**\*Note:** A securities rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time. The issuer expects that delivery of the senior notes will be made to investors on or about September 18, 2017 which will be the seventh business day following the date of this pricing term sheet (such settlement being referred to as T+7 ). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the senior notes prior to the second business day before the date of delivery of the senior notes hereunder will be required, by virtue of the fact that the senior notes initially settle in T+7, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the senior notes who wish to trade the senior notes prior to the second business day before the date of delivery of the senior notes hereunder should consult their advisors.
