensation and equity-based incentives to better align board and shareholder perspectives and interests. On the basis of its survey, EW Partners reported that our overall compensation package for the members of our Board of Directors is competitive with our peer group of commercial banking organizations.

The following table summarizes the compensation earned or paid to our non-employee directors during 2012. This table includes any director who passed away or retired during 2012, if such director earned or was paid any compensation by the Company during 2012 (including the value of any applicable health and welfare benefits). Compensation paid to Mr. Myers is set forth in the Summary Compensation Table, since Mr. Myers is a named executive officer and does not receive separate compensation for serving on the Board of Directors.

- (1) Pursuant to SEC regulations regarding the valuation of equity awards, the amounts in this column represent the applicable full grant date fair values of awards of restricted stock or stock options in accordance with FASB ASC Topic 718, excluding the effect of any forfeitures. Mr. O'Brien received his award of 10,000 restricted shares on September 19, 2012, at a closing price for that date of \$12.36; the other six non-employee directors received their respective awards of 10,000 restricted shares of the Company's stock on November 20, 2012, at a closing price for that date of \$9.99. These amounts correspond to our accounting expense and do not correspond to the actual value that will be realized by the directors. For information on the valuation assumptions, refer to the Note on Stock Option Plans and Restricted Stock Grants in the financial statements filed with our Annual Report on Form 10-K for the year end 2012.
- (2) All of the directors' other compensation represents health and welfare benefits, except for (i) Mr. Kruse, whose compensation also includes \$1,553 for certain travel expenses, and (ii) Mr. Wiley, whose

compensation also includes \$6,000 for teaching courses in Productive Selling for Citizens Business Bank employees. As noted above, the Company decided to stop offering to provide health and welfare benefits to new directors in August 2011, prior to the accession of Mr. G. Borba, Jr., Mr. Del Guercio and Mr. O'Brien to the Board of Directors, but the Company elected to maintain health insurance benefits to the four existing non-employee directors who joined the Board of Directors prior to August 2011.

- (3) Prior to his death on October 23, 2012, Mr. George A. Borba (Sr.) was the Chairman of the Board and of the Executive, Compensation, and Nominating and Corporate Governance Committees.
- (4) Mr. Kruse is Chairman of the Board and of the Executive, Compensation and Nominating and Corporate Governance Committees, and Mr. Wiley is Vice Chairman of the Board.
- (5) Mr. G. Borba, Jr. joined the Board of Directors on November 14, 2012; Mr. Del Guercio joined the Board of Directors on October 30, 2012; and Mr. O'Brien joined the Board of Directors on September 19, 2012.
- (6) Mr. J. Borba retired from the Board of Directors on November 30, 2012; and Mr. Seley retired from the Board of Directors on August 31, 2012.

On December 31, 2012, our non-employee directors held options to purchase our common stock in the following amounts: Mr. Kruse, 100,469 options; Mr. Wiley, 126,251 options; Mr. G. Borba, Jr., 120,469 options; Mr. Del Guercio, no options; Mr. Jacoby, 57,500 options; Mr. O'Brien, no options; and Mr. Vaccaro, 100,469 options.

Potential Payments Upon Termination or Change in Control

We have Severance Compensation Agreements with each of our named executive officers, except for Mr. Myers whose employment agreement provides for separate termination payments in the event of a change in control. Under Mr. Myers' employment agreement, if he is terminated for cause, he will be paid his base salary earned through the date of termination, as well as pay for any vacation accrued but not used as of that date. If Mr. Myers' employment is terminated without cause (other than in connection with a change in control as defined in the agreement), then Mr. Myers will be entitled to (i) his base salary earned through the termination date plus any accrued but unused vacation pay, and (ii) a one-time lump sum payment equal to two times of his then-current annual base salary. The payments will be made in equal installments on Citizens Business Bank's normal payroll dates over a 24-month period, subject to acceleration into one lump sum to extent required by Section 409A of the Internal Revenue Code.

If Mr. Myers terminates his employment or his employment is terminated during the year following a change in control of CVB Financial Corp. or Citizens Business Bank for any reason (including resignation by Mr. Myers for any reason within one year of a change in control), Mr. Myers would be entitled to receive an amount equal to two times his annual base salary for the last calendar year immediately preceding the change in control plus two times the average annual bonus received for the last two calendar years ended immediately preceding the change in control.

If Mr. Myers' employment is terminated in connection with a disability, Mr. Myers would be entitled to an amount equal to the difference between any insurance proceeds he is entitled to receive under Citizens Business Bank's insurance plans and his base salary for 12 months. The payments will be made in equal installments on Citizens Business Bank's normal payroll dates.

If Mr. Myers' employment is terminated by death or for cause, he is entitled to receive his salary earned through the date of termination plus his accrued vacation pay. In connection with his death, Citizens Business Bank will make the payment in one lump-sum.

The receipt by Mr. Myers of payments in connection with his termination without cause, or upon disability or death, or in connection with a change in control is conditioned upon execution of a release in favor of CVB Financial Corp. and Citizens Business Bank. In addition, Mr. Myers has agreed in his employment agreement not to solicit any customers or fellow employees for a period of one year following his termination of employment.

For our other named executive officers, if they terminate their employment or their employment is terminated during the year following a change in control for any reason (including resignation within one year of a change in control, but other than for cause), the named executive will receive an amount equal to twice the executive's annual base compensation plus two times the average of the last two years' bonuses paid to the executive for the last calendar year immediately preceding the change in control. This amount will be paid in 24 equal monthly installments (without interest or other adjustment) on the first day of each month commencing with the first such date that is at least six (6) months after the date of the named executive officer's separation from service (as such term is defined for purposes of Section 409A of the Internal Revenue Code pursuant to Treasury Regulations and other guidance promulgated thereunder) and continuing for successive months thereafter.

The Compensation Committee believes these change in control agreements are important for its executives. By means of these agreements, CVB Financial Corp. believes it is more likely that an executive would remain in place to assist an acquirer through the term of a change in control. These agreements also assist an executive who may be displaced because of the change in control.

The table below reflects the amount of compensation that would be awarded to each of the named executive officers in the event of termination of such executive's employment under the circumstances described below. The amounts shown assume that such termination was effective as of December 31, 2012, and thus includes amounts earned through such time and are estimates of the amounts which would be paid to the executives upon their termination. The actual amounts to be paid can only be determined at the time of such executive's separation.

Payments Made Upon Termination

Regardless of the manner in which a named executive officer's employment terminates, he is entitled to receive amounts earned during his term of employment. Such amounts include:

Incentive compensation earned during the year;

Stock options or restricted stock which has already vested;

Amounts contributed under the 401(k) Profit Sharing Plan and any deferred compensation plan; and

Unused vacation pay.

Since these earned amounts would be payable to employees or officers generally, they are not included in the table below, which describes the potential and specific payments to which the named executive officers are or would be entitled upon termination.

Payments Made Upon Retirement

Other than the items identified immediately above under *Payments Made Upon Termination* and in the next paragraph, the named executive officers receive no benefits in the event of retirement, except that the 2008 Plan permits the Compensation Committee to accelerate the vesting of stock options and to reduce the period of restriction on restricted stock to less than three years in the event the continuous service of an employee or consultant terminates due to retirement or death.

Payments Made Upon Death or Disability

In the event of the death or disability of a named executive officer, in addition to the benefits listed under the headings *Payments Made Upon Termination* above, the named executive officer will receive benefits under our disability plan or payments under our life insurance plan, as appropriate.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee except D. Linn Wiley has ever been an officer or employee of CVB Financial Corp. or any of its subsidiaries. Mr. Wiley served as the President and Chief Executive Officer of CVB Financial Corp. and Citizens Business Bank from 1991 until August 1, 2006.

Legal Proceedings

Shortly after CVB Financial Corp. disclosed the receipt of an SEC subpoena and the commencement of an SEC investigation, and as previously disclosed in our Annual Reports on Form 10-K for the years ended December 31, 2011 and December 31, 2012, two putative shareholder class action complaints were filed against CVB Financial Corp. in federal court in the United States District Court for the Central District of California. Both complaints named CVB Financial Corp., Christopher Myers and Edward J. Biebrich, Jr. (the former Chief Financial Officer of CVB Financial Corp.) as defendants. On January 21, 2011, the Court consolidated these two complaints to a single suit, appointed the Jacksonville Police and Fire Pension Fund as Lead Plaintiff, and approved Lead Plaintiff's selection of the law firm of Bernstein Litowitz as Lead Counsel. On March 7, 2011, Lead Plaintiff filed a Consolidated and Amended Class Action Complaint against CVB Financial Corp., Myers and Biebrich asserting violations of the federal securities laws and seeking compensatory damages for losses in share value and other relief. On May 13, 2011, defendants filed a motion to dismiss the consolidated complaint, and the District Court issued a ruling on January 12, 2012. The District Court's ruling granted defendants' motion to dismiss the consolidated complaint but provided plaintiffs with leave to file an amended complaint within 45 days of the date of the order. On February 27, 2012, plaintiffs filed an amended complaint against the same defendants, and on March 26, 2012, defendants filed a motion to dismiss the plaintiffs' amended complaint. The District Court held a hearing on June 4, 2012, and issued its order granting the Company's motion to dismiss the amended complaint on August 21, 2012, but with leave for the plaintiffs to file a second amended complaint within 30 days of the effective date of the order. On September 20, 2012, plaintiffs filed a second amended complaint against the same defendants. The Company's motion to dismiss was filed on October 25, 2012. Plaintiffs filed their opposition to the motion to dismiss on December 3, 2012, and the Company filed its reply to this opposition on December 20, 2012. The District Court has taken CVB Financial Corp.'s motion to dismiss under submission.

On February 28, 2011, we received a copy of a similar complaint for a purported shareholder derivative action in California State Superior Court in San Bernardino County. The complaint names as defendants the members of our Board of Directors and also refers to unnamed defendants allegedly responsible for the conduct alleged. CVB Financial Corp. is included as a nominal defendant. The complaint alleges breaches of fiduciary duties, abuse of control, gross mismanagement and corporate waste. Specifically, the complaint alleges, among other things, that defendants engaged in accounting manipulations in order to falsely portray CVB Financial Corp.'s financial results in connection with its commercial real estate portfolio. Plaintiff seeks compensatory and exemplary damages to be paid by the defendants and awarded to CVB Financial Corp., as well as other relief. On June 20, 2011, defendants filed a demurrer requesting dismissal of the derivative complaint. Following the filing by both sides of additional motions, the parties filed a notice on September 30, 2011 to postpone the Court's hearing on defendants' demurrer until January 12, 2012, and a series of subsequent agreed postponements have extended this date to at least September 11, 2013.

Because we are still in the pre-trial, procedural stages of both the federal securities shareholder class action and the state shareholder derivative action, we cannot predict any range of loss or even if any loss is probable related to the actions discussed above. CVB Financial Corp. and the individual named defendants collectively intend to vigorously defend themselves against the securities class action and the shareholder derivative lawsuit allegations.

Certain Relationships and Related Transactions

Some of the directors and executive officers of CVB Financial Corp. and associates of them were customers of, and had loans and commitments with Citizens Business Bank and its subsidiary in the ordinary course of its

business during 2011, and we expect such transactions will continue in the future. All of these loans and commitments were made on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable transactions with other persons of similar creditworthiness who were not related to Citizens Business Bank and comply with the provisions of the Sarbanes-Oxley Act of 2002. In our opinion, these transactions did not involve more than a normal risk of collectability or present other unfavorable features.

Policies and Procedures for Approving Related Person Transactions

CVB Financial Corp. has a Related Person Transaction Policy which prescribes policies and procedures for approving a Related Person Transaction. The term Related Person Transaction is defined as a transaction or arrangement (or any series of similar transactions or arrangements), in which CVB Financial Corp. (including any of its subsidiaries) was, is or will be a participant and the amount involved exceeds \$25,000, and in which any Related Person had, has or will have a direct or indirect interest. Related Person is defined as:

Any person who is, or at any time since the beginning of CVB Financial Corp.'s last fiscal year was, a director or executive officer of CVB Financial Corp. or a nominee to become a director of CVB Financial Corp.;

Any person who is known to be the beneficial owner of more than 5% of any class of CVB Financial Corp.'s voting securities;

Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than 10% of CVB Financial Corp.'s equity securities, to file reports of ownership and changes in ownership with the SEC. The SEC requires executive officers, directors and greater than 10% shareholders to furnish to us copies of all Section 16(a) forms they file.

Based solely on our review of these reports and of certifications furnished to us, we believe that, during the fiscal year ended December 31, 2012, all executive officers, directors and greater than 10% beneficial owners complied with all applicable Section 16(a) filing requirements, except that the Form 3's for each of The George Borba Family Trust, The Borba Children's Holding Trust and Linda B. Gourdikian (as co-trustee of the Trusts) were not timely filed upon the Trusts and co-trustee becoming subject to Section 16.

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

We have selected KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2012. The Audit Committee appoints our independent auditors. KPMG LLP has served as our independent registered public accountants since July 5, 2007. KPMG LLP has provided audit services at customary rates and terms.

Principal Auditors and Fees

The aggregate fees CVB Financial Corp. incurred for audit and non-audit services provided by KPMG LLP, who acted as our independent registered public accountants for the fiscal years ended December 31, 2012 and 2011 were as follows:

Audit Related Fees(2)		150,000
Tax Fees(3)	59,082	58,000
All Other Fees(4)		6,100
Total	\$ 812,523	\$ 941,365

- (1) Audit fees consisted of fees for the audit of CVB Financial Corp. s consolidated financial statements, internal controls over financial reporting and review of financial statements included in CVB Financial Corp. s quarterly reports. These include estimated costs to complete the integrated audit for the years ended December 31, 2012 and 2011.
- (2) Audit-related fees consisted of fees billed for professional assurance and related services other than those noted in footnote (1) above.

The Audit Committee s pre-approval policy provides for pre-approval of all audit, audit-related and tax services. Accordingly, all audit services provided by KPMG LLP were pre-approved by our Audit Committee. The Audit Committee has granted general pre-approval for certain audit, audit related and tax services. If the cost of any such services exceeds the range of anticipated cost levels, the services will require specific pre-approval by the Audit Committee. If any particular service falls outside the general pre-approval, it must also be specifically approved by the Audit Committee. If specific pre-approval of a service is required, both the independent auditor and CVB Financial Corp. s Chief Financial Officer must submit a request to the Audit Committee including the reasons why the proposed service is consistent with the SEC s regulations on auditor independence. In addition, with respect to each pre-approved service, the independent auditor is required to provide detailed back-up documentation which will be provided to the Audit Committee, regarding the specific services to be provided.

The pre-approval policy also authorizes the Audit Committee to delegate to one or more of its members pre-approval authority with respect to permitted services.

The Audit Committee has considered whether other non-audit services are compatible with maintaining the independence of KPMG LLP.

Representatives of KPMG LLP will be present at the meeting. They will be available to respond to your appropriate questions and will be able to make such statements as they desire. If you do not ratify the selection of independent accountants, the Audit Committee will reconsider the appointment. However, even if you ratify the selection, the Audit Committee may still appoint new independent accountants at any time during the year if it believes that such a change would be in the best interests of CVB Financial Corp. and our shareholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF KPMG LLP AS CVB FINANCIAL CORP. S INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR 2013.
