In connection with the announcement that InvenSense, Inc., a Delaware corporation ("InvenSense" or the "Company"), entered into an Agreement and Plan of Merger (the "Merger Agreement") with TDK Corporation, a company organized under the laws of Japan ("Parent" or "TDK"), and TDK Sensor Solutions Corporation, a Delaware corporation and a wholly-owned subsidiary of Parent ("Merger Sub"), providing for the merger of Merger Sub with and into the Company, beginning on December 21, 2016, the Company and Parent made presentations to the Company's employees, copies of which are attached as Exhibits 99.1 and 99.2, respectively.

Additional Information and Where to Find It

In connection with the proposed transaction, TDK and InvenSense intend to file relevant materials with the United States Securities and Exchange Commission (the "SEC"). InvenSense will also file with the SEC a proxy statement on Schedule 14A. Following the filing of the definitive proxy statement with the SEC, InvenSense will mail the definitive proxy statement and a proxy card to each stockholder entitled to vote at the InvenSense special meeting relating to the proposed transaction. **INVESTORS AND SECURITY HOLDERS OF INVENSENSE ARE URGED TO CAREFULLY READ THESE MATERIALS IN THEIR ENTIRETY (INCLUDING ANY AMENDMENTS OR SUPPLEMENTS THERETO) AND ANY OTHER RELEVANT DOCUMENTS THAT TDK OR INVENSENSE FILE WITH THE SEC WHEN THEY BECOME AVAILABLE BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION ABOUT TDK, INVENSENSE AND THE PROPOSED TRANSACTION.** The proxy statement and other documents filed by InvenSense with the SEC may be obtained free of charge at InvenSense's website at www.invensense.com or at the SEC's website at www.sec.gov. These documents may also be obtained free of charge from InvenSense by requesting them by mail at InvenSense, Inc., 1745 Technology Drive Suite 200, San Jose, California 95110, Attention: Investor Relations, or by telephone at (408) 501-2200. The documents filed by TDK with the SEC may be obtained free of charge at the SEC's website at www.sec.gov. These documents may also be obtained free of charge from TDK by requesting them by mail at Shibaura Renasite Tower, 3-9-1 Shibaura, Minato-ku, Tokyo 108-0023, Japan, Attention: Investor Relations.

This communication does not constitute a solicitation of proxy, an offer to purchase or a solicitation of an offer to sell any securities. TDK, InvenSense, and certain of their directors, officers and employees may be deemed to be participants in the solicitation of proxies from the stockholders of InvenSense in connection with the proposed transaction. Information about the persons who may, under the rules of the SEC, be considered to be participants in the solicitation of InvenSense's stockholders in connection with the proposed transaction, and any direct or indirect interests, by security holdings or otherwise, they have in the proposed transaction, will be set forth in InvenSense's definitive proxy statement when it is filed with the SEC. Information regarding InvenSense's directors and executive officers and their ownership of InvenSense's securities is set forth in the definitive proxy statement for InvenSense's 2016 Annual Meeting of Stockholders, which was filed with the SEC on July 29, 2016, and its Annual Report on Form 10-K for the fiscal year ended April 3, 2016, which was filed with the SEC on May 25, 2016. These documents may be obtained free of charge at the SEC's website at www.sec.gov.

Cautionary Statement Regarding Forward-Looking Statements

This communication contains forward-looking statements that address a variety of subjects including, for example, the expected timetable for closing of the transaction between TDK and InvenSense, the expected benefits and synergies of the transaction, TDK's and InvenSense's plans, objectives and expectations and TDK's expected product offerings, product development, marketing position and technical advances resulting from the transaction. Statements that are not historical facts, including statements about beliefs, plans and expectations, are forward-looking statements. Such statements are based on current expectations and are subject to a number of factors and uncertainties, are not historical facts and are subject to risks and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements. These forward-looking statements include statements that reflect the current expectations, estimates, beliefs, assumptions, and projections of TDK's senior management about future events with respect to InvenSense's business and its industry in general. Statements that include words such as "anticipates," "expects,"

intends, plans, predicts,

believes, seeks, estimates, may, will, should, would, potential, continue, goals, targets and var (or negatives of these words) or similar expressions of a future or forward-looking nature identify forward-looking statements. In addition, any statements that refer to projections or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. Actual results could differ materially from those projected or forecast in the forward-looking statements. The following important factors and uncertainties, among others, that could cause actual results to differ materially from those described in these forward looking statements include, without limitation: the parties' ability to satisfy the conditions precedent to the consummation of the proposed transaction, including, without limitation, the receipt of stockholder and regulatory approvals, including the potential for regulatory authorities to require divestitures in connection with the proposed transaction; the occurrence of any event that could give rise to the termination of the merger agreement; unanticipated difficulties or expenditures relating to the proposed transaction; legal proceedings that may be instituted against TDK or InvenSense and others following announcement of the proposed transaction; disruptions of current plans and operations caused by the announcement or pendency of the proposed transaction; the risk that expected benefits, synergies and growth prospects of the transaction may not be achieved in a timely manner, or at all; the risk that InvenSense's business may not be successfully integrated with TDK's following the closing; potential difficulties in employee retention as a result of the announcement and pendency of the proposed transaction; and the response of customers, distributors, suppliers and competitors to the announcement of the proposed transaction. For additional information about factors that could cause actual results to differ materially from those described in the forward-looking statements, please refer to the proxy statement when it becomes available and InvenSense's filings with the SEC, including the risk factors contained in InvenSense's most recent Annual Report on Form 10-K. Forward-looking statements represent management's current expectations and are inherently uncertain. TDK and InvenSense assume no obligation to update the information in this communication, except as required by law. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof.

Next Steps Until the transaction closes, we remain separate companies and it is “business as usual” Continued focus on new product development execution and customer support Employee communication meetings will be scheduled to provide employees with information regarding the transaction and integration planning Please do not comment about the transaction to media or on social media. If contacted, please forward inquires to David Almoslino, pr@invensense.com If you have specific questions, please discuss with your manager or the HR department

Synergistic acceleration toward our goal of becoming the worldwide sensor platform leader TDK offers the necessary scale to better compete and win Much greater capabilities to achieve the combined goal Until the transaction closes “business as usual” Summary

Q&A

FAQ How will InvenSense fit within the TDK organizational structure? Management of InvenSense's business will continue to be primarily led by InvenSense's management team. As part of the integration process, we are considering the organizational operation. We will announce once it has been determined. Will my pay or benefits change? Base compensation will not change. Compensation and benefits in total will be comparable to what InvenSense offers today. We will provide full benefits briefings and enrollment assistance during the integration process. Will my current title and grade change in TDK? At the time of close, employees will join TDK with the same or a similar title and grade based on TDK's title and grade structure. Additional details will be provided during the integration process.

FAQ What will happen to my vested and unvested stock options and restricted stock units? Until the transaction closes, InvenSense employee stock options and RSUs will continue to vest according to their existing schedule. At the closing, stock options and RSUs will be converted to TDK cash awards based on the spread of the employee options and implied value of RSUs that are then outstanding and unvested, with essentially the same terms and conditions, including vesting. What will happen with InvenSense's ESPP? When InvenSense's current ESPP offering period that is ongoing ends, the ESPP will not be renewed. Will my years of InvenSense service transfer to TDK? TDK will provide you with information regarding the status of benefit program integration, benefit program details and timing of changes prior to the transaction close.

FAQ What are your plans for employee cuts after the acquisition? At this time, we do not anticipate any employee cuts or business selloffs after the acquisition. Will any of the InvenSense sites be closed or consolidated? There are no plans for site closures or relocations. TDK is a global company which values having sites in locations that help to attract and retain the talent needed to be competitive and to drive growth. How will the integration be handled? A joint TDK/InvenSense Integration Team will be established to begin planning for the close of the transaction and managing the integration of InvenSense into TDK. Until the transaction closes, however, we remain separate companies and it is business as usual.

FAQ Are there any restrictions in discussing this transaction outside of InvenSense? InvenSense is subject to an exclusivity provision and its employees are not allowed to talk about the transaction with any other potential buyers. In addition, as with all confidential information about our company, you should not discuss the transaction or any updates about the company with anyone outside of InvenSense. If you are approached by anyone with questions about the transaction or the company, please do not comment and promptly advise Behrooz Abdi or David Young. What should I do if I'm contacted by a member of the media about the transaction? Please do not comment about the transaction to media or on social media. If contacted please forward inquires to David Almoslino, pr@invensense.com

These documents may also be obtained free of charge from TDK by requesting them by mail at Shibaura Renasite Tower, 3-9-1 Shibaura, Minato-ku, Tokyo 108-0023, Japan, Attention: Investor Relations. This communication does not constitute a solicitation of proxy, an offer to purchase or a solicitation of an offer to sell any securities. TDK, InvenSense, and certain of their directors, officers and employees may be deemed to be participants in the solicitation of proxies from the stockholders of InvenSense in connection with the proposed transaction. Information about the persons who may, under the rules of the SEC, be considered to be participants in the solicitation of InvenSense’s stockholders in connection with the proposed transaction, and any direct or indirect interests, by security holdings or otherwise, they have in the proposed transaction, will be set forth in InvenSense’s definitive proxy statement when it is filed with the SEC. Information regarding InvenSense’s directors and executive officers and their ownership of InvenSense’s securities is set forth in the definitive proxy statement for InvenSense’s 2016 Annual Meeting of Stockholders, which was filed with the SEC on July 29, 2016, and its Annual Report on Form 10-K for the fiscal year ended April 3, 2016, which was filed with the SEC on May 25, 2016. These documents may be obtained free of charge at the SEC’s website at www.sec.gov.

Cautionary Statement Regarding Forward-Looking Statements This communication contains forward-looking statements that address a variety of subjects including, for example, the expected timetable for closing of the transaction between TDK and InvenSense, the expected benefits and synergies of the transaction, TDK’s and InvenSense’s plans, objectives and expectations and TDK’s expected product offerings, product development, marketing position and technical advances resulting from the transaction. Statements that are not historical facts, including statements about beliefs, plans and expectations, are forward-looking statements. Such statements are based on current expectations and are subject to a number of factors and uncertainties, are not historical facts and are subject to risks and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements. These forward-looking statements include statements that reflect the current expectations, estimates, beliefs, assumptions, and projections of TDK’s senior management about future events with respect to InvenSense’s business and its industry in general. Statements that include words such as “anticipates,” “expects,” “intends,” “plans,” “predicts,” “believes,” “seeks,” “estimates,” “may,” “will,” “should,” “would,” “potential,” “continue,” “goals,” “target” of these words (or negatives of these words) or similar expressions of a future or forward-looking nature identify forward-looking statements. In addition, any statements that refer to projections or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. Actual results could differ materially from those projected or forecast in the forward-looking statements. The following important factors and uncertainties, among others, that could cause actual results to differ materially from those described in these forward looking statements include, without limitation: the parties’ ability to satisfy the conditions precedent to the consummation of the proposed transaction, including, without limitation, the receipt of stockholder and regulatory approvals, including the potential for regulatory authorities to require divestitures in connection with the proposed transaction; the occurrence of any event that could give rise to the termination of the merger agreement; unanticipated difficulties or expenditures relating to the proposed transaction; legal proceedings that may be instituted against TDK

or InvenSense and others following announcement of the proposed transaction; disruptions of current plans and operations caused by the announcement or pendency of the proposed transaction; the risk that expected benefits, synergies and growth prospects of the transaction may not be achieved in a timely manner, or at all; the risk that InvenSense's business may not be successfully integrated with TDK's following the closing; potential difficulties in employee retention as a result of the announcement and pendency of the proposed transaction; and the response of customers, distributors, suppliers and competitors to the announcement of the proposed transaction. For additional information about factors that could cause actual results to differ materially from those described in the forward-looking statements, please refer to the proxy statement when it becomes available and InvenSense's filings with the SEC, including the risk factors contained in InvenSense's most recent Annual Report on Form 10-K. Forward-looking statements represent management's current expectations and are inherently uncertain. TDK and InvenSense assume no obligation to update the information in this communication, except as required by law. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof.
