The following email was sent to Westlake Chemical Corporation (Westlake) employees by the President and Chief Executive Officer of Westlake, Albert Chao, on April 4, 2016:

Internal Email

April 4, 2016

Dear Employees,

I wanted to let you know that, today, we announced that we had increased our proposal to acquire Axiall Corporation to \$[23.12] per share in cash and stock, up from our prior proposal of \$20.00 per share (see attached press release). This increase reflects our continued belief that the combination of our two companies would produce significant benefits for our employees, shareholders, customers and partners. We are disappointed that despite this significantly increased proposal, Axiall's Board has rejected it.

Given Axiall's rejection, we believe we have no alternative but to ask Axiall shareholders to replace their current Board of Directors at their upcoming Annual Meeting with the ten independent, highly-qualified and open-minded individuals we nominated.

While I understand that this news can be distracting, I ask you to remain focused on the safe and reliable operation of our facilities and providing our customers with the exceptional service and high quality products that they have come to expect of us.

We also want to remind you of our policy not to speak with members of the media or the investment community unless authorized to do so. Please refer investor relations and financial inquiries to Steve Bender, Senior Vice President and CFO and media questions to Erika Soechting, Manager Corporate Communications. In response to questions from customers or other third parties, please refer them to today's press release.

Thank you for your continued hard work and dedication.

Sincerely,

Albert Chao

President and Chief Executive Officer
