Proxy Statement

INTRODUCTION

The Annual Meeting of Stockholders of Petroleum & Resources Corporation, a Maryland corporation (the Corporation or the Fund), will be held on Thursday, April 30, 2015, at 10:00 a.m., local time, at Belmond Charleston Place, Charleston, South Carolina, 29401, for the purposes set forth in the accompanying Notice of Annual Meeting and also set forth below. This proxy statement is furnished in connection with the solicitation by the Board of Directors of proxies to be used at the meeting and at any and all adjournments or postponements thereof and is first being sent to stockholders on or about March 10, 2015.

At the Annual Meeting, action is to be taken on (1) the election of a Board of Directors; (2) the ratification of the selection of an independent registered public accounting firm; (3) the approval of the Corporation providing investment advisory services to outside accounts; and (4) the transaction of such other business as may properly come before the meeting or any adjournment or postponement thereof.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to Be Held On April 30, 2015:

This proxy statement, the notice of annual meeting, a form of the proxy, and the 2014 Annual Report to stockholders are all available on the internet at the following website: <http://www.astproxyportal.com/ast/13580/>.

How You May Vote and Voting By Proxy

You may vote in person at the Annual Meeting or by proxy. To authorize a proxy to cast your votes, please date, execute and mail the enclosed proxy card, or authorize a proxy by using telephone or internet options as instructed in the proxy card. Except for Proposals (1), (2), and (3), referred to above, the proxies confer discretionary authority on the persons named therein or their substitutes with respect to any business that may properly come before the meeting. Stockholders retain the right to revoke executed proxies at any time before they are voted by written notice to the Corporation, by executing a later dated proxy, or by appearing and voting at the meeting. All shares represented at the meeting by proxies in the accompanying form will be voted, provided that such proxies are properly executed. In cases where a choice is indicated, the shares represented will be voted in accordance with the specifications so made. In cases where no specifications are made, the shares represented will be voted **FOR** the election of directors, **FOR** Proposal (2), and **FOR** Proposal (3).

Edgar Filing: PETROLEUM & RESOURCES CORP - Form DEF 14A

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record that you must follow in order to vote your shares. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a broker's proxy card and bring it with you to the Annual Meeting in order to vote.

If you have questions regarding how to attend the meeting and vote in person, please contact the Secretary of the Corporation by telephone at (800) 638-2479 or by email at contact@peteres.com.

Who May Vote

Only stockholders of record at the close of business on January 30, 2015, may vote at the Annual Meeting. The total number of shares of Common Stock of the Corporation outstanding and entitled to be voted on the record date was 27,369,989. Each share is entitled to one vote. The Corporation has no other class of security outstanding.

Vote Requirement

For Proposal (1), referred to above, directors shall be elected by a plurality of the votes cast at the meeting. Proposals (2) and (3), referred to above, require the affirmative vote of a majority of the votes cast at the meeting.

Quorum Requirement

A quorum is necessary to hold a valid meeting. If stockholders entitled to cast a majority of all the votes entitled to be cast at the Annual Meeting are present in person or by proxy, a quorum will exist. Proxies received by the Corporation that are marked "withhold authority" or abstain, or that constitute a broker non-vote, are counted as present for purposes of establishing a quorum. A broker non-vote occurs when a broker returns a valid proxy but does not vote on a particular matter because the broker does not have the discretionary voting power for that matter and has not received instructions from the beneficial owner. Proxies marked "withhold authority", abstentions and broker non-votes do not count as votes cast with respect to any proposal, and therefore, such proxies would have no effect on the outcome of Proposals (1), (2), and (3), above.

Appraisal Rights

Under Maryland law, there are no appraisal or other dissenter rights with respect to any matter to be voted on at the Annual Meeting that is described herein.

Other Matters

The Corporation will pay all costs of soliciting proxies in the accompanying form. See "Other Matters and Annual Report" below. Solicitation will be made by mail, and officers, regular employees, and agents of the Corporation may also solicit proxies by telephone or personal interview. The Corporation expects to request brokers and nominees who hold stock in their names to furnish this proxy material to their customers and to solicit proxies from them, and will reimburse such brokers and nominees for their out-of-pocket and reasonable clerical expenses in connection therewith.

(1) NOMINEES FOR ELECTION AS DIRECTORS

Unless contrary instructions are given by the stockholder signing a proxy, it is intended that each proxy in the accompanying form will be voted at the Annual Meeting for the election of the following nominees to the Board of Directors to serve until the annual meeting of stockholders in 2016 and until their successors are duly elected and qualify, all of whom have consented to serve if elected:

Enrique R. Arzac
Phyllis O. Bonanno

Frederic A. Escherich
Roger W. Gale
Kathleen T. McGahran

As an alternative to proxies being voted for substitute nominees, the size of the Board of Directors may be reduced so that there are no vacancies caused by a nominee above-named becoming unable or unwilling to serve. The directors elected will serve until the next annual meeting or until their successors are duly elected and qualified, unless otherwise provided in the Bylaws of the Corporation.

Management, however, is responsible for the preparation, presentation and integrity of the Corporation's financial statements, and for the procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm is responsible for planning and carrying out proper audits and reviews.

In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited financial statements contained in the 2014 Annual Report of the Corporation with the Corporation's management and with PricewaterhouseCoopers LLP (PwC), the independent registered public accounting firm. In addition, the Audit Committee has discussed with PwC the matters required to be discussed pursuant to Statement of Auditing Standards No. 61, as modified or supplemented. The Audit Committee has also received from PwC the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding PwC's communications with the Audit Committee concerning independence, considered whether the provision of nonaudit services by PwC is compatible with maintaining PwC's independence, and discussed with PwC its independence.

In reliance on the reviews and discussions with management and PwC referred to above, and subject to the limitations on the responsibilities and role of the Audit Committee set forth in the Charter and discussed above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Corporation's 2014 Annual Report for filing with the Securities and Exchange Commission.

Respectfully submitted on February 13, 2015, by the members of the Audit Committee of the Board of Directors:

Kenneth J. Dale, Chair

Phyllis O. Bonanno

Frederich A. Escherich

Craig R. Smith

Compensation Committee

Dr. Arzac (Chair), Mr. Dale, Mr. Escherich, and Dr. Gale constituted the membership of the Board's standing Compensation Committee in 2014, which met three times. The Compensation Committee reviews and recommends changes in the compensation of directors, officers, and employees, including salaries and the cash and equity incentive compensation plans in which the executive officers, officers, and employees of the Corporation are eligible to participate.

Executive Committee

Dr. Arzac, Ms. Bonanno, Dr. Gale, Dr. McGahran (Chair), Dr. Smith, and Mr. Stoeckle constituted the membership of the Board's standing Executive Committee in 2014, which met two times. The Executive Committee has the authority of the Board of Directors between meetings of the Board except as limited by law, the Corporation's Bylaws, or Board resolution.

Nominating and Governance Committee

Dr. Arzac, Ms. Bonanno, Dr. Gale, and Dr. Smith (Chair) constituted the membership of the Board's standing Nominating and Governance Committee in 2014, which met two times. The Board has adopted a written charter under which the Nominating and Governance Committee operates, a copy of which is available to stockholders at the Corporation's website: www.peteres.com.

Each of the members of the Nominating and Governance Committee is an independent director as such is defined by the rules of the New York Stock Exchange and none is an interested person as such as defined by the Act.

The Nominating and Governance Committee recommends to the full Board nominees for director and leads the search for qualified director candidates.

The Nominating and Governance Committee will consider unsolicited recommendations for director candidates from stockholders of the Corporation. Stockholders may recommend candidates for consideration by the Nominating and Governance Committee by writing to the Secretary of the Corporation at the office of the Corporation, 500 East Pratt Street, Baltimore, MD 21202, giving the candidate's name, biographical data and qualifications and stating whether the candidate would be an interested person of the Corporation. A written statement from the candidate, consenting to be named as a candidate, and if nominated and elected, to serve as a director, should accompany any such recommendation.

The process that the Nominating and Governance Committee uses for identifying and evaluating nominees for director is as follows: When there is a vacancy on the Board, either through the retirement of a director or the Board's determination that the size of the Board should be increased, nominations to fill that vacancy are made by independent directors on the Board. The members of the Nominating and Governance Committee meet with the prospective director nominee. If a majority of the Nominating and Governance Committee members are satisfied that the prospective director nominee is qualified and will make a positive addition to the Board, as many of the other independent directors meet with him or her as is possible. The Nominating and Governance Committee then nominates the candidate at a meeting of the Board and a vote is taken by the full Board on whether to

elect the nominee to the Board and to include the nominee in the Corporation's proxy for election at the next annual meeting of stockholders. The Corporation anticipates that a similar process will be used for any qualified director candidate properly recommended by a stockholder.

The Board does not have a formal policy regarding the consideration of diversity in identifying Board candidates. When considering a new candidate for the Board, the Nominating and Governance Committee and the full Board may consider the diversity of skills, experience and/or perspective a prospective nominee will bring to the Board as part of their evaluation of the contribution that such prospective nominee will make to the Board. Such factors will be considered in the context of the Board's existing membership at the time such potential candidate is considered.

Retirement Benefits Committee

Messrs. Dale and Escherich and Dr. Gale (Chair) constituted the membership of the standing Retirement Benefits Committee of the Corporation, which administers the Corporation's Employees' Retirement Plan and Supplemental Retirement Plan. This Committee met three times during 2014. Previously, this Committee also administered the Corporation's Employee Thrift Plan and Executive Nonqualified Supplemental Thrift Plan. Those plans are now administered by a committee comprised of employees of the Corporation.

Board of Directors Compensation

During 2014, each director who is not an interested person, except for Dr. McGahran, received an annual retainer fee of \$60,000. Dr. McGahran, the Board Chair, received an annual retainer fee of \$75,000. The Chairperson of each committee receives an additional annual retainer fee of \$2,500 for that committee. The compensation described above includes 400 restricted stock units, with a grant-date value of \$11,192, that were granted upon the director's re-election at the Annual Meeting in 2014. The total amount of fees paid to the independent directors in 2014 was \$460,344.

Transactions with Principal Stockholder

The Corporation shares certain expenses for research, accounting services, other office services (including proportionate salaries and other employee benefits), rent and related expenses, and miscellaneous expenses, such as office supplies, postage, subscriptions and travel, with Adams, of which all of the above-named nominees are also directors. These expenses were paid by Adams and, on the date the payment was made, the Corporation simultaneously paid to Adams its allocated share of such expenses, based on either the proportion of the size of the investment portfolios of the two companies, or, where possible, on an actual usage basis. In 2014, the Corporation's share of such expenses was \$1,196,587.

Audit Fees

The aggregate fees for professional services rendered by the Corporation's independent registered public accounting firm, PricewaterhouseCoopers LLP, for the audit of the Corporation's annual financial statements and review of the Corporation's semi-annual financial statements for 2014 and 2013 were \$64,950 and \$66,854, as adjusted for subsequent billing, respectively.

Audit-Related Fees

There were no audit-related fees in 2014 and 2013.

Tax Fees

The aggregate fees for professional services rendered to the Corporation by PricewaterhouseCoopers LLP for the review of the Corporation's excise tax calculations and preparations of federal, state and excise tax returns for 2014 and 2013 were \$8,493 and \$7,492, respectively.

All Other Fees

The aggregate fees for services rendered to the Corporation by PricewaterhouseCoopers LLP, other than for the services referenced above, for 2014 and 2013 were \$4,190 and \$5,477, respectively, which related to the review of the Corporation's procedures for calculating the amounts to be paid or granted to the Corporation's officers in accordance with the Corporation's cash incentive plan for 2013 and the 2005 Equity Incentive Compensation Plan for 2014 and 2013, review of the Corporation's calculations related to those plans, and preparation of a related report to the Corporation's Compensation Committee.

The Board's Audit Committee has considered the provision by PricewaterhouseCoopers LLP of the services covered in this **All Other Fees** section and found that they are compatible with maintaining PricewaterhouseCoopers LLP's independence.

Audit Committee Pre-Approval Policy

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent accountants. In assessing requests for services by the independent accountants, the Audit Committee considers whether such services are consistent with the auditor's independence; whether the independent accountants are likely to provide the most effective and efficient service based upon their familiarity with the Corporation; and whether the service could enhance the Corporation's ability to manage or control risk or improve financial statement audit and review quality. The Audit Committee may delegate pre-approval authority to its Chair. Any pre-approvals by the Chair under this delegation are to be reported to the Audit Committee at its next scheduled meeting. All services performed for 2014 were pre-approved by the Audit Committee.

2005 Equity Incentive Compensation Plan

In 2005, the Board of Directors adopted an equity incentive compensation plan for the Corporation, called the 2005 Equity Incentive Compensation Plan (the 2005 Plan), to replace the Stock Option Plan adopted in 1985 and described below. The 2005 Plan was reapproved by the stockholders at the 2010 Annual Meeting. As of December 31, 2014, (i) the number of shares subject to outstanding awards under the 2005 Plan was 64,938 and (ii) the number of shares available for future grants under the 2005 Plan was 739,419.

Administration

The 2005 Plan is administered by the Compensation Committee of the Board of Directors. The Compensation Committee has general responsibility to ensure that the 2005 Plan is operated in a manner that serves the best interests of the Corporation's stockholders. Prior to making any recommendations to the Board to grant awards, but at least annually, the Compensation Committee will review the potential impact that the grant, exercise or vesting of awards could have on the Corporation's earnings and net asset value per share.

Eligible Participants

The Compensation Committee recommends to the Board, and the Board has full and final authority to approve, the Corporation's directors, officers, and employees and any eligible subsidiary's officers and employees selected to receive awards under the 2005 Plan. The individuals who receive grants under the 2005 Plan are referred to individually as a Participant and collectively as Participants. In addition, under the 2005 Plan, all non-employee directors of the Corporation are eligible to participate and receive awards as described below under Non-Employee Director Awards.

Available Shares

The Corporation has reserved and made available 872,639 shares for use as awards (4% of the Corporation's Common Stock outstanding on the effective date of the 2005 Plan). The Compensation Committee may adjust the number and kind of shares available for use in awards when certain corporate transactions occur which affect the price of the Corporation's Common Stock.

Under the 2005 Plan, no single Participant may be granted awards relating to more than 35% of the shares of the Corporation's Common Stock reserved for issuance under the 2005 Plan. In addition, the 2005 Plan limits the total number of shares that may be awarded to any single Participant in any 36-month period in connection with all types of awards to 300,000 shares of Corporation stock. Grants to non-employee directors are limited to those described below under Non-Employee Director Awards.

Awards

The 2005 Plan permits the Compensation Committee, subject to approval by the Board, to grant the following types of awards:

restricted stock;

restricted stock units;

deferred stock units;

non-qualified stock options;

stock appreciation rights (including freestanding and tandem stock appreciation rights); and

performance awards.

In addition, the 2005 Plan permits dividend equivalents to be awarded in connection with any award under the 2005 Plan. The 2005 Plan permits the Compensation Committee to prescribe in an award agreement any other terms and conditions of that award. As described below, the Compensation Committee may designate any award under the 2005 Plan as a performance award subject to performance conditions. The 2005 Plan is also intended to qualify certain compensation awarded under the 2005 Plan for tax deductibility under Internal Revenue Code Section 162(m) (Code Section 162(m)).

The awards are described more fully below. Grants to non-employee directors are limited to those described below under Non-Employee Director Awards .

Restricted Stock. The 2005 Plan permits shares of the Corporation's Common Stock to be granted to Participants as restricted stock. Restricted stock is stock that is subject to restrictions on transferability, risk of forfeiture and/or other restrictions. A Participant who receives restricted stock will have all the rights of a stockholder, including the right to vote the restricted stock and the right to receive dividends, unless the Participant is limited by the terms of the 2005 Plan or any award agreement relating to the restricted stock. During the period of restriction, the Participant may not sell, transfer, pledge, hypothecate, margin, or otherwise encumber the restricted stock.

Restricted Stock Units. The 2005 Plan permits restricted stock units to be granted to Participants. Restricted stock units represent rights to receive stock and are subject to certain restrictions and a risk of forfeiture.

Deferred Stock Units. The 2005 Plan authorizes deferred stock units to be granted to Participants. A deferred stock unit is the right to receive stock, cash, or a combination of stock and cash at the end of a time period specified by the Compensation Committee. Deferred stock units may or may not be subject to restrictions (which may include a risk of forfeiture), which restrictions will lapse at the expiration of the specified deferral period or at earlier times, as determined by the Compensation Committee.

Stock Options. Stock options may be granted to Participants, provided that the per share exercise price of each option is not less than the fair market value of a share of the Corporation's Common Stock on the date of the grant.

Unless otherwise determined by the Compensation Committee, options will become exercisable after the first anniversary of the date of grant, subject to the Participant's continued employment or service with the Corporation. Stock options issued under the 2005 Plan cannot be exercisable more than ten years from the date of grant. In addition, and to the extent provided for in the applicable award agreement, the option price per share may be reduced after grant of the option to reflect capital gains distributions to the Corporation's stockholders made after the date of grant, provided that no such reduction will be made which will reduce the option price below zero.

Stock Appreciation Rights. Stock appreciation rights (SARs) may also be granted to Participants. A SAR is the right to receive, upon exercise, an amount equal to (i) the fair market value of one share of the Corporation's Common Stock on the date of exercise minus (ii) the SAR's grant price.

Unless otherwise determined by the Compensation Committee, SARs will become exercisable after the second anniversary of the date of grant, subject to the Participant's continued employment or service with the Corporation. SARs issued under the 2005 Plan cannot be exercisable more than ten years from the date of the grant. In addition, and to the extent provided for in the applicable award agreement, the grant price of a SAR may be reduced after grant of the SAR to reflect capital gains distributions to the Corporation's stockholders made after the date of grant, provided that no such reduction will be made which will reduce the grant price of the SAR below zero.

Performance Awards. The 2005 Plan permits the Compensation Committee to make any award under the 2005 Plan subject to performance conditions. The Corporation may pay performance awards in cash or shares of the Corporation's Common Stock. The grant, exercise and/or settlement of performance awards will be contingent upon the achievement of pre-established performance goals, unless the Compensation Committee determines that a performance award is not intended to qualify as performance-based compensation for purposes of Code Section 162(m). (Code Section 162(m) provides that compensation in excess of one million dollars to certain officers of a public company is not deductible for income tax purposes unless it qualifies as performance-based compensation.)

Non-Employee Director Awards

Immediately following each annual meeting of stockholders, each non-employee director who is elected a director at the meeting, or who was previously elected and continues as a director after that annual meeting, receives an award of 400 restricted stock units of the Corporation. In addition, at the effective date of any non-employee director's initial election to the Board, the non-employee director will be granted 400 restricted stock units of the Corporation. Non-employee directors will also receive dividend equivalents in respect of such restricted stock units equal to the amount or value of any cash or other dividends or distributions payable on an equivalent number of shares of Common Stock. The restricted stock units and related dividend equivalents will vest (and become non-forfeitable) and be paid (in the form of shares of Common Stock) one year from the date of grant. In addition, non-employee directors may elect each year, not later than December 31 of the year preceding the year as to which the annual grant of restricted stock units is to be applicable, to defer to a fixed date or pursuant to a specified schedule payment all or any portion of the annual grant of restricted stock units. Any modification of the deferral election may be made only upon satisfaction of any conditions that the Compensation Committee may impose.

Operation of the 2005 Plan

Under the 2005 Plan, the Compensation Committee, subject to approval by the Board, may grant awards (except for non-employee director awards) either alone or in addition to, in tandem with, or in substitution or exchange for any other award or any award granted under another plan of the Corporation or its existing or future subsidiaries or any other right of a Participant to receive payment from the Corporation or any Corporation subsidiary.

Employee Thrift Plans

Employees of the Corporation who have completed six months of service may defer up to 100% of base salary and cash incentive compensation to a tax-qualified thrift plan instead of being paid currently, and the Corporation contributes an amount equal to 100% of each employee's contribution.

(up to 6% of base salary and cash incentive compensation) but not in excess of the maximum permitted by law (see footnotes to the Compensation Table set forth on page 15 regarding 2013 contributions for the officers identified therein). The Corporation also has the discretion to contribute annually to each employee's thrift plan account an amount of up to 6% of the employee's combined base salary and cash incentive compensation attributable to the prior year's service with the Corporation. All employee contributions are credited to the employee's individual account. Employees may elect that their salary deferral and other contributions be invested in Common Stock of the Corporation, or of Adams, or a number of mutual funds, or a combination thereof. All of the Corporation's matching contribution is invested in accordance with the employee's investment elections, provided the employee is 100% vested in the Employee Thrift Plan. An employee's interest in amounts derived from the Corporation's contributions becomes non-forfeitable upon completion of 36 months of service or upon death or retirement. Payments of amounts not withdrawn or forfeited under the thrift plan may be made upon retirement or other termination of employment in a single distribution, in equal installments, or in an annuity.

The Corporation also maintains an Executive Nonqualified Supplemental Thrift Plan for eligible employees of the Corporation (the Nonqualified Plan). The purpose of the Nonqualified Plan is to provide deferred compensation in excess of contribution limits imposed by the Internal Revenue Code on tax-qualified thrift plans, including the Employee Thrift Plan of the Corporation described above. In accordance with such limitations, for 2015, the maximum annual amount that an individual can defer to all tax-qualified thrift plans offered by the Corporation is \$18,000 for those under the age of 50, and \$24,000 for those age 50 and over, and the maximum combined amount consisting of both the employee's contributions and the Corporation's matching contributions that can go into any single tax-qualified thrift plan is \$53,000 per year for those under the age of 50 and \$59,000 per year for those age 50 and over.

The Nonqualified Plan permits an eligible employee to contribute to the Nonqualified Plan up to the maximum amount of 6% of the employee's salary and cash incentive compensation that he or she is prevented from contributing to the tax-qualified thrift plan because of the Internal Revenue Code's limitations on annual contributions, and for the Corporation to contribute the 100% matching contribution on that sum and/or the Corporation's discretionary contribution that would otherwise be limited by the Internal Revenue Code's limitations on annual contributions. The employee's contributions and the Corporation's contributions to the Nonqualified Plan are invested in eligible mutual funds in accordance with the employee's investment elections.

Employee Retirement Plans

Employees of the Corporation with one or more years of service, as of October 1, 2009, participate in a retirement plan pursuant to which contributions are made solely by the Corporation on behalf of, and benefits are provided for, employees meeting certain age and service requirements. The benefits under the plan were frozen as of October 1, 2009, and no additional benefits attributable to additional years of service or increases in annual cash compensation after that date will be recognized. The plan, as frozen, provides for the payment of benefits on the occurrence of certain events, including an employee's retirement at the age of 62 or older. Upon such retirement, the amount of the retirement benefit is 2% of the average of an employee's monthly compensation during any 3 periods of 12 consecutive months out of the final 60 months of service during which such compensation, including

cash incentive compensation, is highest prior to October 1, 2009, multiplied by years of service prior to October 1, 2009. Retirement benefits cannot exceed 60% of the highest 36 months' average annual cash compensation out of the employee's final 60 months' annual cash compensation, including incentive compensation. Benefits are payable in several alternative forms, each of which must be the actuarial equivalent of a pension payable for the life of the employee only. Retirement benefits (subject to any applicable reduction) are also payable in the event of an employee's early or deferred retirement, disability or death. Contributions are made to a trust to fund these benefits.

The Corporation also maintains a supplemental retirement benefits plan (the Supplemental Plan) for employees of the Corporation, which was also frozen as of October 1, 2009. The purpose of the Supplemental Plan is to provide deferred compensation in excess of benefit limitations imposed by the Internal Revenue Code on tax-qualified defined benefit plans, including the retirement plan of the Corporation described above. In accordance with such limitations, the annual benefit payable under the Corporation's retirement plan for 2015 may not exceed the lesser of \$210,000 and the employee's average total compensation paid during the three highest-paid consecutive calendar years of employment. The \$210,000 limit will be adjusted by the Secretary of the Treasury to reflect cost-of-living increases.

The Supplemental Plan authorizes the Corporation to pay annual retirement benefits in an amount equal to the difference between the maximum benefits payable under the retirement plan described above and the benefits that would otherwise be payable but for the Internal Revenue Code's limitations on annual retirement benefits. All amounts payable under the Supplemental Plan will be paid from the general funds of the Corporation as benefits become due. The Corporation has established a funding vehicle using life insurance policies owned by the Corporation for the Supplemental Plan. Payment of benefits under the Supplemental Plan will be made at the employee's election either as a lump sum or a life annuity. During 2014, the Corporation made payments of \$98,457 under the Supplemental Plan.

(2) RATIFICATION OF SELECTION OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

As permitted under the Act, the Audit Committee has selected PricewaterhouseCoopers LLP, 100 E. Pratt Street, Baltimore, Maryland, an independent registered public accounting firm, as the independent registered public accounting firm to audit the books and accounts of the Corporation for or during the year ending December 31, 2015. PricewaterhouseCoopers LLP was the Corporation's principal auditor during the year 2014. A majority of the members of the Board of Directors who are not interested persons (as defined by the Act) have ratified the selection of PricewaterhouseCoopers LLP as the Corporation's independent registered public accounting firm for 2015. While not required under the Act, the Audit Committee and the Board of Directors have determined to submit for stockholder ratification the selection of PricewaterhouseCoopers LLP as the Corporation's independent registered public accounting firm for 2015 at the Annual Meeting. Representatives of PricewaterhouseCoopers LLP are expected to be present at the meeting to make a statement if they so desire and to respond to appropriate questions. The Corporation has been informed that PricewaterhouseCoopers LLP does not have any direct financial or any material indirect financial interest in the Corporation.

The Board of Directors unanimously recommends ratification of the selection of PricewaterhouseCoopers LLP.

(3) PROPOSAL OF THE BOARD OF DIRECTORS TO APPROVE THE FUND'S RENDERING INVESTMENT ADVISORY SERVICES TO OTHERS

Recently, the management of the Fund's non-controlling affiliate, Adams, has been approached about serving as the subadviser for an outside account. The Fund would like to avail itself of similar opportunities. The Fund received approval from the stockholders in 1981 to engage in investment advisory services to outside accounts but subsequently abandoned that effort. The Fund has not provided any investment advisory services to outside accounts in the 34 years since that vote was taken and the Board has decided to again seek approval from the stockholders to authorize the Fund to broaden its business by providing investment advisory services to outside accounts.

Adams is seeking no-action relief from the staff (Staff) of the Division of Investment Management of the Securities and Exchange Commission (Commission) to permit Adams to organize a subsidiary to act as investment adviser (Advisory Subsidiary). The Fund intends to seek similar no-action relief from the Commission. If the Staff does not grant the requested relief, the Fund may apply to the Commission for exemptive relief to organize such a subsidiary. The Fund may also determine to directly provide investment advisory services to others, which requires no relief from the Staff or the Commission. The Fund prefers providing investment advisory services to others through an Advisory Subsidiary rather than directly because there may be certain additional risks if the Fund provides advisory services directly, including the risk of litigation against the Fund (in its role as an investment adviser) and the greater regulatory burdens and operating complexities of operating as both an investment company and an investment adviser. Stockholders are therefore being asked to approve a proposal for the Fund, either through an Advisory Subsidiary or directly, to provide investment advisory services to others.

The present intention is that, at least initially, the Fund's investment advisory clients would be limited to a small number of relatively large accounts. The Advisory Subsidiary will solicit clients that may include registered investment companies, U.S. and non-U.S. unregistered investment companies, and non-investment fund clients, such as institutional investors and separate account clients.

The Fund intends to create a subsidiary organized as a limited liability company (LLC) under Maryland law to perform the subadvisory services to outside accounts and funds. Provided the Fund receives regulatory approval from the Staff to do so, the Advisory Subsidiary will be owned by the Fund. Through the use of the LLC structure, the Fund should be insulated from liabilities of the Advisory Subsidiary. In addition, providing investment advisory services in this structure is intended to avoid any impact on the Fund's tax status under subchapter M of the Internal Revenue Code of 1954, as amended. The Advisory Subsidiary will not provide investment advisory services to the Fund, and the Fund will continue to be internally managed.

Subject to review by the Fund's Board of Directors, the day-to-day administration of the Fund's investment advisory services would be the responsibility of the Fund's investment officers. They would make the allocation with respect to securities transactions among all accounts and select the brokers to be utilized. It is expected that the Fund will capitalize the Advisory Subsidiary with an amount of money and assets reasonably necessary to cover the Advisory Subsidiary's organizational expenses and the Advisory Subsidiary will utilize certain employees and facilities of the Fund to provide the advisory services.

Operating expenses attributable to the Advisory Subsidiary (including an allocation of expenses for employees of the Fund) will be borne by it. Net fee income generated by the Advisory Subsidiary, if any, will be periodically distributed in the form of dividends to the Fund. These dividend payments will provide income to defray operating expenses of the Fund and to augment dividends to the Fund's stockholders. However, no assurance can be provided that advisory fees to be generated by the Advisory Subsidiary will exceed the Advisory Subsidiary's operating expenses.

The Advisory Subsidiary may or may not register as an investment adviser under the Investment Advisers Act of 1940, as amended, (the Advisers Act). It is expected that, initially, many of the officers and employees of the Fund will hold similar positions as officers and employees of the Advisory Subsidiary. The Board will periodically review the investment advisory business of the Advisory Subsidiary in order to determine whether such business should be continued and whether the benefits derived by the Fund from the Advisory Subsidiary's business warrant the Fund's continued ownership of the Advisory Subsidiary.

Clients to be serviced by the Advisory Subsidiary or the Fund may have investment objectives and strategies that are similar to those of the Fund. Consequently, certain securities which the Fund buys and sells may also be bought and sold for client accounts managed by the Advisory Subsidiary or the Fund. In order to mitigate any potential conflicts of interest, the Advisory Subsidiary and/or the Fund will institute procedures to ensure that the purchase and sale of securities for the Fund's investment portfolio and for each client account managed by the Advisory Subsidiary or the Fund are conducted in a manner designed to treat all accounts fairly and not give priority to either the Fund's investment portfolio or to any client account. This would be accomplished by fixing in advance the number of shares of each security to be bought or sold for all accounts and the number of shares for each account. Purchases and sales would then be allocated daily in the proportions determined in this way. This allocation policy may at times make it somewhat more difficult, in the case of securities having limited liquidity, for the Fund to acquire or dispose of securities. Also, in a rising market it may result in the Fund paying more for some of the shares it desires to purchase and in a declining market may result in the Fund receiving less for some of the shares it desires to sell. In addition, the Fund does not anticipate purchasing securities issued by any clients advised by the Advisory Subsidiary or the Fund or selling or purchasing securities to or from such clients.

The investment management business is very competitive and the Fund does not know what, if any, clients the Advisory Subsidiary or the Fund will be able to attract or the amount of income the Advisory Subsidiary or the Fund may be able to generate by providing investment advisory services. There may be a risk that the added responsibility placed on the Fund's current officers and employees may result in a significant burden on the Fund's resources as client accounts grow in number and size. The Board believes that this risk can be mitigated by expansion of the Advisory Subsidiary's or Fund's staff as the investment advisory business grows. There may also be certain additional risks if the Fund provides investment advisory services directly, including the risk of litigation against the Fund (in its role as an investment adviser) and the greater regulatory burdens and operating complexities of operating as both an investment company and an investment adviser.

As described above, Adams also proposes to broaden its business by rendering investment advisory services to outside accounts. At present, allocations of expenses between the two Funds are made on the basis of the relative size and composition of their respective portfolios and, where

applicable, on an actual usage basis. If the Fund or Adams, or both, provide the investment advisory services under consideration, it is contemplated that each would retain any fees it earned therefrom and that, in determining the allocation of expenses between the Fund and Adams, the assets managed by each in an advisory capacity would be added to the assets in the portfolio of each.

The Board of Directors has concluded that it is in the best interests of the stockholders of the Fund to perform investment advisory services for others if suitable contracts can be negotiated. The Board of Directors has concluded that the Fund's present research staff and portfolio management team, sources of information, and facilities can be used to provide investment management services to outside accounts, and that this can be accomplished with relatively little additional expense and is likely to result in generating additional revenues to offset the operating expenses of the Fund.

The Board of Directors unanimously recommends that you vote FOR Proposal 3 thereby approving the Fund's rendering of investment advisory services to others.

(4) OTHER MATTERS AND ANNUAL REPORT

As of the date of this proxy statement, management knows of no other business that will come before the meeting. Stockholder Proposals or Nominations for 2016 Annual Meeting

Stockholder proposals for inclusion in the proxy statement and form of proxy relating to the 2016 Annual Meeting must be received at the office of the Corporation, 500 East Pratt Street, Suite 1300, Baltimore, MD 21202, no later than November 10, 2015.

In addition, for stockholder proposals or director nominations that a stockholder seeks to bring before the 2016 Annual Meeting but does not seek to have included in the Corporation's proxy statement and form of proxy for that meeting, the following requirements apply: Pursuant to the Corporation's Bylaws, in order for stockholder proposals or nominations of persons for election to the Board of Directors to be properly brought before the 2016 Annual Meeting, any such stockholder

proposal or nomination (including in the case of a nomination, the information required by the Corporation's advance notice Bylaws provisions) must be received at the office of the Corporation no earlier than October 10, 2015 and no later than November 10, 2015. The Corporation's advance notice Bylaw requirements are separate from, and in addition to, the Commission's requirements (including the timing requirements described in the preceding paragraph) that a stockholder must meet in order to have a stockholder proposal included in the proxy statement. Should the Corporation determine to allow a stockholder proposal that is received by the Corporation after November 10, 2015 to be presented at the 2016 Annual Meeting, the persons named as proxies in the form accompanying the proxy statement for such meeting will have discretionary voting authority with respect to such stockholder proposal.
