Each of the items considered at the 2017 Annual Meeting is described in further detail in the Definitive Proxy Statement. No item other than the six items addressed above and described in the Definitive Proxy Statement was submitted at the 2017 Annual Meeting for stockholder action.

- <sup>1</sup> Under the Company's majority voting standard, the election of a nominee required that the nominee receive a majority of the votes cast (that is, the number of votes cast for each nominee had to exceed the number of votes cast against such nominee). Therefore, abstentions and broker non-votes were required to be disregarded and had no effect on the vote results.
- <sup>2</sup> Approval of each proposal with this footnote designation required the affirmative vote of a majority of the shares present, in person or by proxy, and entitled to vote on the proposal at the 2017 Annual Meeting. Therefore, abstentions, which represented shares present and entitled to vote, had the same effect as a vote against the proposal. Broker non-votes, if any, were required to be disregarded and had no effect on the vote results.
- <sup>3</sup> The frequency that received the highest number of votes cast constitutes the advisory recommendation of the stockholders. Abstentions and broker non-votes were required to be disregarded and had no effect on the vote results.

*Disclosure Regarding Frequency of Stockholder Advisory Vote on Executive Compensation*

Based on the results of the stockholder votes on proxy Item 4 above, and as recommended by the Company's Board of Directors, the Company has determined that an advisory vote on executive compensation will be submitted to stockholders on an annual basis until the next required advisory vote on the frequency of stockholder votes on executive compensation.
