Commodity Futures Trading Commission Registration. Effective December 31, 2012, the Commodity Futures Trading Commission (CFTC) adopted certain regulatory changes that subject registered investment companies and advisers to regulation by the CFTC if a fund invests more than a prescribed level of its assets in certain CFTC-regulated instruments (including futures, certain options and swap agreements) or markets itself as providing investment exposure to such instruments. Each Fund has claimed an exclusion from the definition of the term commodity pool operator under the Commodity Exchange Act. Accordingly, neither the Funds nor the adviser with respect to the operation of the Funds is subject to CFTC regulation. Because of its management of other strategies, each Fund s adviser is registered with the CFTC as a commodity pool operator and a commodity trading advisor.

Fund shares are not insured by the FDIC and are not deposits or other obligations of, or guaranteed by, any depository institution. Shares are subject to investment risks, including possible loss of principal invested.

Management's Discussion of Fund Performance

Economic and Market Conditions

As the period opened on December 1, 2015, U.S. Treasuries, along with municipal bonds, were several months into a rally that would continue for much of the period.

Concerns about the Chinese economy, falling commodity prices and interest rate uncertainty led many asset classes to experience dramatic volatility in late 2015. But the municipal market, a high quality asset class with a generally improving credit landscape, continued its steady rally despite the Federal Reserve Board (the Fed) rate hike in December 2015.

In January of 2016, the municipal rally accelerated as U.S. equities experienced what was widely reported as their worst-ever start to a new year. Plummeting oil prices and slowing economic growth in China helped drive a global flight to quality, with investors fleeing asset classes regarded as risky for the perceived safety of U.S. Treasuries and municipal bonds. Falling government interest rates around the world, driven by actions such as quantitative easing in Japan and the European Union, put many sovereign rates into negative territory and made U.S. Treasuries look attractive by comparison.

Great Britain's June 2016 vote to leave the European Union, ongoing Fed caution, and mixed U.S. economic reports continued to fuel the municipal rally in the summer of 2016. Even the Commonwealth of Puerto Rico's July 1, 2016 default on over \$1 billion in municipal bond and debt service payments—its second default in 2016 and its largest to date—failed to put a dent in the municipal rally, as the market had expected the defaults for some time.

In early fall, however, remarks by the European Central Bank, the Bank of Japan and the Fed seemed to indicate that rates might begin to rise sooner than markets had anticipated. As a result, municipal rates crept upward in September and October of 2016. In the final month of the period, Donald Trump's surprise win in the U.S. presidential election precipitated one of the largest municipal market declines in at least two decades. Rates rose and prices fell as markets anticipated that decreasing regulation and lower tax rates under a Trump administration could lead to higher economic growth and inflation. In general, municipal market returns were virtually flat for the period, with coupon yields and price appreciation earlier in the fiscal year balanced by price declines in the closing months.

For the one-year period as a whole, the yield curve for municipal AAA-rated⁷ issues flattened with rates rising throughout the curve, but with the greatest increases occurring in the short end of the curve, causing the curve to flatten. Across the yield curve, municipal bonds, which had outperformed U.S. Treasuries from the beginning of the period until the election, underperformed U.S. Treasuries for the period as a whole.

Fund Performance

For the fiscal year ended November 30, 2016, the California, Michigan, New Jersey, New York, Ohio and Pennsylvania Trusts (the Funds) shares at net asset value (NAV) outperformed the 0.39% return of the Bloomberg Barclays Long (22+) Year Municipal Bond Index (the Index),² while the Massachusetts Fund at NAV underperformed the Index.

During the period, each Fund benefited from the tender and repurchase of a portion of its Auction Preferred Shares (APS) at 95.5% of the Fund's APS per share liquidation preference.

Edgar Filing: EATON VANCE MICHIGAN MUNICIPAL INCOME TRUST - Form N-CSR

Each Fund's overall strategy is to invest primarily in investment grade bonds of the Fund's particular state. Management may hedge to various degrees against the greater potential risk of volatility caused by the use of leverage and by investing in bonds at the long end of the yield curve by using U.S. Treasury futures. As a risk management tactic within each Fund's overall strategy, interest rate hedging is intended to moderate performance on both the upside and the downside of the market. During the period, the California, Massachusetts, New Jersey, New York and Pennsylvania Funds did employ a hedging strategy, but that strategy did not have a material effect on the performance of those Funds versus the Index.

In managing the Funds, management employs leverage through Residual Interest Bond (RIB) and/or APS and Institutional MuniFund Term Preferred (iMTP) Shares⁶ to seek to enhance the Funds' tax-exempt income. The use of leverage has the effect of achieving additional exposure to the municipal market, and thus magnifying a Fund's exposure to its underlying investments in both up and down market environments. During this period, the additional income derived from the use of leverage contributed to Fund performance versus the Index which does not employ leverage for all seven Funds.

Past performance is no guarantee of future results. Returns are historical and are calculated by determining the percentage change in net asset value (NAV) or market price (as applicable) with all distributions reinvested and include management fees and other expenses. Fund performance at market price will differ from its results at NAV due to factors such as changing perceptions about the Fund, market conditions, fluctuations in supply and demand for Fund shares, or changes in Fund distributions. Investment return and principal value will fluctuate so that shares, when sold, may be worth more or less than their original cost. Performance less than or equal to one year is cumulative. Performance is for the stated time period only; due to market volatility, current Fund performance may be lower or higher than the quoted return. State-specific Results

Eaton Vance California Municipal Income Trust shares at NAV returned 1.38%, outperforming the 0.39% return of the Index. Contributors to Fund performance versus the Index included leverage, as noted earlier, as well as an overweight in zero-coupon bonds, security selection in the hospitals and health care sector, and security selection in insured Puerto Rico bonds. The majority of the Fund's Puerto Rico holdings were insured by various municipal bond insurers. It should be noted that most uninsured bonds issued by the Commonwealth of Puerto Rico and its various conduit issuers were no longer included in the Index. As Puerto Rico continued to deal with an ongoing fiscal crisis, bonds issued by its various legal entities were impacted by a number of factors throughout the period. As the period ended, the situation in Puerto Rico was continuing to evolve. In contrast, security selection in general obligation bonds, security selection in the water and sewer sector, and security selection in bonds with coupon rates below 5% all detracted from Fund performance relative to the Index.

Eaton Vance Massachusetts Municipal Income Trust shares at NAV returned 0.05%, underperforming the 0.39% return of the Index. Detractors from performance versus the Index included an overweight and security selection in the education sector, security selection in A-rated bonds, and security selection in bonds with 25 years or more remaining to maturity. Leverage, security selection in insured Puerto Rico bonds, and security selection in BBB-rated bonds contributed to performance relative to the Index, as did an overweight and security selection in the hospitals and health care sector.

Eaton Vance Michigan Municipal Income Trust shares at NAV returned 2.98%, outperforming the 0.39% return of the Index. Leverage, an overweight and security selection in insured Puerto Rico bonds, security selection in the water and sewer sector, and an overweight in prerefunded, or escrowed, bonds all helped performance relative to the Index during the period. In contrast, security selection in BBB-rated bonds and an overweight in general obligation bonds detracted from results versus the Index.

Eaton Vance New Jersey Municipal Income Trust shares at NAV returned 2.13%, outperforming the 0.39% return of the Index. Leverage, an overweight and security selection in insured Puerto Rico bonds, an overweight and security

selection in the education sector, an overweight in pre-refunded bonds, and security selection in A-rated bonds all contributed to Fund performance versus the Index. Detractors from the Fund's performance relative to the Index included security selection in BBB-rated bonds, security selection in zero-coupon bonds, and security selection in the water and sewer sector.

Eaton Vance New York Municipal Income Trust shares at NAV returned 1.69%, outperforming the 0.39% return of the Index. Leverage aided performance relative to the Index, as did an overweight and security selection in the hospitals and health care sector, an overweight and security selection in zero-coupon bonds, and an overweight in bonds rated BBB and below. Detractors from performance versus the Index included security selection in the transportation sector and security selection in 4.0% - 4.5% coupon bonds.

Eaton Vance Ohio Municipal Income Trust shares at NAV returned 2.26%, outperforming the 0.39% return of the Index. Contributors to results versus the Index included leverage, an overweight and security selection in insured Puerto Rico bonds, and security selection in the hospitals and health care sector. Performance versus the Index was hurt by security selection in zero-coupon bonds, security selection and an overweight in bonds rated BBB and below, and security selection and an overweight in the housing sector.

Eaton Vance Pennsylvania Municipal Income Trust shares at NAV returned 3.46%, outperforming the 0.39% return of the Index. Leverage, an overweight and security selection in insured Puerto Rico bonds, security selection in zero-coupon bonds, and an overweight and security selection in the hospitals and health care sector all contributed to Fund performance versus the Index. Detractors from performance relative to

Edgar Filing: EATON VANCE MICHIGAN MUNICIPAL INCOME TRUST - Form N-CSR

the Index included security selection in local general obligation bonds, security selection in the resource recovery sector, and security selection in bonds with coupon rates below 5%.

- ¹ The views expressed in this report are those of the portfolio manager(s) and are current only through the date stated at the top of this page. These views are subject to change at any time based upon market or other conditions, and Eaton Vance and the Fund(s) disclaim any responsibility to update such views. These views may not be relied upon as investment advice and, because investment decisions are based on many factors, may not be relied upon as an indication of trading intent on behalf of any Eaton Vance fund. This commentary may contain statements that are not historical facts, referred to as forward looking statements. The Fund's actual future results may differ significantly from those stated in any forward looking statement, depending on factors such as changes in securities or financial markets or general economic conditions, the volume of sales and purchases of Fund shares, the continuation of investment advisory, administrative and service contracts, and other risks discussed from time to time in the Fund's filings with the Securities and Exchange Commission.
- ² Bloomberg Barclays Long (22+) Year Municipal Bond Index is an unmanaged index of municipal bonds traded in the U.S. with maturities of 22 years or more. Prior to August 24, 2016, Bloomberg Barclays Long (22+) Year Municipal Bond Index was named Barclays Long (22+) Year Municipal Bond Index. Unless otherwise stated, index returns do not reflect the effect of any applicable sales charges, commissions, expenses, taxes or leverage, as applicable. It is not possible to invest directly in an index.
- ³ Performance results reflect the effects of leverage. Performance since inception for an index, if presented, is the performance since the Fund's or oldest share class inception, as applicable. Included in the average annual total return at NAV is the impact of the tender and repurchase of a portion of the Fund's APS at 95.5% of the Fund's APS per share liquidation preference. Had this transaction not occurred, the total return at NAV would be lower for the Fund.
- ⁴ The shares of the Fund often trade at a discount or premium from their net asset value. The discount or premium of the Fund may vary over time and may be higher or lower than what is quoted in this report. For up-to-date premium/discount information, please refer to <http://eatonvance.com/closedend>.
- ⁵ The Distribution Rate is based on the Fund's last regular distribution per share in the period (annualized) divided by the Fund's NAV or market price at the end of the period. The Fund's distributions may be comprised of amounts characterized for federal income tax purposes as tax-exempt income, qualified and non-qualified ordinary dividends, capital gains and nondividend distributions, also known as return of capital. The Fund will determine the federal income tax character of distributions paid to a shareholder after the end of the calendar year. This is reported on the IRS form 1099-DIV and provided to the shareholder shortly after each year-end. For information about the tax character of distributions made in prior calendar years, please refer to Performance-Tax Character of Distributions on the Fund's webpage available at eatonvance.com. The Fund's distributions are determined by the investment adviser based on its current assessment of the Fund's long-term return potential. Fund distributions may be affected by numerous factors including changes in Fund performance, the cost of financing for Funds that employ leverage, portfolio holdings, realized and projected returns, and other factors. As portfolio and market conditions change, the rate of distributions paid by the Fund could change. Taxable-equivalent performance is based on the highest combined federal and state income tax rates, where applicable. Lower tax rates would result in lower tax-equivalent performance. Actual tax rates will vary depending on your income, exemptions and deductions. Rates do not include local taxes. Subsequent distributions declared, but not reflected in Fund Performance, reflect a reduction of the monthly distribution for Michigan Municipal Income Trust.
- ⁶ Fund employs RIB financing and/or APS and iMTP Shares leverage. The leverage created by RIB investments, APS and iMTP Shares provides an opportunity for increased income but, at the same time, creates special risks (including the likelihood of greater price volatility). The cost of leverage rises and falls with changes in short-term interest rates. See Floating Rate Notes Issued in Conjunction with Securities Held in the notes to the financial statements for more information about RIB financing. RIB leverage represents the amount of Floating Rate Notes outstanding at period end as a percentage of Fund net assets applicable to common shares plus APS, iMTP Shares and Floating Rate Notes. APS leverage represents the liquidation value of the Fund's APS outstanding at period end as a percentage of Fund net assets applicable to common shares plus APS, iMTP Shares and Floating Rate Notes. iMTP Shares leverage represents the liquidation value of the Fund's iMTP Shares outstanding at period end as a percentage of Fund net assets applicable to common shares plus APS, iMTP Shares and Floating Rate Notes. The Fund may be required to maintain prescribed asset coverage for its leverage and may be required to reduce its leverage at

⁷ Ratings are based on Moody's, S&P or Fitch, as applicable. If securities are rated differently by the ratings agencies, the higher rating is applied. Ratings, which are subject to change, apply to the creditworthiness of the issuers of the underlying securities and not to the Fund or its shares. Credit ratings measure the quality of a bond based on the issuer's creditworthiness, with ratings ranging from AAA, being the highest, to D, being the lowest based on S&P's measures. Ratings of BBB or higher by S&P or Fitch (Baa or higher by Moody's) are considered to be investment-grade quality. Credit ratings are based largely on the ratings agency's analysis at the time of rating. The rating assigned to any particular security is not necessarily a reflection of the issuer's current financial condition and does not necessarily reflect its assessment of the volatility of a security's market value or of the liquidity of an investment in the security. Holdings designated as Not Rated are not rated by the national ratings agencies stated above.

⁸ The chart includes the municipal bonds held by a trust that issues residual interest bonds, consistent with the Portfolio of Investments.

Portfolio of Investments continued

The percentage shown for each investment category in the Portfolio of Investments is based on net assets applicable to common shares.

The Trust invests primarily in debt securities issued by California municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2016, 29.4% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution or financial guaranty assurance agency ranged from 3.4% to 14.0% of total investments.

(1) Security (or a portion thereof) has been pledged as collateral for residual interest bond transactions. The aggregate value of such collateral is \$1,778,532.

(2) Security represents the municipal bond held by a trust that issues residual interest bonds (see Note 1G).

(3) Security exempt from registration pursuant to Rule 144A under the Securities Act of 1933, as amended. These securities may be sold in certain transactions in reliance on an exemption from registration (normally to qualified institutional buyers). At November 30, 2016, the aggregate value of these securities is \$666,090 or 0.7% of the Trust's net assets applicable to common shares.

Other Assets, Less Liabilities (2.0)% \$ (782,816)

Net Assets Applicable to Common Shares 100.0% \$ 39,861,902

The percentage shown for each investment category in the Portfolio of Investments is based on net assets applicable to common shares.

The Trust invests primarily in debt securities issued by Massachusetts municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2016, 19.1% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution or financial guaranty assurance agency ranged from 0.9% to 8.3% of total investments.

(1) Security exempt from registration pursuant to Rule 144A under the Securities Act of 1933, as amended. These securities may be sold in certain transactions in reliance on an exemption from registration (normally to qualified institutional buyers). At November 30, 2016, the aggregate value of these securities is \$1,400,721 or 3.5% of the Trust's net assets applicable to common shares.

(2) Security represents the municipal bond held by a trust that issues residual interest bonds (see Note 1G).

(3) Security (or a portion thereof) has been pledged as collateral for residual interest bond transactions. The aggregate value of such collateral is \$744,162.

The Trust invests primarily in debt securities issued by Michigan municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2016, 30.1% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution or financial guaranty assurance agency ranged from 2.9% to 13.5% of total investments.

The Trust invests primarily in debt securities issued by New Jersey municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2016, 30.6% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an

- (1) When-issued security.
- (2) Security exempt from registration pursuant to Rule 144A under the Securities Act of 1933, as amended. These securities may be sold in certain transactions in reliance on an exemption from registration (normally to qualified institutional buyers). At November 30, 2016, the aggregate value of these securities is \$1,074,638 or 1.7% of the Trust's net assets applicable to common shares.
- (3) Variable rate security. The stated interest rate represents the rate in effect at November 30, 2016.
- (4) Security represents the municipal bond held by a trust that issues residual interest bonds (see Note 1G).
- (5) Build America Bond. Represents taxable municipal obligation issued pursuant to the American Recovery and Reinvestment Act of 2009 or other legislation providing for the issuance of taxable municipal debt on which the issuer receives federal support.

The percentage shown for each investment category in the Portfolio of Investments is based on net assets applicable to common shares.

The Trust invests primarily in debt securities issued by New York municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2016, 11.7% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution or financial guaranty assurance agency ranged from 1.2% to 4.0% of total investments.

(1) Security represents the municipal bond held by a trust that issues residual interest bonds (see Note 1G).

(2) Security exempt from registration pursuant to Rule 144A under the Securities Act of 1933, as amended. These securities may be sold in certain transactions in reliance on an exemption from registration (normally to qualified institutional buyers). At November 30, 2016, the aggregate value of these securities is

Edgar Filing: EATON VANCE MICHIGAN MUNICIPAL INCOME TRUST - Form N-CSR

\$5,309,759 or 6.9% of the Trust's net assets applicable to common shares.

(3) When-issued security.

(4) Security (or a portion thereof) has been pledged as collateral for residual interest bond transactions. The aggregate value of such collateral is \$1,741,887.

(5) Non-income producing.

(6) For fair value measurement disclosure purposes, security is categorized as Level 3 (see Note 10).

The Trust invests primarily in debt securities issued by Ohio municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2016, 37.9% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution or financial guaranty assurance agency ranged from 1.9% to 15.8% of total investments.

(1) Security represents the municipal bond held by a trust that issues residual interest bonds (see Note 1G).

(2) Security (or a portion thereof) has been pledged as collateral for residual interest bond transactions. The aggregate value of such collateral is \$552,143.

The Trust invests primarily in debt securities issued by Pennsylvania municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2016, 30.7% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution or financial guaranty assurance agency ranged from 1.8% to 14.8% of total investments.

⁽¹⁾ Represents a payment-in-kind security which may pay interest in additional principal at the issuer's discretion.

⁽²⁾ Security exempt from registration pursuant to Rule 144A under the Securities Act of 1933, as amended. These securities may be sold in certain transactions in reliance on an exemption from registration (normally to qualified institutional buyers). At November 30, 2016, the aggregate

(2) Returns are historical and are calculated by determining the percentage change in net asset value or market value with all distributions reinvested. Distributions are assumed to be reinvested at prices obtained under the Trust's dividend reinvestment plan.

(3) The total return based on net asset value reflects the impact of the tender and repurchase by the Trust of a portion of its APS at 95.5% of the per share liquidation preference. Absent this transaction, the total return based on net asset value would have been (0.06)%.

(4) Ratios do not reflect the effect of dividend payments to APS shareholders.

(5) Excludes the effect of custody fee credits, if any, of less than 0.005%. Effective September 1, 2015, custody fee credits, which were earned on cash deposit balances, were discontinued by the custodian.

(6) Interest and fee expense, including amortization of deferred offering costs, relates to the liability for floating rate notes issued in conjunction with residual interest bond transactions (see Note 1G) and, for the year ended November 30, 2016, Institutional MuniFund Term Preferred Shares issued to redeem a portion of the Trust's APS (see Note 3).

(7) Preferred shares represent Institutional MuniFund Term Preferred Shares and APS as of November 30, 2016 and APS as of November 30, 2015, 2014, 2013 and 2012.

1 Significant Accounting Policies

Eaton Vance California Municipal Income Trust (California Trust), Eaton Vance Massachusetts Municipal Income Trust (Massachusetts Trust), Eaton Vance Michigan Municipal Income Trust (Michigan Trust), Eaton Vance New Jersey Municipal Income Trust (New Jersey Trust), Eaton Vance New York Municipal Income Trust (New York Trust), Eaton Vance Ohio Municipal Income Trust (Ohio Trust) and Eaton Vance Pennsylvania Municipal Income Trust (Pennsylvania Trust), (each individually referred to as the Trust, and collectively, the Trusts), are Massachusetts business trusts registered under the Investment Company Act of 1940, as amended (the 1940 Act), as non-diversified, closed-end management investment companies. The Trusts' investment objective is to provide current income exempt from regular federal income tax and taxes in its specified state.

The following is a summary of significant accounting policies of the Trusts. The policies are in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP). Each Trust is an investment company and follows accounting and reporting guidance in the Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 946.

A Investment Valuation The following methodologies are used to determine the market value or fair value of investments.

Debt Obligations. Debt obligations are generally valued on the basis of valuations provided by third party pricing services, as derived from such services' pricing models. Inputs to the models may include, but are not limited to, reported trades, executable bid and asked prices, broker/dealer quotations, prices or yields of securities with similar characteristics, interest rates, anticipated prepayments, benchmark curves or information pertaining to the issuer, as well as industry and economic events. The pricing services may use a matrix approach, which considers information regarding securities with similar characteristics to determine the valuation for a security.

Derivatives. Financial futures contracts are valued at the closing settlement price established by the board of trade or exchange on which they are traded.

Fair Valuation. Investments for which valuations or market quotations are not readily available or are deemed unreliable are valued at fair value using methods determined in good faith by or at the direction of the Trustees of a Trust in a manner that fairly reflects the security's value, or the amount that a Trust might reasonably expect to receive for the security upon its current sale in the ordinary course. Each such determination is based on a consideration of relevant factors, which are likely to vary from one pricing context to another. These factors may include, but are not limited to, the type of security, the existence of any contractual restrictions on the security's disposition, the price and extent of public trading in similar securities of the issuer or of comparable entities, quotations or relevant information obtained from broker/dealers or other market participants, information obtained from the issuer, analysts, and/or the appropriate stock exchange (for exchange-traded securities), an analysis of the entity's financial condition, and an evaluation of the forces that influence the issuer and the market(s) in which the security is purchased and sold.

B Investment Transactions and Related Income Investment transactions for financial statement purposes are accounted for on a trade date basis. Realized gains and losses on investments sold are determined on the basis of identified cost. Interest income is recorded on the basis of interest accrued, adjusted for amortization of premium or accretion of discount.

C Federal Taxes Each Trust's policy is to comply with the provisions of the Internal Revenue Code applicable to regulated investment companies and to distribute to shareholders each year substantially all of its taxable, if any, and tax-exempt net investment income, and all or substantially all of its net realized capital gains. Accordingly, no provision for federal income or excise tax is necessary. Each Trust intends to satisfy conditions which will enable it to designate distributions from the interest income generated by its investments in non-taxable municipal securities, which are exempt from regular federal income tax when received by each Trust, as exempt-interest dividends. The portion of such interest, if any, earned on private activity bonds issued after August 7, 1986, may be considered a tax preference item to shareholders.

As of November 30, 2016, the Trusts had no uncertain tax positions that would require financial statement recognition, de-recognition, or disclosure. Each Trust files a U.S. federal income tax return annually after its fiscal year-end, which is subject to examination by the Internal Revenue Service for a period of three years from the date of filing.

Edgar Filing: EATON VANCE MICHIGAN MUNICIPAL INCOME TRUST - Form N-CSR

D Legal Fees Legal fees and other related expenses incurred as part of negotiations of the terms and requirement of capital infusions, or that are expected to result in the restructuring of, or a plan of reorganization for, an investment are recorded as realized losses. Ongoing expenditures to protect or enhance an investment are treated as operating expenses.

E Use of Estimates The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

F Indemnifications Under each Trust's organizational documents, its officers and Trustees may be indemnified against certain liabilities and expenses arising out of the performance of their duties to each Trust. Under Massachusetts law, if certain conditions prevail, shareholders of a Massachusetts business trust (such as a Trust) could be deemed to have personal liability for the obligations of the Trust. However, each Trust's Declaration of Trust contains an express disclaimer of liability on the part of Trust shareholders and the By-laws provide that the Trust shall assume the defense on behalf of any Trust shareholders. Moreover, the By-laws also provide for indemnification out of Trust property of any shareholder held personally liable solely by reason of being or having been a shareholder for all loss or expense arising from such liability. Additionally, in the normal course of business, each Trust enters into agreements with service providers that may contain indemnification clauses. Each Trust's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against each Trust that have not yet occurred.

G Floating Rate Notes Issued in Conjunction with Securities Held The Trusts may invest in residual interest bonds, also referred to as inverse floating rate securities, whereby a Trust may sell a variable or fixed rate bond for cash to a Special-Purpose Vehicle (the SPV), (which is generally organized as a trust), while at the same time, buying a residual interest in the assets and cash flows of the SPV. The bond is deposited into the SPV with the same CUSIP number as the bond sold to the SPV by the Trust, and which may have been, but is not required to be, the bond purchased from the Trust (the Bond). The SPV also issues floating rate notes (Floating Rate Notes) which are sold to third-parties. The residual interest bond held by a Trust gives the Trust the right (1) to cause the holders of the Floating Rate Notes to generally tender their notes at par, and (2) to have the Bond held by the SPV transferred to the Trust, thereby terminating the SPV. Should the Trust exercise such right, it would generally pay the SPV the par amount due on the Floating Rate Notes and exchange the residual interest bond for the underlying Bond. Pursuant to generally accepted accounting principles for transfers and servicing of financial assets and extinguishment of liabilities, the Trusts account for the transaction described above as a secured borrowing by including the Bond in their Portfolio of Investments and the Floating Rate Notes as a liability under the caption Payable for floating rate notes issued in their Statement of Assets and Liabilities. The Floating Rate Notes have interest rates that generally reset weekly and their holders have the option to tender their notes to the SPV for redemption at par at each reset date. Accordingly, the fair value of the payable for floating rate notes issued approximates its carrying value. If measured at fair value, the payable for floating rate notes would have been considered as Level 2 in the fair value hierarchy (see Note 10) at November 30, 2016. Interest expense related to a Trust's liability with respect to Floating Rate Notes is recorded as incurred. The SPV may be terminated by the Trust, as noted above, or by the occurrence of certain termination events as defined in the trust agreement, such as a downgrade in the credit quality of the underlying Bond, bankruptcy of or payment failure by the issuer of the underlying Bond, the inability to remarket Floating Rate Notes that have been tendered due to insufficient buyers in the market, or the failure by the SPV to obtain renewal of the liquidity agreement under which liquidity support is provided for the Floating Rate Notes up to one year. Structuring fees paid to the liquidity provider upon the creation of an SPV have been recorded as debt issuance costs and are being amortized as interest expense to the expected maturity of the related trust. Unamortized structuring fees related to a terminated SPV are recorded as a realized loss on extinguishment of debt. At November 30, 2016, the amounts of the Trusts' Floating Rate Notes and related interest rates and collateral were as follows:

| | California | Massachusetts | New Jersey | New York | Ohio |
|--|---------------|---------------|--------------|---------------|--------------|
| | Trust | Trust | Trust | Trust | Trust |
| Floating Rate Notes Outstanding | \$ 11,835,000 | \$ 1,915,000 | \$ 5,330,000 | \$ 16,210,000 | \$ 1,455,000 |
| Interest Rate or Range of Interest Rates (%) | 0.59 | 0.58 - 0.68 | 0.59 - 0.63 | 0.58 - 0.63 | 0.79 |
| Collateral for Floating Rate Notes Outstanding | \$ 14,541,841 | \$ 3,032,969 | \$ 7,641,482 | \$ 22,679,042 | \$ 2,007,143 |

For the year ended November 30, 2016, the Trusts' average Floating Rate Notes outstanding and the average interest rate including fees and amortization of deferred debt issuance costs were as follows:

| | California | Massachusetts | New Jersey | New York | Ohio | Pennsylvania |
|---|---------------|---------------|--------------|---------------|------------|--------------|
| | Trust | Trust | Trust | Trust | Trust | Trust |
| Average Floating Rate Notes Outstanding | \$ 12,000,984 | \$ 1,915,000 | \$ 4,081,393 | \$ 17,126,721 | \$ 787,131 | \$ 506,148 |
| Average Interest Rate | 0.98% | 1.07% | 1.13% | 1.00% | 1.44% | 0.78% |

In certain circumstances, the Trusts may enter into shortfall and forbearance agreements with brokers by which a Trust agrees to reimburse the broker for the difference between the liquidation value of the Bond held by the SPV and the liquidation value of the Floating Rate Notes, as well as any shortfalls in interest cash flows. The Trusts had no shortfalls as of November 30, 2016.

The Trusts may also purchase residual interest bonds in a secondary market transaction without first owning the underlying bond. Such transactions are not required to be treated as secured borrowings. Shortfall agreements, if any, related to residual interest bonds purchased in a secondary market transaction are

Edgar Filing: EATON VANCE MICHIGAN MUNICIPAL INCOME TRUST - Form N-CSR

disclosed in the Portfolio of Investments.

The Trusts' investment policies and restrictions expressly permit investments in residual interest bonds. Such bonds typically offer the potential for yields exceeding the yields available on fixed rate bonds with comparable credit quality and maturity. These securities tend to underperform the market for fixed rate bonds in a rising long-term interest rate environment, but tend to outperform the market for fixed rate bonds when long-term interest rates decline. The value and income of residual interest bonds are generally more volatile than that of a fixed rate bond. The Trusts' investment policies do not allow the Trusts to borrow money except as permitted by the 1940 Act. Management believes that the Trusts' restrictions on borrowing money and issuing senior securities (other than as specifically permitted) do not apply to Floating Rate Notes issued by the SPV and included as a liability in the Trusts' Statement of Assets and Liabilities. As secured indebtedness issued by an SPV, Floating Rate Notes are distinct from the borrowings and senior securities to which the Trusts' restrictions apply. Residual interest bonds held by the Trusts are securities exempt from registration under Rule 144A of the Securities Act of 1933.

Final rules implementing section 619 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Volcker Rule) prohibit banking entities from engaging in proprietary trading of certain instruments and limit such entities' investments in, and relationships with, covered funds (such as SPVs), as

Eaton Vance

defined in the rules. The compliance date for the Volcker Rule for certain covered funds was July 21, 2015 while for other covered funds the compliance date is July 21, 2017, as announced on July 7, 2016. The Volcker Rule precludes banking entities and their affiliates from (i) sponsoring residual interest bond programs and (ii) continuing relationships with or services for existing residual interest bond programs. As a result, residual interest bond trusts were or will be restructured to comply with the Volcker Rule as of the applicable compliance dates. The effects of the Volcker Rule may make it more difficult for the Trusts to maintain current or desired levels of leverage and may cause the Trusts to incur additional expenses to maintain their leverage.

Legal and restructuring fees incurred in connection with the restructuring of residual interest bond trusts are recorded as interest expense.

H Financial Futures Contracts Upon entering into a financial futures contract, a Trust is required to deposit with the broker, either in cash or securities, an amount equal to a certain percentage of the contract amount (initial margin). Subsequent payments, known as variation margin, are made or received by the Trust each business day, depending on the daily fluctuations in the value of the underlying security, and are recorded as unrealized gains or losses by the Trust. Gains (losses) are realized upon the expiration or closing of the financial futures contracts. Should market conditions change unexpectedly, the Trust may not achieve the anticipated benefits of the financial futures contracts and may realize a loss. Futures contracts have minimal counterparty risk as they are exchange traded and the clearinghouse for the exchange is substituted as the counterparty, guaranteeing counterparty performance.

I When-Issued Securities and Delayed Delivery Transactions The Trusts may purchase or sell securities on a delayed delivery or when-issued basis. Payment and delivery may take place after the customary settlement period for that security. At the time the transaction is negotiated, the price of the security that will be delivered is fixed. The Trusts maintain cash and/or security positions for these commitments such that sufficient liquid assets will be available to make payments upon settlement. Securities purchased on a delayed delivery or when-issued basis are marked-to-market daily and begin earning interest on settlement date. Losses may arise due to changes in the market value of the underlying securities or if the counterparty does not perform under the contract.

J Statement of Cash Flows The cash amount shown in the Statement of Cash Flows of a Trust is the amount included in the Trust's Statement of Assets and Liabilities and represents the unrestricted cash on hand at its custodian and does not include any short-term investments.

2 Auction Preferred Shares

Each Trust issued Auction Preferred Shares (APS) on March 1, 1999 in a public offering. Dividends on the APS, which accrue daily, are cumulative at rates which are reset every seven days by an auction, unless a special dividend period has been set. If the APS auctions do not successfully clear, the dividend payment rate over the next period for the APS holders is set at a specified maximum applicable rate until such time as the APS auctions are successful. The maximum applicable rate on the APS is 110% (150% for taxable distributions) of the greater of the 1) AA Financial Composite Commercial Paper Rate or 2) Taxable Equivalent of the Short-Term Municipal Obligation Rate on the date of the auction. The stated spread over the reference benchmark rate is determined based on the credit rating of the APS.

The APS are redeemable at the option of each Trust at a redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends, on any dividend payment date. The APS, with a Trust's other preferred shares (see Note 3), are also subject to mandatory redemption at a redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends, if a Trust is in default for an extended period on its asset maintenance requirements, as defined in the Trusts By-laws and the 1940 Act, with respect to the preferred shares. The APS have a liquidation preference of \$25,000 per share, plus accumulated and unpaid dividends. Each Trust pays an annual fee up to 0.15% of the liquidation value of the APS to broker/dealers as a service fee if the auctions are unsuccessful; otherwise, the annual fee is 0.25%.

On December 21, 2015, each Trust announced a tender offer to purchase up to 100% of its outstanding APS at a price per share equal to 95.5% of the APS liquidation preference of \$25,000 per share (or \$23,875 per share), plus any accrued but unpaid APS dividends. The tender offer expired on February 23, 2016. The number of APS accepted for repurchase pursuant to the tender offer and their liquidation preference were as follows:

3 Institutional MuniFund Term Preferred Shares

On February 26, 2016, each Trust issued Institutional MuniFund Term Preferred Shares (iMTP Shares) in a private offering to finance the tender offer for its outstanding APS (see Note 2). The number of new iMTP Shares issued was equal to the APS accepted for payment pursuant to the tender offer. The number of iMTP Shares issued and outstanding at November 30, 2016 was as follows:

| Trust | iMTP Shares Issued and Outstanding |
|---------------------|---------------------------------------|
| California Trust | 1,879 |
| Massachusetts Trust | 672 |
| Michigan Trust | 674 |
| New Jersey Trust | 1,160 |
| New York Trust | 1,184 |
| Ohio Trust | 736 |
| Pennsylvania Trust | 679 |

The iMTP Shares are a form of preferred shares that represent stock of the Trusts. The iMTP Shares have a par value of \$0.01 per share, a liquidation preference of \$25,000 per share, and a mandatory redemption date of September 1, 2019, unless earlier redeemed or repurchased by a Trust. Dividends on the iMTP Shares are determined weekly based upon the Securities Industry and Financial Markets Association (SIFMA) Municipal Swap Index Rate plus a spread. Such spread to the SIFMA Municipal Swap Index Rate is determined based on the current credit rating of the iMTP Shares. At November 30, 2016, the spread to the SIFMA Municipal Swap Index Rate was 1.50% for California Trust, Massachusetts Trust, Michigan Trust, New Jersey Trust, New York Trust, Ohio Trust and Pennsylvania Trust.

The iMTP Shares are subject to optional and mandatory redemption in certain circumstances. After February 28, 2017, the iMTP Shares are redeemable at the option of each Trust at a redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends, plus an optional redemption premium. The iMTP Shares are also subject to mandatory redemption at a redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends (mandatory redemption price), if a Trust is in default for an extended period on its asset maintenance requirements with respect to its preferred shares. For so long as the iMTP Shares are outstanding, a Trust's effective leverage ratio is not permitted to exceed 45%. In order to comply with this requirement, a Trust may have to redeem all or a portion of its iMTP Shares and APS at the mandatory redemption price.

The holders of the iMTP Shares, APS and common shares have equal voting rights of one vote per share except that the holders of the iMTP Shares and APS, voting as a class, are entitled to elect two Trustees of each Trust. If the dividends on the iMTP Shares and APS remain unpaid in an amount equal to two full years dividends, the holders of the iMTP Shares and APS voting as a class have the right to elect a majority of each Trust's Trustees.

For financial reporting purposes, the liquidation value of the iMTP Shares is presented as a liability on the Statements of Assets and Liabilities and unpaid dividends are included in interest expense and fees payable. Dividends accrued on iMTP Shares are treated as interest payments for financial reporting purposes and are included in interest expense and fees on the Statements of Operations. Costs incurred by each Trust in connection with its offering of iMTP Shares were capitalized as deferred offering costs and are being amortized to the mandatory redemption date of September 1, 2019.

The carrying amount of the iMTP Shares at November 30, 2016 represents its liquidation value, which approximates fair value. If measured at fair value, the iMTP Shares would have been considered as Level 2 in the fair value hierarchy (see Note 10) at November 30, 2016.

The average liquidation preference of the iMTP Shares during the portion of the year ended November 30, 2016 in which iMTP Shares were outstanding was as follows:

4 Distributions to Shareholders and Income Tax Information

Each Trust intends to make monthly distributions of net investment income to common shareholders, after payment of any dividends on any outstanding APS and iMTP Shares. In addition, at least annually, each Trust intends to distribute all or substantially all of its net realized capital gains (reduced by

available capital loss carryforwards). Distributions to common shareholders are recorded on the ex-dividend date. Distributions to APS and iMTP shareholders are recorded daily and are payable at the end of each dividend period. The dividend rates for APS at November 30, 2016, and the amount of dividends accrued (including capital gains, if any) to APS shareholders, average APS dividend rates, and dividend rate ranges for the year then ended were as follows:

| | California Trust | Massachusetts Trust | Michigan Trust | New Jersey Trust | New York Trust | Ohio Trust | Pennsylvania Trust |
|---|---------------------|------------------------|-------------------|---------------------|-------------------|---------------|-----------------------|
| APS Dividend Rates at November 30, 2016 | 0.95% | 0.95% | 0.95% | 0.95% | 0.95% | 0.95% | 0.95% |
| Dividends Accrued to APS Shareholders | \$ 61,878 | \$ 36,943 | \$ 19,799 | \$ 55,468 | \$ 54,888 | \$ 46,115 | \$ 43,467 |
| Average APS Dividend Rates | 0.43% | 0.50% | 0.43% | 0.48% | 0.49% | 0.54% | 0.52% |
| Dividend Rate Ranges (%) | 0.13 - 1.48 | 0.17 - 1.48 | 0.13 - 1.48 | 0.13 - 1.48 | 0.13 - 1.48 | 0.17 - 1.48 | 0.17 - 1.48 |

Beginning February 13, 2008 and consistent with the patterns in the broader market for auction-rate securities, the Trusts' APS auctions were unsuccessful in clearing due to an imbalance of sell orders over bids to buy the APS. As a result, the dividend rates of the APS were reset to the maximum applicable rates. The table above reflects such maximum dividend rates as of November 30, 2016.

The dividend rates for iMTP Shares at November 30, 2016, and the amount of dividends accrued to iMTP shareholders and average iMTP dividend rates for the year then ended were as follows:

| | California Trust | Massachusetts Trust | Michigan Trust | New Jersey Trust | New York Trust | Ohio Trust | Pennsylvania Trust |
|--|---------------------|------------------------|-------------------|---------------------|-------------------|---------------|-----------------------|
| iMTP Dividend Rates at November 30, 2016 | 2.06% | 2.06% | 2.06% | 2.06% | 2.06% | 2.06% | 2.06% |
| Dividends Accrued to iMTP Shareholders | \$ 709,339 | \$ 253,889 | \$ 254,398 | \$ 438,149 | \$ 447,178 | \$ 278,142 | \$ 256,621 |
| Average iMTP Dividend Rates | 1.98% | 1.98% | 1.98% | 1.98% | 1.98% | 1.98% | 1.98% |

Distributions to shareholders are determined in accordance with income tax regulations, which may differ from U.S. GAAP. As required by U.S. GAAP, only distributions in excess of tax basis earnings and profits are reported in the financial statements as a return of capital. Permanent differences between book and tax accounting relating to distributions are reclassified to paid-in capital. For tax purposes, distributions from short-term capital gains are considered to be from ordinary income.

The tax character of distributions declared, including distributions on iMTP Shares that are treated as interest payments for financial reporting purposes, for the years ended November 30, 2016 and November 30, 2015 was as follows:

| | Year Ended November 30, 2016 | | | | | Ohio | Pennsylvania |

During the year ended November 30, 2016, the following amounts were reclassified due to expired capital loss carryforwards and differences between book and tax accounting, primarily for accretion of market discount, non-deductible expenses, investments in partnerships, defaulted bond interest, the treatment of iMTP Shares as equity for tax purposes and premium amortization.

| | California Trust | Massachusetts Trust | Michigan Trust | New Jersey Trust | New York Trust | Ohio Trust | Pennsylvania Trust |

These reclassifications had no effect on the net assets or net asset value per share of the Trusts.

As of November 30, 2016, the components of distributable earnings (accumulated losses) on a tax basis were as follows:

| | California Trust | Massachusetts Trust | Michigan Trust | New Jersey Trust | New York Trust | Ohio Trust | Pennsylvania Trust |
|--|------------------|---------------------|----------------|------------------|-----------------|----------------|--------------------|
| Undistributed tax-exempt income | \$ 91,500 | \$ 95,196 | \$ 74,748 | \$ 109,978 | \$ 90,941 | \$ 240,496 | \$ 52,002 |
| Capital loss carryforwards and deferred capital losses | \$ (9,739,909) | \$ (2,922,747) | \$ (881,273) | \$ (10,060,651) | \$ (10,020,112) | \$ (2,290,191) | \$ (3,691,443) |
| Net unrealized appreciation | \$ 8,071,134 | \$ 3,110,389 | \$ 2,017,822 | \$ 4,387,975 | \$ 8,775,293 | \$ 4,856,504 | \$ 3,071,717 |
| Other temporary differences | \$ (500) | \$ (142) | \$ (184) | \$ (405) | \$ (881) | \$ (260) | \$ (146) |

The differences between components of distributable earnings (accumulated losses) on a tax basis and the amounts reflected in the Statements of Assets and Liabilities are primarily due to wash sales, residual interest bonds, futures contracts, accretion of market discount, premium amortization, investments in partnerships and the timing of recognizing distributions to shareholders.

At November 30, 2016, the following Trusts, for federal income tax purposes, had capital loss carryforwards and deferred capital losses which would reduce the respective Trust's taxable income arising from future net realized gains on investment transactions, if any, to the extent permitted by the Internal Revenue Code, and thus would reduce the amount of distributions to shareholders, which would otherwise be necessary to relieve the Trusts of any liability for federal income or excise tax. Under tax regulations, capital losses incurred in taxable years beginning after December 2010 are considered deferred capital losses and are treated as arising on the first day of a Trust's next taxable year, retaining the same short-term or long-term character as when originally deferred. Deferred capital losses are

required to be used prior to capital loss carryforwards, which carry an expiration date. As a result of this

ordering rule, capital loss carryforwards may be more likely to expire unused. The amounts and expiration dates of the capital loss carryforwards, whose character is short-term, and the amounts of the deferred capital losses are as follows:

5 Investment Adviser Fee and Other Transactions with Affiliates

The investment adviser fee is earned by Eaton Vance Management (EVM) as compensation for investment advisory services rendered to each Trust. The fee is computed at an annual rate of 0.595% (0.610% prior to May 1, 2016) of each Trust's average weekly gross assets, except for Massachusetts Trust, whose annual rate is 0.40%, and is payable monthly. Pursuant to a fee reduction agreement between each Trust and EVM that commenced on May 1, 2010, the annual adviser fee is reduced by 0.015% every May 1 thereafter for the next nineteen years. Effective October 1, 2016, this annual fee reduction was accelerated to provide for an annual fee rate of 0.40% of Massachusetts Trust's average weekly gross assets. The fee reductions cannot be terminated or reduced without the approval of a majority vote of the Trustees of the Trusts who are not interested persons of EVM or each Trust and by a vote of a majority of shareholders. Average weekly gross assets include the principal amount of any indebtedness for money borrowed, including debt securities issued by a Trust, and the amount of any outstanding preferred shares issued by the Trust. Pursuant to a fee reduction agreement with EVM, average weekly gross assets are calculated by adding to net assets the liquidation value of a Trust's APS and iMTP Shares then outstanding and the amount payable by the Trust to floating rate note holders, such adjustment being limited to the value of the APS outstanding prior to any APS redemptions by the Trust. The administration fee is earned by EVM for administering the business affairs of each Trust and is computed at an annual rate of 0.20% of each Trust's average weekly gross assets. For the year ended November 30, 2016, the investment adviser fees and administration fees were as follows:

the terms of the Trustees Deferred Compensation Plan. For the year ended November 30, 2016, no significant amounts have been deferred. Certain officers and Trustees of the Trusts are officers of EVM.

7 Common Shares of Beneficial Interest

The Trusts may issue common shares pursuant to their dividend reinvestment plans. For the year ended November 30, 2016, the New York Trust issued 395 common shares pursuant to its dividend reinvestment plan and there were no common shares issued by the other Trusts. For the year ended November 30, 2015, there were no common shares issued by the Trusts.

On November 11, 2013, the Boards of Trustees of the Trusts authorized the repurchase by each Trust of up to 10% of its then currently outstanding common shares in open-market transactions at a discount to net asset value (NAV). The repurchase program does not obligate the Trusts to purchase a specific amount of shares. There were no repurchases of common shares by the Trusts for the year ended November 30, 2016. During the year ended November 30, 2015, the number, cost (including brokerage commissions), average price per share and weighted average discount per share to NAV of common shares repurchased, were as follows:

| | Massachusetts Trust | Year Ended November 30, 2015 Michigan Trust | New Jersey Trust | Pennsylvania Trust |
|---|------------------------|---|---------------------|-----------------------|
| Common shares repurchased | 5,500 | 70,300 | 67,600 | 97,400 |
| Cost, including brokerage commissions, of common shares repurchased | \$ 73,752 | \$ 899,721 | \$ 815,196 | \$ 1,173,348 |
| Average price per share | \$ 13.41 | \$ 12.80 | \$ 12.06 | \$ 12.05 |
| Weighted average discount per share to NAV | 11.78% | 13.21% | 12.73% | 12.85% |

8 Overdraft Advances

Pursuant to the custodian agreement, SSBT may, in its discretion, advance funds to the Trusts to make properly authorized payments. When such payments result in an overdraft, the Trusts are obligated to repay SSBT at the current rate of interest charged by SSBT for secured loans (currently, the Federal Funds rate plus 2%). This obligation is payable on demand to SSBT. SSBT has a lien on a Trust's assets to the extent of any overdraft. At November 30, 2016, the Pennsylvania Trust had a payment due to SSBT pursuant to the foregoing arrangement of \$31,015. Based on the short-term nature of these payments and the variable interest rate, the carrying value of the overdraft advances approximated its fair value at November 30, 2016. If measured at fair value, overdraft advances would have been considered as Level 2 in the fair value hierarchy (see Note 10) at November 30, 2016. The Trusts' average overdraft advances during the year ended November 30,

2016 were not significant.

9 Financial Instruments

The Trusts may trade in financial instruments with off-balance sheet risk in the normal course of their investing activities. These financial instruments may include financial futures contracts and may involve, to a varying degree, elements of risk in excess of the amounts recognized for financial statement purposes. The notional or contractual amounts of these instruments represent the investment a Trust has in particular classes of financial instruments and do not necessarily represent the amounts potentially subject to risk. The measurement of the risks associated with these instruments is meaningful only when all related and offsetting transactions are considered. A summary of obligations under these financial instruments at November 30, 2016 is included in the Portfolio of Investments. At November 30, 2016, the Trusts had sufficient cash and/or securities to cover commitments under these contracts.

Notes to Financial Statements continued

Each Trust is subject to interest rate risk in the normal course of pursuing its investment objective. Because the Trusts hold fixed-rate bonds, the value of these bonds may decrease if interest rates rise. The Trusts enter into U.S. Treasury futures contracts to hedge against changes in interest rates.

The fair values of open derivative instruments (not considered to be hedging instruments for accounting disclosure purposes) and whose primary underlying risk exposure is interest rate risk at November 30, 2016 were as follows:

| | California Trust | Massachusetts Trust | New Jersey Trust | New York Trust | Pennsylvania Trust |
|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|-------------------------|
| Asset Derivative: | | | | | |
| Futures Contracts | \$ 37,583 ⁽¹⁾ | \$ 18,816 ⁽¹⁾ | \$ 24,542 ⁽¹⁾ | \$ 23,724 ⁽¹⁾ | \$ 8,181 ⁽¹⁾ |
| Total | \$ 37,583 | \$ 18,816 | \$ 24,542 | \$ 23,724 | \$ 8,181 |

⁽¹⁾ Amount represents cumulative unrealized appreciation on futures contracts. Only the current day's variation margin on open futures contracts is reported within the Statement of Assets and Liabilities as Receivable or Payable for variation margin, as applicable.

The effect of derivative instruments (not considered to be hedging instruments for accounting disclosure purposes) on the Statement of Operations and whose primary underlying risk exposure is interest rate risk for the year ended November 30, 2016 was as follows:

| | California Trust | Massachusetts Trust | New Jersey Trust | New York Trust | Pennsylvania Trust |
|--|-----------------------------|----------------------------|-----------------------------|-----------------------------|----------------------------|
| Realized Gain (Loss) on Derivatives Recognized in Income | \$ (146,129) ⁽¹⁾ | \$ (94,509) ⁽¹⁾ | \$ (123,273) ⁽¹⁾ | \$ (119,164) ⁽¹⁾ | \$ (41,091) ⁽¹⁾ |
| Change in Unrealized Appreciation (Depreciation) on Derivatives Recognized in Income | \$ 56,178 ⁽²⁾ | \$ 28,562 ⁽²⁾ | \$ 37,255 ⁽²⁾ | \$ 36,013 ⁽²⁾ | \$ 12,419 ⁽²⁾ |

⁽¹⁾ Statement of Operations location: Net realized gain (loss) Financial futures contracts.

⁽²⁾ Statement of Operations location: Change in unrealized appreciation (depreciation) Financial futures contracts.

The average notional cost of futures contracts outstanding during the year ended November 30, 2016, which is indicative of the volume of this derivative type, was as follows:

| California Trust | Massachusetts Trust | New Jersey Trust | New York Trust | Pennsylvania Trust |
|------------------|---------------------|------------------|----------------|--------------------|

10 Fair Value Measurements

Under generally accepted accounting principles for fair value measurements, a three-tier hierarchy to prioritize the assumptions, referred to as inputs, is used in valuation techniques to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including a fund's own assumptions in determining the fair value of investments)

In cases where the inputs used to measure fair value fall in different levels of the fair value hierarchy, the level disclosed is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

* None of the unobservable inputs for Level 3 assets, individually or collectively, had a material impact on the New York Trust. The California Trust, Massachusetts Trust, Michigan Trust, New Jersey Trust, Ohio Trust and Pennsylvania Trust held no investments or other financial instruments as of November 30, 2015 whose fair value was determined using Level 3 inputs.

Level 3 investments held by the New York Trust at the beginning and/or end of the period in relation to net assets applicable to common shares were not significant and accordingly, a reconciliation of Level 3 assets for the year ended November 30, 2016 is not presented.

At November 30, 2016, there were no investments transferred between Level 1 and Level 2 during the year then ended.

Report of Independent Registered Public Accounting Firm

To the Trustees and Shareholders of Eaton Vance California Municipal Income Trust, Eaton Vance Massachusetts Municipal Income Trust, Eaton Vance Michigan Municipal Income Trust, Eaton Vance New Jersey Municipal Income Trust, Eaton Vance New York Municipal Income Trust, Eaton Vance Ohio Municipal Income Trust, and Eaton Vance Pennsylvania Municipal Income Trust:

We have audited the accompanying statements of assets and liabilities of Eaton Vance California Municipal Income Trust, Eaton Vance Massachusetts Municipal Income Trust, Eaton Vance Michigan Municipal Income Trust, Eaton Vance New Jersey Municipal Income Trust, Eaton Vance New York Municipal Income Trust, Eaton Vance Ohio Municipal Income Trust, and Eaton Vance Pennsylvania Municipal Income Trust (collectively, the Trusts), including the portfolios of investments, as of November 30, 2016, and the related statements of operations and cash flows for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Trusts management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Trusts are not required to have, nor were we engaged to perform, an audit of their internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trusts internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of November 30, 2016, by correspondence with the custodian and brokers; where replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements and financial highlights referred to above present fairly, in all material respects, the financial positions of Eaton Vance California Municipal Income Trust, Eaton Vance Massachusetts Municipal Income Trust, Eaton Vance Michigan Municipal Income Trust, Eaton Vance New Jersey Municipal Income Trust, Eaton Vance New York Municipal Income Trust, Eaton Vance Ohio Municipal Income Trust, and Eaton Vance Pennsylvania Municipal Income Trust as of November 30, 2016, the results of their operations and cash flows for the year then ended, the changes in their net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

Federal Tax Information (Unaudited)

The Form 1099-DIV you receive in February 2017 will show the tax status of all distributions paid to your account in calendar year 2016. Shareholders are advised to consult their own tax adviser with respect to the tax consequences of their investment in the Trusts. As required by the Internal Revenue Code and/or regulations, shareholders must be notified regarding exempt-interest dividends.

Exempt-Interest Dividends. For the fiscal year ended November 30, 2016, the Trusts designate the following percentages of distributions from net investment income as exempt-interest dividends:

| | |
|--------------------------------------|--------|
| California Municipal Income Trust | 96.22% |
| Massachusetts Municipal Income Trust | 98.55% |
| Michigan Municipal Income Trust | 98.76% |
| New Jersey Municipal Income Trust | 97.88% |
| New York Municipal Income Trust | 99.68% |

Dividend Reinvestment Plan

Each Trust offers a dividend reinvestment plan (Plan) pursuant to which shareholders automatically have distributions reinvested in common shares (Shares) of the Trust unless they elect otherwise through their investment dealer. On the distribution payment date, if the NAV per Share is equal to or less than the market price per Share plus estimated brokerage commissions, then new Shares will be issued. The number of Shares shall be determined by the greater of the NAV per Share or 95% of the market price. Otherwise, Shares generally will be purchased on the open market by American Stock Transfer & Trust Company, LLC, the Plan agent (Agent). Distributions subject to income tax (if any) are taxable whether or not Shares are reinvested.

If your Shares are in the name of a brokerage firm, bank, or other nominee, you can ask the firm or nominee to participate in the Plan on your behalf. If the nominee does not offer the Plan, you will need to request that the Trust's transfer agent re-register your Shares in your name or you will not be able to participate.

The Agent's service fee for handling distributions will be paid by the Trust. Plan participants will be charged their pro rata share of brokerage commissions on all open-market purchases.

Plan participants may withdraw from the Plan at any time by writing to the Agent at the address noted on the following page. If you withdraw, you will receive Shares in your name for all Shares credited to your account under the Plan. If a participant elects by written notice to the Agent to sell part or all of his or her Shares and remit the proceeds, the Agent is authorized to deduct a \$5.00 fee plus brokerage commissions from the proceeds.

If you wish to participate in the Plan and your Shares are held in your own name, you may complete the form on the following page and deliver it to the Agent. Any inquiries regarding the Plan can be directed to the Agent at 1-866-439-6787.

(1) Year first appointed to serve as Trustee for a fund in the Eaton Vance family of funds. Each Trustee has served continuously since appointment unless indicated otherwise. Each Trustee holds office until the annual meeting for the year in which his or her term expires and until his or her successor is elected and qualified, subject to a prior death, resignation, retirement, disqualification or removal.

(2) During their respective tenures, the Trustees (except for Mmes. Frost and Sutherland and Messrs. Fetting, Gorman and Wennerholm) also served as Board members of one or more of the following funds (which operated in the years noted): eUnits™ 2 Year U.S. Market Participation Trust: Upside to Cap / Buffered Downside (launched in 2012 and terminated in 2014); eUnits™ 2 Year U.S. Market Participation Trust II: Upside to Cap / Buffered Downside (launched in 2012 and terminated in 2014); and Eaton Vance National Municipal Income Trust (launched in 1998 and terminated in 2009). However, Ms. Mosley did not serve as a Board member of eUnits™ 2 Year U.S. Market Participation Trust: Upside to Cap / Buffered Downside (launched in 2012 and terminated in 2014).

(3) Messrs. Fetting and Wennerholm began serving as Trustees effective September 1, 2016.

(4) Due to a lack of quorum of APS, the Trusts were unable to act on election of Mr. Park. Accordingly, Mr. Park will remain in office and continue to serve as Trustee of the Trusts.

(5) Preferred Shares Trustee.

(6) Year first elected to serve as officer of a fund in the Eaton Vance family of funds when the officer has served continuously. Otherwise, year of most recent election as an officer of a fund in the Eaton Vance family of funds. Titles may have changed since initial election.

IMPORTANT NOTICES

Privacy. The Eaton Vance organization is committed to ensuring your financial privacy. Each of the financial institutions identified below has in effect the following policy (Privacy Policy) with respect to nonpublic personal information about its customers:

Only such information received from you, through application forms or otherwise, and information about your Eaton Vance fund transactions will be collected. This may include information such as name, address, social security number, tax status, account balances and transactions.

None of such information about you (or former customers) will be disclosed to anyone, except as permitted by law (which includes disclosure to employees necessary to service your account). In the normal course of servicing a customer's account, Eaton Vance may share information with unaffiliated third parties that perform various required services such as transfer agents, custodians and broker-dealers.

Policies and procedures (including physical, electronic and procedural safeguards) are in place that are designed to protect the confidentiality of such information.

We reserve the right to change our Privacy Policy at any time upon proper notification to you. Customers may want to review our Privacy Policy periodically for changes by accessing the link on our homepage: www.eatonvance.com.

Our pledge of privacy applies to the following entities within the Eaton Vance organization: the Eaton Vance Family of Funds, Eaton Vance Management, Eaton Vance Investment Counsel, Eaton Vance Distributors, Inc., Eaton Vance Trust Company, Eaton Vance Management (International) Limited, Eaton Vance Management's Real Estate Investment Group and Boston Management and Research. In addition, our Privacy Policy applies only to those Eaton Vance customers who are individuals and who have a direct relationship with us. If a customer's account (i.e., fund shares) is held in the name of a third-party financial advisor/broker-dealer, it is likely that only such advisor's privacy policies apply to the customer. This notice supersedes all previously issued privacy disclosures. For more information about Eaton Vance's Privacy Policy, please call 1-800-262-1122.

Delivery of Shareholder Documents. The Securities and Exchange Commission (SEC) permits funds to deliver only one copy of shareholder documents, including prospectuses, proxy statements and shareholder reports, to fund investors with multiple accounts at the same residential or post office box address. This practice is often called "householding" and it helps eliminate duplicate mailings to shareholders. *American Stock Transfer and Trust Company, LLC (AST), the closed-end funds transfer agent, or your financial advisor, may household the mailing of your documents indefinitely unless you instruct AST, or your financial advisor, otherwise.* If you would prefer that your Eaton Vance documents not be householded, please contact AST or your financial advisor. Your instructions that householding not apply to delivery of your Eaton Vance documents will typically be effective within 30 days of receipt by AST or your financial advisor.

Portfolio Holdings. Each Eaton Vance Fund and its underlying Portfolio(s) (if applicable) will file a schedule of portfolio holdings on Form N-Q with the SEC for the first and third quarters of each fiscal year. The Form N-Q will be available on the Eaton Vance website at www.eatonvance.com, by calling Eaton Vance at 1-800-262-1122 or in the EDGAR database on the SEC's website at www.sec.gov. Form N-Q may also be reviewed and copied at the SEC's public reference room in Washington, D.C. (call 1-800-732-0330 for information on the operation of the public reference room).

Proxy Voting. From time to time, funds are required to vote proxies related to the securities held by the funds. The Eaton Vance Funds or their underlying Portfolios (if applicable) vote proxies according to a set of policies and procedures approved by the Funds' and Portfolios' Boards. You may obtain a description of these policies and procedures and information on how the Funds or Portfolios voted proxies relating to portfolio securities during the most recent 12-month period ended June 30, without charge, upon request, by calling 1-800-262-1122 and by accessing the SEC's website at www.sec.gov.

Share Repurchase Program. The Funds' Boards of Trustees have approved a share repurchase program authorizing each Fund to repurchase up to 10% of its outstanding common shares as of the approved date in open-market transactions at a discount to net asset value. The repurchase program does not obligate a Fund to purchase a specific amount of shares. The Funds' repurchase activity, including the number of shares purchased, average price and average discount to net asset value, is disclosed in the Funds' annual and semi-annual reports to shareholders.

Edgar Filing: EATON VANCE MICHIGAN MUNICIPAL INCOME TRUST - Form N-CSR

Additional Notice to Shareholders. If applicable, a Fund may also redeem or purchase its outstanding preferred shares in order to maintain compliance with regulatory requirements, borrowing or rating agency requirements or for other purposes as it deems appropriate or necessary.

Closed-End Fund Information. Eaton Vance closed-end funds make fund performance data and certain information about portfolio characteristics available on the Eaton Vance website shortly after the end of each month. Other information about the funds is available on the website. The funds' net asset value per share is readily accessible on the Eaton Vance website. Portfolio holdings for the most recent month-end are also posted to the website approximately 30 days following the end of the month. This information is available at www.eatonvance.com on the fund information pages under Individual Investors Closed-End Funds .

Item 2. Code of Ethics

The registrant has adopted a code of ethics applicable to its Principal Executive Officer, Principal Financial Officer and Principal Accounting Officer. The registrant undertakes to provide a copy of such code of ethics to any person upon request, without charge, by calling 1-800-262-1122. The registrant has not amended the code of ethics as described in Form N-CSR during the period covered by this report. The registrant has not granted any waiver, including an implicit waiver, from a provision of the code of ethics as described in Form N-CSR during the period covered by this report.

Item 3. Audit Committee Financial Expert

The registrant's Board has designated William H. Park, an independent trustee, as its audit committee financial expert. Mr. Park is a certified public accountant who is a private investor. Previously, he served as a consultant, as the Chief Financial Officer of Aveon Group, L.P. (an investment management firm), as the Vice Chairman of Commercial Industrial Finance Corp. (specialty finance company), as President and Chief Executive Officer of Prizm Capital Management, LLC (investment management firm), as Executive Vice

President and Chief Financial Officer of United Asset Management Corporation (an institutional investment management firm) and as a Senior Manager at Price Waterhouse (now PricewaterhouseCoopers) (an independent registered public accounting firm).

Item 4. Principal Accountant Fees and Services

Rule 2-01(c)(1)(ii)(A) of Regulation S-X (the Loan Rule) prohibits an accounting firm, such as the Trust's principal accountant, Deloitte & Touche LLP (D&T), from having certain financial relationships with their audit clients and affiliated entities. Specifically, the Loan Rule provides, in relevant part, that an accounting firm generally would not be independent if it receives a loan from a lender that is a record or beneficial owner of more than ten percent of the audit client's equity securities. Based on information provided to the Audit Committee of the Board of Trustees (the Audit Committee) of the Eaton Vance family of funds by D&T, certain relationships between D&T and its affiliates (Deloitte Entities) and its lenders who are record owners of shares of one or more funds within the Eaton Vance family of funds (the Funds) implicate the Loan Rule, calling into question D&T's independence with respect to the Funds. The Funds are providing this disclosure to explain the facts and circumstances as well as D&T's conclusions concerning D&T's objectivity and impartiality with respect to the audits of the Funds.

D&T advised the Audit Committee of its conclusion that, in light of the facts surrounding its lending relationships, D&T's objectivity and impartiality in the planning and conduct of the audits of the Funds financial statements will not be compromised, D&T is in a position to continue as the auditor for the Funds and no actions need to be taken with respect to previously issued reports by D&T. D&T has advised the Audit Committee that these conclusions were based in part on the following considerations: (1) Deloitte Entity personnel responsible for managing the lending relationships have had no interactions with the audit engagement team; (2) the lending relationships are in good standing and the principal and interest payments are up-to-date; (3) the lending relationships are not significant to the Deloitte Entities or to D&T.

On June 20, 2016, the U.S. Securities and Exchange Commission (the SEC) issued no-action relief to another mutual fund complex (see Fidelity Management & Research Company et al., No-Action Letter (June 20, 2016) (the No-Action Letter)) related to the auditor independence issue described above. In the No-Action Letter, the SEC indicated that it would not recommend enforcement action against the fund group if the auditor is not in compliance with the Loan Rule provided that: (1) the auditor has complied with PCAOB Rule 3526(b)(1) and 3526(b)(2); (2) the auditor's non-compliance under the Loan Rule is with respect to certain lending relationships; and (3) notwithstanding such non-compliance, the auditor has concluded that it is objective and impartial with respect to the issues encompassed within its engagement as auditor of the funds. Based on information provided by D&T, the requirements of the No-Action Letter appear to be met with respect to D&T's lending relationships described above. After giving consideration to the guidance provided in the No-Action Letter, D&T affirmed to the Audit Committee that D&T is an independent accountant with respect to the Funds within the meaning of the rules and standards of the PCAOB and the securities laws and regulations administered by the SEC. The SEC has indicated that the no-action relief will expire 18 months from its issuance.

(a)-(d)

The following table presents the aggregate fees billed to the registrant for the registrant's fiscal years ended November 30, 2015 and November 30, 2016 by D&T for professional services rendered for the audit of the registrant's annual financial statements and fees billed for other services rendered by D&T during such periods.

| Fiscal Years Ended | 11/30/15 | 11/30/16 |
|-----------------------------------|------------------|------------------|
| Audit Fees | \$ 27,030 | \$ 27,330 |
| Audit-Related Fees ⁽¹⁾ | \$ 0 | \$ 3,500 |
| Tax Fees ⁽²⁾ | \$ 8,024 | \$ 8,104 |
| All Other Fees ⁽³⁾ | \$ 0 | \$ 0 |
| Total | \$ 35,054 | \$ 38,934 |

- (1) Audit-related fees consist of the aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit of financial statements and are not reported under the category of audit fees and specifically include fees incurred to satisfy the requirements of the underwriter in conjunction with the private offering of the registrant's Institutional MuniFund Term Preferred Shares (iMTP Shares).
- (2) Tax fees consist of the aggregate fees billed for professional services rendered by the principal accountant relating to tax compliance, tax advice, and tax planning and specifically include fees for tax return preparation and other related tax compliance/planning matters.
- (3) All other fees consist of the aggregate fees billed for products and services provided by the principal accountant other than audit, audit-related, and tax services.

(e)(1) The registrant's audit committee has adopted policies and procedures relating to the pre-approval of services provided by the registrant's principal accountant (the Pre-Approval Policies). The Pre-Approval Policies establish a framework intended to assist the audit committee in the proper discharge of its pre-approval responsibilities. As a general matter, the Pre-Approval Policies (i) specify certain types of audit, audit-related, tax, and other services determined to be pre-approved by the audit committee; and (ii) delineate specific procedures governing the mechanics of the pre-approval process, including the approval and monitoring of audit and non-audit service fees. Unless a service is specifically pre-approved under the Pre-Approval Policies, it must be separately pre-approved by the audit committee.

The Pre-Approval Policies and the types of audit and non-audit services pre-approved therein must be reviewed and ratified by the registrant's audit committee at least annually. The registrant's audit committee maintains full responsibility for the appointment, compensation, and oversight of the work of the registrant's principal accountant.

(e)(2) No services described in paragraphs (b)-(d) above were approved by the registrant's audit committee pursuant to the de minimis exception set forth in Rule 2-01(c)(7)(i)(C) of Regulation S-X.

(f) Not applicable.

(g) The following table presents (i) the aggregate non-audit fees (i.e., fees for audit-related, tax, and other services) billed to the registrant by D&T for the registrant's fiscal years ended November 30, 2015 and November 30, 2016; and (ii) the aggregate non-audit fees (i.e., fees for audit-related, tax, and other services) billed to the Eaton Vance organization by D&T for the same time periods.

| Fiscal Years Ended | 11/30/15 | 11/30/16 |
|----------------------------------|-----------------|-----------------|
| Registrant | \$ 8,024 | \$ 11,604 |
| Eaton Vance⁽¹⁾ | \$ 53,934 | \$ 48,500 |

- (1) Eaton Vance Management, a subsidiary of Eaton Vance Corp., acts as the registrant's investment adviser and administrator.

(h) The registrant's audit committee has considered whether the provision by the registrant's principal accountant of non-audit services to the registrant's investment adviser and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the registrant that were not pre-approved pursuant to Rule 2-01(c)(7)(ii) of Regulation S-X is compatible with maintaining the principal accountant's independence.

Item 5. Audit Committee of Listed Registrants

The registrant has a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities and Exchange Act of 1934, as amended. Ralph F. Verni (Chair), Scott E. Eston, George J. Gorman, William H. Park and Scott E. Wennerholm are the members of the registrant's audit committee.

Item 6. Schedule of Investments

Please see schedule of investments contained in the Report to Stockholders included under Item 1 of this Form N-CSR.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies

The Board of Trustees of the Trust has adopted a proxy voting policy and procedure (the "Fund Policy"), pursuant to which the Trustees have delegated proxy voting responsibility to the Fund's investment adviser and adopted the investment adviser's proxy voting policies and procedures (the "Policies") which are described below. The Trustees will review the Fund's proxy voting records from time to time and will annually consider approving the Policies for the upcoming year. In the event that a conflict of interest arises between the Fund's shareholders and the investment adviser, the administrator, or any of their affiliates or any affiliate of the Fund, the investment adviser will generally refrain from voting the proxies related to the companies giving rise to such conflict until it consults with the Board's Special Committee except as contemplated under the Fund Policy. The Board's Special Committee will instruct the investment adviser on the appropriate course of action.

The Policies are designed to promote accountability of a company's management to its shareholders and to align the interests of management with those shareholders. An independent proxy voting service ("Agent"), currently Institutional Shareholder Services, Inc., has been retained to assist in the voting of proxies through the provision of vote analysis, implementation and recordkeeping and disclosure services. The investment adviser will generally vote proxies through the Agent. The Agent is required to vote all proxies and/or refer them back to the investment adviser pursuant to the Policies. It is generally the policy of the investment adviser to vote in accordance with the recommendation of the Agent. The Agent shall refer to the investment adviser proxies relating to mergers and restructurings, and the disposition of assets, termination, liquidation and mergers contained in mutual fund proxies. The investment adviser will normally vote against anti-takeover measures and other proposals designed to limit the ability of shareholders to act on possible transactions, except in the case of closed-end management investment companies. The investment adviser generally supports management on social and environmental proposals. The investment adviser may abstain from voting from time to time where it determines that the costs associated with voting a proxy outweighs the benefits derived from exercising the right to vote or the economic effect on shareholders' interests or the value of the portfolio holding is indeterminable or insignificant.

In addition, the investment adviser will monitor situations that may result in a conflict of interest between the Fund's shareholders and the investment adviser, the administrator, or any of their affiliates or any affiliate of the Fund by maintaining a list of significant existing and prospective corporate clients. The investment adviser's personnel responsible for reviewing and voting proxies on behalf of the Fund will report any proxy received or expected to be received from a company included on that list to the personnel of the investment adviser.

identified in the Policies. If such personnel expects to instruct the Agent to vote such proxies in a manner inconsistent with the guidelines of the Policies or the recommendation of the Agent, the personnel will consult with members of senior management of the investment adviser to determine if a material conflict of interests exists. If it is determined that a material conflict does exist, the investment adviser will seek instruction on how to vote from the Special Committee.

Information on how the Fund voted proxies relating to portfolio securities during the most recent 12 month period ended June 30 is available (1) without charge, upon request, by calling 1-800-262-1122, and (2) on the Securities and Exchange Commission's website at <http://www.sec.gov>.

Item 8. Portfolio Managers of Closed-End Management Investment Companies

Eaton Vance Management (EVM or Eaton Vance) is the investment adviser of the Funds. Craig R. Brandon, portfolio manager of Eaton Vance California Municipal Income Trust (CEV), Eaton Vance Massachusetts Municipal Income Trust (MMV) and Eaton Vance New York Municipal Income Trust (EVY), Cynthia J. Clemson, portfolio manager of Eaton Vance Michigan Municipal Income Trust (EMI) and Eaton Vance Ohio Municipal Income Trust (EVO), and Adam A. Weigold, portfolio manager of Eaton Vance New Jersey Municipal Income Trust (EVJ) and Eaton Vance Pennsylvania Municipal Income Trust (EVP), are responsible for the overall and day-to-day management of each Fund's investments.

Mr. Brandon is a Vice President of EVM, has been a portfolio manager of CEV since January 2014, of MMV since February 2010, of EVY since November 2005, and is Co-Director of the Municipal Investments Group. Ms. Clemson is a Vice President of EVM, has been a portfolio manager of EMI and EVO since July 2015, and is Co-Director of the Municipal Investments Group. Mr. Weigold is a Vice President of EVM, has been a portfolio manager of EVJ since February 2010 and of EVP since October 2007. Messrs. Brandon and Weigold and Ms. Clemson have managed other Eaton Vance portfolios for more than five years. This information is provided as of the date of filing this report.

The following table shows, as of each Fund's most recent fiscal year end, the number of accounts the portfolio manager managed in each of the listed categories and the total assets (in millions of dollars) in the accounts managed within each category. The table also shows the number of accounts with respect to which the advisory fee is based on the performance of the account, if any, and the total assets (in millions of dollars) in those accounts.

Potential for Conflicts of Interest. It is possible that conflicts of interest may arise in connection with a portfolio manager's management of the Trust's investments on the one hand and investments of other accounts for which a portfolio manager is responsible on the other. For example, a portfolio manager may have conflicts of interest in allocating management time, resources and investment opportunities among the Trust and other accounts he or she advises. In addition, due to differences in the investment strategies or restrictions between the Trust and the other accounts, the portfolio manager may take action with respect to another account that differs from the action taken with respect to the Trust. In some cases, another account managed by a portfolio manager may compensate the investment adviser based on the performance of the securities held by that account. The existence of such a performance based fee may create additional conflicts of interest for the portfolio manager in the allocation of management time, resources and investment opportunities. Whenever conflicts of interest arise, the portfolio manager will endeavor to exercise his discretion in a manner that he or she believes is equitable to all interested persons. EVM has adopted several policies and procedures designed to address these potential conflicts including a code of ethics and policies that govern the investment adviser's trading practices, including among other things the aggregation and allocation of trades among clients, brokerage allocations, cross trades and best execution.

Compensation Structure for EVM

Compensation of EVM's portfolio managers and other investment professionals has three primary components: (1) a base salary, (2) an annual cash bonus, and (3) annual stock-based compensation consisting of options to purchase shares of Eaton Vance Corp. (EVC's) nonvoting common stock and restricted shares of EVC's nonvoting common stock. EVM's investment professionals also receive certain retirement, insurance and other benefits that are broadly available to EVM's employees. Compensation of EVM's investment professionals is reviewed primarily on an annual basis. Cash bonuses, stock-based compensation awards, and adjustments in base salary are typically paid or put into effect at or shortly after the October 31st fiscal year end of EVC.

Method to Determine Compensation. EVM compensates its portfolio managers based primarily on the scale and complexity of their portfolio responsibilities and the total return performance of managed funds and accounts versus the benchmark(s) stated in the prospectus, as well as an appropriate peer group (as described below). In addition to rankings within peer groups of funds on the basis of absolute performance, consideration may also be given to relative risk-adjusted performance. Risk-adjusted performance measures include, but are not limited to, the Sharpe ratio (Sharpe ratio uses standard deviation and excess return to determine reward per unit of risk). Performance is normally based on periods ending on the September 30th preceding fiscal year end. Fund performance is normally evaluated primarily versus peer groups of funds as determined by Lipper Inc. and/or Morningstar, Inc. When a fund's peer group as determined by Lipper or Morningstar is deemed by EVM's management not to provide a fair comparison, performance may instead be evaluated primarily against a custom peer group or market index. In evaluating the performance of a fund and its manager, primary emphasis is normally placed on three-year performance, with secondary consideration of performance over longer and shorter periods. A portion of the compensation payable to equity portfolio managers and investment professionals will be determined based on the ability of one or more accounts managed by such manager to achieve a specified target average annual gross return over a three year period in excess of the account benchmark. The cash bonus to be payable at the end of the three year term will be established at the inception of the term and will be adjusted positively or negatively to the extent that the average annual gross return varies from the specified target return. For funds that are tax-managed or otherwise have an objective of after-tax returns, performance is measured net of taxes. For other funds, performance is evaluated on a pre-tax basis. For funds with an investment objective other than total return (such as current income), consideration will also be given to the fund's success in achieving its objective. For managers responsible for multiple funds and accounts, investment performance is evaluated on an aggregate basis, based on averages or weighted averages among managed funds and accounts. Funds and accounts that have performance-based advisory fees are not accorded disproportionate weightings in measuring aggregate portfolio manager performance.

The compensation of portfolio managers with other job responsibilities (such as heading an investment group or providing analytical support to other portfolios) will include consideration of the scope of such responsibilities and the managers' performance in meeting them.

EVM seeks to compensate portfolio managers commensurate with their responsibilities and performance, and competitive with other firms within the investment management industry. EVM participates in investment-industry compensation surveys and utilizes survey data as a factor in determining salary, bonus and stock-based compensation levels for portfolio managers and other investment professionals. Salaries, bonuses and stock-based compensation are also influenced by the operating performance of EVM and its parent company. The overall annual cash bonus pool is generally based on a substantially fixed percentage of pre-bonus adjusted operating income. While the salaries of EVM's portfolio managers are comparatively fixed, cash bonuses and stock-based compensation may fluctuate significantly from year to year, based on changes in manager performance and other factors as described herein. For a high performing portfolio manager, cash bonuses and stock-based compensation may represent a substantial portion of total compensation.

Item 9. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers

No such purchases this period.

Item 10. Submission of Matters to a Vote of Security Holders

No material changes.

Item 11. Controls and Procedures

(a) It is the conclusion of the registrant's principal executive officer and principal financial officer that the effectiveness of the registrant's current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant has been recorded, processed, summarized and reported within the time period specified in the Commission's rules and forms and that the information required to be disclosed by the registrant has been accumulated and communicated to the registrant's principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant's internal controls over financial reporting during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.
