NEW BRAND STATEMENT

The new of today, the norm of tomorrow

DOCOMO has embarked on a new challenge:

connecting the separate elements of daily life

to achieve levels of convenience and enjoyment never seen before.

We call it smart innovation.

Security and peace of mind, health, education,

and all the other pleasures that go to make up life

we are proposing optimum connections for each individual,

taking the provision of information and enjoyment of life a giant step forward.

To make this a reality, we are supporting innovation across a wide range of businesses.

And beyond this, we are also actively developing novel solutions

to the challenges facing society.

This culture of challenge and innovation is deeply rooted at DOCOMO.

For us, however, it's not simply about creating products and

services that are new; it's about creating things that, before you know it,

become essential or even taken for granted in daily life.

We firmly believe the lifestyles that smart innovation

makes possible will become the standard, so deeply ingrained they are hardly noticed.

We envisage a time when the new becomes everybody's taken-for-granted standard,

and we are working towards that day with everything at our command.

MESSAGE FROM THE PRESIDENT

Dear Shareholders:

I am delighted to present this convocation notice for the general shareholders meeting for the 24th fiscal year (from April 1, 2014 to March 31, 2015).

For the fiscal year ended March 31, 2015, we recorded a decrease in both operating revenues and income. As President and CEO of the Company, I take these lackluster financial results very seriously. However, I believe we successfully laid the foundation toward a growth track with the introduction of the new billing plan and docomo Hikari optical-fiber broadband service, which enabled us to drastically change the stage of competition and lead to a significant improvement in the acquisition of net additions and churn rate.

Positioning the fiscal year ending March 31, 2016 as the year for making a solid step toward the achievement of our medium-term targets, we will manage our business attaching utmost importance to delivering results. Also, we will pursue initiatives for co-creation an effort to create new added values in collaboration with various external partners, thereby contributing to bringing more affluence to society and providing solutions to a number of pressing social issues.

As always, I ask for your continued goodwill and support.

Table of Contents**(Attachments)****BUSINESS REPORT**

(For the fiscal year from April 1, 2014 to March 31, 2015)

Note: The term "FY2014" hereinafter refers to the fiscal year ended March 31, 2015, and other fiscal years are referred to in a corresponding manner. All non-consolidated figures regarding results of operations in this report were prepared in accordance with accounting principles generally accepted in Japan ("Japanese GAAP"), unless otherwise stated herein. Consolidated results contained herein were prepared in accordance with accounting principles generally accepted in the United States ("U.S. GAAP"), unless otherwise noted.

1. Business Matters of the Corporate Group**(1) Main Business Activities (As of March 31, 2015)**

The main business activities of our Group are summarized in the table below.

Business Segment	Main Business Areas
Telecommunications business	Cellular (LTE(Xi) and FOMA) services, optical-fiber broadband services, satellite mobile communications services, international services and sales of handsets and equipment for each service, etc.
Smart life business	Services offered through dmarket portal such as distribution of video, music and electronic books, etc., finance/payment services, online shopping service and other life-related services, etc.
Other businesses	Mobile phone protection service, commissioned development/sales and maintenance of systems, etc.

Note: From the fiscal year ended March 31, 2015, the conventional two reportable business segments, "mobile phone business" and "all other businesses" have been realigned to the three reportable business segments listed above.

(2) Developments and Results of Operations**<<Market Trend>>**

Japan's telecommunications sector has seen a dramatic change in its market structure.

In May 2014, NIPPON TELEGRAPH AND TELEPHONE CORPORATION (NTT) unveiled its "Hikari Collaboration Model" a new wholesale business model for its fiber access service. As this enables telecommunications operators and a wide range of other players to provide services utilizing fiber connections, competition transcending the traditional boundaries of telecommunications market is starting.

Within the mobile communications market, the trend towards market entry by various players and the emergence of new services is expected to gather momentum due to the rapid proliferation and expanded use of smartphones, tablets, and other function-rich mobile devices, as well as the government's pro-competition policy and other factors.

Table of Contents

<<Summary of the principal initiatives>>

Amid these changes in the market environment, in the fiscal year ended March 31, 2015, to strengthen our competitiveness in mobile communications business, we launched a new billing plan, *Kake-hodai & Pake-aeru*, while continuing to enhance our network through LTE services and introducing highly functional and attractive devices (handsets). With respect to our efforts in the smart life business and the other businesses, we strived to further enrich our *dmarket* portal, facilitated collaboration and alliances with various partners and expanded new services that are expected to sustain customers' smart life. Meanwhile, we reorganized our corporate group and internal organizations to establish a structure that can deliver enhanced customer services, and shifted human resources to high-priority areas (the smart life business and enterprise business) in an effort to solidify our business foundation.

As a result of these endeavors, we were awarded high scores for both our consumer and enterprise offerings in the customer satisfaction surveys conducted by external institutions, and improved our performance in the acquisition of net additions, churn rate and other indicators of cellular service.

Furthermore, in March 2015, toward the goals of delivering one-stop service for both mobile and fixed-line communications, realizing smart home services and boosting the competitiveness of our core mobile business, we launched the *docomo Hikari* service (DOCOMO's optical-fiber broadband service) and *docomo Hikari Pack*, making the first step in our journey for offering new added value through the convergence of fixed-line and mobile communications services.

<<Results of Operations for the FY2014 >>

	(Billions of yen)		
Item	23rd Fiscal Year (FY2013)	24th Fiscal Year (FY2014)	Year-on-Year Change
Operating revenues	4,461.2	4,383.4	-1.7%
Operating income	819.2	639.1	-22.0%
Income before income taxes and equity in net income (losses) of affiliates	833.0	643.9	-22.7%
Net income attributable to NTT DOCOMO, INC.	464.7	410.1	-11.8%

For the fiscal year ended March 31, 2015, operating revenues decreased by ¥77.8 billion from the previous fiscal year to ¥4,383.4 billion due mainly to the expanded impact from the broadened uptake of the *Monthly Support* discount program and the negative impact caused by the *Kake-hodai & Pake-aeru* new billing plan in the initial phase following its launch, which more than offset the increase in revenues from equipment sales, the smart life business and the other businesses.

Operating expenses increased by ¥102.3 billion from the previous fiscal year to ¥3,744.3 billion, due mainly to a rise in revenue-linked expenses such as cost of equipment sold and other factors despite our ongoing cost reduction efforts.

As a result of the foregoing, although we could not achieve ¥750.0 billion, the original full-year target, we recorded operating income of ¥639.1 billion (a decrease of ¥180.1 billion from the previous fiscal year), and were able to surpass ¥630.0 billion, the full-year forecast as revised in the second quarter of the fiscal year ended March 31, 2015.

Income before income taxes and equity in net income (losses) of affiliates was ¥643.9 billion, and net income attributable to NTT DOCOMO, INC. was ¥410.1 billion, recording a decrease of ¥54.6 billion from the previous fiscal year.

Smart life business	11.8	-3.9	-
Other businesses	-5.3	6.9	-
Total	819.2	639.1	-22.0%

Principal initiatives of our group in each business segment in the fiscal year ended March 31, 2015 are summarized below.

n Telecommunications Business

Operating revenues from our telecommunications business for the fiscal year ended March 31, 2015 decreased by ¥172.8 billion from the previous fiscal year to ¥3,654.6 billion, due mainly to a decrease in mobile communications services revenues as a result of the expanded impacts from the broadened uptake of the Monthly Support discount program and the negative impact caused by the Kake-hodai & Pake-aeru new billing plan in the initial phase following its launch, which more than offset the increase in revenues from equipment sales.

Operating expenses from telecommunications business for the fiscal year ended March 31, 2015 increased by ¥3.9 billion from the previous fiscal year to ¥3,018.5 billion, due mainly to an increase in cost of equipment sold and other factors despite our ongoing cost reduction efforts. Consequently, operating income from our telecommunications business for the fiscal year ended March 31, 2015 decreased by ¥176.7 billion from the previous fiscal year to ¥636.1 billion.

Topics

1 *Launch of docomo Hikari*

In March 2015, we commenced docomo Hikari service our optical-fiber broadband service that enables high-speed access at speeds of up to 1Gbps, and simultaneously launched docomo Hikari Pack a bundle package that allows users to use docomo Hikari broadband service and smartphones/docomo feature phones at affordable rates.

We provide one-stop service for the full range of services including optical-fiber broadband, Internet access and mobile phone services. Hence, we serve as customer's single point of contact for every need from service-related inquiries to after-sales support, thereby enhancing customers' convenience and comfort of using high-speed communications services.

1 *Launch of New Billing Plan, Kake-hodai & Pake-aeru*

In June 2014, under the concept to allow users to use our service at affordable rates for a long period by selecting plans appropriate for their needs in different stages of life, we introduced a new billing plan, Kake-hodai & Pake-aeru, comprising the four principal services of Kake-hodai (a flat-rate domestic voice calling plan), Share Pack (a packet data quota-sharing plan among family members), Zutto DOCOMO Wari (a discount service favoring long-term users with graduated discounts based on length of subscription) and U25 Ouen Wari (a service providing helpful discounts to users of age 25 or younger).

The new billing plan has enjoyed favorable reviews from early on, with its total subscriptions topping 10 million in some four months after its launch, and then growing to approximately 17.83 million as of March 31, 2015.

1 *Rollout of New LTE Services*

In June 2014, as the first telecommunications carrier in Japan, we commenced a new LTE-based voice communications service, VoLTE¹, which delivers more stable and superior sound quality compared to conventional voice calling service.

In March 2015, we launched the PREMIUM 4G service that delivers downlink speeds of up to 225Mbps using the LTE-Advanced² system, which incorporates carrier aggregation³, advanced C-RAN and other technologies that realize further speed/capacity enhancements over LTE service.

Furthermore, to enable overseas travelers to utilize LTE service even more comfortably, we worked on LTE international roaming coverage expansion and increased the number of LTE roaming destinations to 43 countries and regions as of March 31, 2015.

n Smart Life Business

Operating revenues from smart life business for the fiscal year ended March 31, 2015 increased by ¥80.2 billion from the prior fiscal year to ¥437.0 billion, owing to an increase in revenues from dmarket and various other services. Operating expenses from the smart life business were ¥440.9 billion, up ¥95.9 billion from the previous fiscal year, due to an increase in expenses associated with the expansion of dmarket and other revenues, as well as an impairment loss of ¥30.2 billion for business assets relating to multimedia broadcasting service for mobile devices. As a consequence, the operating loss from our smart life business amounted to ¥3.9 billion

1 *Initiatives Aimed at dmarket Enrichment and Expansion of User Base*

To expand the adoption of dmarket services to a broader range of users, we have added new content and implemented various initiatives aimed at increasing its subscriber base.

In addition to the traditional service lineup of video, music and other digital content distribution as well as other useful services for everyday life such as the online shopping site for daily necessities and fashion items and travel services, we added some new services such as ddelivery (a home food delivery service that allows users to place orders easily using their smartphones and other devices) and dmagazine (which offers users with unlimited access to a wide range of popular magazines and articles for a flat monthly rate). The dmagazine service, in particular, has recorded a steady increase in its subscription count, which totaled 1.9 million as of March 31, 2015.

Further, we extended the free trial period of dvideo, danime store, dhits, and dmagazine to allow customers to try and appreciate the attractiveness of these services offered through our dmarket portal.

As a result of the abovementioned measures, the combined dmarket subscriptions topped 10 million in January 2015, and grew further to 11.88 million as of March 31, 2015.

* The total number of users using dvideo, danime store, dhits, dkids and dmagazine services under a m subscription arrangement.

n Other businesses

Operating revenues from the other businesses for the fiscal year ended March 31, 2015 increased by ¥17.6 billion from the prior fiscal year to ¥319.8 billion, mainly driven by the growth of revenues from our Mobile Device Protection Service. Operating expenses from other businesses increased by ¥5.4 billion from the previous fiscal year to ¥312.9 billion, mainly due to an increase in expenses associated with the revenues from our Mobile Phone Protection service. Consequently, we recorded operating income of ¥6.9 billion from other businesses for the fiscal year ended March 31, 2015.

Topics

1 *Roll-out of Enterprise Solutions*

In collaboration with SkillUpJapan Corp. (currently known as Allm Inc.), we started offering a new mobile cloud solution, Join, which allows medical doctors belonging to the same or other medical institutions to cooperate with each other by sharing CT, MRI or other medical images.

1 *Roll-out of M2M /IoT business*

We entered into an agreement with Tesla Motors, Inc. to provide the in-vehicle information/communication platform and data connectivity for its Model S electric vehicles marketed in Japan. In addition, we hosted DOCOMO Automobile Business Solution Summit and implemented other measures aimed at fostering and expanding new businesses through the convergence of automobiles and IoT*1.

Furthermore, as a SIM card to be embedded in M2M*2-enabled machines, we started offering Japan's first eSIM*3 that can store not only DOCOMO's phone number but also the phone number of overseas carriers.

(3) Trend of Capital Expenditures

<< Expansion of Telecommunications Facilities>>

We significantly increased the installations of LTE base stations to build a robust network pursuing breadth, speed and convenience.

In the fiscal year ended March 31, 2015, the total number of LTE base stations was increased to 97,400 stations from 55,300 stations as of March 31, 2014 to further improve the area coverage of our LTE service. Also, in pursuit of further enhancement of the transmission speeds, we increased the number of LTE base stations compatible with a maximum download speed of 100Mbps or higher to 57,700 stations from 3,500 stations as of March 31, 2014.

<<Measures for More Efficient Use of Capital Expenditures>>

We pursued cost efficiency improvement toward the goal of further strengthening our management foundation through the integration and/or capacity expansion of equipment, the improvement of the efficiency of construction and the reduction of equipment procurement costs.

As a result of the above measures, the total capital expenditures for the fiscal year ended March 31, 2015, decreased by 5.9% from the previous fiscal year to ¥661.8 billion.

(4) Financing Activities

During the fiscal year ended March 31, 2015, we did not make any long-term financing through capital increase, issuance of corporate bonds or long-term borrowings.

(5) Research and Development Activities

<< Technology Put to Practical Use During the Fiscal Year Ended March 31, 2015 >>

1 *Expansion of Agent Service Functions*

For i-concier and Shabette-Concier, we developed new functions such as a function to enable applications to display the most relevant and appropriate information to a user by studying the user's preferences, and a function that allows the user to have uninterrupted smooth chat with Shabette-Chara.

<<Technical Developments to be Implemented>>

1 *VoLTE International Roaming*

We are the first mobile telecommunications carrier in Japan to succeed in substantiation experiments of VoLTE international roaming connections between Japan and Korea, and Japan and the United States.

1 *Network Virtualization*

We developed network virtualization technology and succeeded in substantiation experiments with six major global vendors to improve the ease of connecting communications during peak times in communications traffic with the aim of commercial implementation in March 2016.

1 *Development of New Device*

We developed a small authentication device, the portable SIM, which connects to the network simply by being held over a smart phone or tablet.

1 *Double Power Control for Base Station Electricity*

We developed Double Power Control technology that controls power usage giving priority to surplus solar power and night-time power, and introduced it to green base stations used for field testing.

<<Future Technology Initiatives>>

1 *Next Generation Communications (5G)*

In order to provide the most advanced communications network by 2020, we are engaged in 5G research in cooperation with the major global vendors with the aim of achieving mobile communications speed exceeding 10Gbps, an enhancement of LTE service to have about 1,000 times higher capacity, and handling of an increase in terminals with the permeation of IoT and of diverse services. During the fiscal year ended March 31, 2015, we succeeded in data communications of at least 5 Gbps when receiving in indoor tests and at least 4.5Gbps when

receiving in outdoor test.

1 *Mobile Healthcare Technology*

We developed a wearable device for measuring the biological gas component (acetone) that is naturally emitted by the skin and serves as an indicator of combustion of body fat. Furthermore, in order to establish methods for the prevention and early detection of illness, we have begun joint research to conduct the world's first data analysis that blends our company's proprietary mobile healthcare technology and analytic technology for genomes and the like owned by Tohoku University.

1 *Establishment of Translation Business Company, Mirai Translate, Inc.*

We have established a joint venture company, Mirai Translate, Inc., with SYSTRAN INTERNATIONAL Co., Ltd. and FueTrek Co., Ltd. We are proceeding with research with the aim of developing translation technology that has the world's highest level of machine translation accuracy and the provision of software and services using this technology in order to realize a world free of language barriers to respond to the further increases in foreign visitors to Japan, overseas travel by Japanese, and overseas expansion by Japanese companies expected to occur by 2020.

As a result of the above, the total research and development costs for the fiscal year ended March 31, 2015, decreased by 4.9% from the previous fiscal year to ¥97.0 billion.

(6) CSR Activities

We are working to provide a stable, high quality network and services and to engage in the persistent creation of new value as a Partner for a Smart Life for our customers.

We believe it is the corporate social responsibility CSR of DOCOMO to contribute to the realization of a society that enables people to lead abundant lives with comfort, safety, and security by resolving various social issues and surpassing the confines of countries, regions, and generations. Accordingly, we have positioned CSR at the core of our corporate management.

The principal CSR actions undertaken during the fiscal year ended March 31, 2015 are summarize below:

<<Realizing a Safe, Secure Society>>

- 1 In the fiscal year ended March 31, 2015, we held a total of approximately 7,000 sessions of Smartphone and Mobile Phone Safety Class garnering a cumulative participation of approximately 1.00 million people. Also, in light of the increase in the number of troubles arising from the use of smartphones, we modified the curriculum of the class, introducing the latest cases and adding animation materials in order to raise awareness of children in lower grades of elementary school.
- 1 We decided to open 34 buildings owned by the Company (including 14 locations in Kanto and Koshinetsu) in the event of a large-scale disaster, in order to provide assistance to people unable to return home. We plan to offer mobile phone battery charging service, emergency food and water, rest areas, toilets and blankets at these locations.

<<Initiatives in Global Environmental Protection and Social Contribution>>

- 1 Toward the achievement of NTT DOCOMO Group's Global Environmental Targets for FY2016, we launched initiatives to eliminate wasted promotional material by converting shop-front advertisements into digital formats and introducing an inventory management system to manage the promotional tools, and successfully reduced the total weight of promotional material prepared in paper format (e.g. paper brochures, our original paper bags and user manuals) by approximately 50% compared to the level of FY2012.
- 1 Effective February 2015 (phone bill for the month of January 2015), we started using e-billing as the standard way of notifying customers of monthly bill amounts in lieu of conventional paper bills, as part of our endeavors to reduce paper resource consumption.
- 1 With the aims of reducing greenhouse gas emissions and stimulating the economy and tourism of each region, we commenced bicycle sharing services in Yokohama City, Kanagawa, Koto-ku, Tokyo, Sendai City, Miyagi, Chiyoda-ku, Tokyo, Minato-ku, Tokyo, Hiroshima City, Hiroshima and Kobe City, Hyogo. Also, to proliferate the service in broader areas, we established a joint venture engaged in bicycle sharing business.

- 1 We set up a charity website in the aftermath of the Yunnan earthquake in China and the Torrential Rain in August 2014 in Japan and to assist the Ebola hemorrhagic fever relief efforts, and collected donations totaling approximately ¥28 million from customers.

Table of Contents

<<For the Recovery of Disaster-stricken Areas in Tohoku Japan>>

- 1 We distributed tablet devices to the citizens who had to evacuate their homes following the nuclear power plant accident, to help sustain the community bonds and to provide assistance to people who have limited access to shopping facilities by enabling them to purchase from unattended sales locations using mobile technologies, etc.

- 1 We started marketing goods made of wood from the forests in Tohoku at our docomo Shops and online site, plowing back part of the proceeds for forest conservation activities in Tohoku.

- 1 We supported the activities of NPOs and other organizations undertaking restoration activities in disaster-stricken areas by way of fundraising, initiating programs that help them secure funds for their activities.

- 1 Interested employees were solicited and dispatched to the disaster-stricken areas to participate in volunteer activities. A total of around 130 employees participated in a total of 9 trips during the fiscal year ended March 31, 2015. The cumulative number of participants from FY2012 surpassed 1,000. Further, a total of approximately ¥80.0 million was donated for the recovery support of Tohoku, representing a combination of donations from approximately 11,000 employees and the contributions from the Company (equivalent to the amount raised by employees).

We developed our corporate vision for 2020, **HEART: Pursuing Smart Innovation** to propel further growth and propose new values to society in anticipation of future social changes.

Also, under the banner of becoming a **Smart Life Partner** for our customers, we tackled the challenge of reinforcing our competitiveness in telecommunications business and stepped up our efforts in the smart life business and other businesses. In addition, in October 2014, upon the announcement of the first half results for the fiscal year ended March 2015, we unveiled our medium-term targets for the FY2017 (year ending March 31, 2018) toward the goal of achieving steady income recovery.

On the occasion of the results presentation for the fiscal year ended March 31, 2015, we announced the **New Initiatives toward Delivery of Medium-Term Targets** and the **Business Management Policies for FY2015** (year ending March 31, 2016), to present a solid step toward the achievement of the medium-term targets.

<<New Initiatives toward Delivery of Medium-Term Targets>>

To respond to customer needs on an ongoing basis, we will implement initiatives for **co-creation** an effort to create new added value together with various external partners by constantly evolving the format of collaboration.

1 *Roll-out of +d*

As presented in **Medium-Term Vision 2015**, we have hitherto worked on new value creation centered on mobile communications by pursuing convergence with other industries and services. Going forward, we will further advance these undertakings and embark on a new initiative dubbed **+d** a joint value creation initiative that we plan to promote together with partners, making available to our partners our own business assets, such as our payment platform and point program, etc. To further accelerate this initiative, we will standardize the names of the various services that we offer. In the new arrangement, our services will begin with the letter **d**, so customers can easily appreciate the various DOCOMO assets that they can utilize.

Table of Contents

1 *Co-Creation of Social Values*

We will also work to offer new values to various partners, further evolving the forms of collaboration, which had so far been centered on value creation for consumers. Specifically, in the areas of IoT, Regional Revitalization, 2020, and Solution of Social Issues, we will strive to create new services and businesses in collaboration with partners utilizing the assets of both parties, with the goal of capturing new revenue opportunities in new domains that transcend the confines of industries or business formats.

Through the abovementioned initiatives, we will aim to expand the smart life business and the other businesses while accommodating customer requirements, and thereby achieve our medium-term target of generating ¥100 billion in operating incomes from the smart life business and the other businesses in FY2017 (year ending March 31, 2018).

<<FY2015 Business Management Policies>>

We developed our FY2015 Business Management Policies, positioning FY2015 as the year for making a solid step toward the achievement of our medium-term targets. Considering the attainment of operating income target a matter of utmost importance, we will take actions aimed at increasing our telecommunications services revenues, expanding the smart life business and other businesses and improving our cost efficiency.

1 *Actions Aimed at Increasing Telecommunications Services Revenues*

- Facilitate subscriptions to new billing plan and docomo Hikari service, and strengthen retention measures
- Boost packet revenues by encouraging subscriber migration to larger data buckets

1 *Actions Aimed at Expansion of Smart Life Business and Other Businesses*

- Accelerate measures aimed at expanding the adoption of dmarket and other services, and expand our sphere of service by adding home offerings
- Cultivate new demand by stepping up enterprise sales, and step up B2B2C* offerings

* Abbreviation for Business to Business to Consumer; a business arrangement in which an entity supports the consumer business of another company

1 *Cost Efficiency Improvement*

- Reinforcement of PREMIUM 4G^M service and more efficient use of capital expenditures
- Rigorous cost efficiency improvements through structural reforms

Table of Contents

As a management target for improving our enterprise value, we will aim to achieve at least ¥820 billion in operating income by the fiscal year ending March 31, 2018, committing ourselves to achieving an early recovery of telecommunications business and to implementing New Initiatives toward Delivery of Medium-Term Targets. We also expect to improve our EBITDA margin and ROE through the attainment of these targets.

We will continue to engage ourselves in co-creation of added value for customers in collaboration with partners, so that what is perceived new today can be taken for granted in the future.

- (2) Policies concerning, and total compensation of, directors and audit & supervisory board members

(a) Policies

Matters concerning compensation for directors are decided by the Board of Directors.

Compensation for directors consists of a monthly salary and bonuses. Monthly salaries are paid based on the scope of roles and responsibilities of each director. Bonuses are paid taking into account the Company's business results for the current term. Also, directors make monthly contributions of at least a certain amount for the purchase of the Company's shares through the Director Shareholding Association to encourage a medium- to long-term perspective. Purchased shares are owned by the directors during their terms in office.

Compensation for audit & supervisory board members is determined by resolution of the Audit & Supervisory Board and, in order to maintain a high level of independence, consists only of a monthly salary that is not linked to financial performance.

4. Independent Auditor

(1) Name of independent auditor

KPMG AZSA LLC

(2) Audit fees paid to the independent auditor in the fiscal year ended March 31, 2015

Details	Amount (Millions of yen)
Audit fees for the independent auditor in the fiscal year ended March 31, 2015	680
Total monetary and other financial benefits payable by the Company and its subsidiaries	865

Notes:

1. The audit contract between the Company and the independent auditor does not distinguish among audit fees paid for audits performed pursuant to the Companies Act, audit fees paid for audits performed pursuant to the Financial Instruments and Exchange Act and audit fees paid for audits performed pursuant to the U.S. Securities Exchange Act, and since it is not practically possible to make such a distinction, the amounts indicated in the audit fees paid to the independent auditor in the fiscal year ended March 31, 2015 above are totals.
2. Consideration is paid to the independent auditor for services other than the services specified in Article 2, Paragraph 1 of the Certified Public Accountants Act (non-audit services). The non-audit services are advisory services and other service relating to international financial reporting standards.
- (3) Policies concerning decisions to discharge or not reappoint independent auditors

In the event that the circumstances set forth in any of the items of Article 340, Paragraph 1 of the Companies Act apply to the independent auditor, the independent auditor is to be discharged by a unanimous resolution of the Audit & Supervisory Board.

In addition, if the Company determines that it would be difficult for the independent auditor to perform proper audits, the Audit & Supervisory Board may determine the content of a proposal to the general meeting of shareholders that the independent auditor be discharged or not be reappointed.

Note: In connection with the enforcement of the Act for Partial Revision of the Companies Act (Act No. 90 of 2014) on May 1, 2015, the body deciding proposals concerning the discharging or non-reappointment of independent auditors was changed from the Board of Directors to the Audit & Supervisory Board, and the content above has already been reflected this alteration.

5. Systems for Ensuring the Propriety of the Company's Business Activities

A summary of the Board of Directors resolutions concerning the development of systems to ensure the propriety of the Company's business activities (internal control systems) is set forth below.

(1) Basic stance on fortifying internal control systems

- (a) In fortifying the internal control systems, the Company aims to achieve legal compliance, management of loss risk and appropriate and efficient business operations and consider various measures, including regulations, organizational and structural improvement, formulation of action plans and the monitoring of activities.
- (b) An internal control committee will be formed as an entity overseeing efforts to have the internal control systems function more efficiently. The committee will aim to fortify internal control systems from the cross-departmental perspective; upon assessing efficacy, necessary improvements will be carried out.
- (c) Appropriate efforts will be made with regard to ensuring the reliability of the internal control systems, which will be involved with the financial reporting based on the U.S. Sarbanes-Oxley Act and the Financial Instruments and Exchange Act.
- (d) The Board of Directors will approve the basic policy on fortifying internal control systems (the Basic Policy), receive regular reports on the progress of the initiative to fortify internal control systems, and oversee and monitor the internal control systems of the Company.
- (e) As chief executive officer, the president and representative director will oversee the efforts to build the internal control systems based on the Basic Policy approved by board members.

(2) Fortifying structure relating to internal control systems

- (a) System to ensure that the performance of duties by directors and employees conform with laws and regulations and the Company's Articles of Incorporation

We institute the NTT DOCOMO Group Code of Ethics and compliance-related regulations and create requisite systems for ethical and legal compliance. In addition, when preparing financial statements, officers responsible for finance, audit & supervisory board members, and independent auditors hold preliminary discussions of significant accounting policies, and for disclosure of company information including financial statements in a manner that conforms with securities-related laws and regulations, matters are decided at meetings of the Board of Directors after the necessary internal procedures pursuant to in-house regulations have been completed. Also, internal audit staff conducts audits of the company's overall business activities to ensure conformity with laws and regulations and in-house regulations.

- (b) System for storage and maintenance of information relating to the performance of duties by directors

Information relating to the performance of duties by directors is recorded and stored in accordance with rules stipulating the methods of storage and administration of documents and administrative information.

Table of Contents

(c) Regulations and other systems relating to the management of loss risks

Executive directors responsible for risk management periodically summarize information relating to risks in their organizations in accordance with rules concerning risk management, and the internal control committee made up of directors, senior vice presidents, and others identifies risks as necessary for companywide risk management, and decide management policy for identified risks to prevent risks from occurring and to take rapid countermeasures in the event that risks do occur.

(d) System to ensure that the performance of duties by directors is conducted efficiently

The efficiency of the performance by directors of their duties is ensured by such means as decision-making rules based on internal regulations and the specification of powers relating to their duties, the formulation of medium-term management policies and business plans by the Board of Directors, and the establishment of committees composed of directors, senior vice presidents, and others.

(e) System to ensure the propriety of the business activities of the corporate group consisting of the Company, its parent company, and its subsidiaries

i. System for reporting matters concerning the execution of duties of directors, etc. of subsidiaries to the company

In accordance with the rules stipulating fundamental matters relating to the management of affiliated companies for the purpose of the comprehensive development and improvement of performance of the Group, affiliated companies will consult with or report to the Company.

ii. Regulations and other systems relating to the management of loss risks of subsidiaries

Intrinsic risks in the Group are managed in accordance with the rules concerning risk management, and risk management for Group companies is conducted according to their scale and business type.

iii. System to ensure that the performance of duties by directors, etc. of subsidiaries is conducted efficiently

Group companies establish decision-making rules and authority in duties according to their scale and business type, and consult or report on principal issues relating to the business operations of the Group as a whole.

iv. System to ensure that the performance of duties by directors, etc. and employees of subsidiaries conform with laws and regulations and the Company's Articles of Incorporation

We have established the NTT DOCOMO Group Code of Ethics as a uniform code of ethics for the Group, and all Group companies strive to comply with this code of ethics. Furthermore, subsidiaries' officers responsible for corporate ethics report to the Company when they identify a problematic situation involving a management executive, and the Company provides the necessary guidance on the appropriate response.

v. Other systems to ensure appropriate operations

With respect to unusual transactions with the parent company, investigations are conducted by legal personnel and audits are conducted by audit & supervisory board members. Further, audits by internal audit personnel are directed to cover its subsidiaries, and whenever necessary they obtain and assess the results of the internal audits of those companies.

Table of Contents

(f). System to ensure the effectiveness of audits by audit & supervisory board members

- i. Matters relevant to employees assistance to the duties of audit & supervisory board members if their assignment is requested

The Audit & Supervisory Board Member's Office is established as an organization dedicated to assisting the audit & supervisory board members with the performance of their duties, and specialist staff are assigned to it.

- ii. Matters relevant to the independence of the employees in (i.) above from directors

We provide the Audit & Supervisory Board with advance explanations concerning matters such as transfers and assessment of personnel who belong to the Audit & Supervisory Board Member's Office, and pay respectful attention to the board's opinions before acting on such matters.

- iii. Matters relevant to ensuring the effectiveness of instructions of audit & supervisory board members to the employees in (i) above

Employees who belong to the Audit & Supervisory Board Member's Office exclusively follow the directions and commands of audit & supervisory board members.

- iv. System for reporting to audit & supervisory board members by directors and employees

Directors, executive officers, and employees report promptly to the audit & supervisory board members and to the Audit & Supervisory Board concerning matters prescribed by laws and regulations as well as requested matters necessary for the performance by the audit & supervisory board members of their duties.

- v. System for reporting to the Company's audit & supervisory board members by subsidiaries' directors, audit & supervisory board members and other equivalent persons and employees, or persons who have received reports from such persons

The matters to be reported in (iv) above shall include material information reported by Group companies.

- vi. System to ensure that persons making reports in the above items (iv) and (v) are not treated disadvantageously due to making the report

Persons who make reports in the above items (iv) and (v) are not treated disadvantageously due to making the report.

- vii. Matters relevant to procedures policy on the expense or debts arising from the execution such as an advance payment or reimbursement of expenses arising from the execution of duties by audit & supervisory board members

Audit & supervisory board members may claim necessary expenses for the execution of their duties, and the Company must make the necessary payments based on such claims.

viii. Other systems for ensuring that auditing by audit & supervisory board members is conducted effectively
Representative directors and the Audit & Supervisory Board hold regular meetings and develop an auditing environment necessary for enabling the audit & supervisory board members to perform their duties. In addition, representative directors endeavor to establish a system enabling audit & supervisory board members to hold regular and occasional meetings with internal audit staff and independent auditors.

We have audited the consolidated financial statements, comprising the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in equity and the related notes of NTT DOCOMO, INC. as at March 31, 2015 and for the year from April 1, 2014 to March 31, 2015 in accordance with Article 444-4 of the Companies Act.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the second sentence of Article 120-2-1 of the Ordinance of Companies Accounting that prescribes some omissions of disclosure items required under U.S. generally accepted accounting principles, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatements, whether due to fraud or error.

Auditor s Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit as independent auditor. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity s preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, while the objective of the financial statement audit is not for the purpose of expressing an opinion on the effectiveness of the entity s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Audit Report of Audit & Supervisory Board

Based on audit reports from each audit & supervisory board member, and following due discussion at meetings, the Audit & Supervisory Board has prepared this audit report regarding the execution of the duties of the Board of Directors in the 24th fiscal year from April 1, 2014 to March 31, 2015. The Board reports as follows.

1. Outline of Audit Methodology

The Audit & Supervisory Board established an auditing plan and received reports from each audit & supervisory board member on the status of the implementation of audits and the results thereof, as well as reports from the Board of Directors and the Independent Auditors regarding the status of execution of their duties, and requested explanations as necessary.

Also, on the basis of the Audit & Supervisory Board Rules established by the Audit & Supervisory Board, and in accordance with its auditing plan, the audit & supervisory board members sought mutual understanding with the Directors, the internal auditing department, other employees and the Independent Auditors in their efforts to collect information, and carried out the audit as follows:

- (1) attended meetings of the Board of Directors and other important meetings, and received reports from Directors and employees regarding performance of their duties, requested explanations as necessary, perused important documents regarding decisions and approvals made and investigated the status of operations and the financial position at the company's head office and major offices of business;
- (2) carried out an audit and verification of the particulars of Board of Directors resolutions relating to the establishment of structures necessary to ensure that the Board of Directors' performance of its duties is in conformity with laws and regulations and the Company's Articles of Incorporation and to otherwise ensure the appropriateness of the business of a *kabushiki kaisha*, as well as the structures established pursuant to such resolutions (internal control system);
- (3) regarding the subsidiaries, the Audit & Supervisory Board sought to achieve a mutual understanding and exchange of information with directors and other persons and audit & supervisory board members of the subsidiaries, and, where necessary, received business reports from the subsidiaries; and
- (4) audited and verified whether the Independent Auditors maintained their independence and carried out their audits appropriately, received reports from the Independent Auditors regarding the execution of their duties and, where necessary, requested explanations. Also, the Audit & Supervisory Board received notification from the Independent Auditors to the effect that the structure to ensure that duties are executed appropriately has been established and requested explanations as necessary.

Based on the above methodology, the Audit & Supervisory Board evaluated business reports, supplementary schedules, the non-consolidated financial statements related to the fiscal year ended March 31, 2015 (the non-consolidated balance sheet, the non-consolidated statement of income, the non-consolidated statement of changes in net assets, and the related notes), and the supplementary schedules as well as the consolidated financial statements (the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in equity and the related notes).

2. Audit Results

- (1) Results of the audit of the Business Report

- i. We find that the Business Report and its supplementary schedules accurately reflect the conditions of the company in accordance with laws and regulations and the Articles of Incorporation.
- ii. No inappropriate conduct concerning the execution of duties by Directors or material facts in violation of law or the Articles of Incorporation were found.
- iii. We find that the particulars of Board of Directors resolutions concerning the internal control systems are appropriate. Further, no matters requiring note on our part were found with respect to Directors execution of duties in regards to the internal control system.
