Senior Unsecured Notes Offering September 2018 Issuer Free Writing Prospectus Filed Pursuant to Rule 433
Registration No: 333-226778 September 17, 2018 Fulfilling the Unique Needs of Specialty Insurance Markets as a
Long-Term Partner

1 Safe Harbor Statement The issuer has filed a registration statement (including a prospectus) with the SEC for the offering to which this communication relates. Before you invest, you should read the prospectus in that registration statement, the information incorporated by reference therein and other documents the issuer has filed with the SEC for more complete information about the issuer and this offering. You may get these documents for free by visiting EDGAR on the SEC Website at www.sec.gov. Alternatively, the issuer, any underwriter or any dealer participating in the offering will arrange to send you the prospectus if you request them by contacting Boenning & Scattergood, Inc., 4 Tower Bridge, 200 Barr Harbor Drive, Suite 300, West Conshohocken, PA 19428, Attention: Prospectus Department, or by calling toll-free at (800) 883-1212 or by e-mail at syndicate@boenninginc.com This presentation contains “forward-looking” statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, that are based on our management’s beliefs and assumptions and on information currently available to management. These forward-looking statements include, without limitation, statements regarding our industry, business strategy, plans, goals and expectations concerning our market position, product expansion, future operations, margins, profitability, future efficiencies, and other financial and operating information. When used in this discussion, the words “may,” “believes,” “intends,” “seeks,” “anticipates,” “plans,” “estimates,” “expects,” “should,” “assumes,” “continues,” “potential,” “could,” “will,” “future” and the negative of these or similar terms and phrases are intended to identify forward-looking statements. Forward-looking statements involve known and unknown risks, uncertainties, inherent risks and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Forward-looking statements represent our management’s beliefs and assumptions only as of the date of this presentation. Our actual future results may be materially different from what we expect due to factors largely outside our control, including the occurrence of severe weather conditions and other catastrophes, the cyclical nature of the insurance industry, future actions by regulators, our ability to obtain reinsurance coverage at reasonable rates and the effects of competition. These and other risks and uncertainties associated with our business are described under the heading “Risk Factors” in our most recently filed Annual Report on Form 10-K and our quarterly report 10-Q for quarter ended June 30, 2018, which should be read in conjunction with this presentation. The company and subsidiaries operate in a dynamic business environment, and therefore the risks identified are not meant to be exhaustive. Risk factors change and new risks emerge frequently. Except as required by law, we assume no obligation to update these forward-looking statements publicly, or to update the reasons actual results could differ materially from those anticipated in the forward-looking statements, even if new information becomes available in the future, except as required by law.

Unique IT Platform Web based / third party vendor / single platform for entire organization Scalable system to support operating growth model With lack of legacy system, IT management consistently outperforms peers on cost Business Analysts direct system enhancement bringing products to market faster For select lines, instant quote with direct agent access to view policies / make payments

Enterprise Risk Management & Cycle Management Conifer takes an integrated and strategic approach to its enterprise risk and cycle management programs to support its niche market focus. Conifer leverages an integrated SOX and ERM approach based on the 2017 COSO ERM Framework. Focus on the value proposition: maximum value is achieved for both the Company and shareholders when risk tolerance is established, critically assessed and optimized. ERM is managed internally by Corporate Counsel in conjunction with the Vice President of Enterprise Risk Management. As a publicly traded insurance holding company, Conifer must comply with various corporate governance requirements set by Nasdaq, SEC, PCAOB, insurance regulators, etc. Risk Appetite, Tolerance & Stress Testing Risk Culture Governance Risk Management & Controls Integrated Approach
