**Definition**

When used in this proxy statement, the terms we, us, our, the Company, AXIS and AXIS C refer to AXIS Capital Holdings Limited.

**Agenda**

1. The election of the five nominees for Class I Directors as identified in this proxy statement.
2. The approval, by non-binding vote, of the compensation paid to our named executive officers.
3. The appointment of Deloitte Ltd. ( Deloitte ) to act as our independent registered public accounting firm for the fiscal year ending December 31, 2015 and the authorization of our Board, acting through the Audit Committee, to set the fees for the independent registered public accounting firm.
4. Such other business as may properly come before the meeting or any postponements or adjournments thereof.

**Proxies Solicited By**

The Board of Directors of AXIS Capital Holdings Limited.

**First Mailing Date**

We anticipate mailing the proxy statement on August 13, 2015.

**Record Date**

## Edgar Filing: AXIS CAPITAL HOLDINGS LTD - Form DEF 14A

July 16, 2015. On the record date, there were 100,638,927 outstanding common shares entitled to vote at the meeting.

### **Voting**

Except as set forth in our bye-laws, each common share entitles the holder of record to one vote. In accordance with our bye-laws, shareholders whose shares constitute 9.5% or more of the voting power of our common shares are entitled to less than one vote for each common share held by them, but only in the event that a U.S. shareholder, as defined in our bye-laws, owning 9.5% or more of our common shares is first determined to exist. We will notify any shareholder whose voting power is reduced prior to the meeting.

### **Proxies**

We will vote signed returned proxies FOR the Board's director nominees, FOR the ratification of the appointment of Deloitte as our independent public accountants for 2015 and FOR the approval of the compensation of our named executive officers, or NEOs, unless you vote differently on the proxy card.

### **Revoking Your Proxy**

Any shareholder giving a proxy has the power to revoke it prior to its exercise by sending notice of revocation to our Secretary in writing, by executing and delivering a subsequent proxy card or by voting in person at the meeting. To revoke a proxy previously submitted over the Internet or by telephone, you may simply vote again at a later date, using the same procedures, in which case your later submitted vote will be recorded and your earlier vote revoked. You may also vote in person at the Annual General Meeting.

### **2014 Company Financial Performance and Total Shareholder Return**

2014 net income available to common shareholders was \$771 million and return on average common equity ( ROACE ) was 14.8%, as compared to \$684 million and 13.1%, respectively, in 2013.

PROXY STATEMENT SUMMARY 1

**Table of Contents**

During 2014, we returned \$661 million to shareholders, through \$118 million in reinvested dividends and \$543 million in share repurchases. Over the ten years since our 2003 initial public offering, the Company has repurchased approximately 92.4 million shares for a total of \$3.2 billion.

The quarterly dividend was increased by 7.4% in December 2014 to \$0.29 per share, representing the eleventh consecutive annual dividend increase since we declared our first dividend following our initial public offering.

Our cumulative total shareholder return (stock price appreciation plus dividends) for the one and three-year periods ended in 2014 was 9.9% and 72.3%, respectively, compared to 13.7% and 74.6%, respectively, for the S&P 500 Index and 15.7% and 92.3%, respectively, for the S&P P&C Insurance Index.

Diluted book value per common share ( DBVPS ) rose at an annual compounded rate of 11.4% from 2002 through 2014 and diluted book value per common share, adjusted for accumulated dividends declared, increased at a 12.9% annual compounded rate for the same period.

**2014 Executive Compensation Program Changes**

In February 2014, the Compensation Committee adopted the 2014 Executive Annual Incentive Plan (the 2014 Annual Incentive Plan ). Under this plan, our sole financial metric for bonus awards is operating ROACE, eliminating the growth in DBVPS metric, which is now only used to evaluate grants and payouts of equity awards. This change resulted in distinct financial metrics for our 2013 Executive Long-Term Equity Compensation Program (the 2013 Equity Program ) and 2014 Annual Incentive Plan, which we have been advised represents a compensation program design best practice. Further, the Compensation Committee approved the introduction of business unit financial performance metrics within our 2014 Annual Incentive Plan and adjusted the weightings of the metrics for our business unit and corporate function leaders, further enhancing the correlation between executive pay and performance.

*Previously Implemented Changes*

converted equity targets from a fixed number of shares or units to a fixed-dollar target allowing for closer targeting of market pay levels;

split equity grants for our NEOs and other senior executives (other than our CEO, who did not receive an annual equity award in 2014) evenly between performance-vesting and time-vesting awards;

implemented stock ownership guidelines that apply to the Company's executive officers, and other senior officers, in order to encourage a long-term focus in managing the Company;

amended executive officer employment agreements to eliminate any excise tax gross-up provisions and to limit perquisites;

## Edgar Filing: AXIS CAPITAL HOLDINGS LTD - Form DEF 14A

adopted an executive compensation recoupment, or clawback policy that allows us to recoup compensation paid to our NEOs under certain circumstances;

amended our insider trading policy to prohibit all employees and directors from hedging the economic risk of owning AXIS stock or pledging AXIS stock for loans or other obligations;

replaced single-trigger change of control vesting provisions in equity award agreements with double-trigger provisions, which provide for accelerated vesting of awards due to a change of control only if either AXIS terminates the executive's employment without cause or the executive terminates his or her employment for good reason within two years following a change of control; and

## 2 PROXY STATEMENT SUMMARY

**Table of Contents**

implemented cash-settlement at vesting for 50% of equity awards, excluding awards to NEOs, in order to reduce the overall number of equity awards utilized, or burn rate, under our equity plan.

**Corporate Governance Highlights**

Corporate Governance continues to be an area of significant focus for our Board. In order to ensure that our corporate governance framework enables our Board to oversee the operation and strategic direction of our Company and carry out its responsibilities to shareholders, we regularly engage with our shareholders as well as governance organizations. These interactions help us to review our corporate governance principles and practices to ensure that they are appropriate in light of emerging practices and reflect our strong commitment to good corporate governance. Our current practices include the following, many of which are discussed in further detail throughout this proxy statement:

Majority vote standard for election of directors

No stockholder rights plan ( poison pill )

Independent lead director

No over-boarding. None of our directors serve on the board of directors of more than three other publicly-held corporations

Shareholders holding 10% or more of our outstanding stock have the right to call a special meeting

Shareholder engagement

Majority independent Board and fully independent Audit, Compensation and Corporate Governance and Nominating Committees

Regular Board and Committee self-evaluation process

**Prompt return of your proxy will help reduce the costs of resolicitation.**

PROXY STATEMENT SUMMARY 3

## Table of Contents

### BOARD STRUCTURE

Our Board is divided into three classes, designated Class I, Class II and Class III. The term of office for each Class I director expires at the Annual General Meeting in 2015; the term of office for each Class III director will expire at the Company's Annual General Meeting in 2016; and the term of office for each Class II director will expire at the Company's Annual General Meeting in 2017. At each annual general meeting of the Company, the successors of the class of directors whose term expires at that meeting will be elected to hold office for a term expiring at the annual general meeting to be held in the third year following the year of their election.

Five Class I directors are to be elected at the meeting to hold office until the Company's Annual General Meeting in 2018. All of the nominees currently are directors. Our Corporate Governance and Nominating Committee recommended all of the nominees to our Board for election at the meeting. All nominees have consented to serve if elected. We do not expect that any of the nominees will become unavailable for election as a director, but if any nominee should become unavailable prior to the meeting, proxy cards authorizing the proxies to vote for the nominees will instead be voted for substitute nominees recommended by our Board.

Our Board continues to believe that a classified board structure provides greater stability and continuity in the Board's membership and in the direction and guidance that it provides to the Company's management. As compared with an annual election process, this approach promotes a long-term perspective to our strategic objectives and has proved beneficial to our CEO and executive management in establishing the Company's short and long-term priorities. We believe that a classified election process remains in the best interests of our shareholders.

### MAJORITY VOTE STANDARD FOR ELECTION OF DIRECTORS

Assuming that there is a quorum consisting of two or more persons present in person and representing in person or by proxy shares representing more than fifty percent (50%) of the aggregate voting power of the Company, the affirmative vote of a majority of the votes cast at the meeting by the holders of shares represented in person or by proxy at the Annual General Meeting is required for the election of directors, the non-binding approval of the compensation paid to our NEOs and the ratification of the appointment of Deloitte. Abstentions and instances where brokers are prohibited from exercising discretionary authority for beneficial owners who have not returned a proxy (so-called "broker non-votes") will be counted for purposes of determining a quorum. In determining whether: (i) a director nominee has been elected by the shareholders; and (ii) the compensation paid to our NEOs has been approved, abstentions and "broker non-votes" will have no effect on the outcome of either of these proposals because such shares are not considered votes cast. Under current New York Stock Exchange (NYSE) rules, the proposal to ratify the appointment of Deloitte as our independent registered public accounting firm is considered a discretionary item. This means that brokers may vote in their discretion on this matter on behalf of their clients who have not furnished voting instructions. Therefore, there will be no "broker non-votes" on the ratification of the appointment of Deloitte and in determining whether the proposal has received the requisite number of affirmative votes to be approved, abstentions will have no effect on such proposal because such shares are not considered votes cast. **We will count common shares held by shareholders who have signed their proxy cards or properly submitted their proxy by phone or over the Internet but have not specified how their shares are to be voted towards the presence of a quorum, and we will vote those shares in accordance with the Board's recommendations for each of the proposals contained in this proxy statement.**

### SKILLS, QUALIFICATIONS AND EXPERIENCE OF DIRECTORS

In order for the Board to satisfy its oversight responsibilities effectively, the Board seeks members who combine the highest standards of integrity with significant accomplishment in their chosen field of endeavor. The Corporate Governance and Nominating Committee is responsible for recommending qualified candidates for directorships to be filled by the Board or by our shareholders. Directors are expected to bring a diversity of experiences, skills and perspectives to our Board. The Committee considers qualities of intelligence, honesty, perceptiveness, good judgment, high ethics and standards, integrity and fairness to be of paramount importance. It also examines experience, knowledge and skills in business judgment, leadership, strategic planning, general management practices and crisis response. In addition, the Committee looks for candidates with financial expertise and a willingness and ability to commit the time required to fully discharge their responsibilities to the Board. The Committee evaluates candidates on the basis of their qualifications and not on the basis of the manner in which they were submitted for consideration.

#### 4 PROPOSAL 1. ELECTION OF DIRECTORS

## **Table of Contents**

In addition, although the Board does not have a policy with regard to the consideration of diversity in identifying director nominees, among the many factors that the Committee carefully considers are the benefits to the Company of diversity of race, gender, ethnicity and national origin in board composition.

When considering whether the Board's directors and nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable the Board to satisfy its oversight responsibilities effectively in light of the Company's business and structure, the Board focused primarily on the information discussed in each of the Board members' or nominees' biographical information set forth in Director Nominees and Directors Continuing in Office below. In particular, the Board considered the following:

Mr. Bell's extensive background in capital markets transactions as well as economic, financial and country risk analysis;

Mr. Benchimol's 33 years of experience in corporate finance, investments, the finance and insurance industry and his specific background as the Company's Chief Executive Officer and President and, formerly, Chief Financial Officer;

Ms. Boisseau's extensive background and significant expertise in insurance law and regulation;

Mr. Butt's 48 years of insurance industry experience and expertise;

Mr. Davis's distinguished career in investment banking and his extensive knowledge of corporate finance as well as his experience as a significant shareholder of insurance-related businesses;

Mr. Friedman's expertise in corporate law and finance and his years of experience in the mergers and acquisitions arena;

Mr. Greetham's significant experience as an investment analyst and portfolio manager as well as his extensive experience in asset management and the insurance industry;

Mr. Keane's significant experience in banking and financial services, which includes service as the Group Chief Executive Officer of the Bank of Ireland;

Sir Andrew Large's background in investment banking and his distinguished career with the Bank of England, including his service there as a Deputy Governor for Financial Stability;

Ms. Lister's background in banking and finance and her experience as the Chairperson and Chief Executive Officer of the Bermuda Monetary Authority;

Mr. Ramey's extensive insurance industry knowledge and significant background in international insurance operations and management;

Mr. Smith's background and extensive banking experience, including his 31 year career with the Bank of Bermuda;

## Edgar Filing: AXIS CAPITAL HOLDINGS LTD - Form DEF 14A

Ms. Young's background, expertise in Asian matters and significant experience advising multinational business enterprises; and

Mr. Zeller's extensive global insurance and reinsurance background, management experience and knowledge, including his experience as the Chairman of the Executive Board of Hannover Re.

In addition, in connection with the nominations of Messrs. Butt, Davis and Large and Mmes. Boisseau and Young for election as directors at the 2015 Annual General Meeting, the Board considered their valuable contributions to the Company's success during their term of Board service.

From 1999 through 2006, Ms. Lister served in both the Chairperson and Chief Executive Officer roles at the Bermuda Monetary Authority, which is responsible for regulating and supervising financial institutions in Bermuda. Ms. Lister was a founding member and President of the Bermuda Society of Financial Analysts and served as a Governor for the Association of Investment Management and Research (now the CFA Institute). She also served as President of the International Society of Financial Analysts. Ms. Lister currently serves as a consultant to the Bermuda Ministry of Justice on matters relating to anti-money laundering and anti-terrorism financing, is the Chairperson of the National Anti-Money Laundering Committee and serves as a director of FIL Limited.

Thomas C. Ramey

*Thomas C. Ramey* was elected as a director in July 2009. Mr. Ramey was Chairman and President of Liberty International, a wholly owned subsidiary of Liberty Mutual Group, from 1997 to 2009. He also served as Executive Vice President of Liberty Mutual Group from 1995 through 2009. Prior to joining Liberty, he was President and Chief Executive Officer of American International Healthcare, a subsidiary of AIG, and founder and President of an international healthcare trading company. He is currently a trustee of the Brookings Institution. Mr. Ramey was formerly a Director of The Warranty Group, the International Insurance Society, the Coalition of Services Industries and Chairman of the International Fund for Animal Welfare. He was also formerly a member of the Chongqing, China Mayor's International Advisory Council.

Henry B. Smith

*Henry B. Smith* has served as a director since May 2004. Mr. Smith served as the Chief Executive Officer and President of W.P. Stewart & Co., Ltd. from May 2005 to March 2006. Mr. Smith is the former Chief Executive Officer of the Bank of Bermuda Limited, a position he held from March 1997 until March 2004. He joined the Bank of Bermuda in 1973 as a management trainee and held various senior positions within the Bank of Bermuda, including Executive Vice President and Chief Operations Officer, Executive Vice President, Europe and Senior Vice President and General Manager, Retail Banking.

Wilhelm Zeller

*Wilhelm Zeller* was elected as a director in July 2009. From 1996 to June 2009, Mr. Zeller served as the Chairman of the Executive Board of Hannover Re. Prior to joining Hannover Re, he was a member of the Executive Board of Cologne Re from 1977 through 1995. In 1995, he was also a member of the Executive Council of General Re Corporation, the new principal shareholder of Cologne Re. From 1970 through 1977, Mr. Zeller served as the head of the Casualty Department and International Department Non-Life at Zurich Insurance Company. A NACD board leadership fellow, he currently is a corporate director and consultant, serving as a director of EIS Group Ltd. and Towers Watson & Co.

### **CORPORATE GOVERNANCE HIGHLIGHTS**

Corporate governance is an area of significant focus for our Board and is a critical component to our success in driving sustained shareholder value. Highlights of our corporate governance standards are provided below:

- ü **Majority vote standard for election of directors.** Each director must be elected by a majority of votes cast, not a plurality.
- ü **No over-boarding** None of our directors serve on the board of directors of more than three other publicly-held corporations.
- ü **Shareholder engagement.** We engage with our shareholders to better understand their perspectives.
- ü **Regular Board and committee self-evaluation process.**
- ü **No hedging the economic risk of owning AXIS stock or pledging of AXIS stock for loans or other obligations.**
- ü **Independent lead director.**
- ü **Shareholders holding 10% or more of our outstanding stock have the right to call a special meeting.**
- ü **Majority independent Board.** Our Board comprises all independent directors, except our CEO and Chairman.
- ü **Independent Audit, Compensation and Corporate Governance and Nominating Committees.**
- ü **Robust Code of Business Conduct.** AXIS is committed to operating our business with the highest level of ethical conduct and has adopted the Code of Business Conduct that applies to all employees as well as the Board of Directors. Our Code of Business Conduct is available at [www.axiscapital.com](http://www.axiscapital.com).

### **DIRECTOR INDEPENDENCE**

Our Board currently consists of 14 directors, of whom 12 are independent directors. The Board has affirmatively determined that each of Messrs. Bell, Davis, Friedman, Greetham, Keane, Large, Ramey, Smith and Zeller and Mmes. Boisseau, Lister and Young is independent as defined in the listing standards of the NYSE and in accordance with the Company's Corporate Governance Guidelines. Mr. Benchimol serves as our Chief Executive Officer and President and therefore is not independent. Similarly, because Mr. Butt was an employee of the Company until his May 3, 2012 retirement and also is a consultant to us, he is not independent under the NYSE listing standards. Mr. Butt continues to serve as Chairman of the Board in his capacity as a non-management director. The Board has made these determinations based primarily on a review of the responses of the directors to questions regarding employment and compensation history, family relationships and affiliations and discussions with the directors.

## Edgar Filing: AXIS CAPITAL HOLDINGS LTD - Form DEF 14A

With respect to Mr. Charles A. Davis, the Board reviewed his current relationship with Stone Point, assets that we currently have under management with affiliates of Stone Point and contracts for services we have with affiliates of Stone Point. The Board determined that none of these relationships constitute a material relationship with us as defined in the listing standards of the NYSE. For more details about this relationship and transactions, see [Certain Relationships and Related Transactions](#) below.

### **CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

Our Chairman, Mr. Butt, received \$950,000 in consulting fee payments in 2014 pursuant to the terms of a consulting agreement by and between Mr. Butt and the Company dated May 3, 2012, as amended December 5, 2013 and December 5, 2014.

Mr. Davis is the Chief Executive Officer of Stone Point. We have contracted with StoneRiver RegEd Inc., an affiliate of Stone Point, for broker and adjuster licensing, appointment and compliance services. In 2014, we paid \$408,852 to StoneRiver RegEd Inc. for these services. We also have funds invested in an account managed by SKY Harbor Capital Management, LLC, an affiliate of Stone Point. In 2014, we paid SKY Harbor \$3,106,525 in management fees for their services. Additionally, we currently have \$30 million committed to the NXT Capital Senior Loan Fund II. The manager of NXT Capital Senior Loan Fund II is an indirect subsidiary of NXT Capital Holdings, L.P. ( [NXT Capital](#) ). Stone Point, through an affiliated fund, owns approximately 45% of NXT Capital. During 2014, fees paid to NXT Capital totaled \$228,880.

We provide insurance in the ordinary course of business to various entities that are affiliated with some of our directors and/or principal shareholders. These transactions are negotiated on an arm's-length basis.

**Policies and Procedures for Transactions with Related Persons.** We analyze all transactions in which AXIS participates and in which a related person may have a direct or indirect material interest, both due to the potential for a conflict of interest and to determine whether disclosure of the transaction is required under applicable SEC rules and regulations. Related persons include any of our directors, director nominees or executive officers, certain of our shareholders and their respective immediate family members. A conflict of interest occurs when an individual's private interest interferes, or appears to interfere, in any way with our interests. Our Code of Business Conduct requires all directors, officers and employees who may have a potential or apparent conflict of interest to fully disclose all the relevant facts promptly to our General Counsel.

In addition to the reporting requirements under the Code of Business Conduct, to identify related person transactions, each year we submit and require our directors and executive officers to complete Director and Officer Questionnaires identifying any transactions with us in which the officer or director or their family members have an interest. Any potential related person transactions are reviewed by our Corporate Governance and Nominating Committee, which pursuant to its charter is responsible for reviewing and approving any proposed transaction with any related person.

## BOARD COMMITTEES

Our Board maintains Executive, Audit, Compensation, Corporate Governance and Nominating, Finance and Risk Committees. Current copies of the charter for each of these committees, as well as our Corporate Governance Guidelines, are available on our website at [www.axiscapital.com](http://www.axiscapital.com). The table below provides current membership and meeting information for each committee. In addition, the table identifies the independent directors, as determined by our Board in within the meaning of the NYSE listing standards, applicable SEC regulations and our Corporate Governance Guidelines.

**Executive Committee.** The Executive Committee may exercise the authority of the Board when the entire Board is not available to meet, except in cases where the action of the entire Board is required by our memorandum of association, our bye-laws or applicable law.

**Audit Committee.** The Audit Committee has general responsibility for the oversight of the integrity of our financial statements, our compliance with legal and regulatory requirements, our independent auditor's qualifications and independence and the performance of our internal audit functions and independent auditors. The Committee appoints, retains and determines the compensation for our independent auditors, pre-approves fees and services of the independent auditors and reviews the scope and results of their audit. The Audit Committee has been established in accordance with Section 3(a)(58)(A) of the U.S. Securities Exchange Act of 1934, as amended (the Exchange Act). Each member of the Audit Committee is a non-management director and is independent as

## **Table of Contents**

defined in the listing standards of the NYSE, our Corporate Governance Guidelines and under the Exchange Act. Our Board has determined that Mr. Ramey qualifies as an audit committee financial expert pursuant to the rules and regulations of the Securities and Exchange Commission, or SEC.

**Compensation Committee.** The Compensation Committee establishes compensation for our Chief Executive Officer and certain other executives in light of our established corporate performance goals and makes recommendations to our Board with respect to overall officer, management and employee compensation policies, incentive compensation plans, equity-based plans and director compensation. Each member of this Committee is a non-employee director for purposes of Rule 16b-3 under the Exchange Act and is independent as defined in the listing standards of the NYSE.

**Corporate Governance and Nominating Committee.** The Corporate Governance and Nominating Committee takes a leadership role in shaping our corporate governance by identifying and proposing qualified director nominees, overseeing the purpose, structure and composition of our Board committees, overseeing the annual evaluation of the Board and its committees and periodically reviewing our Code of Business Conduct and Corporate Governance Guidelines. Each member of this Committee is a non-management director and is independent as defined in the listing standards of the NYSE.

**Finance Committee.** The Finance Committee oversees the finance function of the Company, including the investment of funds and financing facilities. It also is responsible for establishing our investment policies and guidelines, reviewing the selection of investment managers, evaluating the performance of investment managers, monitoring the need for additional financing and ensuring compliance with outstanding debt facility covenants.

**Risk Committee.** The Risk Committee assists the Board in its oversight of risks to which the Company is exposed and to monitor our compliance with our aggregate risk standards and risk appetite. The Risk Committee also evaluates compensation practices to determine whether our policies and plans are consistent with the Company's risk framework and do not encourage excessive risk taking.

## **MEETINGS OF THE BOARD AND ITS COMMITTEES**

Pursuant to our Corporate Governance Guidelines, we expect directors to attend all meetings of our Board, all meetings of all committees of the Board on which they serve and each annual general meeting, absent exigent circumstances. Our Board met nine times during the year ended December 31, 2014. No director attended fewer than 75% of the aggregate of the total number of meetings of the Board and the total number of meetings of all committees of the Board on which the director served (during the period that each director served on the Board or such committee(s)). All of our directors attended our 2014 Annual General Meeting.

## **MEETINGS OF NON-MANAGEMENT DIRECTORS**

The Board believes that one of the key elements of effective, independent oversight is that the independent directors meet in executive session on a regular basis without the presence of management. In 2014, as part of the agenda for each of the five regularly-scheduled Board meetings, the independent directors met in executive session with the Lead Independent Director presiding at such meetings.

## **LEAD INDEPENDENT DIRECTOR**

The Board believes that the role of Lead Independent Director enhances effective governance. The Company's Corporate Governance Guidelines provide that the non-management directors will elect a Lead Independent Director for a three-year term of office or until his or her successor shall be duly appointed. The Lead Independent Director may serve for a maximum of two consecutive three-year terms. Mr. Smith has served as Lead Independent Director since May 2012. In addition to presiding at executive sessions of the non-management directors as well as all meetings at which the Chairman is not present, the Lead Independent Director's duties include:

providing input on meeting scheduling, agendas and information that is provided to the Board;

acting as a liaison between the independent directors and the Chairman;

recommending, as appropriate, that the Board retain consultants who will report directly to the Board; and

consulting and communicating with major shareholders on a per request basis.

### **BOARD LEADERSHIP STRUCTURE**

The Board believes that the decision of whether to combine or separate the positions of Chief Executive Officer and Chairman will vary company to company and depends upon a company's particular circumstances at a given point in time. For our Company, the Board currently believes that separating the Chief Executive Officer and Chairman positions is the appropriate leadership structure and is in the best interests of our shareholders. In addition, the Board also believes that AXIS' leadership structure does not affect the Board's role in risk oversight of the Company. Accordingly, Mr. Butt serves as our Chairman of the Board, while Mr. Benchimol serves as our Chief Executive Officer and President. Our Board believes that this structure best encourages the free and open dialogue of alternative views and provides for strong checks and balances. Additionally, Mr. Butt's attention to Board and committee matters allows Mr. Benchimol to focus more specifically on overseeing the Company's day-to-day operations and underwriting activities as well as strategic opportunities and planning.

### **COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

During the year ended December 31, 2014, none of our executive officers served as a member of the compensation committee or as a director of another entity, one of whose executive officers served on our Compensation Committee or as one of our directors.

### **CONSIDERATION OF DIRECTOR NOMINEES**

The Corporate Governance and Nominating Committee will consider candidates recommended by shareholders to be nominated to our Board for election at the Annual General Meeting. A shareholder who wishes to submit a candidate for consideration must be a shareholder of record at the time that such shareholder submits a candidate for nomination and must be entitled to vote for the candidate at the meeting. A shareholder must give written notice of the submission to our Secretary not less than 90 days nor more than 120 days prior to the anniversary of the annual general meeting for the preceding year. The notice must include:

the name, age and business and residence addresses of the candidate;

the principal occupation or employment of the candidate;

the number of common shares or other securities of the Company beneficially owned by the candidate;

all other information relating to the candidate that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Exchange Act; and

the candidate's written consent to be named in the proxy statement and to serve as a director if elected.

The notice also must include information on the shareholder submitting the nomination, including the shareholder's name and address as it appears on our share register and the number of our common shares beneficially owned by the shareholder.

### **COMMUNICATIONS WITH BOARD OF DIRECTORS**

Shareholders and other interested parties may send communications to our Board by sending written notice to our Secretary at our headquarters at 92 Pitts Bay Road, Pembroke, Bermuda HM 08. The notice may specify whether the communication is directed to the entire Board, to the non-management directors, to the Lead Independent Director or to a particular Board committee or other director. Our Secretary will handle routine inquiries and requests for information or will otherwise determine whether the communication is made for a valid purpose and is relevant to the Company and its business and, if he so determines, will forward the communication to our Chairman of the Board, to the non-management directors or to the appropriate committee chairman or director. At each meeting of our Board, our Secretary presents a summary of all communications received since the last meeting that were not forwarded and makes those communications available to the directors on request.

### **RISK GOVERNANCE AND RISK MANAGEMENT ORGANIZATION**

## Edgar Filing: AXIS CAPITAL HOLDINGS LTD - Form DEF 14A

The key elements of our governance framework, as it relates specifically to risk management, are described below.

**Board of Directors Level.** The Risk Committee of our Board assists the Board of Directors in overseeing the integrity and effectiveness of our enterprise risk management framework, and ensuring that our risk assumption

and risk mitigation activities are consistent with that framework. The Risk Committee reviews, approves and monitors our overall risk strategy, risk appetite and key risk tolerances and receives regular reports from the Group Risk Management function to ensure any significant risk issues are being addressed by management. The Risk Committee further reviews, with management and Internal Audit, our general policies and procedures and satisfies itself that effective systems of risk management and controls are established and maintained. Among its other responsibilities, the Risk Committee also reviews and approves our annual Own Risk and Solvency Assessment ( ORSA ) report. The Risk Committee assesses the independence and objectivity of our Group Risk Management function, approves its terms of reference and reviews its ongoing activities.

Following a recommendation by the Chief Executive Officer, the Risk Committee also conducts a review and provides a recommendation to the Board of Directors regarding the appointment and/or removal of the Chief Risk and Actuarial Officer. The Risk Committee meets with the Chief Risk and Actuarial Officer in separate executive session on a regular basis.

The Finance Committee of our Board oversees our investment of funds and adequacy of financing facilities. This includes approval of our strategic asset allocation plan. The Risk Committee ensures compliance with our risk framework. The Audit Committee of our Board, which is supported by our internal audit function, is responsible for overseeing internal controls and compliance procedures and also reviews with management and the Chairman of the Risk Committee our guidelines and policies regarding risk assessment and risk management.

**Group Executive Level.** Our management Executive Committee formulates our business objectives and risk strategy within the overall risk appetite set by our Board. It allocates capital resources and sets limits across the group, with the objective of balancing return and risk. While the management Executive Committee is responsible overall for risk management, it has delegated some authority to various committees. Three executive level committees focus on our risk exposure:

Our Risk Management Committee has responsibility for reviewing the allocation of capital, approving individual risk limits and determining changes to our internal risk capital methodology. The Risk Management Committee also reviews new business plans in the context of our risk framework and defined risk appetite.

Our Investment and Finance Committee oversees our investment activities by, among other things, monitoring market risks, the performance of our investment managers and our asset-liability management, liquidity positions and investment policies and guidelines. The Investment and Finance Committee also prepares our strategic asset allocation and presents it to the Finance Committee of the Board for approval.

Our Reinsurance Security Committee sets out the financial security requirements of our reinsurance counterparties and recommends tolerance levels for different types of ceded business.

**Group Risk Management Organization.** As a general principle, management in each of our business units is responsible in the first instance for both the risks and returns of its decisions. Management is the owner of risk management processes and is responsible for managing our business within defined risk tolerances.

Our Chief Risk and Actuarial Officer leads our independent Group Risk function, and is responsible for oversight and implementation of our ERM framework as well as providing guidance and support for risk management practices. The Group Risk function is responsible for developing methods and processes for identifying, measuring, managing and reporting risk. This forms the basis for informing the Risk Committee and Risk Management Committee of the risk profile for the group. Group Risk develops our risk management framework and oversees the adherence to this framework at the group and operating entity level. Our Chief Risk and Actuarial Officer regularly reports risk matters to the Chief Executive Officer, management Executive Committee and the Risk Committee.

Our global risk management network also includes Risk Officers within our business units and investment department. These local risk units, which have regular and close interaction with Group Risk, assist with implementing the risk management framework into our business.

Internal Audit, an independent, objective function, reports to the Audit Committee of the Board on the effectiveness of our risk management framework. This includes assurance that key business risks have been adequately identified and managed appropriately and that our system of internal control is operating effectively. Internal Audit also provides independent assurance around the validation of our internal capital model and coordinates risk-based audits, compliance reviews, and other specific initiatives to evaluate and address risk within targeted areas of our business.

14 CORPORATE GOVERNANCE

**Table of Contents**

Our risk governance structure is further complemented by our Legal Department which seeks to mitigate legal and regulatory compliance risks with support from other departments. This includes ensuring that significant developments in law and regulations are observed and that we react appropriately to impending legislative and regulatory changes and applicable court rulings.

**CODE OF BUSINESS CONDUCT AND CORPORATE GOVERNANCE GUIDELINES**

Our Corporate Governance Guidelines which, along with our Code of Business Conduct and the charters of the committees of our Board of Directors, provide a framework for the corporate governance of the Company addressing matters such as director qualification standards, director responsibilities and duties and compensation of our directors. Our Corporate Governance Guidelines and our Code of Business Conduct apply to all of our directors, officers and employees, including our Chief Executive Officer and President, our Chief Financial Officer and our Controller and are available on our website at [www.axiscapital.com](http://www.axiscapital.com). We intend to disclose on our website any required amendment to, or waiver of, a provision of the Code of Business Conduct that applies to our Chief Executive Officer and President, our Chief Financial Officer or our Controller. In addition, waivers of the Code of Business Conduct for our directors and executive officers may be made only by our Board or the Corporate Governance and Nominating Committee and will be promptly disclosed to shareholders on our website in accordance with the listing standards of the NYSE.

## **SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who own more than 10% of a registered class of our equity securities to file with the SEC and the NYSE reports on Forms 3, 4 and 5 concerning their ownership of the common shares and other equity securities of the Company. Under SEC rules, we must be furnished with copies of these reports.

Based on our review of these reports, we believe that all of our directors, executive officers and shareholders who are required to file reports filed all of such reports on a timely basis during the year ended December 31, 2014.

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934 (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act")) and the related rules of the SEC, we are including in this proxy statement a separate resolution subject to shareholder vote to approve, in a non-binding vote, the compensation paid to our named executive officers as disclosed below. The language of the resolution, commonly known as a "Say on Pay" proposal, is as follows:

**RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in this proxy statement pursuant to the rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and any related narrative discussion is hereby APPROVED.**

In considering their vote, shareholders may wish to review with care the information on our compensation policies and decisions regarding our NEOs presented in the Compensation Discussion and Analysis section below as well as the discussion regarding the Compensation Committee and Compensation Committee Process, also below.

The Board has adopted a policy providing for annual Say on Pay advisory votes. Accordingly, the next Say on Pay vote will occur in 2016.

**Recommendation of the Board**

The Board recommends that you vote **FOR** the approval of the compensation paid to our NEOs.

**Table of Contents****NAMED EXECUTIVE OFFICERS**

The Compensation Discussion and Analysis section which follows explains the Company's executive compensation program as it relates to our named executive officers (the NEOs) whose compensation information is presented in the tables following this discussion in accordance with SEC rules. Our NEOs for 2014 were:

Name	Title
Albert A. Benchimol	Chief Executive Officer and President ( CEO )
Christopher N. DiSipio	Chief Executive Officer, AXIS Accident & Health
John W. Gressier <sup>(1)</sup>	Former Chief Operating Officer
Joseph C. Henry	Chief Financial Officer ( CFO )
John D. Nichols	Chief Executive Officer, AXIS Reinsurance
Peter W. Wilson	Chief Executive Officer, AXIS Insurance

(1) On June 23, 2014, Mr. Gressier provided notice to the Company of his voluntary resignation effective June 30, 2015 and his then-current responsibilities were distributed among other executive officers.

**EXECUTIVE SUMMARY****2014 Business Highlights**

For AXIS, 2014 was a year of achievement of numerous key objectives and continued progress in pursuing the following four strategic initiatives previously established by our CEO:

Investing in our people and culture

Delivering diversified growth

Optimizing our enterprise-wide risk portfolio

Enhancing operational excellence

Financially, 2014 was a year of solid profitability. Gross premiums written were flat for the full year in response to the more competitive market. In many of our operations, we consolidated our position and, in others for which we could reasonably expect more attractive returns such as accident and health, we achieved significant growth. Despite competitive markets and a difficult interest rate environment, we grew our book value and improved our return on equity. We rewarded investors by again returning an amount in excess of our operating profits through dividends and buybacks. AXIS finished the year with net income available to common shareholders of \$771 million (\$684 million in 2013), or \$7.29 per diluted common share (\$5.93 per diluted common share in 2013). Additionally, diluted book value per share, or DBVPS, increased year over year by 11% to \$50.63 per share and we achieved a return on average common equity, or ROACE, of 14.8%. For 2014, our value creation, or growth in DBVPS adjusted for common share dividends declared, was 12.9%. With respect to the financial metrics used within our executive incentive plans, as described in more detail below, AXIS achieved an annual operating ROACE of 10.8%, which equated to 108% of our 2014 operating ROACE target of 10%. In addition, we grew our 24-month DBVPS by 14.5% compared to 17.0% for our peer group median as of September 30, 2014, our annual measurement date for this metric.

As for our Company non-financial objectives, the following are among the highlights of our achievements during 2014 in advancing our strategic initiatives and were considered in evaluating the non-financial performance of our NEOs:

Continued strong growth in our AXIS Accident and Health line of business, supporting achievement of full operating leverage in the unit

Meaningful progress on targeted portfolio enhancements for underperforming businesses

Focus on profitable growth opportunities, with the recruitment of a new Medical Malpractice team, expansion of our U.S. casualty efforts and the first full year of our AXIS Syndicate 1686 Lloyd's underwriting platform

Enhanced marketing efforts through the development of our broker and distribution management function

### 20 COMPENSATION DISCUSSION AND ANALYSIS

**Table of Contents**

Advancement of our third party capital activities, including a number of transactions that supported risk management objectives and delivered non-risk bearing revenue for the year

Increased activity in evaluating strategic partnership opportunities, including mergers, acquisitions and other strategic investments, to support achievement of corporate goals

Delivered on risk management initiatives that support the achievement of a best-in-class risk management culture throughout the Company

Progressed a number of initiatives supporting the achievement of enhanced usage of data and analytics throughout the Company, including the in-sourcing of our reserving function

Introduced new business initiatives intended to provide further balance and diversification to our underwriting portfolios and designed to reduce volatility in our results

Continued progress in delivering on critical information technology projects and an efficient and effective outsourced service delivery system

Meaningful progress on expense management initiatives

Effectuated further enhancements to our compensation practices and policies to improve alignment of our compensation with our performance, and, therefore, shareholder s interests

Continued investment in a training and development initiative designed to enhance the capabilities of our staff and improve staff retention

Based on these results, the Compensation Committee approved the following with respect to the 2014 performance year:

No change to base salaries in 2014 for our NEOs

Bonuses awarded to our NEOs ranging between 100% and 120% of target

Equity grants for our NEOs granted at 90% of target, with vesting for 50% of the awards subject to satisfying Company specified performance conditions

***Shareholder Outreach***

Following the 2013 Annual General Meeting of Shareholders and in connection with designing the 2014 executive compensation program, the Company actively solicited feedback from shareholders on their concerns with our executive compensation program and any other matters of importance. As part of that outreach effort, our Compensation Committee Chairman and Lead Independent Director, as well as members of senior management, met with a number of the Company s largest shareholders. After carefully considering the feedback received during the shareholder outreach efforts, we made significant changes to the 2014 executive compensation program, as disclosed in our 2014 Proxy Statement.

## Edgar Filing: AXIS CAPITAL HOLDINGS LTD - Form DEF 14A

At the 2014 Annual General Meeting of Shareholders, a substantial majority of our shareholders voted to approve the Company's 2014 executive compensation program for our NEOs. We believe that these voting results reflect our shareholder's endorsement of the structural changes made for the 2014 executive compensation program and the current direction of our executive compensation program.

Although we are pleased with the voting results at the 2014 Annual General Meeting of Shareholders, we continue to implement our planned changes and maintain an open dialogue with our shareholders to identify ways to further refine and improve our executive compensation program. Also, the Compensation Committee's decisions to make the specific additional changes described below illustrate our ongoing efforts to better align the executive compensation program with shareholder interests. We are confident that our program effectively addresses shareholder concerns, promotes our business strategy and directly aligns pay with performance.

### *Executive Compensation Program Changes for 2014*

In February 2014, the Compensation Committee adopted the 2014 Executive Annual Incentive Plan (the "2014 Annual Incentive Plan"). Under this plan, our sole financial metric for bonus awards is operating ROACE, eliminating the growth in DBVPS metric, which is now only used to evaluate grants and payouts of equity awards. This change resulted in distinct financial metrics for our 2013 Executive Long-Term Equity Compensation Program

(the 2013 Equity Program ) and 2014 Annual Incentive Plan, which we have been advised represents a compensation program design best practice. Further, the Compensation Committee approved the introduction of business unit financial performance metrics within our 2014 Annual Incentive Plan and adjusted the weightings of the metrics for our business unit and corporate function leaders, further enhancing the correlation between executive pay and performance.

### *Previously Implemented Changes*

The structural changes to our executive compensation program described above are in addition to the following best practices previously approved and implemented by the Compensation Committee that are intended to align executive compensation with the long-term interests of our shareholders:

- ü **Fixed-dollar equity targets.** We converted equity targets from a fixed number of shares or units to a fixed-dollar target allowing for closer targeting of market pay levels.
  
- ü **Equity awards split between performance-vesting and time-vesting awards.** Beginning in 2014, equity grants for our NEOs and other senior executives (other than our CEO, who did not receive an annual equity award in 2014) are split evenly between performance-vesting and time-vesting awards.
  
- ü **No tax gross-ups.** The employment agreements for our NEOs do not contain excise tax gross-up provisions and we do not provide other tax gross-ups beyond what is generally available for all employees.
  
- ü **Independent compensation consultant.** Our Compensation Committee engages an independent compensation consultant that reports directly to them.
  
- ü **Cash-settlement for a portion of equity awards.** Implemented cash-settlement at vesting for 50% of each equity award, excluding awards to our NEOs, in order to reduce the overall number of equity awards utilized, or burn rate, under our equity plan.
  
- ü **No individual executive retirement plans.**
- ü **Equity awards adjust based on performance.** Our performance-vesting equity awards are adjusted at the time of vesting and our time-vesting equity award targets are adjusted at the time of grant, in both cases based on growth in diluted book value per share over a three-year period as compared to our peers.
  
- ü **Stock ownership guidelines.** We maintain stock ownership guidelines and holding requirements that apply to our senior executives to encourage a long-term focus in managing our business.
  
- ü **Double-trigger in the event of a change-in-control.** We replaced single-trigger change-in-control vesting provisions within our equity program to ensure that awards will only vest automatically upon a change in control of the Company if the employee is subsequently terminated.
  
- ü **No hedging or pledging of AXIS stock.** Our Insider Trading Policy prohibits all employees and directors from hedging the economic risk of owning AXIS stock or pledging AXIS stock for loans or other obligations.

ü **Clawback Policy.** Our executive compensation Clawback Policy allows us to recoup compensation paid to our NEOs under certain circumstances.

ü **Limited executive perquisites.**

## **EXECUTIVE COMPENSATION PHILOSOPHY**

At AXIS, our mission is to become the leading diversified global specialty insurance and reinsurance company as measured by quality, sustainability and profitability. Accordingly, it is critical that we recruit, retain and motivate the best talent in the global marketplace. To achieve these goals, we have designed our executive compensation programs to retain and award leaders who create long-term value for our shareholders. The combination of fixed and variable compensation that we pay to our NEOs is structured to reward above-median performance with above-median levels of compensation and conversely, to provide below-median compensation for below-median performance. A large portion of our NEOs' compensation is variable, or at risk, and consists of annual incentive awards and long-term equity awards, while the fixed component of their compensation is designed to reflect their significant level of responsibility and overall contributions to our success. In addition to leading the Company's day-to-day underwriting and operating activities, our NEOs manage and lead a team of senior professionals that we believe is one of the strongest teams in our industry. The significant diversity of our operations and successful management of these operations ultimately serve to maintain our capital and drive long-term shareholder returns. Therefore, we have designed our NEOs' compensation to reflect this situation, both to compensate them for the

functions they perform and to ensure that their compensation is connected to the successes attributable to their skills and responsibilities. The primary consideration for our compensation decisions continues to be the assessment of our overall financial performance based on certain short-term and long-term financial metrics. For 2014, our incentive compensation programs were tied to Company financial performance and both Company and individual non-financial performance.

### *Company and Business Unit Financial Metrics*

The financial metrics which we measure our Company performance against are operating ROACE and growth in DBVPS as compared to our peer group. We believe operating ROACE represents an appropriate short-term measure as it reflects the rate of return the Company is earning on its capital and surplus. Generally, the higher the return, the greater use the Company is making of the funds invested by its shareholders, assuming risk is measured and managed appropriately. As for our long-term Company financial performance measure, we use growth in DBVPS adjusted for dividends as compared to our peers, as we believe that the evidence demonstrates that this measure best reflects long-term financial success for insurers and reinsurers. Each year, the Compensation Committee sets a target operating ROACE after considering the Company's business plan for the current year. Under our growth in DBVPS metric, target performance is achieved only if the Company achieves growth at or above the 60th percentile of our peer group. Under our 2014 Annual Incentive Plan we use operating ROACE as the sole Company financial performance metric. Additionally, our 2014 Annual Incentive Plan incorporates a business unit financial metric to further enhance the pay-for-performance linkage for our business unit CEOs. Similarly, beginning in 2014, the growth in DBVPS metric was used as the sole Company financial performance measure under our equity program.

### *Company and Individual Non-Financial Metrics*

Our CEO establishes the Company's non-financial objectives, as described under the 2014 Business Highlights section above. Our CEO evaluates and makes a recommendation to the Compensation Committee on the performance of the NEOs against these objectives. The Compensation Committee in turn reviews the individual performance of each NEO, considers the recommendations from our CEO (except with regard to his own individual performance) and makes a final determination for this element of each NEO's compensation.

In summary, the Company made significant changes in both 2013 and 2014 to enhance the link between incentive compensation and Company, business unit and individual performance, as described in detail under Executive Summary, Annual Incentive Awards and Long-Term Incentive Awards in this Compensation Discussion and Analysis section. These changes reflect feedback from our shareholders, shareholder advisory services and compensation consultants along with market data and analysis in an effort to better align our executives' compensation with the best interests of our shareholders.

## **COMPENSATION COMMITTEE PROCESS**

Under our Compensation Committee's charter, the Committee sets the CEO's annual compensation after evaluating his performance under corporate goals and objectives set by the Committee each year. The Compensation Committee also has the authority to:

approve initial offers of employment for senior executives;

make recommendations to the Board regarding compensation programs and policies affecting our executives as well as our other employees;

make recommendations on the form and amount of director compensation;

approve all equity awards to our executives and set the pool for all other equity awards; and

approve the design of our incentive and equity compensation plans and any changes or amendments to those plans.

## Edgar Filing: AXIS CAPITAL HOLDINGS LTD - Form DEF 14A

Our Compensation Committee generally receives proposals and information from our Chief Human Resources Officer and CEO for their consideration regarding executive compensation and also receives input from our Chief Human Resources Officer and the Compensation Committee's independent consultant, as necessary, regarding director compensation. The Compensation Committee is permitted to delegate any of its responsibilities to subcommittees in its discretion, but to date has not done so.

COMPENSATION DISCUSSION AND ANALYSIS 23

## **Table of Contents**

At the beginning of each calendar year, our Compensation Committee:

reviews the incentive plan results from the prior year;

makes final determinations regarding salaries for the current year;

approves equity awards and incentive cash payments for prior-year performance;

establishes the performance goals under the incentive plans for the current year;

approves the Compensation Committee's report for our proxy statement or Form 10-K; and

conducts a self-assessment.

Mid-year, the Compensation Committee reviews the compensation consultant's report regarding our executive compensation program and reviews our employee compensation programs. In the fall of every year, the Compensation Committee reviews our director compensation program, approves any needed changes to the director compensation program and conducts a preliminary assessment of our performance for the year. Our Compensation Committee generally meets at the end of each calendar year to make preliminary decisions regarding the salaries for the next calendar year and to determine the equity awards and incentive cash payments that will be made at the beginning of the next calendar year, subject to final year-end results. In February of the following year, and before any awards are distributed, the Compensation Committee considers the final audited year-end financial results and either confirms or adjusts the preliminary awards accordingly based upon their review.

## **RISK MANAGEMENT AND COMPENSATION**

In line with the Company's Compensation Risk Standard, the Compensation Committee seeks to ensure that our executive compensation program does not encourage executives to take risks that are inconsistent with the long-term success of the Company. The Compensation Committee believes that AXIS' executive compensation program does not encourage inappropriate risk-taking. Specifically, the annual incentive pool for the Company's 2014 Annual Incentive Plan is tied to our operating ROACE, which ensures that our shareholders' long-term interests are at the forefront of decision-making for our employees and NEOs.

Additionally,

our Compensation Committee retains downward discretion in overseeing our compensation programs, such that meaningful reductions in compensation are possible if our financial results do not meet our expectations, as was the case in 2011 when no annual bonuses were paid to our NEOs, or if our risk management policies or tolerances have been breached;

our executive compensation Clawback Policy ensures that our executives are not inappropriately rewarded in the event that we are required to restate our financial results, as described above;

our stock ownership guidelines are designed to ensure that the long-term interests of our executives are aligned with those of our shareholders; and

## Edgar Filing: AXIS CAPITAL HOLDINGS LTD - Form DEF 14A

our Compensation Committee retains an independent compensation consultant, apart from the consultant retained by management, as discussed in detail below.

### COMPENSATION COMMITTEE CONSULTANT

Our Compensation Committee has sole authority to select, retain and terminate any consultants or advisors used to provide independent advice to the Compensation Committee and evaluate executive compensation, including sole authority to approve the fees and any other retention terms for any such consultant or advisor. The Compensation Committee engaged Pearl Meyer & Partners ( PM&P ) as its independent compensation consultant for 2014 to assist in establishing compensation policies and programs. During 2014, PM&P:

reviewed and advised the Compensation Committee on matters concerning compensation of the CEO and our other NEOs;

prepared formal presentations for the Compensation Committee in May 2014 regarding executive compensation; and

reviewed director compensation biennially, with its last review and formal report occurring in September 2014. PM&P did not provide any services to the Company or any of the Company's affiliates other than advising the Compensation Committee on director and executive officer compensation. In February 2014, the Compensation Committee evaluated whether any work performed by PM&P raised any conflict of interest and determined that it did not.

In December 2014, the Compensation Committee engaged Farient Advisors LLC as its independent compensation consultant for 2015.

From time to time, management also engages its own external compensation consultant to advise it with regard to our compensation programs generally, prepare reports that compare our compensation programs to those of peer companies and help ensure the competitiveness and appropriateness of our compensation programs. While the external compensation consultant has acted as management's compensation consultant for general compensation programs in various capacities with respect to our employees worldwide, and assists management with regard to its compensation recommendations for our executive officers, the Compensation Committee has separately engaged PM&P and Farient Advisors LLC as its independent compensation consultants to avoid any conflicts of interest.

## **2014 PEER BENCHMARKING**

Although AXIS gives careful consideration to each element of total compensation, we evaluate our competitive position with respect to our NEOs on a total direct compensation basis, which consists of base salary and short and long-term incentives. We consider market pay practices when setting executive compensation, as the Compensation Committee uses benchmarking to guide decision-making with respect to executive pay levels. As a part of its evaluation, PM&P provided executive compensation data, information on current market practices and alternatives to consider when determining compensation for our NEOs. In 2014, PM&P benchmarked our executive compensation program design, executive pay, and performance against a peer group of insurance and reinsurance companies listed below that are publicly traded and comparable to AXIS in product offerings, market segment, geography, annual revenues, premiums, assets and market value. The Committee reviews the composition of the peer group with its independent compensation consultant annually.

COMPENSATION DISCUSSION AND ANALYSIS 25

**Table of Contents****KEY COMPONENTS OF COMPENSATION**

The following table lists the elements of target direct compensation for our 2014 executive compensation program. The program uses a mix of fixed and variable compensation elements and provides alignment with both short- and long-term business goals through annual and long-term incentives. Our incentives are designed to drive overall Company and individual performance using financial and non-financial measures the Committee believes are correlated to gains in shareholder value. The Committee establishes the performance measures and ranges of performance for the variable compensation elements. For 2014, the Committee also introduced business unit performance as an additional performance metric for our business unit leaders.

	Component	Purpose
Fixed	Base Salary	Attract and retain executives
		Compensate executives for level of responsibility and experience
Variable	Annual Incentive Awards	Reward achievement of annual Company financial and non-financial objectives, which include individual and, for 2014, business unit performance goals
		Promote accountability and strategic decision-making
Variable	Long-Term Incentive Awards	Align the interests of our NEOs with those of our shareholders by rewarding the achievement of long-term goals
		Encourage strategic decision-making
		Promote accountability
		Retain key executives

**BASE SALARY**

Salaries are the most basic form of compensation and are integral to any employment arrangement. Our main consideration in determining base salaries is to remain competitive. We also seek to balance a logical salary structure within the Company globally with the demands of the market for executive talent. A competitive salary allows us to attract and retain key staff. In addition, salaries enable our NEOs to maintain an appropriate standard of living in the locations where we operate and, accordingly, base salaries differ by geographic location.

Placement of our NEOs within a salary range is based on the market data for an individual's position, the candidate's historical compensation, geographic location, individual performance and the Compensation Committee's determination of competitiveness and appropriate levels based on the CEO's recommendations (other than with respect to his own salary).

The base salary for Mr. Benchimol was established in May 2012 when he was appointed as our CEO and President after previously serving as our Chief Financial Officer and is reflective of his increased level of responsibility. Mr. Benchimol's salary was determined by the Compensation Committee, after review of peer company chief executive officer compensation, and was set at and remains \$1.1 million per year. Messrs. DiSipio, Gressier, Henry, Nichols and Wilson's salaries are governed by their employment agreements within the salary structure discussed above.

The CEO recommends annual salary increases, if any, for our NEOs (except for himself) at the end of each calendar year. The Compensation Committee reviews and approves the increases, if any, using the guidelines described above. The Compensation Committee reviews and evaluates the performance of the CEO and approves any changes to his salary. Those decisions are then reviewed and ratified by the independent directors of our Board.

The following table reflects the Compensation Committee's decision to make no changes to our NEOs' base salaries for 2015:

Name	FY 2014 Base Salary	FY 2015 Base Salary

### 26 COMPENSATION DISCUSSION AND ANALYSIS

**Table of Contents****ANNUAL INCENTIVE AWARDS**

Annual incentive compensation for our NEOs is provided under our 2014 Annual Incentive Plan adopted by our Compensation Committee in February 2014. The 2014 Annual Incentive Plan is intended to provide for more formulaic annual incentive payouts to our NEOs and serves as a critical tool for rewarding the achievement of our annual corporate goals.

In order to achieve a competitive total compensation package, we established individual annual incentive targets expressed as a percentage of salary for each NEO. Annual incentive targets for our NEOs are governed by the terms of their employment agreements, but are not guaranteed. The individual annual incentive targets for our NEOs for 2014 and 2015 are as follows:

Name	2014 Bonus Target	2015 Bonus Target
Albert A. Benchimol	175%	175%
Christopher N. DiSipio	80%	100%
John W. Gressier	135%	N/A <sup>(1)</sup>
Joseph C. Henry	100%	100%
John D. Nichols	125%	125%
Peter W. Wilson	125%	125%

(1) On June 23, 2014, Mr. Gressier provided notice to the Company of his voluntary resignation effective June 30, 2015.

To further strengthen the link between pay and performance, in February 2014, the Compensation Committee made changes to the metrics used to determine our NEOs' annual incentive compensation. The annual incentive compensation is determined based on operating ROACE and business unit financial metrics and Company, business unit and individual non-financial metrics, as follows:

For the operating ROACE metric, payout factors ranged from 0% to 200%, with 10% operating ROACE yielding 100% of target payout and 20% operating ROACE yielding a 200% of target payout and pro-rata funding based on other operating ROACE results.

For the achievement of Company non-financial metrics, business unit financial metrics (where applicable) and individual non-financial metrics, payout factors can also range between 0% and 200%.

Additionally, the Compensation Committee approved 2014 weightings for each of these metrics for our CEO and other NEOs as follows:

Metric	Financial Metric Weighting	Non-Financial Weighting	Business Unit Financial Metric Weighting
CEO	85%	15%	N/A
Business Unit Leaders	50%	20%	30%
Corporate Function Leaders	75%	25%	N/A

*Performance Results & Payouts*

With respect to our financial goals for the year, AXIS achieved an annual operating ROACE ( OROACE ) of 10.8%, which resulted in a payout factor of 108%. For the business unit financial metric, payout factors ranged from 70% to 135%. For non-financial metrics, payout factors ranged from 125% to 140%, based on Company performance and each NEO's relative contribution to the advancement of our strategic initiatives, as described in the 2014 Business Highlights section above.

The combined, adjusted weighting for all metrics resulted in bonus payments to our NEOs ranging from 100% to 120% of their 2014 bonus targets. The tables below illustrate the calculation used for each of our NEOs under the 2014 Annual Incentive Plan to determine bonus payouts:

### **LONG-TERM INCENTIVE AWARDS**

In 2014, we provided long-term incentive compensation through equity awards under our shareholder-approved 2007 Long-Term Equity Compensation Plan (the "2007 LTEP"). Equity awards are an especially valuable tool in linking the personal interests of our NEOs to those of our shareholders as the amount the executive will ultimately receive under these awards is determined by our stock price. A higher stock price benefits our shareholders and increases the value of the executive's equity awards. In addition, the vesting requirement for our equity awards is a valuable retention tool that we consider to be very important in a competitive industry. Furthermore, because other employers with whom we compete for executive talent grant equity as part of their compensation packages, we include this as an element of our executive compensation to be competitive in the market for executive talent.

In March 2014, two types of equity awards were granted to our NEOs: (a) time-vesting awards with performance-based adjustments at the time of grant (RSUs); and (b) performance-vesting awards with performance-based adjustments applied at the time of vesting (PSUs).

Performance-vesting awards were included in the 2013 Equity Program and approved by the Compensation Committee in December 2013. The PSUs vest in a single installment on the third anniversary of the grant date, if

performance metrics are met, while the RSUs vest 25% per year over four years. The equity awards below reflect performance for the 2013 fiscal year and were granted early in 2014. They are included in the Summary Compensation Table and the Grants of Plan-Based Awards Table in this proxy statement.

Name	2013 Equity Target	PSUs and RSUs Awarded in 2014 <sup>(1)</sup> (2013 Performance)
Albert A. Benchimol	N/A	N/A
Christopher N. DiSipio	\$720,000	\$719,919
John W. Gressier	\$1,400,000	\$1,399,941
Joseph C. Henry	\$1,200,000	\$1,199,924
John D. Nichols	\$1,400,000	\$1,399,941
Peter W. Wilson	\$720,000	\$1,157,940 <sup>(2)</sup>

(1) 50/50 split between PSUs and RSUs for Messrs. DiSipio, Gressier, Henry and Nichols. Mr. Wilson did not receive any PSUs in 2014. Amounts represent the \$44.33 grant date fair value per share of the RSU and PSU awards granted on March 1, 2014.

(2) Includes a one-time special equity award of \$360,000 which will vest in a single installment on the third anniversary of the grant date. As detailed on the following pages, our CEO did not receive an annual equity award in either 2014 or 2015, for 2013 and 2014 performance, respectively. Mr. Benchimol was granted a one-time equity award in 2012 in lieu of annual equity grants that traditionally would be made over the three-year life of his employment agreement. The table below illustrates 2013 and 2014 equity targets, expressed as a fixed-dollar amount, as well as the 50/50 split between time-vesting and performance-vesting awards:

Name	2013 RSU		2014 Target Split	
	Target	2014 RSU Target	RSUs <sup>(1)</sup>	PSUs <sup>(2)</sup>
Albert A. Benchimol	N/A	N/A	N/A	N/A
Christopher N. DiSipio	\$720,000	\$720,000	\$360,000	\$360,000
John W. Gressier	\$1,400,000	\$1,400,000	\$700,000	\$700,000
Joseph C. Henry	\$1,200,000	\$1,200,000	\$600,000	\$600,000
John D. Nichols	\$1,400,000	\$1,400,000	\$700,000	\$700,000
Peter W. Wilson	\$720,000	\$900,000	\$450,000	\$450,000

(1) The RSUs will vest in four equal installments on the first, second, third and fourth anniversaries of the date of grant.

(2) The PSUs will vest in a single installment on the third anniversary of the grant date. Historically, at the end of each fiscal year, the Compensation Committee determines the actual awards to be made in its discretion, considering competitiveness, retention needs, Company and individual performance and any other factors it deemed relevant. However, based on shareholder feedback and with the adoption of the 2013 Equity Program, the determination of adjusted targets for RSUs and ultimate vesting payouts for PSUs is now based on pre-determined criteria, as follows:

RSU targets are adjusted at time of grant based on a three-year look-back in growth in DBVPS adjusted for dividends as compared to our peers, measured as of September 30 of the performance year. Adjustments to time-based targets can range from 75% to 125% of target,

depending on our growth in DBVPS percentile as compared to our peer group.

PSU targets are adjusted at time of vesting based on a three-year look-back in growth in DBVPS adjusted for dividends as compared to our peers as of the September 30 preceding the PSU vesting date. Adjustments at vesting can range from 10% to 200% of target, depending on our growth in DBVPS percentile as compared to our peer group.

The adjustments to RSUs are being phased in over a three-year period. For grants made in early 2014, we used a one-year look back period with minimum adjustments to target of 100%; for grants made in early 2015, we used a two-year look back period with minimum adjustments to target of 90%; and grants to be made in early 2016 will use the full three-year look back and the full range of potential adjustments to target.

## 30 COMPENSATION DISCUSSION AND ANALYSIS

**Table of Contents**

The table below illustrates the annual equity target and 50/50 split between RSUs and PSUs for equity awards granted in early 2015 and the potential payouts, without regard to movement in share price, under each grant.

Name	2014 Equity Target	Value Ranges						Total Value Ranges Based on Performance	
		RSUs (50%)			PSUs (50%)			Minimum	Maximum
		75%	100%	125%	10%	100%	200%		
Albert A. Benchimol	N/A	-	-	-	-	-	-	-	-
Christopher N. DiSipio	\$720,000	\$270,000	\$360,000	\$450,000	\$36,000	\$360,000	\$720,000	\$306,000	\$1,170,000
John W. Gressier	\$1,400,000	\$525,000	\$700,000	\$875,000	\$70,000	\$700,000	\$1,400,000	\$595,000	\$2,275,000
Joseph C. Henry	\$1,200,000	\$450,000	\$600,000	\$750,000	\$60,000	\$600,000	\$1,200,000	\$510,000	\$1,950,000
John D. Nichols	\$1,400,000	\$525,000	\$700,000	\$875,000	\$70,000	\$700,000	\$1,400,000	\$595,000	\$2,275,000
Peter W. Wilson	\$900,000	\$337,500	\$450,000	\$562,500	\$45,000	\$450,000	\$900,000	\$382,500	\$1,462,500

The Compensation Committee believes the significant range between the minimum and maximum equity payouts, as displayed above, highlights the meaningful amount of NEO compensation that is at risk under the 2013 Equity Program and reflects the Company's commitment to a pay-for-performance compensation structure in alignment with the interests of our shareholders.

*Performance Results*

For the two year performance period ending September 30, 2014, our annual measurement date for this metric, AXIS ranked 7<sup>th</sup> among the 12 company peer group which put us in the 42<sup>nd</sup> percentile of our peer group. This would have resulted in adjusting our RSUs to 85% of target. However, because the 2014 performance year minimum target adjustment was 90%, due to 2014 being a transition year, as discussed above, the Compensation Committee approved the following equity awards in early 2015 for 2014 performance. These awards, approved in February 2015, will be reflected in the Summary Compensation Table and the Grants of Plan-Based Awards Table in next year's public disclosures.

Name	RSUs	PSUs
Albert A. Benchimol	N/A	N/A
Christopher N. DiSipio	\$ 324,000	\$ 360,000
Joseph C. Henry	\$ 540,000	\$ 600,000
John W. Gressier	N/A	N/A
John D. Nichols	\$ 630,000	\$ 700,000
Peter W. Wilson	\$ 405,000	\$ 450,000

*Vesting*

RSU awards vest in four equal installments over a four-year vesting period, while PSU awards cliff vest on the third anniversary of the date of grant, subject to satisfying certain Company performance criteria. Because our PSUs were first granted in 2014, none of our PSUs have vested.

## **Table of Contents**

### **MIX OF PAY**

The tables below display the 2013 mix of pay for our NEOs based on data presented in the 2014 proxy statement and the 2014 mix of pay as disclosed in the Summary Compensation Table included in this proxy statement. Mix of pay includes base salary, annual incentive (bonus) payment and awards of RSUs and PSUs.

As illustrated above, in 2014, our CEO had 66% of his pay at risk. Our other NEOs' at-risk pay for 2014 ranges from 73% to 77%. Mr. Benchimol did not receive an equity award in 2013 or 2014.

### **CEO'S MIX OF PAY**

Total direct compensation for our CEO, as set forth in the Summary Compensation Table below increased by 12% from 2013 to 2014. In connection with Mr. Benchimol's appointment as CEO and President in May 2012, he was granted an award of 500,000 shares of restricted stock. Under the terms of this award, 250,000 of the shares time vested in three equal installments on the first, second and third anniversary of the May 2012 award date. The remaining 250,000 shares were eligible to vest in May 2015 only if our three-year growth in DBVPS, measured as of March 31, 2015, was greater than that of the median of the Company's peer group. On May 7, 2015, the Compensation Committee of the Board of Directors determined that the performance vesting criteria applicable to the 250,000 shares were not satisfied and as a result, the 250,000 shares were forfeited. The award was intended to:

align the long-term interests of our new CEO with those of our shareholders; and

reward him in the event our performance exceeds the median of our peer group over a three-year period.

The one-time award in 2012 was granted in lieu of annual equity grants that traditionally would be made over the three-year life of his employment agreement. Consistent with this intent, Mr. Benchimol did not receive an annual equity award in either 2013 or 2014, for 2012 and 2013 performance, respectively, unlike the other NEOs who received annual equity awards.

## **Table of Contents**

The table below illustrates the actual amounts of total direct compensation (base salary and bonus compensation, as reported in the Summary Compensation Table in this proxy statement) for 2013 and 2014 for Mr. Benchimol.

## **PERQUISITES AND OTHER PERSONAL BENEFITS**

Because our business is global and we are headquartered in Bermuda, many of our NEOs are required to relocate or to maintain a second residence or travel for business in order to work for us. To reduce the likelihood that this factor will discourage talented executive officers from joining AXIS, we provide reimbursements for a certain amount of personal travel for return trips home to NEOs who work away from their home countries, as well as, in some cases, housing allowances to help defray the cost of maintaining a second residence or working in multiple locations. We also pay for certain U.S. tax expenses for any non-U.S. resident, Bermuda-based employee who may be subject to incremental taxes as a result of travel to the U.S. for business purposes. These payments are designed to make whole our Bermuda-based non-U.S. citizen employees who, but for required business travel, would not otherwise have incurred an obligation for U.S. taxes. We also provide certain other perquisites and benefits, as well as the general health plan and other benefits provided to all employees, which make us a competitive employer and do not represent a significant cost to us. These benefits also provide our NEOs with the security and convenience that allows them to focus their attention on carrying out their responsibilities to AXIS.

## **SEVERANCE BENEFITS**

Although we do not maintain a general severance plan for our NEOs, each of our NEOs has rights upon termination of his employment under his employment agreement. The terms and conditions of the separation benefits and payments are described in detail in the section entitled Potential Payments Upon Termination or Change in Control. We provide these benefits in order to be competitive as an employer. We also provide various benefits in connection with a change in control, in part because a change in control situation often undermines our NEOs' job security, and it is to the benefit of AXIS and its shareholders to encourage the NEOs to seek out beneficial business transactions and to remain with us through the closing of the transaction, even though their futures may be uncertain as a result. As such, we structured the change in control provisions in each of the employment agreements for our NEOs with a double trigger, which requires termination of the executive without cause or termination by the executive for good reason in connection with a change in control. Because the consummation of a transaction alone would not trigger this benefit, this structure essentially places the decision of whether or not to trigger change in control benefits largely in the hands of the acquiring company.

## **Table of Contents**

We provide our NEOs with benefits and severance payments if we terminate them without cause and in some cases if they voluntarily leave under certain circumstances. These benefits add a level of security to the NEO's position. We believe these benefits are needed to attract and retain talented executives in our industry. These provisions encourage individuals to move from other firms in the industry and help attract individuals from outside of the industry to take a position in our industry, which is generally more volatile. In addition, we face significant competition within our industry for experienced leaders, and we believe these benefits are needed to remain competitive as an employer as it is a common feature in many of our competitors' compensation programs. Furthermore, we provide these benefits in part so we can obtain valuable agreements from the NEOs to assign to us certain intellectual property rights, not to compete with us for a certain period of time after leaving, not to solicit our employees or customers after leaving and to maintain the confidentiality of our information. Moreover, providing termination payments allows us to obtain a release of claims from the NEO upon his or her departure from AXIS, which we consider a valuable benefit to us.

### **RESTRICTION ON TRADING BY DIRECTORS AND OFFICERS/ANTI-HEDGING AND PLEDGING**

The Company's policy on insider trading generally permits directors and executive officers (including our NEOs) to engage in transactions involving the Company's common stock and other securities only (a) during a Company-prescribed trading window of limited duration; and (b) after seeking pre-clearance to avoid trading while in possession of material non-public information. In addition, the Company's policy on insider trading prohibits all employees and directors from engaging in hedging transactions with respect to the Company's securities and also prohibits pledging, or using as collateral, the Company's securities in order to secure personal loans or other obligations.

### **STOCK OWNERSHIP GUIDELINES FOR EXECUTIVE OFFICERS**

We believe it is important to align the financial interests of our senior executives with those of our shareholders. Accordingly, we have adopted guidelines which specify the minimum amount of AXIS securities that we expect our NEOs and key senior management employees to own on a direct basis, meaning stock which is subject to market risk, not simply held under option. Our stock ownership guidelines require our CEO to hold AXIS securities with a value equal to a minimum of five times his annual base salary and require the other NEOs and covered members of senior management to hold AXIS securities with a value equal to a minimum of two to three times their annual base salary. Individuals subject to the guidelines have five years to meet the applicable minimum requirement from the later of (a) September 2009 (the date of adoption of the guidelines); or (b) the date of promotion or appointment to a position subject to the guidelines.

### **U.S. TAX CONSIDERATIONS**

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to certain executives, although performance-based compensation arrangements may qualify for an exemption from the deduction limit if they satisfy various requirements under Section 162(m). For AXIS, this rule has limited effect because our Company is headquartered in Bermuda and U.S. tax law only affects a portion of our income. Therefore, although we are aware of and consider the impact of this rule when developing and implementing our executive compensation program, compliance with the requirements of Section 162(m) has not been a driving factor in the operation of our executive compensation program.

### **OPPORTUNITY FOR SHAREHOLDER FEEDBACK**

We value feedback from our shareholders about our executive compensation philosophy and program, and welcome shareholders to express their views to the Board in writing. Shareholders and other interested parties may send communications to our Board by sending written notice to our Secretary at our headquarters at 92 Pitts Bay Road, Pembroke, Bermuda HM 08. The notice may specify whether the communication is directed to the entire Board, to the non-management directors, to the Lead Independent Director or to a particular Board committee or other director. Our Secretary will handle routine inquiries and requests for information or will otherwise determine whether the communication is made for a valid purpose and is relevant to the Company and its business and, if he so determines, will forward the communication to our Chairman of the Board, to the non-management directors or to the appropriate committee chairman or director. At each meeting of our Board, our Secretary presents a summary of all communications received since the last meeting that were not forwarded and makes those communications available to the directors on request.

**EMPLOYMENT AND OTHER AGREEMENTS WITH NAMED EXECUTIVE OFFICERS**

Albert A. Benchimol

Under the terms of an employment agreement between Mr. Benchimol and the Company dated May 3, 2012, as amended on March 9, 2015, Mr. Benchimol serves as our President and Chief Executive Officer for a term of service to end upon the earlier of: (a) the Closing, as defined in the Agreement and Plan of Amalgamation dated as of January 25, 2015, as amended, by and between the Company and PartnerRe Ltd. (the Amalgamation Agreement), or (b) January 25, 2016, the End Date as defined in the Amalgamation Agreement. Under the employment agreement, Mr. Benchimol is entitled to: (i) an annual base salary of no less than \$1,100,000; (ii) participation in our Annual Incentive Plan at an annual bonus target of 175% of base salary should performance targets be met; (iii) participation in our 2013 Equity Program; (iv) a monthly housing allowance of \$25,000 for a residence in Bermuda; (v) up to 30 hours of personal use of the Company aircraft each calendar year; (vi) participation in any employment benefit plans made available to our executives; and (vii) any fringe benefits provided to our executives generally. These benefits are reflected in the All Other Compensation column of the Summary Compensation Table and the related footnote.

Mr. Benchimol's employment agreement provides for certain benefits upon termination of his employment for various reasons, as described below in the section entitled Potential Payments Upon Termination or Change in Control.

The employment agreement also provides for a 12-month notice period should Mr. Benchimol desire to voluntarily terminate his employment with the Company and non-competition and non-solicitation provisions for a period of 24 months from the date of any termination.

Christopher N. DiSipio

Mr. DiSipio serves as the Chief Executive Officer of AXIS Accident & Health under an employment agreement dated February 27, 2014 for a term of service to December 31, 2016 and is entitled to: (i) an annual base salary of no less than \$500,000; (ii) participation in our Annual Incentive Plan at an initial annual bonus target of 80% of base salary should performance targets be met; (iii) participation in our 2013 Equity Program with an initial annual target restricted stock unit award valued at \$720,000; (iv) participation in any employment benefit plans generally made available to our executives; and (v) any fringe benefits we provide to our executives generally. These benefits are reflected above in the All Other Compensation column of the Summary Compensation Table and the related footnote.

Mr. DiSipio's employment agreement provides for certain benefits upon termination of his employment for various reasons, as described below under Potential Payments Upon Termination or Change in Control.

The employment agreement also provides for a six month notice period should Mr. DiSipio desire to voluntarily terminate his employment with the Company, a non-competition provision for a six month period from the date of his voluntary termination or termination by the Company for cause and a non-solicitation provision for a period of 12 months from the date of any termination.

John W. Gressier

Under the terms of an employment agreement dated December 5, 2013, Mr. Gressier served as the Chief Executive Officer of AXIS Insurance until April 1, 2014, when he became Chief

annual target share or unit award valued at \$1,400,000; (iv) participation in any employment benefit plans generally made available to our executives; and (v) any fringe benefits we provide to our executives generally. These benefits are reflected in the All Other Compensation column of the Summary Compensation Table and the related footnote.

The employment agreement provides for a 12-month notice period in the event of a voluntary termination by Mr. Gressier and non-competition and non-solicitation provisions for a period of 12 months from the date of termination.

On June 23, 2014, Mr. Gressier provided notice of his voluntary resignation effective June 30, 2015. In connection with his notice of resignation, on August 5, 2014, the Company entered into a separation arrangement with Mr. Gressier. Under the terms of the agreement, Mr. Gressier agreed to extend the non-competition and non-solicitation provisions under his employment agreement from June 30, 2015 to June 30, 2016 in consideration of the Company's agreeing to provide for: (i) the continued vesting of his outstanding but unvested equity awards during the one-year extension period, as if no termination of employment has occurred; and (ii) the accelerated vesting at June 30, 2016 of any additional outstanding equity awards that remain unvested as of that date.

**Joseph C. Henry**

Under the terms of an employment agreement dated January 23, 2015, Mr. Henry serves as our Chief Financial Officer for a term of service to December 31, 2017 and is entitled to: (i) an annual base salary of \$565,000; (ii) participation in our Annual Incentive Plan at an annual bonus target of 100% of base salary should performance targets be met; (iii) participation in our 2013 Equity Program with an annual target restricted stock unit award valued at \$1,200,000; (iv) participation in any employment benefit plans generally made available to our executives; and (v) any fringe benefits we provide to our executives generally. These benefits are reflected in the All Other Compensation column of the Summary Compensation Table and the related footnote.

Mr. Henry's employment agreement provides for certain benefits upon termination of his employment for various reasons, as described below in the section entitled Potential Payments Upon Termination or Change in Control.

The employment agreement also provides for a 12-month notice period should Mr. Henry desire to voluntarily terminate his employment with the Company and non-competition and non-solicitation provisions for a period of 12 months from the date of termination for any reason.

**John D. Nichols**

Mr. Nichols serves as the Chief Executive Officer of AXIS Reinsurance under an employment agreement dated January 23, 2015 for a term of service to December 31, 2017 and is entitled to: (i) an annual base salary of \$900,000; (ii) participation in our Annual Incentive Plan at an annual bonus target of 125% of base salary should performance targets be met; (iii) participation in our 2013 Equity Program with an annual target restricted stock unit award valued at \$1,400,000; (iv) participation in any employment benefit plans generally made available to our executives; and (v) any fringe benefits we provide to our executives generally. These benefits are reflected in the All Other Compensation column of the Summary Compensation Table and the related footnote.

Mr. Nichol's employment agreement provides for certain benefits upon termination of his employment for various reasons, as described below in the section entitled "Potential Payments Upon Termination or Change in Control."

The employment agreement also provides for a 12-month notice period should Mr. Nichols desire to voluntarily terminate his employment with the Company and non-competition and non-solicitation provisions for a period of 12 months from the date of termination for any reason.

Peter W. Wilson

Under the terms of an employment agreement dated June 23, 2014, Mr. Wilson serves as our Chief Executive Officer of AXIS Insurance for a term of service to December 31, 2016 and is entitled to: (i) an annual base salary of no less than \$800,000; (ii) participation in our Annual Incentive Plan at an annual bonus target of 125% of base salary should performance targets be met; (iii) participation in our 2013 Equity Program with an initial annual target restricted stock unit award valued at \$900,000; (iv) participation in any employment benefit plans generally made available to our executives; and (v) any fringe benefits we provide to our executives generally. These benefits are reflected above in the All Other Compensation column of the Summary Compensation Table and the related footnote.

Mr. Wilson's employment agreement provides for certain benefits upon termination of his employment for various reasons, as described below under Potential Payments Upon Termination or Change in Control.

The employment agreement also provides for a 12-month notice period should Mr. Wilson desire to voluntarily terminate his employment with the Company and non-competition and non-solicitation provisions for a period of 12 months from the date of termination for any reason.

**LONG-TERM EQUITY COMPENSATION**

**2007 Long-Term Equity Compensation Plan.** In 2007, our Board adopted and our shareholders approved the AXIS Capital Holdings Limited 2007 Long-Term Equity Compensation Plan as amended with shareholder approval in 2009 and 2012 ( 2007 LTEP ). The 2007 LTEP provides for the grant of nonqualified stock options, incentive stock options, stock appreciation rights, restricted stock awards, restricted stock unit awards, performance unit awards and other equity-based or equity-related awards to our employees, directors and consultants. The Compensation Committee has broad authority to administer the plan, including the authority to select plan participants, determine when awards will be made, determine the type and amount of awards, determine the exercise price of options and stock appreciation rights, determine any limitations, restrictions or conditions applicable to each award and determine the terms of any agreement or other document that evidences an award. During 2014, only RSUs and PSUs were awarded under the 2007 LTEP to our NEOs.

Awards of RSUs and PSUs represent a promise to grant shares of our common stock once certain vesting conditions are met or after a certain passage of time, subject to restrictions on transfer of the shares, any other restrictions the Compensation Committee imposes and forfeiture of the shares if the participant terminates employment before the shares vest. All of the RSU awards granted to our NEOs during 2014 vest (and the restrictions lapse) in four equal installments on the first, second, third and fourth anniversaries of the date of grant. All of the PSU awards granted to our NEOs during 2014 vest in a single installment on the third anniversary of the date of grant, if performance metrics are met. Vesting is fully accelerated upon the death or permanent disability of the participant or termination in connection with a change in control, as described below under Potential Payments Upon Termination or Change in Control. Holders of RSU and PSU awards receive accumulated dividend equivalents paid with respect to the underlying units only upon vesting.

**2014 ANNUAL INCENTIVE PLAN**

We provide annual incentive payments under our 2014 Annual Incentive Plan to provide performance-based cash annual bonuses for our NEOs and other members of our executive committee. For a full description of the funding for our 2014 Annual Incentive Plan, see Compensation Discussion and Analysis Annual Incentive Awards above.

### **RETIREMENT BENEFITS**

Our NEOs participate in our International Pension Plan, our London Stakeholder Pension Plan, our U.S. 401(k) Plan and our U.S. Supplemental Plan. Mr. Gressier participated in our International Pension Plan and our London Stakeholder Pension Plan during 2014. Messrs. Benchimol, DiSipio, Henry, Nichols and Wilson participated in the AXIS 401(k) Plan during 2014 and Messrs. DiSipio and Wilson participated in our U.S. Supplemental Plan during 2014.

The International Pension Plan permits participants to make contributions to their own accounts in the plan, and requires us to contribute an amount equal to at least 10% of each participant's base salary each year, reduced by any amounts that we are required to contribute to another plan, although we may contribute more in our discretion. For 2015, we contributed an amount equal to 10% of Mr. Gressier's eligible earnings to the International Pension Plan. Our contributions to the International Pension Plan vest fully after the participant has been in the plan for two years. Benefits are paid after termination of employment or upon death or disability either in cash or by transfer to another retirement plan or retirement product.

The London Stakeholder Pension Plan permits employees to make contributions to their own account in the plan, and requires us to contribute an amount equal to 15% of each participant's base salary earned each year. Our contributions to the London Stakeholder Pension Plan vest immediately. Benefits are distributable upon death, retirement or by transfer to another pension plan provider. Benefits are distributable upon disability if an early annuity is requested due to ill health.

In the United States, we maintain the AXIS 401(k) Plan under which participants may contribute a portion of their earnings on a tax-deferred basis and we make matching contributions. We also may make annual employer discretionary contributions. For 2014, we made matching contributions equal to 100% of each participant's contributions, subject to a maximum match of 4% of eligible earnings. We also made annual employer discretionary contributions equal to 6% of each participant's eligible earnings. For purposes of calculating the matching and employer discretionary contributions, only the first \$260,000 of each NEO's earnings was taken into account, due to limitations imposed by the Internal Revenue Code. NEOs are always fully vested in our matching contributions, and vest in our employer discretionary contributions 25% per year, with full vesting after four years of service. Benefits are distributable upon death, disability, retirement, termination of employment or upon reaching age 59-1/2.

We also maintain the U.S. Supplemental Plan in the United States which is designed to permit eligible participants to accumulate additional retirement income through a nonqualified deferred compensation plan that enables them to make salary deferrals of up to 100% of their salary in excess of deferrals allowed under the AXIS 401(k) Plan, to make additional deferrals from their bonus payments of up to 100% of their bonus and to receive discretionary employer contributions. Each year, we make a discretionary contribution to all participants in the U.S. Supplemental Plan expressed as a percentage of the participant's base salary that is above the Internal Revenue Code maximum under the AXIS 401(k) Plan.

### **ADDITIONAL BENEFITS**

Each of our NEOs are encouraged to participate in our Executive Health Examination Program which entitled each of them to have a physical examination in 2015. We pay the full cost of the physical examination plus any travel-related expenses. In 2014, Messrs. Henry and Nichols each completed a physical examination. Amounts reimbursed to Messrs. Henry and Nichols are included in the 2014 All Other Compensation column of the Summary Compensation Table.

In 2005, our Compensation Committee adopted a formal practice permitting personal use of corporate aircraft by certain of our executive officers. Mr. Benchimol is currently our only executive eligible for personal usage of the aircraft and his employment contract provides for up to 30 hours of personal usage per calendar year.

Each NEO's own contributions under the U.S. Supplemental Plan are always fully vested. Our contributions vest based on the participant's years of service at a rate of 25% per year with full vesting after four years of service is completed. The NEO's own contributions may be distributed upon separation of employment or upon the earlier of separation of employment or a specified date in either a lump sum or over a period of annual installments between two and 10 years. Benefits will be paid immediately in a lump sum in the event of the executive's death.

Internationally, we maintain the International Pension Plan and the London Stakeholder Pension Plan. Mr. Gressier participated in the International Pension Plan and the London Stakeholder Pension Plan during 2014. These plans are discussed in more detail in the narrative following Summary Compensation Table and Grants of Plan-Based Awards in 2014 Table above.

**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

This section describes payments that would be made to our NEOs upon a change in control of AXIS or following termination of employment or upon the NEO's death or disability. In the first part of this section, we describe benefits under general plans that apply to any NEO participating in those plans. We then describe specific benefits to which each NEO is entitled, along with estimated amounts of benefits assuming a triggering event on December 31, 2014.

**2007 Long-Term Equity Compensation Plan.** Under the 2007 LTEP, as described above, upon the occurrence of a change in control, unless otherwise provided in the applicable award agreement or other agreement and unless provision is made in connection with the change of control

## Edgar Filing: AXIS CAPITAL HOLDINGS LTD - Form DEF 14A

for the assumption of awards previously granted or substitution for such awards of new awards covering stock of a successor corporation, executive officers receive the following benefits:

Options and stock appreciation rights become immediately exercisable, and remain exercisable throughout their entire term, unless exercised, cashed out, or replaced.

### 44 EXECUTIVE COMPENSATION

## Table of Contents

Performance units are paid out as if the date of the change in control were the last day of the applicable performance period and target performance levels had been attained.

All other outstanding awards will automatically be deemed exercisable and vested and all restrictions and forfeiture provisions related to the awards will lapse.

However, our current award agreements contain a double trigger vesting provision under which awards will automatically vest upon a change of control of the Company only upon an awardee's subsequent termination of employment: (a) by the Company without cause; or (b) by the awardee with good reason, in each case within 24 months of the change of control.

In addition to the benefits described above for all executive officers, our NEOs, collectively referred to as Executives for purposes of this summary, are entitled to additional benefits under their respective employment agreements upon termination of their employment.

In particular, the Executives' employment will automatically terminate upon death, and we may terminate the Executives' employment as a result of their disability if they are unable to work for 181 days in any 12-month period due to illness or injury. We may terminate the Executives' employment without cause upon 30 days' notice, except that we may only terminate Mr. Benchimol's employment without cause upon 12-months notice. The Executives may terminate their employment upon at least 12-months' notice to us, except for Mr. DiSipio whose notice period to us is six months. In addition, the Executives' employment may be terminated as a result of either party declining to extend the term of their respective employment agreement.

Under each of the Executives' employment agreements, we may terminate the Executives' employment for cause upon the Executives' :

- (i) material breach of the terms of their employment;
- (ii) conviction for a felony or commission of any act which would rise to the level of a felony;
- (iii) commission of a lesser crime or offense that materially harms or could harm our business or reputation;
- (iv) willful violation of our specific directives;
- (v) commission of a dishonest or wrongful act involving fraud, misrepresentation, or moral turpitude causing us damage or potential damage;
- (vi) willful failure to perform a substantial part of their duties; or
- (vii) breach of fiduciary duty.

Under each of the Executives' employment agreements, except for Mr. DiSipio, in the event the Executive is terminated for cause, the Executives are given 15 days to cure the event that is the basis for the Company's termination for cause, except that the right to cure will not apply in the event of a termination for cause due to any of the acts described in (ii), (iii) or (v) above.

Under the employment agreements, the Executives may terminate their employment for good reason if: (i) (a) the scope of their respective position, authority or duties is materially adversely changed, (b) their compensation is not paid or their base salary or target bonus is reduced below the levels specified in the agreement or there is a material adverse change in their employee benefits, (c) they are required to relocate away from their current primary place of employment, (d) they are assigned duties that are materially inconsistent with their position with the Company, (e) their immediate reporting relationships are changed or, in the case of Mr. Benchimol, he is required to report to any person or entity other than the Board, (f) with respect to Mr. Benchimol, the Company fails to offer him continuing employment on terms no less favorable

## Edgar Filing: AXIS CAPITAL HOLDINGS LTD - Form DEF 14A

than set forth in his agreement at least six months before the end of his employment term; (ii) with respect to Mr. DiSipio, he gives the Company written notice of his intent to terminate his employment as a result of such event within 30 days of such event occurring; and with respect to Messrs. Henry, Nichols and Wilson, they give the Company written notice of their intent to terminate their employment as a result of such event within 60 days of such event occurring; (iii) with respect to Mr. DiSipio, the Company does not make the necessary corrections within 30 days of receipt of such written notice; and with respect to Messrs. Henry, Nichols and Wilson, the Company does not make the necessary corrections within 60 days of receipt of such written notice; and (iv) with respect to Messrs. DiSipio, Henry, Nichols and Wilson, they terminate their employment no later than 10 days following the end of their respective notice period.

EXECUTIVE COMPENSATION 45

**Table of Contents**

In the event the Executives' employment is terminated for any reason, they are entitled to receive payment for any accrued but unpaid base salary up to the date of termination, any bonus awarded in respect of a prior year's target annual bonus but not yet paid as of the date of termination, any accrued but unpaid reimbursable expenses, any unused vacation accrued to the date of termination, any unpaid housing allowance, if applicable, accrued to the date of termination and reimbursement for reasonable relocation costs incurred within six months of termination.

In the event that the Executives' employment is terminated due to death or disability, then their beneficiaries or they will be paid a pro-rata portion of the annual bonus that they would have been entitled to receive for the calendar year in which their termination occurred, except for Mr. Benchimol, whose beneficiary or he will be paid a cash lump sum amount equal to one year's base salary and annual bonus that he would have been entitled to receive for the calendar year in which his termination occurred. Additionally, any and all outstanding and unvested restricted shares of the Company's common stock or restricted stock units held by the Executives pursuant to our 2007 LTEP shall immediately vest.

In the event that the Executives' employment is terminated by the Company without cause or by them with good reason, they will be entitled to: (i) a lump sum amount equal to one year's base salary, except for Mr. Benchimol who will be entitled to a lump sum amount equal to two year's base salary; (ii) an amount equal to the annual bonus that they would have been entitled to receive for the calendar year in which their termination occurs, except for Mr. Benchimol who will be entitled to an amount equal to two times the higher of (a) the highest annual bonus earned for any of the three calendar years preceding the date of termination, or (b) the annual bonus that he would have been entitled to receive for the calendar year in which his termination occurs; (iii) a pro-rata portion of the annual bonus that they would have been entitled to receive for the calendar year in which their termination occurs; (iv) continued payment by the Company of medical coverage or COBRA premiums for a 12-month period, or less in the event they cease to be eligible for COBRA continuation coverage; and (v) all outstanding and unvested restricted shares of the Company's common stock and RSUs and PSUs held by them pursuant to the 2007 LTEP shall continue to vest on the applicable dates set forth in the applicable award agreements.

In the event that the Executives' employment is terminated by the Company without cause or by them, in each case within 24 months following a change in control, they will be entitled to: (i) a lump sum amount equal to one year's base salary, except for Mr. Benchimol who will be entitled to a lump sum amount equal to two year's base salary; (ii) an amount equal to two times the annual bonus that they would have been entitled to receive for the calendar year in which their termination occurs, except for Mr. Benchimol who will be entitled to an amount equal to three times the higher of (a) the highest annual bonus earned for any of the three calendar years preceding the date of termination, or (b) the annual bonus that he would have been entitled to receive for the calendar year in which his termination occurs; (iii) a pro-rata portion of the annual bonus that they would have been entitled to receive for the calendar year in which their termination occurs; (iv) continued payment by the Company of medical coverage or COBRA premiums for a 12-month period, or less in the event that they cease to be eligible for COBRA continuation coverage; and (v) all outstanding and unvested restricted shares of the Company's common stock and RSUs and PSUs held by them pursuant to the 2007 LTEP shall immediately vest upon the termination.

In the event that the employment agreements for Messrs. Henry, Nichols and Wilson are not renewed by the Company at the end of their respective terms of employment and on at least as favorable terms and conditions, Messrs. Henry, Nichols and Wilson will be entitled to those benefits payable under a termination of employment by the Company without cause as described above.

Under the employment agreements, the Executives are required to execute a general release and waiver of claims against us and to resign from their positions upon termination of their employment for any reason. The Executives are subject to non-competition and non-solicitation (of our employees and customers) provisions for a period of 12 months after termination for any reason, except for: (i) Mr. DiSipio who is subject to a non-competition provision for a period of six months from the date of his voluntary termination or the Company's termination of his employment for cause and a non-solicitation provision for a period of 12 months from the date of termination for any reason; and (ii) Mr. Benchimol who is subject to non-competition and non-solicitation (of our employees and customers) provisions for a period of 24 months after termination of employment. Additionally, the Executives are subject to ongoing confidentiality requirements.

**Table of Contents**

The following table sets forth the termination and/or change in control benefits payable to each NEO, except for Mr. Gressier who provided notice to the Company of his voluntary resignation effective June 30, 2015, under the benefits applicable to all executive officers as well as under each NEO's applicable employment agreement, assuming termination of employment on December 31, 2014. With the exception of insured benefits, all termination payments will be made by us.
