As of the close of business on the Record Date, there were 322,764,310 shares of the Company's common stock outstanding and entitled to vote. Stockholders are entitled to one vote for each share held on all matters to come before the Annual Meeting.

Only stockholders who held shares of the Company's common stock at the close of business on the Record Date are entitled to notice of and to vote at the Annual Meeting or any adjournment thereof.

How to Vote in Person

If your shares are registered directly in your name, you are considered a stockholder of record and you may vote in person at the Annual Meeting. If your shares are registered through a bank or brokerage firm, your shares are considered to be held beneficially in street name. If your shares are held beneficially in street name and you wish to vote in person at the Annual Meeting, you will need to obtain a proxy from the bank or brokerage firm that holds your shares. Please note that even if you plan to attend the Annual Meeting in person, the Company recommends that you vote before the Annual Meeting.

How Proxies Work

The Board of Directors is asking for your proxy. By giving the Board your proxy, your shares will be voted at the Annual Meeting in the manner you direct. If you do not specify how you wish to vote your shares, your shares will be voted **FOR** the election of each of the Director nominees, **FOR** the approval of the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm, and the proxyholders will vote shares according to their discretion on any other matter properly brought before the Annual Meeting.

If for any reason any of the nominees for election as Director is unable or declines to serve as a Director, discretionary authority may be exercised by the proxyholders to vote for a substitute proposed by the Board.

If the shares you own are held beneficially in street name by a bank or brokerage firm, such firm, as the record holder of your shares, is required to vote your shares according to your instructions. To vote your shares, you will need to follow the directions your bank or brokerage firm provides to you. Under the rules of the New York Stock Exchange (the "NYSE"), if you do not give instructions to your bank or brokerage firm, it will still be able to vote your shares with respect to certain discretionary items, but will not be allowed to vote your shares with respect to certain non-discretionary items. In the case of non-discretionary items, the shares will be treated as broker non-votes. Banks and brokerage firms are allowed to exercise discretionary voting authority for beneficial owners who have not provided voting instructions only with respect to Proposal 2 set forth in this Proxy Statement and not with respect to any other proposal to be voted on at the Annual Meeting.

How to Vote Your 401(k) Plan Shares

If you participate in the Company's 401(k) Savings Plan or in the Company's Hourly 401(k) Savings Plan (the "401(k) Plans"), you may give voting instructions as to the number of share equivalents held in your account as of the Record Date to the trustee of the 401(k) Plans. You provide voting instructions to the trustee, Fidelity Management Trust Company, by completing and returning the proxy card accompanying this Proxy Statement. The trustee will vote your shares in accordance with your duly executed instructions if received by 12:00 midnight on May 20, 2016. If you do not send instructions, the trustee will not vote the number of share equivalents credited to your account.

You may also revoke voting instructions previously given to the trustee by filing either a written notice of revocation or a properly completed and signed proxy card bearing a later date with the trustee no later than 12:00 midnight on May 20, 2016. Your voting instructions will be kept confidential by the trustee.

Table of Contents

Quorum

In order to carry out the business of the Annual Meeting, there must be a quorum. This means that at least a majority of the outstanding shares eligible to vote must be represented at the Annual Meeting, either by proxy or in person. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes present at the Annual Meeting for purposes of calculating whether a quorum is present.

Votes Needed

The Director nominees receiving the largest number of votes cast are elected, up to the maximum number of Directors fixed by the Board to be elected at the Annual Meeting. As a result, any shares not voted, whether by abstention, broker non-vote or otherwise, have no effect on the election of Directors, except to the extent that the failure to vote for a particular nominee may result in another nominee receiving a larger number of votes. However, under the Company's Corporate Governance Guidelines, a nominee for director who receives a greater number of votes withheld than for is expected to tender his or her resignation to the Board promptly following certification of the election results. The Nominating and Corporate Governance Committee will consider any resignation tendered under this policy and recommend to the Board whether to accept or reject it. The Board will act on such resignation within 90 days following the certification of election results. A director who tenders his or her resignation will not participate in the Nominating and Corporate Governance Committee's recommendation or in the Board's decision regarding whether to accept such resignation. Approval of any other matter properly brought before the Annual Meeting, including Proposal 2, the ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm, requires the affirmative vote of holders of a majority of the shares present in person or by proxy and entitled to vote on such matter at the Annual Meeting. An abstention with respect to any other matter will have the effect of a vote against such proposal and broker non-votes will have no effect, as broker non-votes are not treated as shares entitled to vote.

Changing Your Vote

Shares of the Company's common stock represented by proxy will be voted as directed unless the proxy is revoked. Any proxy may be revoked before it is exercised by sending an instrument revoking the proxy or a proxy bearing a later date to the Company's Corporate Secretary. Any notice of revocation should be sent to: Graphic Packaging Holding Company, 1500 Riveredge Parkway, Suite 100, Atlanta, Georgia 30328, Attention: Corporate Secretary. Any proxy submitted over the Internet or by telephone may also be revoked by submitting a new proxy over the Internet or by telephone. A proxy is also revoked if the person who executed the proxy is present at the Annual Meeting and elects to vote in person.

Attending in Person

Only stockholders, their designated proxies and guests of the Company may attend the Annual Meeting. If your shares are held beneficially in street name, you must bring an account statement or letter from your brokerage firm or bank showing that you are the beneficial owner of shares of the Company's common stock as of the Record Date in order to be admitted to the Annual Meeting.

CORPORATE GOVERNANCE MATTERS

Information Regarding the Board of Directors

Who are Graphic Packaging's Directors?

The Board currently consists of Messrs. G. Andrea Botta, David D. Campbell, Paul D. Carrico, Jeffrey H. Coors, Michael P. Doss (who serves as President and Chief Executive Officer of the Company), Robert A. Hagemann, Harold R. Logan, Jr., Philip R. Martens, David W. Scheible (who serves as Chairman of the Board) and Ms. Lynn A. Wentworth.

How does Graphic Packaging determine which Directors are independent?

For purposes of this Proxy Statement, independent and independence have the meanings set forth under the Securities Exchange Act of 1934, as amended (the Exchange Act), the rules and regulations adopted thereunder by the Securities and Exchange Commission (the SEC), the corporate governance listing standards of the NYSE, and the Company's Corporate Governance Guidelines, all as in effect from time to time. A Director will not qualify as independent unless the Board affirmatively determines that the Director has no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). In addition, in accordance with the corporate governance listing standards of the NYSE, the Company will also apply the following standards in determining whether a Director is independent:

A Director who is an employee of the Company, or whose immediate family member serves as one of the Company's executive officers, may not be deemed independent until three years after the end of such employment relationship.

A Director who receives, or whose immediate family member receives, more than \$120,000 per year in direct compensation from the Company, other than Board and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), may not be deemed independent until three years after he or she ceases to receive more than \$120,000 per year in such compensation. Compensation received by a director for former service as an interim Chairman or Chief Executive Officer or other executive officer or compensation received by an immediate family member for service as one of the Company's non-executive employees will not be considered in determining independence under this test.

A Director who is a partner or employee of a firm that is the Company's internal or external auditor or whose immediate family member is a partner of such a firm or is a current employee of such a firm and personally works on the Company's audit may not be deemed independent until three years after the end of the affiliation or the employment or auditing relationship.

A Director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company's current executive officers at the same time serve on that company's compensation committee may not be deemed independent until three years after the end of such service or the employment relationship.

A Director who is an employee, or whose immediate family member is an executive officer of a company that makes payments to, or receives payments from the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other entity's consolidated gross revenues, may not be deemed independent until three years after falling below that threshold.

Applying these standards, the Board of Directors determined that all of the Company's Directors, except Mr. Doss and Mr. Scheible, were independent in 2015. Mr. Doss is not considered independent because he serves as an executive officer of the Company. Mr. Scheible is not considered independent because he serves as an

Table of Contents

executive officer of the Company and his daughter was employed by Ernst & Young LLP, the Company's independent auditors (in a position unrelated to the Company) for a portion of 2015.

What is the leadership structure of the Board of Directors?

Pursuant to the Company's By-Laws, the Chairman of the Board of Directors is elected from time to time by the members of the Board of Directors. The By-Laws do not require, and the Board of Directors does not have a specific policy with respect to, the separation of the roles of the Chairman of the Board and the Chief Executive Officer. The By-Laws provide that the Chairman of the Board shall preside over each meeting of the stockholders of the Company and the Board of Directors, and may have other duties and powers as conferred upon the Chairman by the Board of Directors. In accordance with the Company's Corporate Governance Guidelines, if the Chairman of the Board is the Chief Executive Officer, the independent directors are required to elect one independent director to serve as Lead Director. The Lead Director is responsible for, among other duties, assisting the Chairman in providing Board leadership and presiding over the regular executive sessions of the Board at which non-management Directors meet without management participation.

From May 22, 2013 to December 31, 2015, Mr. David W. Scheible served as Chairman and Chief Executive Officer (CEO). The Board believed that having a combined Chairman and CEO, an independent Lead Director, and Board committees composed entirely of independent directors provided the best Board leadership structure for the Company. This structure provides consistent leadership to the Board and independent oversight of management. In general, our CEO proposes strategic priorities to the Board (with input from the Lead Director), communicates the Board's guidance to management, and is ultimately responsible for implementing the Company's key strategic initiatives. The Board believes that this structure has been particularly beneficial to the Company during the recent transition in which Board members affiliated with several large investors have left the Board in connection with the final disposition of such investors' stock holdings in the Company and new independent directors have been elected to the Board.

What is the Board of Directors' Role in Risk Oversight?

As set forth in the Company's Corporate Governance Guidelines, the Board is responsible for reviewing, approving and monitoring business strategies and financial performance, and ensuring processes are in place for maintaining the integrity of the Company in financial reporting, legal and ethical compliance matters, and in relationships with customers, suppliers, employees, the community and stockholders. The Board fulfills these responsibilities through a number of different practices, including the approval of each annual operating plan and long-term strategic plan, the review of actual results against such plans at each regular Board meeting, and specific review and approval of significant corporate actions such as acquisitions and divestitures, plant rationalizations and major projects involving significant capital spending. In addition, the Board oversees areas of particular risk through its Audit and Compensation and Benefits Committees, each of which provides a report to the full Board of Directors at each regular Board meeting.

Pursuant to its Charter, the Audit Committee of the Board of Directors has oversight responsibility for the quality and integrity of the Company's financial statements, the performance of the Company's internal audit function and the Company's compliance with legal and regulatory requirements. To fulfill these responsibilities, the Audit Committee routinely discusses and evaluates (i) audit findings and issues with the Company's Chief Financial Officer and independent auditors, (ii) internal controls, processes and issues with the Company's Vice President of Internal Audit (who reports directly to the Chairman of the Audit Committee and the Chief Financial Officer), and (iii) legal and regulatory compliance issues with the Company's General Counsel. The Committee also periodically reviews and evaluates the Company's policies with respect to risk assessment and risk management, including discussion of the Company's major financial risk exposures and the steps that management has taken to monitor and control such exposures. In addition to these activities, the Audit Committee reviews each of the Company's Annual Reports on Form 10-K and its Quarterly Reports on Form 10-Q and has the opportunity to discuss such reports with management of the Company and the Company's independent auditors prior to the filing of such reports with the SEC.

Table of Contents

The Compensation and Benefits Committee of the Board of Directors has oversight responsibility for any risks inherent in the structure of the Company's compensation programs for its employees. Pursuant to its Charter, the Compensation and Benefits Committee reviews and approves the Company's general compensation philosophy, incentive and equity compensation plans, health and welfare plan offerings and retirement and savings plans for all employees. In addition, the Compensation and Benefits Committee reviews and approves all compensation arrangements and awards relating to the Company's executive officers, with all compensation arrangements of the President and CEO of the Company being reviewed and approved for recommendation to the full Board of Directors for final approval. Through its review of these programs and arrangements, the Compensation and Benefits Committee and the Board has visibility into and exercises oversight over the financial and other risks, such as retention of key management and ability to recruit necessary talent, affected by the Company's compensation and benefits programs.

Did any of GPHC's Directors attend fewer than 75% of the meetings of the Board and their assigned committees?

How can I obtain printed copies of the information described above?

The Company will provide printed copies of the charters of the Audit Committee, Compensation and Benefits Committee and Nominating and Corporate Governance Committee, as well as the Policy Regarding Related Party Transactions, the Code of Business Conduct and Ethics and Corporate Governance Guidelines to any person without charge upon request.

Certain Relationships and Related Party Transactions

The Board recognizes that Related Party Transactions (as defined below) can present potential or actual conflicts of interest and create the appearance that Company decisions are based on considerations other than the best interests of the Company and its stockholders. In March 2007, the Board of Graphic Packaging Corporation (the publicly-traded predecessor to the Company, GPC) delegated authority to the Audit Committee to review and approve Related Party Transactions, and the Audit Committee has adopted a Policy Regarding Related Party Transactions.

Table of Contents

The Policy Regarding Related Party Transactions defines a Related Party Transaction as any transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) in which (a) the aggregate amount involved will or may be expected to exceed \$120,000 in any fiscal year, (b) the Company is a participant, and (c) any Related Party (as defined below) has or will have a direct or indirect interest, other than an interest that arises solely as a result of being a director or beneficial owner of less than 10% of another entity. The policy defines a Related Party as any (a) person who is or was since the beginning of the last fiscal year an executive officer, director or nominee for election as a director of the Company, (b) any beneficial owner of more than 5% of the Company's common stock, (c) an immediate family member of any of the foregoing, or (d) any firm, corporation or other entity in which any of the foregoing is employed, is a principal or serves in a similar position, or has a beneficial ownership of more than 5%.

The Policy Regarding Related Party Transactions provides that the Audit Committee shall review all of the material facts and circumstances of all Related Party Transactions and either approve, ratify or disapprove of the entry into the Related Party Transaction. In determining whether to approve a Related Party Transaction, the Audit Committee will take into account, among other factors it deems appropriate, whether the Related Party Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances, the benefits to the Company, the extent of the Related Party's interest in the transaction, and if the Related Party is a director or a nominee for director, the impact on such director's independence. The policy provides that certain Related Party Transactions, including certain charitable contributions, transactions involving competitive bids and transactions in which all stockholders receive proportional benefits, are pre-approved and do not require an individual review by the Audit Committee. You may find a copy of the Policy Regarding Related Party Transactions on the Company's website at www.graphicpkg.com in the Investors section under Corporate Governance.

Criteria for Potential Directors

The Company's Board is responsible for selecting nominees for election as Directors by stockholders and for filling vacancies on the Board. The Nominating and Corporate Governance Committee is responsible for identifying and recommending to the Board individuals for nomination as members of the Board and its committees and, in this regard, reviewing with the Board on an annual basis the current skills, background and expertise of the members of the Board, as well as the Company's future and ongoing needs. This assessment is used to establish criteria for identifying and evaluating potential candidates for the Board. However, as a general matter, the Nominating and Corporate Governance Committee seeks individuals with significant and relevant business experience who demonstrate:

the highest personal and professional integrity;

commitment to driving the Company's success;

an ability to provide informed and thoughtful counsel on a range of issues; and

exceptional ability and judgment.

The Nominating and Corporate Governance Committee does not have a specific policy with regard to the consideration of diversity in identifying nominees for director. As described above, however, the Nominating and Corporate Governance Committee regularly assesses the skills, background and expertise of the members of the Board and identifies the Company's needs. As part of this process the Nominating and Corporate Governance Committee strives to select nominees with relevant business experience, the personal characteristics described above and a wide variety of skills and viewpoints.

The Nominating and Corporate Governance Committee considers candidates recommended by its members and other Directors. The Nominating and Corporate Governance Committee will also consider whether to nominate any person recommended by a stockholder pursuant to the provisions of the Company's By-Laws relating to stockholder nominations as described in "Stockholder Proposals and Nominations," below. The Nominating and Corporate Governance Committee uses the same criteria to evaluate proposed nominees that are recommended by its members and other Directors as it does for stockholder-recommended nominees.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis section (CD&A) describes the Company's compensation principles, policies and practices, as well as the specific factors considered by the Compensation and Benefits Committee (referred to in this CD&A as the Committee) in making compensation decisions. This CD&A focuses on the compensation of our Named Executive Officers (referred to herein as our Executives), who are set forth below and included in the Summary Compensation Table and other tables in this Proxy Statement:

| Name | Position with Company at December 31, 2015 |
|---------------------|--|
| David W. Scheible | Chairman and Chief Executive Officer |
| Michael P. Doss | President and Chief Operating Officer |
| Stephen R. Scherger | Senior Vice President and Chief Financial Officer |
| Alan R. Nichols | Senior Vice President, Mills Division |
| Michael S. Ukropina | Senior Vice President, Consumer Packaging Division |

Executive Summary

The goal of our compensation program is to align the interests of our key employees with those of our stockholders by implementing compensation practices designed to attract, retain, motivate and reward key members of management. A significant portion of the compensation packages of our Executives is intended to be at-risk pay for performance earned based on specific financial and operational achievements. During 2015, the Company was successful in:

increasing the profitability of its operations, as 2015 Adjusted EBITDA margin (Adjusted EBITDA (as hereinafter defined) divided by net sales) increased to 18.1% for the year;

expanding its core business through the acquisition of the converting assets of Carded Graphics, LLC, the assets of the Norampac Division of Cascades, and the business of Rose City Printing and Packaging Inc.; and

returning value to stockholders by repurchasing approximately \$63 million of the Company's outstanding shares and paying approximately \$49 million in quarterly cash dividends.

Throughout 2015, our compensation program performed as designed, allowing the Company to attract new talent, retain important members of management and reward key members of management for outstanding performance. Company performance exceeded targets for both the short-term incentive program (the Management Incentive Plan or MIP) and the long-term incentive program, resulting in payouts at 112.4% of

target for MIP and 125.5% of target for the Performance RSU portion of the long-term incentive program grants

made in 2013. As demonstrated below, the aggregate total compensation of our five most highly paid executives for each of the past five years (as set forth in the Summary Compensation Table each year, but excluding changes in pension value and above market non-qualified deferred compensation earnings, Top Five Compensation) remains closely aligned with the performance and value of the Company as reflected in the price of its common stock at year end.

Guiding Principles and Policies

The Committee's objective is to set each of the primary components of the Company's executive compensation program, (base salary, short-term cash incentive and long-term equity-based incentives), at a market-competitive rate, which is determined by reference to the 50th percentile of the comparator group, resulting in each Executive's total compensation opportunity being set at approximately the 50th percentile of the comparator group's total pay for executives with similar positions and responsibilities. The Committee does not employ a mechanical process based on external compensation data, however, as other considerations such as time in position, tenure, position and succession with the Company are considered. As data for the comparator group fluctuates or the comparator group members are updated to reflect changes in the market, the Committee may make adjustments in one or more components of compensation to more closely align with market. The Committee and, with respect to the CEO, the Board of Directors, have full discretion to choose the elements of executive compensation that the Executives will be paid or eligible to earn each year and to adjust the proportion of total compensation opportunity that each element provides. Company performance, market data, individual performance, executive succession, retention needs and internal equity among our Executives compensation packages have been the primary factors considered in decisions to change compensation materially.

Peer Group and Market Data

Annually we obtain an analysis of compensation market data to assist in setting pay opportunities for our Executives for the following year. Compensation of the Executives is compared to the pay opportunities provided to executives holding comparable positions at companies with which we compete for business and for talent. The companies used for this comparison are recommended by the Company and the Committee's consultant, Meridian, and approved by the Committee. The companies selected and shown below under the Industry Specific

Table of Contents

Peer Group heading consist of a group of public companies with revenues approximately one-half to double the revenues of the Company. The Industry Specific Peer Group served in 2015 as the primary reference point for comparing the compensation paid to the Company's CEO and Chief Financial Officer. The Survey Peer Group, comprised of a broader set of industrial companies, served in 2015 as the primary reference point for executive officers other than the CEO and Chief Financial Officer, and to confirm the appropriateness of the Industry Specific Peer Group as a benchmark of executive compensation. Both peer groups are reviewed annually and updated, if necessary, to ensure their appropriateness given any market changes. The companies used to develop 2015 compensation are listed below.

Role of the Compensation and Benefits Committee

The Committee is responsible for establishing the Company's general compensation philosophy and working with management to develop all equity compensation plans or programs and other compensation programs in which the CEO and other executive officers participate. Annually the Committee reviews market data provided by the Committee's compensation consultant, reviews and approves all of the compensation arrangements of the Company's executive officers and directs the Board's process for evaluating the performance and compensation of the CEO. From time to time the Committee also reviews, evaluates and approves the Company's health and welfare plan offerings and the Company's retirement and savings plans. The Committee is also responsible for directing the Company's succession planning and facilitating the Board's review and approval of succession matters.

Role of Compensation Consultants

The Committee retains Meridian to act as the Committee's independent advisor on executive compensation and benefits. The mandate of Meridian is to work for the Committee in its review of executive compensation practices and programs, including assessing the overall competitiveness of pay levels and program design, and providing updates on market trends and technical considerations. The Committee instructed Meridian to compile and provide data on both total pay and individual elements of compensation among companies in the peer groups, as well as trends in compensation practices that they observed within the peer group and generally among public companies. The Committee does not rely on Meridian to recommend specific levels of total pay or any specific element of compensation to our Executives; such recommendations are developed by management based

Table of Contents

on information provided by Meridian and then presented to the Committee for consideration. Meridian consultants attended all of the six Committee meetings in 2015 at the Committee's request and were available to provide information to the Committee as questions and issues arose. The Committee determined that Meridian is independent after consideration of the SEC independence factors.

Role of Executive Officers

The Chief Executive Officer and Senior Vice President, Human Resources recommend to the Committee the compensation program design and award amounts for the Executives. They are not involved in determining their own pay.

Pay and Performance

As noted above, target compensation for each of our Executives is established at the beginning of each year with reference to the 50th percentile of the comparator group. Each Executive's actual compensation each year may be above or below the target level based on individual, business unit and overall Company performance, as well as changes in the price of the Company's common stock. The chart below illustrates the relationship between the Top Five Compensation and the Company's earnings before income taxes, depreciation and amortization (as adjusted for expenses related to merger and acquisition activities, refinancing or early retirement of debt, acquisition integration costs and asset or goodwill write-downs (Adjusted EBITDA)). Adjusted EBITDA is used by the Company as a performance measure for both the short-term cash incentive program and the long-term equity incentive program.

Key Compensation Practices

Listed below are certain of the Company's executive compensation practices that we believe are instrumental in achieving the Company's compensation goals of attracting, retaining, motivating and rewarding key members of management, while mitigating risk and maintaining sound compensation practices.

Benchmark compensation with reference to the 50th percentile of comparator companies with which we may compete for talent;

Maintain a compensation mix that includes both short and long-term performance-based elements that encourage employees to focus on achieving Company-wide profitability and strategic goals;

Table of Contents

Retain an independent compensation consultant that is engaged by and reports directly to the Committee;

Include a claw back provision in our equity compensation plans requiring participants who knowingly or grossly negligently engage in conduct resulting in a restatement of the Company's financial statements to reimburse the Company for awards earned or accrued as a result of such conduct;

Provide no perquisites to our Executives, other than Company-requested relocation and tax gross-ups with respect thereto and executive physicals;

Prohibit hedging, pledging or short-sale transactions by all of our employees and members of our Board of Directors under the Company's insider trading policy;

Require executive officers and members of our Board of Directors to maintain minimum equity ownership levels; and

Pay no dividends on unvested RSU awards.

Overview of Executive Compensation Components

Our executive compensation program currently consists of the following compensation elements:

Base salary;

Short-term cash incentive;

Long-term incentives, consisting of Service-Based Restricted Stock Units (Service RSUs) and Performance-Based Restricted Stock Units (Performance RSUs);

Health and welfare benefits, including executive physicals;

Retirement benefits; and

Termination pay.

Each of these elements is discussed below, as well as the methodology used for setting the amount of each type of compensation.

Base Salary

Philosophy. The purpose of base salaries is to compensate our Executives for their role and level of responsibility within the Company. Increases in base salary also serve to reward performance and recognize significant increases in the scope of an Executive's position and responsibilities. Our philosophy is to set salaries for our Executives at the 50th percentile of the comparator group's salaries for executives with similar positions and responsibilities (with adjustments made to reflect the various sizes of the companies in such group). Changes to base salaries occur in connection with changes in position and on a periodic basis that is generally at least twelve months after the most recent adjustment for the Executive. Base salary changes take into account market data for similar positions, the Executive's experience and time in position, any changes

in responsibilities and individual performance. Individual performance is determined by considering achievement against each Executive's specific performance goals established at the beginning of each year. Generally, such individual performance goals are established to support the financial and operational goals established by the Board for the Company, and may include earnings before income taxes, depreciation, amortization and other non-cash charges, debt reduction, new product innovation targets, business unit revenue, profitability and cost-saving goals and certain more subjective goals such as improvement in culture, succession planning and implementation of compliance initiatives and management effectiveness.

In 2015, the Committee approved base salary increases for executive officers (other than Messrs. Doss and Scherger) ranging from 0.0% to 6.0%, based upon each executive officer's performance, scope of position and

Table of Contents

market data for executives with similar positions and responsibilities. Such increases became effective as of July 1, 2015. The Committee had previously approved a Base Salary increase for Mr. Scherger of 5.4% in connection with his transition to the position of Chief Financial Officer on January 1, 2015. In accordance with the Company's succession plan, the Committee also approved Base Salary increases for Mr. Doss of 10% effective January 1, 2015 and of 13.7% upon his transition to President in May 2015. The Board of Directors approved a three percent (3%) increase in Mr. Scheible's base salary effective July 1, 2015.

Management Incentive Plan

The purpose of the MIP is to provide a meaningful short-term cash incentive that rewards the achievement of specified annual financial goals. For 2015, the financial measures used to set such financial goals or targets were Adjusted EBITDA and Cash Flow Before Debt Reduction, which is Net Cash provided/used by Operating Activities, Investing Activities and Financing Activities, less amortization or other payments of debt.

Target Opportunities. We set the MIP target percentage for each Executive at approximately the 50th percentile of peer group companies. Adjustments to MIP target levels are made periodically, taking into consideration the peer group comparisons, the CEO's recommendations (for Executives other than himself) and input from Meridian. Mr. Doss's incentive target was pro-rated to reflect approximately $\frac{5}{2}$ months at a 90% incentive target and $6\frac{1}{2}$ months at a 100% incentive target. The annual incentive target (as a percentage of salary) for each of the Executives for 2015 is set forth below:

| Name | Incentive Target |
|---------------------|------------------|
| David W. Scheible | 110.0% |
| Michael P. Doss | 96.2% |
| Stephen R. Scherger | 70.0% |
| Alan R. Nichols | 70.0% |
| Michael S. Ukropina | 70.0% |

Performance Goals. We set performance goals for the MIP so that achievement of such goals at target is aligned with our annual operating plan. Should the Company fail to reach its performance goals, the MIP will pay out to a lesser degree. If the threshold performance goal of 85% of our Adjusted EBITDA goal is not met or the Company fails to meet any of its quarterly financial covenant measures during the year, no payout under the MIP is earned. Our performance goals for 2015 were Adjusted EBITDA of \$747.0 million (weighted at 50% in the calculation) and Cash Flow Before Debt Reduction of \$340.0 million (weighted at 50% in the calculation). Achieving these performance goals would present an opportunity for a MIP award at target. The payout for performance at 95% of our Adjusted EBITDA and 90% of Cash Flow Before Debt Reduction goals was set at 50% of the MIP target, and no payout would be earned for performance at or below 85% of our Adjusted EBITDA and Cash Flow Before Debt Reduction performance goals. The payout for performance at 105% or more of our Adjusted EBITDA and 110% of Cash Flow Before Debt Reduction goals (after appropriate accrual for the greater compensation expense) was set at a maximum of 200% of the MIP target.

Actual Short-Term Incentive Payouts for 2015. Actual short-term incentive payouts for 2015 for the Executives are shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. Based on the Company's performance with respect to both its Adjusted EBITDA and Cash Flow Before Debt Reduction performance goals, which were achieved at 106.0% and 101.4% of target, respectively, as well as the Company's other significant accomplishments, the Committee and the Board of Directors approved payouts under the MIP at up to 112.4% of the target level.

For more information on the 2015 annual incentive opportunities for the Executives, refer to the "Grants of Plan-Based Awards" table in this Proxy Statement. The column titled "Estimated Possible Payouts Under Non-Equity Incentive Plan Awards" provides the estimated payouts for the Executives at threshold, target and maximum performance levels for 2015.

Table of Contents**Long-Term Incentives**

The Company's long-term incentive program has two elements: Service RSUs and Performance RSUs. Service RSUs make up one-third of the total long-term incentive value that the Company grants to its Executives and Performance RSUs make up two-thirds of such total value. A greater proportion of Performance RSUs is consistent with the Company's desire to tie a larger percentage of the Executives' compensation to Company performance. Both Service RSU and Performance RSU grants are intended to retain Executives during a multi-year vesting period, align the long-term interests of Executives with our stockholders and provide stock compensation.

Service RSUs represent the right to receive one share of the Company's common stock for each vested Service RSU granted. The Performance RSUs represent the right to earn from 0% to 200% of the target award based upon the Company's achievement of specific performance goals established for a three-year performance period. Service RSUs and Performance RSUs are payable solely in shares of the Company's common stock.

Service RSUs and Performance RSUs granted under the long-term incentive program generally vest in full on the third anniversary of the date of grant (assuming the Executive has continued in his or her employment by the Company through such date). Upon death, disability, retirement (as defined in the grant agreement) or involuntary termination without cause, a proportion of the RSUs vests. In the event of a change of control (as defined in both the Graphic Packaging Holding Company Amended and Restated 2004 Stock and Incentive Compensation Plan (the "2004 Plan") and the Graphic Packaging Holding Company 2014 Omnibus Stock and Incentive Compensation Plan (the "2014 Plan")), all Service RSUs and earned Performance RSUs vest in full. The number of Performance RSUs considered earned in the event of a change of control is determined based on assumed target performance for the performance period.

Payout of 2012 Grants. In January 2015, the Committee approved the payout of the Performance RSUs granted in 2012 at 115.0% of target, based on the achievement of the performance goals for the three-year performance period. For the three year performance period ending on December 31, 2014, the performance goals were aggregate Adjusted EBITDA of \$1,956.00 million and Return on Invested Capital of 12.20%.

2015 Grants. In February 2015, the Company granted both Service RSUs and Performance RSUs to each Executive under the long-term incentive program. For Executives, the total number of RSUs granted was set based on a value delivered as a percentage of salary formula, with the percentage established based on a review of responsibilities, market data and internal equity considerations. The value of RSUs granted under the long-term incentive program (as a percentage of salary) during 2015 for each of our Executives is set forth below:

| | |
|---------------------|------|
| David W. Scheible | 400% |
| Michael P. Doss | 300% |
| Stephen R. Scherger | 215% |
| Alan R. Nichols | 200% |
| Michael S. Ukropina | 216% |

For the Performance RSUs, the performance goals are achievement of a minimum aggregate Adjusted EBITDA amount and a minimum return on invested capital percentage. Each performance goal is weighted in the calculation of the Company's annual achievement at 50%.

Health and Welfare Benefit Plans

The Company provides the Executives and other employees with health and welfare benefits comparable to those they would receive at other companies and that are necessary for the Company to remain competitive in the marketplace for high-performing talent. Executives participate in employee benefit plans available to all salaried employees, including medical, dental, vision, accidental death and dismemberment, business travel accident,

Table of Contents

prescription drug, life and disability insurance. Senior executives of the Company, including the Executives, are eligible for an executive physical benefit in which the Company pays for an annual physical exam through a specified provider under the Company's medical plan. Continuation of health and welfare benefits for a limited time may occur as part of severance upon certain terminations of employment.

Perquisites

The Company does not provide perquisites to its Executives, other than Company-requested relocation and tax gross-ups with respect thereto and executive physicals.

Retirement Benefits

The Company maintains qualified defined benefit and defined contribution retirement plans for our employees in which certain of the Executives participate. These plans provide retirement benefits to attract and retain qualified employees and Executives and encourage and reward tenure with the Company. In addition to the qualified defined benefit and defined contribution plans, the Company maintains non-qualified defined benefit and defined contribution plans in which the Executives also participate. The qualified benefit plans have a maximum compensation limit and a maximum annual benefit limit, which restrict the benefit to participants whose compensation exceeds these limits. To provide retirement benefits commensurate with pay levels, the non-qualified plans provide benefits to key salaried employees, including the Executives, using substantially the same formula for calculating benefits as used in the qualified plans, but on compensation in excess of the compensation limitation and maximum annual benefit.

Qualified and Non-Qualified Defined Benefit Plans. Executives and other employees hired before January 1, 2008, participate in either the Riverwood International Employees Retirement Plan or the Graphic Packaging Retirement Plan and the Graphic Packaging Excess Benefit Plan (together, the Pension Plans). As of June 30, 2011, the Company froze the Pension Plans and no longer makes pension contributions for future service on behalf of any employees who were not at least 50 years old with five years of completed service to the Company as of such date. As a result, the Company makes pension contributions on behalf of Mr. Scheible, but not Messrs. Doss, Scherger, Nichols or Ukropina.

The Executives who participate in the Pension Plans also participate in either the Riverwood International Supplemental Retirement Plan or the Graphic Packaging Supplemental Retirement Plan (together, the Supplemental Plans). Mr. Scheible and Mr. Doss participated in the Graphic Packaging Retirement Plan and the Graphic Packaging Supplemental Plan until January 1, 2005, the date they transferred into the Riverwood International Employees Retirement Plan and the Riverwood International Supplemental Retirement Plan. The Supplemental Plans provide a benefit based upon compensation that exceeds the limits set by the IRS for the Pension Plans and makes total retirement benefits under the Company's defined benefit plans for the Executives commensurate with those available to other employees as a percent of pay. When the Company froze the Pension Plans, it also froze the Supplemental Plans for those employees who were not at least 50 years old with five years of completed service to the Company as of such date, so the Company continues to make contributions to the Supplemental Plans on behalf of Mr. Scheible, but not Messrs. Doss, Scherger, Nichols or Ukropina.

Qualified and Non-Qualified Defined Contribution Plans. Executives and all other non-union employees who meet certain service requirements are eligible to participate in the Graphic Packaging International, Inc. Savings Plan (the 401(k) Plan), which is a qualified defined contribution plan under the rules of the Internal Revenue Service (IRS). Employees who choose to contribute to the 401(k) Plan receive matching contributions from the Company equal to 100% of the first three percent (3%) of employee contributions and 50% of the next two percent (2%) of employee contributions. Employees hired on or after January 1, 2008 are eligible for an annual supplemental contribution by the Company to their 401(k) Plan account equal to 3% of eligible earnings.

In 2011, the Company implemented a deferred compensation and 401(k) restoration plan that permits Executives and other eligible senior employees to contribute to and receive contributions from the Company on a

Table of Contents

basis that would be commensurate with other employees as a percent of pay. This plan, the Graphic Packaging International, Inc. Non-Qualified Deferred Compensation Plan (the "NQDCP"), permits participants to defer and contribute from 1% to 50% of their base salary and up to 100% of their payment under the MIP to the plan. The plan offers investment options that generally mirror those available under the Company's 401(k) Plan. Annually, the Company makes a 401(k) restoration matching contribution on behalf of those participants who do not participate in or receive future service accruals under the Company's Pension Plans equal to a percentage of their annual deferral amount divided by compensation over the annual IRS limit, up to a maximum of 4%. The Company also makes a supplemental contribution equal to 3% of eligible pay over the annual IRS limit for those Executives and senior executives of the Company who do not participate in or receive future service accruals to one of the Company's Pension Plans or Supplemental Plans and who have met the one year of service eligibility requirement. The NQDCP also provides an employer contribution equal to 3% of total pay for eligible senior executives (including Messrs. Doss, Scherger, Nichols and Ukropina) who do not receive contributions to one of the Company's Pension Plans.

Employment Agreements and Potential Payments on Termination

Executives who joined the Company prior to January 2014 (Messrs. Scheible, Doss, Scherger and Nichols) have employment agreements with generally uniform provisions, including non-competition and non-solicitation covenants as well as claims releases and severance provisions. The employment agreements specify current position, base salary and aggregate annual bonus opportunity (as a percentage of base salary) for each Executive at the time the Agreement was entered into, as well as severance arrangements under different circumstances. Executives may receive severance benefits if they are terminated involuntarily or terminate voluntarily for Good Reason (as defined below) within 30 days of the Good Reason event. The Executive must deliver written notice of intention to terminate for Good Reason, specifying the applicable provision, and provide the Company a reasonable opportunity to cure. The Good Reason provision in the agreements was designed to equalize the treatment of voluntary terminations for Good Reason with involuntary terminations without cause. Doing so enables the contracts to fulfill their purpose of promoting retention during times of uncertainty and transition. Good Reason as defined in the agreements includes material reduction in position, responsibilities or duties, failure by the Company to obtain the assumption of the agreement by a successor company, reduction in base salary (unless the reduction does not exceed 10% and is applied uniformly to all similarly situated executives), breach of agreement or mandatory relocation (other than in connection with promotion) of more than 50 miles.

For Mr. Scheible, the severance benefit is two times base salary, and for Messrs. Doss, Scherger and Nichols it is one times base salary. Executives also receive health and welfare benefits for one year after termination and a pro-rata bonus payout (which is doubled for Mr. Scheible). In addition, if an Executive is separated from service without cause or for Good Reason within one year of a change in control, the Executive receives (i) an additional 1/2 year of base salary (one year for Mr. Scheible) and (ii) instead of the pro-rata bonus, a bonus equal to the Executive's target level bonus for the year in which the separation occurs (assuming that all performance targets had been achieved) multiplied by 1.5 (multiplied by 2 for Mr. Scheible). All benefit payments under the employment agreements are conditioned upon the Executive executing and returning a claims release to the Company.

On November 21, 2013, the Company entered into an Amended and Restated Employment Agreement with Mr. Scheible. The purpose of the amendment to Mr. Scheible's agreement was to enhance the strength of the retention and performance related incentive components of Mr. Scheible's compensation arrangements through March 1, 2016. The amendment was designed with the advice and input of outside consultants to insure its effectiveness and reasonableness, relative to Company and industry standards. The amended and restated employment agreement provides that so long as Mr. Scheible continues his employment with the Company through March 1, 2016, upon his voluntary departure from the Company (an Executive Termination), he would be entitled to the same severance payments and benefits as if his employment has been terminated by the Company without cause (but calculated as if he had served a full final year for purposes of calculating the bonus element of the severance payment). It also originally provided for a potential retention bonus of between zero and

Table of Contents

\$4 million following an Executive Termination. Effective February 27, 2015, the Board of Directors approved an amendment to Mr. Scheible's Amended and Restated Employee Agreement guaranteeing the payment of at least \$2,000,000 in retention bonus following an Executive Termination. The actual amount of any bonus in excess of \$2,000,000 will continue to be completely within the discretion of the Company's Board of Directors, after taking into consideration Mr. Scheible's leadership in driving stockholder value over the period, as well as other measures of financial and organizational health, outlook and success.

On November 19, 2015, the Company entered into an Amended and Restated Employment Agreement with Mr. Doss. The agreement reflects his promotion to President and CEO effective January 1, 2016. The agreement provided for a three-year initial term of employment with automatic one-year extensions unless the Company or Mr. Doss delivers a notice of non-renewal at least 120 days prior to the end of the then-current term. In connection with Mr. Doss's promotion, his base salary was increased to \$900,000, his target bonus percentage was increased to 110%, his long-term incentive opportunity was increased to 400% of base salary and his severance benefit was enhanced. Mr. Doss will also continue to receive the same employee benefits as are available to other senior executives of the Company.

All of the employment agreements with the Executives are discussed in more detail under Employment Agreements and Termination of Employment Arrangements.

Executives who do not have employment agreements are eligible to participate in the Graphic Packaging International, Inc. Executive Severance Plan. Similar to the provisions in the employment agreements, the Executive Severance Plan provides severance benefits equal to one year's base salary and a pro-rata bonus if the Executive is terminated involuntarily without cause or terminates his or her employment for Good Reason. If such a termination occurs within one year after a change in control, Executives receive an additional one-half year's base salary and an amount equal to his or her bonus at target level as if he or she had been employed for the entire year multiplied by 1.5. Payments under the Executive Severance Plan are conditioned upon the participant executing a release that includes a general release of claims against the Company and an agreement to certain confidentiality, non-competition and non-solicitation of employee and customer provisions.

In addition to the change in control provisions in the employment agreements and the Executive Severance Plan, the award agreements for Service RSUs and Performance RSUs provide for accelerated vesting and payout in the event of a change in control. A change-in-control means any of the following events:

The acquisition by any person of beneficial ownership of thirty percent (30%) or more of the combined voting power or outstanding shares of common stock of the Company entitled to vote generally in the election of directors, except if such acquisition is by a person who, prior to such acquisition, is the beneficial owner of thirty percent (30%) or more of such securities, or is such acquisition is by any employee benefit plan or related trust.

Individuals of the incumbent Board (other than those whose initial assumption of office is in connection with an actual or threatened election contest relating to the election or removal of directors of the Company) do not constitute at least a majority of the Board.

Consummation of a reorganization, merger or consolidation to which the Company is a party unless (i) all or substantially all of the individuals and entities who were the Beneficial Owners of the Company's outstanding securities prior to such transaction beneficially own more than fifty percent (50%) of the combined voting power of the outstanding voting securities entitled to vote generally in the election of directors of the corporation resulting from the transaction, and (ii) no person (excluding successors to current stockholders or any employee benefit plan or related trust) beneficially owns thirty percent (30%) or more of the combined voting power of the then outstanding voting securities, except to the extent that such ownership existed prior to the transaction, and (iii) at least a majority of the members of the board of directors of the resulting entity were members of the incumbent Board at

Table of Contents

the time of the execution of the initial agreement or of the action of the Board providing such reorganization, merger or consolidation.

The sale, transfer or disposition of all or substantially all of the assets of the Company; or,

The approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

The forgoing events were chosen to trigger the vesting and payout of RSUs because they constitute a fundamental change in the ownership or control of the Company, which materially alters the prospects and future of the Company and, therefore, the employment conditions and opportunities for the members of management who receive RSUs.

Timing of Compensation

Base salary adjustments, annual incentive payments and annual RSU grants are generally approved at the first or second Committee meeting and first Board meeting of the year. Our policy is that for awards of equity compensation the date of grant is no earlier than the date upon which the grant is approved by the Committee or the Board, as appropriate.

Tax Issues

Favorable accounting and federal corporate income tax treatment of the various elements of our compensation program is a consideration in its design, but because of the Company's net operating loss carry-forwards, which are expected to offset the Company's federal income tax obligations for several years and because the Committee's policy is to maximize long-term stockholder value, it is not a primary consideration. Section 162(m) of the Internal Revenue Code (the "Code") limits the deductibility of certain items of compensation to each of the Executives (or, the covered employees, for Code Section 162(m) purposes) to \$1,000,000 annually, unless the compensation qualifies as performance-based compensation exempt from the \$1,000,000 limitation. Incentives may be structured so as to qualify for the performance-based exception described above. We will continue to monitor the levels of compensation of our Executives and to consider whether other action should be taken in order to ensure deductibility of compensation payable to them, although we reserve the right to award compensation that is not deductible under Code Section 162(m) if we determine it to be in the best interests of the Company and our stockholders to do so.

Consideration of Most Recent Advisory Stockholder Vote on Executive Compensation

At the Annual Meeting of Stockholders on May 22, 2014, over 98% of the shares represented and entitled to vote at the Annual Meeting were voted to approve the compensation of the Company's Named Executive Officers, as discussed and disclosed in the 2014 Proxy Statement. In considering the results of this advisory vote on executive compensation, the Committee concluded that the compensation paid to our named executive officers and the Company's overall pay practices enjoy strong stockholder support. Going forward, future advisory votes on executive compensation will serve as an additional tool to guide the Board and the Committee in evaluating the alignment of the Company's executive compensation program with the interests of the Company and its stockholders.

At the Annual Meeting of Stockholders on May 19, 2011, our stockholders expressed a preference that advisory votes on executive compensation occur once every three years. Consistent with this preference, the Board implemented an advisory vote on executive compensation once every three years (with the next such advisory vote scheduled to occur at 2017 Annual Meeting) until the next required vote on the frequency of stockholder votes on the compensation of executive officers, which is also scheduled to occur at the 2017 Annual Meeting.

Additional Information regarding the Pension Benefits at 2015 Fiscal Year End Table

The Riverwood International Employees Retirement Plan and Riverwood International Supplemental Retirement Plan. All U.S. salaried employees hired prior to January 1, 2008, who satisfied the service eligibility criteria and who were not participants in the Graphic Packaging International Corporation Retirement Plan (the "GPIC Retirement Plan") are participants in the Riverwood International Employees Retirement Plan (the "Employees Retirement Plan"). Pension benefits under this plan are limited in accordance with the provisions of the Code governing tax-qualified pension plans. The Company also maintains the Riverwood International Supplemental Retirement Plan for participants in the Employees Retirement Plan that provides for payment to participants of retirement benefits equal to the excess of the benefits that would have been earned by each participant had the limitations of the Code not applied to the Employees Retirement Plan and the amount actually earned by such participant under such plan. Service benefits were frozen under the plan for all participants other than those who were 50 years old and had 5 years of service (the "Grandfathered Participants") as of June 30, 2011. Mr. Scheible is a Grandfathered Participant in these pension plans. Benefits under the Riverwood International Supplemental Retirement Plan are not pre-funded; such benefits are paid by the Company.

Table of Contents

Annual remuneration, defined as Salary in the Employees Retirement Plan, includes annual salary paid, amounts paid as bonuses under the annual incentive compensation plan and certain other bonus awards, but excludes payments in lieu of perquisites and payments under any equity incentive plan or long-term incentive plan.

As of December 31, 2015, Messrs. Scheible and Doss had the completed years of credited service set forth above in the Pension Benefit Table. Estimated benefits are not subject to a reduction to reflect the payment of Social Security benefits or other offset amounts. The years of service calculated for Mr. Scheible and Mr. Doss include years of service credited under the GPIC Retirement Plan described below. Mr. Scheible and Mr. Doss participated in the GPIC Retirement Plan until January 1, 2005 when they were transferred into the Employees Retirement Plan.

GPIC Retirement Plan. The Company's U.S. salaried employees who (i) were previously employed by Graphic Packaging International Corporation (GPIC), (ii) satisfied the service eligibility criteria and (iii) did not participate in the Employees Retirement Plan participate in the GPIC Retirement Plan. Pension benefits under the GPIC Retirement Plan are limited in accordance with the provisions of the Code governing tax qualified pension plans. GPIC also maintained the Graphic Packaging Supplemental Retirement Plan that provided the benefits that were not payable from the qualified retirement plan because of limitations under the Code. None of the Company's Named Executive Officers participated in the GPIC Retirement Plan during 2015.

The following table sets forth information regarding the Named Executive Officers' participation in the Company's NQDCP.

Deferred Compensation. In 2011, the Company implemented the NQDCP, a nonqualified deferred compensation plan to which Executives and other eligible senior employees may defer a portion of their annual base salary and/or payment under the MIP, and to which the Company may also make additional contributions. Contributions to the NQDCP were first made during 2012. The NQDCP permits participants to defer and contribute from 1% to 50% of their base salary and up to 100% of their payment under the MIP to the plan. The NQDCP offers deemed investment options that generally mirror those available under the Company's 401(k) Plan. The Company may, in its discretion, make contributions to the NQDCP, such as 401(k) restoration matching contributions and other supplemental contributions for Executives and eligible senior employees who do not participate in or receive future service accruals to one of the Company's Pension Plans or Supplemental Plans. NQDCP distributions will be made or commence on the earlier of the six month anniversary of a participant's separation from service with the Company, a change in control of the Company or, if elected by the participant, on a specified date. Payment will be made in a lump sum or in annual installments (up to 10) as elected by the participant.

Employment Agreements and Termination of Employment Arrangements**Employment Agreements**

Each of the Named Executive Officers except Mr. Ukropina has entered into an employment agreement with the Company and its wholly-owned subsidiary, Graphic Packaging International, Inc. These agreements have generally uniform provisions, including non-competition and non-solicitation covenants, claims releases and severance provisions, as well as provisions intended to insure compliance with Code Section 409A and an additional severance benefit in the event of a change in control of the Company. Each of the agreements has an initial term of one year beginning on the date of execution of the agreement and then automatically extends upon the same terms and conditions for an additional period of one year until terminated by the Company or the Named Executive Officer.

Table of Contents

Each of the agreements provides for the minimum base salary and for each Named Executive Officer's participation in the Company's incentive compensation programs for senior executives at a level commensurate with his position and duties with the Company and based on such performance targets as may be established from time to time by the Company's Board of Directors or a committee thereof. Each Named Executive Officer has a current annual target bonus opportunity equal to the percentage of base salary set forth in the table below.

Each of the agreements specifies that during the Named Executive Officer's employment, the Company shall provide certain employee benefits, including life, medical, dental, accidental death and dismemberment, business travel accident, prescription drug and disability insurance in accordance with the programs of the Company then available to its senior executives. The Named Executive Officers shall also be entitled to participate in all of the Company's profit sharing, pension, retirement, deferred compensation and savings plans applicable to senior executives, as such plans may be amended and in effect from time to time.

In the event that a Named Executive Officer's employment is terminated due to a disability that prevents the performance by the Named Executive Officer of his duties for a period of six months or longer, the Company shall pay the Named Executive Officer's full base salary through the date of termination. In the case of termination due to death, the Company will pay the Named Executive Officer's full base salary for the payroll period in which death occurs, plus an additional one month's salary. In addition to base salary payments, a Named Executive Officer terminated due to disability or death will receive a pro-rated bonus for the portion of the calendar year in which the Named Executive Officer's termination of employment occurs, assuming target performance by the Company under applicable performance metrics.

In the event that the Company terminates a Named Executive Officer's employment without cause, or a Named Executive Officer terminates his employment for good reason, the agreements provide for severance of:

base salary and welfare benefits for a period ending on the first anniversary of the date of termination (on the second anniversary with respect to Mr. Scheible);

a pro-rata incentive bonus for the year in which termination occurs, assuming that all performance metrics had been achieved as of the date of termination (multiplied by two with respect to Mr. Scheible); and

outplacement and career counseling services with a value not in excess of \$25,000.

If the Company terminates a Named Executive Officer's employment without cause, or a Named Executive Officer terminates his employment for good reason within one year of a change in control, the Named Executive Officer will also receive:

an additional $\frac{1}{2}$ year's base salary (one year with respect to Mr. Scheible); and

instead of the pro-rata incentive bonus payable upon termination without cause or for good reason set forth above, an incentive bonus for the year in which termination occurs equal to such Named Executive Officer's incentive bonus opportunity at target level and assuming that all performance metrics had been achieved multiplied by 1.5 (multiplied by two with respect to Mr. Scheible).

In addition to the termination benefits described above, pursuant to the Amended and Restated Employment Agreement dated November 21, 2013 between the Company and Mr. Scheible, if Mr. Scheible voluntarily terminates his employment after March 1, 2016 (an Executive Termination), Mr. Scheible will receive the same benefits as if his employment had been terminated by the Company without cause (but calculated as if he had served a full final year for purposes of calculating the bonus element of the severance payment). In addition, the Agreement originally provided for a potential retention bonus of between zero and \$4,000,000 following an Executive Termination. Effective February 27, 2015, the Board of Directors approved an amendment to Mr. Scheible's Amended and Restated Employment Agreement guaranteeing the payment of at least \$2,000,000 in retention bonus following an Executive Termination, and on February 25, 2016 determined that Mr. Scheible

Table of Contents

would be paid \$4,000,000 upon an Executive Termination after taking into consideration Mr. Scheible's leadership in driving stockholder value over the period and other measures of financial and organizational health, outlook and success.

On November 19, 2015, the Company entered into an Amended and Restated Employment Agreement with Mr. Doss. The agreement reflects his promotion to President and CEO effective January 1, 2016. The agreement provided for a three-year initial term of employment with automatic one-year extensions unless the Company or Mr. Doss delivers a notice of non-renewal at least 120 days prior to the end of the then-current term. In connection with Mr. Doss's promotion, his base salary was increased to \$900,000, his target bonus percentage was increased to 110%, his long-term incentive opportunity was increased to 400% of base salary and his severance benefit was enhanced. Mr. Doss will also continue to receive the same employee benefits as are available to other senior executives of the Company.

Each of the agreements provides that the Named Executive Officer may not work for specific competitors of the Company for a period of one year after his employment terminates. Each of the Named Executive Officers is also prohibited from (i) employing or soliciting employees of the Company for employment, (ii) interfering with the Company's relationship with its employees or (iii) soliciting or attempting to establish any competitive business relationship with a customer, client or distributor of the Company for a period of one year after termination of employment.

Mr. Ukropina participates in the Executive Severance Plan. Similar to the provisions in the employment agreements, the Executive Severance Plan provides severance benefits equal to one year's base salary and a pro-rata bonus if he is terminated involuntarily without cause or terminates his employment for Good Reason. If such a termination occurs within one year after a change in control, he receives an additional one-half year's base salary and an amount equal to his bonus at target level as if he had been employed for the entire year multiplied by 1.5. Payments under the Executive Severance Plan are conditioned upon Mr. Ukropina executing a release that includes a general release of claims against the Company and an agreement to certain confidentiality, non-competition and non-solicitation of employee and customer provisions.

Specific current titles, salaries and target bonus percentages for each of the Named Executive Officers are set forth below:

Potential Payments Upon Termination

The table below reflects the amount of compensation that would become payable to each of the Named Executive Officers under existing plans and arrangements if the Named Executive Officer's employment was

Table of Contents

terminated (i) because of death; (ii) because of disability; (iii) by the Company without cause or by the Named Executive Officer for Good Reason (as described in such Named Executive Officer's employment agreement or, with respect to Mr. Ukropina, the Executive Severance Plan); or (iv) by the Company without cause or by the Named Executive Officer for Good Reason within one year following a change in control of the Company, in each such case as of December 31, 2015, given the Named Executive Officer's compensation and service levels as of such date and, if applicable, based on the Company's closing stock price on that date. These benefits are in addition to benefits available prior to the occurrence of any termination of employment and benefits available to all salaried employees, such as distributions of employee contributions and Company matching contributions under the Company's 401(k) Plans and any accrued untaken vacation pay. These benefits are also in addition to the benefits described above in the Pension Benefits table.

In the event that a Named Executive Officer is terminated for cause, no cash severance is payable and the Named Executive Officer forfeits all unvested equity awards. In addition, no continued welfare benefits or outplacement services are provided to the Named Executive Officer.

The actual amounts that would be paid upon a Named Executive Officer's termination of employment can be determined only at the time of an executive's actual separation from the Company. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be higher or lower than reported below. Factors that could affect these amounts include the timing during the year of any such event, the maximum payouts under any incentive plans and the executive's age.
