Dear Shareholder:

You are cordially invited to attend the 2015 annual meeting of the shareholders of The GEO Group, Inc. We will hold the meeting on Wednesday, April 29, 2015, at 9:00 A.M. (EDT) at The Boca Raton Resort & Club, 501 East Camino Real, Boca Raton, Florida 33432. We hope that you will be able to attend.

This year we are furnishing proxy materials to our shareholders primarily on the Internet rather than mailing paper copies of the materials to each shareholder. As a result, most of you will receive a Notice of Internet Availability of Proxy Materials instead of paper copies of this proxy statement and our annual report. The notice contains instructions on how to access the proxy statement and the annual report over the Internet, as well as instructions on how to request a paper copy of our proxy materials. We believe that this process will significantly lower the costs of printing and distributing our proxy materials. On or about March 18, 2015, we mailed to shareholders a Notice of Internet Availability of Proxy Materials.

Your vote is very important to us. Whether or not you plan to attend the meeting in person, your shares should be represented and voted. After reading the enclosed proxy statement, please vote your shares as soon as possible. Shareholders may vote via the Internet, by telephone, or by completing and returning a proxy card. Submitting a vote before the annual meeting will not preclude you from voting in person at the annual meeting should you decide to attend. If you wish to attend the meeting, please refer to page 47 for additional guidelines.

Sincerely,

George C. Zoley

Chairman of the Board,

Chief Executive Officer and Founder

The Notice of Internet Availability provides instructions as to how shareholders can access the Proxy Materials online, contains a listing of matters to be considered at the meeting, and sets forth instructions as to how shares can be voted. PROXY STATEMENT

THE GEO GROUP, INC.

621 NW 53rd Street, Suite 700

Boca Raton, Florida 33487

Telephone: (561) 893-0101

March 18, 2015

The GEO Group, Inc. (GEO, the Company, we or us) is furnishing this proxy statement in connection with the solicitation of proxies by our board of directors for use at the annual meeting of shareholders to be held at The Boca Raton Resort & Club, 501 East Camino Real, Boca Raton, Florida 33432, April 29, 2015, at 9:00 A.M., Eastern Daylight Time. Please note that the proxy card provides a means to withhold authority to vote for any individual director-nominee. Also note that the format of the proxy card provides an opportunity to specify your choice between approval, disapproval or abstention with respect to the proposals indicated on the proxy card. A proxy card which is properly executed, returned and not revoked will be voted in accordance with the instructions indicated. A proxy voted by telephone or the Internet and not revoked will be voted in accordance with the shareholder's instructions. If no instructions are given, proxies that are signed and returned or voted by telephone or the Internet will be voted as follows:

FOR the election of the nominated directors for the ensuing year;

FOR the proposal to ratify the appointment of Grant Thornton LLP as the independent registered public accountants of GEO for the fiscal year 2015;

FOR the advisory approval of the resolution on named executive officer compensation; and

FOR the proposal to approve The GEO Group, Inc. Senior Management Performance Award Plan, which we refer to as the Performance Award Plan.

Under New York Stock Exchange rules, brokerage firms have authority to vote shares on routine matters for which their customers do not provide voting instructions. The ratification of the appointment of Grant Thornton LLP as our independent registered public accountants for 2015 is considered a routine matter. As a result, if you hold your shares through a broker and do not direct the broker how to vote your shares on this routine matter, your broker may vote the shares on your behalf.

Under New York Stock Exchange rules, the election of directors, the advisory vote to approve named executive officer compensation, and the proposal to approve the Performance Award Plan are not considered routine matters. As a result, if a brokerage firm does not receive voting instructions from the beneficial owner of shares held by the firm, those shares will not be voted and will be considered broker non-votes with respect to those matters. A broker non-vote will have no effect on the election of directors, the advisory vote to approve named executive officer compensation, and the proposal to approve the Performance Award Plan.

This proxy statement, the notice of annual meeting, the proxy card and our 2014 annual report will be mailed or made accessible via the Internet on or about March 18, 2015.

Management is not aware of any other matters to be presented for action by shareholders at the annual meeting.

Holders of GEO common stock at the close of business on March 10, 2015, the record date, will be entitled to one vote for each share of common stock standing in their name on the books of GEO at that date. On March 10, 2015, GEO had 74,632,641 shares of common stock outstanding.

The presence, in person or by proxy, of at least a majority of the total number of shares of common stock outstanding on the record date will constitute a quorum for purposes of the annual meeting. The election of directors requires a majority of the votes cast. The appointment of Grant Thornton LLP will be ratified if the number of votes cast in favor of ratification exceeds the number of votes cast against ratification. The

Edgar Filing: GEO GROUP INC - Form DEF 14A

advisory vote to approve named executive officer compensation will be approved if the number of votes cast in favor of

Table of Contents

approval exceeds the number of votes cast against approval. The proposal to approve the Performance Award Plan will be approved if the number of votes cast in favor of approval exceeds the number of votes cast against approval. Shares of common stock represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the annual meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum for the proposal but will not be counted as votes cast with respect to the election of directors, the advisory vote to approve named executive officer compensation, and the proposal to approve the Performance Award Plan. If less than the majority of the outstanding shares of common stock are represented at the annual meeting, a majority of the shares so represented may adjourn the annual meeting to another date and time.

THE BOARD OF DIRECTORS, ITS COMMITTEES AND OTHER CORPORATE GOVERNANCE INFORMATION

GEO's board of directors held nine meetings during fiscal year 2014. Each director attended at least 75% of the total number of meetings of the board of directors and of the meetings held by all board committees on which such director served.

Director Independence

Pursuant to the corporate governance standards applicable to companies listed on the New York Stock Exchange (NYSE), the board of directors must be comprised of a majority of directors who qualify as independent directors. In determining independence, each year the board of directors affirmatively determines whether directors have a material relationship with GEO. When assessing the materiality of a director's relationship with GEO, the board of directors considers all relevant facts and circumstances, not merely from the director's standpoint, but also from that of the persons or organizations with which the director has an affiliation. An independent director is free from any relationship with GEO that may impair the director's ability to make independent judgments. Particular attention is paid to whether the director is independent from management and, with respect to organizations affiliated with a director with which GEO does business, the frequency and regularity of the business conducted, and whether the business is carried out at arm's length on substantially the same terms to GEO as those prevailing at the time from unrelated third parties for comparable business transactions. Material relationships can include commercial, banking, industrial, consulting, legal, accounting, charitable and familial relationships.

Applying the NYSE's independence standards, the board of directors has determined that Clarence E. Anthony, Anne N. Foreman, Richard H. Glanton, Christopher C. Wheeler and Julie Myers Wood qualify as independent under the NYSE's corporate governance standards, and that the board of directors is therefore comprised of a majority of independent directors. The board of directors' determination that each of these directors

Edgar Filing: GEO GROUP INC - Form DEF 14A

is independent was based on the fact that none of the directors had a material relationship with GEO outside of such person's position as a director, including a relationship that would disqualify such director from being considered independent under the NYSE's listing standards.

In fulfilling the committee's duties to identify and recommend candidates for election to our board of directors, the Nominating and Corporate Governance Committee considers the mix of skills, experience, character, commitment, and diversity—diversity being broadly construed to mean a variety of opinions, perspectives and backgrounds, such as gender, race and ethnicity differences, as well as other differentiating characteristics, all in the context of the requirements of our board of directors at the time of election.

Table of Contents

Executive Committee

Periodically during fiscal year 2014 members of the Executive Committee informally discussed various matters relating to GEO's business. The Executive Committee has full authority to exercise all the powers of the board of directors between meetings of the board of directors, except as reserved by the board of directors. During 2014, the Executive Committee acted three times through resolutions adopted at duly convened meetings or by unanimous written consent. All actions taken by the Executive Committee in 2014 were ratified by the board of directors at their next quarterly meeting.

Corporate Planning Committee

The Corporate Planning Committee periodically reviews with management various corporate strategic initiatives, including potential merger and acquisition activities, business expansion issues and corporate finance matters.

Operations and Oversight Committee

The Operations and Oversight Committee reviews with management various issues relating to our operations that may arise from time to time.

Legal Steering Committee

The Legal Steering Committee reviews with management strategic issues with respect to material litigation and other discrete legal issues.

Independent Committee

The Independent Committee considers matters that may arise from time to time that the board of directors designates for independent director review.

Director Identification and Selection

The processes for director selection and director qualifications are set forth in Section 3 of our Corporate Governance Guidelines. The board of directors, acting on the recommendation of the Nominating and Corporate Governance Committee, will nominate a slate of director candidates for election at each annual meeting of shareholders and will elect directors to fill vacancies, including vacancies created as a result of any increase in the size of the board, between annual meetings. Nominees for director are selected on the basis of outstanding achievement in their personal careers, broad experience, wisdom, integrity, ability to make independent, analytical inquiries, understanding of the business environment, and willingness to devote adequate time to the duties of the board of directors. The board believes that each director should have a basic understanding of (i) the principal operational and financial objectives and plans and strategies of GEO, (ii) the results of operations and financial condition of GEO and of any significant subsidiaries or business segments, and (iii) the relative standing of GEO and its business segments in relation to its competitors. The board is committed to diversified membership and it does not and will not discriminate on the basis of race, color, national origin, gender, religion or disability in selecting nominees. The Nominating and Corporate Governance Committee may, to the extent it deems appropriate, engage a third party professional search firm to identify and review new director candidates and their credentials.

The Nominating and Corporate Governance Committee will consider proposed nominees whose names are submitted to it by shareholders; however, it does not have a formal process for that consideration. There are no differences between the considerations and qualifications for director nominees that are recommended by shareholders and director nominees recommended by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee has not adopted a formal process because it believes that the informal consideration process has been adequate to date. The Nominating and Corporate Governance Committee intends to review periodically whether a more formal policy should be adopted. If a shareholder wishes to suggest a proposed name of a nominee for consideration by the Nominating and Corporate Governance

Table of Contents

Committee, the name of that nominee and related personal information should be forwarded to the Nominating and Corporate Governance Committee, in care of the Corporate Secretary, at least six months before the next annual meeting to assure time for meaningful consideration by the committee.

Board Leadership Structure

Our CEO also serves as the Chairman of the board of directors. Richard H. Glanton has served as Lead Independent Director of the Company since January 1, 2011.

Mr. Glanton has been a director of GEO since 1998 and is currently the Chairman of the Audit and Finance Committee and the Compensation Committee and a member of the Executive Committee, the Nominating and Corporate Governance Committee, the Operations and Oversight Committee and the Legal Steering Committee. As the Lead Independent Director, Mr. Glanton has input to the Chairman of the board on preparation of agendas for board and committee meetings. Mr. Glanton chairs board meetings when the Chairman of the board is not in attendance and provides input to the independent directors and ensures that the effectiveness of the board is assessed on a regular basis. The Lead Independent Director reports to the board regarding deliberations of the independent directors and may recommend special meetings of the independent directors as necessary. Because of Mr. Glanton's long history as a board member and his service as the Chair of the Audit and Finance Committee and Compensation Committee, the board believes that Mr. Glanton is uniquely qualified to serve as the Lead Independent Director of the Company. In 2012, in connection with our conversion to a REIT, Mr. Glanton was the chairman of a special committee created to review and manage the divestiture of GEO Care, Inc.

As a company that is focused on its core business, we believe the CEO is in the best position to direct the independent directors' attention on the issues of greatest importance to the Company and its shareholders. Since our CEO knows the Company's business, is a pioneer in the industry and has over thirty years of experience, we believe that our CEO is the appropriate person to lead the board of directors. Our overall corporate governance policies and practices combined with the strength of our independent directors and our internal controls minimize any potential conflicts that may result from combining the roles of Chairman and CEO.

We believe the current leadership structure of the board of directors supports the risk oversight functions described below by providing independent leadership at the board and committee level through the Lead Independent Director with ultimate oversight by the full board of directors led by our Chairman and CEO. The board of directors periodically reviews and considers whether the current board leadership structure continues to be appropriate for our Company.

Board Risk Oversight

Our board of directors has overall responsibility for risk oversight with a focus on the most significant risks facing the Company. Throughout the year, the board of directors and the committees to which it has delegated responsibility dedicate a portion of their meetings to review and discuss specific risk topics in greater detail. The board of directors has delegated responsibility for the oversight of specific risks to the following committees:

The Audit and Finance Committee oversees GEO's risk policies and processes relating to the financial statements, financial reporting processes and credit risks.

The Operations and Oversight Committee oversees GEO's operating risks. The Operations and Oversight Committee meets regularly during the year and on occasions when an operations incident occurs. The Operations and Oversight Committee may travel to the appropriate site to audit the operating practices and procedures if an incident has occurred.

The Compensation Committee oversees risks related to the Company's compensation policies and practices.

The Legal Steering Committee oversees risks related to major litigation.

Corporate Governance Guidelines

The board of directors has adopted corporate governance guidelines to promote the effective functioning of the board of directors and its committees, and the continued implementation of good corporate governance practices. The corporate governance guidelines address matters such as the role and structure of the board of directors, the selection, qualifications and continuing education of members of the board of directors, board meetings, non-employee director executive sessions, board self-evaluation, board committees, CEO performance review, succession planning, non-employee director compensation, certain shareholder matters and certain shareholder rights.

In addition, the corporate governance guidelines are available in print to any shareholder who requests them by contacting our Vice President of Corporate Relations at 561-999-7306.

Annual Board and Committee Self-Assessments and Non-Employee Director Executive Sessions

The board of directors conducts a self-assessment annually, which is reported by the Nominating and Corporate Governance Committee to the board of directors. In addition, the Audit and Finance Committee, the Compensation Committee and the Nominating and Corporate Governance Committee also undergo annual self-assessments of their performance. The non-employee directors of the board of directors meet in executive session at least twice per year and such meetings are presided over by a presiding director who is typically the chairman of the Nominating and Corporate Governance Committee, who is currently Anne Foreman.

Communications with Directors

The board of directors has adopted a process to facilitate written communications by shareholders or other interested parties to the entire board, the independent members of the board as a group or any individual member of the board, including the presiding director for non-employee director executive sessions. Persons wishing to write to the board of directors of GEO, or to a specified director (including the presiding director for non-employee director executive sessions) or committee of the board, should send correspondence to the Corporate Secretary at 621 NW 53rd Street, Suite 700, Boca Raton, Florida, 33487.

Table of Contents

The Corporate Secretary will forward to the directors all communications that, in his or her judgment, are appropriate for consideration by the directors. Examples of communications that would not be appropriate for consideration by the directors include commercial solicitations and matters not relevant to the shareholders, to the functioning of the board, or to the affairs of GEO.

Board Member Attendance at Annual Meetings

GEO encourages all of its directors to attend the annual meeting of shareholders. We generally hold a board meeting coincident with our annual meeting to minimize director travel obligations and facilitate their attendance at the annual meeting of shareholders. All of our directors, except for Ms. Julie Myers Wood who was not a director at the time, attended the 2014 annual meeting of shareholders.

Adoption of Global Human Rights Policy and Ongoing Dialogue

In November 2012, GEO entered into a dialogue with the U.S. Jesuit Conference which included representatives from the National Jesuit Committee on Investment Responsibility and the Interfaith Center for Corporate Responsibility. The purpose of the dialogue was the adoption of a corporate Human Rights policy. On February 14, 2013, GEO's Board of Directors adopted a Global Human Rights Policy. Representatives of the Jesuit Conference have toured GEO facilities and are continuing the collaboration with GEO towards full implementation of the policy.

All non-audit services provided in 2014 and 2013 were reviewed with the Audit and Finance Committee, which concluded that the provision of such services by Grant Thornton was compatible with the maintenance of that firm 's independence in the conduct of its auditing functions.

Audit and Finance Committee Pre-Approvals of Audit, Audit-Related, Tax and Permissible Non-Audit Services

The Audit and Finance Committee periodically approves the provision of various audit, audit-related, tax and other services by Grant Thornton. The Audit and Finance Committee plans to continue to review and pre-approve such services as appropriate. In addition, the Audit and Finance Committee has delegated to its Chairman, Richard H. Glanton, the authority to grant, on behalf of the Audit and Finance Committee, the pre-approvals required under the Sarbanes-Oxley Act for the provision by Grant Thornton to GEO of auditing and permissible

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION & ANALYSIS

Role of the Compensation Committee

The Compensation Committee of our board of directors establishes and regularly reviews our compensation philosophy and programs, exercises authority with respect to the determination and payment of base and incentive compensation to executive officers and administers our 2006 stock incentive plan, the 2011 employee stock purchase plan and our 2014 stock incentive plan. Our Compensation Committee consists of three members, each of whom is independent as that term is defined in the Sarbanes-Oxley Act of 2002 and the rules and regulations that have been promulgated under that Act, and in the listing standards of the New York Stock Exchange. The Compensation Committee operates under a written charter that was first adopted by our board of directors in February 2004 and has been amended periodically. The charter more fully describes the role, responsibilities and functioning of the Compensation Committee. A current copy of this charter can be viewed on our website at www.geogroup.com by clicking the link [About Us](#) on our homepage and then clicking the link [Corporate Governance](#) .

Say-on-Pay Results

At our 2014 Annual Meeting of Shareholders, over 99% of the votes cast voted to approve the advisory resolution on our executive compensation referred to as the [say-on-pay](#) vote. The Compensation Committee believes that the positive outcome of the [say-on-pay](#) vote supports the compensation arrangements established by the Compensation Committee. The Compensation Committee considered the results of the shareholder vote on the 2014 [say-on-pay](#) proposal as one of the many factors relevant in connection with the discharge of its responsibilities along with the advice of its independent compensation consultant and shareholder feedback. During 2014, the Compensation Committee continued the compensation program in place during 2013. The Compensation Committee approved a number of changes to the compensation program during 2012 and 2013 as a result of the consideration of many factors, including the results of prior [say-on-pay](#) votes, the advice of its independent compensation consultant and shareholder feedback.

Independence of Compensation Consultant

The Compensation Committee assessed the independence of Pay Governance LLC, its compensation consultant, taking into account the following factors:

Other services provided by Pay Governance;

The amount of fees paid by GEO to the consultant as a percentage of its total revenues;

Any business or personal relationships between the consultant (including its representatives) and GEO's directors or senior officers; and

The policies and procedures the consultant has in place to prevent conflicts of interest, which includes a prohibition against stock ownership in GEO.

Pay Governance has attested to its independence and does not provide any services to GEO other than those related to executive compensation consulting. Based on its assessment, the Compensation Committee agreed that the compensation consultant is independent and that the compensation consultant's work has not raised any conflict of interest.

Overview of Compensation Structure

Our compensation structure for named executive officers has historically consisted of four basic components – an annual base salary, an annual cash incentive bonus, an annual equity compensation grant and certain other benefits and perquisites, as more fully described below.

When making decisions regarding the compensation of named executive officers, including the Chief Executive Officer, the Compensation Committee considers the data and analyses prepared by Pay Governance, historical pay to the named executive officers and the appropriateness of such compensation, including by comparing it to a peer group of companies periodically. During 2012, the Compensation Committee used peer group data to obtain a general understanding of current compensation practices and therefore ensure that it is acting in an informed and responsible manner to make sure our executive compensation program is competitive. The Compensation Committee viewed peer group data as one factor in assisting its compensation decisions, but did not engage in benchmarking or rely wholly or in part on this information. In 2014, the Compensation Committee did not believe it was necessary or appropriate to perform or have Pay Governance conduct a peer group analysis to evaluate our compensation programs and practices against the competitive market in light of the extensive peer group analysis that was undertaken in 2012. The Compensation Committee also considers the compensation recommendations set forth by the Chief Executive Officer for named executive officers other than himself. Under the Compensation Committee’s charter, the Chief Executive Officer cannot provide the Compensation Committee with a compensation recommendation for himself. When considering compensation matters generally, and the compensation packages of the named executive officers in particular, the Compensation Committee meets in executive session outside the presence of the named executive officers. The Compensation Committee uses its experience and judgment to make final compensation decisions.

During 2014, the Compensation Committee engaged Pay Governance LLC, a nationally recognized executive compensation consultant, to review the proxy statement for the 2014 annual shareholders meeting and assist it with the approval of the 2014 Stock Incentive Plan proposal. The Compensation Committee retained Pay Governance directly, supervised all work assignments performed by them, and reviewed and approved all work invoices received from them for payment. Pay Governance met directly with the Compensation Committee and reported directly to the Chairman of the Compensation Committee. In conducting its review, Pay Governance was at times required to work with our management in order to obtain compensation information and data to perform its tasks. Other than as described above, Pay Governance was not asked to perform any other services for us. GEO paid Pay Governance a total of \$13,737.50 related to its work for the Compensation Committee in 2014.

Under its charter, the Compensation Committee has the ability to retain any advisors it deems necessary or desirable in order for it to discharge its duties. The Compensation Committee also has sole authority to terminate the retention of any advisor it has retained.

Important Factors Given Particular Consideration by the Compensation Committee in Setting Compensation for the Named Executive Officers

In setting executive compensation for our named executive officers, the Compensation Committee gives particular attention and focus to the following factors over a several year-period:

Our financial performance;

Our stock price performance;

Our growth and prospects for continued future growth in both revenues and profitability; and

The performance of our senior management team.

Table of Contents

Applying these factors to our Company during the previous several years in setting CEO and other named executive officer compensation, the Compensation Committee considered the following:

During the past several years, we have experienced strong growth in revenue and profitability and believe we have become the most diversified service provider in our peer group, which will continue to yield growth opportunities that our competitors may not necessarily enjoy;

During the past several years, we have successfully completed and integrated several significant strategic acquisitions, including, most recently, the acquisition of eight correctional and detention facilities from LCS Correctional Services, Inc. and its affiliates, the acquisition by our subsidiary, Protocol Criminal Justice, Inc., of assets relating to customer relationship management software from APAC Customer Services, Inc., our acquisition and integration of BI Incorporated in 2011, which allowed us to introduce important new electronic monitoring and community service offerings to our customers, and the acquisition and integration of Cornell Companies in 2010-2011, which materially expanded the scope of our U.S. Corrections Services and what we now refer to as our GEO Care Segment;

We believe we have the most seasoned and accomplished senior management team in our industry, led by our Chairman, CEO and Founder, who is an industry pioneer and has a long and established track record of leading our company to substantial growth in revenue and profitability since the inception of our business;

We believe the efforts undertaken by our senior management team over the past several years to expand our company's business, both in our core corrections business and into new diversified services, have positioned us to have what we believe are stronger prospects for stable and strong revenue and profit growth than any peer company in our industry;

Our senior management team has consistently demonstrated the ability over a long period of time to manage through and capably address and mitigate the key risks that face our business on an ongoing basis as demonstrated by the reactivation of one of our facilities with a total of 260 beds and signing an agreement for the reactivation of one of our facilities with a total of 1,940 beds and several actions undertaken during 2014 that strengthened our balance sheet, specifically, the refinancing of our senior credit facility, which now includes an Australian letter of credit facility in the amount of AUD 225.0 million available solely for the issuance of financial letters of credit and performance letters of credit for use in connection with our new design and build project for the Ravenhall prison in Australia, and the issuance of \$250 million of senior notes due 2024 at a favorable interest rate for us of 5.875%;

Our senior management team has consistently made delivering shareholder value a priority. We have had solid long-term stock price performance. The following graph compares the total shareholder return of our common stock compared to the total shareholder return of the NAREIT U.S. Equity REITs index over the five-year period ended December 31, 2014. (GEO TSR 158% vs NAREIT 118%)

The successful conversion by GEO into a real estate investment trust, or a REIT, effective January 1, 2013, a transaction which we believe has significantly increased shareholder value, including through the payment of regular quarterly dividends to our shareholders of \$.50 per share during each of the first through third quarters of 2013, \$.55 per share during the fourth quarter of 2013, \$.57 per share during each of the first through third quarters of 2014, and \$.62 per share during each of the fourth quarter of 2014 and the first quarter of 2015. The factors above are among the most critical we consider in setting our named executive officer compensation.

Compensation Program Objectives and What the Program is Designed to Reward

Our executive compensation program is designed to attract and retain our officers and to motivate them to increase shareholder value on both an annual and a longer term basis primarily by generating increasing levels of revenue and net income. To that end, compensation packages include significant forms of incentive compensation to ensure that an executive officer's interest is aligned with the interests of our shareholders in generating revenue and net income. Based upon the Compensation Committee's regular review of the Company's compensation policies and practices, the Compensation Committee determined that the risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company.

Elements of Compensation

Our compensation program for named executive officers consists of the following components:

Annual base salaries

Annual cash incentive compensation

Equity compensation

Other benefits and perquisites

Each of these components is reflected in the Summary Compensation Table set forth below and is also discussed in further detail below.

Why Each Element of Compensation is Paid and How the Amount of Each Element is Determined

The following is a brief discussion of each element of our named executive officer compensation. The Compensation Committee pays each of these elements in order to ensure that a desirable overall mix is established between base compensation and incentive compensation, cash and non-cash compensation and annual and long-term compensation. The committee also evaluates on a periodic basis the overall competitiveness of our executive compensation packages as compared to packages offered in the marketplace for which we compete for executive talent. Overall, our Compensation Committee believes that our executive compensation packages are currently appropriately balanced and structured to retain and motivate our named executive officers, who we believe constitute the most experienced senior management team in our industry. The Compensation Committee evaluates GEO's executive compensation policies and practices on an ongoing basis.

Salaries. The cash salaries paid to the named executive officers are incorporated into the terms of existing executive employment agreements with our named executive officers. Any increases in salaries have been made either pursuant to the terms of the employment agreements or at the discretion of the Compensation Committee. Mr. Zoley, who also serves as our Chairman, receives no additional compensation for his board service, so his annual base salary reflects the workload, responsibilities and contributions made by Mr. Zoley as our Chief Executive Officer and our Chairman. For 2014, our Compensation Committee determined it was appropriate to increase the annual base salaries of our named executive officers by 3% as compared to their 2013 annual base salaries. In 2015, Mr. Zoley elected not to accept a salary increase, thereby allowing his 2015 salary to remain the same as his 2014 salary.

Annual Cash Incentive Compensation. Annual cash incentive compensation for each of our named executive officers is governed by our Senior Management Performance Award Plan, which was approved by our shareholders at the Company's 2010 annual meeting of shareholders. A new Senior Management Performance Award Plan is being submitted to a vote by our shareholders at the Company's 2015 annual meeting of shareholders. Payments made in accordance with this plan are intended to be tax deductible under Section 162(m) of the Internal Revenue Code of 1986, as amended. The plan is administered by our Compensation Committee, which has the authority to make all discretionary determinations necessary or appropriate under the plan. The plan is governed by the Compensation Committee and is administered on a day to day basis by the Chief Executive Officer and the Senior Vice President of Human Resources.

Under the plan, each of our named executive officers is eligible to receive annual cash incentive compensation based on our relative achievement of budgeted revenue and net income after tax for the fiscal year. We believe revenue and net income after tax are meaningful metrics to assess our performance and are used by our management team when it develops its annual operating plan and budget and are used by our investors in evaluating our performance against the annual financial guidance we give on revenue and net income. For purposes of the plan, net income after tax means our net income after all federal, state and local taxes. Extraordinary items and changes in accounting principles, as defined by U.S. generally accepted accounting principles, may be disregarded in determining our net income after tax. Non-recurring and unusual items not included or planned for in our annual budget may also be excluded from net income after tax in the sole and absolute discretion of the Compensation Committee. In determining the amount of annual incentive cash compensation awarded, our net income after tax is weighted 65% and our revenue is weighted 35% (collectively, the Target Weighting of Revenue and Net-Income-After-Tax).

Awards under the plan are made as follows: (i) targets for budgeted revenue and net income after tax are set at the beginning of each fiscal year; (ii) the plan includes for each named executive officer an annual incentive target amount as a percentage of the officer's salary which forms the basis for computing the officer's award under the plan; and (iii) at the end of the fiscal year, a multiplier set forth in the plan that is based on our relative achievement of budgeted revenue and net income after tax for the fiscal year is applied to each officer's annual incentive target amount referenced in (ii) above. The multiplier is the same for all named executive officers.

The following table shows, for each named executive officer, the annual incentive target amount as a percentage of salary that the respective officer is eligible to receive under the plan.

Named Executive Officer	Annual Incentive Target Amount (As a Percentage of Salary):
Chief Executive Officer	100%
Chief Financial Officer	50%
Senior Vice Presidents	45%

Table of Contents

The following table shows how each named executive officer's annual incentive cash compensation award is calculated by applying a percentage adjustment methodology, or multiplier, separately to the respective Target Weighting of Revenue and Net-Income-After-Tax results:

Percentage of Budgeted Fiscal Year Targets Achieved for Revenue and for Net-Income-After-Tax	Percentage by which the Target Weighting of Revenue and Net-Income-After- Tax is Reduced/Increased
Less than 80%	No Performance Award
80% - 100%	2.5 times the percentage (negative) difference between the actual achieved percentages of budgeted Revenue and Net-Income-After-Tax targets and 100% of the Revenue and Net-Income-After-Tax Targets
100%	No Adjustment to Target Weighting
101% - 120%	(Amounts over 120% shall not be considered for purposes of this calculation) 2.5 times the percentage (positive) difference between the actual achieved percentages of budgeted Revenue (up to 120%) and Net-Income-After-Tax targets and 100% of the Revenue and Net-Income-After-Tax targets

In addition to the calculations described above, if the budgeted goals for revenue and net income after tax are exceeded, the annual incentive amounts for the Chief Financial Officer and the other Senior Vice Presidents may be adjusted up to an additional 50% upon the recommendation of the Chief Executive Officer subject to the approval of the Compensation Committee based on the results of an individual performance assessment. The Chief Executive Officer is not eligible for positive individual performance adjustments. The Compensation Committee and the Chief Executive Officer consider the contribution of the particular officer during the fiscal year when determining whether to grant the discretionary award.

Under the terms of the plan, no amendment to the plan may alter the performance goals, increase the maximum amount which can be awarded to any participant, change the class of eligible employees or make any other change that would require shareholder approval under the exemption for performance-based compensation under Section 162(m) of the Internal Revenue Code, in each case, without the prior approval of our shareholders (to the extent required under the performance-based compensation exception of Section 162(m) of the Internal Revenue Code).

2014 Cash Incentive Outcomes

In 2014, the Company exceeded the target of the performance range on both the Net Income after Tax metric and the Revenue metric.

Metrics (\$Millions)	FY 2014 Performance Results			Actual as a % of	
	Weighting	Target	Actual	Target	Payout as a % of Target
Net Income after Tax	65%	\$ 134.80	\$ 143.90	107%	117.5%
Revenue	35%	\$ 1,611	\$ 1,692	105%	112.5%
				Weighted Payout as % of Target	115.80%

Primarily based on these results, the following annual incentive amounts were awarded to the Named Executive Officers for fiscal year 2014 performance:

Equity Compensation. Our Compensation Committee has historically granted awards under our equity compensation plans to our key employees and members of our board of directors to create a more performance-oriented culture and to further align the interests of management and our shareholders.

Our current equity compensation plan is The GEO Group, Inc. 2014 Stock Incentive Plan (the 2014 Plan), which was approved by our shareholders at our 2014 annual meeting of shareholders. As of March 10, 2015, there was a total of 3,030,552 shares of common stock reserved for future issuance in connection with future awards under the 2014 Plan and outstanding options exercisable under the 2006 Plan. Prior to the implementation of the 2006 Plan, substantially all of our equity compensation awards had consisted of stock option grants. However, since the adoption of the 2006 Plan, we have issued 2,154,006 shares of restricted stock (excluding cancelled shares) and stock options representing the right to acquire 1,818,600 shares of common stock. Our Compensation Committee has historically granted awards under our equity compensation plans either at the time of our annual shareholders meeting or following the end of our fiscal year in connection with the completion of our annual compensation cycle; however, we have varied our practice in recent years. On March 1, 2012, March 12, 2012, July 20, 2012, June 1, 2013 and February 20, 2014, we granted restricted stock awards to employees, management and non-employee directors. Some of the awards that were granted to senior management are performance-based awards. In the future, we may from time to time grant equity awards throughout the year. Equity compensation awards are priced as of the close of business on the date of grant.

Our Compensation Committee also from time to time grants equity compensation awards, including stock options, in connection with the hiring of new employees. In this case, the new employee may receive a grant of stock options that is priced as of the close of business on the date of hire, and is in a quantity generally consistent with amounts initially granted to similarly situated employees in the past by the Compensation Committee.

The amounts of awards granted under our equity compensation plans are determined by the Compensation Committee after taking into account the following factors: the recommendations of the Chief Executive Officer, the availability of awards for issuance companywide, the overall performance of the Company and the individual performances of the grantees.

Under the 2006 Plan and the 2014 Plan, shares of restricted stock may have performance-based or time-based vesting. If the vesting is performance based, vesting is tied to the achievement of predetermined metrics set by the Compensation Committee and included in the applicable equity grant instrument. If vesting is time based, the shares vest at the rate of 25% per year in each of the four years following the date of grant, subject to vesting acceleration in the case of a change in control as defined in our plan. Beginning in 2012, our restricted stock grants to our executive officers have performance-based vesting. Except for stock option awards to Mr. Zoley prior to 2008, and stock option awards granted to non-employee directors in 2009, which all vested immediately

Table of Contents

on the date of grant, stock options vest 20% immediately and an additional 20% on each of the four anniversary dates immediately following the grant date.

We believe that equity compensation awards offer significant motivation to our officers and employees and serve to align their interests with those of our shareholders. While the Compensation Committee will continually evaluate the use of equity compensation both types and amounts it intends to continue to use such awards as part of the company's overall compensation program.

2014 Equity Incentive Awards

On February 20, 2014, GEO granted performance-based restricted stock to our named executive officers that vests on March 1, 2017 based on two performance metrics measured from January 1, 2014 to December 31, 2016 as follows: (i) 75% of the award is determined based on GEO's relative total shareholder return as compared to the FTSE NAREIT EQUITY REIT INDEX and (ii) 25% of the award is determined based on GEO's return on capital employed performance against targets using an average of ROCE over 2014, 2015 and 2016. The following lists the number of performance-based shares of restricted stock granted to each named executive officer:

Executive	# of Performance Shares Granted in February 2014
George C. Zoley	40,000
Brian R. Evans	10,000
John M. Hurley	10,000
John J. Bulfin	7,500
Thomas M. Wierdsma	7,500
Jorge A. Dominicus	

Specifically, the performance targets for the performance-based restricted stock grants are:

Performance Metric	Metric Weighting	Threshold	Target	Maximum
Relative TSR	75%	P30	P50	P90
Return on Capital Employed	25%	+1% of WACC	9%	12%
Payouts				
	(% of Target)	30%	100%	200%

The Threshold required for payment under the Return on Capital Employed metric is set at +1% of our weighted average cost of capital over the three-year measurement period to ensure that payments only occur during periods of positive returns.

Additionally, we have adopted a performance governor that caps payouts under the Relative TSR metric at 100% of target if GEO's absolute TSR is negative over the 3-year period.

Other Benefits and Perquisites. Our executive compensation program includes other benefits and perquisites as more fully reflected on the table set forth below entitled "All Other Compensation." These benefits and perquisites are reviewed annually by the Compensation Committee with respect to amounts and appropriateness. Currently, the benefits and perquisites which the named executive officers are eligible to receive fall into four general categories: (i) retirement benefits pursuant to our executive retirement agreements in the case of Mr. Zoley and pursuant to our senior officer retirement plan in the case of the other named executive officers; (ii) benefits under certain other deferred compensation plans; (iii) value attributable to life insurance we afford our named executive officers beyond that which is offered to our other employees generally; and (iv) travel and entertainment perquisites, such as an automobile allowance, club dues and personal use of the corporate aircraft. For 2014, Mr. Zoley was allotted thirty (30) hours of personal use of the corporate aircraft. For 2015, the Board authorized the allotment of five (5) hours of personal use of the corporate aircraft for Mr. Evans.

Table of Contents

Executive Retirement Agreement. Mr. Zoley has an executive retirement agreement that requires us to pay him a lump sum amount on the date that his employment with GEO ends. Such amount is determined by his age at the time of retirement with the amount increasing by approximately 4% per year up to age 71. Mr. Zoley's retirement agreement formerly included a tax gross-up provision for taxes applicable to his lump sum retirement payment. In 2012, Mr. Zoley agreed to amend his retirement agreement to eliminate the tax gross-up provision. In exchange for this amendment, the amount of the lump sum retirement payment which Mr. Zoley was entitled to receive was proportionally increased so that Mr. Zoley would be entitled to receive substantially the same net benefit he would otherwise have received if the tax gross-up had remained in place. Mr. Zoley's benefits under the executive retirement agreement are fully vested and he will therefore be entitled to receive the amount called for by the agreement whenever his employment with GEO is terminated for any reason, whether by GEO or by him. If Mr. Zoley had retired at December 31, 2014, we would have had to pay him a total of \$7.1 million. The \$7.1 million will be delivered in a lump-sum amount and equates to \$236,667 annually when divided by his 30 years of service with the company. The amount owed under the retirement agreement to Mr. Zoley would be payable from the general assets of GEO.

Senior Officer Retirement Plan. Messrs. Evans, Hurley, Bulfin and Wierdsma participate and Mr. Dominicus participated (through the date he served as an executive officer) in our senior officer retirement plan, which is offered to all of our Senior Vice Presidents. The senior officer retirement plan is a defined benefit plan and, subject to certain maximum and minimum provisions, provides for the payment to the officer of a monthly retirement benefit based on a percentage of the officer's final average annual salary earned during the employee's last five years of credited service (excluding bonus) times the employee's years of credited service. A participant will vest in his or her benefits under the senior officer retirement plan upon the completion of ten (10) years of service. The amount of benefit increases for each full year beyond ten (10) years of service except that there are no further increases after twenty-five (25) years of service. The maximum target benefit under the senior officer retirement plan is 45% of final average salary. Reduced benefits are payable for lesser service and early retirement. Benefits under the senior officer retirement plan are offset 100% by social security benefits received by the officer and are computed on the basis of a straight-life annuity. The plan also provides for pre-retirement death and disability benefits. Amounts owing under the plan are payable from the general assets of the Company.

Deferred Compensation Plans. Our named executive officers are currently excluded from participating in our 401(k) plan by virtue of their compensation level. Accordingly, we have established a deferred compensation plan for certain employees, including the named executive officers, which permits them to defer up to 100% of their compensation to provide for their retirement. Under the deferred compensation plan, the Company may make matching contributions on a discretionary basis. Mr. Evans is the only named executive officer who currently participates in the deferred compensation plan.

Excess Group Life Insurance. We pay rates for the life insurance policies of our named executive officers above the level that is excludable under applicable tax rules. Payments in connection with the resulting excess coverage are treated as imputed income to the officers and are not deductible by the Company.

How Each Compensation Element Fits into the Overall Compensation Objectives and Affects Decisions Regarding Other Elements

In establishing compensation packages for executive officers, numerous factors are considered, including the particular executive's experience, expertise and performance, the Company's overall performance and compensation packages available in the marketplace for similar positions. In arriving at amounts for each component of compensation, our Compensation Committee strives to strike an appropriate balance between base compensation and incentive compensation, including equity based compensation and cash awards under the Senior Management Performance Award Plan. The committee also endeavors to properly allocate between cash and non-cash compensation (subject to the availability of equity compensation awards under our then current equity compensation plans), and between annual and long-term compensation.

Table of Contents

When considering the marketplace, particular emphasis is placed upon compensation packages available at a comparable group of peer companies.

As discussed earlier, Pay Governance completed in 2012 a report on behalf of the Compensation Committee to evaluate its executive compensation program in light of the marketplace to make sure the program is competitive. The Compensation Committee intends to continue this practice on a periodic basis in the future.

2015 Compensation Actions

Equity Incentive Awards

Effective March 2, 2015, GEO granted performance-based restricted stock to our named executive officers that vests on March 1, 2018 based on two annual performance metrics measured from January 1, 2015 to December 31, 2017 as follows: (i) up to 75% of the shares of restricted stock in each award vest if GEO meets certain total shareholder return performance targets during years 2015, 2016 and 2017; and (ii) up to 25% of the shares of restricted stock in each award can vest if GEO meets certain return on capital employed performance targets in 2015, 2016 and 2017. The following lists the number of performance-based shares granted to each named executive officer:

Executive	# of Performance Based Restricted Stock Granted in March 2015
George C. Zoley	50,000
Brian R. Evans	12,500

Clawback/Recoupment Policy

The Company maintains a clawback policy providing that any incentive payment awarded by GEO to an executive officer (including a named executive officer) under any GEO incentive compensation plan may be recouped by GEO in the event of material fraud or misconduct by the recipient, among other triggers.

- 1) This column reflects the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 718 (FASB 718) with respect to stock awards granted during 2014, 2013 and 2012 for each named executive officer. Stock awards granted in 2014, 2013 and 2012 were performance based awards and will be earned if the Company achieves its performance based targets. Assumptions used in the calculation of the amounts related to stock awards are described in Note 1 to the Company's audited financial statements for the year ended December 31, 2014, included in the Company's Annual Report on Form 10-K filed with the SEC on February 26, 2015.
- 2) We regard our Senior Management Performance Award Plan as our annual bonus plan. The column of this table entitled "Non-Equity Incentive Plan Compensation" consists solely of amounts accrued in 2014, 2013 and 2012, and paid in 2015, 2014 and 2013, respectively, under our Senior Management Performance Award Plan with respect to each of our named executive officers. Please see "Compensation Discussion & Analysis" and "Certain Material Executive Compensation Agreements and Arrangements" for a further description of our Senior Management Performance Award Plan. In 2014, the target adjusted net income after tax and revenue was

\$134,800,000 and \$1,611,000,000 respectively. The actual 2014 results achieved for adjusted net income after tax and revenue was \$143,900,000 and \$1,692,000,000 respectively.

- a) We pay rates for the life insurance policies of our named executive officers above the level that is excludable under applicable tax rules. The resulting excess coverage represented in this column is treated as imputed income to the officers.
- b) We provided certain perquisites to the named executive officers in 2014 for personal use of the Company's leased aircraft. For 2014, Mr. Zoley was allotted thirty (30) hours of personal use of the corporate aircraft and utilized 28.9 hours. For purposes of the Summary Compensation Table, we determine the aggregate incremental cost to us for personal use of company aircraft using a method that takes into account the cost of fuel, trip-related maintenance, crew travel expenses, on-board catering, landing fees, trip-related hangar/parking costs and other variable costs. Since the aircraft is used primarily for business travel, the calculation does not include the fixed costs that do not change based on usage, such as pilots' salaries, aircraft acquisition costs and the cost of maintenance not related to trips.
- c) Under our executive automobile policy, the executive is required to make contributions to GEO in circumstances where the cost of the executive automobile exceeds the overall cost allowance as determined under the policy. For Mr. Zoley and Mr. Hurley, the respective cost contributions made by them exceeded the fair value of their executive automobiles during 2012 and therefore there was no additional compensation related to their automobile use for the year.
- 5) Mr. Dominicis transitioned out of his role as an executive officer of GEO in April 2014. Pursuant to his original employment agreement and the annual base salary for 2014 approved by the Compensation Committee as well as the amendment to his employment agreement, GEO paid Mr. Dominicis the pro-rata portion of his 2014 annual base salary of \$355,402, from January 1, 2014 through April 30, 2014, or \$96,482, and a total of \$28,733 for his continued services as Senior Vice

President, GEO Community Services, during the transition period, for a combined total of \$125,214.

CERTAIN MATERIAL EXECUTIVE COMPENSATION AGREEMENTS AND ARRANGEMENTS

The following executive compensation agreements and arrangements are material to an understanding of the amounts paid and/or payable to our named executive officers disclosed in the table above.

Executive Employment Agreements

Effective August 22, 2012, we entered into a Third Amended and Restated Executive Employment Agreement with Mr. Zoley, which was amended by the First Amendment, dated April 29, 2013, and the Second Amendment, dated May 29, 2013 (collectively, the Employment Agreement). The Employment Agreement was in effect during fiscal year 2013. The Employment Agreement has a continuously rolling three-year term.

The Employment Agreement provides that Mr. Zoley is entitled to receive a target annual performance award of up to a maximum of 100% of his annual base salary in accordance with the Senior Management Performance Award Plan.

The Employment Agreement provides that upon the termination of the agreement for any reason other than by GEO for cause (as defined in the Employment Agreement) or by Mr. Zoley without good reason (as defined in the Employment Agreement), he will be entitled to receive a termination payment equal to 2 (two) times his annual base salary plus target bonus for the fiscal year in which his employment is terminated or, if greater, the target bonus for the fiscal year immediately prior to such termination. In addition, the Employment Agreement provides that upon such termination, GEO will transfer all of its interest in any automobile used by the executive pursuant to its employee automobile policy and pay the balance of any outstanding loans or leases on such automobile so that the executive owns the automobile outright. In the event such automobile is leased, the Employment Agreement provides that GEO will pay the residual cost of the lease.

Upon the termination of the Employment Agreement by GEO for cause or by Mr. Zoley without good reason, Mr. Zoley will be entitled to only the amount of compensation that is due through the effective date of the termination, including any performance award that may be due and payable to him under the terms of the Senior Management Performance Award Plan. The Employment Agreement includes a non-competition covenant that runs through the three-year period following the termination of the executive's employment, and customary confidentiality provisions.

The Employment Agreement reflects an annual base salary for Mr. Zoley of \$1,145,000 subject to increases in the sole discretion of the Board, to be determined by the board of directors. Under the terms of the Employment Agreement, Mr. Zoley's annual base salary for 2014 approved by the Compensation Committee was \$1,214,730. Additionally, the Employment Agreement provides that all outstanding unvested stock options and restricted stock granted to Mr. Zoley fully vest immediately upon a termination without cause as such term is defined in his employment agreements, as approved by the Compensation Committee. However, any restricted stock that is still subject to performance based vesting at the time of such termination shall only vest when, and to the extent, the Compensation Committee of the board of directors certifies that the performance goals have been met.

Other Senior Officer Employment Agreements

We have senior officer employment agreements with Messrs. Evans, Bulfin and Wierdsma. The employment agreements have rolling two-year terms which continue until each executive reaches age 67 absent earlier termination. We had a senior officer employment agreement with Mr. Dominicus (consistent with the terms described below for the senior officer employment agreements) that was effective, as modified by the amendment described below, through April 30, 2014. We had a senior officer employment agreement with Mr. Hurley which expired during the year ended December 31, 2014 upon his reaching age 67.

The amounts of base salaries that were paid to each of these executives during fiscal years 2014, 2013 and 2012 are set forth in the Summary Compensation Table above. The executives are also entitled to receive a target annual incentive bonus in accordance with the terms of our Senior Management Performance Award Plan which is further described below.

The senior officer employment agreements provide that upon the termination of the agreement for any reason other than by GEO for cause (as defined in the employment agreement) or by the voluntary resignation of the

Table of Contents

executive, the executive will be entitled to receive a termination payment equal to the following: (1) two years of the executive's then current annual base salary; plus (2) either the continuation of the executive's employee benefits (as defined in the employment agreement) for a period of two years; plus (3) the dollar value of the sum of paid vacation time that the executive was entitled to take immediately prior to the termination which was not in fact taken by the executive. In addition, the employment agreements provide that upon such termination of the executive, we will transfer all of our interest in any automobile used by the executive pursuant to our employee automobile policy and pay the balance of any outstanding loans or leases on such automobile so that the executive owns the automobile outright. In the event such automobile is leased, the employment agreements provide that we will pay the residual cost of the lease. Also, upon such termination, all of the executive's unvested stock options will fully vest immediately.

Upon the termination of the employment agreements by us for cause or by the voluntary resignation of the executive, the executive will be entitled to only the amount of salary, bonus, and employee benefits that is due through the effective date of the termination. Each employment agreement includes a non-competition covenant that runs through the two-year period following the termination of the executive's employment, and customary confidentiality provisions.

Under the terms of the agreements, annual base salaries for 2014 approved by the Compensation Committee for Messrs. Evans, Hurley, Bulfin and Wierdsma were \$530,450, \$530,450, \$461,492 and \$408,447 respectively. Additionally, all outstanding unvested stock options and restricted stock granted to each of Messrs. Zoley, Evans, Bulfin and Wierdsma fully vest immediately upon a termination without cause as such term is defined in each of their employment agreements, as approved by the Compensation Committee.

Amendment to Mr. Dominicis' Employment Agreement

On March 6, 2014, GEO entered into an amendment to its employment agreement with Mr. Dominicis reflecting his transition out of the GEO business effective April 30, 2014. Pursuant to his original employment agreement and the annual base salary for 2014 approved by the Compensation Committee as well as the amendment to his employment agreement, GEO paid Mr. Dominicis the pro-rata portion of his 2014 annual base salary of \$355,402, from January 1, 2014 through April 30, 2014, or \$96,482, and a total of \$28,733 for his continued services as Senior Vice President, GEO Community Services, during the transition period, for a combined total of \$125,214. After the conclusion of the two-month transition period, Mr. Dominicis' employment with GEO terminated. Following the termination of employment, Mr. Dominicis acts as a consultant to GEO through March 31, 2016 (the Consulting Period), during which time he will be available to GEO for up to 10 hours per month. If Mr. Dominicis serves the full Consulting Period, he will be paid a total of \$69,000. Additionally, all of Mr. Dominicis' unvested stock options, restricted shares and performance-based shares will continue to vest according to their terms as long as Mr. Dominicis continues to serve as a consultant during the Consulting Period.

Executive Retirement Agreement

We also have an executive retirement agreement with Mr. Zoley. The retirement agreement provides that upon the later of (i) the date he actually retires from employment with GEO, or (ii) his 55th birthday, GEO will make a lump sum payment to Mr. Zoley. See Potential Payments Upon Termination or Change in Control for the amount we would have had to pay Mr. Zoley as of December 31, 2014 pursuant to his executive retirement agreement had he retired at his current age as of that date.

The retirement agreement provides that if the executive should die after his 55th birthday but before he retires from GEO, GEO shall immediately pay to the executive's beneficiary(ies) or estate the amount GEO would have paid to the executive had he retired immediately prior to his death. The retirement agreement includes non-competition provisions that run for a two-year period after the termination of the executive's employment. Mr. Zoley has reached the age of 55.

Table of Contents

Senior Officer Retirement Plan

GEO maintains a senior officer retirement plan for all of its Senior Vice Presidents, including Mr. Evans, Mr. Hurley, Mr. Bulfin and Mr. Wierdsma. Mr. Dominicis was also a participant in the senior officer retirement plan up until the date he was no longer an executive officer. The senior officer retirement plan is a non-qualified defined benefit plan and, subject to certain maximum and minimum provisions, provides for the payment to the officer of a monthly retirement benefit based on a percentage of the officer's final average annual salary earned during the employee's last five years of credited service (excluding bonus) times the employee's years of credited service. A participant will vest in his or her benefits under the senior officer retirement plan upon the completion of ten (10) years of service, provided such participant remains continuously employed by the Company until at least age fifty five (55). The amount of benefit increases for each full year beyond ten (10) years of service except that there are no further increases after twenty-five (25) years of service. The maximum target benefit under the senior officer retirement plan is 45% of final average annual salary. Reduced benefits are payable for lesser service and early retirement. Benefits under the senior officer retirement plan are offset one hundred percent (100%) by social security benefits received (or estimated social security benefits to be received, if applicable) by the officer and are computed on the basis of a straight-life annuity. The plan also provides for pre-retirement death and disability benefits. Amounts owing under the plan are payable from the general assets of the company.

The assumptions used in GEO's actuarial calculation of pension costs are based on payments in the form of a life annuity using market information and GEO's historical rates for employment compensation. Such actuarial assumptions are based using mortality tables for healthy participants and include a discount rate of 4.35% and a rate of compensation increase of 3.00%. Please see Certain Material Executive Compensation Agreements and Arrangements for a description of our executive and senior officer retirement agreements and arrangements.
- (3) Mr. Dominicis was not vested under our Senior Officer Retirement Plan as of April 30, 2014, the date Mr. Dominicis ceased being an executive officer of the Company, due to the fact that he had not accumulated ten years of service as of that date.

The following table sets forth for each named executive officer the payments that we would have been required to make as of December 31, 2014, (i) pursuant to the officer's employment agreement, in connection with the termination of the officer's employment as of that date by GEO without cause or by the officer for good reason (as such terms are defined in each officer's employment agreement), (ii) pursuant to the officer's employment agreement, in connection with the termination of the officer's employment as of that date by GEO for cause (as defined in each officer's employment agreement) or by the officer upon the officer's resignation, and (iii) pursuant to the officer's retirement agreement or arrangement, in connection with the termination of the officer's employment as of that date for any reason (including due to the retirement, death or disability of the officer). All of the payments in the table would have been payable pursuant to the employment and retirement agreements and arrangements described more fully above under Certain Material Executive Compensation Agreements and Arrangements. - (1) Our current employment agreements with our named executive officers do not provide for any payments in connection with a change in control. Each officer would only have received the amount set forth in this column in connection with a change in control on December 31, 2014, if such officer was terminated by GEO without cause or the officer terminated his employment for good reason, in each case, in connection with the change in control. Currently, only the employment agreement with Mr. Zoley contains a right of the officer to terminate employment for good reason.
- (2) In the event of a termination for any reason of any named executive officer on December 31, 2014, such officer would also have been entitled to receive the amounts set forth in the column of this table titled "Payment Due Pursuant to Officer's Retirement Agreement or Arrangement Upon a Termination For Any Reason" pursuant to the officer's retirement agreement or arrangement.
- (3) All amounts are calculated using each named executive officer's annual base salary on December 31, 2014.
- (4) Although no named executive officer is eligible to receive a payment in connection with a termination for cause or a resignation pursuant to the officer's employment agreement, each officer is entitled to receive all accrued and unpaid amounts under the officer's employment agreement through the date of termination.
- (5) The benefits of Messrs. Zoley, Hurley, Evans, Bulfin and Wierdsma under the retirement agreement in the case of Mr. Zoley and the Senior Officer Retirement Plan in the case of Messrs. Hurley, Evans, Bulfin and Wierdsma are fully vested and those officers would therefore have been entitled to receive the amounts set forth in this column if their employment with GEO had been terminated for any reason on December 31, 2014, whether by GEO or the officer, regardless of whether cause or good reason existed, and including in the event of a termination due to the retirement, death or disability of the officer. Mr. Dominicis was not vested under our senior officer retirement plan as of April 30, 2014, the date Mr. Dominicis ceased being an executive officer of the Company, due to the fact that he had not accumulated ten years of service as of that date. Please see "Certain Material Executive Compensation Agreements and Arrangements" for a description of our executive and senior officer retirement agreements and arrangements.

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit and Finance Committee of our board of directors has appointed Grant Thornton LLP as our independent registered public accountants for the 2015 fiscal year. The Audit and Finance Committee is responsible for the appointment, oversight and termination of our independent registered public accountants. We are seeking the ratification of our shareholders of this appointment, although our Audit and Finance Committee is not bound by any shareholder action on this matter.

If the appointment of Grant Thornton LLP as our independent registered public accountants is not ratified by our shareholders, the Audit and Finance Committee will reconsider its appointment, but may nevertheless retain Grant Thornton LLP. Also, even if the appointment of Grant Thornton LLP as our independent registered public accountants is ratified by our shareholders, the Audit and Finance Committee may direct the appointment of a different independent auditor at any time during the year if the Audit and Finance Committee determines, in its discretion, that such a change would be in our best interests. Grant Thornton LLP has advised GEO that no partner or employee of Grant Thornton LLP has any direct financial interest or any material indirect interest in GEO other than receiving payment for its services as independent certified public accountants.

PROPOSAL 3:

ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, requires that we provide our shareholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

As described above in detail under the heading Compensation Discussion and Analysis, we seek to closely align the interests of our named executive officers with the interests of our shareholders. Our compensation programs are designed to attract, retain and motivate our named executive officers to increase shareholder value on both an annual and a longer term basis primarily by generating increasing levels of revenue, net income, net operating income, adjusted funds from operations, total shareholder return and return on capital employed, while at the same time avoiding the encouragement of unnecessary or excessive risk taking.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission. The vote is advisory, which means that the vote is not binding on the Company, our board of directors or the Compensation Committee. Although non-binding, our board of directors and Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

Accordingly, we ask our shareholders to vote on the following resolution at the annual meeting:

RESOLVED, that the compensation paid to the company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Recommendation of the Board of Directors

The board of directors unanimously recommends a vote FOR the approval of the compensation of our named executive officers, as disclosed in this proxy statement.

PROPOSAL 4:

PROPOSAL TO ADOPT THE GEO GROUP, INC. S SENIOR MANAGEMENT PERFORMANCE AWARD PLAN

Approval of Senior Management Performance Award Plan

Background

We are asking our shareholders to approve The GEO Group, Inc. Senior Management Performance Award Plan, which is our annual senior executive bonus plan and is referred to in this proxy statement as the Performance Award Plan. This Award Plan is substantially similar to the senior executive bonus plan we have had in place since 2010, and is being submitted for shareholder approval in order to secure ongoing tax deductions under the Internal Revenue Code, as further discussed below. The Compensation Committee and Board of Directors approved the Performance Award Plan in March 2015, subject to shareholder approval. The description of the Performance Award Plan is a summary of its principal provisions and is qualified in its entirety by reference to the Performance Award Plan, a copy of which is included in this proxy statement as Annex A. The Performance Award Plan is being submitted to you for approval to preserve the tax deductibility of cash incentive awards to executive officers under Section 162(m) of the Internal Revenue Code. Section 162(m) limits to \$1 million per year the deductibility of compensation to the Chief Executive Officer and the next three most highly compensated executive officers other than the Chief Financial Officer. This limit does not apply to compensation defined in Section 162(m) as qualified performance-based compensation. In order for awards under the

Table of Contents

Performance Award Plan to constitute qualified performance-based compensation, shareholders must approve the Performance Award Plan every five years. The Performance Award Plan was last approved by shareholders in 2010, and the Performance Award Plan, as amended, is now being resubmitted for shareholder approval at this annual meeting to satisfy this Section 162(m) requirement.

Purpose

The purpose of the Performance Award Plan is to attract, retain and motivate designated key employees by providing performance-based cash awards. The Performance Award Plan provides performance-related cash incentive compensation opportunities to our participating executive officers and employees. The Performance Award Plan rewards outstanding performance by those individuals whose decisions and actions affect the sustainable growth and profitability of the Company. The performance criteria set forth in the Performance Award Plan are intended to align the interests of participating employees with the interests of shareholders.

Administration

The Performance Award Plan is governed by the Compensation Committee and is administered on a day to day basis by the Chief Executive Officer and the Senior Vice President of Human Resources. The Compensation Committee has the discretion to make all determinations necessary or appropriate under the plan. The Compensation Committee is currently comprised of not less than two individuals who qualify as outside directors under Section 162(m) of the Code, or another committee of the board satisfying such requirement. Under the Performance Award Plan, the Compensation Committee has the exclusive authority and responsibility to:

interpret the Performance Award Plan,

determine the timing and form of amounts to be paid out under the Performance Award Plan and the conditions for payment thereof,

certify attainment of performance goals and other material terms,

adjust Performance Awards,

authorize the payment of all benefits and expenses of the Performance Award Plan,

adopt, amend and rescind rules and regulations relating to the Performance Award Plan, and

make all other determinations and take all other actions necessary or desirable for the Performance Award Plan's administration, including, without limitation, correcting any defect, supplying any omission or reconciling any inconsistency in the Performance Award Plan in the manner and to the extent it shall deem necessary to carry the Performance Award Plan into effect.

Eligible Employees/Performance Awards

All of our named executive officers, other than Mr. Dominicus, as well as our Senior Vice Presidents who are not named executive officers, are eligible to participate in the Performance Award Plan. Under the plan, each of GEO's named executive officers is eligible to receive annual cash incentive compensation based on GEO's budgeted revenue and net income after tax for the fiscal year. For purposes of the plan, net income after tax means GEO's net income after all federal, state and local taxes. Extraordinary items and changes in accounting principles, as defined by U.S. generally accepted accounting principles, may be disregarded in determining GEO's net income after tax. Non-recurring and unusual items not included or planned for in GEO's annual budget may also be excluded from net income after tax in the sole and absolute discretion of the Compensation Committee. In determining the amount of annual incentive cash compensation awarded, net income after tax is weighted 65% and revenue is weighted 35% (collectively, the Target Weighting of Revenue and Net-Income-After-Tax).

Table of Contents

The following table shows, for each named executive officer, the annual incentive target amount as a percentage of salary that the respective officer is eligible to receive under the plan.

Named Executive Officer:	Annual Incentive Target Amount (As a Percentage of Salary):
Chief Executive Officer	100%
Chief Financial Officer	50%
Senior Vice Presidents	45%

Under the terms of the plan, each named executive officer's annual incentive cash compensation award is calculated by applying the following percentage adjustment methodology separately to the respective Target Weighting of Revenue and Net-Income-After-Tax results in accordance with the following table:

Percentage of Budgeted Fiscal Year Targets Achieved for Revenue and for Net-Income-After-Tax	Percentage by which the Target Weighting of Revenue and Net-Income-After- Tax is Reduced/Increased
Less than 80%	No Performance Award
80% - 100%	2.5 times the percentage (negative) difference between the actual achieved percentages of budgeted Revenue and Net-Income-After-Tax targets and 100% of the Revenue and Net-Income-After-Tax targets
100%	No Adjustment to Target Weighting
101% - 120%	(Amounts over 120% shall not be considered for purposes of this calculation) 2.5 times the percentage (positive) difference between the actual achieved percentages of budgeted Revenue (up to 120%) and Net-Income-After-Tax targets and 100% of the Revenue and Net-Income-After-Tax targets

In addition to the amounts above, if the budgeted goals for revenue and net income after tax are exceeded, the annual incentive target amounts for the Chief Financial Officer and the other Senior Vice Presidents may be increased up to an additional 50% of the executive's annual incentive target amount upon the recommendation of the Chief Executive Officer subject to the approval of the Compensation Committee. The Chief Executive Officer is not eligible for discretionary adjustments. The 50% discretionary adjustment is by definition not based on any objective criteria and is based solely on the CEO's and Compensation Committee's judgment. Factors typically considered by the Compensation Committee and the Chief Executive Officer in determining whether to grant the discretionary award include the contribution of the particular individual during the fiscal year and the overall performance of GEO during the fiscal year. GEO does not set performance targets under the plan in advance, the achievement of which would require payment of the discretionary adjustment under the plan.

For fiscal year 2014, the performance targets for revenue and net income after tax under the plan were \$1,611,000,000 and \$134,800,000, respectively, and the actual results achieved by GEO in fiscal year 2014 for revenue and adjusted net income after tax were \$1,692,000,000 and \$143,900,000, respectively. Net income after tax was adjusted for certain non-recurring items in accordance with the terms of the plan.

Payment of Performance Awards

Performance Awards will be paid in cash as soon as practicable after the award amounts are approved and certified in writing by the Compensation Committee.

Table of Contents

Amendment and Termination

The board may, in its sole discretion, amend, modify, suspend, discontinue or terminate the Performance Award Plan or adopt a new plan in place of the Performance Award Plan at any time. However, no amendment, suspension or termination may, without the consent of the participant, alter or impair a participant's right to receive payment of a Performance Award for any fiscal year that is payable under the Performance Award Plan.

Under the terms of the plan, no amendment to the plan may alter the performance goals, increase the maximum amount which can be awarded to any participant, change the class of eligible employees or the target performance awards (% of salary) or make any other change that would require shareholder approval under the exemption for performance-based compensation under Section 162(m) of the Internal Revenue Code, in each case, without the prior approval of GEO's shareholders (to the extent required under the performance-based compensation exception of Section 162(m) of the Internal Revenue Code).

Termination of Employment

Under the terms of the plan, if an executive is terminated for cause, the executive will automatically forfeit any annual incentive cash compensation with respect to the fiscal year during which such termination occurs. If an executive voluntarily terminates employment prior to the end of any fiscal year (other than as a result of the retirement of the executive or, in the case of the Chief Executive Officer or Chief Financial Officer, as a result of a termination of employment by any of them for good reason (as defined in their respective employment agreements)), the executive will automatically forfeit any award for such fiscal year unless the Chief Executive Officer, in his sole and absolute discretion, grants a prorated annual incentive cash compensation award in an amount not to exceed the amount the executive would have received if the executive had remained employed for the entire fiscal year, based on the actual financial results of GEO as determined following the end of such fiscal year.

In the event (i) an executive is terminated by GEO without cause, (ii) an executive's employment is terminated due to death or disability, (iii) in the case of the Chief Executive Officer or Chief Financial Officer, any of them terminates their employment for good reason (as defined in their respective employment agreements), or (iv) in the case of the retirement of an executive which occurs effective as of a date following the 90th day of the applicable fiscal year of GEO, then the executive is entitled to receive a prorated portion of the annual incentive cash compensation award the executive would have received under the plan if the executive had remained employed by GEO for the entire fiscal year, based on the actual financial results of GEO as determined following the end of such fiscal year.

Federal Income Tax Consequences

The Performance Award Plan is designed, among other things, to ensure that compensation which may be payable under the Award Plan to participants who are covered employees as defined in Section 162(m) of the Code and the applicable Treasury regulations thereunder will qualify as tax-deductible pursuant to the performance-based compensation exception of Section 162(m) of the Code. For purposes of Section 162(m), the material terms of the performance goals that must be approved include: (i) the employees eligible to receive compensation under the Performance Award Plan, (ii) a description of the business criteria on which the performance goal is based and (iii) either the maximum amount of compensation that can be paid to a covered employee under the performance goal or the formula used to calculate the amount of compensation that could be paid if the performance goal is satisfied.

Under present federal income tax law, participants will recognize ordinary income equal to the amount of the Performance Award received in the year of receipt. That income will be subject to applicable income and employment tax withholding by us. If and to the extent that the Performance Award Plan payments satisfy the requirements of Section 162(m) of the Code and otherwise satisfy the requirements for deductibility under federal income tax law, we will receive a deduction for the amount constituting ordinary income to the participant.

Awards to be Granted to Certain Individuals and Groups
