Additional Withholding Requirements. Under recently enacted legislation, the relevant withholding agent may be required to withhold 30% of any interest, dividends and other fixed or determinable annual or periodical gains, profits and income from sources within the United States (FDAP Income) or gross proceeds from the sale of any property of a type which can produce interest or dividends from sources within the United States paid to (i) a foreign financial institution (for which purposes includes foreign broker-dealers, clearing organizations, investment companies, hedge funds and certain other investment entities) unless such foreign financial institution agrees to verify, report and disclose its U.S. accountholders and meets certain other specified requirements or (ii) a non-financial foreign entity that is a beneficial owner of the payment unless such entity certifies that it does not have any substantial U.S. owners or provides the name, address and taxpayer identification number of each substantial U.S. owner and such entity meets certain other specified requirements or otherwise qualifies for an exemption from this withholding. Under recently finalized Treasury Regulations, withholding only applies to payments of FDAP Income which are made after December 31, 2013, and to payments of relevant gross proceeds which are made after December 31, 2016. Non-U.S. and U.S. unitholders are encouraged to consult their own tax advisors regarding the possible implications of this legislation on their investment in our common units.

The Partnership also hereby makes the following updates to the Material Tax Consequences and Material Tax Considerations sections of the Registration Statement:

In general, the highest effective U.S. federal income tax rate applicable to ordinary income of individuals is currently 39.6% and the maximum U.S. federal income tax rate for net capital gains of an individual where the asset disposed of was a capital asset held for more than twelve months at the time of disposition is 20% (which rates are subject to change by new legislation at any time); and

The current minimum tax rate for non-corporate taxpayers is 26% on the first \$179,500 of alternative minimum taxable income in excess of the exemption amount and 28% on any additional alternative minimum taxable income (which threshold changes yearly and which rates are subject to change by new legislation at any time).
