Item 1. Security and Issuer

This Amendment No. 21 to Schedule 13D amends and supplements the statement on Schedule 13D originally filed by Rio Tinto plc (Rio Tinto) and Rio Tinto International Holdings Limited (RTIH), and together with Rio Tinto, 7999674 Canada Inc. and 46117 Yukon Inc., the Rio Tinto Companies) on November 3, 2006, and amended on September 12, 2007, October 26, 2007, January 7, 2008, April 10, 2008, October 30, 2009, March 4, 2010, July 7, 2010, September 13, 2010, December 14, 2010, February 4, 2011, June 28, 2011, August 24, 2011, September 27, 2011, December 12, 2011, January 26, 2012, April 20, 2012, May 24, 2012, August 2, 2012, July 3, 2013 and July 9, 2013 (as amended and supplemented, the Schedule 13D) with the Securities and Exchange Commission (the SEC), relating to the common shares, without par value (the Shares), of Turquoise Hill Resources Ltd. (formerly Ivanhoe Mines Ltd.), a corporation continued under the laws of the Yukon Territory, Canada (the Company).

Item 4. Purpose of Transaction

Item 4 of the Schedule 13D is hereby amended and supplemented as follows:

The information in Item 6 is hereby incorporated by reference in this Item 4.

Except as otherwise set forth in Item 4 of the Schedule 13D, as amended hereby, none of the Rio Tinto Companies has any present plan or proposal that would relate to, or result in, any of the matters set forth in paragraphs (a) through (j) of Item 4 of Schedule 13D. Notwithstanding the foregoing, the Rio Tinto Companies reserve their rights in full to change their intentions with respect to any and all matters referred to in Item 4 of Schedule 13D as they deem appropriate.

Item 5. Interest in Securities of the Issuer

Item 5 of the Schedule 13D is hereby amended and supplemented as follows:

The responses of the Rio Tinto Companies to Rows (11) through (13) of the cover pages of this Schedule 13D and the information set forth in Item 3 are hereby incorporated by reference in this Item 5.

Each of the Rio Tinto Companies is deemed to beneficially own 510,983,220 Shares, representing approximately 50.8 per cent of the outstanding Shares.

In connection with the financing plan contemplated by the legally binding term sheet entered into amongst RTIH, Rio Tinto's affiliate, Rio Tinto South East Asia Limited (the Rio Tinto Funding Company), and the Company on August 7, 2013 (the Binding Term Sheet) and, in the event the Company is required to raise equity to repay any of the facilities provided by Rio Tinto, the Company has agreed to conduct, and Rio Tinto has agreed to provide a standby underwriting commitment for, a rights offering by the Company to be completed by December 30, 2013 (the 2013 Rights Offering). As the subscription price for the 2013 Rights Offering will not be agreed until the final prospectus, the number of Shares Rio Tinto would beneficially own following the closing of the 2013 Rights Offering cannot be determined at this time. However, assuming Rio Tinto and the other holders of rights under the 2013 Rights Offering exercise their rights in full and the stand-by commitment is not utilized, Rio Tinto would beneficially own the same percentage of Shares following closing of the 2013 Rights Offering that it beneficially owns immediately before such closing.

If Rio Tinto were fully to exercise the Series D Warrants (described in the amended Schedule 13D filed on April 20, 2012) as of the date hereof, Rio Tinto would acquire an additional 74,247,460 Shares. Following such issuance, Rio Tinto would beneficially own 585,230,680 Shares representing 58.2 per cent of the outstanding Shares.

Rio Tinto also has anti-dilution rights that permit it to acquire additional securities of the Company so as to maintain its proportional equity interest in the Company.

The percentage of Shares is based on 1,005,998,892 outstanding Shares as of August 6, 2013.

In addition, the Shares deemed beneficially owned by each of the Rio Tinto Companies with respect to which such person (i) has sole voting power, (ii) shares voting power, (iii) has sole dispositive power and (iv) shares dispositive power are listed in the responses to Items 7, 8, 9 and 10, respectively, of the cover page of this Schedule 13D relating to such person.

Except as disclosed in this Schedule 13D, none of the Rio Tinto Companies nor, to the best of their knowledge, any of the persons listed in Schedule A hereto, beneficially owns any Shares or has the right to acquire any Shares.

Except as disclosed in this Schedule 13D, none of the Rio Tinto Companies nor, to the best of their knowledge, any of the persons listed in Schedule A hereto, presently has the power to vote or to direct the vote or to dispose or direct the disposition of any other Shares which they may be deemed to beneficially own.

Except as disclosed in this Schedule 13D, none of the Rio Tinto Companies nor, to the best of their knowledge, any of the persons listed in Schedule A hereto, has effected any transaction in the Shares during the past 60 days.

To the best respective knowledge of the Rio Tinto Companies, no other person has the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of, the Shares beneficially owned by the Rio Tinto Companies.

Item 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer.

Item 6 of the Schedule 13D is supplemented as follows:

Binding Term Sheet

On August 7, 2013, RTIH, the Rio Tinto Funding Company and the Company entered into the Binding Term Sheet. The description of the Binding Term Sheet contained herein is qualified in its entirety by reference to Exhibit S, which is incorporated herein by reference. The definitive agreements in relation to the Binding Term Sheet and the transactions and arrangements set out therein will be described in and filed as an exhibit to a subsequent amendment to this statement on Schedule 13D.

Under the Binding Term Sheet, the Rio Tinto Funding Company and the Company have agreed to amend the OT Bridge Funding Agreement to extend the maturity date of the US\$225 million credit facility from August 12, 2013 to August 28, 2013 or such earlier date as may be agreed by them and to allow funds repaid by the Company from the proceeds for the sale of its 50% interest in Altynalmas Gold Ltd to be redrawn. The maturity date of the OT Bridge Funding Agreement may be further extended in certain circumstances. In addition, Rio Tinto irrevocably waives the right to exercise its option under the OT Bridge Funding Agreement to convert all or any of the loan amount into Shares.

The obligations of Rio Tinto to provide the financial support contemplated under the Binding Term Sheet will be subject to receipt by the Company of written acceptance by the TSX of a notice of private placement (and, to the extent required, by the NYSE and NASDAQ of an equivalent notice) in respect of the issuance by the Company to Rio Tinto of the Anti-Dilution Series D Warrants (exercisable into a number of Shares not greater than 10 per cent of the issued and outstanding Shares) in connection with the 2013 Rights Offering as contemplated by the 2012 MOA Amending Agreement, and if a condition of such approval is the approval of any matter by the holders of Shares, the obtaining of such shareholder approval in the manner required by such exchange(s).

New Bridge Facility

Under the Binding Term Sheet, the Rio Tinto Funding Company agreed to make available to the Company a secured bridge funding facility in the amount of US\$600 million (the New Bridge Facility). Prior to an event of default thereunder, the outstanding principal amount will accrue interest at the one month LIBOR rate in effect immediately prior to the initial drawdown plus 500 basis points per year (Margin). The aggregate of all amounts outstanding, including principal, interest and fees will be repayable on December 31, 2013 and the New Bridge Facility cannot be extended. The New Bridge Facility will have a front end fee of US\$6 million and a commitment fee of 40 per cent of Margin. The New Bridge Facility is intended initially to be used to refinance the US\$225 million credit facility provided by the Rio Tinto Funding Company under the OT Bridge Funding Agreement at or prior to its maturity date and will thereafter provide the Company with additional funding capacity to meet its obligations with respect to the OT Project.

2013 Rights Offering

Under the circumstances described below, the Company has agreed to conduct the 2013 Rights Offering prior to December 30, 2013.

- (i) In the event that project financing for the OT Project (OT Project Financing) is not in place and available for drawdown, the Company will conduct the 2013 Rights Offering for net subscription proceeds sufficient to pay all amounts outstanding under the New Bridge Facility and the existing US\$1.8 billion interim funding facility (the Interim Funding Facility) which will also mature on December 31, 2013; or
- (ii) In the event that the OT Project Financing is in place and available for drawdown, but for any reason the Company's subsidiary Oyu Tolgoi LLC, as the borrower thereunder, is restricted from drawing down and disbursing an amount sufficient to pay or repay all amounts outstanding under the New Bridge Facility and the Interim Funding Facility and to reimburse fees paid in connection with the OT Project Financing and certain other amounts, the Company will conduct the 2013 Rights Offering for net subscription proceeds sufficient to cover these requirements.

The subscription price for each Share to be issued under the 2013 Rights Offering will be agreed between the Company and Rio Tinto, which will represent a discount in the range of 35 per cent to 50 per cent of the volume weighted average price of the Shares for the five trading days on the TSX ending on the second trading day preceding the filing of final short form prospectus and registration statement. If the OT Project Financing becomes available for drawdown subsequent to filing or the amount permitted to be drawn down prior to the end of 2013 is sufficient to fund the requirements in (ii) above, the Company has the right to discontinue the 2013 Rights Offering upon such drawdown and disbursement taking place. In connection with the 2013 Rights Offering, Rio Tinto has agreed to provide a standby commitment for the full amount of the 2013 Rights Offering on terms and conditions substantially similar to those which governed its standby commitment in relation to the previous rights offering by the Company completed in July 2012. In consideration of the standby commitment, the Company has agreed to pay to Rio Tinto a standby commitment fee equal to three per cent of the gross subscription proceeds of the 2013 Rights Offering.

The Company has also agreed to enter into a general security agreement with the Rio Tinto Funding Company pursuant to which the Company will grant, and will procure that certain of its subsidiaries will grant, a security interest and an assignment, mortgage and charge in all of its present, future and after-acquired property to the Rio Tinto Funding Company and of all shares, membership interests and other equity and intercompany debt interests in each of its subsidiaries having a direct or indirect ownership or direct interest in Oyu Tolgoi LLC in order to secure the performance of its obligations under the Interim Funding Facility and the New Bridge Facility.
