Item 1.01 Entry into a Material Definitive Agreement

On October 5, 2016, Lam Research Corporation (Lam) and KLA-Tencor Corporation (KLA) entered into a Termination Agreement (the Termination Agreement) to terminate their previously reported Agreement and Plan of Merger and Reorganization, dated as of October 20, 2015, by and among Lam, KLA, Topeka Merger Sub 1, Inc., and Topeka Merger Sub 3, Inc. (as permitted assignee of Topeka Merger Sub 2, Inc.) (the Merger Agreement). After careful review of recent antitrust agency feedback and evaluation of their options, both companies have decided that it is not in the best interest of their respective stakeholders to continue pursuing the merger. In accordance with terms set forth in the Merger Agreement, no termination fees will be payable by either company.

A copy of the Termination Agreement is attached hereto as Exhibit 2.1 and is incorporated herein by reference.

Item 1.02 Termination of a Material Definitive Agreement.

Merger Agreement Termination

On October 5, 2016, the Merger Agreement was terminated. The disclosure under Item 1.01 of this Current Report on Form 8-K is hereby incorporated by reference in response to Item 1.02.

The terminated Merger Agreement is more fully described in Lam s Current Report on Form 8-K filed on October 21, 2015.

Term Loan Commitment Termination

As previously reported in a Current Report on Form 8-K filed by Lam on May 13, 2016 (the Prior 8-K), on May 13, 2016, Lam entered into an Amended and Restated Term Loan Agreement (the Amended and Restated Term Loan Agreement), among Lam, the lenders party thereto and JPMorgan Chase Bank, N.A., as administrative agent, Goldman Sachs Bank, USA, JPMorgan Chase Bank, N.A., Barclays Bank PLC and Citibank, N.A., as joint bookrunners and joint lead arrangers, and the lenders and other agents named therein. Among other things, the Amended and Restated Term Loan Agreement provided term loan commitments for a \$1,530.0 million senior unsecured term loan facility composed of two tranches: (i) a \$1,005.0 million tranche of 3-year senior unsecured loans; and (ii) a \$525.0 million tranche of 5-year senior unsecured loans (together, the Commitments).

Pursuant to Section 2.07 of the Amended and Restated Term Loan Agreement, the Commitments automatically terminated on October 5, 2016, upon the termination of the Merger Agreement.

The Amended and Restated Term Loan Agreement is summarized in more detail in the Prior 8-K.

Item 2.04 Triggering Events that Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

Pursuant to the indenture governing the \$2.4 billion in aggregate principal amount of senior unsecured notes issued by Lam on June 7, 2016 (which indenture was filed as Exhibit 4.1 to Lam s Registration Statement on Form S-3 (Registration No. 333-202110), filed on February 13, 2015, as supplemented with respect to such notes by the Second Supplemental Indenture, filed as Exhibit 4.2 to Lam s Current Report on Form 8-K filed on June 7, 2016), Lam is required, due to the termination of the Merger Agreement, to redeem all \$600 million aggregate principal amount of its 3.450% Senior Notes due 2023 and all \$1 billion aggregate principal amount of its 3.900% Senior Notes due 2026. The redemption price for each series of notes subject to redemption will be 101% of the aggregate principal amount of such series of notes, plus accrued and unpaid interest to, but excluding, the date of redemption. Pursuant to the terms

of the indenture governing such notes, Lam must provide notice of the special mandatory redemption to the holders of the notes within five business days of the date of the Termination Agreement. The date of redemption, which must be three business days after such notice is mailed to holders of the notes, will be set forth in such notice of redemption.

Item 8.01 Other Events

On October 5, 2016, Lam issued a press release announcing that the Merger Agreement was terminated. A copy of the press release is attached hereto as Exhibit 99.1.

On September 29, 2016, Lam mailed its notice of annual meeting and related proxy statement to its stockholders (the Proxy Statement). The Proxy Statement provides for the conditional election of two directors of KLA to the Lam board, as required by the Merger Agreement, if and only if the merger were to have closed prior to the date of the 2016 Lam annual meeting. That will not happen as a result of the termination of the Merger Agreement. As a result, and as contemplated by the Proxy Statement, the two nominees described in Proposal 2 contained in the Proxy Statement, John T. Dickson and Gary B. Moore, will not be nominated for election or elected to the Lam board at the 2016 Lam annual meeting, and the Lam board size will remain at nine.

FOR IMMEDIATE RELEASE

Lam Research Announces Termination of Proposed Combination with KLA-Tencor

FREMONT, CA (Marketwire) 10/5/16 Lam Research Corp. (Nasdaq: LRCX) and KLA-Tencor (Nasdaq: KLAC) today announced that they have mutually agreed to terminate their proposed merger agreement. After careful review of recent antitrust agency feedback and evaluation of their options, both companies have decided that it is not in the best interest of their respective stakeholders to continue pursuing the merger. In accordance with terms set forth in the merger agreement, no termination fees will be payable by either company.

We believe that this proposed combination would have resulted in compelling benefits for our customers, employees and stockholders, as well as accelerate innovation in the broader semiconductor industry, so we are disappointed with the outcome. However, together with our customers, we have affirmed the value of closer cooperation between process and process control for new enabling solutions, for that reason, we plan to explore collaboration opportunities with KLA-Tencor around programs identified as beneficial to our customers, said Martin Anstice, president and chief executive officer.

Anstice continued: Lam's growth trajectory as a standalone company remains firmly in place. We are more committed than ever to moving forward with the company's mission of creating and delivering increased value to all stakeholders. The need for leading-edge wafer processing capability, particularly those enabling the key technology inflections, continues to become even more critical to our customers as they seek to deliver more powerful and capable semiconductor products that make possible the disruptive innovations of our future. We look forward to updating our vision and strategy for delivering continued industry outperformance and profitable growth at our Analyst Day event in November.
