\* In U.S. dollars unless otherwise indicated.

- (1) Senior floating-rate loans (Senior Loans) often require prepayments from excess cash flows or permit the borrowers to repay at their election. The degree to which borrowers repay, whether as a contractual requirement or at their election, cannot be predicted with accuracy. As a result, the actual remaining maturity may be substantially less than the stated maturities shown. However, Senior Loans will typically have an expected average life of approximately two to four years. The stated interest rate represents the weighted average interest rate of all contracts within the senior loan facility and includes commitment fees on unfunded loan commitments, if any. Senior Loans typically have rates of interest which are redetermined either daily, monthly, quarterly or semi-annually by reference to a base lending rate, plus a premium. These base lending rates are primarily the London Interbank Offered Rate ( LIBOR ) and secondarily, the prime rate offered by one or more major United States banks (the Prime Rate ) and the certificate of deposit ( CD ) rate or other base lending rates used by commercial lenders.
- (2) Unfunded or partially unfunded loan commitments. The Fund may enter into certain loan agreements all or a portion of which may be unfunded. The Fund is obligated to fund these commitments at the borrower's discretion.
- (3) For fair value measurement disclosure purposes, security is categorized as Level 3.
- (4) This Senior Loan will settle after June 30, 2017, at which time the interest rate will be determined.
- (5)

Currently the issuer is in default with respect to interest and/or principal payments. For a variable rate security, interest rate has been adjusted to reflect non-accrual status.

- (6) Security exempt from registration pursuant to Rule 144A under the Securities Act of 1933, as amended. These securities may be sold in certain transactions in reliance on an exemption from registration (normally to qualified institutional buyers). At June 30, 2017, the aggregate value of these securities is \$551,494,774 or 31.3% of the Fund's net assets applicable to common shares.
- (7) Security exempt from registration under Regulation S of the Securities Act of 1933, which exempts from registration securities offered and sold outside the United States. Security may not be offered or sold in the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act of 1933. At June 30, 2017, the aggregate value of these securities is \$67,959,949 or 3.9% of the Fund's net assets applicable to common shares.
- (8) Security converts to floating rate after the indicated fixed-rate coupon period.
- (9) Perpetual security with no stated maturity date but may be subject to calls by the issuer.

- (10) When-issued security.
- (11) Represents a payment-in-kind security which may pay interest in additional principal at the issuer's discretion. For corporate bonds, the interest rate paid in additional principal is generally higher than the indicated cash rate.
- (12) Variable rate security. The stated interest rate represents the rate in effect at June 30, 2017.
- (13) Amount is less than 0.05% or (0.05)%, as applicable.
- (14) Multi-step coupon bond. Interest rate represents the rate in effect at June 30, 2017.
- (15) Variable interest rate that updates semiannually based on changes to the LIBOR. The stated interest rate represents the rate in effect at June 30, 2017.
- (16) Security (or a portion thereof) has been pledged for the benefit of the counterparty for reverse repurchase agreements.
- (17) Adjustable rate mortgage security. Rate shown is the rate at June 30, 2017.
- (18) Weighted average fixed-rate coupon that changes/updates monthly. Rate shown is the rate at June 30, 2017.
- (19) Principal only security that entitles the holder to receive only principal payments on the underlying mortgages.
- (20) Inverse floating-rate security whose coupon varies inversely with changes in the interest rate index. The stated interest rate represents the coupon rate in effect at June 30, 2017.
- (21) Interest only security that entitles the holder to receive only interest payments on the underlying mortgages. Principal amount shown is the notional amount of the underlying mortgages on which coupon interest is calculated.
- (22) Non-income producing security.
- (23) Security was acquired in connection with a restructuring of a Senior Loan and may be subject to restrictions on resale.

- (24) Affiliated investment company, available to Eaton Vance portfolios and funds, which invests in high quality, U.S. dollar denominated money market instruments. The rate shown is the annualized seven-day yield as of June 30, 2017. Net income from the investment in Eaton Vance Cash Reserves Fund, LLC for the fiscal year to date ended June 30, 2017 was \$171,988.

<b>Total</b>		<b>\$ 7,324</b>				<b>\$ (276,949)</b>	<b>\$ 443,088</b>	<b>\$ 166,139</b>

\* If the Fund is the seller of credit protection, the notional amount is the maximum potential amount of future payments the Fund could be required to make if a credit event, as defined in the credit default swap agreement, were to occur. At June 30, 2017, such maximum potential amount for all open credit default swaps in which the Fund is the seller was \$7,324,000.

\*\* The contract annual fixed rate represents the fixed rate of interest received by the Fund (as a seller of protection) on the notional amount of the credit default swap contract.

\*\*\* Current market annual fixed rates, utilized in determining the net unrealized appreciation or depreciation as of period end, serve as an indicator of the market's perception of the current status of the payment/performance risk associated with the credit derivative. The current market annual fixed rate of a particular reference entity reflects the cost, as quoted by the pricing vendor, of selling protection against default of that entity as of period end and may include upfront payments required to be made to enter into the agreement. The higher the fixed rate, the greater the market perceived risk of a credit event involving the reference entity. A rate identified as Defaulted indicates a credit event has occurred for the reference entity.

(1) Upfront payment is exchanged with the counterparty as a result of the standardized trading coupon.

**Abbreviations:**

PIK - Payment In Kind

**Currency Abbreviations:**

CAD - Canadian Dollar

CHF - Swiss Franc

EUR - Euro

GBP - British Pound Sterling

USD - United States Dollar

At June 30, 2017, the Fund had sufficient cash and/or securities to cover commitments under open derivative contracts.

In the normal course of pursuing its investment objectives, the Fund is subject to the following risks:

**Credit Risk:** The Fund enters into credit default swap contracts to enhance total return and/or as a substitute for the purchase of securities.

**Foreign Exchange Risk:** The Fund holds foreign currency denominated investments. The value of these investments and related receivables and payables may change due to future changes in foreign currency exchange rates. To hedge against this risk, the Fund enters into forward foreign currency exchange contracts.

**Interest Rate Risk:** The Fund utilizes various interest rate derivatives including futures contracts and interest rate swaps to manage the duration of its portfolio and to hedge against fluctuations in securities prices due to interest rates.

The fair value of open derivative instruments (not considered to be hedging instruments for accounting disclosure purposes) by risk exposure at June 30, 2017 was as follows:

<b>Risk</b>	<b>Derivative</b>	<b>Fair Value</b>	
		<b>Asset Derivative</b>	<b>Liability Derivative</b>
Credit	Credit default swaps	\$	\$ (276,949)
<b>Total</b>		\$	\$ (276,949)
Foreign Exchange	Forward foreign currency exchange contracts	\$ 54,431	\$ (1,540,311)
<b>Total</b>		\$ 54,431	\$ (1,540,311)
Interest Rate	Financial futures contracts*	\$ 325,235	\$
Interest Rate	Interest rate swaps (centrally cleared)		(8,766)
<b>Total</b>		\$ 325,235	\$ (8,766)

\* Amount represents cumulative unrealized appreciation on futures contracts.

#### **Reverse Repurchase Agreements**

Reverse repurchase agreements outstanding as of June 30, 2017 were as follows:

**Counterparty    Trade Date**

	<b>Maturity Date</b>	<b>Interest Rate</b>	<b>Principal Amount</b>	<b>Value Including Accrued Interest</b>	<b>U.S. Treasury and Agency Securities Pledged as Collateral</b>	
Bank of America	6/15/17	7/14/17	1.35%	\$ 28,297,500	\$ 28,313,417	\$ 28,045,900
Bank of America	6/15/17	7/14/17	1.39	50,829,867	50,859,517	52,099,450
KGS Alpha Capital	6/15/17	7/14/17	1.40	45,043,345	45,069,433	47,126,422
<b>Total</b>				<b>\$ 124,170,712</b>	<b>\$ 124,242,367</b>	<b>\$ 127,271,772</b>

At June 30, 2017, the remaining contractual maturity of all reverse repurchase agreements was less than 30 days.

Based on the short-term nature of the borrowings under the reverse repurchase agreements, the carrying value of the payable for reverse repurchase agreements approximated its fair value at June 30, 2017. If measured at fair value, borrowings under the reverse repurchase agreements would have been considered as Level 2 in the fair value hierarchy at June 30, 2017.

The cost and unrealized appreciation (depreciation) of investments of the Fund at June 30, 2017, as determined on a federal income tax basis, were as follows:

<b>Aggregate cost</b>	<b>\$ 2,729,731,811</b>
Gross unrealized appreciation	\$ 60,694,000
Gross unrealized depreciation	(65,280,045)
<b>Net unrealized depreciation</b>	<b>\$ (4,586,045)</b>

Under generally accepted accounting principles for fair value measurements, a three-tier hierarchy to prioritize the assumptions, referred to as inputs, is used in valuation techniques to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including a fund's own assumptions in determining the fair value of investments)

In cases where the inputs used to measure fair value fall in different levels of the fair value hierarchy, the level disclosed is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

At June 30, 2017, the hierarchy of inputs used in valuing the Fund's investments and open derivative instruments, which are carried at value, were as follows:

<b>Asset Description</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3*</b>	<b>Total</b>
Senior Floating-Rate Loans (Less Unfunded Loan Commitments)	\$	\$ 945,302,570	\$ 1,535,191	\$ 946,837,761

<b>Total</b>	<b>\$</b>	<b>\$ (1,826,026)</b>	<b>\$</b>	<b>\$ (1,826,026)</b>

\* None of the unobservable inputs for Level 3 assets, individually or collectively, had a material impact on the Fund. Level 3 investments at the beginning and/or end of the period in relation to net assets were not significant and accordingly, a reconciliation of Level 3 assets for the fiscal year to date ended June 30, 2017 is not presented. At June 30, 2017, the value of investments transferred between Level 1 and Level 2 during the fiscal year to date then ended was not significant.

For information on the Fund's policy regarding the valuation of investments and other significant accounting policies, please refer to the Fund's most recent financial statements included in its semiannual or annual report to shareholders.

**Item 2. Controls and Procedures**

(a) It is the conclusion of the registrant's principal executive officer and principal financial officer that the effectiveness of the registrant's current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant on this Form N-Q has been recorded, processed, summarized and reported within the time period specified in the Commission's rules and forms and that the information required to be disclosed by the registrant on this Form N-Q has been accumulated and communicated to the registrant's principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant's internal controls over financial reporting during the fiscal quarter for which the report is being filed that have materially affected, or are reasonably likely to materially affect the registrant's internal control over financial reporting.

**Item 3. Exhibits**

A separate certification for each principal executive officer and principal financial officer of the registrant as required by Rule 30a-2(a) under the 1940 Act is attached hereto.

**Signatures**

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
