Notes to Condensed Consolidated Financial Statements

(Unaudited)

1. Description of Business and Basis of Presentation

Description of Business

Acadia Healthcare Company, Inc. (the Company) develops and operates inpatient psychiatric facilities, residential treatment centers, group homes, substance abuse facilities and facilities providing outpatient behavioral healthcare services to serve the behavioral health and recovery needs of communities throughout the United States. At March 31, 2013, the Company operated 44 behavioral healthcare facilities with approximately 3,500 licensed beds in 21 states.

Basis of Presentation

The business of the Company is conducted through limited liability companies and C-corporations, each of which is a direct or indirect wholly-owned subsidiary of the Company. The Company's consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries, all of which are 100% owned. All significant intercompany accounts and transactions have been eliminated in consolidation.

The accompanying consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) for interim financial information. Accordingly, they do not include all of the information and notes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for fair presentation of our financial position and results of operations have been included. The Company's fiscal year ends on December 31 and interim results are not necessarily indicative of results for a full year or any other interim period. The condensed consolidated balance sheet at December 31, 2012 has been derived from the audited financial statements as of that date. The information contained in these condensed consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and notes thereto for the fiscal year ended December 31, 2012 included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 1, 2013. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Certain reclassifications have been made to prior years to conform to the current year presentation.

2. Earnings Per Share

Basic and diluted earnings per share are calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 260, *Earnings Per Share*, based on the weighted-average number of shares outstanding in each period and dilutive stock options, unvested shares and warrants, to the extent such securities have a dilutive effect on earnings per share.

Table of Contents

The following table sets forth the computation of basic and diluted earnings per share for the three months ended March 31, 2013 and 2012 (in thousands except per share amounts):

	Three Months Ended March 31,	
	2013	2012
Numerator:

Approximately 0.6 million and 0.4 million shares of common stock issuable upon exercise of outstanding stock option award agreements were excluded from the calculation of diluted earnings per share for the three months ended March 31, 2013 and 2012, respectively, because their effect would have been anti-dilutive.

3. Acquisitions***Delta Medical Center***

On January 31, 2013, the Company completed its acquisition of DMC-Memphis, Inc. d/b/a Delta Medical Center (Delta), a facility with 243 licensed beds located in Memphis, Tennessee with the majority of operating beds dedicated to inpatient psychiatric patients, for cash consideration of \$23.1 million.

Summary of Acquisitions

The Company selectively seeks opportunities to expand and diversify its base of operations by acquiring additional facilities. The majority of the goodwill associated with the acquisitions completed in 2013 and 2012 is deductible for federal income tax purposes. The fair values assigned to certain assets and liabilities assumed by the Company have been estimated on a preliminary basis and are subject to change as new facts and circumstances emerge. Specifically, the Company is further assessing the valuation of certain intangible assets, certain tax matters as well as certain receivables and assumed liabilities of Delta, Greenleaf, BCA, AmiCare, Park Royal and Timberline Knolls. Management expects the Company to finalize its analyses as the necessary information becomes available to complete the measurement process. Once finalized, the Company will adjust the application of the acquisition method of accounting to reflect its final valuations.

companies.

The Company used the incremental term loans of \$25.0 million and a \$5.0 million borrowing under the revolving line of credit to partially fund the acquisition of the Haven Facilities on March 1, 2012.

On December 31, 2012, the Company amended and restated the Senior Secured Credit Facility (Amended and Restated Senior Credit Facility), to provide a revolving line of credit of \$100.0 million and term loans of \$300.0 million, which resulted in debt proceeds of \$151.1 million. The Company used \$151.1 million of the term loans partially to fund the acquisition of BCA and AmiCare on December 31, 2012. The Company did not borrow under the revolving line of credit to fund the acquisitions and, as of March 31, 2013, had \$99.6 million of availability under the revolving line of credit. Borrowings under the revolving line of credit are subject to customary conditions precedent to borrowing. The amended term loans require quarterly principal payments of \$1.9 million for March 31, 2013 to December 31, 2013, \$3.8 million for March 31, 2014 to December 31, 2014, \$5.6 million for March 31, 2015 to December 31, 2015, \$7.5 million for March 31, 2016 to December 31, 2016, and \$9.4 million for March 31, 2017 to September 30, 2017, with the remaining principal balance due on the maturity date of December 31, 2017. The Amended and Restated Senior Credit Facility also provides for a \$50.0 million incremental credit facility, subject to customary conditions precedent to borrowing.

Borrowings under the Amended and Restated Senior Credit Facility are guaranteed by each of the Company's domestic subsidiaries (other than Park Royal) and are secured by a lien on substantially all of the assets of the Company and its domestic subsidiaries (other than Park Royal). Borrowings under the Amended and Restated Senior Credit Facility bear interest at a rate tied to the Company's consolidated leverage ratio (defined as consolidated funded debt to consolidated EBITDA, in each case as defined in the Amended and Restated Senior Credit Facility). The Applicable Rate (as defined in the Amended and Restated Senior Credit Facility) for borrowings under the Amended and Restated Senior Credit Facility was 3.25% for Eurodollar Rate Loans (as defined in the Amended and Restated Senior Credit Facility) and 2.25% for Base Rate Loans (as defined in the Amended and Restated Senior Credit Facility), for the period from December 31, 2012 through March 31, 2013. Eurodollar Rate Loans bear interest at the Applicable Rate plus the Eurodollar Rate (as defined in the Amended and Restated Senior Credit Facility) (based upon the British Bankers Association LIBOR Rate (as defined in the Amended and Restated Senior Credit Facility) prior to commencement of the interest rate period). Base Rate Loans bear interest at the Applicable Rate plus the highest of (i) the federal funds rate plus 1/2 of 1.0%, (ii) the prime rate and (iii) the Eurodollar Rate plus 1.0%. As of March 31, 2013, borrowings under the Senior Secured Credit Facility bore interest at a rate of 3.45%. In addition, the Company is required to pay a commitment fee on undrawn amounts under the revolving line of credit. The Company paid a commitment fee of 0.50% for undrawn amounts for the period from December 31, 2012 through March 31, 2013.

On March 11, 2013, the Company entered into a Consent and First Amendment (the First Amendment) to the Amended and Restated Senior Credit Facility. The First Amendment modified the definition of Consolidated EBITDA to permit the add-back for financial covenant purposes of certain fees and expenses related to the redemption of the Company's 12.875% Senior Notes. In addition, the First Amendment amended the

Edgar Filing: Acadia Healthcare Company, Inc. - Form 10-Q

definitions of Consolidated Leverage Ratio and Consolidated Senior Leverage Ratio to permit the Company to test indebtedness on a basis net of cash or cash equivalents on hand for financial covenant purposes.

Table of Contents

The Amended and Restated Senior Credit Facility requires the Company and its subsidiaries to comply with customary affirmative, negative and financial covenants, including a fixed charge coverage ratio, consolidated leverage ratio and senior secured leverage ratio. The Company may be required to pay all of its indebtedness immediately if it defaults on any of the numerous financial or other restrictive covenants contained in any of its material debt agreements. As of March 31, 2013, the Company was in compliance with such covenants.

The 12.875% Senior Notes issued by the Company are guaranteed by each of the Company's domestic subsidiaries (other than Park Royal), all of which are wholly-owned subsidiaries. The guarantees are full and unconditional and joint and several and the Company, as the parent issuer of the 12.875% Senior Notes, has no independent assets or operations.

On March 12, 2013, the Company redeemed \$52.5 million of the 12.875% Senior Notes using a portion of the net proceeds of its December 2012 equity offering pursuant to the provision in the indenture permitting an optional redemption with equity proceeds of up to 35% of the principal amount of 12.875% Senior Notes. The 12.875% Senior Notes were redeemed at a redemption price of 112.875% of the principal amount thereof plus accrued and unpaid interest to, but not including, the redemption date in accordance with the provisions of the indenture governing the 12.875% Senior Notes. As part of the redemption of 35% of the 12.875% Senior Notes, the Company recorded a debt extinguishment charge of \$9.4 million, which was recorded in debt extinguishment costs in the condensed consolidated statements of operations.

The indenture governing the 6.125% Senior Notes contains covenants that, among other things, limit the Company's ability and the ability of its restricted subsidiaries to: (i) pay dividends, redeem stock or make other distributions or investments; (ii) incur additional debt or issue certain preferred stock; (iii) transfer or sell assets; (iv) engage in certain transactions with affiliates; (v) create restrictions on dividends or other payments by the restricted subsidiaries; (vi) merge, consolidate or sell substantially all of the Company's assets; and (vii) create liens on assets.

The 6.125% Senior Notes issued by the Company are guaranteed by each of the Company's domestic subsidiaries (other than Park Royal), all of which are wholly-owned subsidiaries. The guarantees are full and unconditional and joint and several and the Company, as the parent issuer of the 6.125% Senior Notes, has no independent assets or operations.

The Company may redeem the 6.125% Senior Notes at its option, in whole or part, at any time prior to March 15, 2016, at a price equal to 100% of the principal amount of the 6.125% Senior Notes redeemed, plus accrued and unpaid interest to the redemption date and plus an applicable premium. The Company may redeem the 6.125% Senior Notes, in whole or in part, on or after March 15, 2016, at the redemption prices set forth in the indenture governing the 6.125% Senior Notes plus accrued and unpaid interest to the redemption date. At any time on or before March 15, 2016, the Company may elect to redeem up to 35% of the aggregate principal amount of the 6.125% Senior Notes at a redemption price equal to 106.125% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings.

Table of Contents***9.0% and 9.5% Revenue Bonds***

On November 11, 2012, in connection with the acquisition of Park Royal, the Company assumed debt of \$23.0 million. The fair market value of the debt assumed was \$25.6 million and resulted in a debt premium balance being recorded as of the acquisition date. The debt consisted of \$7.5 million and \$15.5 million of Lee County (Florida) Industrial Development Authority Healthcare Facilities Revenue Bonds, Series 2010 with stated interest rates of 9.0% and 9.5% (9.0% and 9.5% Revenue Bonds), respectively. The 9.0% bonds in the amount of \$7.5 million have a maturity date of December 1, 2030 and require yearly principal payments beginning in 2013. The 9.5% bonds in the amount of \$15.5 million have a maturity date of December 1, 2040 and require yearly principal payments beginning in 2031. The principal payments establish a bond sinking fund to be held with the trustee and shall be sufficient to redeem the principal amounts of the 9.0% and 9.5% Revenue Bonds on their respective maturity dates. As of March 31, 2013 and December 31, 2012, \$2.3 million was recorded within other assets on the balance sheet related to the debt service reserve fund requirements. The yearly principal payments, which establish a bond sinking fund, will increase the debt service reserve fund balance. The bond premium amount of \$2.6 million has been amortized as a reduction of interest expense over the life of the revenue bonds using the effective interest method.

Delaware law prohibits the Company from paying any dividends unless it has capital surplus or net profits available for this purpose. In addition, the Amended and Restated Senior Credit Facility imposes restrictions on the Company's ability to pay dividends.

The Company used the net proceeds partially to fund the acquisitions of AmiCare and BCA on December 31, 2012 and to redeem \$52.5 million of the Company's 12.875% Senior Notes.

On May 21, 2012, the Company completed the offering of 9,487,500 shares of common stock (including shares sold pursuant to the exercise of the over-allotment option that the Company granted to the underwriters as part of the offering) at a price of \$15.50 per share. Table of Contents

The grant-date fair value of the Company's stock options is estimated using the Black-Scholes option pricing model. The following table summarizes the grant-date fair value of options and the assumptions used to develop the fair value estimates for options granted during the three months ended March 31, 2013 and year ended December 31, 2012:

	March 31, 2013	December 31, 2012
Weighted average grant-date fair value of options	\$ 8.51	\$ 6.93
Risk-free interest rate	1.1%	1.2%
Expected volatility	41%	42%
Expected life (in years)	5.9	6.3

The Company's estimate of expected volatility for stock options is based upon the volatility of guideline companies given the lack of sufficient historical trading experience of the Company's common stock. The risk-free interest rate is the approximate yield on United States Treasury Strips having a life equal to the expected option life on the date of grant. The expected life is an estimate of the number of years an option will be held before it is exercised.

10. Income Taxes

The provision for income taxes for continuing operations for the three months ended March 31, 2013 and 2012 reflects effective tax rates of 39.8% and 33.4%, respectively. The increase in rate in 2013 was primarily attributable to a change in the federal statutory rate recorded during 2012 as well as changes in state tax rates associated with the Company's expansions and acquisitions.

11. Fair Value Measurements

The carrying amounts reported for cash and cash equivalents, accounts receivable, other current assets, accounts payable and other current liabilities approximate fair value because of the short-term maturity of these instruments.

The carrying amounts and fair values of the Company's Amended and Restated Senior Credit Facility, 12.875% Senior Notes, 6.125% Senior Notes, 9.0% and 9.5% Revenue Bonds and contingent consideration liability as of March 31, 2013 and December 31, 2012 were as follows (in thousands):

	Carrying Amount		Fair Value	
	March 31, 2013	December 31, 2012	March 31, 2013	December 31, 2012
Amended and Restated Senior Credit Facility	\$ 298,125	\$ 300,000	\$ 298,125	\$ 300,000
12.875% Senior Notes due 2018	\$ 96,083	\$ 147,757	\$ 119,438	\$ 181,500
6.125% Senior Notes due 2021	\$ 150,000	\$	\$ 154,875	\$
9.0% and 9.5% Revenue Bonds	\$ 25,445	\$ 25,561	\$ 25,445	\$ 25,561
Contingent consideration liability	\$ 6,120	\$ 6,120	\$ 6,120	\$ 6,120

The Company's Amended and Restated Senior Credit Facility, 12.875% Senior Notes, 6.125% Senior Notes and 9.0% and 9.5% Revenue Bonds were categorized as Level 2 in the GAAP fair value hierarchy. Fair values were based on trading activity among the Company's lenders and the average bid and ask price as determined using published rates.

The fair value of the contingent consideration liability at March 31, 2013 was categorized as Level 3 in the GAAP fair value hierarchy. The contingent consideration liability was valued using a probability-weighted discounted cash flow method. This analysis reflected the contractual terms of the purchase agreements and utilized assumptions with regard to future earnings, probabilities of achieving such future earnings and a discount rate. Significant increases with respect to assumptions as to future earnings and probabilities of achieving such future earnings would result in higher fair value measurement while an increase in the discount rate would result in a lower fair value measurement. During the three

months ended March 31, 2013, there were no changes to the assumptions used to value the contingent consideration liability.

12. Commitments and Contingencies

The Company is, from time to time, subject to various claims and legal actions that arise in the ordinary course of the Company's business, including claims for damages for personal injuries, medical malpractice, breach of contract, tort and employment related claims. In these actions, plaintiffs request a variety of damages, including, in some instances, punitive and other types of damages that may not be covered by insurance. In the opinion of management, the Company is not currently a party to any proceeding that would individually or in the aggregate have a material adverse effect on the Company's business, financial condition or results of operations.

13. Subsequent Events

On May 1, 2013, the Company completed the purchase of the stock of Ten Broeck Tampa, Inc. (TBT) and Capestrano Investment Company, Inc. (CIC) for \$91.8 million in cash plus construction costs for a facility under construction in Tampa, Florida. CIC, and its subsidiaries, own and operate Capestrano Hospital in San Juan, Puerto Rico, which is licensed for 108 beds and has a certificate of need for 100 additional beds. TBT is developing a 75-bed inpatient behavioral healthcare hospital in Tampa, Florida, which is scheduled to open in the third quarter of 2013.

Overview

Our business strategy is to acquire and develop inpatient behavioral healthcare facilities and improve our operating results within our inpatient facilities and our other behavioral healthcare operations. We strive to improve the operating results of our facilities by providing high quality services, expanding referral networks and marketing initiatives while meeting the increased demand for behavioral healthcare services through expansion of our current locations as well as developing new services within existing locations. At March 31, 2013, we operated 44 behavioral healthcare facilities with over 3,500 licensed beds in 21 states. During the three months ended March 31, 2013, we acquired two facilities with an aggregate of 293 licensed beds and added 65 beds to our existing facilities. We expect to add approximately 300 total beds during 2013 (exclusive of acquisitions).

We are the leading publicly traded pure-play provider of inpatient behavioral healthcare services based upon number of licensed beds in the United States. Management believes that the Company's recent acquisitions position the Company as a leading platform in a highly fragmented industry under the direction of an experienced management team that has significant industry expertise. Management expects to take advantage of several strategies that are more accessible as a result of our increased size and geographic scale, including continuing a national marketing strategy to attract new patients and referral sources, increasing our volume of out-of-state referrals, providing a broader range of services to new and existing patients and clients and selectively pursuing opportunities to expand our facility and bed count.

Acquisitions

On May 1, 2013, we completed the purchase of the stock of TBT and CIC for \$91.8 million in cash plus construction costs for a facility under construction in Tampa, Florida. CIC, and its subsidiaries, own and operate Capestrano Hospital in San Juan, Puerto Rico, which is licensed for 108 beds and has a certificate of need for 100 additional beds. TBT is developing a 75-bed inpatient behavioral healthcare hospital in Tampa, Florida, which is scheduled to open in the third quarter of 2013.

On January 31, 2013, we completed the acquisition of Delta, a facility with 243 licensed beds located in Memphis, Tennessee with the majority of operating beds dedicated to inpatient psychiatric patients, for cash consideration of \$23.1 million.

On January 1, 2013, we completed the acquisition of the assets of Greenleaf, an inpatient psychiatric facility with 50 licensed beds located in Valdosta, Georgia, for cash consideration of \$6.3 million.

On December 31, 2012, we completed the acquisition of BCA and AmiCare. On November 11, 2012, we purchased 100% of the membership interests of Park Royal. On August 31, 2012, we completed the acquisition of the assets of Timberline Knolls. On March 1, 2012, we completed the acquisition of the Haven Facilities.

Revenue

Our revenue is primarily derived from services rendered to patients for inpatient psychiatric and substance abuse care, outpatient psychiatric care and adolescent residential treatment. We receive payments from the following sources for services rendered in our facilities: (i) state governments under their respective Medicaid and other programs; (ii) commercial insurers, including managed care plans; (iii) the federal government under the Medicare program administered by the Center for Medicare and Medicaid Services; and (iv) individual patients and clients. Revenue is recorded in the period in which services are provided at established billing rates less contractual adjustments based on amounts reimbursable by Medicare or Medicaid under provisions of cost or prospective reimbursement formulas or amounts due from other third-party payors at contractually determined rates.

Three months ended March 31, 2013 compared to the three months ended March 31, 2012

Revenue before provision for doubtful accounts. Revenue before provision for doubtful accounts increased \$74.4 million, or 81.6%, to \$165.7 million for the three months ended March 31, 2013 from \$91.3 million for the three months ended March 31, 2012. The increase related primarily to the revenue generated during the three months ended March 31, 2013 from the Haven Facilities acquired on March 1, 2012, Timberline Knolls acquired on August 31, 2012, Park Royal acquired on November 11, 2012, BCA and AmiCare acquired on December 31, 2012, Greenleaf acquired on January 1, 2013 and Delta acquired on January 31, 2013 (collectively the 2012 and First Quarter 2013 Acquisitions), which were not included in our results for periods prior to the acquisitions. Same-facility revenue before provision for doubtful accounts increased by \$8.5 million, or 9.4%, for the three months ended March 31, 2013 compared to the three months ended March 31, 2012, resulting from same-facility growth in patient days of 8.8%.

Provision for doubtful accounts. The provision for doubtful accounts was \$4.5 million for the three months ended March 31, 2013, or 2.7% of revenue before provision for doubtful accounts, compared to \$1.7 million for the three months ended March 31, 2012, or 1.9% of revenue before provision for doubtful accounts. The same-facility provision for doubtful accounts was \$2.3 million for the three months ended March 31, 2013, or 2.3% of revenue before provision for doubtful accounts, compared to \$1.7 million for the three months ended March 31, 2012, or 1.9% of revenue before provision for doubtful accounts. The increase related primarily to the changes in our payor mix and the provision for doubtful accounts recorded during the three months ended March 31, 2013 from the 2012 and First Quarter 2013 Acquisitions, which were not included in our results for periods prior to the acquisitions.

Salaries, wages and benefits. Salaries, wages and benefits (SWB) expense was \$94.4 million for the three months ended March 31, 2013 compared to \$55.1 million for the three months ended March 31, 2012, an increase of \$39.2 million. SWB expense included \$0.6 million of equity-based compensation expense for both the three months ended March 31, 2013 and 2012. Excluding equity-based compensation expense, SWB expense was \$93.8 million, or 58.2% of revenue, for the three months ended March 31, 2013, compared to \$54.6 million, or 60.9% of revenue, for the three months ended March 31, 2012. The \$39.2 million increase in SWB expense, excluding equity-based compensation expense, was primarily attributable to the hiring of additional employees in connection with the 2012 and First Quarter 2013 Acquisitions. The

Edgar Filing: Acadia Healthcare Company, Inc. - Form 10-Q

decrease in SWB expense, excluding equity-based compensation expense, as a percentage of revenue was primarily the result of lower SWB expense incurred by the Haven Facilities acquired on March 1, 2012, Timberline Knolls acquired on August 31, 2012 and BCA acquired on December 31, 2012. Same-facility SWB expense was \$54.3 million for the three months ended March 31, 2013, or 55.7% of revenue, compared to \$51.7 million for the three months ended March 31, 2012, or 57.8% of revenue.

Table of Contents

Professional fees. Professional fees were \$9.0 million for the three months ended March 31, 2013, or 5.6% of revenue, compared to \$4.2 million for the three months ended March 31, 2012, or 4.6% of revenue. The increase in professional fees as a percentage of revenue was primarily attributable to higher professional fees incurred by the facilities acquired in our 2012 and First Quarter 2013 Acquisitions, which had higher professional fees as a percentage of revenue than our existing facilities. Same-facility professional fees were \$3.5 million for the three months ended March 31, 2013, or 3.6% of revenue, compared to \$3.3 million, for the three months ended March 31, 2012, or 3.7% of revenue.

Supplies. Supplies expense was \$8.6 million for the three months ended March 31, 2013, or 5.3% of revenue, compared to \$4.4 million for the three months ended March 31, 2012, or 5.0% of revenue. The \$4.2 million increase in supplies expense was primarily attributable to the 2012 and First Quarter 2013 Acquisitions. Same-facility supplies expense was \$4.7 million for the three months ended March 31, 2013, or 4.8% of revenue, compared to \$4.4 million for the three months ended March 31, 2012, or 4.9% of revenue.

Rents and leases. Rents and leases were \$2.3 million for the three months ended March 31, 2013, or 1.5% of revenue, compared to \$2.2 million for the three months ended March 31, 2012, or 2.5% of revenue. The decrease in rents and leases as a percentage of revenue was primarily attributable to the purchase of six facilities that we previously leased during 2012. Same-facility rents and leases were \$1.4 million for the three months ended March 31, 2013, or 1.5% of revenue, compared to \$2.1 million for the three months ended March 31, 2012, or 2.4% of revenue.

Other operating expenses. Other operating expenses consisted primarily of purchased services, utilities, insurance, travel and repairs and maintenance expenses. Other operating expenses were \$17.0 million for the three months ended March 31, 2013, or 10.5% of revenue, compared to \$9.0 million for the three months ended March 31, 2012, or 10.0% of revenue. The increase in other operating expenses as a percentage of revenue was primarily attributable to higher other operating expenses incurred by the facilities acquired in our 2012 and First Quarter 2013 Acquisitions, which had higher other operating expenses as a percentage of revenue than our existing facilities. Same-facility other operating expenses were \$9.3 million for the three months ended March 31, 2013, or 9.5% of revenue, compared to \$9.0 million for the three months ended March 31, 2012, or 10.1% of revenue.

Depreciation and amortization. Depreciation and amortization expense was \$3.6 million for the three months ended March 31, 2013, or 2.3% of revenue, compared to \$1.6 million for the three months ended March 31, 2012, or 1.8% of revenue. The increase in depreciation and amortization was attributable to depreciation associated with real estate purchases of \$53.2 million during 2012 and the 2012 and First Quarter 2013 Acquisitions.

Interest expense. Interest expense was \$8.8 million for the three months ended March 31, 2013 compared to \$7.3 million for the three months ended March 31, 2012. The increase in interest expense was primarily a result of borrowings under the Amended and Restated Senior Credit Facility.

Debt extinguishment costs. Debt extinguishment costs for the three months ended March 31, 2013 represent \$6.8 million of cash charges and \$2.6 million of noncash charges recorded in connection with the redemption of \$52.5 million of the 12.875% Senior Notes on March 12, 2013.

Transaction-related expenses. Transaction-related expenses were \$1.5 million for the three months ended March 31, 2013 compared to \$0.7 million for the three months ended March 31, 2012. Transaction-related expenses represent costs incurred in the respective periods primarily related to the 2012 and First Quarter 2013 Acquisitions as summarized below (in thousands):

Provision for income taxes. For the three months ended March 31, 2013, income tax expense from continuing operations was \$2.7 million, reflecting an effective tax rate of 39.8%, compared to \$1.7 million, reflecting an effective tax rate of 33.4%, for the same period of 2012. The increase in rate was primarily attributable to a change in the federal statutory rate recorded during 2012 as well as a change in state tax rates associated with our expansions and acquisitions.

primarily attributable to increases in accounts receivable and bonus payouts, along with \$2.5 million of interest payments that were accelerated as a result of the redemption of \$52.5 million of the 12.875% Senior Notes on March 12, 2013. The increase in accounts receivable for the three months ended March 31, 2013 was attributable to our revenue growth, the effect of billing transition for certain acquired facilities and the timing of payments for certain services in our Mississippi and Arkansas markets. Days sales outstanding as of March 31, 2013 was 44 compared to 39 as of December 31, 2012. As of March 31, 2013 and December 31, 2012, we had working capital of \$141.5 million and \$69.1 million, respectively, which included remaining unused cash proceeds from the financing transactions completed in December 2012 and March 2013.

Cash paid for capital expenditures for the three months ended March 31, 2013 was \$12.8 million, consisting of \$2.3 million of routine capital expenditures and \$10.5 million of expansion capital expenditures. We define expansion capital expenditures as those that increase the capacity of our facilities or otherwise enhance revenue. Routine or maintenance capital expenditures were 1.4% of revenue for the three months ended March 31, 2013. Cash used in investing activities for the three months ended March 31, 2012 consisted primarily of cash paid for acquisitions of \$90.4 million and cash paid for capital expenditures of \$3.9 million.

Cash provided by financing activities for the three months ended March 31, 2013 was \$85.5 million compared to \$29.0 million for the three months ended March 31, 2012. Cash provided by financing activities for the three months ended March 31, 2013 primarily consisted of long-term debt borrowings of \$150.0 million in connection with the issuance of the 6.125% Senior Notes, excess tax benefit from equity awards of \$0.6 million and proceeds from stock option exercises of \$0.1 million, partially offset by repayment of long-term debt of \$52.5 million, payment of premium on note redemption of \$6.8 million, payment of debt issuance costs of \$4.2 million and principal payments on long-term debt of \$1.9 million. Cash provided by financing activities for the three months ended March 31, 2012 primarily consisted of borrowings on long-term debt of \$25.0 million, an increase in borrowings under our revolving credit facility of \$7.0 million, and proceeds from stock option exercises of \$0.1 million, partially offset by principal payments on long-term debt of \$2.0 million and payment of debt issuance costs of \$1.0 million.

Amended and Restated Senior Credit Facility

The Company entered into the Senior Secured Credit Facility, administered by Bank of America, N.A., on April 1, 2011. The Senior Secured Credit Facility initially included \$135.0 million of term loans and a revolving line of credit of \$30.0 million.

On March 1, 2012, the Company amended the Senior Secured Credit Facility to provide an incremental \$25.0 million of term loans and increase the revolving line of credit by \$45.0 million, from \$30.0 million to \$75.0 million. The Company used the incremental term loans of \$25.0 million and a \$5.0 million borrowing under the revolving line of credit to partially fund the acquisition of the Haven Facilities on March 1, 2012.

On December 31, 2012, the Company amended and restated the Senior Secured Credit Facility to provide a revolving line of credit of \$100.0 million and term loans of \$300.0 million, which resulted in debt proceeds of \$151.1 million. The Company used \$151.1 million of the term loans partially to fund the acquisition of BCA and AmiCare on December 31, 2012. The Company did not borrow under the revolving line of credit to fund the acquisitions and, as of March 31, 2013, had \$99.6 million of availability under the revolving line of credit. Borrowings under the revolving line of credit are subject to customary conditions precedent to borrowing. The amended term loans require quarterly principal payments of \$1.9 million for March 31, 2013 to December 31, 2013, \$3.8 million for March 31, 2014 to December 31, 2014, \$5.6 million for March 31, 2015 to December 31, 2015, \$7.5 million for March 31, 2016 to December 31, 2016, and \$9.4 million for March 31, 2017 to September 30, 2017, with the remaining principal balance due on the maturity date of December 31, 2017. The Amended and Restated Senior Credit Facility also provides for a \$50.0 million incremental credit facility, subject to customary conditions precedent to borrowing.

Borrowings under the Amended and Restated Senior Credit Facility are guaranteed by each of the Company's domestic subsidiaries (other than Park Royal) and are secured by a lien on substantially all of the assets of the Company and its domestic subsidiaries (other than Park Royal). Borrowings under the Amended and Restated Senior Credit Facility bear interest at a rate tied to the Company's consolidated leverage ratio (defined as consolidated funded debt to consolidated EBITDA, in each case as defined in the Amended and Restated Senior Credit Facility). The Applicable Rate (as defined in the Amended and Restated Senior Credit Facility) for borrowings under the Amended and Restated Senior Credit Facility was 3.25% for Eurodollar Rate Loans (as defined in the Amended and Restated Senior Credit Facility) and 2.25% for Base Rate Loans (as defined in the Amended and Restated Senior Credit Facility), for the period from December 31, 2012 through March 31, 2013. Eurodollar Rate Loans bear interest at the Applicable Rate plus the Eurodollar Rate (as defined in the Amended and Restated Senior Credit Facility) (based upon the British Bankers Association LIBOR Rate (as defined in the Amended and Restated Senior Credit Facility) prior to commencement of the interest rate period). Base Rate Loans bear interest at the Applicable Rate plus the highest of (i) the federal funds rate plus 1/2 of 1.0%, (ii) the prime rate and (iii) the Eurodollar Rate plus 1.0%. As of March 31, 2013, borrowings under the Senior Secured Credit

Facility bore interest at a rate of 3.45%. In addition, the Company is required to pay a commitment fee on undrawn amounts under the revolving line of credit. The Company paid a commitment fee of 0.50% for undrawn amounts for the period from December 31, 2012 through March 31, 2013.

On March 11, 2013, the Company entered into a Consent and First Amendment to the Amended and Restated Senior Credit Facility. The First Amendment modified the definition of Consolidated EBITDA to permit the add-back for financial covenant purposes of certain fees and expenses related to the redemption of the Company's 12.875% Senior Notes. In addition, the First Amendment amended the definitions of Consolidated Leverage Ratio and Consolidated Senior Leverage Ratio to permit the Company to test indebtedness on a basis net of cash or cash equivalents on hand for financial covenant purposes.

The interest rates and the commitment fee on unused commitments related to the Amended and Restated Senior Credit Facility are based upon the following pricing tiers:

Pricing Tier	Consolidated Leverage Ratio	Eurodollar Rate Loans	Base Rate Loans	Commitment Fee
1	<3.5:1.0	2.75%	1.75%	0.40%
2	³ 3.5:1.0 but <4.0:1.0	3.00%	2.00%	0.45%
3	³ 4.0:1.0 but <4.5:1.0	3.25%	2.25%	0.50%
4	³ 4.50:1.0	3.50%	2.50%	0.50%

12.875% Senior Notes due 2018

On November 1, 2011, we issued \$150.0 million of 12.875% Senior Notes due 2018 at 98.323% of the aggregate principal amount of \$150.0 million, a discount of \$2.5 million. The notes bear interest at a rate of 12.875% per annum. We pay interest on the notes semi-annually, in arrears, on November 1 and May 1 of each year.

The indenture governing the 12.875% Senior Notes contains covenants that, among other things, limit our ability to: (i) incur or guarantee additional debt or issue certain preferred stock; (ii) pay dividends on our equity interests or redeem, repurchase or retire our equity interests or subordinated debt; (iii) transfer or sell assets; (iv) make certain investments; (v) incur certain liens; (vi) restrict our subsidiaries' ability to pay dividends or make other payments to the Company; (vii) engage in certain transactions with our affiliates; and (viii) merge or consolidate with other companies or transfer all or substantially all of the Company's assets.

The 12.875% Senior Notes issued by the Company are guaranteed by each of our domestic subsidiaries (other than Park Royal), all of which are wholly-owned subsidiaries. The guarantees are full and unconditional and joint and several and the Company, as the parent issuer of the 12.875% Senior Notes, has no independent assets or operations.

On March 12, 2013, we redeemed \$52.5 million of the 12.875% Senior Notes using a portion of the net proceeds of our December 2012 equity offering pursuant to the provision in the indenture permitting an optional redemption with equity proceeds of up to 35% of the principal amount of 12.875% Senior Notes. The 12.875% Senior Notes were redeemed at a redemption price of 112.875% of the principal amount thereof plus accrued and unpaid interest to, but not including, the redemption date in accordance with the provisions of the indenture governing the 12.875% Senior Notes. As part of the redemption of 35% of the 12.875% Senior Notes, the Company recorded a debt extinguishment charge of \$9.4 million, which was recorded in debt extinguishment costs in the condensed consolidated statements of operations.

6.125% Senior Notes Due 2021

On March 12, 2013, we issued \$150.0 million of 6.125% Senior Notes due 2021. The 6.125% Senior Notes mature on March 15, 2021 and bear interest at a rate of 6.125% per annum, payable semi-annually in arrears on March 15 and September 15 of each year, beginning on September 15, 2013.

Edgar Filing: Acadia Healthcare Company, Inc. - Form 10-Q

The indenture governing the 6.125% Senior Notes contains covenants that, among other things, limit the Company's ability and the ability of its restricted subsidiaries to: (i) pay dividends, redeem stock or make other distributions or investments; (ii) incur additional debt or issue certain preferred stock; (iii) transfer or sell assets; (iv) engage in certain transactions with affiliates; (v) create restrictions on dividends or other payments by the restricted subsidiaries; (vi) merge, consolidate or sell substantially all of the Company's assets; and (vii) create liens on assets.

The 6.125% Senior Notes issued by the Company are guaranteed by each of our domestic subsidiaries (other than Park Royal), all of which are wholly-owned subsidiaries. The guarantees are full and unconditional and joint and several and the Company, as the parent issuer of the 6.125% Senior Notes, has no independent assets or operations.

We may redeem the 6.125% Senior Notes at our option, in whole or part, at any time prior to March 15, 2016, at a price equal to 100% of the principal amount of the 6.125% Senior Notes redeemed, plus accrued and unpaid interest to the redemption date and plus an applicable premium. We may redeem the 6.125% Senior Notes, in whole or in part, on or after March 15, 2016, at the redemption prices set forth in the indenture governing the 6.125% Senior Notes plus accrued and unpaid interest to the redemption date. At any time on or before March 15, 2016, we may elect to redeem up to 35% of the aggregate principal amount of the 6.125% Senior Notes at a redemption price equal to 106.125% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings.

9.0% and 9.5% Revenue Bonds

On November 11, 2012, in connection with the acquisition of Park Royal, we assumed debt of \$23.0 million. The fair market value of the debt assumed was \$25.6 million and resulted in a debt premium balance being recorded as of the acquisition date. The debt consisted of \$7.5 million and \$15.5 million of Lee County (Florida) Industrial Development Authority Healthcare Facilities Revenue Bonds, Series 2010 with stated interest rates of 9.0% and 9.5%, respectively. The 9.0% bonds in the amount of \$7.5 million have a maturity date of December 1, 2030 and require yearly principal payments beginning in 2013. The 9.5% bonds in the amount of \$15.5 million have a maturity date of December 1, 2040 and require yearly principal payments beginning in 2031. The principal payments establish a bond-sinking fund to be held with the trustee and shall be sufficient to redeem the principal amounts of the 9.0% and 9.5% Revenue Bonds on their respective maturity dates. The bond premium amount of \$2.6 million has been amortized as a reduction of interest expense over the life of the 9.0% and 9.5% Revenue Bonds using the effective interest method.

Contractual Obligations

The following table presents a summary of contractual obligations as of March 31, 2012 (dollars in thousands):

	Payments Due by Period				Total
	Less Than 1 Year	1-3 Years	3-5 Years	More Than 5 Years	
Long-term debt (a)	\$ 32,943	\$ 105,415	\$ 319,372	\$ 345,240	\$ 802,970

Total obligations and commitments	\$ 40,733	\$ 117,563	\$ 327,257	\$ 366,767	\$ 852,320

- (a) Amounts include required principal payments and related interest payments. Amounts reflect an interest rate of 3.5% per annum to estimate future interest payments related to our variable-rate debt based on the rate in place as of March 31, 2013.
- (b) Amounts relate to purchase obligations, including contingent payments of up to \$7.0 million related to the acquisition of Park Royal in November 2012 that we may make depending upon achievements of certain financial targets over the four-year period ending December 31, 2016.

Off-Balance Sheet Arrangements

As of March 31, 2013, we had standby letters of credit outstanding of \$0.4 million related to security for the payment of claims as required by our workers' compensation insurance program.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Our interest expense is sensitive to changes in market interest rates. With respect to our interest-bearing liabilities, our long-term debt outstanding at March 31, 2013 was composed of \$271.6 million of fixed-rate debt and \$298.1 million of variable-rate debt with interest based on LIBOR plus an applicable margin. A hypothetical 10% increase in interest rates would decrease our net income and cash flows by \$0.6 million

on an annual basis based upon our borrowing level at March 31, 2013.
