### **Item 1.01 Conflict Minerals Disclosure and Report**

NXP Semiconductors N.V. ( NXP ) has determined that, during 2017, NXP or its consolidated subsidiaries manufactured and contracted to manufacture products as to which conflict minerals, as defined in Rule 13p-1 under the Securities Exchange Act of 1934, as amended, (the Rule ), are necessary to the functionality or production. NXP has conducted a good faith reasonable country of origin inquiry (the RCOI ) regarding those conflict minerals reasonably designed to determine whether any of the conflict minerals originated in the Democratic Republic of the Congo or an adjoining country (the DRC Region ) or were from recycled or scrap sources. Based on the RCOI, NXP has reason to believe that some portion of the conflict minerals necessary to the functionality or production of its products may have originated in the DRC Region and has reason to believe that some of this material was not derived from recycled or scrap sources.
