ITEM 8.01. OTHER EVENTS.

On September 22, 2014, PT Newmont Nusa Tenggara (PTNNT), a subsidiary of Newmont Mining Corporation (Newmont) operating the Batu Hijau mine in Indonesia, issued a news release reporting that PTNNT has received its six-month export permit and anticipates copper concentrate shipments to resume this week. Ramp up operations have been underway since early September, following signing of a Memorandum of Understanding with the Government of Indonesia, and planned milling and mining levels are expected to be achieved during October. Employees and contractors necessary to maintain normal operations are being recalled in stages and will go through refresher safety training and reintegrated into their roles over the next six to eight weeks.

In connection with this development, Newmont has updated its 2014-2016 Outlook, as of September 23, 2014, which is available on Newmont s website under the Investor Relations Financial Information Investor Briefcase section at <http://www.newmont.com/our-investors/financial-reporting>.
