Proxy Statement

For the 2016 Annual Meeting of Stockholders

General Information Concerning Proxies and Voting at the Annual Meeting

Why did I receive these proxy materials?

We are providing these proxy materials in connection with the solicitation by the board of directors of Taylor Morrison Home Corporation (the Company, TMHC, we, us, or our), a Delaware corporation, of proxies to be voted at our 2016 annual meeting of stockholders (the Meeting) and at any adjournment or postponement of the Annual Meeting. In accordance with rules of the Securities and Exchange Commission (SEC), on or about April 12, 2016, we sent a Notice of Internet Availability of Proxy Materials (or, upon your request, will deliver printed versions of these proxy materials) and made available our proxy materials over the Internet to the holders of our common stock as of the close of business on the Record Date.

When and where will the Annual Meeting be held?

The Annual Meeting will be held at 4800 N. Scottsdale Road, Theater G2, Scottsdale, Arizona 85251, on Wednesday, May 25, 2016 at 9:00 a.m. local time. For directions, please contact our Investor Relations department at 480-734-2060.

What information is included in this Proxy Statement?

The information in this Proxy Statement relates to the proposals to be voted on at the Annual Meeting, the voting process, our board of directors and board committees, corporate governance, the compensation of current directors and certain executive officers for the year ended December 31, 2015, and other information.

Who is entitled to vote?

Holders of our Class A common stock and Class B common stock (collectively, our common stock) at the close of business on March 31, 2016 (the Record Date) are entitled to vote at the Annual Meeting. As of the close of business on the Record Date, there were 31,886,661 shares of our Class A common stock outstanding and entitled to vote and 89,106,748 shares of our Class B common stock outstanding and entitled to vote.

How many votes do I have?

On any matter that is submitted to a vote of our stockholders, the holders of our common stock are entitled to one vote per share of Class A common stock and Class B common stock held by them on the Record Date. Holders of Class A common stock and Class B common stock will vote together as a single class on all matters submitted to stockholders for a vote in this Proxy Statement and such other matters as may properly come before the Annual Meeting and any adjournments or postponements of the Annual Meeting. Holders of our common stock are not entitled to cumulative voting in the election of directors.

Edgar Filing: Taylor Morrison Home Corp - Form DEF 14A

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most stockholders hold their shares through a bank, broker or other nominee rather than directly in their own name.

If, on the Record Date, your shares were registered directly in your name with our transfer agent, Computershare Limited, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote over the Internet, by telephone or by filling out and returning a proxy card to ensure your vote is counted.

Table of Contents

GENERAL INFORMATION

If, on the Record Date, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid legal proxy from your broker or other agent.

What am I voting on?

We are asking you to vote on the following matters in connection with the Annual Meeting:

1. The election of four Class III directors nominated by our board of directors to serve until the 2019 Annual Meeting of Stockholders;
2. An advisory vote to approve the compensation of our named executive officers;
3. Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016; and
4. Approval of our Amended and Restated Plan.

We will also consider any other business that may properly come before the Annual Meeting. At the date of this Proxy Statement, we know of no business that will be brought before the Annual Meeting other than the matters set forth above.

How do I vote?

Vote by Internet

Stockholders of record may submit proxies over the Internet by following the instructions on the Notice of Internet Availability of Proxy Materials or, if printed copies of the proxy materials were requested, the instructions on the printed proxy card. Most beneficial stockholders may vote by accessing the website specified on the voting instructions forms provided by their banks, brokers or other nominees. Please check your voting instruction form for Internet voting availability.

Vote by Telephone

Stockholders of record may submit proxies using any touch-tone telephone from within the United States by following the instructions on the Notice of Internet Availability of Proxy Materials or, if printed copies of the proxy materials were requested, the instructions on the printed proxy card. Most beneficial owners may vote using any touch-tone telephone from within the United States by calling the number specified on the voting instruction forms provided by their banks, brokers or other nominees.

Vote by Mail

Stockholders of record may submit proxies by mail by requesting a printed proxy card and completing, signing and dating the printed proxy card and mailing it in the pre-addressed envelopes that will accompany the printed proxy materials. Beneficial owners may vote by completing, signing and dating the voting instruction forms provided by their banks, brokers or other nominees and mailing them in the pre-addressed envelopes accompanying the voting instruction forms.

Edgar Filing: Taylor Morrison Home Corp - Form DEF 14A

If you are a stockholder of record and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy card will vote the shares represented by that proxy as recommended by the board of directors. If you are a beneficial owner and you return your signed voting instruction form but do not indicate your voting preferences, please see [What are broker non-votes?](#) regarding whether your bank, broker or other nominee may vote your uninstructed shares on a particular proposal.

Table of Contents

GENERAL INFORMATION

Vote in Person at the Annual Meeting

All stockholders as of the close of business on the Record Date can vote in person at the Annual Meeting. You can also be represented by another person at the Annual Meeting by executing a proper proxy designating that person. If you are a beneficial owner, you must obtain a legal proxy from your bank, broker or nominee and present it to the inspector of election with your ballot to be able to vote at the Annual Meeting. Even if you plan to attend the Annual Meeting, we recommend that you also vote either by telephone, by Internet or by mail so that your vote will be counted if you decide not to attend.

What does it mean if I receive more than one set of materials?

If you receive more than one set of materials, it means that your shares are registered in more than one name or are registered in different accounts. In order to vote all the shares you own, you must either sign and return all of the proxy cards or follow the instructions for any alternative voting procedures on each of the proxy cards or Notices of Internet Availability of Proxy Materials you receive.

What can I do if I change my mind after I vote?

If you are a stockholder of record, you may revoke your proxy at any time before it is exercised at the Annual Meeting by (a) delivering written notice stating that the proxy is revoked, bearing a date later than the proxy to Taylor Morrison Home Corporation, 4900 N. Scottsdale Road, Suite 2000, Scottsdale, Arizona 85251, Attn: Chief Legal Officer and Secretary, (b) submitting a later-dated proxy relating to the same shares by mail, telephone or the Internet prior to the vote at the Annual Meeting or (c) attending the Annual Meeting and voting in person. Stockholders of record may send a request for a new proxy card via e-mail to sendmaterial@proxyvote.com, or follow the instructions provided on the Notice of Internet Availability of Proxy Materials and proxy card to submit a new proxy by telephone or via the Internet. Stockholders of record may also request a new proxy card by calling 1-800-579-1639. If you are a beneficial stockholder, you may revoke your proxy or change your vote only by following the separate instructions provided by your bank, broker or other nominee.

What constitutes a quorum at the Annual Meeting?

Transaction of business at the Annual Meeting may occur only if a quorum is present. A quorum will be present if at least a majority of votes represented by the holders of our outstanding Class A common stock and Class B common stock, treated as a single class, are present in person or represented by proxy. If a quorum is not present, it is expected that the Annual Meeting will be adjourned or postponed in order to permit additional time for soliciting and obtaining additional proxies or votes, and, at any subsequent reconvening of the Annual Meeting, all proxies will be voted in the same manner as such proxies would have been voted at the original convening of the Annual Meeting, except for any proxies that have been effectively revoked or withdrawn, as discussed above under the heading **What can I do if I change my mind after I vote?**

Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum.

What are the voting requirements to elect directors and approve each of the other proposals described in this Proxy Statement?

With respect to Proposal 1, the election of directors, the four Class III director nominees receiving the largest number of votes cast will be elected. With respect to Proposals 2, 3 and 4, the affirmative vote of a majority of the shares of common stock present in person or by proxy at the Annual Meeting and entitled to vote is required for the proposal to be approved. With respect to Proposals 2, 3 and 4, abstentions will have the effect of voting against these proposals, and, with respect to Proposals 2 and 4, broker non-votes will have no effect on the outcome of these proposals. With respect to Proposal 1, abstentions and broker non-votes will have no effect on the outcome of this proposal. Brokers may vote shares with respect to Proposal 3 in the absence of client instructions and, thus, there will be no broker non-votes with respect to Proposal 3.

Table of Contents

GENERAL INFORMATION

What are broker non-votes ?

A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote the shares on a proposal because the nominee does not have discretionary voting power for a particular item and has not received instructions from the beneficial owner regarding voting. Brokers who hold shares for the accounts of their clients have discretionary authority to vote shares if specific instructions are not given with respect to routine items. If your shares are held by a bank, broker or other nominee on your behalf and you do not instruct the bank, broker or nominee as to how to vote your shares on Proposals 1, 2 or 4, the bank, broker or other nominee may not exercise discretion to vote for or against those proposals because these proposals are considered non-routine by the NYSE. With respect to Proposal 3, the ratification of the appointment of our independent registered public accounting firm, the bank, broker or other nominee may exercise its discretion to vote for or against that proposal in the absence of your instructions.

Who will count the votes?

Representatives of the Company will act as inspectors of election. Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes.

Who will pay for the cost of this proxy solicitation?

We will bear the cost of the solicitation of proxies from our stockholders. In addition to solicitation by mail, our directors, officers and employees, without additional compensation, may solicit proxies from stockholders by telephone, by email, by letter, by facsimile, in person or otherwise. Following the original circulation of the proxies and other soliciting materials, we will request banks, brokers or other nominees to forward copies of the proxy and other soliciting materials to persons for whom they hold shares of our common stock and to request authority for the exercise of proxies. In such cases, we, upon the request of the banks, brokers and other nominees, will reimburse such holders for their reasonable expenses. We will also bear the cost of retaining any proxy solicitation firm, should we choose to retain one. We would expect the expenses associated with retaining any such proxy solicitation firm would not exceed \$25,000.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the SEC, we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials to each of our stockholders (other than those who have previously requested a printed copy of proxy materials) who held our common stock as of the Record Date. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice of Internet Availability of Proxy Materials or proxy card and request to receive an electronic copy or printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request an electronic copy or printed copy may be found in the Notice of Internet Availability of Proxy Materials and in the proxy card. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the costs and environmental impact of the Annual Meeting.

When will we announce the results of the voting?

We expect to announce the final voting results by filing a Current Report on Form 8-K within four business days after the Annual Meeting. If the final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day the final results are available.

What are the requirements for admission to the Annual Meeting?

Only stockholders and persons holding proxies from stockholders may attend the Annual Meeting. If your shares are registered in your name, you must bring a form of identification to the Annual Meeting. If your shares are held in the name of a bank, broker or other nominee that holds your shares, you must bring proof of ownership, such as a bank or brokerage statement, that confirms you are the beneficial owner of those shares. Attendance at the Annual Meeting without voting or revoking a previously submitted proxy in accordance with the voting procedures will not in and of itself revoke a proxy.

PROPOSAL 1: ELECTION OF DIRECTORS

Proposal 1: Election of Directors

Board Composition

The number of directors is currently fixed at 13, which, pursuant to the terms of the Stockholder Agreement (as defined below), includes one vacancy that the board of directors does not currently plan to fill and 12 members, divided into three classes as follows:

Class II directors: John Brady, Joe S. Houssian, David Merritt and James Sholem, whose current terms will expire at our annual meeting of stockholders to be held in 2018; and

Class III directors: Kelvin Davis, James Henry, Anne L. Mariucci and Rajath Shourie, whose current terms expire at the Annual Meeting and who have been nominated by our board of directors for election to our board for a term that will expire at our annual meeting of stockholders to be held in 2019.

For more information on the composition of the board of directors, see [Corporate Governance Information About Our Board of Directors Process for Identifying and Nominating Directors](#) and [Corporate Governance Board Structure and Operations Composition of our Board of Directors](#).

Upon recommendation of our nominating and corporate governance committee, our board of directors has nominated Ms. Mariucci and Messrs. Davis, Henry and Shourie for election as members of our board of directors. Each of Ms. Mariucci and Messrs. Davis, Henry and Shourie is currently serving as a director and, if elected at the Annual Meeting, Ms. Mariucci and Messrs. Proxies will be voted in favor of Ms. Mariucci and Messrs. Davis, Henry and Shourie unless the stockholder indicates otherwise on the proxy. Ms. Mariucci and Messrs. Davis, Henry and Shourie have consented to being named as nominees in this Proxy Statement and have agreed to serve if elected. If any nominee becomes unable to serve at the time the election occurs, proxies will be voted for another nominee designated by the board of directors unless the board chooses to reduce the number of directors serving on the board. The board of directors has no reason to believe that any of the nominees will be unable or unwilling to serve as a director if elected.

In connection with our April 2013 initial public offering (IPO), we entered into a Stockholders Agreement, dated as of April 9, 2013 (and as subsequently amended on March 6, 2014), by and among Taylor Morrison Home Corporation and the stockholders of Taylor Morrison Home Corporation named therein (as amended, the Stockholders Agreement), which include our Principal Equityholders, as described below. The Stockholders Agreement contains provisions related to the composition of our board of directors and its committees. Among other things, the Stockholders Agreement gives an affiliate of TPG Global, LLC (the TPG Holding Vehicle), an affiliate of Oaktree Capital Management, L.P. (the Oaktree Holding Vehicle) and JHI Holding Limited Partnership (JHI and together with the TPG Holding Vehicle and the Oaktree Holding Vehicle, the Principal Equityholders) the right to nominate a majority of the members of our board of directors. The TPG Holding Vehicle has nominated Kelvin Davis, Peter Lane and James Sholem to serve on our board of directors, the Oaktree Holding Vehicle has nominated John Brady, Jason Keller and Rajath Shourie to serve on our board of directors and JHI has nominated Joe S. Houssian to serve on our board of directors.

CORPORATE GOVERNANCE

Corporate Governance

We believe that effective corporate governance is critical to our ability to create long-term value for our stockholders. We have adopted and implemented charters, policies, procedures and controls that we believe promote and enhance corporate governance, accountability and responsibility and create a culture of honesty and integrity at our company. Our Corporate Governance Guidelines, Code of Conduct and Ethics, various other governance-related information and board committee charters are available on the Investor Relations page of our corporate website at www.taylormorrison.com under the category Corporate Governance.

Controlled Company

For purposes of New York Stock Exchange (NYSE) rules, we are a controlled company. Controlled companies under those rules are companies of which more than 50% of the voting power for the election of directors is held by an individual, a group or another company. Together, the Principal Equityholders control more than 50% of the combined voting power of our common stock and are able to elect a majority of our board of directors. Accordingly, we are eligible for certain exemptions from the NYSE rules. Specifically, as a controlled company under NYSE rules, we are not required to have (1) a majority of independent directors, (2) a nominating and corporate governance committee nor, if we have such a committee, that it be composed entirely of independent directors or (3) a compensation committee nor, if we have such a committee, that it be composed entirely of independent directors. We avail ourselves of all of these exemptions.

Information About Our Board of Directors

Director Independence

Our board of directors consults with our legal counsel to ensure that the board's independence determinations are consistent with all relevant securities and other laws and regulations regarding director independence. To assist in the board's independence determinations, each director completes materials designed to identify any relationships that could affect the director's independence. In addition, through discussions among our directors, an analysis of independence is undertaken by the nominating and corporate governance committee and an affirmative determination is made by the board of directors. The board of directors has determined that Ms. Mariucci and Messrs. Eller, Henry and Merritt are independent, as such term is defined by the applicable rules and regulations of the NYSE. Additionally, each of these directors meets the categorical standards for independence established by our board of directors, as set forth in our Corporate Governance Guidelines.

Director Qualifications

The board of directors has delegated to the nominating and corporate governance committee the responsibility of reviewing and recommending nominees for membership of the board of directors. Though we have no formal policy addressing diversity, the nominating and corporate governance committee seeks candidates from diverse professional and personal backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. The assessment of these candidates includes, among other factors, an individual's independence, which determination is based upon applicable NYSE rules, applicable SEC rules and regulations, our Corporate Governance Guidelines and the input from legal counsel, if necessary, as well as consideration of age, skills, character and experience, and a policy of promoting diversity, in the context of the needs of the Company. Other characteristics, including, but not limited to, the director nominee's material relationships with us, time availability, service on other boards of directors and their committees or any other characteristics which may prove relevant at any given time are also reviewed by the nominating and corporate governance committee for purposes of determining a director nominee's qualification.

In the case of incumbent directors whose terms of office are set to expire, the nominating and corporate governance committee reviews such directors' overall service to our Company during their respective term, including the number of meetings attended, level of participation, quality of performance and any relationships and transactions that might impair such directors' independence.

To date, the nominating and corporate governance committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates.

Table of Contents**CORPORATE GOVERNANCE***Process for Identifying and Nominating Directors*

Pursuant to the Stockholders Agreement to which we are a party, along with the TPG Holding Vehicle, the Oaktree Holding Vehicle and JHI, each of the Principal Equityholders have certain director nomination rights. For so long as the TPG or Oaktree Holding Vehicles owns at least 50% of the shares of our common stock held by it immediately following our IPO and the application of net proceeds therefrom, such holding vehicle will be entitled to nominate three directors to serve on our board of directors. When such holding vehicle owns less than 50% but at least 10% of the shares of common stock held by it immediately following our IPO and the application of net proceeds therefrom, such holding vehicle will be entitled to nominate two directors. Thereafter, such holding vehicle will be entitled to nominate one director so long as it owns at least 5% of the shares of common stock held by it immediately following our IPO and the application of net proceeds therefrom. To the extent permitted under applicable laws and regulations of the NYSE, for so long as the TPG Holding Vehicle or the Oaktree Holding Vehicle has the right to nominate one director, such holding vehicle shall be entitled to have one of its nominees serve on each committee of our board of directors. In addition, for so long as JHI owns 50% of its interest in the TPG and Oaktree Holding Vehicles and such holding vehicles in the aggregate own at least 50% of the shares of our common stock held by such holding vehicles immediately following our IPO and the application of net proceeds therefrom, JHI will be entitled to nominate one director to our board of directors. The TPG Holding Vehicle nominated Kelvin Davis, Peter Lane and James Sholem, the Oaktree Holding Vehicle nominated John Brady, Jason Keller and Rajath Shourie and JHI nominated Joe S. Houssian to serve on our board of directors.

The Stockholders Agreement also provides that, for so long as each of the TPG Holding Vehicle and the Oaktree Holding Vehicle owns at least 50% of the shares of our common stock held by it following our IPO and the application of net proceeds therefrom, we have agreed to maintain a vacancy on our board of directors until such time as the TPG Holding Vehicle and Oaktree Holding Vehicle jointly designate a director to fill this vacancy. However, if at any time either of the TPG Holding Vehicle or Oaktree Holding Vehicle certifies to us that they cannot agree on a joint designee for our board of directors, we will take necessary action to expand the board of directors from 13 to 14 directors and permit each of the TPG Holding Vehicle and Oaktree Holding Vehicle to designate an additional director to serve on our board of directors.

Each of the TPG Holding Vehicle and Oaktree Holding Vehicle has agreed to vote its shares in favor of the directors nominated by the other and by JHI in accordance with the terms of the Stockholders Agreement. To the extent that either group of our Principal Equityholders is no longer entitled to nominate a board member, our board of directors (upon the recommendation of the nominating and corporate governance committee) will nominate a director in its place.

The remaining nominees for our board of directors are recommended by the nominating and corporate governance committee, which may utilize a variety of methods for identifying nominees for director. Candidates may come to the attention of the nominating and corporate governance committee through current board members, management, professional search firms, stockholders or other persons. Each of Ms. Mariucci and Mr. Henry were recommended as nominees to our board of directors by members of management and by our Principal Equityholders.

The nominating and corporate governance committee will consider nominees proposed by our stockholders in accordance with the provisions contained in our by-laws. Each notice of nomination submitted in this manner must contain the information specified in our by-laws, including, but not limited to, information with respect to the beneficial ownership of our common stock or derivative securities that have a value associated with our common stock held by the proposing stockholder and its associates and any voting or similar agreement the proposing stockholder has entered into with respect to our common stock. To be timely, the notice must be received at our corporate headquarters not less than 90 days nor more than 120 days prior to the first anniversary of the date of the prior year's annual meeting of stockholders. If the annual meeting of stockholders is advanced by more than 30 days, or delayed by more than 60 days, from the anniversary of the preceding year's annual meeting of stockholders, or if no annual meeting of stockholders was held in the preceding year, notice by the stockholder, to be timely, must be received no earlier than the 120th day prior to the annual meeting of stockholders and no later than the later of (1) the 90th day prior to the annual meeting of stockholders and (2) the tenth day following the day on which we notify stockholders of the date of the annual meeting of stockholders, either by mail or other public disclosure.

The foregoing description of our Stockholders Agreement and the advance notice provisions of our by-laws is a summary and is qualified in its entirety by reference to the full text of the Stockholders Agreement and by-laws. Accordingly, we advise you to review our Stockholders Agreement and by-laws for additional stipulations relating to the

process for identifying and nominating directors, including advance notice of director nominations and stockholder proposals. See also Additional Information Submission of Stockholder Proposals for Inclusion in Next Year's Proxy Statement.

Board Structure and Operations

Composition of our Board of Directors

Our amended and restated certificate of incorporation provides that our board of directors will consist of no less than three and not more than 15 members, with the exact number of members to be determined from time to time by the board of directors.

The number of directors on our board is currently fixed at 13, which, pursuant to the terms of the Stockholder Agreement, includes one vacancy that the board of directors does not currently plan to fill and 12 members. In accordance with our amended and restated certificate of incorporation and our amended and restated bylaws, the number of directors on our board will be determined from time to time by our board of directors and may be increased to 14 members as provided in the Stockholders Agreement as described under Information About Our Board of Directors Process for Identifying and Nominating Directors. Only a majority of the board of directors may fix the number of directors, provided that Requisite Investor Approval (as defined in the Stockholders Agreement) is required to increase the size of the board of directors further beyond 14, except if such increase is to provide for the minimum number of directors required for us to comply with applicable law and the regulations of the NYSE. For purposes of the Stockholders Agreement, Requisite Investor Approval means, in addition to the approval of a majority vote of our board of directors, the approval of a director nominated by the TPG Holding Vehicle so long as it owns at least 50% of our common stock held by it immediately following our IPO and the application of net proceeds therefrom and the approval of a director nominated by the Oaktree Holding Vehicle so long as it owns at least 50% of our common stock held by it immediately following our IPO and the application of net proceeds therefrom.

Each director is to hold office until his or her successor is duly elected and qualified or until his or her earlier death, resignation or removal. Vacancies and newly created directorships on the board of directors may be filled at any time by the remaining directors.

Until the Triggering Event (which is the point in time at which the TPG and Oaktree Holding Vehicles no longer collectively beneficially own shares representing 50% or more of the combined voting power of our common stock), any director may be removed with or without cause by holders of a majority of our outstanding shares of common stock. Thereafter, directors may only be removed for cause by the affirmative vote of the holders of at least three-fourths of our outstanding shares of common stock. At any meeting of our board of directors, except as otherwise required by law, a majority of the total number of directors then in office will constitute a quorum for all purposes, provided that, until the Triggering Event, a quorum will require the attendance of one director nominated by each holding vehicle that has the right to designate at least one director for election to the board of directors.

Pursuant to our amended and restated certificate of incorporation, our board of directors is divided into three classes, with staggered three-year terms, with the classes to be as nearly as equal in number as possible. The composition of the board of directors of our indirect subsidiaries Taylor Morrison Holdings, the parent company of our U.S. business, and Taylor Morrison Holdings II, Inc. (formerly known as Monarch Communities Inc.) (Holdings II), the parent company of our Canadian business until we sold it in January 2015, is identical to the current composition of our board of directors. Pursuant to governance agreements entered into by us in connection with the IPO, we contractually control the composition of the boards of directors of Taylor Morrison Holdings and Holdings II and their respective committees. As a result, all directors elected to our board of directors also serve on the boards of Taylor Morrison Holdings and Holdings II. Holdings II no longer has any material business operations. See Certain Relationships and Related Person Transactions Governance Agreements.

Our board of directors and its committees have supervisory authority over Taylor Morrison Home Corporation, which, through its indirect control of its subsidiary holding partnerships, TMM Holdings Limited Partnership (TMM) and TMM Holdings II Limited Partnership (New TMM), exercises stewardship over the business and affairs of Taylor Morrison Holdings and its subsidiaries and Holdings II and its subsidiaries. Taylor Morrison Home Corporation, New TMM and TMM do not conduct any activities other than direct or indirect ownership and stewardship over Taylor Morrison Holdings and Holdings II and their respective subsidiaries. The board of directors of Taylor Morrison Holdings and its committees have supervisory authority over Taylor Morrison Holdings and its subsidiaries and exercise control

over the operations and businesses of Taylor Morrison Holdings and its subsidiaries. The board of directors of Holdings II and its committees have supervisory authority over Holdings II and its subsidiaries and exercise control over Holdings II and its subsidiaries.

Board Leadership Structure

Our board of directors does not currently have a policy as to whether the role of Chairman of the board of directors and the Chief Executive Officer, or CEO, should be separate. Our board of directors believes that the Company and its stockholders are best served by maintaining the flexibility to determine whether the Chairman and CEO positions should be separated or combined at a given point in time in order to provide appropriate leadership for us at that time. The board of directors believes that its current leadership structure, with Mr. Eller, an independent director, serving as Chairman, and Ms. Palmer serving as CEO, is appropriate at this time.

In addition, our Corporate Governance Guidelines provide that, in order to maintain the independent integrity of our board of directors, if the Chairman is not an independent director, the board of directors will appoint an independent director as Lead Director.

Board's Role in Risk Oversight

Our board of directors exercises oversight of risk management consistent with its duties to the Company and its subsidiaries. The audit committee is responsible for discussing with management our major financial, credit, liquidity and other risk exposures, as well as our risk assessment and risk management policies. The audit committee works directly with members of senior management and our internal audit staff to review and assess our risk management initiatives, including our compliance programs and cybersecurity initiatives, and reports as appropriate to the board. In addition, the audit committee meets as appropriate (1) as a committee to discuss our risk management guidelines, policies and exposures and (2) with our independent auditors to review our internal control environment and other risk exposures. The compensation committee oversees the management of risks relating to our executive compensation programs and employee benefit plans. In the fulfillment of its duties, the compensation committee reviews at least annually our executive compensation programs, meets regularly with management to understand the financial, human resources and stockholder implications of compensation decisions and reports as appropriate to the board.

The board of directors as a whole also engages in the oversight of risk in various ways.

During the course of each year, the board of directors reviews the structure and operation of various departments and functions of our company, including its risk management and internal audit functions. In these reviews, the board of directors discusses with management the risks affecting those departments and functions and management's approaches to mitigating those risks.

The board of directors reviews and approves each year's management operating plan. These reviews cover risks that could affect the management operating plan and measures to cope with those risks.

In its review and approval of annual reports on Form 10-K, the board of directors reviews our business and related risks, including as described in the Business, Risk Factors and Management's Discussion and Analysis of Financial Condition and Results of Operations sections of the document. The audit committee updates this review quarterly in connection with the preparation of our quarterly reports on Form 10-Q.

Management must obtain the approval of the board of directors, acting through an investment committee of the board of directors, before proceeding with any land acquisition above a pre-established threshold. When the board of directors reviews particular transactions and initiatives that require board approval, or that otherwise merit the board of directors' involvement, the board of directors generally includes related risk analysis and mitigation plans among the matters addressed with management.

The day-to-day identification and management of risk is the responsibility of our management. As the market environment, industry practices, regulatory requirements and our business evolve, management and the board of directors intends to respond with appropriate adaptations to risk management and oversight.

CORPORATE GOVERNANCE

During 2015, no director attended fewer than 75% of the aggregate of (a) the total number of meetings of the board of directors and (b) the total number of meetings held by all committees of the board of directors on which such director served. Each of our directors is strongly encouraged, but is not required, to attend our annual meetings of stockholders. Six of our directors attended our 2015 annual meeting of stockholders.

Executive Sessions of our Board of Directors

Generally, an executive session of non-management directors is held in conjunction with each regularly scheduled board meeting and at other times as deemed appropriate. Our Chairman presides over each executive session. In addition, because the board of directors includes non-management directors who are not independent as defined by the NYSE rules, the independent directors meet in executive session at least once each fiscal year. The non-management directors met in executive session four times during 2015, and the independent directors met in executive session once during 2015. Each committee of the board of directors also generally conducts an executive session in conjunction with each regularly scheduled committee meeting and at other times as deemed appropriate.

Committees of Our Board of Directors

Our board of directors has three standing committees: an audit committee, a compensation committee and a nominating and corporate governance committee. Each of the standing committees operates pursuant to a written charter, which is available on the Investor Relations page of our corporate website at www.taylormorrison.com on the Investor Relations page under the category Corporate Governance. The following is a brief description of our committees, including their membership and responsibilities.

Pursuant to the Stockholders Agreement, for so long as the TPG and Oaktree Holding Vehicles are entitled to nominate directors for appointment to our board of directors, the TPG and Oaktree Holding Vehicles will each have the right to appoint a member to each committee of our board of directors, subject to applicable rules and regulations of the NYSE.

Audit Committee

Our audit committee assists the board in fulfilling its responsibilities by overseeing, among other things, (1) the integrity of financial information and other information provided to stockholders, investors and others; (2) the performance of our internal audit function and systems of internal controls; and (3) our compliance with legal and regulatory requirements. The audit committee also has direct responsibility for the appointment, compensation, retention (including termination) and oversight of our independent auditors and is responsible for the preparation of an audit committee report to be included in our annual proxy statement as required by the SEC. The audit committee also reviews and approves related person transactions in accordance with our Related Person Transaction Policy. See Certain Relationships and Related Person Transactions Related Person Transaction Policy. During 2015, the audit committee met eight times.

Our audit committee currently is comprised of Mr. Henry (chairman), Ms. Mariucci and Mr. Merritt. Under NYSE rules and SEC requirements and pursuant to the Stockholders Agreement, our audit committee must be comprised entirely of independent directors. Our board of directors has determined that each member of our audit committee has the financial literacy required by NYSE rules and is independent as defined under the independence requirements of the NYSE and the SEC applicable to audit committee members. In addition, the board of directors has determined that Mr. Henry qualifies as an audit committee financial expert as that term is defined under SEC rules. Information about Mr. Henry's background that qualifies him as an audit committee financial expert is included in Proposal 1: Election of Directors Class III Directors for Election to a Three-Year Term Expiring at the 2019 Annual Meeting of Stockholders.

Compensation Committee

Our compensation committee, among other things, reviews and recommends policies and plans relating to compensation and benefits of our directors, employees and certain other persons providing services to our Company, and is responsible for approving the compensation of our CEO and other executive officers. Our compensation committee also administers our omnibus equity incentive plan, our annual bonus plan and other benefit programs. The compensation committee has delegated authority to our CEO to issue equity awards to employees other than to executive officers and certain other senior members of our management. In addition, to the extent the compensation committee intends to qualify any compensation as performance-based compensation for purposes of

Table of Contents

CORPORATE GOVERNANCE

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), all such compensation shall be established, administered and approved by the compensation committee or, if required, a subcommittee of the compensation committee consisting of two or more members, each of whom shall qualify as an outside director under Section 162(m) of the Code. If at any time the compensation committee includes a member who is not a non-employee director within the meaning of Rule 16b-3 under the U.S. Securities Exchange Act of 1934, as amended (the Exchange Act), and the rules and regulations promulgated thereunder, then either a subcommittee comprised entirely of individuals who are non-employee directors or the board of directors will approve any grants of equity-based compensation made to any individual who is subject to Section 16 of the Exchange Act. The compensation committee has the sole authority to retain and terminate any compensation consultant to assist in the evaluation of employee compensation and to approve the consultant's fees and other terms and conditions of the consultant's retention. During 2015, the compensation committee met five times.

Our compensation committee currently is comprised of Messrs. Shourie (chairman), Houssian and Davis. Because we are a controlled company under the rules of the NYSE, our compensation committee is not required to be fully independent. If such rules change in the future or we no longer meet the definition of a controlled company under the NYSE's rules, we will adjust the composition of the compensation committee accordingly in order to comply with such rules. Mr. Shourie was nominated to the committee by the Oaktree Holding Vehicle and Mr. Davis was nominated to the committee by the TPG Holding Vehicle in accordance with the Stockholders Agreement.

For additional discussion of the processes and procedures the compensation committee has used for the consideration and determination of executive officer and director compensation, please see Compensation Discussion and Analysis.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee, among other things, provides assistance to the board of directors in identifying and recommending individuals qualified to serve as directors of our Company, reviews the composition of the board of directors and periodically evaluates the performance of the board of directors and its committees. The nominating and corporate governance committee also recommends our various committee memberships based upon, among other considerations, a director's available time commitment, background and/or the skill set it deems appropriate to adequately perform the responsibilities of the applicable committee. In addition, the nominating and corporate governance committee develops and recommends corporate governance policies and procedures for us, including our Corporate Governance Guidelines and monitors and reviews compliance with those policies. During 2015, the nominating and corporate governance committee met three times.

Our nominating and corporate governance committee currently is comprised of Messrs. Lane (chairman), Brady and Eller. Because we are a controlled company under the rules of the NYSE, our nominating and corporate governance committee is not required to be fully independent. If such rules change in the future or we no longer meet the definition of a controlled company under the NYSE's rules, we will adjust the composition of the nominating and corporate governance committee accordingly in order to comply with such rules. Mr. Brady was nominated to the committee by the Oaktree Holding Vehicle and Mr. Lane was nominated to the committee by the TPG Holding Vehicle in accordance with the Stockholders Agreement.

Compensation Committee Interlocks and Insider Participation

None of the members of our compensation committee in 2015 was, at any time during 2015 or at any other time, an officer or employee of the Company, and, except as described in the section entitled Certain Relationships and Related Person Transactions, none had or has any relationships with us that are required to be disclosed under Item 404 of Regulation S-K. None of our executive officers has served as a member of the board of directors, or as a member of the compensation or similar committee, of any entity that has one or more executive officers who served on our board of directors or compensation committee during 2015.

Corporate Governance Guidelines and Code of Conduct and Ethics

Our board of directors has adopted Corporate Governance Guidelines and a Code of Conduct and Ethics that is applicable to all members of our board of directors, executive officers and employees. We have posted these documents on the Investor Relations page of our corporate website at www.taylormorrison.com under the category

We intend to post amendments to or waivers from, if any, certain provisions of our Code of Conduct and Ethics (to the extent applicable to our directors; our executive officers, including our principal executive officer and principal financial officer; or our principal accounting officer or controller, or persons performing similar functions) at this location on our website.

Anti-Hedging Policy

We have a securities trading policy that sets forth guidelines and restrictions on transactions involving our stock, which are applicable to our employees, including our executive officers, and our directors. Our policy prohibits hedging, including, among other things, purchases of stock on margin, calls or similar options on Company stock or from selling our stock short. These types of transactions would allow employees to own Company stock without the full risks and rewards of ownership. When that occurs, employees or directors may no longer have the same objectives as our other stockholders and, therefore, such transactions involving our stock are prohibited.

Director Compensation

Annual Retainer Fees

Directors who are our employees or are employed by our Principal Equityholders are not separately compensated by us for their service on our board of directors. For our other directors, referred to collectively herein as non-employee directors, we pay an annual cash retainer for their service on our board. The annual cash retainer is paid to such directors in quarterly installments in arrears. The amount of the annual retainer depends on whether the director is the Chairman of the board of directors or if the director is also a member of one of our committees.

In early 2015, the compensation committee engaged Exequity LLP, its independent compensation consultant, to conduct a board of directors pay study, with the goal of maintaining a non-employee director compensation program that comports with market norms and aligns the interests of non-employee directors with those of our stockholders. After reviewing the study and consulting with its independent compensation consultant, the compensation committee determined that it was appropriate to make certain adjustments to our director compensation program.

For 2015, the base annual cash retainer was increased from \$40,000 to \$50,000, and the annual cash retainer for the Chairman of the board of directors was increased from \$80,000 to \$100,000. In addition, for 2015, members of our audit committee received an additional annual cash retainer equal to \$20,000 (previously, members of the audit committee did not receive an additional cash retainer), and for the chairman of the audit committee such additional retainer was increased from \$20,000 to \$45,000. We also reimburse our directors for reasonable travel and other related expenses to attend board and committee meetings.

In addition to cash retainers and expense reimbursement, our board of directors and compensation committee have determined that it is important to include an equity component in director compensation because they believe it is important for our directors who receive compensation from us to build and maintain a long-term ownership position in our business, to further align their financial interests with those of our stockholders and to encourage the creation of long-term value. In furtherance of this objective, each non-employee director receives an annual equity award of restricted stock units (RSUs). For 2015, the RSU aggregate grant date fair value was increased from \$50,000 to \$130,000. The number of shares subject to the RSU grant is determined by dividing the aggregate grant date fair value by the closing price of our Class A common stock on the grant date. The annual RSU award vests in full on the first anniversary of the grant date. As part of the 2015 normalization of our director compensation program, the compensation committee also eliminated the sign on option grant for new non-employee directors and the additional annual \$25,000 RSU award for the chairman of the audit committee.

Deferred Compensation Plan

Pursuant to the Taylor Morrison Home Corporation Non-Employee Director Deferred Compensation Plan (the Director Plan), non-employee directors may, for any calendar year, irrevocably elect to defer (i) receipt of shares of our Class A common stock the director would have received upon vesting of RSUs granted as an annual equity award and (ii) receipt of all or a portion of their cash compensation earned for their service on our board of directors, in each case, in the form of unfunded deferred stock units (DSUs) under our 2013 Omnibus Equity Award Plan (the 2013 Equity Plan). The purpose of the Director Plan is to enhance our ability to attract and retain non-employee directors with training, experience and ability who will promote our interests and to directly align the interests of such non-employee directors with the interests of our stockholders.

Stock Retention Policy

Our board of directors has adopted a stock retention policy that requires non-employee directors to own shares of our Class A common stock having an aggregate value no less than three times such director's annual cash retainer. Generally, non-employee directors must achieve the required minimum retention level within three years from the date of their election to our board of directors; however, with respect to our non-employee directors who were serving as of August 27, 2015, such directors will have until August 27, 2018 to achieve the required minimum retention level.

Mr. Henry received an additional annual retainer fee of \$45,000 for his service as the chair of our audit committee and Ms. Mariucci and Mr. Merritt each received an additional annual retainer fee of \$20,000 for their audit committee service. Mr. Lane elected to defer all of his cash retainer under the Director Plan for 2015 and received awards of DSUs in June 2015, September 2015 and December 2015 covering, in the aggregate, 2,065 shares of our Class A common stock (which number of DSUs represents, in the aggregate, each quarterly cash payment of the annual retainer fee divided by the closing price of our Class A common stock reported in the NYSE on such payment date). Mr. Merritt elected to defer all of his annual RSU award under the Director Plan and instead received an annual equity grant of 6,667 DSUs valued at \$19.50 per share, which was the closing sale price of our Class A common stock on the date of grant; the amount in this column reflects the aggregate grant date fair value of the award calculated in accordance with FASB ASC 718. Looking Ahead 2016 Director Compensation

For 2016, following consultation with Exequity LLP, our compensation committee decided to implement the following changes to our director compensation program in 2016 in order to ensure that our director compensation program is competitive:

Annual Retainer Fees. For 2016, the base annual cash retainer for all non-employee directors was increased from \$50,000 to \$65,000. In the case of the Chairman of the board of directors, his base annual cash retainer was decreased from \$100,000 to \$65,000. However, the compensation committee approved an additional annual retainer for the Chairman of the board of directors of \$50,000 representing an overall increase in the Chairman's annual cash retainer of \$15,000, from \$100,000 to \$115,000. The additional annual retainer for the chairman of the audit committee was decreased from \$45,000 to \$40,000, and the additional annual retainer for members of our audit committee (other than the chairman) was decreased from \$20,000 to \$10,000. The compensation committee also approved an additional annual retainer of \$10,000 for the chair of our nominating and governance committee.

Annual RSU Grants. For 2016, each non-employee director will receive an RSU grant with a grant date fair value of \$130,000, consistent with RSU awards that were granted in 2015; however, the Chairman of the board of directors will receive RSUs with a grant date fair value of \$145,000. Prior to 2015, neither Mr. Eller nor Mr. Lane received an annual grant of RSUs due to their ownership of previously granted New TMM Units, as described above.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Discussion and Analysis

This compensation discussion and analysis discusses our executive compensation programs for our named executive officers for our fiscal year ending December 31, 2015 and includes a discussion of our compensation objectives and philosophy and the material elements of compensation earned by, or awarded or paid to, our named executive officers in the year. This section also describes processes we use in reaching compensation decisions and is intended to provide context for understanding the amounts in the tabular disclosure that follows. We have also highlighted our corporate results in 2015 and how these results led to the executive compensation we paid for the year. In addition, we highlight key attributes of our compensation programs for our named executive officers.

Executive Summary

We delivered solid results in 2015, as evidenced by:

Our completed acquisition of three divisions of Orleans Homes, Inc. and JEH Homes, an Atlanta-based homebuilder;

Our completed sale of Monarch Corporation, our former Canadian business;

Community count increased 26% to 259 communities;

Net sales orders increased 17% to 6,681;

Cancellations as a percentage of gross sales orders remained steady at 13.9% compared to 13.2% in the prior year;

Homes closed increased 12% to 6,311, with an average selling price of \$458,000; and

Mortgage operations reported gross profit of \$17.5 million on revenue of \$43.1 million. Consistent with the pay-for-performance and stockholder alignment focuses of our compensation objectives and philosophy, which are discussed in further detail below in this compensation discussion and analysis, our compensation programs for 2015 have the following attributes:

A balanced mix of short-term cash compensation and long-term equity-based compensation;

Forfeiture of equity awards upon violation of certain post-employment restrictive covenants;

Edgar Filing: Taylor Morrison Home Corp - Form DEF 14A

Use of multiple performance measures with no guaranteed incentive payouts;

Limitations on the amount of awards that can be made under our equity incentive plans;

Consideration of external market data and use of an independent compensation consultant when designing compensation programs;

An anti-hedging policy applicable to all employees (including our executive officers and directors) that prohibits purchases of our stock on margin, calls or similar options on our stock, or selling our stock short;

An appropriate level of severance protection to ensure continuity of service;

No single-trigger change in control parachute payment features in any of our programs;

No gross ups for any excise or other penalty taxes related to compensation paid;

Clawback of certain cash and equity incentive compensation; and

A modest use of perquisites, which do not make up a material portion of the compensation and benefits provided to our named executive officers.

Prior Year's Annual Meeting of Stockholders Advisory Vote to Approve the Compensation of our Named Executive Officers

At our 2015 annual meeting of stockholders, more than 99% of the shares voted (including those of our Principal Equityholders and our other stockholders) were cast in favor of the 2014 compensation of our named executive officers and our compensation philosophy, policies and practices. We were pleased to receive this strong support and took it into account as part of our annual analysis of the effectiveness of our compensation program for our named executive officers.

COMPENSATION DISCUSSION AND ANALYSIS

We recognize that the business and executive compensation environments continue to evolve, and we are committed to having compensation programs and practices that support our business objectives, promote good corporate governance and align executive pay with our performance. The compensation committee will continue to consider the results from this year's and future advisory stockholder votes regarding our executive compensation programs. (1) Our business is conducted through several operating companies indirectly held by TMHC. Our named executive officers hold officer positions at these operating companies as well as at TMHC. The partnerships through which TMHC owns the operating companies, TMM Holdings II Limited Partnership (New TMM) and TMM Holdings Limited Partnership (TMM), generally do not have executive officers.

Compensation Objectives and Philosophy

Our compensation program reflects our philosophy to pay all of our executives, including our named executive officers, in ways that support our primary objectives of:

Encouraging a results-driven culture through a pay-for-performance structure;

Balancing long-term and short-term compensation and cash and equity-based compensation to ensure our executives are focused on the appropriate short-term financial budget goals and long-term strategic objectives;

Aligning executives' interests with stockholder interests in creating long-term value for our stockholders;

Attracting, retaining and motivating key talent; and

Aligning total compensation levels with those paid by our direct competitors in the homebuilding sector as well as companies of comparable size and scope in other industries.

Our compensation structure is centered on a pay-for-performance philosophy, and this pay-for-performance focus is designed to align the interests of our executives, our Principal Equityholders and our other stockholders, motivate our executives to achieve our targeted financial and other performance objectives and reward them for their achievements when those objectives are met. To help achieve these objectives, a significant portion of our executive officers' compensation is at-risk and provided in the form of variable or performance-based compensation with upside potential for strong performance, as well as downside exposure for underperformance. We believe this is appropriate given our executive officers' ability to influence our overall performance.

We recognize the need for both short- and long-term incentives to retain talent and encourage both short- and long-term performance. To that end, we seek to provide a balance between short-term and long-term incentives as well as

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

between cash compensation and equity-based compensation, which encourages a focus on long-term strategic objectives by linking compensation to the satisfaction of our long-term performance goals. Having a long-term compensation component is also consistent with the long-term horizon inherent in the homebuilding industry for the realization of revenue from any specific development project. In light of such objectives, we have determined that a significant portion of total compensation would be delivered in the form of long-term equity-based compensation.

The overall level of total compensation for our executive officers is intended to be reasonable in relation to and competitive with the compensation paid by similarly situated peer leaders in the homebuilding industry, subject to variation for factors such as the individual's experience, performance, duties, scope of responsibility, prior contributions and future potential contributions to our business. With these principles in mind, we structure our compensation program as a competitive total pay package, which we believe allows us to attract, retain and motivate executives with the skill and knowledge we require and ensure the stability of our management team, which is vital to the success of our business. However, in setting named executive officer compensation levels, we do not have a policy of setting compensation levels within a fixed range of benchmarks of our peer companies.

Establishing and Evaluating Executive Compensation*Role of the Independent Compensation Consultant*

In March 2015, the compensation committee retained Exequity LLP, which provides the compensation committee with market data on executive compensation levels and practices at our selected competitors and also advises on trends and best practices in the areas of executive compensation and governance, assists the compensation committee in its review and evaluation of our compensation policies and practices, reviews our compensation discussion and analysis, and also provides independent advice on director compensation (including a comparative study of director pay in 2015). Exequity LLP is a nationally recognized independent provider of executive compensation advisory services. Exequity LLP does not provide other services to us or to our management, except at the direction of the compensation committee. We do not have any other relationships with Exequity LLP, and the compensation committee has determined that Exequity LLP is independent and has no conflicts of interest with us. The compensation committee has the sole authority to retain or terminate advisors to the compensation committee that assist in the evaluation of the compensation to our named executive officers and directors.

Prior to March 2015, the compensation committee retained Pearl Meyer & Partners (Pearl Meyer) as its independent compensation consultant. Pearl Meyer provided the compensation committee with market data on executive compensation levels and practices at our selected competitors and also advised on trends and best practices in the areas of executive compensation and governance, assisted the compensation committee in its review and evaluation of our compensation policies and practices and also provided independent advice on director compensation. Pearl Meyer did not provide, and was prohibited by compensation committee policy from providing, other services to us or to our management, except at the direction of the compensation committee. We did not have any other relationships with Pearl Meyer, and the compensation committee determined that Pearl Meyer was independent and had no conflicts of interest with us.

Process Role of Officers and Compensation Committee

The compensation committee is responsible for all compensation decisions for our named executive officers. Our Chief Human Resources Officer works with Ms. Palmer to establish compensation committee meeting agendas and provide various types of information, including interim progress against performance targets, information about other homebuilding companies or other topics requested by the compensation committee to assist the compensation committee in making its decisions.

The compensation committee, after consultation with Ms. Palmer as to officers other than herself, reviews and determines base salary, annual cash incentive bonuses and long-term incentive compensation levels for each executive officer. Ms. Palmer recommends to the compensation committee annual cash incentive bonus performance targets and evaluates actual performance relative to those targets, excluding any targets or performance evaluation applicable to her own compensation. The compensation committee, after taking into account Ms. Palmer's recommendations, reviews and approves annual base salaries, annual bonus performance targets and the amount of annual bonuses payable to each named executive officer based on achievement of annual performance targets, and long-term incentive compensation awards. Ms. Palmer's compensation levels are established by the compensation committee in its sole discretion. Ms. Palmer does not have any formal role or authority in the determination of her compensation.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS***Process Factors Considered in Setting Compensation*

The compensation committee believes that compensation decisions for our named executive officers are complex and require consideration of many factors, including the overall competitive market environment, industry compensation levels, the officer's individual performance and our performance.

Market Data (Competitors and General Industry). As mentioned above, the compensation committee does not set compensation levels for our named executive officers within a fixed range of benchmarks of our peer companies and only reviews such peer company information and market data to better assess the range of compensation needed to attract, retain and motivate executive talent in our highly competitive industry. Nevertheless, in establishing compensation packages for our named executive officers, the compensation committee reviews and considers the compensation levels of executives at public homebuilding companies as a factor, amongst other factors, in establishing targeted compensation. This review covers compensation data for a group of our competitors within the homebuilding industry (as available in such companies' public filings) and the most directly-relevant published survey sources available with respect to all direct pay elements, including salary, cash incentives and equity.

In connection with setting compensation, the compensation committee reviews data from the annual proxy statements of publicly traded homebuilders, as well as data from other published compensation survey sources, including FMI and Equilar, for compensation levels and trends as well as data on pay for executives and uses such information to guide our decisions. Additionally, in 2015 the compensation committee reviewed compensation data at the following 13 publicly-traded homebuilding companies in connection with setting compensation for Ms. Palmer and Messrs. Cone and Sherman:

PulteGroup Inc.	Toll Brothers, Inc.	Meritage Homes Corporation
D.R. Horton, Inc.	KB Home	M.D.C. Holdings Inc.
Lennar Corporation	Hovnanian Enterprises, Inc.	Beazer Homes USA Inc.
NVR, Inc.	The Ryland Group, Inc.	M/I Homes, Inc.
Standard Pacific Corp.		

In 2015, two of the companies in our peer group, The Ryland Group, Inc. and Standard Pacific Corp., completed a merger with the surviving company being renamed CalAtlantic Group, Inc. As a result of this merger, our peer group was reduced from thirteen publicly-traded homebuilding companies to twelve.

Individual Performance. As mentioned above, in addition to considering market data, the compensation committee considers each executive officer's individual performance in determining executive compensation levels, including the nature and scope of the executive's responsibilities and the executive's prior performance and expected future contributions. The compensation committee's review of individual performance is general and subjective in nature. Specific individual performance goals (such as goals tied to an officer's job function, role or personal performance) are not systematically established or measured.

Company Performance. The compensation committee also considers our performance, financial plans and budget in setting officer compensation levels for any given year taking into account general economic challenges as well as any specific challenges facing our business.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****Key Elements of Executive Compensation Program**

The primary elements of our compensation structure are base salary, annual cash incentive bonuses, long-term equity-based incentive awards and certain employee benefits and perquisites. A brief description of, objectives of, and any changes in 2015 to each principal element of our executive compensation program for 2015 are summarized in the following table and described in more detail below.

Base Salary

Edgar Filing: Taylor Morrison Home Corp - Form DEF 14A

The base salary component of executive officer compensation is intended to provide a competitive, stable level of minimum compensation to each officer commensurate with the executive's role, experience and duties. The compensation committee annually reviews and approves base salaries for our executive officers based on several factors, including the individual's experience, responsibilities, performance, expected future contribution, our expected financial performance and salaries of similarly situated executives of our public peers in the homebuilding industry and in the general industry.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

Based on an evaluation of the foregoing factors, our desire to reward and retain the key executives who we believe are instrumental to our success, and the competitiveness of base salaries against peer and market data, the compensation committee, in consultation with Ms. Palmer (except as to her own compensation), determined that named executive officer base salaries would increase effective as of April 5, 2015, as follows:

Name	2014 Annual Base Salary	2015 Annual Base Salary	Percentage Increase
Sheryl D. Palmer	\$ 900,000	\$ 1,000,000	11.1%
C. David Cone	\$ 460,000	\$ 500,000	8.7%
Darrell C. Sherman	\$ 397,500	\$ 410,000	3.1%

With respect to Ms. Palmer and Mr. Cone, the compensation committee determined that, following a review of peer data, it was necessary to adjust their base salaries to remain competitive with industry standards. In addition, Ms. Palmer's and Mr. Cone's salaries were increased in recognition of their continued strong performance in driving business results. Specially, Ms. Palmer's increase recognizes her leadership, responsibility, and performance as our President and Chief Executive Officer, as well as her significant contributions in developing our strategic vision and direction and, with respect to Mr. Cone, his increase acknowledges his contribution to the leadership and growth of our financial reporting and financial management resources, contributions in working with our business units to improve efficiency and responsibility for other business management operations of the Company. Mr. Sherman's salary was increased as part of our annual review and reflects our belief that Mr. Sherman's performance and experience merited a salary increase.

Annual Cash Incentive Bonuses

The second component of executive officer compensation is annual cash incentive bonuses based on Company performance. Tying a portion of total compensation to annual Company performance permits us to adjust the performance measures each year to reflect changing objectives and those that may be of special importance for a particular year. Through this program, we seek to provide an appropriate amount of pre-established short-term cash compensation that is at-risk and tied to the achievement of certain short-term performance goals.

Target Amounts. Target annual cash incentive bonus opportunities for 2015 for each of our named executive officers remain unchanged from 2014. For 2015, the target annual cash incentive bonuses set by the compensation committee for each of our named executive officers were as follows:

Name	2015 Target Annual Bonus as a Percentage of Base Salary
Sheryl D. Palmer	150%
C. David Cone	125%
Darrell C. Sherman	125%

The actual 2015 annual cash incentive bonus amounts was calculated based on a combination of objective performance measures and using the following formula:

$$\begin{array}{ccccccc} & & \text{Target} & & \text{Actual} & & \text{Bonus} \\ \text{Annual} & & & & & & \\ \text{Salary} & \times & \text{Bonus} & \times & \text{Attainment} & = & \text{Payout} \\ & & \text{Percentage} & & \text{Percentage} & & \end{array}$$

Our Actual Attainment Percentage is an aggregated measure of the attainment of specific financial and operational performance goals for the Company as a whole expressed in the table below as a percentage. These performance goals are based on corporate and business objectives and are not tied to individual performance. To determine the Actual Attainment Percentage, specific criteria and corresponding goals are set for each

Edgar Filing: Taylor Morrison Home Corp - Form DEF 14A

officer. Each goal (1) has an associated threshold and target percentage attainment level and includes a stretch percentage attainment level, with straight-line interpolation for attainment between levels, and (2) is weighted to reflect the compensation committee's assessment of the goal's importance in relation to our overall business objectives. Specifically, the percentage attainment of each goal is applied to the weighting factor (itself a percentage), and these numbers are totaled to set the Actual Attainment Percentage.

Establishing Performance Goals for 2015 Annual Bonus Plan. The compensation committee established bonus plan goals for 2015. The target payout level was designed to be achievable with strong management performance and the stretch level was designed to encourage and reward our named executive officers for outstanding performance.

The approach to goal setting for 2015 bonuses involved a process of reviewing, among other things, our prior year's financial performance and our short-term and long-term strategic objectives. We also took into account the need for setting goals that are challenging yet reasonably achievable so as to provide a competitive pay package necessary for the retention of our talent.

Achievement of Corporate Performance Goals. The 2015 bonus program performance goals applicable to Ms. Palmer, Mr. Cone and Mr. Sherman were based 100% on total company performance. The applicable corporate performance goals were as follows:

Corporate Performance (\$ in thousands)						
Performance Goals	Weight	Threshold	Target	Stretch	Actual Attainment	Actual Attainment Percentage
Attainment level percentage		50%	100%	150%		
Earnings Before Interest and Taxes (EBIT)	20%	\$450,000	\$500,000	\$550,000	\$466,238	66.24%
Attainment level percentage		50%	100%	150%		
Order Book Goals	20%	8,500	8,700	9,000	9,243	150.0%
Attainment level percentage		50%	75%	100%		
Adjusted Homebuilding Gross Margin	15%	18.0%	18.6%	19.0%	18.4%	65.79%
Attainment level percentage		50%	75%	100%		
Mortgage Capture	10%	70%	74%	78%	79%	100%
Attainment level percentage		50%	75%	100%		
Net Operating Cash	15%	\$450,000	\$515,000	\$545,000	\$260,694	0%
Attainment level percentage		25%	75%	100%		
Customer Satisfaction	20%	80%	84%	88%	84.4%	77.59%
Total (Actual Attainment Percentage)	100%					78.63%

We selected each performance goal in order to target performance across multiple levels of our business. An EBIT target encourages our executives to drive our Company-wide earnings, while a net operating cash target encourages an efficient use of capital and enhanced discipline as to the timing and appropriateness of capital expenditures. Order book goals and adjusted homebuilding gross margin goals encourage our executives to balance the price of our homes with the pace at which we construct them and with the quantity we construct. A mortgage capture target incentivizes behavior that appropriately balances risks and rewards in a changing regulatory environment. Finally, customer satisfaction, which we measure based on the average of 30-day and 10-month survey results from an H2Insight Customer Satisfaction Report, encourages our executives to focus both on short-term and long-term satisfaction of our customers.

The actual cash incentive bonuses approved for our named executive officers for 2015 were as follows: Ms. Palmer \$1,179,450, Mr. Cone \$491,438, and Mr. Sherman \$402,979 (each of which are reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table, below).

Long-Term Incentives Equity Based

Philosophy. As mentioned above, we believe that equity awards are an important component of our executive compensation program. Equity compensation aligns our executives', our Principal Equityholders' and our other public stockholders' interests by linking rewards with achievement of return to our Principal Equityholders and other public stockholders based on our long-term growth plan. Our equity compensation program is designed to foster a long-term commitment to us by our named executive officers, provide a balance to the short-term cash components of our compensation program and reinforce our pay-for-performance structure.

COMPENSATION DISCUSSION AND ANALYSIS

Overview. Equity-based compensation awards to our named executive officers in 2015 consisted of the following:

Options to purchase our Class A common stock, upon satisfaction of service-based vesting conditions, granted under the 2013 Equity Plan;

Restricted stock units, each representing the right to receive, upon satisfaction of service-based vesting conditions, one share of our Class A common stock, granted under the 2013 Equity Plan;

Performance-based restricted stock units, each representing the right to receive, upon satisfaction of vesting and performance conditions, one share of our Class A common stock, granted under the 2013 Equity Plan;

New TMM Units (and a corresponding number of shares of our Class B common stock) that are subject to time-based vesting conditions, which were converted from profits interests in TMM granted before the IPO, with the original vesting schedule continuing to apply;

Profits interests in the TPG Holding Vehicle, which vest based on the return received by such vehicle in respect of the New TMM Units it holds and were converted from profits interests in TMM granted before the IPO, with the original vesting terms continuing to apply; and

Profits interests in the Oaktree Holding Vehicle, which vest based on the return received by such vehicle in respect of the New TMM Units it holds and were converted from profits interests in TMM granted before the IPO, with the original vesting terms continuing to apply. (In this Proxy Statement, we collectively refer to the performance-vesting profits interests of the TPG and Oaktree Holding Vehicles as Holding Vehicle Performance Units.)

A more detailed discussion of the terms of these interests follows.

Equity Awards

All equity awards issued to our named executive officers since our IPO have been made pursuant to the terms of the 2013 Equity Plan. Awards granted under the 2013 Equity Plan are subject to the terms and conditions established by the compensation committee in the applicable award agreement and need not be the same for each participant. To date, all stock options granted under the 2013 Equity Plan have a term of ten years. Generally, equity awards will be granted to our eligible employees, including our named executive officers, during the annual award process. Equity awards shall be made in accordance with our Policy and Procedures for the Granting of Equity-Based Compensation Awards (Granting Policy). In February 2015, the compensation committee amended our Granting Policy to provide that annual equity awards to our executive officers and senior corporate management team would be made in the first quarter of the year, shortly following the public release of our annual earnings, rather than on the date of the annual stockholder meeting, to align the timing of the annual grant of equity awards with the compensation committee's annual review cycle of base salaries and target bonus opportunities for our employees, including our named executive officers.

2015 Equity Awards

2015 is the first year since our IPO that we provided an annual equity grant to our named executive officers. Our compensation committee determined that the annual equity grant for 2015 should include a mix of options and RSUs, a portion of which are subject to service-based vesting conditions and a portion of which are subject to performance-based vesting conditions.

In February 2015, the compensation committee approved annual equity awards for our employees, including our named executive officers. Based on recommendations from Pearl Meyer, the compensation committee's independent compensation consultant at that time, reviewing compensation best practices of public companies generally, reviewing compensation practices of our peer group, and the consideration of other

Edgar Filing: Taylor Morrison Home Corp - Form DEF 14A

factors deemed appropriate, the compensation committee decided to award long-term incentive equity awards for 2015 as follows: 50% of the annual grant was awarded in the form of performance-based vesting RSUs (Performance RSUs), half of which vest based on the Company's earnings per share, or EPS, and half of which vest based on the Company's relative total shareholder return, or TSR, each as described below; 25% of the annual grant was awarded in the form of service-based vesting RSUs (Service-based RSUs); and 25% of the annual grant was awarded in the form of service-based vesting nonqualified stock options. In making its determination, our compensation committee acknowledged that, while the mix of equity awards remains highly performance based, at the same time the mix also provides retention strength.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

The Performance RSUs will be earned based on performance over a three-year period, and will be payable (or settled) in shares of our Class A common stock as soon as practicable following the date that the compensation committee determines and certifies the applicable level of performance achieved, subject to continued employment through such date. Dividend equivalents on the Performance RSUs accrue based on dividends declared and paid on our Class A common stock during the performance period, if any, which vest and are payable only on the number of shares actually earned at the end of the performance period.

Performance RSUs that vest based on an EPS goal will be earned based upon our achievement of a cumulative EPS goal of reported EPS, subject to adjustments as described below, for periods in the three-year performance period beginning on the date of grant, February 9, 2015, and ending on February 8, 2018, subject to the named executive officer's continued employment through the last date of the performance period and the date that the compensation committee determines and certifies the applicable level of performance achieved. The levels of EPS performance that will result in an award of the threshold, target or maximum number of shares under these Performance RSUs are as shown in the following table, with linear interpolation used in the event that the actual results do not fall directly on one of the performance levels. If the Company does not meet the EPS threshold set forth below, no shares would be eligible to vest on the date that the compensation committee determines and certifies the applicable level of performance achieved. In calculating whether an EPS performance goal has been achieved, the Company's reported EPS is adjusted to account for, among other things, non-cash, non-routine events, transaction expenses related to acquisitions, and net changes in fair value of acquisition-related contingent liabilities.

Three-Year Company		
Cumulative EPS		
Performance Level	Performance Goals	Attainment Percentage ⁽¹⁾
Threshold	\$ 6.00	50%
Target	\$ 6.50	75%
Maximum	\$ 7.00	100%

(1) Number of shares earned is calculated by multiplying the attainment percentage by the product of the target number of shares subject to award multiplied by $\frac{4}{3}$.

Our compensation committee selected EPS over a three-year period as a performance measure in order to provide an element of incentive compensation based on a long-term company performance goal focused on profitability of the Company and to encourage our executives to achieve our business plan objectives. The Performance RSUs that vest based on our EPS will be payable in shares of our Class A common stock to further align the compensation of the named executive officers with the interests of our stockholders.

Performance RSUs that vest based on a TSR performance goal will be earned based upon our achievement of a TSR that compares favorably against a peer group of companies (e.g., other publicly traded homebuilders selected by the compensation committee) over a three-year performance period beginning on the date of grant, February 9, 2015, and ending on February 8, 2018, subject to the named executive officer's continued employment through the date that the compensation committee determines and certifies the applicable level of performance achieved. The levels of relative TSR performance that will result in an award of the threshold, target or maximum number of shares under these Performance RSUs are as shown in the following table. (Not shown in the table is that, if the relative TSR performance falls within the 63rd to 75th Percentile, shares are earned at 125% of target.) If relative TSR performance is below the threshold, no shares would be eligible to vest on the date that the compensation committee determines and certifies the applicable level of performance achieved. The maximum performance level is limited to 100% of target if the TSR for the performance period is negative.

Three-Year Relative TSR		
Performance Level	Performance Goals	Attainment Percentage ⁽¹⁾
Threshold	33 rd to 49 th Percentile	50%
Target	50 th to 62 nd Percentile	100%
Maximum	Greater than 75 th Percentile	150%

Edgar Filing: Taylor Morrison Home Corp - Form DEF 14A

(1) Number of shares earned is calculated by multiplying the attainment percentage by the target number of shares subject to award.

The compensation committee selected relative TSR as a performance measure to align the compensation of the executive officers with the interests of our stockholders, and to encourage our executives and our Company's performance regardless of the trajectory of our peer group and the general market. The Performance RSUs that vest based on our relative TSR will be payable in shares of our Class A common stock to further align the compensation of the named executive officers with the interests of our stockholders.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

The compensation committee selected these two performance measures, EPS and relative TSR, for our 2015 long-term incentive program as it believes they best align with our current stockholder interests of strong returns and increased profitability per share. Additionally, the two metrics are assessed from both relative and absolute measurement approaches, thereby providing an internal and external performance perspective. Finally, the measures assess performance on a cumulative basis over three years, linking compensation opportunity to performance over an extended period.

The Service-based RSUs granted as part of the 2015 long-term incentive compensation program vest over a four-year period, with 33 1/3% of the grant vesting on each of the second, third and fourth anniversaries of the grant date, subject to continued employment through the applicable vesting date, and will be payable in shares of our Class A common stock. Dividend equivalents accrue on Service-based RSUs based on dividends declared and paid on our Class A common stock during the vesting period, if any, which vest and are payable in accordance with the vesting and payment of the underlying Service-based RSU award.

The nonqualified stock options granted as part of the 2015 long-term incentive compensation program vest over a four-year period, with 25% of the grant vesting on each of the first, second, third and fourth anniversaries of the grant date, subject to continued employment through the applicable vesting date. Stock options are granted at an exercise price equal to the fair market value (the closing price on the NYSE) of our Class A common stock on the grant date and have a term of ten years.

The table below shows the long-term incentive award opportunities established by the compensation committee relating to the 2015 long-term incentive compensation program:

Award Opportunity Under 2015 Long-Term Incentive Program

Name	Base Salary as of 2/9/15⁽¹⁾	Target as % of Base Salary	Target Long-Term Incentive Opportunity
Sheryl D. Palmer	\$ 900,000	350%	\$ 3,150,000
C. David Cone	\$ 460,000	150%	\$ 690,000
Darrell C. Sherman	\$ 397,500	125%	\$ 496,875

(1) Base salary is measured as of the first day of the performance period.

For further information on the 2015 long-term incentive awards granted to our named executive officers, see the Grants of Plan-Based Awards table.

New TMM Units and Holding Vehicle Performance Units

Certain of our directors and executive officers hold time-based vesting New TMM Units and Holding Vehicle Performance Units as a result of the conversion of certain profits interests in TMM in connection with our IPO. The New TMM Units and Holding Vehicle Performance Units retained the vesting schedule of, and relevant performance conditions applicable to, the outstanding profits interests they replaced. Both the vested and unvested New TMM Units and Holding Vehicle Performance Units are entitled to receive distributions, if any, from New TMM and/or the TPG and Oaktree Holding Vehicles, as applicable, but distributions (other than tax distributions) in respect of unvested New TMM Units are only delivered to the holder when, as, and if such units ultimately vest. The vesting and other terms applicable to the New TMM Units and Holding Vehicle Performance Units are contained in individual rollover award agreements and subject to the terms of the applicable plan documents.

Individuals who received New TMM Units in connection with our IPO also received a number of shares of our Class B common stock equal to the number of New TMM Units they received. Each share of Class B common stock paired with a New TMM Unit will be vested or unvested to the same extent as the New TMM Unit with which it is paired. There are no voting rights associated with the New TMM Units, whether vested or unvested, but each share of Class B common stock carries one vote, including both vested and unvested shares of Class B common stock. Management may exchange vested New TMM Units and the corresponding number of shares of our Class B common stock for shares of our Class A common stock on a one-for-one basis.

COMPENSATION DISCUSSION AND ANALYSIS**Other Program Attributes***Equity Ownership; Anti-Hedging Policy*

The compensation committee believes it is important for key members of our senior management team and directors to build and maintain a long-term ownership position in our Company, to further align their financial interests with those of our stockholders and to encourage the creation of long-term value. Our compensation structure for these individuals provides for a significant percentage of compensation to be equity-based, which places a substantial portion of compensation at risk over a long-term period. At this time, we do not have specific requirements or mandated levels of equity ownership for our executive officers because, in our view, our equity-based compensation programs and previously offered investment opportunities have to date resulted in management having a desirable level of direct ownership in our business. However, as noted above, we have an anti-hedging policy in place that is applicable to all employees (including our executive officers and directors), prohibiting purchases of our stock on margin, calls or similar options on our stock, or selling our stock short. See [Director Compensation Stock Retention Policy](#) for additional information relating to our equity ownership policy for non-employee directors.

Clawback Policies

Our equity-based awards provide that all vested equity-based awards will be forfeited by our executives automatically upon a breach by them of any of the post-employment restrictive covenants (e.g. non-competes) to which they are subject. The executive would also be responsible for damages suffered by us in connection with any such breach. We view this recovery of awards feature as a necessary element of our equity-based program as it deters competitive activities that would likely cause significant harm to our business.

In addition, if an equity plan participant receives an amount in excess of what should have been received under the terms of the award due to material noncompliance by the Company with any financial reporting requirement under the U.S. securities laws, any mistake in calculations or other administrative error, then the award will be cancelled with respect to any excess value, and the individual must promptly repay to us any such amount already received.

Under our bonus clawback policy, we may recover all or part of any incentive annual cash bonus compensation awarded or paid to these employees in the event that we determine that our financial results must be restated to correct an accounting error due to material financial restatement, where our board of directors determines that fraud or misconduct led to the need for such restatement and where cash bonuses paid for the years subject to restatement would have been materially lower.

In addition, we reserve the right to adopt any additional clawback policies as may be necessary to protect our compensation policies and objectives and as may be required by law, including mandates required by the Dodd-Frank Act.

Employee Benefits and Perquisites

We provide a number of benefit plans to all eligible employees, including our named executive officers. These benefits include programs such as medical, dental, life insurance, business travel accident insurance, short-and long-term disability coverage, a 401(k) defined contribution plan and home purchase rebate program providing employees with a 5% rebate on purchases of homes built by us.

Employees who have been with us since on or before December 31, 2010, including certain of our named executive officers, were eligible to accrue pension benefits under a cash balance pension plan, which was frozen to new accruals and participants as of December 31, 2010. Under this plan, prior to 2011, our predecessor contributed a specified percentage of each employee's salary each quarter (generally based on the participant's age) to the participant's account balance, and employees vested in their accounts after five years of service. For further information on pension benefits for our named executive officers, see the [Pension Benefits](#) table.

Perquisites for our named executive officers are limited to monthly auto allowances and, solely for Ms. Palmer, certain commuting expenses for her travel from her residence in Las Vegas, Nevada to our offices in Scottsdale, Arizona. Auto allowances may be available to our other employees either in an executive role or those employees whose positions require regular driving for business as an essential job function. While perquisites help to provide competitive total

COMPENSATION DISCUSSION AND ANALYSIS

compensation packages to the named executive officers in a cost-efficient manner by providing a benefit with a high perceived value at a relatively low cost, we do not generally view perquisites as a material component of our executive compensation program. In the future, we may provide additional or different perquisites or other personal benefits in limited circumstances, such as where we believe doing so is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective and for recruitment, motivation and/or retention purposes.

Employment Agreements, Severance Protection and Restrictive Covenant Agreements

Each of our named executive officers is party to an employment agreement with us, which specifies the terms of the individual's employment including certain compensation levels and is intended to assure us of the executive's continued employment and provide stability in our senior management team.

Each of the employment agreements between us and Messrs. Cone and Sherman provides that their employment under their respective agreements will continue in effect until terminated by us or by the named executive officer. The term of Ms. Palmer's employment agreement (dated July 13, 2011, and amended as of May 17, 2012), continued for three years through July 13, 2014, subject to automatic successive one-year extensions thereafter unless either party gives at least 90 days' prior notice that the term will not be extended, and under the terms of the employment agreement such term was automatically extended on July 13 of each of 2014 and 2015.

Ms. Palmer (subject also to the additional considerations described below) and Messrs. Cone and Sherman are each party to a restrictive covenant agreement, which includes an 18-month post-employment non-compete and non-solicit of customers and employees in connection with certain terminations of employment; however, for Messrs. Cone and Sherman, if termination is without cause by us or the executive resigns for good reason, the covenants apply only through the duration of the period in which the executive is receiving severance.

Pursuant to the employment agreements, we provide salary continuation and other benefits in the event of certain terminations of employment. A portion of the New TMM Units held by our named executive officers is also subject to accelerated vesting upon certain terminations of employment following a sale of New TMM (generally, a transaction where (1) more than 80% of the common units are acquired by a third party that is unrelated to the partnership, (2) the buyer acquires the right to replace the general partner of New TMM, or (3) all or substantially all of the assets are sold (including due to the sale of more than 80% of the equity of the subsidiaries holding such assets)). All options and RSUs held by our named executive officers are subject to accelerated vesting upon certain terminations of employment that occur within the 24-month period following a change in control of the Company. These payments and benefits are designed to provide financial security in the event of certain corporate transactions and/or termination of employment, as well as consideration for the executive's compliance with certain post-employment restrictive covenants. We believe these provisions help retain our executives who are critical to the success and operation of our business while also protecting important business objectives through restrictive covenants. See *Potential Payments upon Termination of Employment or Change in Control* for a discussion of severance and change in control payments payable to our named executive officers pursuant to their employment agreements.

In May 2012, we amended Ms. Palmer's employment agreement to provide her with an opportunity to receive a special retirement bonus of \$1,000,000 if she voluntarily terminates her employment with us after May 15, 2013 and does not resume employment in the homebuilding industry in any capacity for five years. If Ms. Palmer resumes employment in the homebuilding industry within five years of such voluntary termination, she will be required to repay the bonus to us. The purpose of providing this bonus was twofold: to retain Ms. Palmer's services through at least May 15, 2013 and to incentivize her not to directly compete with us, which could cause significant harm to our business.

In February 2016, our compensation committee determined that it was appropriate to amend each of the employment agreements of our leadership team, including our named executive officers, to conform the definition of *change in control* contained therein to the *change in control* definition contained in the 2013 Equity Plan (or any successor plan thereto). This allows the compensation committee to apply a uniform definition of *change in control* to both the employment agreements and the 2013 Equity Plan.

COMPENSATION DISCUSSION AND ANALYSIS

Accounting Matters

Each element of the compensation paid to our executives is expensed in our financial statements as required by U.S. generally accepted accounting principles. The financial statement impact of various compensation awards is an important factor that the compensation committee considers in determining the amount, form and design of each pay component for our named executive officers, but it is only one of many factors considered in setting such compensation.

Certain Tax Matters

Our compensation committee's general policy is that compensation should qualify as tax deductible to us for federal income tax purposes whenever possible, to the extent consistent with our overall compensation goals. Under Section 162(m) of the U.S. tax code, compensation paid to certain of our named executive officers (other than our chief financial officer) in excess of \$1 million per year is generally not deductible unless the compensation is performance-based as described in the regulations under Section 162(m). As a company that recently became public, we are permitted a transition period before the provisions of Section 162(m) become applicable to us (this transition period could last until the first meeting at which directors are elected that occurs following December 31, 2016), although in general we have structured our compensation programs in a manner intended to comply with Section 162(m). We believe it is important that our compensation committee retain flexibility and authority to adjust compensation as needed to address particular circumstances, or unexpected, unusual or non-recurring events, or to attract and retain key executive talent, even if this results in the payment of non-deductible compensation. Accordingly, our compensation committee may make payments that are not deductible if, in its judgment, such payments are necessary to achieve our compensation objectives and in the best interests of the Company and its stockholders.

Looking Ahead 2016 Compensation

At its February 2016 meeting, our compensation committee took the following actions with respect to 2016 compensation matters:

Base Salary. The compensation committee approved 2016 base salaries for the named executive officers. Ms. Palmer's base salary did not change, while Messrs. Cone's and Sherman's base salaries will increase to \$525,000 and \$425,000, respectively, effective April 2016.

Annual Cash Incentive Bonuses. The compensation committee approved the performance measures, consisting of EPS, Homebuilding Gross Margin, Backlog and Closings, and Customer Satisfaction, and the 2016 target annual bonus opportunities under our annual cash incentive bonus program. The target annual bonus opportunities did not change for Ms. Palmer or Mr. Sherman compared to their 2015 targets, while Mr. Cone's target bonus increased to 145% of base salary.

Long-Term Incentive Awards. The compensation committee determined that, like 2015, the annual equity grant to our named executive officers for 2016 should include a mix of options, Service-based RSUs and Performance RSUs in the same proportions as granted in 2015. Service-based RSUs and nonqualified stock options awarded as part of the 2016 long-term incentive program will vest over a four-year period in the same proportions as those granted in 2015, while Performance RSUs will vest over a three-year period subject to meeting various cumulative EPS and relative TSR goals similar to those established in connection with the 2015 grant. The 2016 target award opportunities under our long-term incentive program did not change compared to 2015 for the named executive officers other than for Mr. Cone. Mr. Cone's target award opportunity increased from 150% of base salary to 200% of base salary.

Our compensation committee's decision to increase the compensation of Messrs. Cone and Sherman reflects its consideration of each executive's overall performance, compensation, and its desire to reward and retain key members of our leadership team by maintaining a level of compensation that is competitive.

(1) The amounts shown in this column are the aggregate grant date fair values, assuming no risk of forfeiture, calculated in accordance with FASB ASC Topic 718 for Performance RSUs and Service-based RSUs granted during the applicable year.

The grant date fair value of the Performance RSUs to be earned based on EPS performance over three years was calculated using the fair market value on the date of grant multiplied by the target number of shares that may be earned. The amount reported for Performance RSUs in the table represents the grant date fair value as calculated in accordance with accounting guidance and assumes target performance. The following amounts represent the maximum potential EPS Performance RSU value by individual for 2015, determined at the time of grant (100% of the maximum EPS): Ms. Palmer \$787,503, Mr. Cone \$172,522 and Mr. Sherman \$124,236.

The grant date fair value of the Performance RSUs to be earned based on three-year relative TSR performance was calculated using a Monte Carlo simulation fair value on the date of grant multiplied by the target number of shares that may be earned. The amount reported for Performance RSUs in the table represents the grant date fair value as calculated in accordance with accounting guidance and assumes target performance. The following amounts represent the maximum potential TSR Performance RSU value by individual for 2015, determined at the time of grant (150% of the target award): Ms. Palmer \$1,116,295, Mr. Cone \$244,526 and Mr. Sherman \$176,106.

The grant date fair value of the Service-based RSU awards was calculated using the closing price of our Class A common stock on the date of grant multiplied by the number of shares underlying the Service-based RSU award.

The assumptions used in the valuation of stock-based awards are discussed in Note 15 to our Audited Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2015.

(2) The stock-based compensation amounts shown in this column reflect the aggregate grant date fair value, assuming no risk of forfeiture, of stock option awards granted during 2015 and 2013 calculated in accordance with FASB ASC 718. We use the Black-Scholes option pricing model to estimate the fair value of stock options granted, which requires the input of both subjective and objective assumptions. The assumptions used in the valuation of stock-based awards are discussed in Note 15 to our Audited Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended

- (1) Under our annual cash incentive bonus program, each named executive officer is eligible to receive an annual cash incentive bonus for the fiscal year, the amount of which will vary depending on the degree of attainment of certain performance goals, as described in Compensation Discussion and Analysis Key Elements of Executive Compensation Program Annual Cash Incentive Bonuses. This column shows the potential amount of the bonus if performance goals were attained at certain threshold, target or stretch (maximum) levels.
- (2) Amounts reflect the Performance RSUs granted under our 2015 long-term incentive program. Performance RSUs will be eligible to vest at the end of the three-year performance period, based upon the company's performance against its cumulative EPS goals and relative TSR goals, subject to the named executive officer's continued employment through the performance period and the date that the compensation committee determines and certifies the applicable level of performance achieved. The threshold amounts shown reflect the number of shares which would be delivered assuming that threshold attainment was met for the performance goals. The maximum amounts shown assume maximum attainment against performance goals. Performance RSUs accrue dividend equivalent units, but these equivalents are ultimately delivered to the recipient only to the extent that the underlying awards vest based upon performance. Please refer to the Compensation Discussion and Analysis Key Elements of Executive Compensation Program Long-Term Incentives Equity Based 2015 Equity Awards for additional information.
- (3) Amounts in this column show the grant date fair value of the stock options, Service-based RSU awards and Performance RSU awards granted to our named executive officers. Please refer to footnotes (1) and (2) under the Summary Compensation Table for additional information.
- (4) Amounts represent grants of stock options, Service-based RSUs and Performance RSUs with respect to our annual long-term incentive plan.
- (5) Performance RSUs which vest subject to our EPS.
- (6) Performance RSUs which vest subject to our relative TSR.

(1) Calculated using the NYSE closing price of \$16.00 per share of our Class A common stock on December 31, 2015, the last business day of 2015.

(2) The remaining unvested portion of these stock options vest and become exercisable ratably in three equal installments on each of April 12, 2016, 2017 and 2018, subject to continued employment on the applicable vesting date.

(3) These stock options vest and become exercisable ratably in four equal installments of 25% on each of the first, second, third and fourth anniversaries of February 9, 2015, subject to continued employment on the applicable vesting date.

(4) Includes the number of shares of our Class A common stock represented by unvested RSUs granted in connection with our IPO. These RSUs are subject to both time-based and performance-based vesting conditions. They generally vest in four equal installments of 25% on each of the first, second, third and fourth anniversaries of April 12, 2013, subject to continued employment on the applicable vesting date and satisfaction of the performance condition. The performance condition is satisfied only if the weighted average price (after reduction for underwriting discount and commissions) at which the Principal Equityholders have actually sold their New TMM Units or shares of Class A common stock, exceeds the gross price per share of the Class A common stock sold in our IPO, it being understood that (i) all sales by the Principal Equityholders through December 31, 2015 will be included (including sales of New TMM Units as part of the synthetic secondary component of the IPO) and (ii) the performance condition will be satisfied the first time prior to December 31, 2015 that the weighted-average price per New TMM Unit (or share of Class A common stock) actually sold by the Principal Equityholders, after reduction for

Edgar Filing: Taylor Morrison Home Corp - Form DEF 14A

underwriting discount and commissions, exceeds the applicable threshold. We have assumed for purposes of this disclosure that the performance condition would have been satisfied if the Principal Equityholders sold their New TMM Units or shares of Class A common stock as of December 31, 2015. However, as noted above, the performance condition was not in fact satisfied and all of these RSUs were forfeited as of December 31, 2015. For a description of the material terms of these awards, see Compensation Discussion and Analysis Key Elements of Executive Compensation Program Long-Term Incentives Equity-Based New TMM Units and Holding Vehicle Performance Units.

- (5) Service-based RSUs will vest ratably in three substantially equal installments of 33 1/3% on each of the second, third and fourth anniversaries of February 9, 2015, subject to continued employment on the applicable vesting date.
- (6) Performance RSUs are tied to achievement of three-year performance goals for the February 9, 2015 through February 8, 2018 performance period. Amounts reflect the target number of shares that could vest as of the end of the performance period. Assuming the performance conditions are satisfied and certified, Performance RSUs will vest and will be paid (or settled) as soon as practicable after the compensation committee certifies the achievement of the performance goal.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

- (7) Ms. Palmer's New TMM Units vest as follows, subject to her continued employment through the applicable vesting date: (i) approximately 11,374 New TMM Units on each of June 29, 2016 and 2017 and (ii) approximately 90,562 New TMM Units on July 13, 2016. Mr. Cone's New TMM Units vest as follows, subject to his continued employment through the applicable vesting date: (i) approximately 15,600 New TMM Units on each of October 15, 2016 and 2017 and (ii) approximately 3,641 New TMM Units on each of December 7, 2016 and 2017. Mr. Sherman's New TMM Units vest as follows, subject to his continued employment through the applicable vesting date: (i) approximately 3,981 New TMM Units on each of June 29, 2016 and 2017 and (ii) approximately 22,640 New TMM Units on July 13, 2016.
- (8) The value of the unvested New TMM Units is calculated using the NYSE closing price of \$16.00 per share of our Class A common stock on December 31, 2015.
- (9) Represents the aggregate number of unvested Holding Vehicle Performance Units granted. Holding Vehicle Performance Units will vest in full or partially vest based on the cash return received by the Principal Equityholders as of the date of determination, subject to and conditioned on the holder's continuous employment through the applicable vesting date.
- (10) There was no public market for the Holding Vehicle Performance Units as of December 31, 2015. The value of the unvested Holding Vehicle Performance Units is calculated using the NYSE closing price of \$16.00 per share of our Class A common stock on December 31, 2015 (the last business day of 2015 on which there were sales of shares) and assumes that the Principal Equityholders sold their remaining equity interests in the Company without any transaction costs or offering discount.

Option Exercises and Stock Vested Table

The following table provides information concerning the vesting of equity awards during 2015 on an aggregated basis for each of our named executive officers. While our named executive officers vested in New TMM Units during 2015, the value realized on vesting is an approximate value determined as of the date of vesting, however, no amounts were actually realized by our named executive officers as each such individual continues to hold the New TMM Units as they are not currently transferrable. None of the stock options or RSUs that were granted to our named executive officers in 2013 were exercised or vested and paid (settled), respectively, in 2015.

- (2) 90,562 New TMM Units vested as of July 13, 2015, and 11,374 New TMM Units vested as of June 29, 2015. The value realized on vesting is based on the closing price of a share of our Class A common stock as of the applicable vesting date, \$20.63 and \$20.66, respectively.
- (3) 15,600 New TMM Units vested as of October 15, 2015, and 3,641 New TMM Units vested as of December 7, 2015. The value realized on vesting is based on the closing price of a share of our Class A common stock as of the applicable vesting date, \$19.22 and \$16.91, respectively.
- (4) 22,640 New TMM Units vested as of July 13, 2015, and 3,981 New TMM Units vested as of June 29, 2015. The value realized on vesting is based on the closing price of a share of our Class A common stock as of the applicable vesting date, \$20.63 and \$20.66, respectively.

COMPENSATION DISCUSSION AND ANALYSIS

(2) These amounts represent the actuarial present value of the total retirement benefit that would be payable to each respective named executive officer under the Taylor Morrison Cash Balance Pension Plan as of December 31, 2015. The following key actuarial assumptions and methodologies were used to calculate the present value of accumulated benefits under the Taylor Morrison Cash Balance Pension Plan: a discount rate of 4.15% and RP-2014 Mortality Tables with MP-2015 projection scale.

Pension benefits are provided to our named executive officers under the following plan, The Taylor Morrison Cash Balance Pension Plan (the Pension Plan). Effective December 31, 2010, the Pension Plan was frozen as to new participants and future accruals. Ms. Palmer was the only named executive officer eligible for early retirement under the Pension Plan for 2015.

The following table is an overview of the current terms and provisions of the frozen Pension Plan.

	Pension Plan
Purpose	To provide a retirement benefit for eligible employees in recognition of their contributions to the overall success of our business.
Eligibility	U.S. salaried and hourly employees, including the named executive officers. The Pension Plan was frozen effective December 31, 2010. Employees hired January 1, 2011 or later are not eligible to participate in the Pension Plan.
Retirement Date & Early Retirement Date	<i>Normal Retirement:</i> The first day of the month coinciding with or next following the participant's 6 th birthday, or if later the participant's fifth anniversary of joining the Pension Plan. <i>Early Retirement:</i> The first day of the month coinciding with or next following the date that participant attains age 50, and has completed at least five years of service with us.
Pension Formula	<i>Normal Retirement:</i> Quarterly credits based on the employee's age and eligible compensation (including regular compensation for services, commissions, bonuses, leave cash-outs, deferred compensation, but excluding separation payments), with the size of our contributions increasing based on the participant's age. Our contributions range from 2% to 4% of eligible compensation, plus 1% of eligible compensation over the social security wage base. As of December 31, 2010, the Pension Plan was frozen with regard to pay credits.
Form of Benefit	<i>Early Retirement:</i> Same as normal retirement, however, if the participant elects to receive payments as of the early retirement date, the benefit will be equal to the actuarial equivalent of the normal retirement benefit. <i>Normal Retirement:</i> Paid as a monthly pension commencing on the participant's retirement date and continuing for the participant's life, with survivor benefits following the participant's death continuing to the participant's spouse during the spouse's life at a rate equal to 50% of the rate at which such benefits were payable to the participant (i.e., a joint and 50% survivor annuity). A participant who is unmarried at the time benefits become payable under the Pension Plan shall be entitled to a monthly pension continuing for the participant's life. However, the form of distribution of such benefit shall be determined pursuant to the provisions of the pension plan (i.e., one lump-sum cash payment, monthly pension payable over the life of the participant, etc.). <i>Early Retirement:</i> Same as normal retirement.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****Potential Payments Upon Termination of Employment or Change in Control**

The following summaries and tables describe and quantify the potential payments and benefits that we would provide to our named executive officers in connection with termination of employment and/or change in control. In determining amounts payable, we have assumed in all cases that the termination of employment and/or change in control occurred on December 31, 2015. The amounts that would actually be paid to our executive officers upon a termination of employment will depend on the circumstances and timing of termination or change in control.

Severance Benefits

Ms. Palmer. If Ms. Palmer resigns for good reason or if we terminate her employment without cause (including our election not to renew her employment agreement), Ms. Palmer will be entitled to receive the following payments and benefits, subject to her execution of a release of claims against us and her continued compliance with her post-employment restrictive covenants:

cash severance equal to two and a half times her base salary, payable in equal installments over a thirty-month period in accordance with our standard payroll practices;

a prorated annual bonus for the fiscal year in which her employment terminates, payable in a lump sum and based on actual performance for the year (determined by the board of directors of Taylor Morrison Holdings following completion of the performance year and paid at the same time as other executives participating in the applicable plan); and

the employer's portion of Ms. Palmer's COBRA premiums for up to thirty months following her date of termination of employment or such shorter period if she becomes eligible to receive comparable coverage under another employer plan.

Solely in the event that a qualifying termination occurs within the twenty-four month period following a change in control, in addition to the severance payments and benefits described above, Ms. Palmer will be entitled to receive a cash payment equal to two and a half times her target bonus for the then current fiscal year payable in equal installments over the thirty-month period.

In 2012, we also amended Ms. Palmer's employment agreement to provide her with an opportunity to receive a special retirement bonus in the amount of \$1,000,000, if, after May 15, 2013, she voluntarily terminates her employment from the homebuilding industry and does not resume employment in the industry in any capacity for a period of five years following such departure. The special retirement bonus is payable in equal installments over the period that the first \$1,000,000 in cash severance would have otherwise been payable if Ms. Palmer resigned for good reason or if we had terminated her employment without cause. In the event that Ms. Palmer resumes employment in the homebuilding industry within such five-year period, she will be required to repay the special retirement bonus to us. The purpose of providing Ms. Palmer this retirement bonus is twofold: retention of her services through at least May 15, 2013 and to deter her from directly competing with us for a period of five years following any such departure which could cause significant harm to our business.

Termination of Ms. Palmer for cause generally means (i) a material breach by Ms. Palmer of her employment agreement, any equity agreement or any of our policies (subject to up to a 15-day period to cure such breach or failure if reasonably susceptible to cure); (ii) Ms. Palmer's gross negligence or willful misconduct, which is injurious to us; or (iii) Ms. Palmer's commission of a felony or other crime involving dishonesty, fraud, breach of any fiduciary obligation to the board of directors or any equity holder, or unethical business conduct.

Resignation by Ms. Palmer for good reason generally means (i) any material diminution in the nature or status of Ms. Palmer's duties and responsibilities, (ii) any material diminution in Ms. Palmer's base salary or bonus opportunity, other than a decrease in base salary or bonus opportunity that applies to a similarly situated class of employees, or (iii) a change of Ms. Palmer's principal place of business to a location more than 50 miles from its then present location; provided, that Ms. Palmer provides us with written notice of any fact or circumstance believed by her to constitute good reason within 90 days of the occurrence of such fact or circumstance, and subject to a 30-day period to cure such fact or circumstance.

Edgar Filing: Taylor Morrison Home Corp - Form DEF 14A

Prior to amendment in February 2016, a change in control generally included: an acquisition in excess of 80% of the stock of Taylor Morrison, Inc. (which includes a merger and sale or transfer of equity interests), an acquisition in excess of 80% of the equity interests in Taylor Morrison, Inc.'s subsidiaries, the acquisition of the power to replace a majority of the members of the board of directors, or the sale of all or substantially all of Taylor Morrison, Inc.'s and its subsidiaries' assets.

COMPENSATION DISCUSSION AND ANALYSIS

After the February 2016 amendment, a change in control has the same meaning contained in the 2013 Equity Plan (or any successor plan thereto).

Ms. Palmer is also subject to a restrictive covenants agreement in which she has agreed, among other things, not to compete with us for 18 months following (i) a termination of employment by us (other than for cause) or by Ms. Palmer for good reason, (ii) upon voluntary termination of employment or (iii) termination by us for cause.

Messrs. Cone and Sherman. The employment of Messrs. Cone and Sherman may be terminated by us or by the executive at any time, with or without cause. Pursuant to each such executive's employment agreement, the executive is entitled to receive severance benefits upon termination by us without cause at any time or upon resignation for good reason following a change in control. Upon an eligible termination, the terminated executive will be entitled to continued payment of base salary for 12 months, payable in 26 equal installments in accordance with our standard payroll practices, a prorated annual bonus for the year of termination payable in a lump sum at the same time as annual bonuses are otherwise paid to our other employees, and company-paid COBRA premiums for continued participation in our welfare plans for up to one year or such shorter period if the executive becomes eligible for coverage under another group program. The executive's entitlement to these severance payments and benefits is generally conditioned on continued compliance with obligations not to solicit our employees, customers or suppliers and execution of a general release of all claims against us.

Resignation for good reason includes a change in control combined with either: (i) a material and adverse change in the executive's level, scope of duties and responsibilities or total compensation; or (ii) a relocation of more than 50 miles of the executive's principal place of employment; provided that, in each case, notice of resignation is delivered to us within 30 days of such occurrence in the case of Mr. Sherman or 20 days in the case of Mr. Cone.

Termination for cause generally includes any of the following actions by the executive: (i) conviction, guilty plea or confession to any felony, act of fraud, theft or embezzlement; (ii) malfeasance, negligence or intentional failure to perform duties that is not cured after 5 days of receipt of notice from us; or (iii) failure to comply with our employment policies, a failure to comply with the executive's agreement, or deviation from any of our employee policies or directives of the board of directors.

Prior to the amendment in February 2016, a change in control for Mr. Sherman generally included: the sale of all of the assets of Taylor Morrison, Inc.; sale of over 50% of the voting stock in Taylor Morrison, Inc. or any parent entity that controls Taylor Morrison, Inc.; or merger of Taylor Morrison, Inc. or its controlling parent entity.

Prior to the amendment in February 2016, a change in control for Mr. Cone generally included: an acquisition in excess of 80% of the stock of TMM (which includes a merger and sale or transfer of equity interests), an acquisition in excess of 80% of the equity interests in TMM's subsidiaries, the acquisition of the power to replace a majority of the members of the general partner of TMM Holdings Limited Partnership or the sale of all or substantially all of TMM and its subsidiaries' assets.

Following the amendment in February 2016, a change in control for both Mr. Sherman and Mr. Cone has the same meaning contained in the 2013 Equity Plan (or any successor plan thereto).

Each of Messrs. Cone and Sherman is also subject to a restrictive covenants agreement in which he has agreed, among other things, not to compete with us for 18 months following (i) a termination of employment by us (other than for cause) or by the executive for good reason, provided that we are paying the executive severance, (ii) upon voluntary termination of employment or (iii) termination by us for cause.

Treatment of Equity Awards upon Termination (Not in Connection with a Change in Control). Under the terms of our 2013 Equity Plan and the award agreements for awards issued thereunder, upon any termination of employment, whether with or without cause or good reason, or by reason of an employee's death or disability, unvested options and RSUs (both Service-based RSUs and Performance-based RSUs) are forfeited for no consideration. Vested options may be exercised for a period of 90 days following a termination without cause or for good reason, and for a period of one year following a termination by reason of death or disability. If an employee is terminated for cause, all of the employee's options, whether vested or unvested, expire immediately upon termination. Under the terms of the applicable plan document and award agreements, upon any termination of employment, whether with or without cause or good reason, or by reason of an employee's death or disability, unvested New TMM Units and unvested Holding Vehicle Performance Units are forfeited for no consideration, and if terminated for cause all such units, whether vested or unvested, are forfeited for no consideration.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS***Change in Control Benefits*

We do not provide our named executive officers with any single-trigger change in control payments or benefits. If a change in control were to have occurred on December 31, 2015, and our named executive officers remained employed by us, there would have been no payments due to our named executive officers under any of our plans. Each named executive officer's Holding Vehicle Performance Units will only vest (in full or in part) based on the cash return received by the Principal Equityholders as of the date of determination, subject to and conditioned on such named executive officer's continued employment through the applicable vesting date, whether or not in connection with a change in control.

Each named executive officer's New TMM Units that are subject only to time-based vesting conditions will become 100% vested in connection with any termination by us without cause or by the executive for good reason (excluding, for the avoidance of doubt, a termination by reason of death or disability) (each as defined in the relevant award agreement) that occurs within 24 months following a change in control. For purposes of the vesting of New TMM Units, a change in control is generally defined as: (i) a sale of 80% or more of the equity of New TMM or a subsidiary if such subsidiary holds substantially all of the assets of New TMM and its subsidiaries; (ii) a sale of substantially all of the assets of New TMM and its subsidiaries; or (iii) a transfer pursuant to which the acquirer has power to replace New TMM's general partner.

Each named executive officer's outstanding stock options shall become immediately vested and exercisable and outstanding Service-based RSU awards will become 100% vested in connection with a termination by us without cause or by the executive for good reason (excluding, for the avoidance of doubt, a termination by reason of death or disability) (each as defined in the relevant award agreement) that occurs within 24 months following a change in control (as defined in the 2013 Equity Plan). For RSU awards subject to a performance condition, the performance period is deemed to end on the date of the change in control and the compensation committee may, in its discretion, determine to what extent any applicable performance goals have been met and/or cause the award to be paid in full or in part.

No named executive officer has any right to receive a gross up for any excise tax imposed by Section 4999 of the U.S. Internal Revenue Code, or any other U.S. federal, state and local income tax.

Calculations of Benefits to Which Executives Would be Entitled

Assuming no change in control had occurred and termination of employment occurred on December 31, 2015, the dollar value of the payments and other benefits to be provided to each of the named executive officers are estimated to be as follows:

Estimated Payments and Benefits upon Termination without Cause Assuming No Change in Control had Occurred

Name	Salary Continuation	Prorated Bonus ⁽³⁾	Continued Benefits ⁽⁴⁾	Other Compensation	TOTAL
Sheryl D. Palmer ⁽¹⁾	\$ 2,500,000 ⁽²⁾	\$ 1,179,450	\$ 36,719		\$ 3,716,169
C. David Cone	\$ 500,000 ⁽⁵⁾	\$ 491,438	\$ 22,374		\$ 1,013,812
Darrell C. Sherman	\$ 410,000 ⁽⁵⁾	\$ 402,979	\$ 22,374		\$ 835,353

(1) In the case of Ms. Palmer, these amounts are payable also if she terminates her employment with us for good reason.

(2) If Ms. Palmer's employment would have been terminated without cause or she had resigned for good reason, her base severance amount is two and a half times her base salary (\$1,000,000). In the event Ms. Palmer voluntarily terminates employment in connection with her retirement from the homebuilding industry, in lieu of the salary continuation, prorated bonus and continued benefits payments set forth above, we will pay her a special retirement bonus equal to \$1,000,000, which is payable in equal installments.

(3) Pursuant to their respective employment agreements, each of our named executive officers is entitled to a prorated annual bonus for the fiscal year in which employment terminates. For purposes of this table, we have calculated the bonuses assuming that each named executive officer would have received his or her annual bonus based on the actual performance results under our 2015 annual bonus program. We have assumed that the financial targets in the 2015 annual bonus program were able to be determined as of December 31, 2015. The annual target bonus percentages for 2015 for the named executive officers

Edgar Filing: Taylor Morrison Home Corp - Form DEF 14A

were as follows: Ms. Palmer 150%, Mr. Cone 125%, and Mr. Sherman 125%.

- (4) These amounts reflect the estimated COBRA premiums for the executives and their respective eligible dependents enrolled (if any) in any then existing group health plans for one year (or in the case of Ms. Palmer, 30 months) as required by their respective employment agreements and assumes that the executive does not become eligible for other health coverage.
- (5) Pursuant to their respective employment agreements, each of Messrs. Cone and Sherman is entitled to an amount equal to one times his respective base salary.

Assuming a change in control and termination of employment occurred on December 31, 2015, the dollar value of the payments and other benefits to be provided to each of the named executive officers are estimated to be as follows:

Estimated Payments and Benefits upon Termination without Cause or for Good Reason in Connection with a Change in Control

Name	Salary Continuation	Prorated Bonus ⁽¹⁾	Continued Benefits ⁽²⁾	Other Compensation	Equity Value ⁽³⁾	Vesting of Options & RSU Awards ⁽⁴⁾	TOTAL
Sheryl D. Palmer	\$ 2,500,000 ⁽⁵⁾	\$ 1,179,450	\$ 36,719	\$ 3,750,000 ⁽⁶⁾	\$ 5,162,681	\$ 2,620,848	\$ 15,249,698
C. David Cone	\$ 500,000 ⁽⁷⁾	\$ 491,438	\$ 22,374		\$ 1,207,198	\$ 577,168	\$ 2,798,178
Darrell C. Sherman	\$ 410,000 ⁽⁷⁾	\$ 402,979	\$ 22,374		\$ 1,363,681	\$ 501,024	\$ 2,700,058

- Pursuant to their respective employment agreements, each of our named executive officers is entitled to a prorated annual bonus for the fiscal year in which employment terminates. For purposes of this table, we have calculated the bonuses assuming that each named executive officer would have received his or her annual bonus based on the actual performance results under our 2015 annual bonus program. We have assumed that the financial targets in the 2015 annual bonus program were able to be determined as of December 31, 2015. The annual target bonus percentages for 2015 for the named executive officers were as follows: Ms. Palmer 150%, Mr. Cone 125%, and Mr. Sherman 125%.
- These amounts reflect the estimated COBRA premiums for the executives and their respective eligible dependents enrolled (if any) in any then existing group health plans for one year (or in the case of Ms. Palmer, 30 months) as required by their respective employment agreements.
- Values in this column reflect values relating to both the New TMM Units and the Holding Vehicle Performance Units, and have been calculated using the NYSE closing price of our Class A common stock on December 31, 2015, which was \$16.00. In accordance with the terms of the New TMM Unit awards, the vesting of all of the individual's New TMM Units (and corresponding shares of our Class B common stock that have voting, but not economic rights) subject only to time-based vesting conditions would have accelerated and become vested as of the date of termination of employment and change in control. The value of our named executive officers' unvested New TMM Units included in the figures reported in this column are as follows: Ms. Palmer \$1,812,960, Mr. Cone \$615,712, and Mr. Sherman \$489,632. To calculate the values of the Holding Vehicle Performance Units, we have assumed that the Principal Equityholders sold their remaining equity interests in us without any transaction costs or offering discount as of December 31, 2015. The value of our named executive officers' Holding Vehicle Performance Units represented by the figures in this column are as follows: Ms. Palmer \$3,349,721, Mr. Cone \$591,486, and Mr. Sherman \$874,049.
- Represents the in-the-money value of unvested stock options and unvested RSUs associated with the acceleration of the vesting of equity awards. In the case of RSUs, the value was based on the NYSE closing price of our Class A common stock on December 31, 2015, which was \$16.00 and, in the case of options, was based on the difference between such closing price and the exercise price of the option. For performance-based RSUs we have assumed that the target performance goal was achieved and certified. We have assumed for purposes of this disclosure that return to our Principal Equityholders in connection with any such change in control would have been sufficient to satisfy the RSUs' performance condition, although the RSUs granted in connection with our IPO were ultimately forfeited. The value of each named executive officers' unvested stock options included in the figures in this column is \$0, because the options held by each named executive officer had no intrinsic value as of December 31, 2015, because the exercise price of their options exceeded the closing market price of our Class A common stock on such date.
- If Ms. Palmer's employment would have been terminated without cause or she had resigned for good reason within the 24-month period following a change in control, her base severance amount is two and a half times her base salary (\$1,000,000). However, in the event Ms. Palmer voluntarily terminates employment in connection with her retirement from the homebuilding industry (whether in connection with a change in control or otherwise), she would not be entitled to the salary continuation, prorated bonus and continued benefits payments as set forth in the chart above, and instead we will pay her a special retirement bonus equal to \$1,000,000 which is payable in equal installments. None of Ms. Palmer's unvested equity awards by their terms would vest upon her retirement from the homebuilding industry following a change in control.
- This amount reflects two and a half times the product of Ms. Palmer's target annual bonus percentage (150%) multiplied by Ms. Palmer's base salary (\$1,000,000), as payable pursuant to her employment agreement, to the extent she would have been terminated either by us without cause or she had resigned for good reason during the 24-month period following a change in control. This amount would be payable in equal installments over a 30-month period.
- Pursuant to their respective employment agreements, Messrs. Cone and Sherman are entitled to an amount equal to one times the named executive officer's base salary.

PROPOSAL 2: ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS (SAY ON PAY)

Proposal 2: Advisory Vote to Approve the Compensation of our Named Executive Officers (Say on Pay)

Pursuant to Section 14A of the Exchange Act, we are asking our stockholders to vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers, commonly referred to as the say-on-pay vote. In accordance with the requirements of the SEC, we are providing our stockholders with an opportunity to express their views on our named executive officers' compensation. Although this advisory vote is nonbinding, our board of directors and compensation committee will review and consider the voting results when making future decisions regarding our named executive officer compensation and related executive compensation programs.

As described in more detail in the Compensation Discussion and Analysis, our executive compensation program is designed to have the following attributes:

A balanced mix of short-term cash compensation and long-term equity-based compensation;

Forfeiture of equity awards upon violation of certain post-employment restrictive covenants;

Use of multiple performance measures with no guaranteed incentive payouts;

Limitations on the amount of awards that can be made under our equity incentive plans;

Consideration of external market data and use of an independent compensation consultant when designing compensation programs;

An anti-hedging policy applicable to all employees (including our executive officers and directors) that prohibits purchases of our stock on margin, calls or similar options on our stock, or selling our stock short;

An appropriate level of severance protection to ensure continuity of service;

No single-trigger change in control parachute payment features in any of our programs;

No gross ups for any excise or other penalty taxes related to compensation paid;

Clawback of certain cash and equity incentive compensation; and

A modest use of perquisites, which do not make up a material portion of the compensation and benefits provided to our named executive officers.

Edgar Filing: Taylor Morrison Home Corp - Form DEF 14A

We encourage stockholders to read the Compensation Discussion and Analysis in this Proxy Statement, which describes the processes our compensation committee used to determine the structure and amounts of the compensation of our named executive officers in 2015 and how our executive compensation philosophy, policies and procedures operate and are designed to achieve our compensation objectives. The compensation committee and our board of directors believe that our executive compensation strikes the appropriate balance between utilizing responsible, measured pay practices and effectively incentivizing our named executive officers to dedicate themselves fully to value creation for our stockholders. We intend to conduct future advisory votes on the compensation of our named executive officers every year.

Accordingly, we ask our stockholders to vote FOR the following resolution at the Annual Meeting:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation of our named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and any other related disclosure in this Proxy Statement.

The proposal will be approved by the affirmative vote of a majority of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote. Abstentions will have the effect of voting against the proposal, and broker non-votes will have no effect on the outcome of the proposal.

The Board of Directors Recommends a Vote FOR the Advisory Resolution to Approve the Compensation of our Named Executive Officers.

PROPOSAL 4: APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE TAYLOR MORRISON HOME CORPORATION 2013

OMNIBUS EQUITY AWARD PLAN

Proposal 4: Approval of the Amendment and Restatement of the Taylor Morrison Home Corporation 2013 Omnibus Equity Award Plan

General

At the Annual Meeting, our stockholders will be asked to approve the amendment and restatement of the Taylor Morrison Home Corporation 2013 Omnibus Equity Award Plan (the 2013 Plan, and when referred to herein as proposed to be amended and restated, the Amended Plan).

On April 7, 2016, our Board adopted, subject to stockholder approval, the Amended Plan. A copy of the Amended Plan is attached to this proxy statement as Appendix A.

We are seeking stockholder approval of the performance criteria and other performance-based provisions under the Amended Plan, so that compensation in respect of awards made under the Amended Plan based on the performance criteria set forth in the Amended Plan that are intended to qualify as performance-based compensation may be deductible by the Company. The performance criteria under the Amended Plan are generally consistent with the performance criteria under the current 2013 Plan, but have been modified to include a few additional performance-related measures.

The Amended Plan permits certain equity and other performance-based awards (including cash awards) that may be granted to be considered qualified performance-based compensation as defined under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Section 162(m) of the Code limits the deductibility of compensation in excess of \$1 million paid by a publicly traded corporation to certain covered employees unless it is qualified performance-based compensation. Under Section 162(m) of the Code, the grant by a committee of outside directors of stock options and stock appreciation rights at a price no less than fair market value on the grant date under a stockholder-approved plan that expressly limits the amount of such grants that can be made to any individual employee over a specified period of time is considered qualified performance-based compensation. Additionally, grants of other performance-based awards are deemed qualified performance-based compensation if at least three conditions are satisfied: (i) the compensation must be payable on account of the attainment of one or more pre-established, objective performance goals; (ii) the material terms of the compensation and the performance goals must be disclosed to and approved by stockholders before payment; and (iii) a committee of the Board that is comprised solely of two or more outside directors must certify that the performance goals have been satisfied before payment. As a company that recently became public, we are permitted a transition period before the provisions of Section 162(m) of the Code become applicable to us (this transition period could last until the first meeting at which directors are elected that occurs following December 31, 2016), although in general we have structured our compensation programs in a manner intended to comply with Section 162(m) of the Code and are seeking shareholder approval of the material terms of the performance-based compensation and performance goals in accordance with Section 162(m) of the Code. Notwithstanding the adoption of the Amended Plan and its submission to stockholders, we reserve the right to pay our employees, including recipients of awards under the Amended Plan, amounts which may or may not be deductible under Section 162(m) or other provisions of the Code, and there can be no guarantee that performance-based awards will be treated as qualified performance-based compensation under Section 162(m) of the Code. We believe it is important that our Compensation Committee of the Board (the Compensation Committee) retain flexibility and authority to adjust compensation as needed to address particular circumstances, or unexpected, unusual or non-recurring events, or to attract and retain key executive talent, even if this results in the payment of non-deductible compensation.

As of the Record Date, there were a total of 4,041,631 shares of our Class A common stock subject to outstanding awards under the 2013 Plan and 3,902,734 remaining shares of our Class A common stock reserved for issuance under the 2013 Plan. We are seeking stockholder approval of the Amended Plan to allow for the tax deductibility of awards granted under Amended Plan pursuant to Section 162(m) of the Code. If our stockholders approve the Amended Plan, the Amended Plan will be effective as of May 25, 2016. If our stockholders do not approve the Amended Plan, the 2013 Plan will remain in effect in its current form.

A copy of the Amended Plan is attached to this proxy statement as Appendix A.

**PROPOSAL 4: APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE TAYLOR MORRISON HOME CORPORATION 2013
OMNIBUS EQUITY AWARD PLAN**

Reasons Why You Should Vote in Favor of this Proposal

Our Board recommends a vote **FOR** the approval of the Amended Plan because it believes that the Amended Plan is in the best interests of the Company and its stockholders for the following reasons:

Performance based. The Amended Plan enables us to provide performance-based compensation awards that are intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code.

Attracts and retains talent. Talented executives and employees are essential to executing our business strategies. The purpose of the Amended Plan is to promote the success of the Company by giving the Company a competitive edge in attracting, retaining and motivating key personnel and providing participants with a plan that provides incentives directly related to increases in the value of the Company.

Aligns director, employee and stockholder interests. We currently provide long-term incentives primarily by (i) compensating participants with equity awards, including incentive compensation awards measured by reference to the value of the Company's equity, (ii) rewarding such participants for the achievement of performance targets with respect to a specified performance period and (iii) motivating such participants by giving them opportunities to receive awards directly related to such performance.

If this proposal is not approved by our stockholders the performance-based award feature described above enabling the Company to grant awards to executive officers of the Company and obtain tax deductions with respect to compensation attributable to such awards without regard to the limitations of Section 162(m) of the Code will not be available.

Summary of Sound Governance Features of the Amended Plan

Our Board and Compensation Committee believe the Amended Plan contains several features that are consistent with the interests of our stockholders and sound corporate governance practices, including the following:

Is not excessively dilutive to our stockholders. The maximum number of shares of our Class A common stock authorized and reserved for issuance under the Amended Plan has not increased.

No evergreen provision. The number of shares of our Class A common stock available for issuance under the Amended Plan is fixed and does not adjust based upon the number of shares outstanding.

No liberal change in control definition. The change in control definition in the Amended Plan is not a liberal definition and, for example, would not be achieved merely upon stockholder approval of a transaction. A change in control (or the approval of a plan of complete dissolution or liquidation) must actually occur in order for the change in control provisions in the Amended Plan to be triggered.

No dividends on unearned awards. The Amended Plan prohibits the current payment of dividends or dividend equivalent rights on unearned awards subject to performance-based vesting.

Edgar Filing: Taylor Morrison Home Corp - Form DEF 14A

No repricing without stockholder approval. The Amended Plan prohibits the repricing of outstanding stock options or stock appreciation rights (SARs) without stockholder approval.

Clawback provision. The Amended Plan contains a provision that subjects awards to clawback or forfeiture to the extent called for by applicable law or Company policy.

No discounted stock options or SARs. The Amended Plan includes a provision requiring that all stock options and SARs are to be granted at a price not less than fair market value on the date of grant.

PROPOSAL 4: APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE TAYLOR MORRISON HOME CORPORATION 2013

OMNIBUS EQUITY AWARD PLAN

- (1) Equity compensation plans approved by security holders consist of the 2013 Plan. The 2013 Plan is currently our only compensation plan pursuant to which our equity is awarded. This figure does not include the 1,312,874 New TMM Units (and the corresponding shares of our Class B common stock) that can be exchanged on a one-for-one basis for shares of our Class A common stock. The New TMM Units were issued pursuant to the TMM Holdings II Limited Partnership 2013 Common Unit Plan and were not made pursuant to any equity compensation plan.
- (2) Column (a) includes 441,296 shares of our Class A common stock underlying outstanding restricted stock units. Because there is no exercise price associated with restricted stock units, such equity awards are not included in the weighted-average exercise price calculation in column (b).
- (3) A total of 7,956,955 shares of our Class A common stock have been authorized for issuance pursuant to the terms of the 2013 Plan.

Summary of the Taylor Morrison Home Corporation 2013 Omnibus Equity Award Plan, as amended and restated

The following description of the Amended Plan is a summary of certain provisions of the Amended Plan and is qualified in its entirety by the text of the Taylor Morrison Home Corporation 2013 Omnibus Equity Award Plan, as amended and restated, a copy of which is attached as Appendix A, and should be read in conjunction with the following summary.

Purpose. The purpose of our Amended Plan is to give us a competitive edge in attracting, retaining and motivating employees, directors and consultants and to provide us with a stock plan providing incentives directly related to increases in our stockholder value.

Administration. Pursuant to the Amended Plan, our Compensation Committee (or subcommittee of delegated directors or officers) will have authority to grant awards under the plan, determine the types of awards to be granted, the recipients of awards, and the terms and conditions of awards (including the number of shares of our Class A common stock (or dollar value) subject thereto, the vesting schedule and term, and to what extent and when awards may be settled in cash, shares of common stock, restricted shares or other property) and to establish rules relating to the plan and interpret the plan and awards.

Eligibility. The Compensation Committee may grant awards of stock options, share appreciation rights, restricted stock, restricted stock units, other stock-based awards, cash-based awards or any combination of the foregoing to our non-employee directors and employees, consultants or advisors selected by the Compensation Committee. As of the Record Date, approximately 1,600 employees and five non-employee directors were eligible to be selected by the Compensation Committee for awards under the 2013 Plan.

Number of Shares Authorized.

We are not seeking to authorize additional shares for issuance under the Amended Plan. Subject to adjustment in connection with changes in capitalization and other corporate or non-recurring events, as of the Record Date, there was an aggregate of 3,902,734 shares of our Class A common stock remaining available for future grants of awards under the 2013 Plan.

No more than 3,903,748 shares of Class A common stock may be issued in respect of incentive stock options under the Amended Plan. No more than 1,951,739 shares of Class A common stock may be granted under the Amended Plan with respect to performance compensation awards to any participant in any one year. The maximum amount payable to any participant under the Amended Plan for any single fiscal year during a performance period for a cash-denominated award is \$3,150,000.

If any award is forfeited, or if any option or stock appreciation right terminates, expires or lapses without being settled or exercised or any share is surrendered or tendered to the Company in payment of the exercise price of any taxes required to be withheld, shares of our Class A common stock subject to such award surrendered or tendered will again be available for future grant. If there is any change in our corporate capitalization, our Compensation Committee shall make any equitable substitutions or adjustments it deems necessary or appropriate in its sole discretion to the number of shares reserved for issuance under the Amended Plan, the number of shares covered by awards then outstanding under the Amended Plan, the limitations on awards under the Amended Plan, the exercise price of outstanding options and such other adjustments as it may determine appropriate.

The 2013 Plan had an initial term of ten years, which will expire on April 8, 2023. The Amended Plan does not extend the initial term. No further awards may be granted under the Amended Plan after April 8, 2023 unless the term of the Amended Plan is extended by the Company's stockholders.

PROPOSAL 4: APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE TAYLOR MORRISON HOME CORPORATION 2013

OMNIBUS EQUITY AWARD PLAN

Options. The Compensation Committee will be authorized to grant options to purchase shares of Class A common stock that are either qualified, meaning they satisfy the requirements of Section 422 of the Code for incentive stock options, or nonqualified, meaning they are not intended to satisfy the requirements of Section 422 of the Code. These options will be subject to the terms and conditions established by the Compensation Committee. Under the terms of our Amended Plan, the exercise price of the options will not be less than the fair market value of our Class A common stock at the time of grant. Options granted under the Amended Plan will be subject to such terms, including the exercise price and the conditions and timing of exercise, as may be determined by the Compensation Committee and specified in the applicable award agreement. The maximum term of an option granted under the Amended Plan will be ten years from the date of grant (or five years in the case of a qualified option granted to a stockholder that holds 10% or more of the Company's voting power). Payment in respect of the exercise of an option may be made in cash, check, by surrender of shares of Class A common stock, or by such other method as the Compensation Committee may permit in its sole discretion.

SARs. The Compensation Committee is authorized to award SARs under the Amended Plan. SARs will be subject to the terms and conditions established by the Compensation Committee. A SAR is a contractual right that allows a participant to receive, either in the form of cash, shares or any combination of cash and shares, the appreciation, if any, in the value of a share over a certain period of time less applicable withholding (in the case of cash-settled SARs). An option granted under the Amended Plan may include SARs, and the Compensation Committee may also award SARs to a participant independent of the grant of an option. SARs granted in connection with an option shall be subject to terms similar to the option corresponding to such SARs. The terms of SARs granted independent of options shall be subject to terms established by the Compensation Committee and reflected in the award agreement.

Restricted Stock. The Compensation Committee will be authorized to award restricted stock under the Amended Plan. Awards of restricted stock will be subject to the terms and conditions established by the Compensation Committee. Restricted stock is Class A common stock that generally is non-transferable and is subject to other restrictions determined by the Compensation Committee for a specified period. Unless the Compensation Committee determines otherwise, or specifies otherwise in an award agreement, if the participant terminates employment during the restricted period, any then unvested restricted stock will be forfeited. Subject to any restrictions set forth in the applicable award agreement, holders of restricted stock shall generally be entitled to vote and receive dividends with respect to such restricted stock, however, dividends shall only be payable to the holder following the date on which the restrictions on such restricted stock lapse.

Restricted Stock Unit Awards. The Compensation Committee will be authorized to award restricted stock units. Restricted stock unit awards, or RSUs, will be subject to the terms and conditions established by the Compensation Committee. Unless the Compensation Committee determines otherwise, or specifies otherwise in an award agreement, if the participant terminates employment or services during the period of time over which all or a portion of the restricted stock units are to be earned, any then unvested restricted stock units will be forfeited. At the election of the Compensation Committee, the participant will receive a number of shares of Class A common stock equal to the number of units earned or an amount in cash equal to the fair market value of that number of shares, at the expiration of the period over which the units are to be earned, or at a later date set forth in the applicable award agreement, less any taxes required to be withheld. The holder of any restricted stock units may be entitled to be credited with dividend equivalent payments upon the payment by us of dividends on our Class A common stock, in the form of shares or cash and payable at the same time and under the same restrictions as the underlying restricted stock units.

Stock-Based Awards. The Compensation Committee is authorized to grant awards of unrestricted shares, either alone or in tandem with other awards, under such terms and conditions as the Compensation Committee may determine.

Performance Compensation Awards. The Compensation Committee may grant any award under the Amended Plan in the form of a performance compensation award by conditioning the vesting of the award on the satisfaction of certain performance goals. In addition, the Compensation Committee may denominate an award in cash or shares of Class A common stock to any participant and designate such award as a performance award intended to qualify as performance-based compensation under Section 162(m). If the Compensation Committee determines that any performance-based award is intended to be subject to Section 162(m), the Compensation Committee shall establish performance criteria based on one or more of the following:

basic or diluted earnings per share (before or after taxes);

pre- or after-tax income (before or after allocation of corporate overhead and bonus);

Compensation Committee may deem appropriate, or any of the above performance criteria as compared to the performance of a group of comparator companies, or published or special index that the Compensation Committee, in its sole discretion, deems appropriate, or the Company may select the share price performance criteria as compared to various stock market indices. The Compensation Committee also has the authority to provide for accelerated vesting of any award based on the achievement of performance goals pursuant to the performance criteria specified in this paragraph. To the extent required under Section 162(m) of the Code, the Committee shall, within the first 90 days of a performance period (or, if longer, within the maximum period allowed under Section 162(m) of the Code), define in an objective fashion the manner of calculating the performance criteria it selects to use for such performance period. In the event that applicable tax and/or securities laws change to permit Compensation Committee discretion to alter the governing performance criteria without obtaining stockholder approval of such changes, the Compensation Committee shall have sole discretion to make such changes without obtaining stockholder approval.

Effect of a Change in Control. Unless otherwise provided in an award agreement, the Compensation Committee has the right to provide for, in the event of a change in control of our company or certain other significant corporate transactions, as described in the Amended Plan: (i) an adjustment of the number and class of shares subject to the award and/or the exercise price or grant price of a stock option or SAR, as applicable; (ii) cancellation and cash-out of outstanding awards, including cancellation of options and SARs without payment if the fair market value of one share of Class A common stock on the date of the change in control is less than the per share option exercise price or SAR grant price; and (iii) substitution and assumption of awards. In addition, unless otherwise provided in an award agreement, if a participant's employment terminates within 24 months following a change in control of our company: (i) outstanding options and SARs will immediately vest and be fully exercisable, (ii) the restrictions, limitations and other conditions applicable to outstanding restricted shares and restricted stock units will lapse, and restricted shares and restricted stock units will be free of all restrictions, limitations and conditions (including, without limitation, a waiver of applicable performance goals); and (iii) any deferred awards will be settled as soon as possible in a manner intended to be consistent with Section 409A of the Code.

Transferability. In general, no awards or shares may be assigned, transferred, sold, pledged or encumbered, other than by will or the laws of descent and distribution. Awards may be exercised only by the participant or the participant's guardian, executor, administrator or legal representative. However, awards other than incentive stock options may, with the approval of and subject to terms set by the Compensation Committee, be transferred to certain family members and estate planning vehicles, as set out in the Amended Plan.

Amendment. Our Board may amend, suspend or terminate our Amended Plan at any time; however, stockholder approval may be necessary if the law so requires. No amendment, suspension or termination will materially and adversely impair the rights of any participant or recipient of any award without the consent of the participant or recipient.

Term of Amended Plan. No awards may be made under the Amended Plan after April 8, 2023, the tenth anniversary of the date that the 2013 Plan was initially approved by our stockholders in 2013.

Clawback/Forfeiture. In the Compensation Committee's discretion, an award agreement may provide for cancellation of an award without payment if the participant violates a non-compete, non-solicit, non-disparagement, or non-disclosure agreement or otherwise engages in activity in conflict with or adverse to the interests of our company or any subsidiary, as determined by the Compensation Committee in its sole discretion. The Compensation Committee may also provide that in such circumstances the participant or any person to whom any payment has been made will forfeit any compensation, gain or other value realized thereafter on the vesting, exercise or settlement of an award, the sale or transfer of an award or the sale of the Class A common stock acquired in respect of an award, and must promptly repay such amounts to us. The Compensation Committee may also provide in an award agreement that if the participant receives an amount in excess of what the participant should have received under the terms of the award due to material noncompliance by our Company with any financial reporting requirement under the U.S. securities laws or any mistake in calculations or other administrative error, then the award will be cancelled and the participant must promptly repay any excess value to us. To the extent required by applicable law and/or the rules and regulations of any U.S. national securities exchange or inter-dealer quotation system on which shares are listed or quoted, or pursuant to a written company policy, awards shall be subject (including on a retroactive basis) to clawback, forfeiture or other similar action.

Table of Contents**PROPOSAL 4: APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE TAYLOR MORRISON HOME CORPORATION 2013****OMNIBUS EQUITY AWARD PLAN***U.S. federal income tax consequences*

The following is a general summary of the material U.S. federal income tax consequences of the grant, exercise and vesting of awards under the Amended Plan and the disposition of shares acquired pursuant to the exercise or settlement of such awards and is intended to reflect the current provisions of the Code and the regulations thereunder. This summary is not intended to be a complete statement of applicable law, nor does it address foreign, state, local and payroll tax considerations. This summary assumes that all awards described in the summary are exempt from, or comply with, the requirements of Section 409A of the Code. Moreover, the U.S. federal income tax consequences to any particular participant may differ from those described herein by reason of, among other things, the particular circumstances of such participant.

Options-Qualified and nonqualified. The Code requires that, for favorable tax treatment of a qualified option (an incentive stock option), shares of our Class A common stock acquired through the exercise of a qualified option cannot be disposed of on or before the later of (i) two years from the date of grant of the option or (ii) one year from the date of exercise. Holders of qualified options will generally incur no U.S. federal income tax liability at the time of grant or upon exercise of those options. However, the difference between the exercise price and fair market value of one share will be an item of tax preference, which may give rise to alternative minimum tax liability for the taxable year in which the exercise occurs. If the holder does not dispose of the shares on or before two years following the date of grant and one year following the date of exercise, the difference between the exercise price and the amount realized upon disposition of the shares will constitute long-term capital gain or loss, as the case may be. Assuming both holding periods are satisfied, no deduction will be allowed to us for U.S. federal income tax purposes in connection with the grant or exercise of the qualified option. If, within two years following the date of grant or within one year following the date of exercise, the holder of shares acquired through the exercise of a qualified option disposes of those shares, the participant will generally realize ordinary compensation income at the time of such disposition equal to the difference between the exercise price and the lesser of the fair market value of the shares on the date of exercise or the amount realized on the subsequent disposition of the shares, and that amount will generally be deductible by us for U.S. federal income tax purposes, subject to the possible limitations on deductibility under Sections 280G and 162(m) of the Code for compensation paid to executives designated in those Sections. Finally, if an otherwise qualified option becomes first exercisable in any one year for shares having an aggregate value in excess of \$100,000 (based on the grant date value), the portion of the qualified option in respect of those excess shares will be treated as a non-qualified stock option for U.S. federal income tax purposes. No income will be realized by a participant upon the grant of any stock option. Upon the exercise of a non-qualified stock option, the participant will recognize ordinary compensation income in an amount equal to the excess, if any, of the fair market value of the underlying exercised shares over the option exercise price paid at the time of exercise. We will be able to deduct this same amount for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Restricted stock. A participant will not be subject to U.S. federal income tax upon the grant of an award of restricted stock unless the participant elects to be taxed at the time of grant pursuant to Section 83(b) of the Code. On the date an award of restricted stock becomes transferable or is no longer subject to a substantial risk of forfeiture, the participant will have ordinary compensation income equal to the difference between the fair market value of the shares on such date over the amount the participant paid for such shares, if any, unless the participant made an election under Section 83(b) of the Code to be taxed at the time of grant. If the participant made an election under Section 83(b) of the Code, the participant will have ordinary compensation income at the time of grant equal to the difference between the fair market value of the shares on the date of grant over the amount the participant paid for such shares, if any. (Special rules may apply to the receipt and disposition of restricted shares received by officers and directors who are subject to Section 16(b) of the Securities Exchange Act of 1934 (the Exchange Act)). We will be able to deduct, at the same time as it is recognized by the participant, the amount of taxable compensation to the participant for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Restricted stock units. A participant will not be subject to U.S. federal income tax upon the grant of a restricted stock unit award. Rather, upon the delivery of shares or cash pursuant to a restricted stock unit award, the participant will have ordinary compensation income equal to the fair market value of the number of shares (or the amount of cash) the participant actually receives with respect to the award. We will be able to deduct the amount of taxable compensation to the participant for U.S. federal income tax purposes, but the deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

PROPOSAL 4: APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE TAYLOR MORRISON HOME CORPORATION 2013

OMNIBUS EQUITY AWARD PLAN

SARs. A participant will not be subject to U.S. federal income tax upon the grant of a SAR. Upon the exercise of a SAR, the participant will recognize ordinary compensation income in an amount equal to the fair market value of the payment received in respect of the SAR. We will be able to deduct this same amount for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Stock-based awards. A participant will have ordinary compensation income equal to the difference between the fair market value of the shares on the date the award is made over the amount the participant paid for such shares, if any. We will be able to deduct, at the same time as it is recognized by the participant, the amount of taxable compensation to the participant for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Section 162(m). In general, Section 162(m) of the Code denies a publicly held corporation a deduction for U.S. federal income tax purposes for compensation in excess of \$1,000,000 per year per person to its chief executive officer and the three other officers whose compensation is required by the Exchange Act to be disclosed in its proxy statement (excluding the chief financial officer), subject to certain exceptions. The Amended Plan is intended to satisfy either an exception or applicable transitional rule requirements with respect to grants of options to covered employees. In addition, the Amended Plan is designed to permit certain awards of restricted stock, restricted stock units and other awards (including cash bonus awards) to be awarded as performance compensation awards intended to qualify under either the performance-based compensation exception to Section 162(m) of the Code or applicable transitional rule requirements. At such time as we are subject to Section 162(m) of the Code, we generally intend to design awards under the Amended Plan to qualify as performance-based compensation under Section 162(m) of the Code in order to maintain the federal tax deductibility for executive compensation, however, the Compensation Committee may, and reserves the right to, award compensation that may not be deductible under Section 162(m) of the Code where it believes it is appropriate to do so and, in any event, there can be no guarantee that a performance-based award will be treated as performance-based compensation under Section 162(m) of the Code.

New Plan Benefits

The Company has not approved any awards that are conditioned upon stockholder approval of the Amended Plan. Other than with respect to annual RSUs awarded to our non-employee directors, awards under the Amended Plan will be determined by the Compensation Committee in its discretion. It is, therefore, not possible to predict the awards that will be made to particular officers in the future under the Amended Plan. If the proposed amendments to the Amended Plan had been in effect in fiscal year 2015, we expect that our award grants for fiscal year 2015 would not have been different from those actually made in that year under the 2013 Plan. For information regarding grants made under the 2013 Plan during 2015 to our named executive officers, see the table entitled *Grants of Plan-Based Awards* above. For information regarding grants made under the 2013 Plan during 2015 to our non-employee directors, see the table entitled *2015 Director Compensation Table* above.

For 2016, we intend to award our non-employee directors an annual grant of restricted stock units on the date of the annual meeting of stockholders. The number of restricted stock units to be issued to non-employee directors will be determined by dividing \$130,000 by the closing price of a share of our Class A common stock on the NYSE on the date of grant (which is the date of the Annual Meeting), except with respect to the Chairman of our Board, the number of restricted stock units to be issued to him will be determined by dividing \$145,000 by the closing price of a share of our Class A common stock on the NYSE on the date of grant (which is the date of the annual meeting).

The following table sets forth certain information known to us, based on filings made under Section 13(d) and 13(g) of the Exchange Act, regarding the beneficial ownership of our Class A common stock as of the Record Date by:

each person who is known by us to be the beneficial owner of more than 5% of any class or series of our capital stock;

each of our directors and each executive officer who has been deemed a named executive officer pursuant to SEC rules; and

all of our directors and executive officers as a group.

Except as set forth in the footnotes below, the number of shares of Class A common stock and percentage of voting power included in the table below assumes the exchange of all vested New TMM Units and an equal number of shares of Class B common stock for shares of Class A common stock. Subject to the assumption in the preceding sentence, the amounts and percentages of Class A common stock and Class B common stock beneficially owned are reported on the basis of the regulations of the SEC governing the determination of beneficial ownership of securities. Under these rules, a person is deemed to be a beneficial owner of a security if that person has or shares voting power, which includes the power to vote or to direct the voting of such security, or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities. Except as otherwise indicated, the persons named below have sole voting and investment power, or share voting and investment power with their spouses, with respect to the beneficially owned shares listed below.

Except as set forth in the footnotes below, the percentages included in the following table are based on 31,886,661 shares of Class A common stock and 89,106,748 New TMM Units and shares of Class B common stock outstanding as of the Record Date:

Pursuant to the Stockholders Agreement, the Oaktree Holding Vehicle and the TPG Holding Vehicle have agreed, among other things, to vote their shares of common stock for each other's board nominees as well as one board nominee of JHI, although JHI is not subject to any such voting requirements. As a result, the Oaktree Holding Vehicle and the TPG Holding Vehicle may be deemed to have shared beneficial ownership of the common stock owned by the other, and JHI may be deemed to have beneficial ownership of the common stock owned by both the Oaktree Holding Vehicle and the TPG Holding Vehicle. Table of Contents**CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS**

Certain Relationships and Related Person Transactions

Described below are related person transactions (as defined below) that occurred during 2015, that are continuing or that are currently proposed.

Reorganization Agreement

In connection with the transactions effecting our pre-IPO reorganization (the **Reorganization Transactions**), we entered into a reorganization agreement with New TMM and other subsidiaries of ours, the Principal Equityholders, other existing limited partners of TMM and the TPG and Oaktree Holding Vehicles, which governs the Reorganization Transactions. In addition, under the reorganization agreement, the TPG and Oaktree Holding Vehicles, JHI and certain members of our management and our board of directors subscribed for a number of shares of our Class B common stock equal to the number of New TMM Units they then owned, at a price equal to the par value per share of Class B common stock.

For information on beneficial ownership by our significant stockholders, directors and executive officers of our Class A common stock as of the most recent practicable date, see **Security Ownership of Certain Beneficial Owners, Directors and Management**.

New TMM Limited Partnership Agreement

In connection with the Reorganization Transactions, Taylor Morrison Home Corporation, the TPG and Oaktree Holding Vehicles, JHI and certain members of our management and our board entered into the limited partnership agreement of New TMM (the **New TMM LPA**). As a result of the Reorganization Transactions and in accordance with the terms of the New TMM LPA, New TMM, through TMM and its subsidiaries, exercises stewardship over the business and affairs of Taylor Morrison Holdings and its subsidiaries and Holdings II and its subsidiaries. New TMM does not conduct any activities other than direct or indirect ownership and stewardship over Taylor Morrison Holdings and Holdings II and their respective subsidiaries.

The holders of New TMM Units, including Taylor Morrison Home Corporation, will generally incur U.S. federal, state and local income taxes on their proportionate share of any net taxable income of New TMM. Net profits and net losses of New TMM are generally allocated to its members pro rata in accordance with the percentages of their respective New TMM Units, though certain non pro rata adjustments may be made to reflect tax depreciation, amortization and other allocations. To the extent permitted under the Revolving Credit Facility and the Indenture governing the 5.25% Senior Notes due 2021, the New TMM LPA provides for cash distributions to its limited partners if the taxable income of New TMM gives rise to taxable income for its limited partners. In accordance with the New TMM LPA and, assuming New TMM is permitted to do so under the Revolving Credit Facility and the Indenture governing the 5.25% Senior Notes due 2021, New TMM will make cash distributions to the extent feasible to the holders of the New TMM Units, including Taylor Morrison Home Corporation, for purposes of funding their tax obligations in respect of the income of New TMM that is allocated to them. Generally, these tax distributions are computed based on our estimate of the net taxable income of New TMM allocable to such holder of New TMM Units multiplied by an assumed tax rate equal to the greater of (x) the highest effective marginal combined U.S. federal, state and local income tax rate prescribed for an individual or corporate resident in San Francisco, California and (y) the highest combined provincial and federal income tax rate applicable to an individual or (if higher) a corporation that is a resident of Canada and is subject to tax in the province of Canada that has the highest income tax rate (in each case taking into account the nondeductibility of certain expenses and the character of our income). In addition, to the extent permitted under the Revolving Credit Facility and the Indenture governing the 5.25% Senior Notes due 2021, New TMM may make distributions to Taylor Morrison Home Corporation without pro rata distributions to other limited partners in order to pay (i) consideration, if any, for redemption, repurchase or other acquisition of equity interests of New TMM to the extent such cash is used to redeem, repurchase or otherwise acquire our Class A common stock, (ii) operating, administrative and other similar costs incurred by Taylor Morrison Home Corporation, and (iii) other payments related to (a) legal, tax, accounting and other professional fees and expenses, (b) judgments, settlements, penalties, fines or other costs and expenses in respect of any claims involving Taylor Morrison Home Corporation and (c) other fees and expenses related to the maintenance of our existence or any securities offering, investment or acquisition transaction authorized by our board of directors.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

The New TMM LPA provides that, subject to certain exceptions, any time Taylor Morrison Home Corporation issues a share of our Class A common stock or any other equity security, the net proceeds received by Taylor Morrison Home Corporation with respect to such issuance, if any, will be concurrently invested in New TMM and New TMM will issue to Taylor Morrison Home Corporation one New TMM Unit or other economically equivalent equity interest. Conversely, if at any time, any shares of our Class A common stock are redeemed, repurchased or otherwise acquired, New TMM will redeem, repurchase or otherwise acquire an equal number of New TMM Units held by Taylor Morrison Home Corporation, upon the same terms and for the same price, as the shares of our Class A common stock are redeemed, repurchased or otherwise acquired.

Under the New TMM LPA, the members have agreed that the Principal Equityholders and/or one or more of their respective affiliates are permitted to engage in business activities or invest in or acquire businesses that may compete with our business or do business with any customer of ours.

Under the New TMM LPA, New TMM is required to indemnify all of its partners, including Taylor Morrison Home Corporation, against any and all losses and expenses related thereto incurred by reason of the fact that such person was a partner of New TMM. In the event that losses are incurred as a result of a member's fraud or willful misconduct, such member is not entitled to indemnification under the New TMM LPA.

New TMM may be dissolved only upon the voluntary agreement of its general partner and the Principal Equityholders or as otherwise required by the laws of the Cayman Islands. Upon dissolution, New TMM will be liquidated and the proceeds from any liquidation will be applied and distributed in the following manner: (a) first, to creditors (including to the extent permitted by law, creditors who are members) in satisfaction of the liabilities of New TMM, (b) second, to establish cash reserves for contingent or unforeseen liabilities and (c) third, to the members in proportion of their interests in New TMM (other than to members holding unvested New TMM Units to the extent that their units do not vest as a result of the event causing the dissolution).

Due to the nature of the New TMM LPA, it is not the type of agreement that is typically entered into with, or available to, unaffiliated third parties.

Exchange Agreement

In connection with the closing of the IPO, Taylor Morrison Home Corporation, the TPG and Oaktree Holding Vehicles, JHI and certain members of our management and board of directors and other existing and future holders of our New TMM Units (and corresponding Class B common stock) entered into an exchange agreement under which, from time to time, they (or certain transferees thereof) have the right to exchange their New TMM Units (along with a corresponding number of our Class B common stock) for shares of our Class A common stock on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications.

Stockholders Agreement

In connection with the IPO, we terminated our then existing stockholders agreement among the general partner of TMM, TMM and certain of TMM's limited partners and entered into a Stockholders Agreement with the TPG and Oaktree Holding Vehicles and JHI. The Stockholders Agreement contains provisions related to the composition of the board of directors of TMHC and the committees of the board of directors. See Corporate Governance Board Structure and Operations Composition of our Board of Directors. The Stockholders Agreement also provides that we do not have any interest or expectancy in the business opportunities of the Principal Equityholders and of their officers, directors, agents, stockholders, members, partners, affiliates and subsidiaries and that each such party will not have any obligation to offer us those opportunities. The TPG and Oaktree Holding Vehicles agree in the Stockholders Agreement to vote for each other's board nominees and the nominee of JHI. In addition, the Stockholders Agreement provides that Requisite Investor Approval must be obtained before we are permitted to take any of the following actions:

any change of control of Taylor Morrison Home Corporation;

Edgar Filing: Taylor Morrison Home Corp - Form DEF 14A

acquisitions or dispositions by Taylor Morrison Home Corporation or any of its subsidiaries of assets (including land) valued at more than \$50.0 million;

Registration Rights Agreement

In connection with the IPO, we terminated the then existing registration rights agreement among TMM and certain of its limited partners and entered into a new registration rights agreement with the TPG and Oaktree Holding Vehicles and certain members of our management and our board of directors. The registration rights agreement provides the TPG and Oaktree Holding Vehicles with certain demand registration rights, including shelf registration rights, in respect of any shares of our Class A common stock held by them, subject to certain conditions. In addition, in the event that we register additional shares of Class A common stock for sale to the public, we will be required to give notice of such registration to the TPG and Oaktree Holding Vehicles, JHI and the members of management and our board of directors party to the agreement of our intention to effect such a registration, and, subject to certain limitations, include shares of Class A common stock held by them in such registration. We undertook in the registration rights agreement to file a shelf registration statement as soon as we met the applicable eligibility criteria. We currently have an effective registration statement for the resale of shares of Class A common stock received by certain members of our management and our board of directors upon their exchange from time to time of New TMM Units together with shares of Class B common stock. We are required to bear the registration expenses, other than underwriting discounts and commissions and transfer taxes, associated with any registration of shares pursuant to the agreement. The agreement includes customary indemnification provisions in favor of the TPG and Oaktree Holding Vehicles, JHI and the members of management and our board party to the agreement, any person who is or might be deemed a control person (within the meaning of the Securities Act and the Exchange Act) and related parties against certain losses and liabilities (including reasonable costs of investigation and legal expenses) arising out of or based upon any filing or other disclosure made by us under the securities laws relating to any such registration.

Governance Agreements

In connection with the IPO, we entered into governance agreements setting forth certain matters with respect to the management of Taylor Morrison Holdings and Holdings II. Taylor Morrison Home Corporation entered into one such agreement with the TPG and Oaktree Holding Vehicles, JHI and Taylor Morrison Holdings and one such agreement with the TPG and Oaktree Holding Vehicles, JHI and Holdings II. Each governance agreement provides that the composition of the board of directors of the applicable company will each generally be identical to that of the board of directors of Taylor Morrison Home Corporation and that the Principal Equityholders will have the right to nominate representatives to the committees of such board of directors on the same basis as set forth in the Stockholders Agreement described above. Joint Ventures

From time to time, we and/or one or more of our subsidiaries may enter into land development and/or homebuilding joint ventures with one or more of our Principal Equityholders and/or their affiliates.

In April 2014, one of our subsidiaries formed a joint venture, Marblehead Development Partners LLC (MDP), with affiliates of Oaktree and TPG to acquire and develop Marblehead, a coastal residential development in San Clemente, California. Our subsidiary made an initial capital investment of approximately \$46.8 million and is a minority capital partner and the operating partner responsible for land development and homebuilding on the site. Under the terms of the joint venture agreement, we are entitled to receive an incrementally greater return on our capital investment if the Marblehead project achieves certain economic performance thresholds. In connection with the joint venture, MDP entered into an approximate \$264.2 million non-recourse construction and development loan, and one of our subsidiaries provided the lenders with customary guarantees, including completion, indemnity and environmental guarantees subject to usual non-recourse terms.

In December 2014, one of our subsidiaries formed a joint venture, Tramonto Development Partners, LLC, with an affiliate of Oaktree. Our subsidiary made an initial capital investment of \$16.5 million and is the administrative member of the joint venture responsible for the joint venture's administrative affairs. In connection with the joint venture's formation, a subsidiary of the joint venture entered into an approximate \$54.5 million non-recourse construction and development loan and provided the lenders with customary guarantees, including completion, indemnity and environmental guarantees subject to usual non-recourse terms. An affiliate of TPG subsequently acquired a majority participation in the Tramonto loan.

In May 2015, one of our subsidiaries formed a joint venture, Pacific Point Development Partners LLC (PPDP), with affiliates of Oaktree and DMB Pacific Ventures to acquire and develop Pacifica San Juan, a coastal residential development in San Juan Capistrano, California. Other Transactions

Such purchases and sales are concluded in the ordinary course of business, on substantially the same arms-length terms as those prevailing at the time for comparable transactions with non-related parties, other than as relates to the application of customary employee discounts that are made available to all of our employees generally. This transaction was effected in compliance with our Related Person Transaction Policy described below, including review and approval by our audit committee. We have adopted a written Related Person Transaction Policy, which sets forth our policy with respect to the review, approval, ratification and disclosure of all related person transactions by our audit committee. In accordance with our Related Person Transaction Policy, our audit committee has overall responsibility for the implementation and compliance with this policy.

For the purposes of our Related Person Transaction Policy, a related person transaction is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we were, are or will be a participant and in which any related person (as defined in our Related Person Transaction Policy) had, has or will have a direct or indirect material interest, in excess of \$120,000. A related person transaction does not include any employment relationship or transaction involving an executive officer and any related compensation resulting solely

from that employment relationship which has been reviewed and approved, or recommended to the board of directors for approval, by our board of directors or compensation committee (or group of independent directors performing a similar function).

Our Related Person Transaction Policy requires that notice of a proposed related person transaction be provided to our legal department prior to entering into such transaction. If our legal department determines that such transaction is a related person transaction, the proposed transaction will be submitted to our audit committee for consideration. Under our Related Person Transaction Policy, only our audit committee or audit committee chair will be permitted to approve those related person transactions that are in, or not inconsistent with, our best interests. In the event we become aware of a related person transaction that has not been previously reviewed, approved or ratified under our Related Person Transaction Policy and that is ongoing or is completed, the transaction will be submitted to our audit committee so that it may determine whether to ratify, rescind or terminate the related person transaction.

Our Related Person Transaction Policy also provides that our audit committee or audit committee chair will review certain previously approved or ratified related person transactions that are ongoing to determine whether the related person transaction remains in our best interests and the best interests of our stockholders.

4. Administration. (a) The Committee shall administer the Plan. The majority of the members of the Committee shall constitute a quorum. The acts of a majority of the members present at any meeting at which a quorum is present or acts approved in writing by a majority of the Committee shall be deemed the acts of the Committee. To the extent required to comply with the provisions of Rule 16b-3 promulgated under the Exchange Act (if the Board is not acting as the Committee under the Plan) or necessary to obtain the exception for performance-based compensation under Section 162(m) of the Code, or any exception or exemption under the rules of the NYSE or any other securities exchange or inter-dealer quotation system on which the Common Stock is listed or quoted, as applicable, it is intended that each member of the Committee shall, at the time he or she takes any action with respect to an Award under the Plan, be an Eligible Director. However, the fact that a Committee member shall fail to qualify as an Eligible Director shall not invalidate any Award granted or action taken by the Committee that is otherwise validly granted or taken under the Plan.

(b) Subject to the provisions of the Plan and applicable law, the Committee shall have the sole and plenary authority, in addition to other express powers and authorizations conferred on the Committee by the Plan, to: (i) designate Participants; (ii) determine the type or types of Awards to be granted to a Participant; (iii) determine the number of shares of Common Stock to be covered by, or with respect to which payments, rights, or other matters are to be calculated in connection with, Awards; (iv) determine the terms and conditions of any Award; (v) determine whether, to what extent, and under what circumstances Awards may be settled or exercised in cash, shares of Common Stock, other securities, other Awards or other property, or canceled, forfeited, or suspended and the method or methods by which Awards may be settled, exercised, canceled, forfeited, or suspended; (vi) determine whether, to what extent, and under what circumstances the delivery of cash, Common Stock, other securities, other Awards or other property and other amounts payable with respect to an Award shall be deferred either automatically or at the election of the Participant or of the Committee; (vii) interpret, administer, reconcile any inconsistency in, correct any defect in and/or supply any omission in the Plan and any instrument or agreement relating to, or Award granted under, the Plan; (viii) establish, amend, suspend, or waive any rules and regulations and appoint such agents as the Committee shall deem appropriate for the proper administration of the Plan; (ix) accelerate the vesting, delivery or exercisability of, payment for or lapse of restrictions on, or waive any condition in respect of, Awards; and (x) make any other determination and take any other action that the Committee deems necessary or desirable for the administration of the Plan.

APPENDIX A

(c) Except to the extent prohibited by applicable law or the applicable rules and regulations of any securities exchange or inter-dealer quotation system on which the Common Stock is listed or quoted, the Committee may allocate all or any portion of its responsibilities and powers to any one or more of its members and may delegate all or any part of its responsibilities and powers to any person or persons selected by it. Any such allocation or delegation may be revoked by the Committee at any time. Without limiting the generality of the foregoing, the Committee may delegate to one or more officers of the Company or any Affiliate the authority to act on behalf of the Committee with respect to any matter, right, obligation, or election which is the responsibility of or which is allocated to the Committee herein, and which may be so delegated as a matter of law, except for grants of Awards to persons (i) who are non-employee members of the Board or subject to Section 16 of the Exchange Act or (ii) who are, or who are reasonably expected to be, covered employees for purposes of Section 162(m) of the Code.

(d) The Committee shall have the authority to amend the Plan (including by the adoption of appendices or Sub-Plans) and/or the terms and conditions relating to an Award to the extent necessary to permit participation in the Plan by Eligible Persons who are located outside of the United States on terms and conditions comparable to those afforded to Eligible Persons located within the United States; provided, however, that no such action shall be taken without shareholder approval if such approval is necessary to comply with any tax or regulatory requirement applicable to the Plan (including as necessary to prevent the Company from being denied a tax deduction on account of Section 162(m) of the Code).

(e) Unless otherwise expressly provided in the Plan, all designations, determinations, interpretations, and other decisions under or with respect to the Plan or any Award or any documents evidencing Awards granted pursuant to the Plan shall be within the sole discretion of the Committee, may be made at any time and shall be final, conclusive and binding upon all persons or entities, including, without limitation, the Company, any Affiliate, any Participant, any holder or beneficiary of any Award, and any shareholder of the Company.

(f) No member of the Board, the Committee or any employee or agent of the Company (each such person, an Indemnifiable Person) shall be liable for any action taken or omitted to be taken or any determination made with respect to the Plan or any Award hereunder (unless constituting fraud or a willful criminal act or omission). Each Indemnifiable Person shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense (including attorneys' fees) that may be imposed upon or incurred by such Indemnifiable Person in connection with or resulting from any action, suit or proceeding to which such Indemnifiable Person may be a party or in which such Indemnifiable Person may be involved by reason of any action taken or omitted to be taken or determination made under the Plan or any Award agreement and against and from any and all amounts paid by such Indemnifiable Person with the Company's approval (not to be unreasonably withheld), in settlement thereof, or paid by such Indemnifiable Person in satisfaction of any judgment in any such action, suit or proceeding against such Indemnifiable Person, and the Company shall advance to such Indemnifiable Person any such expenses promptly upon written request (which request shall include an undertaking by the Indemnifiable Person to repay the amount of such advance if it shall ultimately be determined as provided below that the Indemnifiable Person is not entitled to be indemnified); provided, that the Company shall have the right, at its own expense, to assume and defend any such action, suit or proceeding and once the Company gives notice of its intent to assume the defense, the Company shall have sole control over such defense with counsel of the Company's choice. The foregoing right of indemnification shall not be available to an Indemnifiable Person to the extent that a final judgment or other final adjudication (in either case not subject to further appeal) binding upon such Indemnifiable Person determines that the acts or omissions or determinations of such Indemnifiable Person giving rise to the indemnification claim resulted from such Indemnifiable Person's fraud or willful criminal act or omission or that such right of indemnification is otherwise prohibited by law or by the Company's Certificate of Incorporation or Bylaws. The foregoing right of indemnification shall not be exclusive of or otherwise supersede any other rights of indemnification to which such Indemnifiable Persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, individual indemnification agreement or contract or otherwise, or any other power that the Company may have to indemnify such Indemnifiable Persons or hold them harmless.

(g) Notwithstanding anything to the contrary contained in the Plan, the Board may, in its sole discretion, at any time and from time to time, grant Awards and administer the Plan with respect to such Awards. Any such actions by the Board shall be subject to the applicable rules of the NYSE or any other securities exchange or inter-dealer quotation system on which the Common Stock is listed or quoted. In any such case, the Board shall have all the authority granted to the Committee under the Plan.

5. Grant of Awards; Shares Subject to the Plan; Limitations . (a) The Committee may, from time to time, grant Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Other Stock-Based Awards and/or Performance Compensation Awards to one or more Eligible Persons.

Table of Contents**APPENDIX A**

(b) Awards granted under the Plan shall be subject to the following limitations: (i) subject to Section 12 of the Plan and subsection (e) below, no more than 7,956,955 shares of Common Stock may be delivered in the aggregate pursuant to Awards granted under the Plan; (ii) subject to Section 12 of the Plan, no more than 3,903,748 shares of Common Stock may be delivered pursuant to the exercise of Incentive Stock Options granted under the Plan; (iii) subject to Section 12 of the Plan, no more than 1,951,739 shares of Common Stock may be delivered in respect of Performance Compensation Awards denominated in shares of Common Stock granted pursuant to Section 11 of the Plan to any Participant for a single Performance Period (or with respect to each single fiscal year in the event a Performance Period extends beyond a single fiscal year), or in the event such Performance Compensation Award is paid in cash, other securities, other Awards or other property, no more than the Fair Market Value of such shares of Common Stock on the last day of the Performance Period to which such Award relates; and (iv) the maximum amount that can be paid to any individual Participant for a single fiscal year during a Performance Period (or with respect to each single year in the event a Performance Period extends beyond a single year) pursuant to a Performance Compensation Award denominated in cash described in Section 11(a) of the Plan shall be \$3,150,000.

(c) Shares of Common Stock shall be deemed to have been used in settlement of Awards whether or not they are actually delivered; provided, however, that if the Fair Market Value equivalent of such shares is paid in cash such shares shall again become available for other Awards under the Plan. In addition, if shares of Common Stock issued upon exercise, vesting or settlement of an Award, or shares of Common Stock owned by a Participant, are surrendered or tendered to the Company (either directly or by means of attestation) in payment of the Exercise Price of an Award or any taxes required to be withheld in respect of an Award, in each case, in accordance with the terms and conditions of the Plan and any applicable Award agreement, such surrendered or tendered shares shall be deemed delivered to the Participant and shall again become available for other Awards under the Plan; provided, however, that in no event shall such shares increase the number of shares of Common Stock that may be delivered pursuant to Incentive Stock Options granted under the Plan. In accordance with (and without limitation upon) the preceding sentence, if and to the extent an Award under the Plan expires, terminates or is canceled or forfeited for any reason whatsoever, including if shares are not issued on the settlement of SARs, without the Participant having received any benefit therefrom, the shares covered by such Award shall again become available for other Awards under the Plan. For purposes of the foregoing sentence, a Participant shall not be deemed to have received any benefit (i) in the case of forfeited Restricted Stock by reason of having enjoyed voting rights and dividend rights prior to the date of forfeiture or (ii) in the case of an Award canceled by reason of a new Award being granted in substitution therefor.

(d) Shares of Common Stock delivered by the Company in settlement of Awards may be authorized and unissued shares, shares held in the treasury of the Company, shares purchased on the open market or by private purchase, or a combination of the foregoing. Any fractional shares of Common Stock shall be settled in cash.

(e) Subject to Section 14(b), awards may, in the sole discretion of the Committee, be granted under the Plan in assumption of, or in substitution for, outstanding awards previously granted or an entity directly or indirectly acquired by the Company or with which the Company combines (Substitute Awards). The number of shares of Common Stock underlying any Substitute Awards shall not be counted against the aggregate number of shares of Common Stock available for Awards under the Plan; provided, that Substitute Awards issued in connection with the assumption of, or in substitution for, outstanding options intended to qualify as incentive stock options within the meaning of Section 422 of the Code that were previously granted by an entity that is acquired by the Company or any Affiliate through a merger or acquisition shall be counted against the aggregate number of shares of Common Stock available for Awards of Incentive Stock Options under the Plan. Subject to applicable stock exchange requirements, available shares under a shareholder approved plan of an entity directly or indirectly acquired by the Company or with which the Company combines (as appropriately adjusted to reflect the acquisition or combination transaction) may be used for Awards under the Plan and shall not reduce the number of shares of Common Stock available for delivery under the Plan.

6. Eligibility. Participation shall be limited to Eligible Persons who have entered into an Award agreement or who have received written notification from the Committee, or from a person designated by the Committee, that they have been selected to participate in the Plan.

7. Options. (a) Generally. Each Option granted under the Plan shall be evidenced by an Award agreement. Each Option so granted shall be subject to the conditions set forth in this Section 7, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award agreement. All Options granted under the Plan shall be Nonqualified Stock Options unless the applicable Award agreement expressly states that the Option is intended to be an Incentive Stock Option. Incentive Stock Options shall be granted only to Eligible Persons who are employees of the Company and its Affiliates, and no Incentive Stock Option shall be granted to any Eligible Person who is ineligible to

APPENDIX A

receive an Incentive Stock Option under the Code. No Option shall be treated as an Incentive Stock Option unless the Plan has been approved by the shareholders of the Company in a manner intended to comply with the shareholder approval requirements of Section 422(b)(1) of the Code, provided that any Option intended to be an Incentive Stock Option shall not fail to be effective solely on account of a failure to obtain such approval, but rather such Option shall be treated as a Nonqualified Stock Option unless and until such approval is obtained. In the case of an Incentive Stock Option, the terms and conditions of such grant shall be subject to and comply with such rules as may be prescribed by Section 422 of the Code. If for any reason an Option intended to be an Incentive Stock Option (or any portion thereof) shall not qualify as an Incentive Stock Option, then, to the extent of such nonqualification, such Option or portion thereof shall be regarded as a Nonqualified Stock Option appropriately granted under the Plan.

(b) Exercise Price. Except as otherwise provided by the Committee in the case of Substitute Awards, the exercise price (Exercise Price) per share of Common Stock for each Option shall not be less than 100% of the Fair Market Value of such share (determined as of the Date of Grant); provided, however, that in the case of an Incentive Stock Option granted to an employee who, at the time of the grant of such Option, owns stock representing more than 10% of the voting power of all classes of stock of the Company or any Affiliate, the Exercise Price per share shall be no less than 110% of the Fair Market Value per share on the Date of Grant. Any modification to the Exercise Price of an outstanding Option shall be subject to the prohibition on repricing set forth in Section 14(b) of the Plan.

(c) Vesting and Expiration.

(i) Options shall vest and become exercisable in such manner and on such date or dates determined by the Committee and shall expire after such period, not to exceed ten years, as may be determined by the Committee (the Option Period); provided, that if the Option Period (other than in the case of an Incentive Stock Option) would expire at a time when trading in the shares of Common Stock is prohibited by the Company's insider trading policy (or Company-imposed blackout period) or otherwise prohibited by law, the Option Period shall be automatically extended until the 30th day following the expiration of such prohibition but only to the extent such extension would not violate Section 409A of the Code; provided, however, that in no event shall the Option Period exceed five years from the Date of Grant in the case of an Incentive Stock Option granted to a Participant who on the Date of Grant owns stock representing more than 10% of the voting power of all classes of stock of the Company or any Affiliate; provided, further, that notwithstanding any vesting or exercisability dates set by the Committee, but subject to Section 11 below with respect to Performance Compensation Awards, the Committee may, in its sole discretion, accelerate the vesting and/or exercisability of any Option, which acceleration shall not affect the terms and conditions of such Option other than with respect to vesting and/or exercisability, as applicable.

(ii) Notwithstanding anything to the contrary in the Plan, except as otherwise provided in the applicable Award agreement or any applicable employment, consulting, change in control, severance or other agreement between a Participant and the Company or an Affiliate, the unvested portion of an Option shall expire upon termination of Employment of the Participant to whom the Option was granted, and the vested portion of such Option shall remain exercisable for either (A) one year following termination of Employment with the Company and its Affiliates by reason of such Participant's death or Disability, but not later than the expiration of the Option Period, or (B) 90 days following termination of Employment with the Company and its Affiliates for any reason other than such Participant's death or Disability, but not later than the expiration of the Option Period. Notwithstanding the foregoing, upon a termination of a Participant's Employment with the Company and its Affiliates by the Company or an Affiliate for Cause, all of such Participant's Options shall expire at the time of such termination, whether or not then vested.

(d) Other Terms and Conditions. Except as specifically provided otherwise in an Award agreement, each Option granted under the Plan shall be subject to the following terms and conditions:

(i) Each Option or portion thereof that is exercisable shall be exercisable for the full amount or for any part thereof.

(ii) Each share of Common Stock purchased through the exercise of an Option shall be paid for in full at the time of the exercise. Each Option shall cease to be exercisable, as to any share, when the Participant purchases the share or when the Option expires.

(iii) Subject to Section 15(b) of the Plan, Options shall not be transferable by the Participant except by will or the laws of descent and distribution and shall be exercisable during the Participant's lifetime only by the Participant.

(iv) At the time of any exercise of an Option, the Committee may, in its sole discretion, require a Participant to deliver to the Committee a written representation that the shares of Common Stock to be acquired upon such

Table of Contents**APPENDIX A**

exercise are to be acquired for investment and not for resale or with a view to the distribution thereof. Upon such a request by the Committee, delivery of such representation prior to the delivery of any shares issued upon exercise of an Option shall be a condition precedent to the right of the Participant or such other person to purchase any shares. In the event certificates for shares are delivered under the Plan with respect to which such investment representation has been obtained, the Committee may cause a legend or legends to be placed on such certificates to make appropriate reference to such representation and to restrict transfer in the absence of compliance with applicable federal or state securities laws.

(e) **Method of Exercise and Form of Payment.** No shares of Common Stock shall be delivered pursuant to any exercise of an Option until payment in full of the Exercise Price therefor is received by the Company and the Participant has paid to the Company an amount equal to any federal, state, local and non-U.S. income and employment taxes required to be withheld. Options which have become exercisable may be exercised by delivery of written or electronic notice of exercise to the Company or its designee (including a third party administrator), or telephonic instructions to the extent provided by the Committee, in accordance with the terms of the Option accompanied by payment of the Exercise Price. The Exercise Price and all applicable required withholding taxes shall be payable (i) in cash, check, cash equivalent and/or shares of Common Stock valued at the Fair Market Value at the time the Option is exercised (including, pursuant to procedures approved by the Committee, by means of attestation of ownership of a sufficient number of shares of Common Stock in lieu of actual delivery of such shares to the Company); **provided**, that such shares of Common Stock are not subject to any pledge or other security interest; (ii) by such other method as the Committee may permit in its sole discretion, including without limitation: (A) in other property having a fair market value on the date of exercise equal to the Exercise Price and all applicable required withholding taxes or (B) if there is a public market for the shares of Common Stock at such time, by means of a broker-assisted cashless exercise pursuant to which the Company has delivered (including telephonically to the extent permitted by the Committee) a copy of irrevocable instructions to a stockbroker to sell the shares of Common Stock otherwise deliverable upon the exercise of the Option and to deliver promptly to the Company an amount equal to the Exercise Price and all applicable required withholding taxes or (C) by means of a net exercise procedure effected by withholding the minimum number of shares of Common Stock otherwise deliverable in respect of an Option that are needed to pay for the Exercise Price and the applicable minimum statutory withholding liability. Any fractional shares of Common Stock shall be settled in cash.

(f) **Notification upon Disqualifying Disposition of an Incentive Stock Option.** Each Participant awarded an Incentive Stock Option under the Plan shall notify the Company in writing immediately after the date he makes a disqualifying disposition of any Common Stock acquired pursuant to the exercise of such Incentive Stock Option. A disqualifying disposition is any disposition (including, without limitation, any sale) of such Common Stock before the later of (A) two years after the Date of Grant of the Incentive Stock Option or (B) one year after the date of exercise of the Incentive Stock Option. The Company may, if determined by the Committee and in accordance with procedures established by the Committee, retain possession, as agent for the applicable Participant, of any Common Stock acquired pursuant to the exercise of an Incentive Stock Option until the end of the period described in the preceding sentence, subject to complying with any instruction from such Participant as to the sale of such Common Stock.

(g) **Compliance With Laws, etc.** Notwithstanding the foregoing, in no event shall a Participant be permitted to exercise an Option in a manner which the Committee determines would violate the Sarbanes-Oxley Act of 2002, or any other applicable law or the applicable rules and regulations of the Securities and Exchange Commission or the applicable rules and regulations of any securities exchange or inter-dealer quotation system on which the Common Stock of the Company is listed or quoted, if any.

(h) **\$100,000 Per Year Limitation for Incentive Stock Options.** To the extent the aggregate Fair Market Value (determined as of the Date of Grant) of shares of Common Stock for which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year (under all plans of the Company) exceeds \$100,000, such excess Incentive Stock Options shall be treated as Nonqualified Stock Options.

8. Stock Appreciation Rights. (a) **Generally.** Each SAR granted under the Plan shall be evidenced by an Award agreement. Each SAR so granted shall be subject to the conditions set forth in this Section 8, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award agreement. Any Option granted under the Plan may include tandem SARs. The Committee also may award SARs to Eligible Persons independent of any Option.

(b) **Strike Price.** Except as otherwise provided by the Committee in the case of Substitute Awards, the strike price (Strike Price) per share of Common Stock for each SAR shall not be less than 100% of the Fair Market Value of such

Table of Contents

APPENDIX A

share (determined as of the Date of Grant). Notwithstanding the foregoing, a SAR granted in tandem with (or in substitution for, as provided in subsection (g) below) an Option previously granted shall have a Strike Price equal to the Exercise Price of the corresponding Option. Any modification to the Strike Price of an outstanding SAR shall be subject to the prohibition on repricing set forth in Section 14(b) of the Plan.

(c) Vesting and Expiration.

(i) A SAR granted in connection with an Option shall become exercisable and shall expire according to the same vesting schedule and expiration provisions as the corresponding Option. A SAR granted independent of an Option shall vest and become exercisable and shall expire in such manner and on such date or dates determined by the Committee and shall expire after such period, not to exceed ten years, as may be determined by the Committee (the SAR Period); provided, however, that notwithstanding any vesting or exercisability dates set by the Committee, the Committee may, in its sole discretion, accelerate the vesting and/or exercisability of any SAR, which acceleration shall not affect the terms and conditions of such SAR other than with respect to vesting and/or exercisability. If the SAR Period would expire at a time when trading in the shares of Common Stock is prohibited by the Company's insider trading policy (or the Company-imposed blackout period) or otherwise prohibited by law, the SAR Period shall be automatically extended until the 30th day following the expiration of such prohibition but only to the extent such extension would not violate Section 409A of the Code.

(ii) Notwithstanding anything to the contrary in the Plan, except as otherwise provided in the applicable Award agreement or any applicable employment, consulting, change-in-control, severance or other agreement between a Participant and the Company or an Affiliate, the unvested portion of a SAR shall expire upon termination of Employment of the Participant to whom the SAR was granted, and the vested portion of such SAR shall remain exercisable for either (A) one year following termination of Employment with the Company and its Affiliates by reason of such Participant's death or Disability, but not later than the expiration of the SAR Period, or (B) 90 days following termination of Employment with the Company and its Affiliates for any reason other than such Participant's death or Disability, but not later than the expiration of the SAR Period. Notwithstanding the foregoing, upon a termination of a Participant's Employment with the Company and its Affiliates by the Company or an Affiliate for Cause, all of such Participant's SARs shall expire at the time of such termination, whether or not then vested.

(d) Other Terms and Conditions. Except as specifically provided otherwise in an Award agreement, each SAR granted under the Plan shall be subject to the following terms and conditions:

(i) Each SAR or portion thereof that is exercisable shall be exercisable for the full amount or for any part thereof.

(ii) Subject to Section 15(b) of the Plan, SARs shall not be transferable by the Participant except by will or the laws of descent and distribution and shall be exercisable during the Participant's lifetime only by the Participant.

(iii) At the time of any exercise of a SAR, the Committee may, in its sole discretion, require a Participant to deliver to the Committee a written representation that the shares of Common Stock to be acquired upon such exercise are to be acquired for investment and not for resale or with a view to the distribution thereof. Upon such a request by the Committee, delivery of such representation prior to the delivery of any shares issued upon exercise of a SAR shall be a condition precedent to the right of the Participant or such other person to purchase any shares. In the event certificates for shares are delivered under the Plan with respect to which such investment representation has been obtained, the Committee may cause a legend or legends to be placed on such certificates to make appropriate reference to such representation and to restrict transfer in the absence of compliance with applicable federal or state securities laws.

(e) Method of Exercise. SARs which have become exercisable may be exercised by delivery of written (or electronic notice or telephonic instructions to the extent provided by the Committee) notice of exercise to the Company or its designee (including a third party administrator) in accordance with the terms of the Award, specifying the number of SARs to be exercised and the date on which such SARs were awarded. Notwithstanding the foregoing, if on the last day of the Option Period (or in the case of a SAR independent of an Option, the SAR Period), the Fair Market Value exceeds the Strike Price, the Participant has not exercised the SAR or the corresponding Option (if applicable), and neither the SAR nor the corresponding Option (if applicable) has expired, such SAR shall be deemed to have been exercised by the Participant on such last day and the Company shall make the appropriate payment therefor.

(f) Payment. Upon the exercise of a SAR, the Company shall pay to the Participant an amount equal to the number of shares subject to the SAR that are being exercised multiplied by the excess, if any, of the Fair Market Value of one

Table of Contents**APPENDIX A**

share of Common Stock on the exercise date over the Strike Price, less an amount equal to any federal, state, local and non-U.S. income and employment taxes required to be withheld based on the minimum statutory withholding liability. The Company shall pay such amount in cash, in shares of Common Stock valued at Fair Market Value, or any combination thereof, as determined by the Committee. Any fractional shares of Common Stock shall be settled in cash.

(g) Substitution of SARs for Nonqualified Stock Options. The Committee shall have the authority in its sole discretion to substitute, without the consent of the affected Participant or any holder or beneficiary of SARs, SARs settled in shares of Common Stock (or settled in shares or cash in the sole discretion of the Committee) for outstanding Nonqualified Stock Options, provided that (i) the substitution shall not otherwise result in a modification of the terms of any such Nonqualified Stock Option or constitute a modification or extension of the Nonqualified Stock Option under Section 409A of the Code, (ii) the number of shares of Common Stock underlying the substituted SARs shall be the same as the number of shares of Common Stock underlying such Nonqualified Stock Options and (iii) the Strike Price of the substituted SARs shall be equal to the Exercise Price of such Nonqualified Stock Options; provided, however, that if, in the opinion of the Company's independent public auditors, the foregoing provision creates adverse accounting consequences for the Company, such provision shall be considered null and void.

9. Restricted Stock and Restricted Stock Units. (a) Generally. Each grant of Restricted Stock and Restricted Stock Units shall be evidenced by an Award agreement. Each Restricted Stock and Restricted Stock Unit grant shall be subject to the conditions set forth in this Section 9, and to such other conditions not inconsistent with the Plan as determined by the Committee and may be reflected in the applicable Award agreement. The Committee shall establish restrictions applicable to such Restricted Stock and Restricted Stock Units, including the Restricted Period, and the time or times at which Restricted Stock or Restricted Stock Units shall be granted or become vested. The Committee may in its sole discretion accelerate the vesting and/or the lapse of any or all of the restrictions on the Restricted Stock and Restricted Stock Units which acceleration shall not affect any other terms and conditions of such Awards.

(b) Stock Certificates; Escrow or Similar Arrangement. Upon the grant of Restricted Stock, the Committee shall cause share(s) of Common Stock to be registered in the name of the Participant and held in book-entry form subject to the Company's directions and, if the Committee determines that the Restricted Stock shall be held by the Company or in escrow rather than delivered to the Participant pending vesting and the release of the applicable restrictions, the Committee may require the Participant to additionally execute and deliver to the Company (i) an escrow agreement satisfactory to the Committee, if applicable, and (ii) the appropriate stock power (endorsed in blank) with respect to the Restricted Stock covered by such agreement. If a Participant shall fail to execute and deliver (in a manner permitted under Section 15(a) of the Plan or as otherwise determined by the Committee) an agreement evidencing an Award of Restricted Stock and, if applicable, an escrow agreement and blank stock power within the amount of time specified by the Committee, the Award shall be null and void. Subject to the restrictions set forth in this Section 9 and the applicable Award agreement, the Participant generally shall have the rights and privileges of a shareholder as to such Restricted Stock, including without limitation the right to vote such Restricted Stock (provided, that any dividends payable on such shares of Restricted Stock shall be held by the Company and delivered (without interest) to the Participant within 15 days following the date on which the restrictions on such Restricted Stock lapse (and the right to any such accumulated dividends shall be forfeited upon the forfeiture of the Restricted Stock to which such dividends relate)). The Committee shall also be permitted to cause a stock certificate registered in the name of the Participant to be issued. To the extent shares of Restricted Stock are forfeited, any stock certificates issued to the Participant evidencing such shares shall be returned to the Company, and all rights of the Participant to such shares and as a shareholder with respect thereto shall terminate without further obligation on the part of the Company.

(c) Vesting; Acceleration of Lapse of Restrictions. Restricted Stock and Restricted Stock Units awarded to a Participant shall be subject to forfeiture until the expiration of the Restricted Period and the attainment of any other vesting criteria established by the Committee, and Restricted Stock shall be subject to the following provisions in addition to such other terms and conditions as may be set forth in the applicable Award agreement: (i) if an escrow arrangement is used, the Participant shall not be entitled to delivery of the stock certificate, and (ii) the shares shall be subject to the restrictions on transferability set forth in the Award agreement. Unless otherwise provided by the Committee in an Award agreement or any applicable employment, consulting, change in control, severance, or other agreement between a Participant and the Company or an Affiliate, the unvested portion of Restricted Stock and Restricted Stock Units shall terminate and be forfeited upon termination of Employment of the Participant granted the applicable Award. In the event of any forfeiture of Restricted Stock, the stock certificates shall be returned to the Company, and all rights of the Participant to such shares and as a shareholder shall terminate without further action or obligation on the part of the Company. In the event of any forfeiture of Restricted Stock Units, all rights of the

Table of Contents

APPENDIX A

Participant to such Restricted Stock Units shall terminate without further action or obligation on the part of the Company. The Committee may in its sole discretion, but subject to Section 11(a) with respect to Performance Compensation Awards, accelerate the lapse of any or all of the restrictions on the Restricted Stock and Restricted Stock Units at any time, which acceleration shall not affect any other terms and conditions of such Awards.

(d) Dividend Equivalents: No shares shall be issued at the time an Award of Restricted Stock Units is made, and the Company will not be required to set aside a fund for the payment of any such Award. At the discretion of the Committee, each Restricted Stock Unit (representing one share of Common Stock) awarded to a Participant may be credited with cash and stock dividends paid in respect of one share of Common Stock (Dividend Equivalents). Subject to Section 15(c) of the Plan, at the discretion of the Committee, Dividend Equivalents may be either currently paid to the Participant or reserved by the Company for the Participant's account, and interest may be credited on the amount of cash Dividend Equivalents withheld at a reasonable rate and subject to such terms as determined by the Committee. Dividend Equivalents credited to a Participant's account and attributable to any particular Restricted Stock Unit (and earnings thereon, if applicable) shall be distributed to the Participant upon settlement of such Restricted Stock Unit and, if such Restricted Stock Unit is forfeited, the Participant shall have no right to such Dividend Equivalents. Any entitlement to Dividend Equivalents or similar entitlements shall be established and administered consistent either with exemption from, or compliance with, the requirements of Section 409A of the Code.

(e) Delivery of Restricted Stock and Settlement of Restricted Stock Units.

(i) Upon the expiration of the Restricted Period with respect to any shares of Restricted Stock and the attainment of any other vesting criteria established by the Committee, the restrictions set forth in the applicable Award agreement shall be of no further force or effect with respect to such shares, except as set forth in the applicable Award agreement. If an escrow arrangement is used, upon such expiration, the Company shall deliver to the Participant, or his or her beneficiary, without charge a notice evidencing a book entry notation (or, if applicable, the stock certificate) evidencing the shares of Restricted Stock which have not then been forfeited and with respect to which the Restricted Period has expired (rounded down to the nearest full share). Dividends, if any, that may have been withheld by the Committee and attributable to any particular share of Restricted Stock shall be distributed to the Participant in cash or, at the sole discretion of the Committee, in shares of Common Stock having a Fair Market Value (on the date of distribution) equal to the amount of such dividends, upon the release of restrictions on such share and, if such share is forfeited, the Participant shall have no right to such dividends.

(ii) Unless otherwise provided by the Committee in an Award agreement, upon the expiration of the Restricted Period and the attainment of any other vesting criteria established by the Committee, with respect to any outstanding Restricted Stock Units, the Company shall deliver to the Participant, or his or her beneficiary, without charge, one share of Common Stock (or other securities or other property, as applicable) for each such outstanding Restricted Stock Unit which has not then been forfeited and with respect to which the Restricted Period has expired and any other such vesting criteria are attained (Released Unit); provided, however, that the Committee may, in its sole discretion, elect to (i) pay cash or part cash and part Common Stock in lieu of delivering only shares of Common Stock in respect of such Released Units or (ii) defer the delivery of Common Stock (or cash or part Common Stock and part cash, as the case may be) beyond the expiration of the Restricted Period if such extension would not cause adverse tax consequences under Section 409A of the Code. If a cash payment is made in lieu of delivering shares of Common Stock, the amount of such payment shall be equal to the Fair Market Value of the Common Stock as of the date on which the Restricted Period lapsed with respect to such Restricted Stock Units, less an amount equal to any federal, state, local and non-U.S. income and employment taxes required to be withheld.

(f) Legends on Restricted Stock. Each certificate representing Restricted Stock awarded under the Plan, if any, shall bear a legend substantially in the form of the following in addition to any other information the Company deems appropriate until the lapse of all restrictions with respect to such Common Stock:

TRANSFER OF THIS CERTIFICATE AND THE SHARES REPRESENTED HEREBY IS RESTRICTED PURSUANT TO THE TERMS OF THE TAYLOR MORRISON HOME CORPORATION 2013 OMNIBUS EQUITY AWARD PLAN AND A RESTRICTED STOCK AWARD AGREEMENT, DATED AS OF _____, BETWEEN TAYLOR MORRISON HOME CORPORATION AND _____. A COPY OF SUCH PLAN AND AWARD AGREEMENT IS ON FILE AT THE PRINCIPAL EXECUTIVE OFFICES OF TAYLOR MORRISON HOME CORPORATION.

10. Other Stock-Based Awards. The Committee may issue unrestricted Common Stock, rights to receive grants of Awards at a future date, or other Awards denominated in Common Stock (including, without limitation, performance shares or performance units), or Awards that provide for cash payments based in whole or in part on the value or

future value of shares of Common Stock under the Plan to Eligible Persons, alone or in tandem with other Awards, in such amounts as the Committee shall from time to time in its sole discretion determine. Each Other Stock-Based Award granted under the Plan shall be evidenced by an Award agreement. Each Other Stock-Based Award so granted shall be subject to such conditions not inconsistent with the Plan as may be reflected in the applicable Award agreement including, without limitation, the payment by the Participant of the Fair Market Value of such shares of Common Stock on the Date of Grant.

11. Performance Compensation Awards. (a) Generally. To the extent Section 162(m) of the Code is applicable, the Committee shall have the authority, at or before the time of grant of any Award described in Sections 7 through 10 of the Plan, to designate such Award as a Performance Compensation Award intended to qualify as performance-based compensation under Section 162(m) of the Code. In addition, the Committee shall have the authority to make an award of a cash bonus to any Participant and designate such Award as a Performance Compensation Award intended to qualify as performance-based compensation under Section 162(m) of the Code. Notwithstanding anything in the Plan to the contrary, any Award to a Participant who is a covered employee (within the meaning of Section 162(m) of the Code) for a fiscal year that satisfies the requirements of this Section 11 may be treated as a Performance Compensation Award in the absence of any such Committee designation, and if the Company determines that a Participant who has been granted an Award designated as a Performance Compensation Award is not (or is no longer) a covered employee (within the meaning of Section 162(m) of the Code), the terms and conditions of such Award may be modified without regard to any restrictions or limitations set forth in this Section 11 (but subject otherwise to the provisions of Section 14 of the Plan).

(b) Discretion of Committee with Respect to Performance Compensation Awards. With regard to a particular Performance Period, the Committee shall have sole discretion to select the length of such Performance Period, the type(s) of Performance Compensation Awards to be issued, the Performance Criteria that will be used to establish the Performance Goal(s), the kind(s) and/or level(s) of the Performance Goals(s) that is (are) to apply and the Performance Formula. Within the first 90 days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code), the Committee shall, with regard to the Performance Compensation Awards to be issued for such Performance Period, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence and record the same in writing (which may be in the form of minutes of a meeting of the Committee).

(c) Performance Criteria. The Performance Criteria that will be used to establish the Performance Goal(s) may be based on the attainment of specific levels of performance of the Company (and/or one or more Affiliates, divisions or operational and/or business units, product lines, brands, business segments, administrative departments, units, or any combination of the foregoing) and shall be limited to the following: (i) basic or diluted earnings per share (before or after taxes); (ii) pre- or after-tax income (before or after allocation of corporate overhead and bonus); (iii) operating income (before or after taxes); (iv) revenue, net revenue, net revenue growth or product revenue growth; (v) gross profit or gross profit growth; (vi) net operating profit (before or after taxes); (vii) earnings, including earnings before or after interest, depreciation and/or taxes; (viii) return measures (including, but not limited to, return on assets, net assets, capital, total capital, tangible capital, invested capital, equity, sales, or total shareholder return); (ix) cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on capital, cash flow return on investment, and cash flow per share (before or after dividends)); (x) margins, gross or operating margins, or cash margin; (xi) operating efficiency; (xii) productivity ratios; (xiii) share price (including, but not limited to, growth measures and total shareholder return); (xiv) expense targets or cost reduction goals; (xv) general administrative expense savings; (xvi) objective measures of client or customer satisfaction; (xvii) working capital targets; (xviii) measures of economic value added, or economic value-added models or equivalent metrics; (xix) inventory control; (xx) enterprise value; (xxi) net sales; (xxii) appreciation in and/or maintenance of the price of the Company's Common Stock; (xxiii) market share; (xxiv) comparisons with various stock market indices; (xxv) reductions in costs; (xxvi) improvement in or attainment of expense levels or working capital levels; (xxvii) year-end cash; (xxviii) debt reductions; (xxix) shareholder equity; (xxx) regulatory achievements; (xxxi) implementation, completion or attainment of measurable objectives with respect to strategy, research, development, products or projects, production volume levels, acquisitions, divestitures, reorganizations or other corporate transactions or capital raising transactions, expansion of specific business operations, meeting divisional proposal budgets, and recruiting and maintaining personnel, (xxxii) customer or client retention; (xxxiii) employee retention; (xxxiv) comparisons of continuing operations to other operations; or (xxxv) any combination of the foregoing. Any one or more of the Performance Criteria may be stated as a percentage of another Performance Criteria, or a percentage of a prior period's Performance Criteria, or used on an absolute, relative or adjusted basis to measure the performance of the Company and/or one or more Affiliates as a whole or any divisions or operational and/or business units, product lines, brands, business segments, administrative departments of the

Company and/or one or more Affiliates or any combination thereof, as the Committee may deem appropriate, or any of the above Performance Criteria may be compared to the performance of a group of comparator companies, or a published or special index that the Committee, in its sole discretion, deems appropriate, or as compared to various stock market indices. The Committee also has the authority to provide for accelerated vesting, delivery and exercisability of any Award based on the achievement of Performance Goals pursuant to the Performance Criteria specified in this paragraph. To the extent required under Section 162(m) of the Code, the Committee shall, within the first 90 days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code), define in an objective fashion the manner of calculating the Performance Criteria it selects to use for such Performance Period.

(d) Modification of Performance Goal(s). In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing Performance Criteria without obtaining shareholder approval of such alterations, the Committee shall have sole discretion to make such alterations without obtaining shareholder approval. Unless otherwise determined by the Committee at the time a Performance Compensation Award is granted, the Committee is authorized at any time during the first 90 days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code), or at any time thereafter to the extent the exercise of such authority at such time would not cause the Performance Compensation Awards granted to any Participant for such Performance Period to fail to qualify as performance-based compensation under Section 162(m) of the Code, specify adjustments or modifications to be made to the calculation of a Performance Goal for such Performance Period, based on and in order to appropriately reflect the following events: (i) asset write-downs; (ii) litigation or claim judgments or settlements; (iii) the effect of changes in tax laws, accounting principles, or other laws or regulatory rules affecting reported results; (iv) any reorganization and restructuring programs; (v) nonrecurring items as described in Accounting Standards Codification Topic 225-20 (or any successor pronouncement thereto) and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to shareholders for the applicable year; (vi) acquisitions or divestitures; (vii) any other specific unusual or nonrecurring events, or objectively determinable category thereof; (viii) foreign exchange gains and losses; (ix) discontinued operations and nonrecurring charges; and (x) a change in the Company's fiscal year.

(e) Payment of Performance Compensation Awards. (i) Condition to Receipt of Payment. Unless otherwise provided in the applicable Award agreement or any employment, consulting, change in control, severance or other agreement between a Participant and the Company or an Affiliate, a Participant must be employed by or rendering services to the Company or an Affiliate on the last day of a Performance Period to be eligible for payment in respect of a Performance Compensation Award for such Performance Period.

(ii) Limitation. Unless otherwise provided in the applicable Award agreement, or any employment, consulting, change in control, severance or other agreement between a Participant and the Company or an Affiliate, a Participant shall be eligible to receive payment in respect of a Performance Compensation Award only to the extent that: (A) the Performance Goals for such period are achieved, as determined by the Committee; and (B) all or some of the portion of such Participant's Performance Compensation Award has been earned for the Performance Period based on the application of the Performance Formula to such achieved Performance Goals as determined by the Committee.

(iii) Certification. Following the completion of a Performance Period, the Committee shall review and certify in writing (which may be in the form of minutes of a meeting of the Committee) whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, calculate and certify in writing (which may be in the form of minutes of a meeting of the Committee) that amount of the Performance Compensation Awards earned for the period based upon the Performance Formula. The Committee shall then determine the amount of each Participant's Performance Compensation Award actually payable for the Performance Period and, in so doing, may apply Negative Discretion.

(iv) Use of Negative Discretion. In determining the actual amount of an individual Participant's Performance Compensation Award for a Performance Period, the Committee may reduce or eliminate the amount of the Performance Compensation Award earned under the Performance Formula in the Performance Period through the use of Negative Discretion if, in its sole judgment, such reduction or elimination is appropriate. Unless otherwise provided in the applicable Award agreement, the Committee shall not have the discretion to (A) provide payment or delivery in respect of Performance Compensation Awards for a Performance Period if the Performance Goals for such Performance Period have not been attained; or (B) increase a Performance Compensation Award above the applicable limitations set forth in Section 5 of the Plan.

Table of Contents**APPENDIX A**

(f) Timing of Award Payments. Unless otherwise provided in the applicable Award agreement, Performance Compensation Awards granted for a Performance Period shall be paid to Participants as soon as administratively practicable following completion of the certifications required by this Section 11. Any Performance Compensation Award that has been deferred shall not (between the date as of which the Award is deferred and the payment date) increase (i) with respect to a Performance Compensation Award that is payable in cash, by a measuring factor for each fiscal year greater than a reasonable rate of interest set by the Committee or (ii) with respect to a Performance Compensation Award that is payable in shares of Common Stock, by an amount greater than the appreciation of a share of Common Stock from the date such Award is deferred to the payment date. To the extent Section 162(m) of the Code is applicable, unless otherwise provided in an Award agreement, any Performance Compensation Award that is deferred and is otherwise payable in shares of Common Stock shall be credited (during the period between the date as of which the Award is deferred and the payment date) with dividend equivalents (in a manner consistent with the methodology set forth in the last sentence of Section 9(d) of the Plan).

12. Changes in Capital Structure and Similar Events. In the event of (a) any dividend (other than regular cash dividends) or other distribution (whether in the form of cash, shares of Common Stock, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, split-off, spin-off, combination, repurchase or exchange of shares of Common Stock or other securities of the Company, or other similar corporate transactions or events (including, without limitation, a Change in Control) that affects the shares of Common Stock, or (b) unusual or nonrecurring events (including, without limitation, a Change in Control) affecting the Company, any Affiliate, or the financial statements of the Company or any Affiliate, or changes in applicable rules, rulings, regulations or other requirements of any governmental body or securities exchange or inter-dealer quotation system, accounting principles or law, such that in any case an adjustment is determined by the Committee in its sole discretion to be necessary or appropriate, then the Committee shall make any such adjustments in such manner as it may deem equitable, including without limitation any or all of the following:

(i) adjusting any or all of (A) the number of shares of Common Stock or other securities of the Company (or number and kind of other securities or other property) which may be delivered in respect of Awards or with respect to which Awards may be granted under the Plan (including, without limitation, adjusting any or all of the limitations under Section 5 of the Plan) and (B) the terms of any outstanding Award, including, without limitation, (1) the number of shares of Common Stock or other securities of the Company (or number and kind of other securities or other property) subject to outstanding Awards or to which outstanding Awards relate, (2) the Exercise Price or Strike Price with respect to any Award or (3) any applicable performance measures (including, without limitation, Performance Criteria, Performance Formula and Performance Goals) solely to the extent such adjustment would not cause any Performance Compensation Awards intended to qualify as performance-based compensation under Section 162(m) of the Code to fail to qualify as performance-based compensation under Section 162(m) of the Code;

(ii) providing for a substitution or assumption of Awards (or awards of an acquiring company), accelerating the delivery, vesting and/or exercisability of, lapse of restrictions and/or other conditions on, or termination of, Awards or providing for a period of time (which shall not be required to be more than ten (10) days) for Participants to exercise outstanding Awards prior to the occurrence of such event (and any such Award not so exercised shall terminate upon the occurrence of such event); and

(iii) cancelling any one or more outstanding Awards (or awards of an acquiring company) and causing to be paid to the holders thereof, in cash, shares of Common Stock, other securities or other property, or any combination thereof, the value of such Awards, if any, as determined by the Committee (which if applicable may be based upon the price per share of Common Stock received or to be received by other shareholders of the Company in such event), including without limitation, in the case of an outstanding Option or SAR, a cash payment in an amount equal to the excess, if any, of the Fair Market Value (as of a date specified by the Committee) of the shares of Common Stock subject to such Option or SAR over the aggregate Exercise Price or Strike Price of such Option or SAR, respectively (it being understood that, in such event, any Option or SAR having a per share Exercise Price or Strike Price equal to, or in excess of, the Fair Market Value of a share of Common Stock subject thereto may be canceled and terminated without any payment or consideration therefor).

Payments to holders pursuant to paragraph (iii) above shall be made in cash or, in the sole discretion of the Committee, in the form of such other consideration necessary for a Participant to receive property, cash, or securities (or a combination thereof) as such Participant would have been entitled to receive upon the occurrence of the transaction if the Participant had been, immediately prior to such transaction, the holder of the number of shares of Common Stock covered by the Award at such time (less any applicable Exercise Price or Strike Price). In addition, in

Table of Contents

APPENDIX A

connection with any such transaction, prior to any payment or adjustment contemplated under this Section 12, the Committee may require a Participant to (A) represent and warrant as to the unencumbered title to his Awards, (B) bear such Participant's pro-rata share of any post-closing indemnity obligations, and be subject to the same post-closing purchase price adjustments, escrow terms, offset rights, holdback terms, and similar conditions as the other holders of Common Stock, and (C) deliver customary transfer documentation as reasonably determined by the Committee.

Notwithstanding the foregoing, in the case of any equity restructuring (within the meaning of the Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor pronouncement thereto, ASC 718), the Committee shall make an equitable or proportionate adjustment to outstanding Awards to reflect such equity restructuring. Except as otherwise determined by the Committee, any adjustment in Incentive Stock Options under this Section 12 (other than any cancellation of Incentive Stock Options) shall be made only to the extent not constituting a modification within the meaning of Section 424(h)(3) of the Code, and any adjustments under this Section 12 shall be made in a manner that does not adversely affect the exemption provided pursuant to Rule 16b-3 under the Exchange Act. The Company shall give each Participant notice (including by placement on the Company's website) of an adjustment hereunder, and upon notice, such adjustment shall be conclusive and binding for all purposes.

13. Effect of Change in Control.

(a) Notwithstanding any provision of the Plan to the contrary, except to the extent otherwise provided in an Award agreement, or any applicable employment, consulting, change in control, severance or other agreement between a Participant and the Company or an Affiliate, in the event of a Change in Control, if a Participant's Employment is terminated by the Company and its Affiliates other than for Cause (and other than due to death or Disability) within the 24-month period following a Change in Control, then:

(i) all then-outstanding Options and SARs shall become immediately exercisable as of such Participant's date of termination with respect to all of the shares subject to such Option or SAR;

(ii) the Restricted Period shall expire as of such Participant's date of termination with respect to all of then-outstanding shares of Restricted Stock or Restricted Stock Units (including without limitation a waiver of any applicable Performance Goals); and

(iii) Awards previously deferred shall be settled in full as soon as practicable following such Participant's date of termination.

(b) All incomplete Performance Periods in effect on the date the Change in Control occurs shall end on such date, and the Committee may (i) determine the extent to which Performance Goals with respect to each such Performance Period have been met based upon such audited or unaudited financial information or other information then available as it deems relevant and (ii) cause the Participant to receive partial or full payment of Awards for each such Performance Period based upon the Committee's determination of the degree of attainment of Performance Goals, or assuming that the applicable target levels of performance have been attained or on such other basis determined by the Committee.

(c) In addition, in the event of a Change in Control, the Committee may in its discretion and upon at least five (5) days advance notice to the affected persons, cancel any outstanding Award and pay to the holders thereof, in cash, securities or other property (including of the acquiring or successor company), or any combination thereof, the value of such Awards based upon the price per share of Common Stock received or to be received by other shareholders of the Company in the event. Notwithstanding the above, the Committee shall exercise such discretion over any Award subject to Section 409A of the Code at the time such Award is granted.

(d) The obligations of the Company under the Plan shall be binding upon any successor corporation or organization resulting from the merger, consolidation or other reorganization of the Company, or upon any successor corporation or organization succeeding to substantially all of the assets and business of the Company.

(e) To the extent practicable, the provisions of this Section 13 shall occur in a manner and at a time which allows affected Participants the ability to participate in the Change in Control transaction with respect to the Common Stock subject to their Awards.

14. Amendments and Termination. (a) Amendment and Termination of the Plan. The Board may amend, alter, suspend, discontinue, or terminate the Plan or any portion thereof at any time; provided, that no such amendment, alteration, suspension, discontinuation or termination shall be made without shareholder approval if such approval is necessary to comply with any tax or regulatory requirement applicable to the Plan (including, without limitation, as necessary to comply with any rules or requirements of any securities exchange or inter-dealer quotation system

of Common Stock may be listed or quoted), as applicable; provided, further, except as provided for herein, that any such amendment, alteration, suspension, discontinuance or termination that would materially and adversely affect the rights of any Participant or any holder or beneficiary of any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant, holder or beneficiary. Notwithstanding the foregoing, no amendment shall be made to the last proviso of Section 14(b) of the Plan without shareholder approval.

(b) Amendment of Award Agreements. The Committee may, to the extent not inconsistent with the terms of any applicable Award agreement, waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate, any Award theretofore granted or the associated Award agreement, prospectively or retroactively (including after a Participant's termination of Employment with the Company); provided that, except as provided for herein, any such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination that would materially and adversely affect the rights of any Participant with respect to any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant; provided, further, that without shareholder approval, except as otherwise permitted under Section 12 of the Plan, (i) no amendment or modification may reduce the Exercise Price of any Option or the Strike Price of any SAR, (ii) the Committee may not cancel any outstanding Option or SAR and replace it with a new Option or SAR (with a lower Exercise Price or Strike Price, as the case may be) or other Award or cash in a manner which would either (A) be reportable on the Company's proxy statement as Options which have been repriced (as such term is used in Item 402 of Regulation S-K promulgated under the Exchange Act), or (B) result in any repricing for financial statement reporting purposes (or otherwise cause the Award to fail to qualify for equity accounting treatment) and (iii) the Committee may not take any other action which is considered a repricing for purposes of the shareholder approval rules of the applicable securities exchange or inter-dealer quotation system on which the Common Stock is listed or quoted, if any.

15. General. (a) Award Agreements. Each Award under the Plan shall be evidenced by an Award agreement, which shall be delivered to the Participant and shall specify the terms and conditions of the Award and any rules applicable thereto. For purposes of the Plan, an Award agreement may be in any such form (written or electronic) as determined by the Committee (including, without limitation, a Board or Committee resolution, an employment agreement, a notice, a certificate or a letter) evidencing the Award. The Committee need not require an Award agreement to be signed by the Participant or a duly authorized representative of the Company.

(b) Nontransferability. (i) Each Award shall be exercisable only by a Participant during the Participant's lifetime, or, if permissible under applicable law, by the Participant's legal guardian or representative. No Award may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Participant other than by will or by the laws of descent and distribution and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance shall be void and unenforceable against the Company or an Affiliate; provided, that the designation of a beneficiary shall not constitute an assignment, alienation, pledge, attachment, sale, transfer or encumbrance.

(ii) Notwithstanding the foregoing, the Committee may, in its sole discretion, permit Awards (other than Incentive Stock Options) to be transferred by a Participant, without consideration, subject to such rules as the Committee may adopt consistent with any applicable Award agreement to preserve the purposes of the Plan, to: (A) any person who is a family member of the Participant, as such term is used in the instructions to Form S-8 under the Securities Act or any successor form of registration statements promulgated by the Securities and Exchange Commission (collectively, the Immediate Family Members); (B) a trust solely for the benefit of the Participant and his or her Immediate Family Members; (C) a partnership or limited liability company whose only partners or shareholders are the Participant and his or her Immediate Family Members; or (D) any other transferee as may be approved either (I) by the Board or the Committee in its sole discretion, or (II) as provided in the applicable Award agreement; (each transferee described in clauses (A), (B), (C) and (D) above is hereinafter referred to as a Permitted Transferee); provided that the Participant gives the Committee advance written notice describing the terms and conditions of the proposed transfer and the Committee notifies the Participant in writing that such a transfer would comply with the requirements of the Plan.

(iii) The terms of any Award transferred in accordance with the immediately preceding sentence shall apply to the Permitted Transferee and any reference in the Plan, or in any applicable Award agreement, to a Participant shall be deemed to refer to the Permitted Transferee, except that (A) Permitted Transferees shall not be entitled to transfer any Award, other than by will or the laws of descent and distribution; (B) Permitted Transferees shall not be entitled to exercise any transferred Option unless there shall be in effect a registration statement on an appropriate form covering the shares of Common Stock to be acquired pursuant to the exercise of such Option if the Committee determines, consistent with any applicable Award agreement, that such a registration statement is necessary or appropriate; (C) the Committee or the Company shall not be required to provide any notice to a

Permitted Transferee, whether or not such notice is or would otherwise have been required to be given to the Participant under the Plan or otherwise; and (D) the consequences of the termination of the Participant's Employment by, or services to, the Company or an Affiliate under the terms of the Plan and the applicable Award agreement shall continue to be applied with respect to the Permitted Transferee as if the Permitted Transferee were the Participant, including, without limitation, that an Option shall be exercisable by the Permitted Transferee only to the extent, and for the periods, specified in the Plan and the applicable Award agreement.

(c) **Dividends and Dividend Equivalents.** The Committee in its sole discretion may provide a Participant as part of an Award with dividends or dividend equivalents, payable in cash, shares of Common Stock, other securities, other Awards or other property, on a current or deferred basis, on such terms and conditions as may be determined by the Committee in its sole discretion consistent with the requirements of Section 409A of the Code, including without limitation, payment directly to the Participant, reserving of such amounts by the Company subject to vesting of the Award or reinvestment in additional shares of Common Stock, Restricted Stock or other Awards; provided, that no dividends or dividend equivalents shall be payable in respect of outstanding (i) Options or SARs or (ii) unearned Performance Compensation Awards or other unearned Awards subject to performance conditions (other than or in addition to the passage of time) (although dividends and dividend equivalents may be accumulated in respect of unearned Awards and paid as soon as administratively practicable, but no more than 30 days after such Awards are earned and become distributable).

(d) **Tax Withholding.** (i) A Participant shall be required to pay to the Company or any Affiliate, and the Company or any Affiliate shall have the right (but not the obligation) and is hereby authorized to withhold, from any cash, shares of Common Stock, other securities or other property deliverable under any Award or from any compensation or other amounts owing to a Participant, the amount (in cash, Common Stock, other securities or other property) of any required withholding taxes in respect of an Award, its exercise, or any payment or transfer under an Award or under the Plan and to take such other action as may be necessary in the opinion of the Committee or the Company to satisfy all obligations for the payment of such withholding and taxes.

(ii) Without limiting the generality of clause (i) above, the Committee may, in its sole discretion, permit a Participant to satisfy, in whole or in part, the foregoing withholding liability (but no more than the minimum required statutory liability withholding liability, if required to avoid adverse accounting treatment of the Award as a liability award under ACS 718) by (A) payment in cash; (B) the delivery of shares of Common Stock (which are not subject to any pledge or other security interest) owned by the Participant having a Fair Market Value equal to such withholding liability or (C) having the Company withhold from the number of shares of Common Stock otherwise issuable or deliverable pursuant to the exercise or settlement of the Award a number of shares with a Fair Market Value equal to such withholding liability.

(e) **No Claim to Awards; No Rights to Continued Employment; Waiver.** No employee of the Company or an Affiliate, or other person, shall have any claim or right to be granted an Award under the Plan or, having been selected for the grant of an Award, to be selected for a grant of any other Award. There is no obligation for uniformity of treatment of Participants or holders or beneficiaries of Awards. The terms and conditions of Awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant and may be made selectively among Participants, whether or not such Participants are similarly situated. Neither the Plan nor any action taken hereunder shall be construed as giving any Participant any right to be retained in the employ or service of the Company or an Affiliate, nor shall it be construed as giving any Participant any rights to continued service on the Board. The Company or any of its Affiliates may at any time dismiss a Participant from Employment or discontinue any consulting relationship, free from any liability or any claim under the Plan, unless otherwise expressly provided in the Plan or any Award agreement. By accepting an Award under the Plan, a Participant shall thereby be deemed to have waived any claim to continued exercise or vesting of an Award or to damages or severance entitlement related to non-continuation of the Award beyond the period provided under the Plan or any Award agreement, notwithstanding any provision to the contrary in any written employment contract or other agreement between the Company and its Affiliates and the Participant, whether any such agreement is executed before, on or after the Date of Grant.

(f) **Data Privacy.** As a condition of receipt of any Award, each Participant explicitly and unambiguously consents to the collection, use, and transfer, in electronic or other form, of personal data as described in this section by and among, as applicable, the Company and its Affiliates for the exclusive purpose of implementing, administering, and managing the Plan and Awards and the Participant's participation in the Plan. In furtherance of such implementation, administration, and management, the Company and its Affiliates may hold certain personal information about a Participant, including, but not limited to, the Participant's name, home address, telephone number, date of birth, social

security or insurance number or other identification number, salary, nationality, job title(s), information regarding any securities of the Company or any of its Affiliates, and details of all Awards (the Data). In addition to transferring the Data amongst themselves as necessary for the purpose of implementation, administration, and management of the Plan and Awards and the Participant's participation in the Plan, the Company and its Affiliates may each transfer the Data to any third parties assisting the Company in the implementation, administration, and management of the Plan and Awards and the Participant's participation in the Plan. Recipients of the Data may be located in the Participant's country or elsewhere, and the Participant's country and any given recipient's country may have different data privacy laws and protections. By accepting an Award, each Participant authorizes such recipients to receive, possess, use, retain, and transfer the Data, in electronic or other form, for the purposes of assisting the Company in the implementation, administration, and management of the Plan and Awards and the Participant's participation in the Plan, including any requisite transfer of such Data as may be required to a broker or other third party with whom the Company or the Participant may elect to deposit any shares of Common Stock. The Data related to a Participant will be held only as long as is necessary to implement, administer, and manage the Plan and Awards and the Participant's participation in the Plan. A Participant may, at any time, view the Data held by the Company with respect to such Participant, request additional information about the storage and processing of the Data with respect to such Participant, recommend any necessary corrections to the Data with respect to the Participant, or refuse or withdraw the consents herein in writing, in any case without cost, by contacting his local human resources representative. The Company may cancel the Participant's eligibility to participate in the Plan, and in the Committee's discretion, the Participant may forfeit any outstanding Awards if the Participant refuses or withdraws the consents described herein. For more information on the consequences of refusal to consent or withdrawal of consent, Participants may contact their local human resources representative.

(g) International Participants. Without limiting the generality of Section 4(d) of the Plan, with respect to Participants who are foreign nationals or who reside or work outside of the United States of America and who are not (and who are not expected to be) covered employees within the meaning of Section 162(m) of the Code, the Committee may in its sole discretion amend the terms of the Plan or Sub-Plans or appendices thereto, or outstanding Awards, with respect to such Participants in order to conform such terms with the requirements of local law or to obtain more favorable tax or other treatment for a Participant, the Company or its Affiliates.

(h) Designation and Change of Beneficiary. Each Participant may file with the Committee a written designation of one or more persons as the beneficiary(ies) who shall be entitled to receive the amounts payable with respect to an Award, if any, due under the Plan upon his or her death. A Participant may, from time to time, revoke or change his or her beneficiary designation without the consent of any prior beneficiary by filing a new designation with the Committee. The last such designation received by the Committee shall be controlling; provided, however, that no designation, or change or revocation thereof, shall be effective unless received by the Committee prior to the Participant's death, and in no event shall it be effective as of a date prior to such receipt. If no beneficiary designation is filed by a Participant, the beneficiary shall be deemed to be his or her spouse (or domestic partner if such status is recognized by the Company according to the procedures established by the Company and in such jurisdiction), or if the Participant is otherwise unmarried at the time of death, his or her estate. After receipt of Options in accordance with this paragraph, beneficiaries will only be able to exercise such options in accordance with Section 7(e) of this Plan.

(i) Termination of Employment. Except as otherwise provided in an Award agreement or any employment, consulting, change in control, severance or other agreement between a Participant and the Company or an Affiliate, unless determined otherwise by the Committee: (i) neither a temporary absence from Employment due to illness, vacation or leave of absence (including, without limitation, a call to active duty for military service through a Reserve or National Guard unit) nor a transfer from Employment with the Company to Employment with an Affiliate (or vice-versa) shall be considered a termination of Employment with the Company or an Affiliate; and (ii) if a Participant's Employment with the Company and its Affiliates terminates, but such Participant continues to provide services to the Company or its Affiliates in a non-employee capacity (including as a Non-Employee Director) (or vice-versa), such change in status shall not be considered a termination of Employment with the Company or an Affiliate for purposes of the Plan. Unless otherwise determined by the Committee, in the event that any Participant's employer ceases to be an Affiliate of the Company (by reason of sale, divestiture, spin-off, or other similar transaction), each Participant who is employed by or provides services to such employer shall be deemed to have suffered a termination hereunder as of the date of the consummation of such transaction, unless the Participant's Employment is transferred to the Company or another entity that would constitute an Affiliate immediately following such transaction.

(j) No Rights as a Shareholder. Except as otherwise specifically provided in the Plan or any Award agreement, no person shall be entitled to the privileges of ownership in respect of shares of Common Stock which are subject to Awards hereunder until such shares have been issued or delivered to that person.

APPENDIX A

(k) Government and Other Regulations. (i) The obligation of the Company to settle Awards in Common Stock or other consideration shall be subject to all applicable laws, rules, and regulations, and to such approvals by governmental agencies as may be required. Notwithstanding any terms or conditions of any Award to the contrary, the Company shall be under no obligation to offer to sell or to sell, and shall be prohibited from offering to sell or selling, any shares of Common Stock pursuant to an Award unless such shares have been properly registered for sale pursuant to the Securities Act with the Securities and Exchange Commission or unless the Company has received an opinion of counsel, satisfactory to the Company, that such shares may be offered or sold without such registration pursuant to an available exemption therefrom and the terms and conditions of such exemption have been fully complied with. The Company shall be under no obligation to register for sale under the Securities Act any of the shares of Common Stock to be offered or sold under the Plan. The Committee shall have the authority to provide that all shares of Common Stock or other securities of the Company or any Affiliate delivered under the Plan shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan, the applicable Award agreement, the federal securities laws, or the rules, regulations and other requirements of the Securities and Exchange Commission, any securities exchange or inter-dealer quotation system upon which such shares or other securities of the Company are then listed or quoted and any other applicable federal, state, local or non-U.S. laws, rules, regulations and other requirements, and, without limiting the generality of Section 9 of the Plan, the Committee may cause a legend or legends to be put on any such certificates of Common Stock or other securities of the Company or any Affiliate delivered under the Plan to make appropriate reference to such restrictions or may cause such Common Stock or other securities of the Company or any Affiliate delivered under the Plan in book-entry form to be held subject to the Company's instructions or subject to appropriate stop-transfer orders. Notwithstanding any provision in the Plan to the contrary, the Committee reserves the right to add any additional terms or provisions to any Award granted under the Plan that it in its sole discretion deems necessary or advisable in order that such Award complies with the legal requirements of any governmental entity to whose jurisdiction the Award is subject.

(ii) The Committee may cancel an Award or any portion thereof if it determines, in its sole discretion, that legal or contractual restrictions and/or blockage and/or other market considerations would make the Company's acquisition of shares of Common Stock from the public markets, the Company's issuance of Common Stock to the Participant, the Participant's acquisition of Common Stock from the Company and/or the Participant's sale of Common Stock to the public markets, illegal, impracticable or inadvisable. If the Committee determines to cancel all or any portion of an Award in accordance with the foregoing, the Company shall pay to the Participant an amount equal to the excess of (A) the aggregate Fair Market Value of the shares of Common Stock subject to such Award or portion thereof canceled (determined as of the applicable exercise date, or the date that the shares would have been vested or delivered, as applicable), over (B) the aggregate Exercise Price or Strike Price (in the case of an Option or SAR, respectively) or any amount payable as a condition of delivery of shares of Common Stock (in the case of any other Award). Such amount shall be delivered to the Participant as soon as practicable following the cancellation of such Award or portion thereof except as would otherwise cause the Award to fail to comply with or be exempt from Section 409A of the Code.

(l) No Section 83(b) Elections Without Consent of Company. No election under Section 83(b) of the Code or under a similar provision of law may be made unless expressly permitted by the terms of the applicable Award agreement or by action of the Committee in writing prior to the making of such election. If a Participant, in connection with the acquisition of shares of Common Stock under the Plan or otherwise, is expressly permitted to make such election and the Participant makes the election, the Participant shall notify the Company of such election within ten days of filing notice of the election with the Internal Revenue Service or other governmental authority, in addition to any filing and notification required pursuant to Section 83(b) of the Code or other applicable provision.

(m) Payments to Persons Other Than Participants. If the Committee shall find that any person to whom any amount is payable under the Plan is unable to care for his or her affairs because of illness or accident, or is a minor, or has died, then any payment due to such person or his or her estate (unless a prior claim therefor has been made by a duly appointed legal representative or a beneficiary designation form has been filed with the Company) may, if the Committee so directs the Company, be paid to his or her spouse, child, relative, an institution maintaining or having custody of such person, or any other person deemed by the Committee to be a proper recipient on behalf of such person otherwise entitled to payment. Any such payment shall be a complete discharge of the liability of the Committee and the Company therefor.

(n) Nonexclusivity of the Plan. Neither the adoption of this Plan by the Board nor the submission of this Plan to the shareholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of stock options otherwise than under this Plan, and such arrangements may be either applicable generally or only in specific cases.

APPENDIX A

(o) No Trust or Fund Created. Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate, on the one hand, and a Participant or other person or entity, on the other hand. No provision of the Plan or any Award shall require the Company, for the purpose of satisfying any obligations under the Plan, to purchase assets or place any assets in a trust or other entity to which contributions are made or otherwise to segregate any assets, nor shall the Company maintain separate bank accounts, books, records or other evidence of the existence of a segregated or separately maintained or administered fund for such purposes. Participants shall have no rights under the Plan other than as unsecured general creditors of the Company, except that insofar as they may have become entitled to payment of additional compensation by performance of services, they shall have the same rights as other employees under general law.

(p) Reliance on Reports. Each member of the Committee and each member of the Board (and their respective designees) shall be fully justified in acting or failing to act, as the case may be, and shall not be liable for having so acted or failed to act in good faith, in reliance upon any report made by the independent public accountant of the Company and its Affiliates and/or any other information furnished in connection with the Plan by any agent of the Company or the Committee or the Board, other than himself or herself.

(q) Relationship to Other Benefits. No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, profit sharing, group insurance or other benefit plan of the Company except as otherwise specifically provided in such other plan.

(r) Purchase for Investment. Whether or not the Options and shares covered by the Plan have been registered under the Securities Act, each person exercising an Option under the Plan or acquiring shares under the Plan may be required by the Company to give a representation in writing that such person is acquiring such shares for investment and not with a view to, or for sale in connection with, the distribution of any part thereof. The Company will endorse any necessary legend referring to the foregoing restriction upon the certificate or certificates representing any shares issued or transferred to the Participant upon the exercise of any Option granted under the Plan.

(s) Governing Law. The Plan shall be governed by and construed in accordance with the internal laws of the State of Delaware applicable to contracts made and performed wholly within the State of Delaware, without giving effect to the conflict of laws provisions thereof.

(t) Severability. If any provision of the Plan or any Award or Award agreement is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction or as to any person or entity or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to the applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be construed or deemed stricken as to such jurisdiction, person or entity or Award and the remainder of the Plan and any such Award shall remain in full force and effect.

(u) Obligations Binding on Successors. The obligations of the Company under the Plan shall be binding upon any successor corporation or organization resulting from the merger, consolidation or other reorganization of the Company, or upon any successor corporation or organization succeeding to substantially all of the assets and business of the Company.

(v) 409A of the Code. (i) Notwithstanding any provision of the Plan to the contrary, it is intended that the provisions of this Plan either (i) qualify for an exemption from the requirements of Section 409A of the Code, or (ii) satisfy such requirements and all provisions of this Plan shall be construed and interpreted in a manner consistent with the requirements for not being subject to taxes or penalties under Section 409A of the Code. Notwithstanding the foregoing, each Participant is solely responsible and liable for the satisfaction of all taxes and penalties that may be imposed on or in respect of such Participant in connection with this Plan or any other plan maintained by the Company (including any taxes and penalties under Section 409A of the Code), and neither the Company nor any Affiliate shall have any obligation to indemnify or otherwise hold such Participant (or any beneficiary) harmless from any or all of such taxes or penalties. With respect to any Award that is considered deferred compensation subject to Section 409A of the Code, references in the Plan to termination of employment (and substantially similar phrases) shall mean separation from service within the meaning of Section 409A of the Code. For purposes of Section 409A of the Code, each of the payments that may be made in respect of any Award granted under the Plan is designated as separate payments.

(ii) Notwithstanding anything in the Plan to the contrary, if a Participant is a specified employee within the meaning of Section 409A(a)(2)(B)(i) of the Code, no payments or deliveries in respect of any Awards that are deferred compensation subject to Section 409A of the Code shall be made to such Participant prior to the date

APPENDIX A

that is six months after the date of such Participant's separation from service (as defined in Section 409A of the Code after giving effect to the presumptions contained in the regulations thereunder) or, if earlier, the Participant's date of death. Following any applicable six month delay, all such delayed payments or deliveries will be paid or delivered (without interest) in a single lump sum on the earliest date permitted under Section 409A of the Code that is also a business day.

(iii) Unless otherwise provided by the Committee, in the event that the timing of payments in respect of any Award (that would otherwise be considered deferred compensation subject to Section 409A of the Code) would be accelerated upon the occurrence of (A) a Change in Control, no such acceleration shall be permitted unless the event giving rise to the Change in Control satisfies the definition of a change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation pursuant to Section 409A of the Code and any Treasury Regulations promulgated thereunder or (B) a Disability, no such acceleration shall be permitted unless the Disability also satisfies the definition of Disability pursuant to Section 409A of the Code and any Treasury Regulations promulgated thereunder.

(w) Clawback/Forfeiture. Notwithstanding anything to the contrary contained herein, an Award agreement may provide that the Committee may in its sole discretion cancel such Award if the Participant, without the consent of the Company, while employed by or providing services to the Company or any Affiliate or after termination of such Employment, violates a non-competition, non-solicitation, non-disparagement or non-disclosure covenant or agreement, engages in conduct that would constitute Cause under the Plan or otherwise has engaged in or engages in activity that is in conflict with or adverse to the interest of the Company or any Affiliate, including fraud or conduct contributing to any financial restatements or irregularities, as determined by the Committee in its sole discretion. The Committee may also provide in an Award agreement that if the Participant otherwise has engaged in or engages in any activity referred to in the preceding sentence, the Participant shall forfeit any compensation, gain or other value realized thereafter on the vesting, exercise or settlement of such Award, the sale or other transfer of such Award, or the sale of shares of Common Stock acquired in respect of such Award, and must promptly repay such amounts to the Company. The Committee may also provide in an Award agreement that in the event of an accounting restatement due to material noncompliance by the Company with any financial reporting requirement under the securities laws or as a result of any mistake in calculations or other administrative error, in each case, which reduces the amount of the Award that would have been earned had the financial results been properly reported (as determined by the Committee) (i) the Award will be canceled and (ii) the Participant will forfeit (A) the shares of Common Stock received or payable on the vesting or exercise of the Award and (B) the amount of the proceeds of the sale, gain or other value realized on the vesting or exercise of the Award (and the Participant may be required to return or pay such shares of Common Stock or amount to the Company). To the extent required by applicable law (including without limitation Section 304 of the Sarbanes-Oxley Act and Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act) and/or the rules and regulations of NYSE or other securities exchange or inter-dealer quotation system on which the Common Stock is listed or quoted, or if so required pursuant to a written policy adopted by the Company, Awards shall be subject (including on a retroactive basis) to clawback, forfeiture or similar requirements (and such requirements shall be deemed incorporated by reference into all outstanding Award agreements).

(x) Code Section 162(m) Re-approval. If so determined by the Committee, the provisions of the Plan regarding Performance Compensation Awards shall be submitted for re-approval by the shareholders of the Company no later than the first shareholder meeting that occurs in the fifth year following the year that shareholders previously approved such provisions following the date of initial shareholder approval, for purposes of exempting certain Awards granted after such time from the deduction limitations of Section 162(m) of the Code. Nothing in this subsection, however, shall affect the validity of Awards granted after such time if such shareholder approval has not been obtained.

(y) Expenses; Gender; Titles and Headings. The expenses of administering the Plan shall be borne by the Company and its Affiliates. Masculine pronouns and other words of masculine gender shall refer to both men and women. The titles and headings of the sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.
